Re: Coolidge Expansion and Transportation Mitigation

On 9 January 2017, Alice Sapienza presented the CoA and Senior Center position regarding transportation and the Coolidge Phase 2 expansion.

At that ZBA hearing, a representative of Coolidge (B'nai B'rith, Covenant Commonwealth Corporation) responded to the request for support of an additional van that they would instead be willing to provide \$10,000 as mitigation of the impact on the Town of additional seniors who might need CoA transportation.

We realize that the Phase 2 expansion has been approved. However, we have not heard about the promised mitigation.

Would you please let us know that status as soon as possible?

Many thanks for your assistance and advice throughout this process,

Best,

Jack Ryan, Chair, Council on Aging

Debra Galloway, Director, Senior Center
