PROJECT SUBMISSION FORM

Submitter: Park & Recreation

Submission Date: 10/4/18

Group or Committee Affiliation (if any): Park and Recreation Commission

Submitter's address :

40 Fairbank Road
Sudbury MA 01776

Submitter's email & phone number:

WrightK@Sudbury.ma.us
978-443-1092

Purpose (please select all that apply):

- Open Space
- Community Housing
- Historic
- Recreation

Project Manager's email & phone number: WrightK@Sudbury.ma.us, 978-443-1092

Project Name: Splash Park

Project Description: Construct a splash park in close proximity to Haskell Field/SMILE Playground.

Costs:

Fiscal Year	Total Project Cost	CPC Funds Requested	Other Funding Sources (amount and source)
2020	TBD	TBD	Possible money from grant
2021			
2022			
2023			
2024			
Total			

How does this project meet the General Criteria and Category Specific Criteria for CPC projects (see attached)?

A splash park would be accessible for all abilities, serving a significant number of residents. This would also expand the range of recreational opportunities available to Sudbury residents. Construction of the splash park would be on land currently owned by the town, and promotes various methods of play.

Does this project fall within the jurisdiction or interest of other Town Boards, Committees or Departments? If so, please list the boards, committees or departments, whether applications and/or presentations have been made, and what input or recommendations have been given.

Capital Improvement Budget Request Form
FY2020**

Department/Committee:
Park and Recreation
Item/Project Name:
Splash Park

Year of Initial Request:		Estimated Total Project Cost: TBD	Estimated Future Savings:
Estimated Incremental Costs: N/A	Recurring or Nonrecurring: Nonrecurring		
Justification Code: D	Priority: 2	Anticipated Staffing Changes: N/A	
Project Description: Constructing a Splash park in close proximity to Haskell field/playground			
Justification and Need: Constructing a splash park near Haskell playground would allow for expansion of recreational opportunities to residents, allowing them to stay in town versus going to Hudson's Splash park. A splash park promotes various methods of play, and has the potential to generate revenue.			
Benefit: Accessible for all abilities, provides additional recreational opportunities for residents, serving a significant number of residents.			
Alternatives Considered and Reasons for Nonselection: Continuing recreation offerings without a Splash Parks		Typical Replacement Lifecycle: Dependent on type of splash park	
Consequences of Not Implementing or Delaying Implementation: Currently none.			
Other Pertinent Background Information (e.g., Quotes, Studies, Evaluations, Reports, Pictures, etc.):

CPC Submission: Splash Park

Project Description:

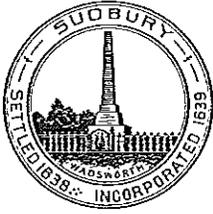

The Park and Recreation Department, with the Commission's support, is requesting \$350,000 for design and construction of a Splash Park in the Fairbank Center Backfield space. Currently, the Town of Sudbury does not have a recreational asset of this nature; causing residents to go to surrounding towns, such as Hudson to enjoy a Splash Park. The Splash Park will promote both active and passive recreation for all abilities. Constructing a Splash Park adjacent to the Fairbank Community Center/Atkinson Pool would enhance the existing asset, Atkinson Pool, by creating additional opportunities for members. The Splash Park would benefit the Sudbury Community as a whole as an intergeneration recreation opportunity.

How does this project meet the general criteria and category specific for CPC projects?

This project meets the criteria for Recreation proposals in multiple ways. A splash park would be accessible for all abilities, serving a significant number of residents. The splash park would be ADA accessible allowing all abilities to utilize the park together. Having a boundless playground at Haskell Field, SMILE/Lyons Playground, has allowed for any and all residents wishing to use the facility that ability. A boundless Splash Park would have the same benefits for all residents wishing to use the facility. A splash park would also expand the range of recreation opportunities available to Sudbury Residents, and allow for various methods of play. Currently, residents have to travel to another town to enjoy a water facility like a splash park. The Splash Park would allow for those with multiple children, making it difficult to utilize Atkinson Pool, the ability to have all children in one area enjoying the water. A splash park also allows for a different type of water introduction, then a pool offers, less frightening to some since there is no standing water and no water with varying depths. Construction of a Splash Park adjacent to the Fairbank Community Center would maximize the utility of land already owned by Sudbury.

Support from municipal commissions:

Design and construction of a Splash Park was identified by the Park and Recreation Commission as one of the top three priorities in their capital prioritization plan.

Supporting Documents:

Below are documents received from New England Rec Group. The First set of documents are of an existing Splash Park that cost roughly \$150,000 with that Towns DPW doing s great deal of the base work to minimize costs. The second set of documents are rough drawings for a potential design that would cost roughly \$150,000 with DPW doing a great deal of the base work to minimize costs. New England Rec Group gave me an estimate of \$350,00 if they were to design and construct the entire project similar to the drawing given.

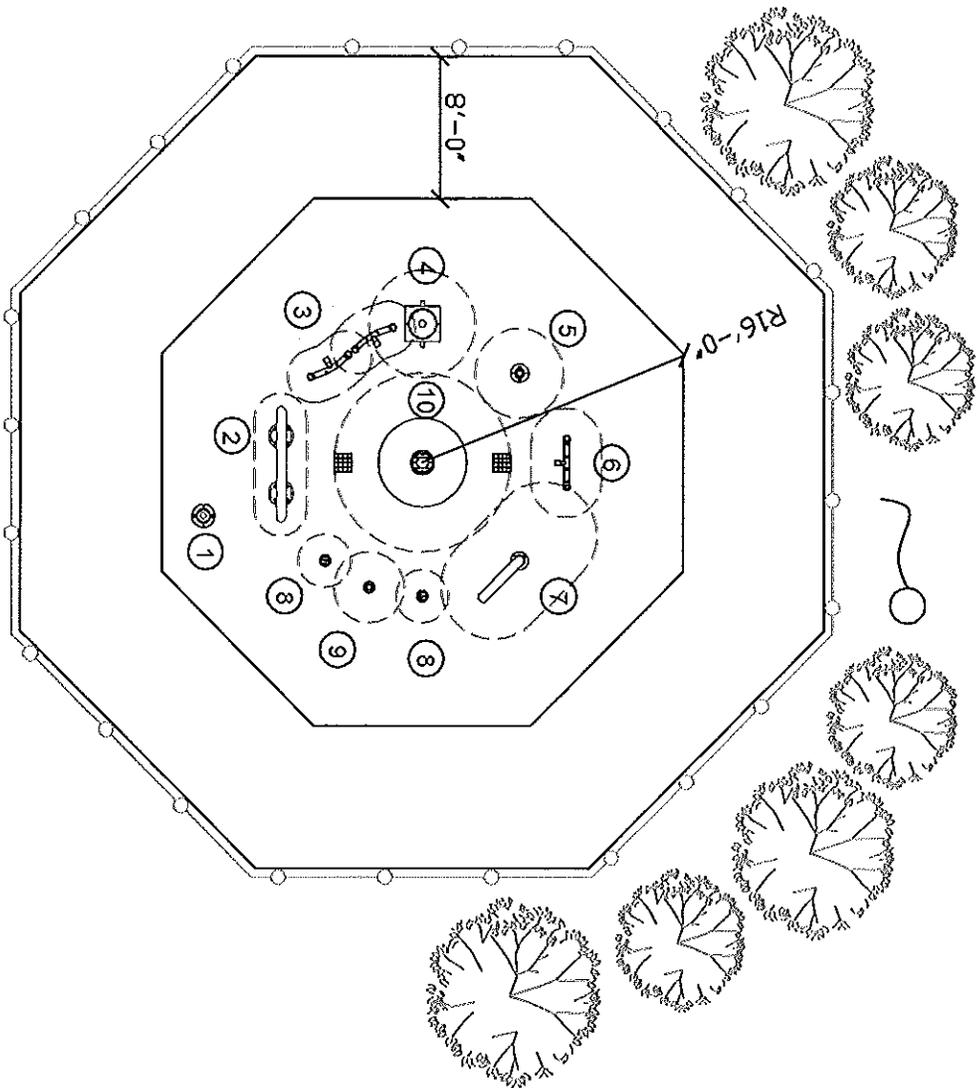

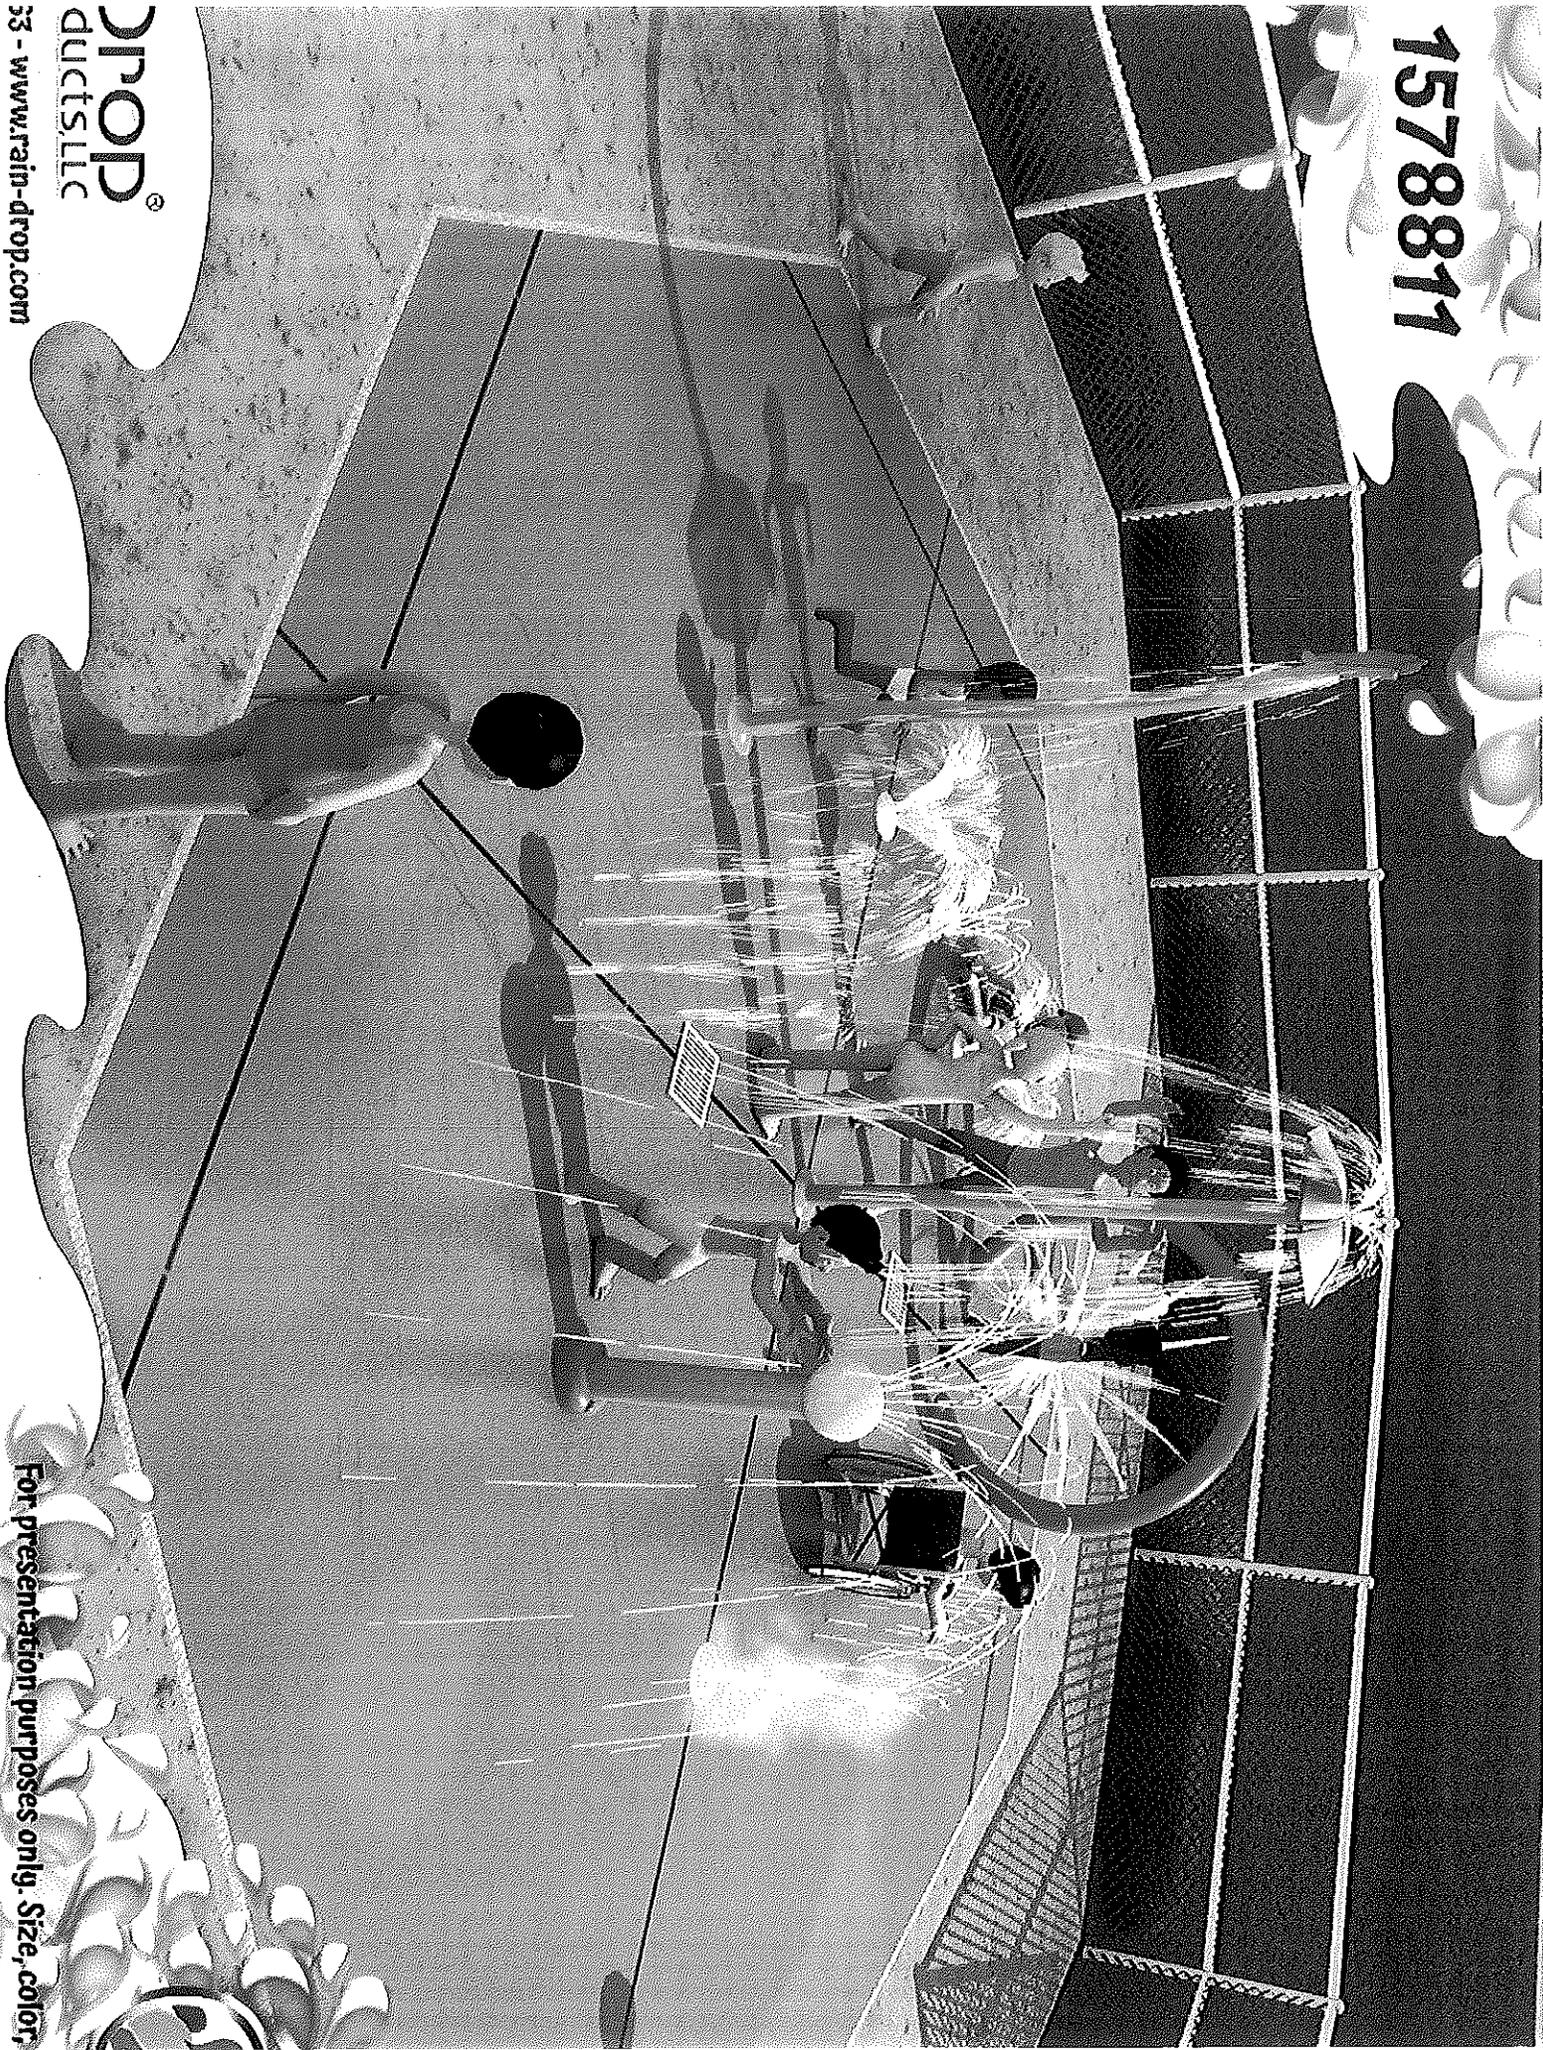

SPRAYGROUND FEATURES - POOL CONVERSION

- 1-LED TOUCH BOLLARD ACT
- 2-AQUAHOOP OM
- 3-4 OUTLET MINI CURVED POP JETS x 2
- 4-FOAM GEYSER
