Sudbury, MA Public Works Department Achieves American Public Works Association Accreditation

SUDBURY, MA – June 25, 2024 – The Sudbury Public Works Department has recently received full accreditation from the American Public Works Association (APWA). This accreditation formally verifies and recognizes that the agency is in full compliance with the recommended management practices set forth in APWA’s *Public Works Management Practices Manual*.

Open to all governmental agencies with responsibilities for public works functions, initial accreditation from APWA is for a four-year period, during which time semi-annual updates will be required to demonstrate continuing compliance. After that time, there is a re-accreditation process that builds on the original accreditation, encouraging continuous improvement and compliance with newly identified practices.

The purpose of accreditation is to promote excellence in the operation and management of a public works agency, its programs, and its employees. Accreditation is designed to assist the agency in the continuous improvement of operations and management, and in providing a valid and objective evaluation of agency programs as a service to the public and the profession.

“The Sudbury Public Works Department has dedicated itself to continuous improvement, excellence, and innovation. This illustrates itself in the accomplishments of our incredible team of public works professionals here whose mission is to provide exemplary services and programs that contribute to making Sudbury, Massachusetts a great place to live and work” says the Director of Public Works Daniel Nason.

APWA’s accreditation process includes five major steps:

- **Self-Assessment:** Using the Public Works Management Practices Manual, an internal review of an agency’s practices combined with a comparison of the recommended practices contained in the manual;
- **Application:** Once the decision has been made to commit to the Accreditation Program, the agency submits a formal application;
- **Improvement:** After the agency has completed the self-assessment and identified areas needing improvement, the agency will work to bring all practices into an acceptable level of compliance with the recommended practices;
- **Evaluation:** Following the completion of the improvement phase, the agency will request a site visit. The site visit will consist of a review and evaluation of the agency to determine the level of compliance with all applicable practices.
- **Accreditation:** The Accreditation Council will review the site visit results and recommendations from the team, voting to award or deny accreditation.

Formally awarded the prestigious accreditation by APWA's Accreditation Council, the Sudbury Public Works Department is the third agency in the State of Massachusetts. In addition to Sudbury, the accredited agencies in Massachusetts include the towns of Brookline and Lexington.

For more information about APWA Accreditation, please contact APWA Accreditation Manager, Nicole Shoemaker, at nshoemaker@apwa.org, or (816)595-5294.

About APWA

The American Public Works Association (www.apwa.org) is a not-for-profit, international organization with more than 32,000 members involved in the field of public works. APWA serves its members by promoting professional excellence and public awareness through education, advocacy, and the exchange of knowledge. APWA is headquartered in Kansas City, MO, has an office in Washington, DC, and 63 chapters in North America.
