Old Business

- **Milley Memorial Follow Up**
Peter should review surface type. Heritage Park in Sandwich, MA has a great park with a great surface. Peter going to look into what that surface was.
- Discussion of a change in meeting times, possibly meet mornings/day
Alternate meetings: one during day, one at night every other month?
Steve has interested friends who can attend during days.

Topics for Future:

1. Steve: Transportation Topics
Parking stripes: Meet code?
What are the regulations?
2. Steve: Housing Accessibility – Are Sudbury buildings in compliance? Are the older building in compliance with accessible apartment options? Question for Jim Kelly?
3. Media – Transportation reminders to Public & Police
4. Steve: Alzheimers: Does the town have safety standards in place? What can we do? Host training for Police & Fire? With Senior Center? Compile resources for COD webpage?

*Lotte mentions that we need new members to help with these initiatives and to lead these groups. Even though we are a volunteer board, members are asked to take the lead on initiatives and projects. It is nice to discuss what is going on in town but as an advisory board, we need to make suggestions and look into these topics and how we can help with accessibility. New members are encouraged to take on a “topic” of interest.

Next Meeting: 11/21/13

- Anna made a motion to adjourn the meeting
- Lotte made a second motion
- All approved and the meeting was adjourned
