Dear Business Owners:

As the state reopens, it is important that you follow the **mandates** that have been put forth by the Mass Department of Public Health. There are some of you who are already up and running and have worked out the complicated logistics of operating your businesses. For those of you who are just beginning, this is a simple breakdown of what you need to do prior to opening. The **required steps below** are necessary to reopening your establishments in the safest way(s) possible during this pandemic. We appreciated your diligence and efforts in keeping yourselves, your customers and your employees safe. Please read thru the links below and incorporate any practices that are listed in the links that you are not currently doing.

It is extremely important to understand that as we open up, we continue to remain vigilant in taking Every precaution necessary to mitigate the spread of COVID-19.

The first link is a Compliance Attestation: A checklist that you must display in the workplace showing that you have taken all steps to comply with the Massachusetts Mandatory Safety Standards. A Health Inspector will be doing inspections to ensure that these posters are displayed and that the standards are being adhered to.

Compliance Attestation; Display in conspicuous location:
