**Riverfest**

The Rubber Ducky will be on June 21, 2015. For the next race, we will ask where people saw the advertisement. The duck and turtle presentations and fly fishing demonstrations are also planned. If the weather permits, we will meet at the Grist Mill at 12:30pm. Anne Slugg has a scooper. Frank Lyons will bring the netting and ducks. A notebook is needed. There is no rain date at this time, if it gets rained out.

Dave Henkels, who is also a member of the Conservation Committee (ConCom), will speak with Con Com members to see where we can work together on some projects/issues. He is also researching and writing about Sudbury land conservation history. We let him know that we have some historical information on Sudbury's ponds and waterways in the PWC Master plan.

**September Goodnow Library Photo Exhibition**

PWC will have a photo exhibition at the Goodnow Library in September, 2015. Frank will deliver a CD of photos, taken by Barbara Taskovics, to Anne Slugg for initial review. PWC will review all available photos at the July meeting to determine the photos to be used.

**Hop Brook Protection Association (HBPA) Updates**

Frank informed us that the HBPA hired a harvester operator for the summer, who is an environmental engineering student at Worcester PolyTech.

On June 29, the harvester will do a two week stint each beginning at Carding Mill Pond, then Stearns Pond, and Grist Mill pond.

**PWC Membership**

Diane Muffitt wrote an announcement looking for potential PWC members. She is targeting fishing enthusiasts for membership.
