Goodnow Library, 2nd Floor

Attendees: Diane Muffitt; Frank Lyons; Anne Slugg, Chair, Mary Addonizio

Administrative

March's meeting minutes were reviewed and approved.

Updates

Frank Lyons mentioned that a dredging study may also be done for Grist Mill Pond, but it will not be dredged this year. Stearns Mill Pond and Carding Mill Pond will be harvested this summer. An estimated cost to dredge Carding Mill Pond is \$3.9 million if a company does it. Frank said that the HBPA may purchase 2 dredgers if they can get Community Preservation Committee (CPC) funding. After using the dredgers, they would be sold and the money given to the CPC.

Frank said that Debbie Dineen mentioned possible dredging Duck Pond of silt.

Map

Anne Slugg will look into changing the label of the Duck Pond on the map. We are looking at fishing, boating, public access, trails, and other relevant information.
