Drainage Installation	<input type="checkbox"/>
Wastewater Construction	<input type="checkbox"/>
Sidewalk Construction	<input type="checkbox"/>
Final Grading	<input type="checkbox"/>
Surface Stabilization	<input type="checkbox"/>
Monument Installation	<input type="checkbox"/>
Cleanup	<input type="checkbox"/>
Other:	<input type="checkbox"/>

Photos Taken: Yes ☒ No ☐

#### General Notes/Comments:

On December 19, 2022, Horsley Witten Group, Inc. (HW) attended a kickoff meeting and performed a site visit at construction access points throughout Sudbury, MA. During the kickoff meeting the scheduled was reviewed and scope of construction activities. HW visited each construction entrance and confirmed erosion control practices at the gravel construction entrances are still in working conditions.

- Most gravel construction entrances currently precede any site activities. Tree clearing had just begun at Station 476+00 by Moosehead LLC using a feller buncher (Photo 1).

Inspector's signature:

Jeffrey Polidor  
 Survey-GIS Technician

Date: 12/19/22
