Hi Lori, In November 2018 I was granted a determination of applicability for an addition on an existing sun room in the rear of my house at 94 Butler Rd. The decision was granted with the requirement of tying in the gutters to my existing infiltration system which was installed when I built my house in 2012 as my storm water management. I have an existing deck next to that sunroom that I would like to build a roof over for a screened porch. The porch roof is 22'x13', If it is acceptable, that roof will also tie into the existing infiltration system. Can this be done as part of the Determination?

Thanks,
Marcel Maillet
