***Some Background:*** *The Fairbank Community Center Task Force was established in 2013 to assess the capacity of the existing building to meet the current and future program needs and goals of the Park and Recreation Department, including the Teen Center and the Atkinson Pool, and the Senior Center. The assessment has been concluded and conceptual designs have been produced. The Task Force will be requesting design funds for a new Fairbank multigenerational community center at the annual Town Meeting in May via Article 33.*

***The Public Forum:*** *The Task Force is hosting an Open House with tours and a Public Forum to provide an opportunity for residents to learn more about the plans for the new Fairbank Community Center Feasibility Study and Conceptual Design.*

*Tours of the current center will run from 5-7pm. This will be followed by a presentation and Q&A session with the Task Force at 7:30pm. An additional Public Forum is being held at 10:00am.*
