

Stop by the Facilities Department, Goodnow Library,
or Town Clerk's Office to grab a free eco-friendly
"No Mow May" yard sign to recognize your
household as a pollinator-friendly zone!

Many of our pollinator species have been on the decline due to habitat loss, disease, climate change, and environmental contamination. The Town of Sudbury is encouraging residents to not mow their lawns until the month of May ends to help protect our pollinators, their food sources, and their habitats.

**NO MOW
MAY**
