Harry J. Gotberg	John M. Carson
George W. Hemenway	Percival Dove
Henry G. Horton	Frank W. Giles
Carleton B. Walker	William M. Goulding
Basil B. Oliver	Harry W. Hogan
John M. Martin	Percival W. Jones
Louis D. Perry	Mahlon A. Palmer
Earl J. Stone	Charles E. Richardson
James Tulis	Leon E. Hawes
Joseph B. Way	James L. Quinn

## LICENSES GRANTED

Victualers—Leon E. Hawes, Lawrence B. Tighe, Margherita S. Galbo, J. Ivar Dahlrorth, H. P. Hood & Son, Howland Tibbets. Blanche Glidden, Patrick Davis, Chester A. Hull, K. Kalilainen, Nelson Howe.

Innholders—Wayside Inn, William E. Hoelsher, The Log Cabin (Francis Barker and Iva C. Stewart), Paul H. C. Eeke.

Sale of Gasoline—Edmund F. Andrews.

Auctioneer—Howard C. Burr.

Sale of Fire Crackers—Leon E. Hawes, James Crowley.

# TOWN WARRANT

For the Annual Town Meeting, March 2, 1931

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To either of the Constables of the Town of Sudbury,  
GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Sudbury, qualified to vote in elections and town affairs, to meet at the First Parish Church, in said town, on Monday, the second day of March, next, at seven o'clock in the forenoon; then and there to act on the following articles, namely:

Article 1. To choose by official ballot in accordance with law a moderator, a town treasurer, a collector of taxes, three constables, a highway surveyor, a tree warden, all for one year; one member of the board of public welfare, one member of the board of health, one member of the school committee, one trustee of the public library, one assessor, one member of selectmen, two members of the planning board, all for three years; one member of the planning board, for two years; and also to choose field drivers, fence viewers, a pound keeper and any and all other necessary town officers for the ensuing year.

The polls will be open at seven o'clock in the forenoon and may be closed at four o'clock in the afternoon.

Article 2. To hear and act on reports.

Article 3. To see if the Town will grant and appropriate money for any and all necessary town purposes, pass any votes or take action relative thereto.

The Selectmen herewith present the estimated amounts to cover these items together with the sums granted for the year 1930:

	Estimated 1931	Granted 1930
1. Payment of interest .....	\$3,000.00	\$3,000.00
2. Town officers, salaries and expenses..	2,555.00	2,550.00
3. Street lighting .....	6,000.00	6,000.00
4. Roads (Chapter 90, Maintenance)....	3,000.00	4,000.00
5. General Roads .....	200.00	200.00
6. Roads (Chapter 81) .....	6,200.00	6,100.00
7. Roads (New Construction) Chapter 90	3,000.00	
8. Snow removal .....	1,500.00	1,000.00
9. Memorial Day expenses .....	275.00	275.00
10. Town clock .....	50.00	50.00
11. Incidentals .....	600.00	600.00
12. Reserve fund .....	1,000.00	500.00
13. Care of soldiers' and memorial lots ..	100.00	100.00
14. Premium on treasurer's, collector's and town clerk's bond .....	155.00	150.00
15. Insurance on town property .....	100.00	200.00
16. State aid .....	72.00	72.00
17. Police .....	1,600.00	1,600.00
18. Fire .....	2,500.00	700.00
19. Repair of bridges .....	200.00	200.00
20. Town Hall expense .....	500.00	500.00
21. Town reports .....	500.00	500.00
22. Elections and registrations .....	200.00	100.00
23. Old cemetery .....	150.00	200.00
24. Town cemetery .....	100.00	
25. Unpaid bills .....	1,500.00	100.00
26. Library trustees .....	500.00	500.00
27. Moth department .....	1,300.00	1,300.00
28. Board of health .....	300.00	300.00
29. Legal advice to Selectmen .....	200.00	200.00
30. Insuring town employees .....	750.00	750.00
31. Planning board .....	100.00	100.00

Article 4. To authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of revenue of the current fiscal year, or do or act thereon.

Article 5. To see if the Town will grant or appropriate the sum of \$192.00 the amount of bill approved by Board of Assessors for work on excise taxes and property taxes and presented for payment to Board of Selectmen, pass any votes or take action relative thereto.

Article 6. To see if the Town will grant or appropriate the sum of \$500.00 for the purpose of purchasing and installing a suitable fire-alarm signal, or do or act thereon.

Article 7. To see if the Town will vote to instruct the Selectmen, Town Clerk and Town Treasurer as a committee to purchase the so-called Goodnow or Rice property at corner of State Road and Concord Road, the balance to be merged with the Goodnow Library property for a public park and athletic field and to issue

bonds or notes to pay for same; pass any votes, or take any action relative thereto.

Article 8. To see if the Town will vote to instruct the Selectmen, Town Clerk and Town Treasurer as a committee to procure plans for a Town Hall, the exterior to be a reproduction of the old Town Hall, the interior to have all modern improvements, not seating less than 400 people; make arrangements with the First Parish Committee for the hall to be on approximately the same site as the old hall. The cost not to exceed \$35,000.00. Issue bonds or notes to cover the cost and compel the contractor to employ town labor as far as possible; pass any votes, or take any action relative thereto.

Article 9. To see if the Town will instruct the Selectmen, Town Clerk and Town Treasurer to be a committee to confer with the First Parish Committee, the Town to purchase the First Parish Church property, and to build an addition thereto if necessary, for a Town Hall, pass any votes, or take any action relative thereto.

Article 10. To see if the town will vote to grant and appropriate and otherwise raise by borrowing both within and outside the town's debt limit, in accordance with any section or sections of the General Laws or special statute governing the financing of this project sufficient funds to properly carry out the plans and recommendations of the town hall committee. Pass any votes or take any action thereto.

Article 11. To see if the town will grant or appropriate a sum of money to cover cost of insuring the new town hall and its contents. Pass any votes to take action relative thereto.

Article 12. To see if the town will grant or appropriate the sum of \$1,000.00 to pay for salary of Tax Collector, or take any action relative thereto.

Article 13. To see if the town will grant the sum of \$300.00 for Tax Collector's expenses, or do or act thereon.

Article 14. To see if the town will grant or appropriate the sum of \$150.00 to defray the expense of clearing up tax titles held by the town, pass any votes or action relative thereto.

Article 15. To see if the town will grant or appropriate the sum of \$300.00 for the tree warden department for care of shade trees, take any action or pass any votes relative thereto.

Article 16. To see if the town will grant or appropriate the sum of \$300.00 for cutting brush on the town's highways, money to be spent by the tree warden department; pass any votes or take action relative thereto.

Article 17. To see if the town will grant or appropriate a sum of money sufficient to properly grade and decorate the site of the former town hall, or do or act thereon.

Article 18. To see if the town will vote to grant or appropriate the sum of \$500.00 to cover the expenses of the Board of Assessors in carrying out the work of their department or take action relative thereto.

Article 19. To see if the town will grant or appropriate the sum of \$600.00, this sum to be used by the Public Safety Commit-

tee in this work of protection in the town; pass any votes or take any action relative thereto.

Article 20. To see if the town will grant or appropriate a sum of money sufficient to defray the transportation expenses of pupils attending industrial schools; pass any votes or take action relative thereto.

Article 21. To see if the town will vote to grant or appropriate a sum of money sufficient to cover cost of purchasing land and widening corner at junction of Concord Road and Boston Post Road, pass any votes or take action relative thereto. It is understood that this sum is to supplement a balance carried on the Town Accountant's books for this specific purpose.

Article 22. To see if the town will vote to purchase a commercial truck to be used by the Road Department in its work and grant or appropriate money for this purpose; pass any votes or take action relative thereto.

Article 23. To see if the town will grant or appropriate the sum of \$31,000.00 for the support of schools; pass any votes or take action relative thereto.

BUDGET SUDBURY SCHOOL DEPARTMENT

Salaries .....	\$20,200.00
Transportation .....	5,800.00
Fuel .....	600.00
Health .....	500.00
Insurance .....	700.00
Books and student supplies .....	1,400.00
Administration and traveling expenses.....	300.00
Miscellaneous .....	1,500.00
<hr/>	
Total .....	\$31,000.00

Article 24. To see if the town will vote to grant or appropriate the sum of \$500.00 for the purpose of painting the Center School house; pass any votes or take action relative thereto.

Article 25. To see if the town will vote to raise and appropriate the sum of \$100.00, or some other amount, and elect a director, the money to be spent in the town in the furtherance, and the director to serve in cooperation with the Middlesex County trustees, for county aid to agriculture in the work of the Middlesex County Extension Service, under the provisions of Section 40-45, Chapter 128, General Laws of Massachusetts.

Article 26. To see if the town will vote to grant or appropriate the sum of \$3,000.00 for public welfare purposes for the ensuing year, pass any votes or take any action relative thereto.

Article 27. To see if the town will accept from the heirs of Georgie R. Butterfield the sum of \$150.00 for the perpetual care of the lot in Mount Pleasant Cemetery known as the George T. and Rebecca Dickey lot, take any action relative thereto.

Article 28. To see if the town will accept from the estate of Georgianna Haynes the sum of \$100.00 for the perpetual care of the lot in which Sidney and Georgianna Haynes are buried in the North Sudbury Cemetery, take any action relative thereto.

Article 29. To see what action if any the town will take in regard to changing its street lighting schedule, take any action or pass any votes relative thereto.

Article 30. To see if the town will vote to appoint a committee of three to investigate the advisability of having a revaluation of the property in town by the State, pass any votes or take any action relative thereto.

Article 31. To see if the town will make the following amendments to its by-laws pertaining to its Finance Committee.

Section 3. Strike out the words February first and substitute January fifteenth; strike out the words February fifteenth and substitute the words February tenth, so that this section shall read:

Each town department shall annually submit to the Finance Committee not later than January fifteenth an estimate of its requirements for the ensuing year, and the Selectmen shall report all other requests for appropriation. The Finance Committee shall hold a public hearing thereon. Notices of hearing to be posted not less than seven days previously in the same manner as notices of the Town Meetings. The Finance Committee shall, not later than February tenth submit to the Selectmen their written report with their recommendations.

Article 32. To see if the town will vote to accept Section 42 of Chapter 48 of the General Laws which provides for establishing a Fire Department, take any action or pass any votes relative thereto.

Article 33. To see if the town will vote to accept Section 43 of Chapter 48 of the General Laws which provides that the Chief of the Fire Department shall act as Forest Warden, pass any votes or take any action relative thereto.

Article 34. To see if the town will vote to change the method of compensating the Tax Collector from a commission basis to a stated salary, pass any votes or take any action relative thereto.

Article 35. To see if the town will authorize and instruct its Board of Selectmen to sell the property on the Boston Post Road known as the "Landham school property," pass any vote or take any action relative thereto.

Article 36. To see if the town will pass any votes or take any action relative to amending its by-laws by adopting the following:

#### BY-LAW ESTABLISHING CERTAIN BUILDING DISTRICTS AND CERTAIN REGULATIONS THEREFOR

Section 1. Under the provision of General Laws, Chapter 143, Section 3, the town of Sudbury is hereby divided into districts, to be known respectively as: Business Districts, General Residence Districts and Single Residence Districts, as follows:

Business Districts shall comprise:

(1) All lands which at the time this by-law becomes effective, are used for any business or industry other than farming, truck gardening, the raising of nursery stock or plants, livestock or poultry, or the conducting of boarding or lodging houses.

(2) All lands located and fronting upon any section of any street or way, which lies between two successive intersecting streets, in which section not less than one-half the lot frontage on the same side of the street as the said intersecting streets, is at said time devoted to business or industry or is manifestly suitable only for such use.

(3) All land located and fronting upon any street or way, within 400' 0", on the same side of the street, as any business or industry existing at said time, where intersecting streets do not control.

(4) All lands adjoining any railroad right of way, manifestly fit only for business or industry.

General Residence Districts shall comprise: All districts bounded by four streets or ways, or by one or more streets or ways and the town boundary line, in which, at the time this by-law becomes effective, more than one-half the area is developed and more than one-half such development is used for other than single residences and their appurtenant buildings.

Single Residence Districts shall comprise all other lands in the town.

Nothing in the above shall prohibit the building of single residences and their appurtenant buildings in any section of the town.

The words, "intersecting streets," as used in this by-law shall mean any streets or ways which join each other at an angle, whether or not they cross each other.

Section 2. No building for use as a habitation, for business, or for industry, shall be erected after this by-law becomes operative, without a permit from the selectmen, showing that the requirements of the districts affected have been substantially complied with.

Section 3. Except as hereinafter provided, no parcel of land in any district shall be used for any purpose other than that for which the district is established, as provided in Section 1.

Section 4. A permit may be issued for the erection, in any Residence District, of a building for the use of a business or industry or for the alteration or conversion of a building for or to such purposes, if the board of selectmen shall, after public hearing, so permit; *provided* that there be filed with the application for such permit, written consent thereto, signed and acknowledged by the owners or legal representatives of the owners, of three-fourths of the area of all lands used for the purposes for which said district is restricted, as provided in Section 1 hereof, which are within five hundred feet of the lot for which a permit is requested.

Section 5. No permit shall be granted under the foregoing section except after a public hearing before the board of selectmen. Notice of said hearing shall be given by posting notices thereof in the locations required for town warrants, not less than one week before said hearing.

Section 6. In all Residence Districts, no building hereafter erected, shall be nearer than 50' 0" from the center line of the street or way upon which it fronts, or nearer than 10' 0" from the side lines of the lot upon which it is situated.

In Business Districts, no building hereafter erected shall be nearer than 40' 0" from the center line of the street or way upon which it fronts.

Except that, if permitted buildings exist on each of the adjoining side lots, the front line of the proposed building may conform to the front lines of the existing building. Projecting eaves and uncovered steps may project into the restricted space.

Section 7. Filling Stations:

(a) At every filling station hereafter constructed, the building shall be located at least sixty feet from the center line of the highway on which it faces; no pumps shall be nearer than fifty feet from the center line of the highway, and no filling shall be done except in cars standing on property of the filling station.

(b) No public garage for the repair of cars and no filling station shall be located in any portion of a business or manufacturing district which is within three hundred feet of a school.

(c) No permit for a garage, filling station or other establishment shall be granted where it would be detrimental or injurious to the neighborhood, whether of residential or business nature.

Section 8. Sales stands for the sale of farm products shall be permitted in any district, provided they do not, by their location, violate set back or side line restrictions.

Section 9. The invalidity of any section or provision of this by-law shall not validate any other section or division thereof.

Section 10. This by-law shall take effect as provided by law.

And you are required to serve this warrant by posting attested printed copy thereof at the First Parish Church, each public meeting house, railroad station and post office in said town, seven days at least before the time appointed for holding said meeting.

Hereof fail not and make return of this warrant with your doing thereon to the Town Clerk, at or before the time of meeting aforesaid.

Given under our hands this sixteenth day of February, one thousand nine hundred and thirty-one.

HARVEY N. FAIRBANK,  
AUBREY W. BORDEN,  
HOWARD M. GOODNOW,  
Selectmen of Sudbury.

## SELECTMEN'S REPORT

---

The year 1930 has not been exempt from its calamities, neither has it been exempt from events which denote progress.

During the early part of February, the Town suffered a severe loss in the destruction of its Town Hall. Heroic efforts were made by all those present at the time to save that fine old example of colonial architecture, but to no avail. At the beginning it was pathetic not to have sufficient water to combat the blaze. Reviewing the circumstances incident to this catastrophe it is apparent that the hall was doomed from the beginning. The entire attic was ablaze at that time, which would have required a large amount of water to extinguish. Without a doubt the cause of this fire can be attributed to an inefficient and faulty heating system. Let us profit by this experience by installing a safe and adequate system in the new Town Hall.

In the early part of the summer the Selectmen gave the Boston Consolidated Gas Company a permit to lay and maintain gas pipe lines in Sudbury. With this permit were included certain restrictions and conditions which are on file with the Selectmen. We believe that through this installation the inhabitants of Sudbury are receiving a valuable service that is appreciated. Undoubtedly people were inconvenienced by the digging of trenches for the mains, but we feel that this should not be considered seriously owing to the permanent benefits derived by the town.

The rates, while not as low as those found in some sections of the State are very reasonable in view of the cost of laying such a long main. The rates are as follows:

- \$1.00 for first 200 cubic feet or less per month.
- .15 per 100 cubic feet for next 800 cubic feet.
- .10 per 100 cubic feet for next 99000 cubic feet per mo.
- .08 per 100 cubic feet for all gas in excess of 100,000 cubic feet per month.

The minimum bill is seven dollars per annum—provided customers' bills during any consecutive twelve months period total less than that amount.

At a special Town Meeting the Town voted \$3,500.00 for the purpose of supplementing the Fire Department equipment. We have purchased a piece of fire apparatus which includes an International chassis with regular fire department body on it, a Barton centrifugal pump capable of delivering three hundred fifty to four hundred gallons of water per minute mounted on the front end of this chassis, a booster tank containing one hundred gallons of water, fire extinguishers, hose, nozzles, axes, and the accessories that contribute to a high-class apparatus. Besides buying this entirely new piece, we were also able to put a new Ford chassis

under the Forest Fire Warden's piece of apparatus. Thus at the present time we have two pieces of fire fighting equipment; one qualified for house fires and the other well suited for fighting grass and woodland fires. Of course the element of water enters into the efficiency of this apparatus and while it seems that there are very few sources of supply and that very few residences would in consequence get protection, yet with a good supply of hose to tap the ponds and streams about town a great many places would receive aid.

These two pieces of fire apparatus will be sadly lacking in efficiency without proper organization. We believe that the town should vote to accept that section of the statute which makes possible the establishment of a permanent fire department. This section of the statute provides for the appointment of a fire chief by the Selectmen and that he shall be held responsible for the proper and efficient operation of the department. We also recommend the acceptance of another section of the statutes which provides that the chief of the Fire Department shall act as Forest Warden.

Just a word explaining the reasons for so many unpaid bills appearing in the accounts report. In the first place most of us are aware of the large number of fires of various proportions in town during the year 1930. The appropriation for the Fire Department was exhausted very early in the summer, leaving nothing but the \$500.00 in the reserve fund available for the emergency. As the drought of the summer and the fall continued it was impossible to prevent the breaking out of brush and grass fires, many of them spreading to tremendous proportions. These fires of course had to be fought by volunteers from our own town as well as the departments who were called from the surrounding towns. Several times apparatus was sent here from other towns and assisted materially in extinguishing fires without expense to us. We surely appreciate this fine spirit of cooperation and will be very glad to return the service if the occasion demands. At one of the most serious of our brush fires our apparatus and men were trapped and had difficulty in making their escape. At this time a large quantity of hose was burned before it could be recoiled and placed in the truck. This meant replacement, which added to the size of the unpaid bills item. The entire situation was acute and we feel that the town's total expense incident to this work was moderate in comparison to that of surrounding towns. The unpaid bills in the election and registration account were caused by the failure of the board to anticipate the expenses of the State Primary and State Election. Clearing up title on Landham school property is responsible for a part of this unpaid bill item. The bill for the salary of the Animal Inspector has been outstanding for two years and must be classed as an unpaid bill.

During the year the Public Safety Committee have from time to time made recommendations to the board. All of these have been given serious consideration, if not carried into execution. We wish to make this point clear regarding recommendations from

this committee. We are very glad to co-operate with this committee so far as it is possible, but there are cases where we are powerless to order this work done because of the fact that it pertains to some particular departmental work which is supervised by an elective officer of the town. This committee is accomplishing results and merits the co-operation of the several departments of the town.

Serious consideration should be given the problem of keeping our streets open and safe to motor vehicle travel during the winter months. At the present time the town owns one large truck suitable for snowplow work and has one which is loaned to it by the State. This latter truck is very old and inefficient and will have to be replaced soon. While it is possible one may be borrowed from the State to take its place it is not probable and preparations should be made to handle the situation by the town.

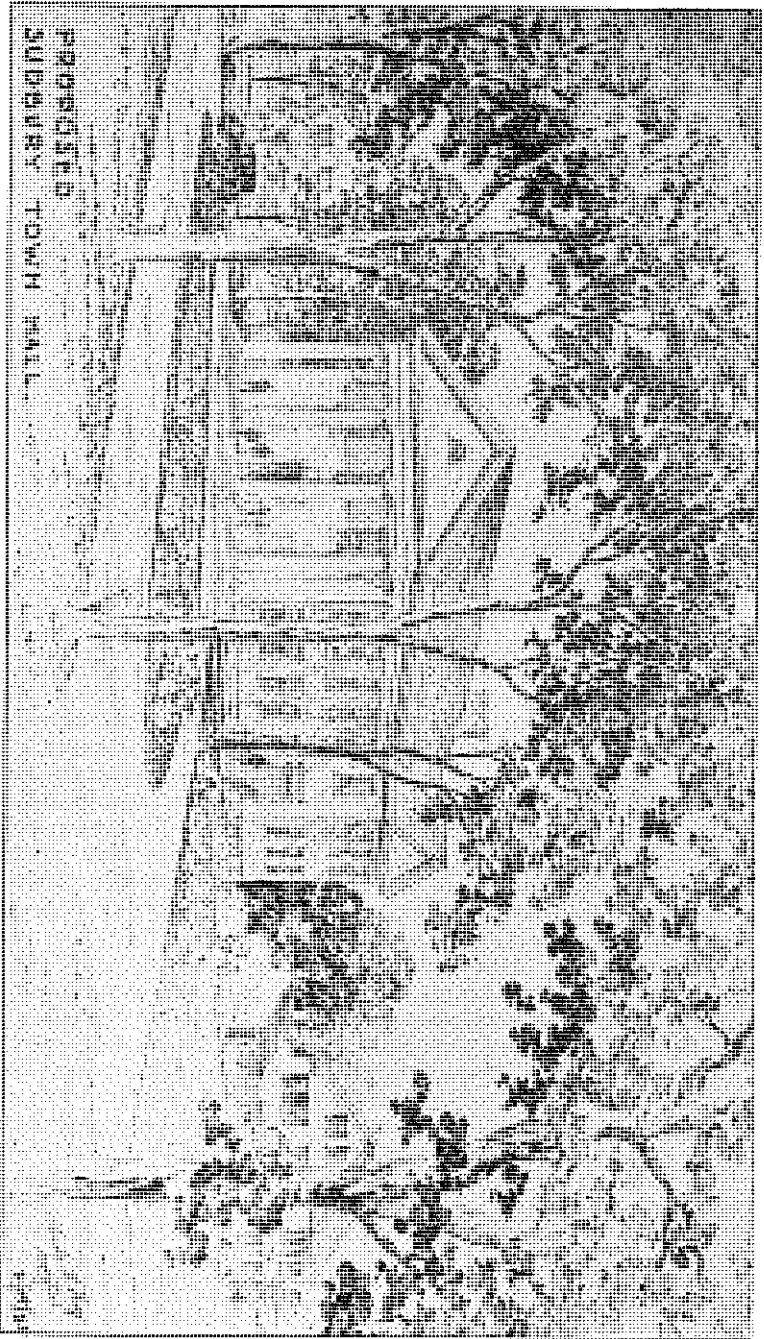

At present the town hires two small trucks and we believe that with the addition of a truck similar in capacity to the one we already own that it will be valuable in carrying out our routine of work. This would enable us to have the use of two trucks for snow work which is entirely necessary and also to replace the hiring of two trucks during the season of road building and maintenance work.

In establishing the budget for the year 1931 we have included sufficient funds to enable the town to purchase a siren which we believe will be a most valuable asset in the efficiency of carrying out our fire fighting program. This siren will be installed in such a place that it will be heard throughout the town and will serve the purpose of calling the fire department. This apparatus will be so installed that it will be in direct contact with local telephone operators.

In conclusion of this report we wish to thank the several departments for their cooperation during the year in keeping within their appropriations.

HARVEY N. FAIRBANK, Chairman.  
 AUBREY W. BORDEN, Clerk,  
 HOWARD M. GOODNOW.  
 Selectmen of Sudbury.

## TOWN HALL REPORT

---

To the Citizens of Sudbury :

Your committee which was appointed at the last annual Town Meeting, to consider the matter of location, design, construction, and the cost of a municipal building beg to submit certain definite recommendations.

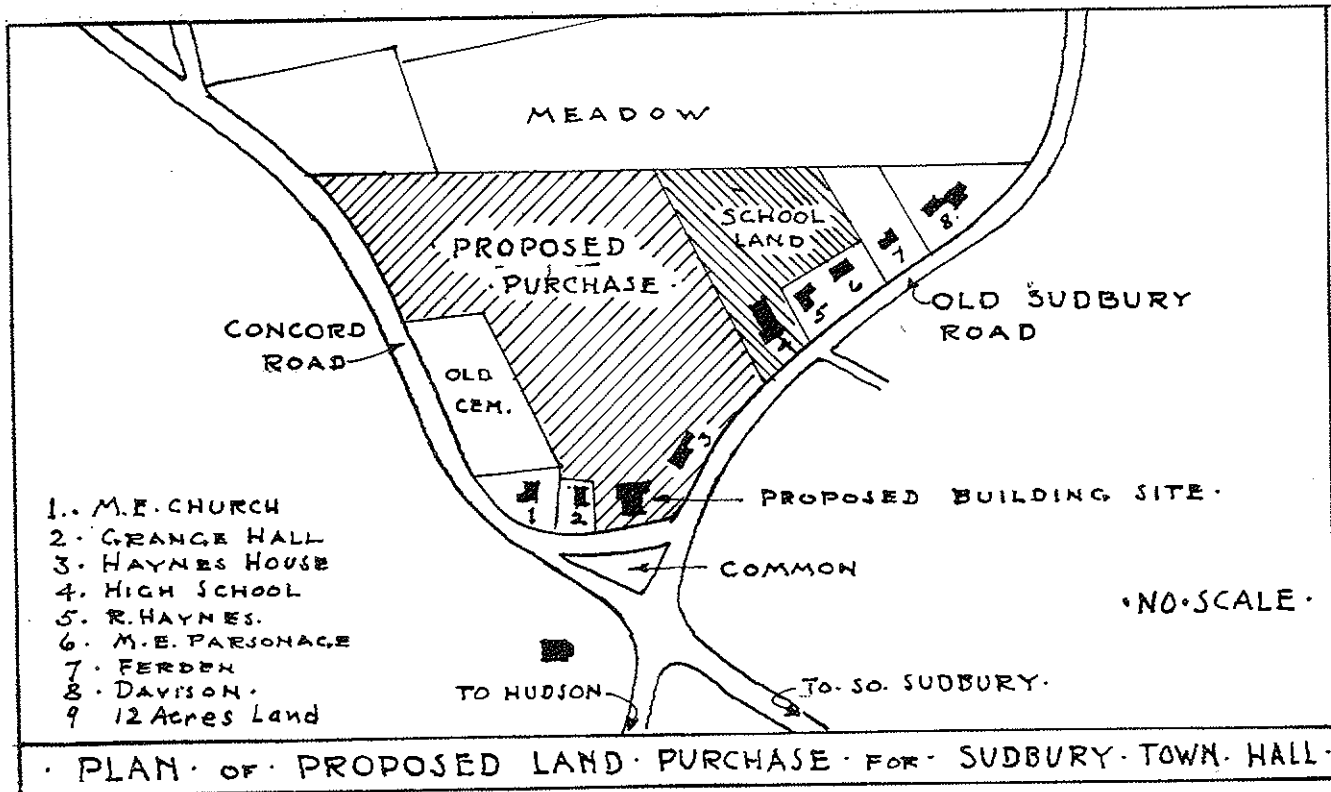

We recommend that the Town purchase from Mr. Joel Haynes approximately twelve acres of land, with buildings thereon, situated in Sudbury Center adjacent to the Common on one side and the school property on the other as shown on an accompanying diagram; that the new Town Hall be erected on or near the site of the old barn on the corner of this property; that in design it be as near a reproduction of the old hall as is practicable and becoming; that the building provide an upper hall seating capacity of five hundred, together with a stage, offices for town officers, suitable vaults, fire engine room, a branch library room, a banquet hall to seat two hundred sixty people adaptable to certain school activities not provided in their present building; and other accommodations shown on plan; that the construction of the building be of dark red brick except that the portico, front wall, cornices and gables be of wood painted white, and that the cost of the entire project be approximately \$85,000,000.00."

That we might substantiate these recommendations we beg to submit herewith our sources of information, course of reasoning and process of arriving at them.

Regarding location, the committee felt that the selection of the proper site for this building was of the greatest importance. The first question to decide here was a more or less general one and that was whether it should be placed in the village at South Sudbury or at the Center. After due consideration it was decided that in all fairness to everyone concerned the hall should be placed at Sudbury Center, in the vicinity of the Common. Arguments were presented in the favor of the Rice property at South Sudbury.

We realize that this section of the town is more thickly populated at this time, yet it was felt that this new Town Hall should be placed in the old Colonial Center established by our forefathers near the geographical center, if it could be done without too great an inconvenience, sacrifice or cost.

One of the first propositions considered by the committee was that of transforming the old Unitarian Church into a Town House. It had been suggested that this property could be purchased for this purpose, but upon consultation with the Trustees of the parish it was learned they did not wish to sell. Further consideration of this project was abandoned.

PLAN OF PROPOSED LAND PURCHASE FOR SUDBURY TOWN HALL

With this location eliminated there were presented four possible spots about the square upon which to build, as follows: the old site, the Joel Haynes corner, the Hosmer lot and the Parmenter store lot on the corner recently sold to Mr. Henry Ford. These different locations were considered and studied from every angle by the committee, and that its members, as well as the entire citizens of the town, might be advised and guided by men well skilled in art and architecture, all of the resident architects of the town were called into consultation, thereby assisting the committee in formulating their decision.

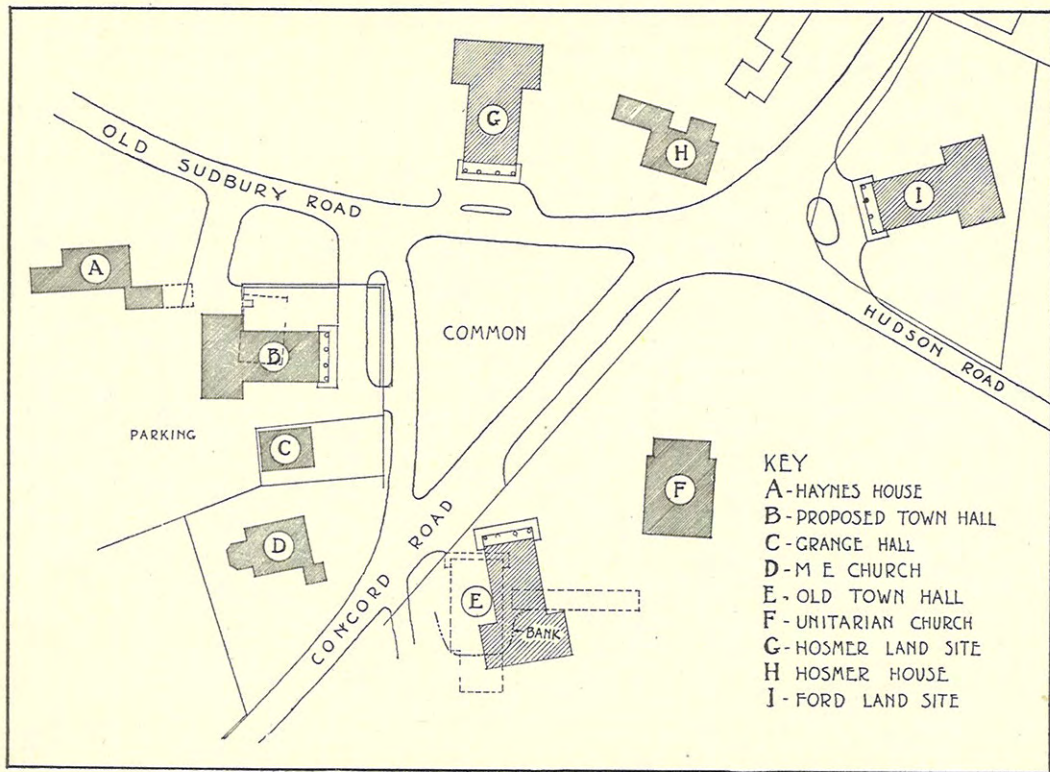

The first site to be considered, naturally, was the old original one. Of course it is generally known the ownership of the land upon which the old town hall rested was vested with the Trustees of the First Parish Church. The Parish was approached regarding the building of a new hall to replace the old one and was very gracious in its offer to allow such a building to be placed on or near the former site with the following provisions: first, the external design with exact location and provisions for parking must be presented to the parish for approval; and second, the ownership of the land must continue with the parish.

The committee realizes that sentiment carries a great deal of weight in influencing the desires of many of our citizens to reproduce the old hall on the original site, especially the older citizens who have lived here many years and find it difficult to picture the hall in any other position. We must, however, with due respect to this feeling, recognize the fact that the elements which were responsible for the choice of this particular location nearly one hundred years ago are not as manifest at the present time and should not be considered so seriously. At that time the Center of the town presented a very different appearance. There was no Methodist Church, no Grange hall, and no roadway passing these buildings as there is at the present time. The property upon which these buildings were later built, no doubt, was part of a flourishing homestead and not available for town purposes.

Probably another point in favor of the original site was its proximity to the parish horse sheds which furnished convenient shelter for horse and carriage.

The ones who designed and planned the original hall no doubt were men of vision and good judgment and had a desire to give the town a hall that would adequately supply the requirements of the town for at least seventy-five to one hundred years. It served its purpose well and was the admiration of a great many people for years, both within our own town and those more distant, and no doubt could have been made to take care of our present day needs had it not been destroyed. With its destruction we believe it is our duty to replace it with one that will furnish us with the conveniences and facilities that will suffice for at least as long a period as its predecessor. If a hall which would fulfill these requirements were to be erected on approximately the old site it would necessitate a tremendous amount of excavation in the rear, the building of a high retaining wall, the removal of the old horsesheds to the rear and west of the parish church, besides many other modern-

istic alterations, all of which would destroy the old colonial atmosphere about that section of the center of the town.

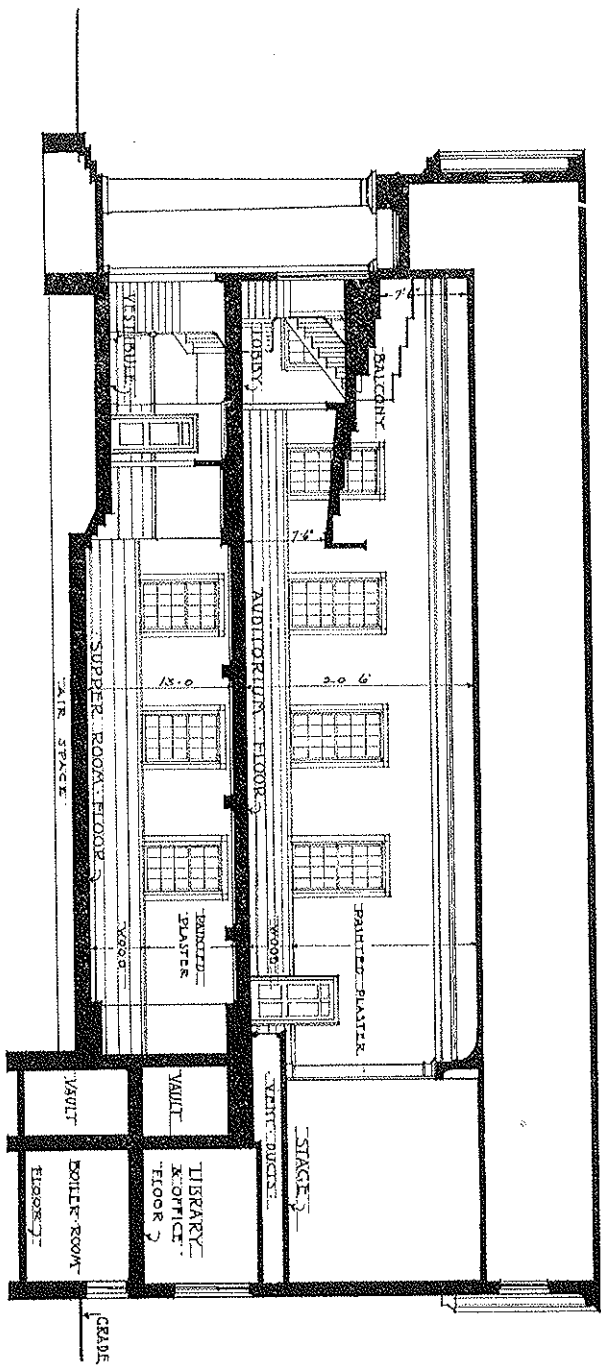

Estimates of the cost of such an undertaking by qualified and capable architects of the town were in the neighborhood of \$20,000.00. This cost would cover every item of excavation, retaining walls, moving sheds, parking areas and the proper setting of trees, and so forth, to make the work very high class about the hall. With this plan or any other plan whereby a hall were to be placed on the old site there would be a high retaining wall all around the rear of the building or else the lower floor of this building would be built into the bank, thus making inadequate the supply of light in the rear of the first floor and basement of the building, with the second floor built out over it toward the cemetery. It seemed to the committee that the cost of putting this lot into shape, its lack of adaptability and the probability of destroying the old colonial atmosphere about the entire property were sufficient to justify them in looking further for a site.

The only other piece of property available without initial cost to the town was the parcel of land upon which the old Parmenter store stood and at the present time owned by Mr. Ford. This land was offered very generously by him through his local representative, Mr. Boyer, to the town as a location for a town hall, being held in abeyance for that explicit purpose and no other.

The committee were very grateful for the offer and proceeded to study the lot with its possibilities. Consider first its size, shape and topography. It contains approximately six-tenths of an acre, very much greater in length than depth, as shown on an accompanying plan, with a very serious slope or falling away to the rear. These particular characteristics did not upon first thought present as serious a problem as did the actual survey of the lot by skilled workmen. It then became apparent that more land should be added to the rear of the lot if a building were to have a proper setting with adequate parking space. Furthermore, it did not appear that the grade here presented a serious problem, but from actual figures it developed that the filling and adequate grading to give the building a proper setting and provide for the necessary outside areas, such as we feel are needed, would be very expensive. In round figures these two items alone are estimated to be \$15,000.00. To the layman this figure appears extravagant, but from actual calculations, taking the approximate number of yards of work at a reasonable price used by contractors to estimate such costs, the above figure was established. Added to this expense it developed that the falling away of the lot in the rear would require more height in the foundation walls to the extent of \$5,000.00, and this extra height would not increase the height of the building.

Consider a building on this lot in relation to those about the Common. It seems to be removed too far to be considered an intimate part of this group as the committee desire to have it.

The element of danger attached to this location should be given serious thought. Traffic through the center of this town is quite heavy at the present time and no doubt will increase in years

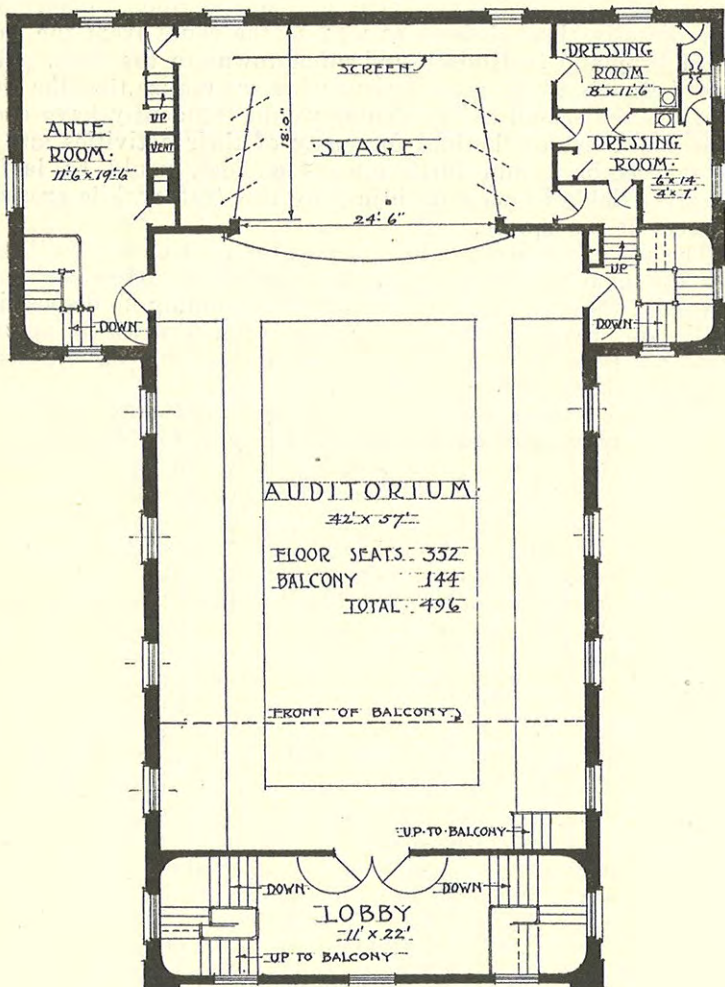

to come because of the fact that automobile route number 126 passes directly through here as well as the route from the Post road at Wayland to Hudson and other towns to the west. This danger becomes all the more serious when we realize that the children from the school at the Center would frequently have occasion to make use of the hall for many of their activities and in their travels back and forth always on foot, would be laying themselves liable to personal injury by this traffic while crossing the street at the square.

The site of the Hosmer barn across the road on the south side of the Common was also considered a possibility. After communicating with the owners of the property and finding no disposition to sell, and realizing that the same arguments which applied against the Ford lot were applicable to this one, the committee did not go into the matter further.

With these three lots out of the four in the Center considered in detail there remains but one, the Joel Haynes lot. Before going into the qualifications of this property it would be well to state that the four lots which were selected as possibilities in Sudbury Center were placed before the committee for choice with the element of cost eliminated as one of the first steps in their efforts to locate the proper place for a new municipal building. The committee were almost unanimous in their decision that if the same building could be built on each of the four lots for the same amount of money, the site of the old barn on the Haynes property would be their choice. The same proposition was placed before the local architects, Mr. Joseph E. Chandler, Mr. Ralph Adams Cram, and Mr. Charles H. Way, who have so kindly lent their assistance to this committee, and with but one exception their preferences were the same as those of the building committee.

With so many of us, including well skilled architects of the same opinion regarding the desirability of this site from the standpoint of beauty, proper setting and balance about the Common, we began a study of the location in an effort to justify the initial cost of the property. The price of this property, which comprises about twelve acres of land with buildings is \$15,000.00. This price appeared prohibitive to the committee so the idea of purchasing merely a lot large enough for the town hall was considered. The owner of the property was approached and it was found he was unwilling to break up the parcel, leaving the committee with two alternatives; the purchase of the entire property or the taking by eminent domain of sufficient land for our purpose. The latter course did not meet the approval of the committee under the existing circumstances.

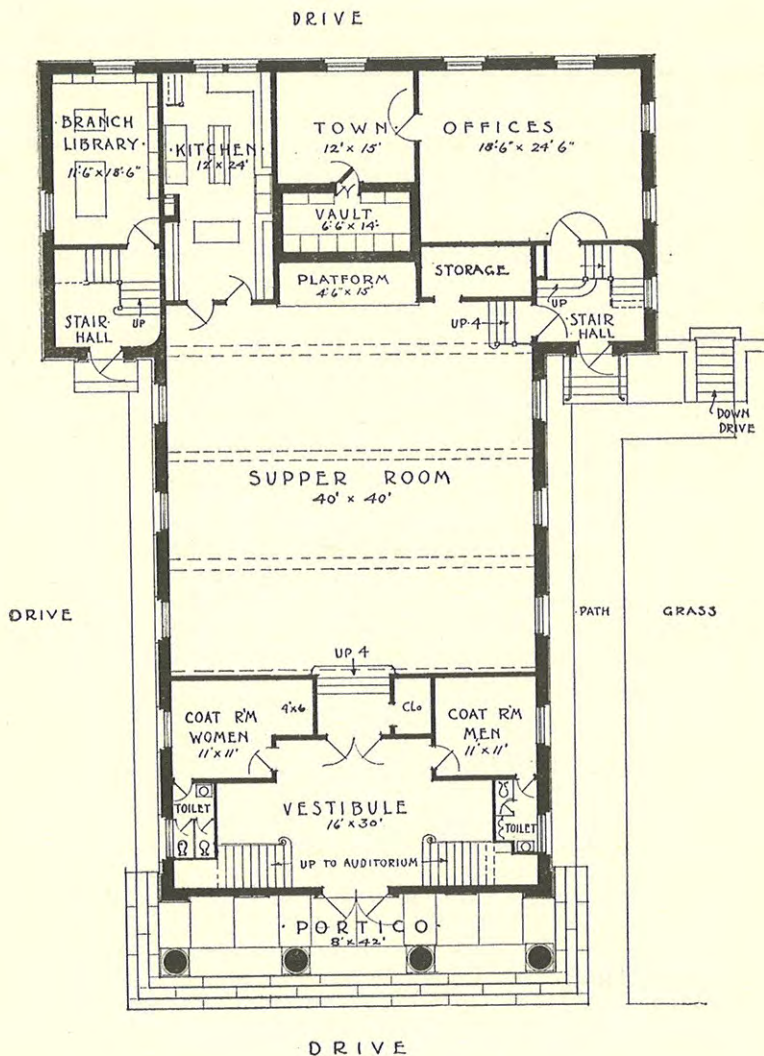

In the first place let us consider the cost of putting the lot, upon which it is proposed to build the hall, in readiness for the builders. The same architects, Messrs. Rice and Way, who surveyed the other lots, worked on this one and the results of their efforts showed an estimated cost for excavation and grading of \$5,000.00, which compares with \$20,000.00 for similar work on the old site and \$15,000.00 on the Ford lot. It will be recalled that it was estimated if the same building were to be erected on all

three lots \$5,000.00 more of construction would have to go into one on the Ford lot.

Thus it will be seen that the cost of furnishing and preparing all three of these pieces of property are approximately the same, namely \$20,000.00

We believe these figures are unbiased and as accurate as could be obtained without placing the work out to competitive bid, and furnish an absolutely fair basis of comparison. It might develop that these figures were to a degree extravagant, but if such is the case it would apply to each proportionately. We believe the town

would be justified in paying \$20,000 for grading and purchasing the Haynes property because, aside from furnishing a lot upon which to build our town hall, we would be purchasing twelve acres of land with buildings, while in the other locations this money would cover only the cost of grading, excavating, and a plot of land large enough for a hall.

Possibly it was not within the scope of the specific duties of the committee to consider the requirements of our public schools in connection with a town hall. However, we felt that if we could incorporate in this new town hall some of the accommodations that are lacking in the high school, such as an assembly hall, a

stage for theatricals, banquet hall for socials, and recreation hall where possibly basket ball and gymnasium work might be had without serious injury to the building, we would be doing a justifiable service for the town. If we are to provide these things for the school pupils it is imperative that we place this hall, so far as is practicable with respect to other requirements, where it will be the most easily accessible with the least possible danger to the scholars.

Furthermore, this property which is adjacent to the school and extends the entire length of that property from front to rear, would provide adequate room for expansion of the school buildings and furnish ample space for playgrounds and athletic field.

The entire value of this property cannot be attributed to its contiguity to the school. We believe that the town should own land enough here in the Center to take care of whatever buildings might be needed at present as well as in the future, such as a town hall, a building for fire apparatus, if it is not housed in the town hall, and a suitable building to house the machinery of the road department.

We do not feel that the present arrangement whereby the road department stores its equipment both in and about the old Haynes barn lends beauty to the surroundings of the Town Square and should be done away with. Should this property be sold to any one but the town it would mean providing elsewhere for this machinery. The proper place to house all this equipment would be a building placed on the property in the vicinity of the old hearse house which burned. This building could possibly be built from materials salvaged from the Haynes barn.

The value of the old Colonial house on this property is hard to estimate. It may be salvaged or it may be retained as living quarters for a janitor for the hall and school, or a man to take care of the fire apparatus. While it may present a problem we feel this house at least would not be a liability to the town.

Another source of value in this property to the town would lie in the fact that land could be taken to widen and make safe for travel the corner and curve going from Concord road to the road to Wayland.

The safety of this location adds value to it for building purposes. The road leading by the Grange hall cannot be called any part of a thoroughfare, but as more of a side street which would allow safe travel to and from the parking area to be provided in the rear of a hall located on this corner.

We believe that further value, while not in a material way, lies in the possibilities of beautifying this corner. A hall properly placed and built according to an appropriate design would do away with the old barn and in our estimation serve as a balance to the fine old church across the Common and greatly improve the appearance of the entire square.

After studying the valuable assets of this property the committee is convinced, even more than at first, that for value received the town would be justified in buying this property for the price of \$15,000.00, especially so when it is remembered that the

estimated cost of preparing the old site, the Hosmer lot and the Ford property for a hall would be equivalent to the price of this entire property.

After having convinced ourselves that the proper site had been chosen the matter of the design and construction of the building was considered. Your committee had first in mind the excellence of the design of the old building and its appropriateness to the Town of Sudbury, but in plan its limited capacity and lack of conformity to the present state laws as to exits, toilet accommodations and so forth, made its exact reproduction impossible as well as impracticable.

It was felt that the new building should be large enough to seat five hundred divided between the main floor and the balcony, that there should be better office, supper room and kitchen accommodations, and that if possible there should be room to house our new fire apparatus. The housing in this building, of the fire apparatus has many advantages, not the least of which is the saving in cost over the erection of a separate building, a matter of five or six thousand dollars.

After consultation with Messrs. Cram, Chandler and Way, the architects residing in town, the committee asked Mr. Way to assist them. The accompanying drawings are the results, a building, the main part of which is of the same proportions as the old hall and follows it closely in design, although necessarily larger, with the wings placed at the rear and subordinated in design.

The portico, front wall, cornices, and gables are of wood, painted white. the side and rear walls of dark red brick on a split granite base course similar to that of the old building. Constructing the entire building of wood did not seem wise.

The building has three entrances, one for use with the main hall and supper room, one for use with the office section, and one for the branch library room. There is also a back door for the use of the kitchen and boiler room. Separating the entrances in this way makes use of the building more flexible and also provides the widely separated exits required by the state laws.

The basement at the rear of the building contains a fire station large enough to house three pieces of apparatus, with a hose drying shaft thirty feet high, adequate space for boilers and fuel storage, and a vault for dead storage of records and so forth. The balance of the area under the buildings is only high enough for circulation of air under the supper room floor. This basement development is possible on the proposed site with very little additional building cost.

On the ground floor the main entrance opens into a vestibule large enough to hold forty or fifty people without crowding with coat rooms and toilets for men and women, two staircases to the upper floor and an entrance to the supper room.

The supper room is about the size and height of the old upper hall, has a small platform, storage closets for tables and so forth, and an adequate kitchen. This room will seat 260 people and is adaptable to various school activities not provided in the present school house.

The office section contains a public office or hearing room which will seat comfortably fifty people and a small office with a large vault for town officers' use. From the public office a stair leads directly to the fire station. With its own entrance, no other part of the building need be opened or heated when only this part is being used.

The same thing is true of the branch library room. On the second floor at the head of the stairs is a large lobby with a stair leading from it to the balcony.

The auditorium seats 352, the balcony 140. This division of seats will permit the reserving of the main floor, at Town Meetings, for voters, non-voters sitting in the balcony, thereby making easier the taking of votes.

The stage is eighteen feet deep with a proscenium opening twenty-four feet six inches wide, about one-third wider and deeper than the one in the old hall and as large as the law permits without the use of an asbestos curtain. The entire design is simple and intended to follow closely that of the original building.

An ante room at the left of the stage, on the same level as the auditorium floor, provides storage space for chairs and so forth at such times as they are not in use. On the right two small dressing rooms with toilets provide for the cast when plays are being given.

Another feature that we believe should be incorporated in this building is a permanent heating system. It will be remembered by most of us that the heating arrangement in the old hall was very unsatisfactory and the cause of much discomfort and criticism during the winter months.

We believe the present quarters of the branch library are inadequate and that space be provided in the new hall.

The question of a new war memorial has never been satisfactorily settled. It is possible and without a doubt it would be highly appropriate that a suitable tablet containing the records of all Sudbury boys who served this country during the World War be placed in the front lobby of this building.

Ample space for the records of the town for many years to come must be provided. It is also important that such vaults be absolutely fireproof so that the valuable records of the town which came through the fire in such fine shape, as well as future records, will not be destroyed.

From this description of the building together with the details of the plan it will be seen that the accommodations and conveniences which a town should have in a hall of this kind are being furnished.

This building complete as we have planned it, including all the features mentioned above, has been estimated to cost in round figures about \$65,000.00. This figure is quite accurate, because it was an estimate by a contractor on a building similar in type, construction and capacity. To this cost must be added the cost of the Haynes property, which was \$15,000.00, and the cost of grading estimated at \$5,000.00, making a total of \$80,000.00.

The plans of the building have been submitted to the planning

board for their consideration in accordance with the town's by-laws and their report is herewith attached.

Following this report will be found the plans of the building and a sketch of the Haynes property in its relationship to the school property. These drawings have keys accompanying them, which, with the descriptions in this report, should explain them.

The members of this committee are very grateful to the men mentioned in this report and others who have in any way assisted and advised them in this undertaking without compensation. We sincerely thank them.

We beg to say that the above recommendations, descriptions and arguments are the results of an exhaustive study of the work assigned us and that we have worked with a keen appreciation of your demand for the scrutiny of every item in the cost of this project.

We solicit your serious consideration of this report and shall accept your action thereon as the reward for our efforts.

## REPORT OF FINANCE BOARD

---

Article 3. The committee approves all items under this article except item number eighteen. It recommends \$2,000.00 for the purpose mentioned as sufficient, due to the location of the state fire patrol in this town.

Article 4. Finance committee approves \$500.00 for the purpose named in this article.

Article 5. Finance committee does not approve this article, as this amount is considered as unnecessary by the chairman of the board of assessors.

Article 6. Finance committee approves \$400.00 as sufficient for this purpose.

Article 7. Finance committee recommends the approval of this bill.

Article 8. Finance committee recommends \$350.00 as sufficient for the purpose named in this article.

Article 9. Finance committee approves this article.

Article 10. Finance committee approves and tax collector recommends \$200.00 for this article.

Article 11. The committee approves the sum of \$150.00 for this purpose.

Article 12. The committee approves \$200.00 as sufficient for this purpose.

Article 13. Finance committee approves of this amount.

Article 14. Finance committee disapproves this article, because the offer stated in this article has been withdrawn.

Article 15. Finance committee disapproves this article until the committee hears full report of the town hall committee.

Article 16. Finance committee disapproves this article as impractical.

Article 17. Finance committee disapproves this article, as it feels the paying of tuition is sufficient.

Article 18. Finance committee approves \$75.00 for the purpose named in this article.

Article 19. Finance committee disapproves of this method of purchasing a \$3,500.00 truck.

Article 20. Finance committee cannot express an opinion, because no details have been submitted to the committee.

Article 21. Finance committee approves this article if the town builds a hall.

Article 22. Finance committee recommends \$30,000.00 as sufficient for the purpose named in this article.

Article 23. Finance committee disapproves this item and

recommends that it be taken from the regular school miscellaneous account.

Article 24. Finance committee approves \$100.00 for this purpose.

Article 25. The committee recommends a total of \$3,000.00 for the purpose named in this article.

The finance committee urges that arrangements be made so that they can have more time to consider articles for the town warrant. It recommends that all articles requiring the appropriation of money be submitted to them not later than January 15.

WALTER E. PIPER,  
RALPH STONE,  
ARTHUR HAWES,  
EVERETT BOWKER,  
FRANK GOODNOW,  
Finance Committee.

## TOWN CLERK'S REPORT

### Proceedings of Town Meetings and Elections during the Year 1930

#### PROCEEDINGS OF THE ANNUAL TOWN MEETING, MARCH 3, 1930

Warrant dated February 19, 1930, signed by Harvey N. Fairbank and Aubrey W. Borden, Selectmen. Return of service by Seneca W. Hall, Constable. Moderator, George H. Clarke. Ballot Clerks, Basil B. Oliver, Walter C. Stone, William E. Davison and John J. Conroy. Tellers, Charles W. Rice, Lucy K. Brackett, Ralph H. Barton, Frederick R. Stone and Richard B. Oliver. All duly sworn. The polls were opened at 7 o'clock in the forenoon and closed at 4 o'clock in the afternoon. Number of votes cast, 399.

Article 1. To choose by official ballot in accordance with law a moderator, a town treasurer, a collector of taxes, three constables, a highway surveyor, a tree warden and one member of the planning board, all for one year; one member of the board of public welfare, one member of the board of health, one member of the school committee, one trustee of the Goodnow library, one assessor and one member of the board of selectmen, all for three years; and also to choose field drivers, fence viewers, a pound keeper and any and all other necessary town officers for the ensuing year.

The polls will be open at seven o'clock in the forenoon and may be closed at four o'clock in the afternoon.

#### For Moderator for One Year

Scattering .....	7
Blanks .....	138

Voted: That the election of all other necessary town officers be delegated to the Selectmen, and that the Selectmen serve as fence-viewers.

Article 2. To hear and act on reports.

Voted: That the several reports of town officers and committees as printed in the Town Report be accepted.

Under this article the following report was read:  
To the Honorable Board of Selectmen, Sudbury, Mass.

The Memorial Committee begs to submit the following report: This committee having considered several locations finally chose the lower part of the common as the location for the proposed memorial, providing suitable arrangements could be made with the Unitarian society. We considered several types of memorials, and finally chose one which we believe will be very suitable for this town.

The cost of this memorial was not to exceed twenty-three hundred dollars, suitably marked and erected; there would probably be some grading cost; we felt that if the town would grant fifteen hundred dollars, it could be used with the present memorial fund of \$911.77. This would be enough to purchase and erect a memorial, and grade around it.

The amount of \$661.77, which is included in the present memorial fund, was returned by the State; the State has recently written the Selectmen about this sum, and is very anxious that it be used at once. However, in view of the burning of the town hall, we feel that the State will allow this fund to remain as it is for a short time.

With the unanimous approval of the local Post of the legion, we recommend that action be deferred on the article calling for a grant of fifteen hundred dollars.

(Signed) Forrest D. Bradshaw, chairman; Harvey N. Fairbank, Seneca W. Hall.

Voted: That the foregoing report be received and placed on file.

Article 3. To see if the town will vote to grant or appropriate money for any and all necessary town expenses for the ensuing year as listed in the following budget, or any other sums of money:

	Asked 1930	Granted 1929
1. Payment of interest .....	\$3,000.00	\$3,500.00
2. Town officers' salaries .....	1,770.00	1,770.00
3. Incidental expenses of town officers ..	725.00	725.00
4. Street lighting .....	6,000.00	5,500.00
5. Chapter 81—Road Work .....	6,100.00	6,100.00
6. Chapter 90—Road Maintenance .....	3,000.00	4,000.00
7. Chapter 90—New Construction .....	3,000.00	1,000.00
8. General road expense .....	200.00	
9. Repair of bridges .....	200.00	200.00
10. Snow removal .....	1,200.00	1,200.00
11. Memorial day expense .....	275.00	250.00
12. Care of town clock .....	50.00	25.00
13. Incidentals .....	600.00	600.00
14. Reserve fund .....	500.00	1,000.00

15.	Care of soldiers' and monument lots ..	100.00	100.00
16.	Premium of treasurer's and collector's bond .....	150.00	150.00
17.	Insurance .....	500.00	250.00
18.	State aid .....	72.00	72.00
19.	Police .....	1,600.00	1,600.00
20.	Fire .....	500.00	700.00
21.	Town hall expense .....	500.00	400.00
22.	Town reports .....	500.00	450.00
23.	Election and registration .....	100.00	100.00
24.	Old cemetery .....	200.00	500.00
25.	Unpaid bills .....	500.00	500.00
26.	Library trustees .....	500.00	500.00
27.	Compensation of tax collector .....	800.00	700.00
28.	Gypsy and brown tail moth sup- pression .....	1,500.00	1,500.00
29.	Board of health .....	300.00	500.00

Under this article it was voted to grant and assess the following sums of money for the purposes specified:

1.	Payment of Interest .....	\$3,000.00
2.-3.	Salaries and expenses of town officers according to the schedule established under Art. 2 of the warrant for a special town meeting held April 15, 1929 ..	\$2,550.00
4.	Street lighting .....	6,000.00
5.	Road work under Chapter 81 .....	6,100.00
6.	Road maintenance under Chapter 90 ...	4,000.00
7.	No grant .....	000.00
8.	General road expense .....	200.00
9.	Repair of bridges .....	200.00
10.	Snow removal and snow fence .....	1,000.00
11.	Memorial Day expenses .....	275.00
12.	Care of town clock .....	50.00
13.	Incidentals .....	600.00
14.	Reserve fund .....	500.00
15.	Care soldiers' and monument lots .....	100.00
16.	Premium on bonds of Treasurer and Col- lector .....	150.00
17.	Insurance town property .....	200.00
18.	State Aid .....	72.00
19.	Police .....	1,600.00
20.	Fire (\$200 to be used to buy fire axes, plaster hooks and non-freezing fire ex- tinguishers for town buildings) .....	700.00
21.	Town Hall expense .....	500.00
22.	Town Reports .....	500.00
23.	Election and registration .....	100.00
24.	No grant .....	000.00
25.	Unpaid bills .....	100.00
26.	Library Trustees .....	500.00
27.	Compensation of Collector of Taxes ..	800.00

28. Gypsy and brown tail moth suppression . . . . .	1,300.00
29. Board of Health . . . . .	300.00
— Board of Public Welfare . . . . .	2,000.00
Amounts granted under other articles:	
Clearing tax titles . . . . . Art. 5	\$250.00
Insuring town employeess . . . . . Art. 6	750.00
Premium account payroll audit . . . . . Art. 7	234.41
Publication tax valuation . . . . . Art. 8	500.00
Legal advice to Selectmen . . . . . Art. 9	200.00
Care of shade trees . . . . . Art. 10	200.00
Cutting brush . . . . . Art. 11	300.00
Athletics . . . . . Art. 12	500.00
Support of schools . . . . . Art. 14	32,000.00
Public safety . . . . . Art. 18	400.00
Middlesex Co. Extension Service . . . . . Art. 19	200.00
Expenses of Planning Board . . . . . Art. 28	100.00
Total grant . . . . .	<u>\$69,031.41</u>

Then Voted: To take up Article 35.

Article 35. To authorize the Treasurer, with the approval of the Selectmen, to borrow money in anticipation of revenue of the current fiscal year, or do or act thereon.

Voted unanimously: That the Town Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1. 1930, and to issue a note or notes therefor, payable in one year; any debt or debts incurred under this vote to be paid from the revenue of said financial year.

Article 4. To see if the town will vote to transfer money from the excess and deficiency account to balance overdrafts as listed in the town accountant's report, or do or act thereon.

Voted: That this article be passed over.

Article 5. To see if the town will vote to grant or appropriate the sum of \$250.00 to defray the expense of clearing up tax titles held by the town of Sudbury, pass any votes or take any action relative thereto.

Voted: That \$250.00 be granted for the purpose named, to be expended under the direction of the Selectmen.

Article 6. To see if the town will vote to grant or appropriate the sum of \$750.00 to cover cost of insuring town employeess, take action or pass votes relative thereto.

Voted: That the sum of \$750.00 be granted to cover the cost of insuring the employees of the Highway department, and those employed in suppressing moths, cutting brush and caring for shade trees, and that the Selectmen be and hereby are authorized to insure the above mentioned employees of the town.

Article 7. To see if the town will grant or appropriate the

sum of \$234.41 to cover cost of additional premium on account of payroll audit for the year ending May 31, 1929, pass votes or take action relative thereto.

Voted: That the sum of \$234.41 be granted for the purpose named in the article.

Article 8. To see if the town will vote to grant or appropriate the sum of \$500.00 to cover cost of publishing a list of valuations of all real and personal property in the town of Sudbury; pass votes and take action relative thereto.

Voted: That the sum of \$500.00 be granted for the purpose named in this article.

Article 9. To see if the town will vote to grant or appropriate the sum of \$200.00 to cover cost of legal advice and assistance to Selectmen in carrying out business of the town, pass any votes or take action relative thereto.

Voted: To grant \$200.00 for the purpose named in the article.

Article 10. To see if the town will vote to grant or appropriate the sum of \$300.00 for the tree warden department for care of shade trees, take any action or pass any votes relative thereto.

Voted: To grant \$200.00 for care of shade trees.

Article 11. To see if the town will vote to grant or appropriate the sum of \$300.00 for cutting brush on the town highways, money to be spent by tree warden department, pass any votes or take any action relative thereto.

Voted: That \$300.00 be granted for the purpose named in the article.

Article 12. To see if the town will grant or appropriate the sum of \$500.00 for the purpose of carrying out an athletic program during 1930 in its schools, pass any votes or take action relative thereto.

Voted: That \$500.00 be granted for the purpose named in the article.

Article 13. To see if the Town will vote to extend its street lighting system on the North road from Pantry road to the Concord line, pass any votes or take action relative thereto.

Voted: To indefinitely postpone.

Article 14. To see if the town will grant or appropriate the sum of \$32,000.00 for the support of schools (this includes the salaries of school superintendent and school physician); pass any votes or take any action relative thereto.

Voted: That the sum of \$32,000.00 be granted for the support of schools; this sum to include the salaries of the Superintendent and the School Physician.

Article 15. To see if the town will grant or appropriate the sum of \$300.00 to supplement the amount appropriated last year for the purchase and fencing of two lots containing 14,828 and

14,800 square feet of land adjacent to the South School to be used as a playground, pass any votes or take any action relative thereto.

Voted: To indefinitely postpone.

Article 16. To see if the town will appoint a committee to investigate the possible purchase of the Joel Haynes' estate located on the North side of the Old Sudbury Road and report at the next town meeting.

By a rising vote of 77 to 66 it was

Voted: That the subject matter of this article be indefinitely postponed.

Article 17. To see if the town will vote to grant or appropriate the sum of \$1,500.00; this money to be used, together with a sum of money in the town treasury, known as the Soldiers' Memorial Fund, to defray the expense of purchasing, erecting, grading about and suitably arranging for a war memorial by the war memorial committee which was established at a previous town election; pass any votes or take any action relative thereto.

Voted: To lay on the table.

Article 18. To see if the town will vote to grant or appropriate the sum of \$600.00 for the promotion of Public Safety within the town or do or act thereon.

Voted: To grant the sum of \$400.00 for the purpose named in this article.

Article 19. To see if the town will vote to raise and appropriate the sum of \$350.00 or some other amount and elect a director, the money to be expended by and the director to serve in cooperation with the Middlesex County Trustees for County Aid to Agriculture in the work of the Middlesex County Extension Service, under the provisions Sections 40 to 45, Chapter 128, General Laws of Massachusetts.

Voted: To grant the sum of \$200.00 for the purpose named in the article; also

Voted: That the Director chosen at the last annual meeting be continued as Director.

Article 20. To see if the town will accept from the Whitney heirs the sum of \$200.00 to provide perpetual care for the Charles Whitney lot.

Voted: That the sum of \$200.00 be accepted for the purpose named.

Article 21. To see if the town will accept from Jones' heirs the sum of \$200.00 to provide perpetual care for the Asa Jones' lot.

Voted: That the sum of \$200.00 be accepted for the purpose named.

Article 22. To see if the town will vote to have a revaluation taken and the list published on all real estate and personal property within the limits of the town, pass any vote or take action relative thereto.

Voted: To indefinitely postpone.

Article 23. To see if the town will vote to authorize the Selectmen or Moderator to appoint a committee to investigate and recommend to the next annual meeting what action, if any, the town should take in regard to the establishment of a town forest.

Voted: To indefinitely postpone.

Article 24. To see what action, if any, the town will take in regard to carrying out Sudbury's part in the Massachusetts Bay Tercentenary celebration, appoint a committee or otherwise act relative thereto.

Voted: That Stephen M. W. Gray, Mrs. Florence P. Way, P. W. Jones, A. W. Borden and Miss Alice Barton be a committee to present a plan for carrying out the town's part in the Massachusetts Bay Tercentenary Celebration.

Article 25. To see if the town will authorize the board of assessors to take from the sum of \$225.00, which was granted at a special town meeting held April 15, 1929, for expenses of the board of assessors an amount necessary to defray the expense of clerical help, the same to be used to pay either a member of the board doing the clerical work or whoever may be secured by the board.

A motion to authorize the Assessors to act as proposed in the article was not carried, and no further action under the article was taken.

It was then voted to reconsider Article 3.

Voted: A member of the Board of Assessors may act as clerk, and be paid for such clerical services from the expense fund, provided these services are in excess of his normal duties.

Article 26. To see if the town will vote to reestablish the prices of cemetery lots and locations for graves in its cemetery adjacent to Mt. Pleasant, pass any votes or take any action relative thereto.

Voted: That the Selectmen be and hereby are authorized to relocate the vacant lots in the new town cemetery adjacent to Mount Pleasant, and that the price of full lots having space for eight graves be fixed at \$100.00, and single graves so re-located at \$15.00. The town Treasurer shall receive all moneys paid for such lots and graves, and deliver proper deeds for the same.

Article 27. To see if the town will vote to appropriate the sum of \$350.00 for the purchase and erection of a flagpole and flag with the pole supports, in connection with the proposed memorial; pass any votes or take any action relative thereto.

Voted: To indefinitely postpone.

Article 28. To see if the town will grant or appropriate the sum of \$150.00 for expenses of the planning board for the year 1930, pass any votes or take any action relative thereto.

Voted: That \$100.00 be granted for expenses of the planning board for the year 1930.

Article 29. To see if the town will vote to rescind its vote of last annual meeting, whereby the bylaws were changed and a planning board created, take any action or pass any votes relative thereto.

Voted: To indefinitely postpone.

Article 30. To see if the town will vote to authorize the Selectmen to petition the General Court of Massachusetts to borrow outside its debt limit a sum of money sufficient to cover the cost of properly financing the erection of a new town hall, pass any votes or take any action relative thereto.

Voted: That the Selectmen be and hereby are authorized outside the town debt limit, a sum of money sufficient to petition the General Court for authority to borrow cover the cost of properly financing the erection of a new town hall.

Article 31. To see if the town will vote to appoint a committee consisting of nine members representative of the different sections of the town to take into consideration the matter of location, design, erection and cost of a municipal building and make definite recommendations to the town regarding the same at a future town meeting, pass any votes or take action relative thereto.

Voted: That the chairman of the Selectmen, the Town Clerk, the Town Treasurer, and six other persons to be named from the floor, two of whom shall be women, be a committee to consider the questions named in this article, to report at a future town meeting.

Thereupon the following persons named from the floor were chosen members of such committee: Ralph H. Barton, Col. Thomas S. Bradlee, Albert M. Beckwith, Mrs. Lydia G. Raymond, Mrs. Temperance O. Guptill and Henry E. Rice.

Article 32. To hear and act on the report of the selectmen relative to the laying out of the following named streets under the provisions of Chapter 82 of the General Laws of Massachusetts, as amended:

Massasoit Avenue from State Road to the northerly line of Allen Place,

Pokonoket Avenue from King Philip Road, easterly for a distance of 472 feet,

Allen Place from easterly line of Massasoit Avenue to the westerly line of Wilbert Avenue,

Bradley Place from the easterly line of Massasoit Avenue to the westerly line of Wilbert Avenue,

Wilbert Avenue from the northerly line of Pokonoket Avenue to the northerly property line of Angelo N. Leverone, and to see if the town will vote to accept said streets or any of them as and for public ways and will authorize the selectmen to take by eminent domain or acquire by purchase or otherwise acquire the

land necessary for said layouts, or take any action and if any, what action relative thereto.

Voted: That the laying out of Massasoit Avenue, Allen Place, Bradley Place, Wilbert Avenue and Pokonoket Avenue as public ways, as appears in the report of the Selectmen as published in the town report, be and is hereby accepted, and the Selectmen are hereby authorized to take the land described in said report as and for public ways.

Article 33. To see if the town will vote to amend Section 2 of its planning board by-law by adding after the words "to fill the vacancies" the following: "as follows, at the annual election for the year 1931, the one year member shall be elected for a term of two years; the two year members for terms of three years, thereafter all members shall be elected for terms of three years," so that the section reads as follows: Section 2—At the annual town meeting to be held March 4, 1929, there shall be elected one member to serve for one year, two members to serve for two years, and two members to serve for three years, and thereafter there shall be elected on the official ballot in each year such members as are required to fill the vacancies, as follows, at the annual election for the year 1931, the one year member shall be elected for a term of two years, the two year members for terms of three years, thereafter all members shall be elected for terms of three years. Vacancies otherwise occurring shall be filled as provided in General Laws, Chapter 41, Section 2.

Voted: That the amendment to the planning board by-law set forth in this article, be adopted. At this point, a motion to reconsider Article 14 was not voted.

Then voted to adjourn to March 10th inst. at eight o'clock P. M. at the same place.

### **Monday, March 10th, 1930**

Met according to adjournment. George H. Clarke, Moderator.

Article 34. To see if the town will pass any votes or take any action relative to amending its by-laws by adopting a zoning plan and zoning by-law as follows:

(Proposed lengthy zoning laws printed in full in last town report omitted owing to action taken under this article as follows:)

After statements as to the purpose of the zoning-law proposed in this article by Charles H. Way, chairman of the Planning Board, and other members of the board, and a general discussion of the subject it was

Voted: To indefinitely postpone.

Meeting dissolved.

---

### **Special Town Meeting, June 11, 1930**

Warrant dated June 2nd, 1930, signed by Harvey N. Fairbank, Aubrey W. Borden and Howard M. Goodnow, Select-

men; return of service by Senecca W. Hall, Constable; George H. Clarke, Moderator.

Article 1. To see if the town will vote to grant or appropriate \$1,000.00, or any other sum of money to defray the expenses of the committee chosen at the last annual town meeting to carry out Sudbury's part of the Massachusetts Bay Tercentenary celebration, or do or act thereon.

Finance Committee made a report approving the amount asked.

Voted: That the sum of \$1,000.00 be granted for the purpose named and that it be expended by the "Tercentenary Committee" appointed at the last annual town meeting.

Article 2. To see if the town will vote to extend its street lighting system on Hudson road, or pass any votes relative thereto.

Finance Committee report "Not approved." By a vote of 46 to 34 it was

Voted: To indefinitely postpone.

Article 3. To see if the town will vote to grant or appropriate \$2,500.00, or any other sum of money, to purchase fire fighting equipment, pass any votes or take any action relative thereto.

Finance Committee report "Not approved."

Voted: That the sum of \$3,500.00 be appropriated from excess and deficiency fund for the purpose named in the article, and that its expenditure be in charge of the Selectmen, who, with the assistance of two other persons, whom they shall select, are to make selection of needed equipment.

Article 4. To see if the town will vote to grant \$675.00, or any other sum of money to cover the cost of properly protecting and preserving the town's records, or do or act thereon.

Finance Committee voted approval of this article.

Voted: That the town grant the sum of \$675.00 for the purpose named in the article.

Article 5. To see if the town will grant the sum of \$350.00 to cover the cost of settling the case of Sawyer vs. inhabitants of the town of Sudbury, or pass any votes relative thereto.

Finance Committee reported approval of this article.

Voted: That the sum of \$350.00 be granted for the purpose named in this article.

Article 6. To see if the town will grant or appropriate the sum of \$35.00, or any other sum, to cover the cost of ammunition for Memorial day exercises, or do or act thereon.

Finance Committee reported disapproval of this article.

Voted: That the sum of \$35.00 be appropriated for the purpose named in the article.

Article 7. To see if the town will grant or appropriate a sum of money to be used to defray the expense of completing the work of putting the old cemetery into shape, or pass any votes relative thereto.

Finance Committee reports disapproval of this article, because no information furnished as to how much money was to be asked for.

Voted: That \$200.00 be appropriated for the purpose named in this article.

Meeting dissolved.

### STATE PRIMARY, SEPTEMBER 16, 1930

Warrant signed by Harvey N. Fairbank, Aubrey W. Borden and Howard M. Goodnow, Selectmen, dated September 5, 1930. Return of service by Seneca W. Hall, Constable.

The clerk requests information of any omission or errors in the lists of births, deaths and marriages, and he hereby gives public notice that he is prepared to furnish blanks for the proper return of births, and calls particular attention to the following provisions of law, requiring parents and others to make return of birth within forty days thereafter.

Extract from the General Laws, Chapter 46:

“Section 6. Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town in which such child is born.

“Section 8. A parent, keeper, superintendent or other person required by Section 6 to give or cause to be given notice of a birth or death, neglecting so to do for ten days after the time limited therefor . . . shall forfeit not more than five dollars.”

## TERCENTENARY COMMITTEE

---

### PROGRAM

Thursday, April 17th—Unitarian church. Address by John M. Merriam, president of Framingham Historical society.

Sunday, June 22nd—Union service, Unitarian church. Address by Rev. Dr. Samuel Eliot, of Arlington street church.

Wednesday, June 25th—Old Home day. Parade, 1.30 p. m. Major Dr. Albert Owen, chief marshal; Framingham Rotary club boys' band; floats of organizations and trades. At Sudbury Center, 3 p. m.: "America," by band and audience; invocation, William Channing Brown; address of welcome, Harvey N. Fairbank, chairman selectmen; presentation of speakers, by chairman; music; Professor George H. Barton, president of day; music. Speakers: His Excellency Governor Frank G. Allen; Mrs. Edith Nourse Rogers, M. C.; Attorney John E. Rice, and others.

Friday, June 27th—Old Home week ball, at the Wayside Inn, through the courtesy of Mr. Ford. Committee of arrangements: Mrs. Frank F. Gerry, Mrs. Lewis B. Coburn, Mr. Frank E. Bowker.

Sunday, September 21st—Ancestors' day. Union service, Unitarian church. Address by Rev. William Channing Brown, minister.

Sunday, November 23—Thanksgiving union service, Memorial church. Address by Rev. Albert C. Reynolds, pastor.

Respectfully submitted,

TERCENTENARY COMMITTEE,

Percival W. Jones, Chairman,  
Mrs. G. Frank Cutting,  
Miss Alice Barton,  
Mr. Stephen M. W. Gray,  
Mr. Aubrey W. Borden.

## SUPERINTENDENT OF CEMETERIES

---

To the Honorable Board of Selectmen of the Town of Sudbury:

Gentlemen—The report of the superintendent of cemeteries is herewith submitted:

The old cemetery, at the center of the town, has been dug over, fertilized, seeded and rolled. Due to dry weather, however, the results have been unsatisfactory. It is the opinion of the superintendent that we have accomplished little by these means of procedure, which were more than half completed when he entered office. If we are to keep this cemetery mown with a lawn mower it will cost at least one hundred and fifty dollars a year; and if it is mown with a scythe, although the expenditure will be but a fraction of the preceding, the cemetery will fail to present an attractive appearance. It is my belief that this problem will not be satisfactorily settled until we find a ground-cover that will thrive without attention. Experiments along this line are already planned for.

We have straightened all the stones in the old cemetery, painted the ironwork, and pointed the wall on the Concord road.

The town cemetery has been cleared of brush, the stones straightened and repaired, and all but three or four of the lots brought into shape where they can be mown with a lawn mower. We have also painted the ironwork, regraded several soldiers' lots, and planted a flowerbed in this cemetery.

The superintendent has found no records, with the exception of a photographic copy of a plan, pertaining to this cemetery. It is hoped that we will be allowed a sufficient appropriation to institute records here, and to care for lots that are either unclaimed or have no one holding interest in their appearance. We find it possible to care for a lot for three dollars per year. We hope that this sum will be forthcoming from those who have not already, or are unable to provide for the perpetual care of their lots. It is of little value, however, to care for the cemetery, except as a whole. For this reason we urge all who are in position to do so to place their lots in perpetual care; then, if there be any balance it can be used on those not so fortunate lots in proximity.

After deliberation and consultation with the superintendents of other cemeteries we have drawn up the following regulations for the cemeteries under the supervision of the superintendent:

1. All lots are sold subject to the rules and regulations now in force, or which may hereafter be adopted.
2. The superintendent shall have absolute charge of the cemetery and is authorized to enforce rules, to maintain order, to supervise all workmen, visitors and drivers, to expel from the grounds any improper person, or those who violate the rules, and

to refuse admission to any person or materials, when he deems such action necessary.

3. All lots are sold subject to ordinary perpetual care, and all work thereon will be done under the direction of the superintendent by cemetery employes, except when permission is otherwise given.

4. Grave mounds over two inches in height shall not be allowed.

5. No trees, shrubs or plants shall be planted, pruned or removed without the consent of the superintendent. Acting for the best interests of the cemetery, the superintendent shall have authority to prune, remove or transplant any tree, shrub, plant or anything upon a lot, when he may consider such a course necessary.

6. The design and specifications of monuments must be submitted to the superintendent for approval, before being ordered or placed.

7. The foundations for all monuments will be made by the cemetery employes, at the expense of the lot owner—at least two weeks' notice being required for this purpose.

8. No work shall be started on Saturday that cannot be finished that day.

9. No interment will be permitted, or body received, unless the proper certificate is furnished, giving the name and residence of the deceased, the name of the nearest relative, and the time, place and cause of death. Eight hours' daylight notice must be given before any interment.

10. No dogs or persons with firearms shall be permitted within the grounds.

11. Unsightly receptacles for flowers and plants will not be permitted. Standard receptacles will be available at the cemetery. Flowers will be removed as soon as they have faded.

I advise the consideration of the purchasing of the land to the north of the town cemetery, on the Concord road, to take care of future growth.

I wish to express thanks to the following people for their gifts toward the improvement of the cemeteries, whether of time, advice or material things: Dr. William O. Hunt, Newton; Mrs. John A. Fenno, Newton; Superintendent John Peterson, Mt. Auburn cemetery; Mr. Robert Hartin, Maynard; Mr. John A. High, Boston; family of the late Francis E. Bent, Sudbury; Mr. Albert Haynes, Sudbury; Mr. Sylvester D. Perry, Sudbury; Mr. Charles E. Haynes, Sudbury.

I further desire to extend these thanks to all employes who worked faithfully during the year, for a return by no means great.

Approved. MARION H. ELSER, Town Accountant.

## EXTENSION SERVICE

The following is a brief report of the work of the Middlesex County Extension Service as developed in the town of Sudbury, for the year 1930.

Work with the dairy farmers of Sudbury was the principal project in agriculture developed during the year. Eighty-nine farm visits were made among the dairymen upon request to help with individual problems, especially as it had to do with the production of grade A milk. Sixteen other farm visits were made to assist men on their orchard problems.

The Extension Service program for homemakers is being carried on in South Sudbury by a group of twenty-five homemakers. A series of meetings were held on vegetable preparation and another on the improvement of home grounds. These same homemakers passed on the information to 136 others, who were unable to attend the meetings. Beside the regular meetings, talks were given to Sudbury public schools on the importance of food habits in their relation to physical growth and development. The Sudbury Grange entered the county-wide better community meals contest and received a prize for the excellent meal presented.

Seventeen boys and girls were enrolled in 4-H club work, largely in the Clothing club. Miss Eunice Hall served as local leader. The 4-H town committee, composed of Mrs. W. E. Davison, chairman; Mr. Benjamin J. Hill and Mr. William McSweeney, was organized during the year. William McSweeney was awarded a medal by the Massachusetts Horticultural society for doing outstanding garden club work.

Eight educational motion picture shows were given to a total attendance of 1,039.

A campaign to eradicate rats from farm and home buildings was carried on, on a county-wide basis and a great many poison baits were distributed in Sudbury.

Many local people took part in the several county-wide meetings held during the year, such as the county picnic at Wayside Inn, Sudbury, and the Homemakers' day at Lexington.

Respectfully submitted,

GEORGE H. CLARKE,

Local Director.

January 5, 1931.

## PUBLIC WELFARE

## TOWN PLANNING BOARD

---

This board has held meetings throughout the year and has carefully gone over the various things which seem to have come within its province. It has considered the reactions of the townspeople as expressed during and subsequent to the last town meeting, at which the proposed by-laws and zoning regulations were discussed and voted upon.

It is the opinion of this board, after careful study, that a much simpler set of zoning regulations would be effective, and they have prepared such regulations, which appear in the town warrant for March, 1931.

May we quote from the annual report of the State Department:

“Zoning is said to interfere with individual liberty. Zoning means that liberty in a few respects is exchanged for security in many respects. The liberty surrendered is but of that nature which has no value if all have it alike. The word liberty does not apply, for it is only license that is sought, preferential treatment, something for the individual which is not granted to other individuals. Zoning is a device of democratic people for mutual protection. The protection is from those who recognize no rights of others, insist upon all rights for themselves. Property is a civil right, a right by compact, at all times subject to the civil law. It must be used in such a way that its use by no man interferes with a like use by another man. Only thus may there be equality in the use of the property.”

This board has considered the various sites available for the erection of a new town hall and are of the opinion that from all angles that part of the Haynes lot, fronting the common, is by far the best. It is a site upon which a building would have a dignified setting; it fronts on the least traveled of the streets surrounding the common; bears a good relation to the rest of the old buildings in the Center; and the contour of the land is such that it lends itself to economy, both in the erection of the building and the development of the grounds.

This board has also gone over the plan suggested for the new town hall and are of the opinion that the building as planned and designed is well adapted to the needs of the town, and its similarity to the old building is such that the old atmosphere will be retained.

TOWN PLANNING BOARD,

Charles H. Way, Chairman,  
 Paul Whitney Rhoades, Secretary,  
 Howard C. Burr,  
 Ralph H. Barton,  
 Stephen M. W. Gray.

## FOREST FIRE DEPARTMENT

Owing to the extreme dry season, the shortage of water, and the ever increasing fire hazards in the town, the forest fire department had during the year 1930, 103 calls for fire, three emergency calls and were able to help at fires in adjoining towns. We appreciate greatly the assistance sent us from other cities and towns, and especially help rendered by Chief Wetherbee and men from Stow.

The loss of the town hall in February and the many other fires which occurred in the months following showed the need of better fire fighting equipment, and an organized department.

At a special town meeting in June, money was appropriated for new equipment. Two new trucks were purchased. The larger one a triple combination, with a 350-gallon capacity pump, 100-gallon booster tank, hose body and ladders. The other a Ford chassis, with fire department type body, carrying a portable pump, extinguishers, small hose and ladders. A 100-gallon booster tank can be added to this truck at any time, which will make two very efficient pieces of fire apparatus. A volunteer company has been formed and meetings held, in order that the men might become familiar with the equipment and the best ways of fighting fire.

With an organized department and the new trucks, it is hoped that it will be a step toward a smaller fire loss and a lower insurance rate.

Forest Warden.

## SUDBURY SAFETY COMMITTEE

---

Realizing the fearful toll that the automobile was taking annually on the highways of the state, Governor Allen, in 1929, formed the governor's committee on street and highway safety, and appointed a citizens' committee in each town and city in the Commonwealth, whose duty it was to bring to the attention of the proper authorities hazardous conditions on the highways in their locality, and to make recommendations of a similar nature regarding the control of automobile traffic in the town they represented.

The Sudbury safety committee was appointed late in December, 1929, and consists of the men who have signed this report.

At the annual town meeting in March, 1930, \$400.00 was appropriated for the needs of this committee, which has been expended as follows:

American Gas Accumulator Company ..	\$335.00
Marlboro Forge .....	4.20
E. W. Bowker .....	8.41
Walter Carson .....	19.00
Joe Woods .....	8.00
Simplex Wire & Cable Company .....	4.00
	<hr/>
	\$378.61
Balance unexpended .....	21.39
	<hr/>
Total .....	\$400.00

During the year we have erected thirty-four traffic signs. Many more are needed, but our appropriation this year was only adequate to cover those needed in the most hazardous locations.

Due to the cooperation of the drivers, all of the buses used for the transportation of school children, including those owned by Henry Ford, have been marked "School Bus."

We have found the railroads eager to help and the obstructed view which existed at the Horse Pond road crossing has been corrected. The New Haven railroad has also cooperated with us in correcting the condition at Lancaster, Pantry and North road crossings.

Trees which have been too close to the highways have been removed.

We felt it wise to make a recommendation regarding sliding on the highways, which has been restricted to such localities as may be approved by the police and only when they are in attendance.

Trees and poles too near the highways, which it has been found impracticable to remove, have in a number of instances

been painted with a white band, so that they may be more easily distinguished at night.

Your committee makes the following recommendations for the coming year:

That sign post and light pole located opposite the residence of Warren Hunt, in triangle formed by Union avenue and Concord road, be removed and junction of roads at this point be re-graded.

That a number of the poles owned by the Edison Company be re-located, setting them further from the road.

That additional traffic signs be installed.

That the obviously dangerous condition at the junction of Concord road and the Post road be remedied by widening the curve on each side.

That the ledge on the east side of Concord road, near the property owned by Mrs. Mattie Cutting, be cut back at least eight feet to allow for the widening of the curve.

That the sign post at the junction of Concord road and Hudson road, at the Center, be removed and a flood light provided for this location.

The committee realizes the difficulties under which the road commissioner is working, but feels that it would be advisable to recommend that as soon as possible after the condition exists, the most traveled icy streets, hills and railroad crossings be sanded.

EVERETT W. BOWKER, Chairman,  
SENECA W. HALL,  
WILLIAM TUFTS,  
GORDON H. WILSON,  
E. NORMAN BOWRY, Secretary.

## REPORT OF SCHOOL COMMITTEE

---

To the citizens of Sudbury:

It is the object of this report, and of those which follow, to inform you of the excellent condition of the Sudbury schools, and of the united efforts of committee, superintendent and teachers in carrying on an up-to-date program which will result in the greatest development of our boys and girls.

The routine of daily recitations is only a small part of modern education. Discipline, good habits, health, character, self-control, symmetrical development, citizenship, individuality, and vocational guidance all must be kept in mind in the regular work of the ideal school. The task is a large one and can be accomplished only by patient, persistent, sympathetic, intelligent and hearty co-operation.

All who are most familiar with the work and workers will unite in saying this has been an unusually pleasant and satisfactory year.

There have been obstacles in the way but they have been courageously met and happily overcome. The burning of the town hall early in the year interfered with our athletic program and necessitated a change in our commencement exercises.

The annual school exhibit in June was held in the school house and was among the best of recent years. Through the kindness of the officers of the Methodist church the graduating exercises and reception of the grammar and high schools were held in the church edifice and were enjoyable and successful. By the kindness of the Wayland Selectmen the usual high school party and dance was held at the Wayland town hall. We hereby thank the officers of the church and the Wayland Selectmen for their generosity.

It was not a novel experience at the opening of the school year in September to find new members of the faculty taking the places of some who had been eminently successful and had been invited to remain with us but who had accepted invitations to larger schools and removed with our best wishes for success in new positions: but we were so fortunate in the selection of new teachers that the work has progressed with great satisfaction.

The removal by death of Mrs. Viola Jenkins, the efficient dietitian who for two years has so successfully served in the lunch room, was a shock to the Parent-Teachers Association and to the school, but another one was found, and this beneficent work is going on pleasantly and with success.

Manual training, sewing, drawing and music have been maintained with the same instructors as last year and have added greatly to the efficiency of the school.

The Parent-Teacher's Association has not only maintained the lunch room and the dental clinic but has also held its monthly meetings at the school house and has presented programs which have promoted the much needed co-operation of parents with the school authorities.

Miss Jeanette Smith of the last graduating class, a student at Boston University College of Liberal Arts, is the winner of the income from the George J. Raymond Scholarship fund. Miss Lillian Davison of the same class receives the scholarship from the Woman's club. We congratulate these young ladies and are glad that these prizes are available. If you will read the excellent report of Mr. Flynn you will learn what the other graduates of the last class are doing. A very commendable record.

Our college students help to keep our high school in the Grade "A" column. We rejoice in their achievement.

We hope that every one will read all of the reports following this one and learn what is being done in the school department of Sudbury.

We thank every one who has contributed in any way to the success of the schools this year.

Respectfully submitted,

GEORGE H. CLARKE,  
FRANK S. MORTON,  
PHILENA A. BARTLETT,  
School Committee.

**REPORT OF SUPERINTENDENT OF SCHOOLS**

To the Sudbury School Committee:

The thirty-third annual report of the District Superintendent of Schools is herewith submitted. Your attention is directed to the usual statistics and to the reports of the High School Principal, School Physician, and Nurse.

The past year has been a year of good work in the Sudbury schools. There is an exceptionally fine spirit among the students toward each other, toward the teachers, and toward school business as well as toward the legitimate recreation connected with school life. Consequently the very best of light-hearted accomplishment is the result.

The loss of our town hall fell heavily upon the school on account of the many functions connected with the school that were held therein. Basketball was well on the way. This had to be stopped. Our very pleasant graduation functions had to be modified. Just how important a part of the school life this hall was we did not realize until we had the want of it.

But with characteristic fortitude and good cheer the people of Sudbury made the best of the situation so that in so far as the school has been concerned the social life has gone along quite satisfactorily. We are very grateful to the Selectmen of Wayland for the use of the Wayland town hall for the reception.

Sudbury high school is a high school maintained by Sudbury, because of a desire so to act rather than because of legal requirements. Towns having less than 500 families are not obliged to maintain high schools. If such towns choose to maintain a high school these high schools are or may be State aided, the town receiving \$200 for every full time teacher employed therein and a fractional part of such an amount for part time teachers.

The opening of the Redstone school reduced the number in the average membership of the Sudbury public schools so that legally Sudbury high school could not receive State aid. This meant a yearly loss to the town of about \$800. The average membership in the Sudbury schools changed for the better the next year so that in the year 1930 Sudbury high school again became a school to be classified as State aided. This has brought to the town treasury the current fiscal year the sum of \$1,200.

The opening of the Southwest school this last September has placed Sudbury high school in a position in which receipt of State aid is jeopardized. We shall not know positively as to our legal standing in this regard until the State returns for the current school year are in next June and the compilations completed.

This situation was explained to Mr. Boyer, Director at Wayside Inn. Much regret was expressed by him. An offer was made to do anything legally possible to offset the financial loss to the town. As a result of conferences with Mr. Boyer, physical education in the Center school has been provided through the generosity of the Ford interests in Sudbury. We appreciate this much and wish to express our gratitude to Mr. Boyer and to Mr. Ford for this assistance.

Consequently the \$500 appropriated last March for physical education is still in the treasury, some small needs having been supplied from the balance of the appropriation of 1929.

We are not only grateful to Mr. Ford and Mr. Boyer, but we also appreciate the able services in our department of Mr. Verrichione and Miss Monahan so whole-heartedly rendered.

It is a pleasure to have a balance of \$982.03 for future disposal of the town.

The opening of the Southwest school made it unnecessary for us to open the second room at the South school, our fifth grade being very small, permitting fifth and sixth grades to be handled by one teacher in one room. Hence, the unexpended balance of \$982.03.

Principal Flynn agrees with me that our next school year offers organization difficulties that cannot well be overcome unless the room at the South school be opened and sections of the third and fourth grades provided for therein. This will make it possible to have a fifth grade, a sixth grade, a seventh grade, and an eighth grade to a room. Reference

## THE CURRICULUM OF OUR SCHOOL

The curriculum is being, and constantly must be, revised to keep up with the most progressive practices in modern education. The constant aim is not only to train in fundamental processes and skills but also to develop each individual, by using everything that can contribute to his growth and welfare, both mental and physical.

It is with increasing pleasure that I receive the college grades of some of our recent graduates. We know that the good student in Sudbury high school can go directly to college and compete favorably with the students of any of our high schools. However, students and parents must realize that the colleges are demanding high scholarship in their candidates and marks of "A" or "B" are necessary for entrance to any college. Parents who hope even remotely that their children will go to college, should consult the high school principal so that the specialized college course may be carefully followed for four years.

The commercial course continues to prepare many of our pupils to enter the business world and do excellent work.

The following is a list of the courses offered this year, showing the breadth of material available in the Sudbury high school.

- English I., II., III., IV.
- Latin, I., II., III., IV.
- French, I., II., III., IV.
- Introductory mathematics
- Algebra
- Geometry
- Review Mathematics
- Physics
- Biology
- History
- Shorthand I., II., III.
- Typewriting, I., II.
- Bookkeeping, I., II.
- Commercial law
- Drawing—freehand and mechanical
- Music
- \*Aviation
- \*Interior home decoration

\*Specially arranged correspondence courses offered by the University Extension Service, State House, Boston.

## WHAT OUR GRADUATES ARE DOING

## Class of 1930

Ruth Beckwith, stenographical work, New York City.  
 Gertrude Cossar, 4 year teacher training, Keene Normal School.

\*Lillian Davison, secretarial science, Boston University.

William Davison, farm work, Sudbury.

Pauline Dibiase, at home, No. Sudbury, Massachusetts.

Elsa Johnson, advanced course, Framingham Business College.

Marion Knuckey, 4 year teacher training, Keene Normal School.

Ruth Knuckey, post graduate, Sudbury high school.

William Labaree, to enter Boston Normal Art.

Alfred Lowell, farm work, Sudbury.

Angeline Mercury, advanced course, Framingham Business College.

Janet Morrison, Peter Bent Brigham hospital.

Melvin Ramstrom, Wentworth Institute.

Lewis Richardson, Wentworth Institute.

‡Jeanette Smith, Boston University.

‡High honor at graduation.

\*Honors at graduation.

## LIBRARY

The science laboratory has recently been equipped with tables, extra chairs, and shelves. We have about 150 books, many given by friends of the school, to start our growing library. There is a need for reference material for grades five through eight.

## MUSIC

Under the leadership of Mr. Tauton, the musical training is of high grade. This year we have an orchestra of ten pieces. Our radio equipment allows us to get the best programs available.

## PHYSICAL EDUCATION

The addition of Mr. Benjamin Hill to the school teaching staff has been a great aid to our general program of physical education for all. Once each week we have the services of the Ford school physical education supervisors. We hope this year to inaugurate an Annual Field Day, when the children of all the Sudbury schools will meet to demonstrate by games and drills, the values of physical education.

## ATHLETICS

Due to the loss of the town hall, basketball is an impossibility this year. A hockey club has taken the place of a bas-

ketball team and we hope that hockey will become one of the regular sports of the high school. Baseball competition with the surrounding schools plays an important part in our athletic program.

#### PARENT-TEACHER ASSOCIATION

The Sudbury Parent-Teacher association has assigned the work of the lunch room to Mrs. Anna Wohlrab of South Sudbury. About sixty children purchase the hot lunches daily.

The dental clinic which has been such a valuable project in our school, will be continued this year. Dr. Cosgrove of Lexington has been procured to take care of the dental needs of the children at a very low cost.

#### SCHOOL EXHIBIT

Our school exhibit held in the school building was well received. Over 150 visitors examined the work of the sewing, drawing, and normal training departments. The badges offered for prize winners in these departments were furnished by the Sudbury Woman's club. An exhibit of a similar nature will be held in June this year.

Children who undertake high school work should have a definite goal in mind. Parents should insist upon regular home study and regular attendance. High school training is a preparation for a life of worthy citizenship,—the door to opportunity for our youth.

I present my fourth annual report with hearty appreciation of the good work of the regular and special teachers, and the co-operation and support of the superintendent, the school committee, and the townspeople.

Respectfully submitted,

ALAN F. FLYNN,  
Principal.

January 1, 1931.

---

#### REPORT OF SCHOOL PHYSICIAN

Cochituate, Mass., January 12, 1931.

Mr. Frank H. Benedict,  
Superintendent Sudbury Schools,  
Cochituate, Massachusetts.

Dear Mr. Benedict—I herewith submit my report as school physician of Sudbury schools.

The total number examined was 240. Defects were noted as follows:

28 definitely anaemic, 43 poor in posture, 4 pediculi, 2 nits, 58 carious teeth, 42 defective tonsils, 28 symptoms of adenoids, 18 cervical glands, 2 disease of the nervous system, 1 tonguetied, 2 asthmatic, 1 disease of the ear, 2 doubtful and one definite thyroid enlargement, 2 slightly deformed, 36 are ten per cent. or more underweight.

The first toxin-antitoxin clinic was held October 16, 1930, with 53 reporting. Fifty-one received all three doses, one two, and one appeared only once.

I only report the carious teeth that should receive immediate attention. There are many primary ones that are poor which will soon be replaced by others of the permanent set.

I wish to thank you and all others connected with the schools for assisting me in this work.

Respectfully submitted,

ERNEST E. SPARKS.

---

## REPORT OF THE SCHOOL NURSE

To the Sudbury School Committee:

A report of the school nursing for the year ending December 31, 1930, is hereby submitted.

Thirty-nine days were spent in Sudbury school work. One hundred and twenty-four pupils have been advised or treated and sixty-eight follow-up or home visits made.

The routine work of weighing and measuring all pupils twice a year, assisting Dr. Sparks, doing the necessary clerical work and sending home notices of defects, assisting the teachers in planning a health week, and assisting at various clinics has been followed.

Dr. David Zacks of the State Department of Public Health made a follow-up on the underweight clinic on February 21, 1930, discharging both cases.

In September, 1930, thirty-six children were 10 per cent. or more below standard in weight.

Considering the school population at 210 the per centage of dental work done by the dental clinic is 32 per cent. for 1930, against 28 per cent for 1929.

The co-operation of the parents can be shown by taking their children to their own physician for his opinion and needed treatment, when they have been notified by the school physician that their children have certain defects; by observing carefully the rules and regulations of the Board of Health regarding quarantine; and by taking time to make a study of the individual needs of their children as regards habits, food, sleep and play, etc.

The annual diphtheria prevention clinic which was to have been held in April, had to be changed, owing to the prevalence of measles at the time. This clinic was con-

ducted in October when fifty-two pupils were given toxin-antitoxin. Now we are planning to administer the Schick test to this same group before school closes in June.

A pre-school conference was conducted by the Parent-Teacher association on June 19, 1930. Mrs. Gillette was in charge. Dr. French was the examining physician.

The teachers carried on a very interesting program for health week. They made as many lessons as possible apply to health, making "Milk Bottle" booklets, "Our Engine" booklets, arithmetic lessons with the aid of the "Cafeteria," "The Grocery Store," and many other interesting things.

In submitting my sixth report I wish to express my deep appreciation for the assistance received from the School Department and the citizens of the community.

Respectfully,

DOROTHY R. SNELLING, R. N.

Lincoln, Mass., January 19, 1931.

### REPORT OF THE SUPERVISOR OF ATTENDANCE

F. H. Benedict,  
Superintendent of Schools.

Dear Sir—I submit herewith my annual report as supervisor of attendance during the year 1930:

The teachers have reported 25 cases of absence. I have investigated 25 cases. Of these cases some were absent on account of illness; some were illegally absent, but an agreement was secured for better attendance; court action has been taken in one case during the year.

The supervisor of attendance also takes the annual census, which is done as of October 1, 1930, and involves a house-to-house canvass, that all children, residents of Sudbury, on October 1st, 1930, between the ages of five and sixteen may be recorded.

The result of this enumeration is herewith given:

Number of boys five years of age and under seven	24	
Number of girls five years of age and under seven.	29	
Total		53
Number of boys seven years of age and under fourteen	405	
Number of girls seven years of age and under fourteen	71	
Total		476

Number of boys fourteen years of age and under sixteen .....	45	
Number of girls fourteen years of age and under sixteen .....	18	
Total .....		63
Number of resident children attending private schools:		
Boys between 5 and 7 .....	4	
Girls between 5 and 7 .....	3	
Total .....		7
Boys between 7 and 14 .....	27	
Girls between 7 and 14 .....	16	
Total .....		43
Boys between 14 and 16 .....	20	
Girls between 14 and 16 .....	3	
Total .....		23
Number of children attending out of town schools:		
Boys between 5 and 7 .....	0	
Girls between 5 and 7 .....	0	
Total .....		0
Boys between 7 and 14 .....	0	
Girls between 7 and 14 .....	1	
Total .....		1
Boys between 14 and 16 .....	2	
Girls between 14 and 16 .....	4	
Total .....		6
Number of children not attending school of school age:		
Boys between 5 and 7 .....	0	
Girls between 5 and 7 .....	0	
Total .....		0
Boys between 7 and 14 .....	0	
Girls between 7 and 14 .....	0	
Total .....		0
Boys between 14 and 16 .....	3	
Girls between 14 and 16 .....	0	
Total .....		3

Number of children five years old, but under school age:

Boys .....	8	
Girls .....	10	
		18
Total .....		18

Respectfully submitted,

ALVIN S. BRADSHAW.
