How does this project meet the General Criteria and Category Specific Criteria for CPC projects (see attached)?

This project provides funds to the Sudbury Housing Trust for the preservation and creation of affordable housing in the Town of Sudbury for the benefit of low and moderate income households, which correlates precisely to CPA eligible activities in the category of community housing.

These monies will fund feasibility analysis, small project development, land acquisitions and development. They continue to fund the Trust. Over the last two years since the Trust has been operational, the CPA funds have been instrumental in developing the housing program, and have specifically been used for the Dutton Road/Habitat project (purchase the land, perform feasibility, and permit the project), to perform feasibility testing for Washbrook Road (which proved unsuccessful), and the Maynard Road project (initial feasibility, land purchase, demolition, conceptual design) and staffing of the housing office.

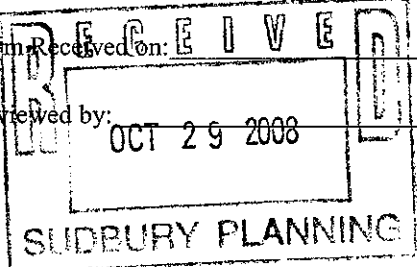

All appropriations shall be allocated to the category of Community Housing

Does this project fall within the jurisdiction or interest of other Town Boards, Committees or Departments? If so, please list the boards, committees or departments, whether applications and/or presentations have been made, and what input or recommendations have been given.

Support by the Sudbury Housing Authority and Board of Selectmen will be sought.
