

Open Space and Recreation Plan Committee  
Public Forum  
October 18, 2007  
Goodnow Library

Public Comments:

- Dick Williamson stated that the new L-S community should help with fulfilling the needs addressed in the 2004 field master plan, and that we should look at what might change for the plan.
- Lots of comments about adding more info on the website, education to the public about these lands and better signage.
- Trail Walks recommended on Town conservation lands
- For suggested use for Cavicchio property, might be more agricultural rather than recreation.
- Parcel to be added: Goodman Hill Road triangle lot parcel 20 acres (mostly wet)
- Dickey land/Water Row/Newbridge map correction?
- Take off Military Training fields/land ( Historical Commission will give us info on parcel).
- What are the incentives to sell to the town?
- What is the total acreage on the Open space list?
- What was the total acreage on the last open space list?
- Pat Brown asked what money has the town saved on these purchases of open space/recreation vs. having them developed?
- When the map is completed numbers should be added delineating the parcels
