General Notes/Comments:

On January 30, 2023, Horsley Witten Group, Inc. (HW) performed a site visit in Sudbury, MA. During the site visit HW walked the length of Segment 14 that has erosion control installed (silt fence) and confirmed erosion control practices at the gravel construction entrances are still in working conditions.

- Most gravel construction entrances currently precede any site activities as noted in previous reports.
- Silt fence has been installed along Segment 14 starting at STA 476+00 (Photo 1) and ending at Hops Brook Bridge, STA 433+50 (Photo 2).
- Erosion control installation was scheduled to begin along Segment 7.
