

November 12, 2003

The following list shows the Town-owned properties that were not selected for use in the 2003 TM-approved SHA plan. The Committee utilized specific selection criteria involving physical, legal, and intangible characteristics, as detailed in the Blue Ribbon Housing Site Selection Committee Procedure document (BRHSSCProcessFinal.pdf). The parcels listed here are not necessarily unbuildable but they did not meet at least one major criterion for use in the short time frame available for the 2003 plan to proceed. Specific guidance from the Selectmen led to exclusion of Conservation- and Deed-restricted sites for this particular process. All sites on this list may be revisited for future projects.
