

Agenda

Commission on Disability

Sudbury Housing Authority

Joint Meeting

October 19, 2018 at 9:15 AM

55 Hudson Road (Housing Authority Office)

The purpose of this joint meeting is to discuss the missions and objectives of both the Commission on Disability and the Sudbury Housing Authority, and to learn the scope of and possible interactions between these two town entities. The meeting's ultimate goal is the education of both parties and the establishment of lines of communication to facilitate positive future interactions ensuring that the needs of those persons living with disabilities in the Town are known and are able to be addressed.

1. Share the mission of each group with each other.
2. Discuss how we can support each other to best serve the needs of those persons living with disabilities.
3. Discuss the possibility of having a liaison or a contact person to facilitate future communication and ensure a partnership on issues related to those living with disabilities.
4. Explore both how the COD can be supportive of the Housing Authority and its role in the community, and how the Authority can be supportive of the COD and its role.
5. Related issues which may arise from this discussion.
