Sign Application: *Northwood at Sudbury Condominium Trust*

Representing the applicant: Barbara Murphy and Theresa Accetta

The applicants propose a new freestanding wood sign to better identify the entrance to the condominium development. Visibility has been a problem as the granite signs embedded in the stone walls are very low and setback too far from the roadway which is at a bend in Route 117. The proposed sign would be approximately 4' wide and 5 ½' high. The applicants do not have survey data to show where the sign could be legally located. The meeting is continued to a later date when the applicant will have more detailed survey data.

Sign Application: *Save A Dog, Inc., 604 Boston Post Road*

Representing the applicant was Shirley Moore and David Bernier.

The application is for a 7 square foot sign in a residential district. The applicant will put the street number on the sign post. The application was unanimously approved.
