

Minutes
Design Review Board
January 22, 2014

Present: Dan Martin, Deborah Kruskal, Paula Hyde, Jen Koffel
Absent: Juan Cruz

***Sign Review: 421 Boston Post Road
Big Picture Industries***

Paul Luszc presented an application for primary and secondary wall mounted signs. The signs as presented conform to the bylaws.

The Board discussed the location of the westerly sign on the building and found it too high, especially when accounting for the proposed gooseneck lights. The applicant agreed to lower it move an address plaque that is currently on that side of the building.

The Board asked the applicant whether the lighting was available in other sizes or colors than the 10" black that is proposed. Mr Luszc indicated that he wanted the gooseneck lights as they were most appropriate for the building, that only a few colors were available, and that an 8" shadow was also available.

The Board unanimously approved a motion to approve the signs with the recommendation that the lights be sized down to 8" and the westerly sign be lowered.

Miscellaneous

The Board approved the minutes of November 20 and January 8.
