

**Tri-committee Public Forum**  
**Thursday, October 21, 2015, 7:00-9:00 pm**  
**Lincoln Sudbury Regional High School, Library (B300 level)**

Two communities, three districts...Are there ideas or topics that the Lincoln and Sudbury school communities should talk about together? Do you have questions about transitioning to the high school, community supports for social and emotional health, or are you interested in hearing about current research regarding school start times? The Lincoln preK-8, Sudbury preK-8, and Lincoln-Sudbury School Committees invite our Lincoln, Sudbury and Boston METCO community members to join us for a public forum. The forum will begin with a short presentation period followed by an opportunity to brainstorm topics that are relevant to all three districts, and will conclude with a joint meeting of the three school committees.
