January 12, 2016, 7:30-9:00 p.m., Flynn Building, 2nd Floor**

**Attendees: Frank Lyons, Diane Muffitt, Anne Slugg, Chair; Dave
Henkels**

Administrative

The November PWC minutes were approved.

2015 Annual Report was approved and a hardcopy was signed by the committee members.

2016 Committee Objectives

- Work with the Conservation Commission. Suggestions - attend a couple of their meetings
- Dredging. The third feasibility study commissioned by HBPA conducted by Beals & Thomas will be completed within the next month or two. There will then be three reports on whether Carding Mill, Stearns Mill and Grist Mill should be dry versus wet dredged. The next steps include HBPA meeting with the Conservation Commission, DPW and PWC to discuss implementing the recommendations for remediation of these water bodies, and figuring out the roles each entity could play and where additional resources, both expertise and financial, are needed.
