Review of Willow Hill School Modifications

Tom Peterman of Peterman Architects presented plans and renderings for an addition to the Willow Hill School that will connect two existing buildings. The main points raised in the review were with regard to the color of the addition and landscaping. The applicant indicated that the color would match the existing colors of other buildings on the site, and not the rendering presented. The applicant also noted the presence of several large willow trees to the rear of the property that would provide plenty of screening to the back wall of the auditorium building.

The Board unanimously found the proposed addition to be well designed and appropriate for the site.

Miscellaneous

The Board approved the minutes of December 20.

The Board agreed to the current meeting schedule of 2/14 and 2/28.

The Board reviewed and modified the Board's 2017 entry for the annual town report.
