

SCIAC DRAFT Minutes
April 22, 2016
Flynn Building

Present: Frank Riepe, Deb Kruskal, Bill place, Jody Kablack

Observations:

A final coat of pavement will be installed.

The walkway across the common to First Parish is working well, except could use signage directing pedestrians from town hall parking lot to the common or First Parish – Deborah Kruskal volunteered to provide a design

The walkway on the town common to First Parish should have a rounding so pedestrians don't cut across near the No Name Road

The large caution signs at northern tip of common are out of scale. DPW will remove signs leaving only 1 caution sign which will be lowered in height.

Sudbury Center Expenses:

Spent \$97,410

Committed \$36,501

Future Expenditures \$167,000, plus brick work, landscaping and islands

The CPA funds requested at the 2016 ATM are needed to complete the project.

Town Hall front - brick vs. granite vs. grass

Hold on brick work in front of town hall until a final determination is made as to materials.

Landscaping:

Grinnell - plant trees at southern border, install stepping stones around memorial. Garden Clubs will install flowering plants.

Town Common:

Deborah Kruskal will make a recommendation for the replacement on the Linden tree at the corner.

Walkway surfaces in Grinnell:

Stone dust installed similar to Heritage Park

Ok for now

Deborah Kruskal suggests stabilized soil for future consideration

Priorities:

Stone walls

Brick work

Street lighting

Fencing around common

Crosswalks/islands

Prep for transformers - trench, base coat, pad installation

Jody Kablack will advertise the memorial bench program. 10 benches have been purchased.

Frank suggested building a low stone wall around the Jewett's water pump

The property owner has been offered the installation of 2 trees.

Minutes of 10/21/2015 approved.
