Mr. Michael McCall
Wayland Town Manager
41 Cochituate Road
Wayland, MA 01778

Mr. Andrew Sheehan
Sudbury Town Manager
278 Old Sudbury Road
Sudbury, MA 01776

Dear Mr. McCall and Mr. Sheehan,

The MassDOT Highway District Three office is responding to your recent letter regarding the Sherman Road Bridge.

I am pleased to confirm MassDOT's continued support for the Sherman Road Bridge repairs and our ongoing collaboration with the Towns of Wayland and Sudbury on this important bridge preservation effort.

As previously discussed, MassDOT will fund the procurement of the glue-laminated timber materials required for these repairs, as well as the timber for the sidewalk and the bridge and approach railing. We will also provide a MassDOT contractor to work with the communities to complete this work in accordance with the approved design provided by the Town's consultant, the TEC Engineering Corporation.

If you need any additional information regarding the upcoming work scheduled, please do not hesitate to contact Mohammed Nabulsi, District Bridge Engineer at (857) 368-3101 or mohammed.nabulsi@dot.state.ma.us.

Very truly yours,
MassDOT-Highway District 3

Barry Lorion
District Highway Director

cc: Paul Piccioli, DPW Assistant Superintendent
Tom Holder, Wayland Director of Public Works
Tina Rivard, Sudbury Director of Public works
