Present: James Merloni, Town Engineer

The Board met with the Town Engineer to discuss Articles 32 and 35 of the 1975 Annual Town Meeting.

Article 32 - Acceptance of Washington Drive

The Town Engineer reported that additional pertinent information had been requested from the firm of Weston and Sampson, and he was requested to check with Robert Noyes of the Highway Department and to report back to the Board following its receipt.

It was the consensus of the Board to support a proper article, but to move indefinite postponement for anything less than this.
