Tim Fong presented an application for a new awning with a secondary sign on the valance. The awning will be over windows on the expanded space formerly occupied by Game Stop. The material and size will match the existing awning sign.

The sign as presented complies with the bylaws. The only comments from the Board were the recommendation of inserting some bullets or other elements between the "Dine In," "Take-Out," and "Delivery" elements rather than having them separated by black space so that these could read as one element separate from the "Asian Cuisine & Bar" on the valance.

The Board unanimously approved the sign with the recommendation that two bullets be inserted on either side of "Take-Out."

Miscellaneous

The Board approved the minutes of August 28.
