ARTICLE I

TOWN MEETINGS

SECTION 1. The Annual Town Elections shall be held on the last Monday in March at such place and time as the Selectmen may determine. Those elected at the Annual Town Election, with the exception of the Moderator, shall take office at the close of the Annual Town Meeting. The Moderator shall take office on the day after election, or as soon thereafter qualified.

SECTION 2. The Annual Business Meeting shall begin on the first Monday in April at such place as the Selectmen shall determine. The Selectmen, after a Public Hearing, may delay the start of the Annual Town Meeting for up to 7 days provided that they act no later than the January 31 preceding. All sessions of the meeting shall begin at 7:30 P.M. and , unless otherwise voted by two-thirds of those present and voting, shall be adjourned to 7:30 P.M. of the next Monday, Tuesday, or Wednesday, whichever comes first (legal holidays excluded), upon completion of the article under discussion at 10:30 P.M.; except that any such meeting shall be adjourned before that time if a quorum shall be declared to have been lost, or at 8:30 P.M. if a quorum has not been assembled by then.

SECTION 3. The Selectmen shall cause a Warrant Report to be printed and distributed to the citizens of the Town at least seven days prior to commencement of the Annual Town Meeting and fourteen days prior to commencement of a Special Town Meeting. The Warrant Report will contain a copy of the articles as set forth in the official warrant, a summary of the intent and scope of each article prepared by the submitter, the report and recommendations of the Finance Committee, reports by other Town officials, boards or committees having an interest in a specific article, and supporting data such as maps and charts. The individual or group submitting information shall meet requirements for timing, format and brevity established by the Selectmen.

SECTION 4. Notice of every Town Meeting shall be given by posting a printed attested copy of the warrant therefor at the Town Hall at least seven days before the Annual Town Meeting and at least fourteen days before any Special Town Meeting.

ARTICLE II
GOVERNMENT OF TOWN MEETING

SECTION 1. The Warrant for each Annual Town Meeting shall be closed December 31 in each year. No article, including articles consisting of resolutions, shall be taken up at Town Meeting unless it appears in the printed warrant. The preceding sentence shall not apply to resolutions memorializing townspeople and town employees. Except as hereinafter specified, the Warrant for any Special Town Meeting shall be closed at least twenty-five days prior to the scheduled date of the meeting; provided further that there shall be at least ten days between the call of any Special Town Meeting and the closing of the Warrant therefor. This section shall not apply to any Special Town Meeting held for the purpose of considering the approval or disapproval of an amount of debt authorized by a Regional District School Committee, in accordance with General Laws, Chapter 71, section 16(d), or held for an emergency purpose.

SECTION 2. Except for the election of Town Officers, no meeting shall be legal unless a quorum is present, and a quorum shall consist of one hundred registered voters; once a quorum has been assembled, the continued existence of a quorum shall be presumed until a count of the voters present, which shall be taken upon the call of seven or more registered voters, establishes that a quorum is not present.

SECTION 3. The Moderator shall, at the time and place appointed, call the meeting to order, and forthwith proceed to read the call for the meeting, and the return of the person or persons who served it.

SECTION 4. The powers and duties of the presiding officer, not especially provided for by law, or by these bylaws, shall be determined by the rules and practices contained in the most recent edition of Town Meeting Time, so far as they are adapted to the conditions and powers of the town.

SECTION 5. The Moderator while presiding over a Town Meeting shall not participate in the discussion of any matter under consideration of the said town meeting, but he may upon request answer all questions relating to procedure in town meetings as may be submitted to him and to correct any errors of procedure which may occur.

SECTION 6. Every person speaking shall address the chair standing and uncovered. No person not a voter shall address the meeting without first obtaining consent of the meeting.

SECTION 7. Every non-resident appointed representative of the Town shall be a non-voting member of Town Meeting.

SECTION 8. No article in the warrant for any Town Meeting shall be taken up for consideration out of the order in which it appears there in, except by a four-fifths vote of the voters present and voting thereat.

SECTION 9. All motions shall be reduced to writing before being submitted to the meeting, if required by the presiding officer or clerk.

SECTION 10. When an article comes before any session of the Town Meeting, the proponent(s) shall be recognized first for the purpose of making a motion under the article and then for making a presentation in support thereof, if the motion is seconded. If the proponent is an elected or appointed board or committee within which there is a minority position in opposition to the article, a spokesman for that position will be recognized next. Thereafter, the Finance Committee shall be recognized if it wishes to speak on the article, followed by the Planning Board and/or any other Board or Committee which is required by law to report on the article.

SECTION 11. No person shall speak more than twice upon any question, except to correct an error or make an explanation until all others who have not spoken upon the question and desire to do so shall have an opportunity. No single speech and no presentation of any elected or appointed board or committee and not presentation by any group of individuals acting in concert and speaking in an order recognized in advance of the meeting by the Moderator shall exceed fifteen minutes in length unless consent is given by a majority of those present and voting.

SECTION 12. When a question is under debate, motions may be received to adjourn, to lay the matter on the table, to move the previous question, to postpone indefinitely, to postpone to a time certain, to commit, and to amend; which several motions shall have precedence in the order in which they are herein enumerated, and the first three shall be decided without debate, provided that the Moderator need not allow a vote on a motion for the previous question unless, in his opinion, there has been a reasonable opportunity for debate on the question. A motion of the previous question, if made by a speaker who has been recognized by the Moderator pursuant to prearranged order of speaking, shall not carry except by unanimous consent.

SECTION 13. A motion to reconsider a matter previously acted upon at the same session shall require an affirmative vote of two-thirds of those voters present and voting. A motion to reconsider a matter after adjournment of the session at which it was acted upon shall require a unanimous vote of those present and voting unless written notice of an intention to move reconsideration of the matter, signed by fifteen voters who attended that session is given to the Town Clerk on or before noon of the next weekday (legal holidays excluded) following the session at which the matter for which reconsideration is sought was acted upon. The Town Clerk shall publish notice of such intention by advertisement or by posting in his office or elsewhere in the Town Hall. The Moderator shall at the start of the next session announce the matter on which reconsideration is sought and shall further announce that the motion for reconsideration shall be the first order of business at the next succeeding session of the Town Meeting unless all business is completed prior to 10:30 P.M. of the same session, in which case the motion for reconsideration shall be the last item of business that evening. When the matter to be reconsidered comes before the meeting, the Moderator shall recognize for the motion the person who gave notice to the Town Clerk, unless he shall defer to another. All discussion on the motion must be confined exclusively to the merits or demerits of reconsideration. Passage of a motion to reconsider shall require an affirmative vote of two-thirds of those present and voting. If notice of reconsideration is given on more than one matter, they shall be taken up in the order in which they were submitted to the Town Clerk.

SECTION 14. Every vote, resolution, amendment, order or other action of the Town Meeting which instructs or requests any Town inhabitant, official, committee or board to study, propose, prepare, draft, present, file, petition for or otherwise initiate new legislation by the General Court of the Commonwealth of Massachusetts or the Congress of the United States, shall specify in terms whether or not such inhabitant, official, committee or board is required to present a draft of such legislation to the Town Meeting for approval before submitting it to said General Court or Congress.

SECTION 15. If a legal error in an action of the Town Meeting, attested to by the Town Counsel, is discovered, the Moderator shall, when presented with such error, recognize the Town Counsel for the purpose of identifying the error and explaining its effect. Following the explanation of the Town Counsel, the Moderator shall request a motion by the Board of Selectmen to correct the error. Such motion shall not be subject to the rules of reconsideration and shall require a simple majority unless otherwise mandated by State law or any portion of these bylaws. Action under such motion shall be limited to correction of the error.

SECTION 16. If the Town Accountant, or in his absence, the Assistant Town Accountant, discovers that information presented to the Town Meeting contains an accounting error, he shall request to be recognized for the purpose of identifying the error and explaining its effect. The Moderator shall recognize the Town Accountant for such purpose. Following the explanation, the Moderator shall request a motion by the Board of Selectmen to correct the error. Such motion shall not be subject to the rules of reconsideration and shall require a simple majority unless otherwise mandated. Any voter or Town official who discovers such an accounting error shall notify the Town Accountant, who, if he concurs, shall proceed as described above.

ARTICLE V (C)

SMOKING PROHIBITION

- (a) It is hereby declared that smoking in public places is a public nuisance, dangerous and hazardous to the public health, and violative of the right of non-smokers to breathe air which is free of smoke contamination.
- (b) As used herein, 'smoking' shall include carrying a lighted cigarette, cigar, pipe or other tobacco product.
- (c) No person shall smoke in any elevator accessible to the public.
- (d) No person shall smoke in any room to which the public is invited or in which the public is permitted, including by not limited to, any health care facility, classroom, lecture hall, theater, motion picture theater, opera house, concert hall, library, auditorium, school, retail store, reception area, restroom or lavatory, waiting room, or public area of a bank, but not including any private residence, nor any restaurant or other place mentioned in subsection (e), nor any party, beano game, social reception, or fraternal or veteran's organization.
- (e) No person shall smoke in any restaurant or public eating establishment except in specifically designated smoking areas. This prohibition does not apply in cases in which an entire room or hall is used for a private social function and not by the proprietor or person in charge of the restaurant.

Smoking areas may be designated by the proprietor or other person in charge of a restaurant, except in places in which smoking is prohibited by the fire marshall or by other law or regulation. Designated smoking areas shall comprise no more than fifty (50) percent of the seating capacity of the restaurant. Where smoking areas are designated, existing physical barriers and ventilation systems shall be used to minimize the toxic effect of smoke on persons in adjacent no-smoking areas. In the case of restaurants consisting of a single room, the provisions of this subsection shall be considered met if one side of the room is reserved and posted as a no-smoking area, provided that the no-smoking area comprises no less than fifty (50) percent of the seating capacity of the restaurant.

However, to the extent that the shape of the room allows maximum separation, the proprietor will be required to utilize those natural barriers to satisfy the provisions of this article. Furthermore, if such natural barriers do not exist, the proprietor will make every effort to set up the space to inhibit the transfer of smoke to no-smoking areas.

The proprietor or other person in charge of a restaurant shall make reasonable efforts to prevent smoking in the no-smoking areas of the restaurant by:

- (1) posting appropriate signs;
- (2) arranging seating to provide a smoke-free area;
- (3) asking smokers to refrain from smoking upon request of a client, patron or employee suffering discomfort from the smoke; or

- (4) any other means which may be appropriate.

This subsection shall not apply to any bar with a seating capacity of fewer than seventy-five (75) persons, which is used primarily for selling alcoholic beverages for consumption on the premises and in which any sale of food or presentation of entertainment is incidental to the sale of such beverages.

Nothing in this subsection shall make lawful smoking; in any area in which smoking is or may hereafter be prohibited by law.

- (f) (1) Except as provided in paragraph (2) of this subsection (f), no person shall smoke in any room under the control of a public or private employer which employees normally frequent during the course of employment, including, but not limited to, work areas, employee lounges and restrooms, conference rooms, and hallways, but not including any private residence unless it is used as a child care or health care facility, nor any dining area of a restaurant or other place mentioned in subsection (e).
- (2) At the written request of one or more employees, an employer may (but is not required to) designate the area in the immediate vicinity of the employee's usual work station as a smoking area, if the employer finds that such a smoking area will not allow non-smoking employees or the public to breathe any significant amount of smoke. Upon the same request and finding, an employer may also make other reasonable accommodation to smoking employees, including provision of a separate employee lounge for smoking, no larger in floor area or seating capacity than the employee lounge for non-smokers. Upon request in writing, an employer shall provide a copy in writing of its smoking policy under this paragraph, including any designated smoking areas or other accommodation for smoking employees, to any employee, prospective employee, and the Sudbury Board of Health. Any employee aggrieved by an employer's smoking policy or any portion thereof may appeal in writing to the Sudbury Board of Health, who may modify it in any manner to carry out the purposes of this section. In any dispute arising from such a smoking policy, the health concerns of non-smokers shall be given precedence.
- (g) Every person having control of premises upon which smoking is prohibited by this article or his or her agent or designee, shall conspicuously display upon the premises a sign reading "Smoking Prohibited by Law".
- (h) It shall be unlawful for any person having control of any premises or place in which smoking is prohibited by this article to knowingly permit a violation of this article. A person shall be held to have knowingly permitted a violation of this article if a visitor to his or her premises observes one or more people smoking (other than in properly designated smoking areas) on three successive visits. Any licenses issued by the Town to such a person shall be subject to suspension for up to fifteen (15) days for a single violation of this article, and shall be subject to suspension for up to one year, or to revocation, for any successive violation.
- (i) Any person who knowingly violates any provision of this article, or who smokes in an area in which a "Smoking Prohibited by Law" notice is conspicuously posted as required by subsection (g) of this article, shall be subject to a penalty of \$25.00. Each day during which a violation exists shall be deemed to be a separate violation.

- (j) The Sudbury Board of Health shall enforce the provision of this article, and for this purpose shall have the assistance of the Town Executive Secretary, Town Counsel, and the Police and Building Departments. In addition to the remedies provided by subsections (h) and (i), the Sudbury Board of Health or any person aggrieved by any violation of this article may apply for injunctive relief to enforce said provisions in any court of competent jurisdiction.
- (k) If any section, subsection, sentence, clause, phrase, or portion of this article is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions thereof.

- C. Any Utility or person who installs or constructs any poles, overhead wires, or associated overhead structures in violation of this Bylaw shall be punished by a fine of not less than one thousand dollars and not more than five thousand dollars.
- D. This Bylaw shall not prohibit the installation of new street light poles or traffic signal poles supplied by underground electricity.
- E. The Board of Selectmen may grant special permission, in cases of emergency or unusual circumstances, to a Utility or person to erect, construct, install, maintain, use or operate, poles and overhead wires and associated structures, notwithstanding the provisions of this Bylaw.

SECTION 4. SEVERABILITY.

The provisions of this Bylaw are severable from each other, and if any of said provisions shall be held unconstitutional or invalid by any court of competent jurisdiction, the remaining provisions shall remain in full force and effect; if any provision of this Bylaw is held by such court to be invalidly applied to any particular case, all other applications of such provision to other cases shall not be affected thereby.

ARTICLE XXI
HIGHWAY SURVEYOR

Deleted by vote of 1997 Annual Town Meeting, Article 33.

ARTICLE XXII
WETLANDS ADMINISTRATION

SECTION 1. PURPOSE

The purpose of this bylaw is to maintain the quality of surface water, the quality and level of the ground water table and water recharge areas for existing, or potential water supplies; to protect the public health and safety; to protect persons and property against the hazards of flood water inundation; to protect the community against the costs which may be incurred when unsuitable development occurs in wetland resource areas; and to provide for the reasonable protection and conservation of certain irreplaceable natural features, resources and amenities for the benefit and welfare of the present and future inhabitants of the Town of Sudbury.

Accordingly, this bylaw protects the wetlands, related water resources, and certain adjoining land areas in the Town by providing for prior review and control of activities deemed to have a significant or cumulative adverse effect upon wetlands values, including but not limited to the following: protection of public and private water supply, protection of ground water, flood control, erosion and sedimentation control, storm damage prevention, avoidance of water and soil pollution, protection of fisheries, wildlife habitat, rare species habitat including rare plant species, agriculture, aqua culture, and recreation values, deemed important to the community (collectively, the "wetlands values protected by this bylaw".) This bylaw is intended to utilize the Home Rule authority of this municipality to protect additional resource areas, for additional values, with additional standards and procedures to augment those of the Wetlands Protection Act, G.L. Ch. 131, §40 and Regulations thereunder, 310 CMR 10.00.

SECTION 2. JURISDICTION

In accordance with this purpose no person shall remove, fill, dredge, build upon, degrade, pollute, discharge into, or otherwise alter the following resource areas: any freshwater wetland; marshes; wet meadows; bogs; swamps; vernal pools; banks; reservoirs; lakes; ponds; rivers; streams; creeks; lands under waterbodies; lands subject to flooding by groundwater, surface water, or storm flow (collectively the "resource areas protected by this bylaw"); and lands within 100 feet or otherwise described in Section 9. Definitions, of any of the aforesaid resource areas (the buffer zone) without a permit from the Conservation Commission, or as provided by this bylaw.

SECTION 3. CONDITIONAL EXCEPTIONS

The application and permit required by this bylaw shall not be required for maintaining, repairing, replacing or enlarging an existing and lawfully located single-family residential structure or appurtenance thereto unless such filing is otherwise required by state or federal law.

The application and permit required by this bylaw shall not be required for maintaining, repairing, or replacing, but not substantially changing or enlarging, an existing and lawfully located structure or facility used in the service of the public to provide electric, gas, water, telephone, telegraph, or other telecommunication services, provided that written notice has been given to the Commission prior to commencement of work, and provided that the work conforms to performance standards and design specifications in regulations adopted by the Commission.

The application and permit required by this bylaw shall not be required for work performed for normal maintenance or improvement of land which is lawfully in agricultural use at the time the work takes place, provided that

written notice has been given to the Commission prior to the commencement of work, and provided that the work conforms to performance standards and design specifications in regulations adopted by the Commission.

The application and permit required by this bylaw shall not be required for emergency projects necessary for the protection of the health and safety of the public, provided that the work is to be performed by or has been ordered to be performed by an agency of the Commonwealth or a political subdivision thereof; provided that advance notice, oral or written, has been given to the Commission prior to commencement of work or within 24 hours after commencement; provided that the Commission or its agent certifies the work as an emergency project; provided that the work is performed only for the time and place certified by the Commission for the limited purposes necessary to abate the emergency; and provided that within 21 days of commencement of an emergency project a permit application shall be filed with the Commission for review as provided by this bylaw. Upon failure to meet these and other requirements of the Commission, the Commission may, after notice and public hearing, revoke or modify an emergency project approval and order restoration and mitigation measures.

Other than stated in this section, the exceptions provided in the Wetlands Protection Act, G.L. Ch 131, §40, and Regulations, 310 CMR 10.00, shall not apply under this bylaw.

SECTION 4. APPLICATIONS FOR PERMITS AND REQUESTS FOR DETERMINATION

Written application shall be filed with the Commission to perform activities affecting resource areas and buffer zones protected by this bylaw. The permit application shall include such information and plans as are deemed necessary by the Commission as specified in the bylaw regulations to describe proposed activities and their effects on the resource areas protected by this bylaw. No activities shall commence without receiving and complying with a permit issued pursuant to this bylaw.

Where this bylaw and the Wetlands Protection Act G.L. Ch. 131, §40, and Regulations, 310 CMR 10.00 have concurrent jurisdiction the Commission shall accept the Notice of Intent and plans filed under the Wetlands Protection Act as the permit application and plans under this bylaw for those parts of the project where precise overlap exists, provided all pertinent areas and activities subject to the jurisdiction of this bylaw and all information required by bylaw regulations are addressed.

Any person desiring to know whether or not a proposed activity or an area is subject to this bylaw may in writing request a determination from the Commission. Such a Request for Determination (RFD) shall include information and plans as are deemed necessary by the Commission.

At the time of the permit application the applicant shall pay a filing fee according to the following schedule:

- | | | |
|-----|--|--|
| (a) | Single minor project -- i.e., house addition, tennis court, swimming pool, or other accessory residential activity | \$25 per project |
| (b) | New single family dwelling | \$250 |
| (c) | Subdivision--road and utilities only | \$500 plus \$2 per foot of road sideline within the buffer zone or resource area |
| (d) | Drainage, detention/retention basins | \$500 plus \$2 per 100 cubic feet of basin within the buffer or resource area |

(e)	Multiple Dwelling Structure	\$500 plus \$100/unit, all or part of which is within
(f)	Commercial and Industrial Projects	\$500 plus \$0.50 per square foot of disturbed buffer zone or resource area
(g)	Application filed after Enforcement Order	double the above fee
(h)	Determination of Applicability	no charge

This fee is not refundable. The fee is in addition to that required by the Wetlands Protection Act., G.L. Ch. 131, §40, and Regulations, 310 CMR 10.00. Town, county, state, and federal projects are exempt from the filing fee. The fee for an application for a modification of a permit will be the excess of the fee for the modified project as calculated above over the fee paid for the original permit but in no instance will it be less than \$25.

Upon receipt of a permit application or RFD, or at any point in its deliberations, the Commission may deem it necessary to obtain expert engineering or other outside consultant services in order to reach a final decision on the application. The specific consultant services may include but are not limited to resource area survey and delineation, analysis of resource area values, including wildlife habitat evaluations, hydrogeologic and drainage analysis, and environmental or land use law.

In such instances the Commission shall notify the applicant of this need and the estimated costs and provide the opportunity for the application to be amended or withdrawn. Should an applicant choose to proceed the Commission shall require the applicant to pay the reasonable costs and expenses borne by the Commission for these consulting services as listed below. This fee is called the consultant fee. The exercise of discretion by the Commission in making its determination to require the payment of a consultant fee shall be based upon its reasonable finding that additional information acquirable only through outside consultants would be necessary for the making of an objective decision.

The Commission may require the payment of the consultant fee at any point in its deliberations prior to a final decision. The applicant shall pay the fee to be put into a consultant services account of the Commission which may be drawn upon by the Commission for specific consultant services approved by the Commission at one of its public meetings.

The Commission shall return any unused portion of the consultant fee to the applicant.

The maximum consultant fee charged to reimburse the Commission for reasonable costs and expenses shall be according to the following schedule:

<u>Project Cost</u>	<u>Maximum Fee</u>
UP TO \$100,000	NO FEE
\$100,001 - \$500,000	\$2,500
\$500,001 - \$1,000,000	\$5,000
\$1,000,001 - \$1,500,000	\$7,500
\$1,500,001 - \$2,000,000	\$10,000

Each additional \$500,000 project cost increment (over \$2,000,000) shall be charged at an additional \$2,500 maximum fee per increment.

The project cost means the estimated, entire cost of the project including, but not limited to, building construction, site preparation, landscaping, and all site improvements. The consultant fee shall be paid pro rata for that portion of the project cost applicable to those activities affecting the resource areas or buffer zone protected by this bylaw. The project shall not be segmented to avoid being subject to the consultant fee. The applicant shall submit estimated project costs at the Commission's request, but the lack of such estimated project costs shall not avoid the payment of the consultant fee.

SECTION 5. NOTICE AND HEARINGS

Any person filing a permit application or a RFD with the Commission, except an application for a minor project (such as a house addition, tennis court, swimming pool, or other accessory residential activity) shall within seven (7) days after such person is informed of the date and time of the hearing thereon, give written notice by certified mail (return receipt requested) or hand delivered, to all abutters at their mailing addresses shown on the most recent applicable tax list of the assessors, including owners of land directly opposite on any public or private street or way, including any in another municipality or across a body of water. The notice to abutters shall have enclosed a copy of the permit application or request, with plans, or shall state where copies may be examined and obtained by abutters. An affidavit of the person providing such notice, with a copy of the notice mailed or delivered, shall be filed with the Commission. When a person requesting a determination is other than the owner, the request, the notice of the hearing, and the determination itself shall be sent by the Commission to the owner as well as to the person making the request.

The Commission shall conduct a public hearing on any permit application or RFD, with written notice given at the expense of the applicant, five business days prior to the hearing, in a newspaper of general circulation in the municipality.

The Commission shall commence the public hearing within 21 days from receipt of a completed permit application or RFD unless an extension is authorized in writing by the applicant.

The Commission shall issue its determination in writing within 7 days of the close of the public hearing thereon unless an extension is authorized in writing by the applicant.

The Commission shall issue its permit in writing within 21 days of the close of the public hearing thereon unless an extension is authorized in writing by the applicant.

The Commission shall combine its hearing under this bylaw with the hearing conducted under the Wetlands Protection Act, G.L. Ch. 131, §40, and Regulations, 310 CMR 10.00, in instances of concurrent jurisdiction.

With the consent of the applicant the Commission shall have authority to continue the hearing to a certain date announced at the hearing, for reasons stated at the hearing, which may include receipt of additional information from the applicant or others deemed necessary by the Commission in its discretion, or comments and recommendations of the boards and officials listed in §6. In the event the applicant objects to a continuance or postponement, the hearing shall be closed and the Commission shall take action on such information as is available.

SECTION 6. COORDINATION WITH OTHER BOARDS

As appropriate the Conservation Commission may choose to solicit the advice and opinions of other Town boards and officials in the course of its deliberations. Town boards and officials shall be entitled to file written comments and recommendations with the Commission at or before the public hearing. The Commission shall take any such comments and recommendations into account but shall not be bound by them. The applicant shall have the right

to receive any comments and recommendations, and to respond to them at a hearing of the Commission, prior to final action.

SECTION 7. PERMITS AND CONDITIONS

The Commission, after a public hearing, shall issue or deny a permit for the activities requested within 21 days of the close of the hearing. If it issues a permit, the Commission shall impose such conditions as it deems necessary or desirable to protect those values, and all activities shall be done in accordance with those conditions. The Commission shall take into account the cumulative adverse effects of loss, degradation, isolation, and replication of protected resource areas throughout the community and the watershed, resulting from past activities, permitted and exempt, and foreseeable future activities.

The Commission is empowered to deny a permit for failure to meet the requirements of this bylaw; for failure to submit necessary information and plans requested by the Commission; for failure to meet the design specifications, performance standards, and other requirements in regulations of the Commission; for failure to avoid or prevent unacceptable significant or cumulative effects upon the resource area values protected by this bylaw; and where no conditions are adequate to protect those values.

Lands within 100 feet of wetlands resource areas are presumed important to the protection of these resources because activities undertaken in close proximity to wetlands and other resources have a high likelihood of adverse impact upon the wetland or other resource, either immediately, as a consequence of construction, or over time, as a consequence of daily operation or existence of the activities. These adverse impacts from construction and use can include, without limitation, erosion, siltation, loss of groundwater recharge, poor water quality, and harm to wildlife habitat. The Commission therefore may require that the applicant maintain a strip of continuous, undisturbed vegetative cover in part or all of the 100-foot area and set other conditions on this area, unless the applicant provides evidence deemed sufficient by the Commission that the area or part of it may be disturbed without harm to the values protected by the law.

A permit shall expire three years from the date of issuance. Any permit shall be renewed for additional one year periods if a request for renewal is received in writing by the Commission at least thirty (30) days prior to expiration of the permit, and providing the Commission finds that (1) good cause has been shown for such extension and (2) such extension will not have significant adverse effects, immediate or cumulative, upon any of the wetland values protected by this bylaw. Notwithstanding the above, a permit may contain requirements which shall be enforceable for a stated number of years, indefinitely, or until permanent protection is in place, and shall apply to all owners of the land.

The Commission shall, after receiving a written request for a Certificate of Compliance, inspect the resource area and buffer zone where any activity governed by a permit issued under this bylaw was carried out. If such activity has been completed in accordance with said permit, the Commission shall within twenty-one (21) days after such a request issue a Certificate of Compliance evidencing such determination, which may in an appropriate case be combined with a Certificate of Compliance issued under the Wetlands Protection Act. A Certificate of Compliance may specify conditions in the permit which will continue to apply for a fixed number of years or permanently and shall apply to all owners of the land.

Violations of this bylaw, submission of false or erroneous information, or new information that substantially alters the likely impact of the project on wetlands resources or values may cause the Commission to revoke or modify a permit or determination issued under this bylaw after notice to the holder of the permit or determination, notice to the public, abutters, and town boards, pursuant to §5 and §6, and a public hearing.

The Commission in an appropriate case may combine the permit or determination issued under this bylaw with the Order of Conditions or Determination of Applicability issued under the Wetlands Protection Act, G.L. Ch. 131, §40, and Regulations, 310 CMR 10.00.

No work proposed in any permit application shall be undertaken until the permit issued by the Commission with respect to such work has been recorded in the Registry of Deeds or, if the land affected is registered land, in the registry section of the Land Court for the district wherein the land lies, and until the holder of the permit certifies in writing to the Commission that the permit has been recorded. Such certification shall include the book and page or instrument number and date.

SECTION 8. REGULATIONS

After the public notice and public hearing, the Commission shall promulgate reasonable rules and regulations to effectuate the purposes of this bylaw. Failure by the Commission to promulgate such rules and regulations or a legal declaration of their invalidity by a court of law shall not act to suspend or invalidate the effect of this bylaw.

At a minimum these regulations shall define key terms in this bylaw not inconsistent with the bylaw and procedures governing the amount and filing of fees.

SECTION 9. DEFINITIONS

The following definitions shall apply in the interpretation and implementation of this bylaw.

The term "bank" shall include the land area which normally abuts and confines a water body; the lower boundary being the mean annual low flow level, and the upper boundary being the first observable break in the slope or the mean annual flood level, whichever is higher.

The term "Vernal pool" shall include, in addition to that already defined under the Wetlands Protection Act, G.L. Ch. 131, Sec. 40, and Regulations thereunder, 310 CMR 10.00, any confined basin or depression not occurring in existing lawns, gardens, landscaped areas, or driveways which, at least in most years, holds water for a minimum of two continuous months during the spring and/or summer, contains at least 200 cubic feet of water at some time during most years, is free of adult predatory fish populations, and provides essential breeding and rearing habitat functions for amphibian, reptile, or other vernal pool community species, regardless of whether the site has been certified by the Massachusetts Division of Wildlife and Fisheries. The presumption of essential habitat value may be overcome by the presentation of credible evidence which in the judgement of the Commission demonstrates that the basin or depression does not provide the habitat functions as specified in the Bylaw regulations. The buffer zone for vernal pools shall extend 100 feet from the mean annual high-water line defining the depression, or one-half of the distance between the vernal pool and any existing house foundation, whichever is smaller. In either case the buffer zone for vernal pools shall not extend over existing lawns, gardens, landscaped or developed areas.

The term "existing" in the determination of buffer zones shall mean existing as of the date this bylaw becomes effective.

The term "isolated land subject to flooding" shall include an area, depression, or basin that holds at minimum one-eighth acre foot of water and at least six inches of standing water once a year. Not included are swimming pools, artificially lined ponds or pools, or constructed wastewater lagoons. The buffer zone for isolated land subject to flooding shall be 25 feet.

The term "pond" shall include any open body of fresh water with a surface area observed or recorded within the last ten years of at least 5,000 square feet. Ponds shall contain standing water except for periods of extended drought. Not included are swimming pools, artificially lined ponds or pools, or constructed wastewater lagoons. The buffer zone for ponds under 10,000 square feet shall extend 100 feet from mean annual high water or one-half the distance from existing house foundation, but in no case shall the buffer zone include existing lawns, gardens, landscaped or developed areas.

The term "rare species" shall include, without limitation, all vertebrate and invertebrate animal and plant species listed as endangered, threatened, or of special concern by the Massachusetts Division of Fisheries and Wildlife, regardless of whether the site in which they occur has been previously identified by the Division.

The term "person" shall include any individual, group of individuals, association, partnership, corporation, company, business organization, trust, estate, the Commonwealth or political subdivision thereof to the extent subject to town bylaws, administrative agency, public or quasi-public corporation or body, this municipality, and any other legal entity, its legal representatives, agents, or assigns.

The term "alter" shall include, without limitation, the following activities when undertaken to, upon, within or affecting resource areas protected by this bylaw:

- (a) Removal, excavation, or dredging of soil, sand, gravel, or aggregate materials of any kind;
- (b) Changing of pre-existing drainage characteristics, flushing characteristics, sedimentation patterns, flow patterns, or flood retention characteristics;
- (c) Drainage, or lowering of water level or water table;
- (d) Dumping, discharging, or filling with any material which may degrade water quality;
- (e) Placing of fill, or removal of material, which would alter elevation;
- (f) Driving of piles, erection, or repair of buildings, or structures of any kind;
- (g) Placing of obstructions or objects in water;
- (h) Destruction of plant life including cutting of trees;
- (i) Changing temperature, biochemical oxygen demand, or other physical, biological, or chemical characteristics of any waters;
- (j) Any activities, changes, or work which may cause or tend to contribute to pollution of any body of
- (k) Application of pesticides or herbicides;
- (l) Incremental activities which have, or may have, a cumulative adverse impact on the resource areas protected by this bylaw.

Except as otherwise provided in this bylaw or in regulations of the Commission, the definitions of terms in this bylaw shall be as set forth in the Wetlands Protection Act, G.L. Ch. 131, §40, and Regulations, 310 CMR 10.00.

SECTION 10. SECURITY

As part of a permit issued under this bylaw, in addition to any security required by any other municipal or state board, agency, or official, the Commission may require that the performance and observance of the conditions imposed thereunder (including conditions requiring mitigation work) be secured wholly or in part by a proper bond or deposit of money or negotiable securities or other undertaking of financial responsibility sufficient in the opinion of the Commission, to be released in whole or in part upon issuance of a Certificate of Compliance for work performed pursuant to the permit.

SECTION 11. ENFORCEMENT

No person shall remove, fill, dredge, build upon, degrade, or otherwise alter resource areas and buffer zones protected by this bylaw, or cause, suffer, or allow such activity, or leave in place unauthorized fill, or otherwise fail to restore illegally altered land to its original condition, or fail to comply with a permit or an enforcement order issued pursuant to this bylaw.

Where the Commission deems it necessary to carry out its duties under this bylaw by entering privately owned land it shall do so with the authority of the property owner and shall be subject to the limitations imposed by the applicable federal and state laws. With the authority of the property owner or his/her designee the Commission may make or cause to be made such examinations, surveys, or sampling as the Commission deems necessary.

The Commission shall have authority to enforce this bylaw, its regulations, and permits issued thereunder by violation notices, administrative orders, and civil and criminal court actions. Any person who violates provisions of this bylaw may be ordered to restore the property to its original condition and take other action deemed necessary to remedy such violations, or may be fined, or both.

Municipal boards and officers, including any police officer or other officer having police powers, shall have authority to assist the Commission in enforcement.

Any person who violates any provision of this bylaw, or regulations, permits, or administrative orders issued thereunder, shall be served with a Notice of Violation enumerating the alleged violations. If after ten business days the Commission has not received what it deems to be either (a) sufficient evidence demonstrating that no violations have occurred, or (b) a filing that will remove the violations along with evidence that sufficient progress is being made to correct the violations then the violator shall be punished by a fine of \$100 per offense. Beginning ten business days after the date of the Notice of Violation each day or portion thereof during which a violation continues, or unauthorized fill or other alteration remains in place, shall constitute a separate offense, and each provision of the bylaw, regulations, permits, or administrative orders violated shall constitute a separate offense.

As an alternative to criminal prosecution in a specific case, the Commission may issue citations under the non-criminal disposition procedure set forth in G.L. Ch. 40, §21D.

SECTION 12. BURDEN OF PROOF

The applicant for a permit shall have the burden of proving by a preponderance of the credible evidence that the work proposed in the permit application will not have significant or cumulative negative effect upon the resource area values protected by this bylaw. Failure to provide evidence that in the judgment of the Commission is adequate to support this burden shall be sufficient cause for the Commission to deny a permit or grant a permit with conditions.

SECTION 13. APPEALS

A decision of the Commission shall be reviewable in the Superior Court in accordance with M.G.L. C. 249, §4.

SECTION 14. RELATION TO THE WETLANDS PROTECTION ACT

This bylaw is adopted under the Home Rule Amendment of the Massachusetts Constitution and the Home Rule statutes, independent of the Wetlands Protection Act, G.L. Ch. 131, §40, and Regulations, 310 CMR 10.00, thereunder.

SECTION 15. SEVERABILITY

The invalidity of any section or provision or phrase of this bylaw shall not invalidate any other section or provision or phrase thereof, nor shall it invalidate any permit or determination which previously has been issued.

WATER RESOURCES PROTECTION COMMITTEE (WRPC)

ANNUAL REPORT TO THE TOWN OF SUDBURY

The Annual report submitted by the Water Resources Protection Committee (WRPC) - which is a Water District Committee and not a Town of Sudbury Committee although its Principal and Associate Members are nominated by the Water District, the Selectmen, the Planning Board, the Board of Health, and the Conservation Commission - shall be published in the Town of Sudbury Annual Report under the same standards and editorial policies as are the Annual Reports submitted by the Town Boards and Committees.

ARTICLE XXIV
UPPER HOP BROOK PROTECTION

SECTION 1. PURPOSE

The purpose of this Hop Brook Protection (HBP) Bylaw is to provide for the safe recreational enjoyment of the Upper Hop Brook Ponds while at the same time prohibiting those motorized activities which conflict with and create safety hazards for other less intrusive and benign recreational uses such as walking, canoeing, fishing, ice skating, and cross country skiing by adults and children, or activities which are incompatible with efforts to restore and maintain a healthy ecological balance in the ponds.

SECTION 2. LOCATION

The Upper Hop Brook Ponds are hereby defined as those ponds on Hop Brook upstream of the Peakham Road bridge which is adjacent to the Haynes Meadow Conservation Area.
