Kim Urquhart presented a revised primary sign as a follow-up to the secondary signs approved at the previous meeting. The revised primary sign is 8'x3'. The 24-square foot, in conjunction with 9- and 4-square foot signs already approved now conforms to the bylaw. The Board voted unanimously to approve the primary sign as presented.

Miscellaneous

The Board approved minutes of 6/14/17 with the following changes:

- Two mentions of a 4'x4' wall sign should be 2'x2'
- Two mentions of a 4'x4' projecting sign should be 3'x3'

The Board briefly discussed the plan for a new fire station to replace the existing one on Route 20. Mr. Martin informed the Board that he had spoken to Chief Miles who stated that the architects were in possession of renderings of the building that will be surrounding the station when Meadow Walk is complete. The Board hopes that the design will both meet Chief Miles's needs and also be appropriate for these surroundings. Members of the Board expressed their desire to see architectural plans before they are completed.
