Subject: Re: FW: Bruce Freeman Rail Trail Phase 2D - Sudbury Design (project #608164)

Hey Beth,

I hope you're well. You're one step ahead of me, as I was aiming to get readiness days feedback out to municipalities next week! MassDOT recommended to keep the BFRT programmed in FFY 2022, but they did note that the project had been moving slowly due to some issues surrounding the boardwalk portion of the project. They expressed that these issues were resolved and said that the project will remain on track as long as design continues to move forward.

Is there anything I can do to be helpful?

Thanks,
Matt

Hi Matt,

Thanks for your response to the letter from the Selectmen. With the MassDOT project readiness meetings having occurred, I wonder if you are able to indicate whether you will be recommending to the MPO that the Sudbury BFRT project remain in FY 2022. I haven't heard significant concerns from MassDOT about the project and assume this would be the case, but I wonder if you can confirm it.

Thanks,
Beth
