**Riverfest**

The Rubber Ducky will be on June 21, 2015. For the next race, we will ask where people saw the advertisement. The duck and turtle presentations and fly fishing demonstrations are also planned. Anne Slugg will let people who print the fliers know where the fly fishing demonstration will be.

**Pullathon and Harvester Demonstration**

There will be a "pullathon" on Stearn's Mill Pond on Saturday, June 21. The Hop Brook Protection Association will also give a harvester demonstration on June 22, 2015, at 11:00am at Carding Mill Pond.

**Invasive Species Information**

We will bring information about invasive species to the June meeting to prepare for the library exhibition.

**Library Photo Exhibition**

PWC is planning a photo exhibition at the Goodnow Library in August. We will choose photos in June. We'll also use the exhibition to present information on invasive species in the area. Frank Lyons will ask Barbara Tascovitz if we may use some of her photos of local ponds before and after harvesting.

**Future Plans**

Diane will contact the Sudbury Conservation Commission (ConCom) to see if there is a way to educate owners whose properties are located within the restricted 200 feet of protected waterways, about laws pertaining to what can and cannot be done within that restricted area.

**Meetings**

The next PWC meetings will be: May 7, 2015 and June 18, 2015 @ 7:30 pm, Flynn Building, Thompson Room, second floor.
