Housing Trust Members Present: Chair Carmine Gentile, Kay Bell, Gabe Ciccariello

Others Present: Community Preservation Coordinator Ryan Poteat

Walking Tour of Liberty Ledge Property

The Housing Trust did not meet a quorum thus the meeting was not called to order but the tour continued as scheduled.

The members who attended were given a tour of the Liberty Ledge Sewataro Property, the existing homes and structures on the property. The majority of the building on the property are currently being used for integral Camp Sewataro operations. They house the year-round property manager and his family, a seasonal employees as well as serving operational functions of the camp. The majority of the building on the property are at the center of the camp operations. There was one single family home at the entrance of the camp that is not currently being used. It once housed international J1 visa seasonal camp counselors but this program is no longer active.
