	Road Work																								
	Signal Crossing																								
	Main Street - Hudson																								
	MH#1-MH#2																								
Jason	Excavate - EVS Gas Line Interference																								
	Conduit Installation - EVS Gas Line Interference																								
	Concrete Installation - EVS Gas Line Interference																								
	FTB Installation - EVS Gas Line Interference																								
	MH#1-MH#2																								
	Distribution Ductbank Removal - Add'l Removals Needed (TBD)																								
	Existing Manhole Removal - TBD																								
	MH#4-MH#5																								
John	Excavate - 300' Remaining																								
	Ledge Removal																								
	Conduit Installation - 300' Remaining																								
	Concrete Installation - 300' Remaining																								
	FTB Installation - 300' Remaining																								
	ROW Work																								
	E&S Controls																								
	ROW Items																								
	Segment 2 (Chestnut to Bridge 130)																								
	Install Gravel - completed 5/13/23																								
	Segment 3 (Bridge 130 to Main)																								
	Install Gravel - completed 5/16/24																								
	Segment 14 (Bridge 127 to Sudbury SS)																								
	Hardening - RFI#52																								
	Final Grading																								
	Gravel Install (non vernal pool)																								
	MH#24-MH#25 (Segment 12 - Union to Boston Post)																								
Nelson	Excavate Ductbank - Boston Post Road Crossing Remaining (Nights)																								
	Excavate Ductbank - Boston Post Road Crossing Remaining (Nights)																								
	Excavate Ductbank - Boston Post Road Crossing Remaining (Nights)																								
	Excavate Ductbank - Boston Post Road Crossing Remaining (Nights)																								
	MH#28-SSS (Segment 14 - Bridge 127 to SSS)																								
Nelson	Excavate Ductbank - TBD on Approach to Termination																								
	Conduit Instalation - TBD on Approach to Termination																								
	Concrete Installation - TBD on Approach to Termination																								
	FTB Installation - TBD on Approach to Termination																								
	Wall #1 (Segment 1)																								
	Installing Sheeting - Completed 6/26/23																								
	Four / Pour / Strip Wall - Completed 10/27/23																								
	Install Fence Posts																								
	Wall #2 (Segment 1)																								
	Installing Sheeting - Completed 6/26/23																								
	Four / Pour / Strip Wall - Completed 10/27/23																								
	Install Fence Posts																								
	Wall #13 (Segment 14)																								
	Install Wall Cap (3 weeks) - Completed 5/29																								
	Install Fence Post																								
	Bridge 127 (Segment 13 & 14)																								
	Install Bridge Span - Completed (2/1/24)																								
	Wall Cap Installation - Completed 5/29																								
	Transition Pour (weather permitting) - Completed 3/29/24																								
	Conduit Crossing - Completed 4/1/24																								
	Bridge 128 (Segment 7 & 8)																								
	Install Wall Caps - Completed 3/8/24																								
	Transition Pour - completed 3/26/24																								
	Conduit Crossing - Completed 4/2/24																								
	Bridge 130 (Segment 2 & 3)																								
	Install Bridge Span (Target 2/15/24) - completed 2/16/24																								
	Wall Cap Installation - completed 4/17/24																								
	Approach Slab Install - completed 4/22/24																								
	Transition Pour - Completed 3/28/24																								
	Conduit Crossing - Completed 3/29/24																								
	Timber Rail Posts
