SELECTMEN'S REPORT

Your Selectmen have had a busy year and have endeavored to meet all problems in a fair and impartial manner.

STREET LIGHTS

One of the first problems of the Selectmen was what to do about Street Lights. The Town voted \$2800. The fixed charge was \$2446.80, and the amount spent for January, February and March was \$224.61 leaving a balance of \$128.59. The Selectmen voted to discontinue all lights during daylight saving months for the following reason. To meet this budget it would have been necessary to discontinue more than half of the lights and we were sure that the Town would vote to reinstall most of these lights and the cost would have to be paid by the Town.

INSURANCE

Included in this account this year is a new item—Liability Insurance. The Town does not have insurance on Town owned vehicles and is not responsible, and the driver is personally liable for any accident that might happen. This insurance will protect the drivers of all Town owned vehicles.

TOWN HALL

The Selectmen have made new regulations and charges for the use of the Town Hall. We now charge everyone for the use of the hall, (with the exception of the High School) and in this way we have doubled the income this past year.

TRAFFIC

The Selectmen realized that traffic in some parts of the Town needed more police protection. We are asking for a grant of \$500 for a part time officer to police where conditions warrant it.

CEMETERIES

An article in the warrant calls for the Town accepting as a gift the Wadsworth Cemetery. Many lots in this cemetery have been neglected, and the trustees would like to have the Town take over. The Selectmen could put this cemetery in good condition through a W. P. A. Project.

ZONING LAWS

The Selectmen would like to call attention to the citizens of the Town regarding the Zoning Laws. In many instances the cellars or foundations have been started without a building permit, and in many cases these buildings did not comply with the restrictions set up in the Zoning Laws. It would help greatly if the citizens would call on the Building Inspector, Mr. Davison, and apply for a permit.

In closing we hope you will carefully consider the report of the Finance Committee. This committee has spent much time and given a great deal of thought to their report.

Respectfully submitted,

EVERETT D. HAYNES, LAWRENCE B. TIGHE, JOHN C. HALL.

REPORT OF FINANCE COMMITTEE FOR 1941

To the Board of Selectmen Sudbury, Massachusetts

Gentlemen:

The Finance Committee of the Town of Sudbury respectfully submit their report for 1941, together with their recommendations and comments, as follows:

The total sum appropriated by the Town in 1940 was

\$85,194.77.

Unpaid bills amounting to \$1207.71 have been carried over into 1941. \$2800 was transferred from the Road Machinery Fund to the Road Machinery Account at the time of the Town Meeting. Hence, for the purposes of comparison with the sums requested and recommended for 1941, this figure should be established at \$89,202.48.

The requests for 1941 total \$94,468.82. The sum of \$89,022.17

is recommended.

Uncollected taxes as of January 1, 1941, totalled \$41,291.38. No transfers can be made from the Road Machinery Fund at this time. When this report was written it appeared unlikely that

transfers could be made from surplus funds.

The total saving recommended as against the amount requested should not impair the efficient conduct of Town affairs nor reduce essential services. Beyond that, it will save approximately \$2.00 per thousand in the tax rate, as compared with the amount requested.

The 1940 transfers from the reserve fund were as follows:

Election Expense	.\$ 58.31
Incidental Account	50.00
Street Lights	. 250.00
Public Welfare	. 486.90
Assessors Expense	
Registrars Expense	, 25.65

\$	6,194.00	\$7,275.00	\$7,178.35

The Finance Committee recommends one motion to cover the salaries and expenses of Town Officers in the amount of \$7178.35.

While this is an increase of \$984.35 over the amount granted in 1940,—\$211.00 increase for the Treasurer's expenses and \$490.00 increase for the Board of Health expenses, a total of \$701.00, must be regarded as obligatory.

The increase in the salary of the Town Treasurer should mean a net saving of \$50 to the Town in legal expense, because the Treasurer will complete the forms necessary to take tax titles.

The \$200 recommended as salary for W. P. A. Sponsor's Agent is a net increase of \$75.00. \$125 was paid by Welfare as a salary to the W. P. A. Sponsor's Agent in 1940, and this latter amount has been deducted from Public Welfare Salaries.

The appointment of a full-time Town Accountant and Clerk of all Boards is strongly recommended, with the understanding that the Clerk would observe regular daytime office hours at the Town Hall. By reducing the salaries and expenses of other Boards, and by eliminating the work done by special clerks of other Boards and applying the resulting savings to the salary of the Town Accountant, little expense would accrue to the Town, actual savings should be in sight over the next few years, and a more orderly conduct of Town business should result.

\$ 17,161.81 \$18,772.62 \$17,172.62

The Finance Committee recommends one motion to the amount of \$17,172.62 to cover miscellaneous routine expenses.

The income from the Town Hall amounted to \$264.00, a substantial increase over last year.

The Reserve Fund is adequate to take care of small emergencies and small overdrafts against the budget. Care in keeping expenditures within the budget should make a larger Reserve Fund unnecessary. Large expenditures above the amounts granted should be the subject of discussion at a special Town Meeting.

The sum of \$625.00 is recommended for Parks and Cemeteries, provided the Town votes to take over the present Wadsworth Cemetery. Provided the Town votes against this article, the amount recommended is \$425.00.

The recommendation for \$400 for the Tree Warden is made on the basis that this amount was regularly recommended and granted prior to the hurricane.

An increase of \$100.00 over the amount requested has been recommended for the Moth Department. On this basis, lead should be provided by the State, and additional care and spraying together with the use of a proper sticker, should make a second spraying for Elm Leaf Beetle unnecessary.

There is at present a law pending before the General Court of Massachusetts which would make the carrying of liability insurance by towns obligatory.

The increase in insurance on Town property is in accordance

with up-to-date appraisals.

\$	16 100 00	\$20.200.00	\$18.200.00

The Finance Committee recommends one motion in the amount of \$18,200.00 to cover expenditures by the Highway Department.

It is expected that \$9,600.00 will be available for Chapter 81 Roads. Legislation is pending, however, which would require the Town to appropriate an equal amount. Therefore it is necessary to recommend \$9,600.00 to provide adequate funds should this proposal become law.

The maximum Town share for Chapter 90 Maintenance is

\$2,000.00.

A reduction in the General Highway Account is recommended because of the necessity of providing additional funds for Chapter 81.

During the year it should be possible to increase the Road Machinery Fund, which may be transferred to the Road Machinery Account. Hence the recommendation for a lower grant for the Road Machinery Account.

The total sum available for road work during 1941 on the basis

of these recommendations will be \$34,200.00.

The Finance Committee recommends one motion appropriating the amount of \$11,250.00 to cover Public Welfare, Old Age Assistance, Soldiers' Relief, and W. P. A. and other Projects.

Recommendation to reduce the Welfare by \$1000.00 is made

because of increased work which will be available on Town roads and on W. P. A. and other Projects.

The increase of \$300.00 in Soldiers' Relief is believed neces-

sary.

- Article 10. To see if the Town will establish a Town Forest on land of low value acquired by the Town due to tax titles sales.
- Article 11. To see if the town will amend its by-laws pertaining to its Finance Committee replacing Sections 1, 2, 3, and 4 of Article 4 of its present by-laws by the adoptions of the following:

Section 1. There shall be a Finance Committee consisting of five legal voters of the town ,who shall be appointed by the Selectmen as hereinafter provided. No elective or appointive town officer or town employee shall be eligible to serve on said committee.

Section 2. This by-law shall become effective the day following the adjournment of the 1942 Annual Town Meeting and the term of office of the existing Committee shall be extended until the qualification of the new board. The Selectmen shall within thirty days after this by-law becomes effective appoint three members of said Committee for terms of one year, two members for terms of two years. Within thirty days after each annual town meeting thereafter the Selectmen shall appoint two members of said committee for terms of two years and one member for a term of one year. The terms of office of said members shall commence immediately upon qualification and shall expire at the close of final adjournment of the annual town meeting at which their successors are appointed. Said committee shall cause to be kept a true record of its proceedings.

Section 3. The said committee shall fill any vacancy which may occur in its membership, by vote, attested copy of which shall be sent by the secretary to the Town Clerk. If any member is absent from five consecutive meetings of said committee, except in case of illness, his position shall be deemed to be vacant and shall be filled as herein provided. The term of office of any person so chosen to fill a vacancy shall expire at the final adjournment of the next succeeding annual town meeting, and the Selectmen shall appoint his successor to complete the unexpired term of the member in whose office such vacancy originally occurred.

Section 4. It shall be the duty of this committee to consider all articles of any town meeting warrant under which appropriation of money may be made, and report in writing to the Selectmen, their recommendations. The Selectmen shall cause this report to be printed in the annual town report. The Finance Committee shall hold a public hearing thereon. Notices of hearing to be posted not less than seven days previously in the same manner as notices for the town meetings.

Section 5. For special town meeting the Selectmen shall immediately furnish the Finance Committee with a copy of the warrant. The Finance Committee shall hold such hearings as may in their judgment be required, and report in writing to the Selectmen at the meeting.

Section 6. It shall be the duty of the Finance Committee annually to consider the expenditures in previous years and the estimated requirements for the ensuing year of the several boards, officers and committees of the town, as prepared by them in such form and detail as may be prescribed by said committee and submitted to said committee not later than Dec. 21. The said

committee shall add to such statement of expenditures and estimates another column, giving the amounts which in its opinion should be appropriated for the ensuing year, and shall further add thereto such explanations and suggestions relating to the preposed appropriations as it may deem expedient, and report thereon as provided in section four.

Section 7. In the discharge of its duty, said committee shall have free access to all books of record and accounts, bills and vouchers on which money has been or may be paid from the town treasury. Officers, boards and committees of the town shall, upon request, furnish said committee with facts, figures and any other information pertaining to their several activities.

Section 8. It shall be the duty of the Finance Committee to make an annual report of its doings, with recommendations relative to financial matters and the conduct of town business to be contained in the annual town report. Such report shall be submitted to the Selectmen not later than Feb. 10th.

And you are required to serve this warrant by posting attested, printed copies thereof at the town house, each public meeting house, railroad station and post office in said town, seven days at least before the time appointed for said election.

Hereof fail not and make due return of this warrant with your doings thereon to the town clerk, at or before the time of meeting aforesaid.

Given under our hands this fourteenth day of February, one thousand nine hundred and forty-one.

EVERETT D. HAYNES, Chairman LAWRENCE B. TIGHE, Clerk JOHN C. HALL,

Selectmen of Sudbury.

Mr. Everett D. Haynes, Chairman Board of Selectmen Sudbury, Mass.

Dear Sir:

In accordance with a vote of the town and a request by Frank F. Gerry, Town Clerk, I am commenting briefly on your town report.

The great majority of our towns publish financial data in classified form which follows the general plan as outlined in the forms supplied when an accounting system was installed in Sudbury. Under Section 43 of Chapter 44 of the General Laws, I must annually send to each city and town schedules so arranged as to provide for uniform returns giving detailed statements of receipts classified by sources and payments classified by objects. As town officials are required to make annual returns on the schedules, we have planned our system of accounts to facilitate the making of such returns and also to make possible a comparison of revenues and costs with those of other towns. The general classification scheme follows that originally planned by the Federal Bureau of the Census and is in general use throughout the United States and Canada. It must be expected that certain local problems will be brought in, but this in no way interferes with the plan in general.

Your town report recognizes this general plan, but unfortunately some of the accounts have been entered out of order. For example, the Road Machinery Fund is between "Grants and Gifts" and "Licenses and Permits" should follow departmental earnings; the Water Department precedes Welfare items and, since it is an enterprise, it should follow the general accounts. In brief, it would be a very easy matter to rearrange the items so as to show a functional classification and the activities within the functions. The town report in general shows the purpose of the expenditures and sources of receipts which are common to the great majority of municipalities throughout the Commonwealth. We do have some towns which insist upon publishing not only the purposes of expenditures but also the names of the persons or firms to which payment is made. This may be done, but it means a much greater cost both in preparing and printing the

report and we have therefore not recommended it, for any interested citizen can easily secure this information if he will visit the town accountant's office and examine the records. The separate reports show in great detail the purpose of the expenditures, and I believe that a duplication by the town accountant is unnecessary.

The town report should, however, show in a table the summary of appropriations made and the expenditures from the same, together with the unexpended balances. This, in fact, is required by statute. Such a table presents a simple, condensed statement of the year's business and will be very helpful to those not familiar with all town activities.

You have in the town accountant's report a balance sheet which is in very good form and all it needs to clarify it is a short comment on the meaning of some of its terms.

A number of departments have their reports incorporated in the town report and this practice is a good one as it furnishes detailed information which could not be furnished by the town accountant. If you wish to reduce the cost of printing, it can easily be done by using smaller type and eliminating some of the blank spaces, but retaining all the information now included in the report.

I realize that there is a tendency to change our town reports by giving much space to pictures, graphs and the like, but I feel that what we still need are facts set forth in clear and simple language, and no changes should be made which will eliminate the simple, clear statements that we all understand. Our desire to have the accounts presented in a uniform way is chiefly for the purpose of comparison, not that we think one town which spends more than another of similar size is extravagant or one which spends less displays great business acumen, but rather that such presentation shows the costs of functions or activities so that we may see what is received for the money expended and then judge the efficiency or inefficiency of our town officials.

Very truly yours,

(Signed)

THEODORE N. WADDELL, Director of Accounts

As a basis of this revision, there was used the attested copy of the Town By-Laws, as revised March 1926 and published by the Town Clerk in the News-Enterprise, December 24, 1926.

BY-LAWS OF THE TOWN OF SUDBURY

As Revised February 1, 1941

ARTICLE I

TOWN MEETINGS

Section 1. The annual Town Election shall be held the first Monday in March at the Town Hall at such time as the Selectmen may determine, and the annual business meeting shall be held the following Wednesday at such time in the evening as the Selectmen may appoint; or do or act thereon.

Section 2. Notice of every town meeting shall be given by posting printed, attested copies of the warrant therefor at the Town House, at each public meeting house, post office and railroad station in the town, at least seven days before the time appointed for such meeting.

ARTICLE II

GOVERNMENT OF TOWN MEETINGS

Section 1. The Moderator shall, at the time and place appointed, call the meeting to order, and forthwith proceed to read the call for the meeting, and the return of the person or persons who served it.

Section 2. The powers and duties of the presiding officer, not especially provided for by law, or by these by-laws, shall be determined by the rules and practice contained in Cushing's Manual, so far as they are adapted to the conditions and powers of the town.

Section 3. The presiding officer while occupying the chair shall not participate in any discussion before the meeting.

Section 4. Except for the election of town officers, no meeting shall be legal unless a quorum is present, and a quorum shall consist of five percent of the registered voters at the last previous registration.

Section 5. Every person speaking shall address the chair, standing and uncovered.

Section 6. No person not a voter, shall address the meeting without first obtaining consent of the meeting.

Section 7. No person shall speak more than twice upon any question without first obtaining the consent of the meeting, except to correct an error, or make an explanation, nor until all others who have not spoken upon the question, and desire to do so, shall have an opportunity.

Section 8. All motions shall be reduced to writing before being submitted to the meeting, if required by the presiding officer or clerk.

Section 9. No vote fixing the time for closing a ballot shall be reconsidered after said ballot shall have begun; but an extension of the time may be had by vote without reconsideration.

Section 10. Deleted by Amendment.

Section 11. When a question is under debate, motions may be received to adjourn, to lay the matter on the table, the previous question, to postpone indefinitely, to postpone to a certain time, to commit, and to amend; which several motions shall have precedence in the order in which they are herein enumerated, and the first three shall be decided without debate.

ARTICLE III

TOWN AFFAIRS

Section 1. The financial year shall commence on the first day of January and end on the last day of December following.

Section 2. The town's financial affairs shall be governed by the applying sections of Chapters 41 and 44 of the General Laws, revision of 1921 and amendments and additions thereto.

Section 3. All town boards and officials, whether appointed or elected, and all committees having had any financial transactions during the preceding financial year, shall make a written report in detail, which report shall be delivered to the accountant on or before January 15th. The accountant shall audit these reports and deliver them to the Selectmen not later than February 15th.

The Selectmen shall cause all such reports and reports of any other boards or committees to be printed in pamphlet form and placed in the hands of the town clerk who shall cause them to be distributed to the citizens of the town at least five days before the annual meeting in March of each year.

Section 4. All boards and department heads shall cause records of their doings and accounts to be kept in suitable books and the persons having charge of the same shall transmit them to their successors in office. Whenever any vote affecting any town officer or officers is passed, the clerk shall transmit a copy of the same to such officer (officers), and the said copy shall be kept by said officers and be transmitted to their successors if anything therein contained shall appertain to their duties.

Section 5. Any voter shall at any reasonable time have access to the books of the Town, and have the right to examine them and take copies thereof, by applying to the officer having charge of the same.

Section 6. The income of all "Charity Funds," except as otherwise provided in deed of gift, shall be awarded and distributed by the Selectmen, and the names of the recepients of said income shall be filed with the Town Clerk.

ARTICLE IV

FINANCE COMMITTEE

Section 1. The Selectmen shall, annually, within the first week of January, appoint a finance committee of five members, none of whom shall hold any other town office.

Section 2. It shall be the duty of this committee to consider all articles of any town meeting warrant under which appropriation of money may be made, and report in writing, to the Selectmen, their recommendations. The Selectmen shall cause the report for the annual meeting to be printed in the town report.

Section 3. Each town department shall annually submit to the finance committee, not later than January 15th, an estimate of its requirements for the ensuing year, and the Selectmen shall report all other requests for annuantiations

other requests for appropriations.

The Finance Committee shall hold a public hearing thereon. Notices of hearing to be posted not less than seven days previously in the same manner as notices for the town meetings.

The finance committee shall, not later than February 10th, submit to the Selectmen their written report with their recommendations.

(Note. Chapter 41, Section 59 of the General Laws, supercede a part of this by-law to wit: "The select-men and all boards, committees, heads of departments or other officers of a town authorized by law to expend money shall furnish to the town accountant, or, if there is no town accountant, to the appropriation, advisory or finance committee, if any, otherwise to the selectmen, not less than ten days before the end of the town financial year, detailed estimates of the amounts necessary for the proper mainten-ance of the departments under their jurisdiction for the ensuing year with explanatory statements as to any changes from the amounts appropriated for the same purposes in the preceding year, and an estimate of amounts necessary for outlays or permanent improvements, etc. . . . ".)

Section 4. For special town meetings the Selectmen shall immediately furnish the finance committee with a copy of the warrant. The finance committee shall hold such hearings as may in their judgment be required, and report in writing to the selectmen at the meeting.

ARTICLE V

PUBLIC SAFETY

Section 1. Outdoor Advertising. No person, firm, association or corporation shall erect, display or maintain a billboard, sign or other outdoor advertising device, except those exempted by Sections 30 and 32, of Chapter 93, of the General Laws:

- (a) Within fifty (50) feet of any public way.
- (b) Within three hundred (300) feet of any public park, playground or other public grounds, if within view of any portion of the same.
- (c) Nearer than fifty (50) feet to any other such billboard, sign or other advertising device, unless said billboards, signs, or other advertising devices are placed back to back.
- (d) On any location at the corner of any public ways and within a radius of one hundred and fifty (150) feet from the point where the center lines of such ways intersect.
- (e) Nearer than one hundred (100) feet to any public way, if within view of any portion of the same, if such billboard, sign or other advertising device shall exceed a length of eight (8) feet, or height of four (4) feet.
- (f) Nearer than three hundred (300) feet to any public way, if within view of any portion of the same, if such billboard, sign or other advertising device shall exceed a length of twelve and one-half (12½) feet, or a height of six (6) feet.
- (g) No billboard, sign or other advertising device shall be erected, displayed or maintained in any block in which one-half of the buildings on both sides of the street are used exclusively for residential purposes; except that this provision shall not apply if the written consent of the owners of a majority of the frontage on both sides of the street in such block is first obtained and is filed

- with the Division of Highways of the Department of Public Works, together with the application for a permit for such billboard, sign or other advertising device.
- (h) No billboard, sign or other advertising device shall be erected, displayed or maintained until a permit therefor has been issued by the Division of Highways of the Department of Public Works, pursuant to the following provisions:

Upon receipt from said Division of a notice that application for a permit to erect, display or maintain a billboard, sign or other advertising device within the limits of Sudbury has been received by it, the Selectmen shall hold a public hearing on said application in Sudbury, notice of which shall be given by posting the same in three or more public places in said town, at least one week before the date of such hearing.

A written statement as to the results thereof shall be forwarded to the Division, containing, in the event of a disapproval of such application, the reasons therefor, within thirty days from the date of notice to the town that an application for such a permit had been made.

This by-law shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof, as for sale or to let; and provided further that this by-law shall not apply to billboards, signs or other advertising devices legally maintained, at the time of its approval by the attorney-general.

Section 2. Sale of Goods in Highways: No person shall erect or maintain a stand or otherwise display or sell any articles within the limits of any highway. Violation of this by-law shall be punished by a fine not exceeding \$20 for each offence.

Section 3. Deleted by the Attorney-General.

Section 4. No person shall tie or fasten any horse, cattle or team to any of the trees in the public ways of the town, nor drive into the same any nails, spikes, hooks or clasps, nor affix any boards or signs thereto.

Section 5. No person shall pasture or tether any animal in any street in the town, in such a manner as to obstruct the streets or sidewalks, under a penalty of not less than two nor more than twenty dollars.

Section 6. No person shall pasture any animal upon any street or way in the town, with or without a keeper, except within the limits of such way adjoining his own premises, and on the same side of the street therewith, under a penalty of not less than two nor more than twenty dollars for each offence.

Section 7. No person shall place or cause to be placed in any public way or square, any rubbish, dirt, wood, timber or other material to obstruct or mar the appearance of said way or square.

Section 8. Persons are prohibited from dumping, throwing or leaving dead animals, or rubbish on or beside our public highways. Person not complying with this regulation shall be liable to a fine of not less than \$20.00 for each offense.

ARTICLE VI Enforcement

Section 1. It shall be the duty of the selectmen to prosecute all parties who may cut, mark, deface, defile or in any manner damage or injure any public building belonging to the town, or any outbuilding connected with said public buildings, or who may damage or injure any fence enclosing any land belonging to the town.

Section 2. Every violation of the foregoing by-laws, not otherwise provided for, shall be punished by fine of not less than five dollars, nor more than twenty dollars, and all penalties recovered from such violation shall be paid into the treasury of the town, to inure to such

use as the town shall from time to time direct.

ARTICLE VII LEGAL AFFAIRS

Section 1. The selectmen may, in their discretion, employ counsel to prosecute all violations of law, or in any matter pertaining to the business of the town.

Section 2. The selectmen shall have the authority to settle at their discretion any claim or suit to which the town is a party which does not require the payment of more than \$200.00.

ARTICLE VIII PLANNING BOARD

Section 1. A board of five members is hereby created and established, to be known as the Planning Board. At the annual town meeting to be held March 4, 1929, there shall be elected one member to serve for one year, two members to serve for two years, and two members to serve for three years, and thereafter they shall be elected on the official ballot in each year, such members as are required to fill the vacancies, as follows, at the annual election for the year 1931, the one year member shall be elected for a term of two years, the two year members for terms of three years, thereafter all members shall be elected for terms of three years. Vacancies otherwise occurring shall be filled as provided in General Laws, Chapter 41, Section 2.

Section 2. The duties of the board shall be such as are provided by law, and further to consider and advise upon municipal improvements, either at the request of other officials of the town or upon its own initiative. It shall consider and develop a town plan, with special attention to main ways, land improvements, zoning, playgrounds and parks, and sites for permanent school plants. The board shall meet at regular intervals. It may hold public meetings. It shall at all times have access to public documents or information in the possession of any town official or department. It shall examine the plans for the exterior of any public building, monument, or similar feature, and for the development and treatment of the grounds about the same before the adoption thereof, and may take such recommendations thereon, as it may deem needful. It may provide for public lectures and other educational work in connection with its recommendations. It may incur expenses necessary to the carrying on of its work, within the amount of its annual or special appropriations.

Section 3. All plans for laying out, extending, discontinuing or changing the limits of any public park, or square, and every purchase of land for the site of any public building, and all plans for the location, erection, or alteration of public buildings, shall be submitted to said board for its opinion, at least two weeks in advance of action by the board of selectmen or the town.

Section 4. Such board shall make a report to the town annually giving information regarding the condition of the town, and any plans or proposals for the development of the town, and estimates of the cost thereof. Such report shall be sent to the selectmen not later than such time in January in each year as the selectmen may prescribe, or as may be prescribed by law in force relative to reports, and a copy thereof shall be filed with the Massachusetts Department of Public Welfare.

ARTICLE IX Zoning By-Law

In order to preserve and promote the health, safety, morals, convenience and welfare of the townspeople; to lessen the danger from fire, to improve and beautify the town and to stabilize the value of real estate, the following regulations for the use of premises and the construction, location, and use of buildings and structures are hereby established under the General Laws relating thereto.

Section 1

The Town of Sudbury is hereby

divided into three types of districts. the boundaries and designations of which are as shown on a map entitled "Zoning Map of the Town of Sudbury, Mass. Prepared by E. N. Montague, C. E. Dated December signed by the Planning Board and on file with the Town Clerk. The Business and Industrial Districts are denoted on said map by letters and numbers as B1, B2, B3, etc., I1, I2, I3, etc. All other areas of the Town are Single Residence. Said map and all explanatory matter thereon are hereby made a part of this By-Law.

- A. The following uses shall be permitted in Single Residence Districts
- (1) Agriculture, truck gardening, the raising or nursery stock or plants, or the conducting of boarding or lodging houses.
- (2) Customary home occupations, or a light industrial activity in a dwelling or accessory building, conducted only by the owners of the building, provided it does not change the nature of the district, as the Board of Appeals may approve and grant permits therefor.
- (3) The development of an industry utilizing for power the flow of a natural watercourse, after a permit is granted by the Board of Appeals and subject to restrictions laid down by said Board.
- B. The following uses shall be permitted in Business Districts.
- (1) Any use permitted in Single Residence District.
- (2) Stores, shops, restaurants, garages and repair shops.
- (3) Such similar uses as the Board of Appeals may approve and grant permits therefor.
- C. The following uses shall be permitted in Industrial Districts.
- (1) Any use permitted in Single Residence, or Business Districts.
- (2) Any industry or manufacturing which will not be seriously detrimental or offensive to adjoining districts or tend to reduce property values by reason of dust, odor, fumes, smoke, gas, wastes, refuse matter, noise or excessive vibration or danger of explosion or fire.

D. Nothing in the above shall prohibit the building of Single Residences and their appurtenant buildings in any section of the Town.

Section 2

In the event that a non-conforming building or structure existing at the time of passage of the zoning by-law is destroyed or damaged, it may be reconstructed and used as before said destruction or damage, provided that the reconstruction is commenced within two years from the date of destruction or damage and the building or structure completed and the use resumed within one year thereafter. Nothing in this by-law shall be construed to permit the reconstruction or resumption of use of a building or structure destroyed or damaged except substantially as it existed prior to said destruction or damage, and in compliance with any existing laws.

In the event that a non-conforming use of premises is abandoned for a period of three years such non-conforming use shall be considered to have been extinguished and the premises be subject to the regulations of the District in which said premises are located.

Section 3

Except as hereinafter provided, no parcel of land in any district shall be used for any purpose other than that for which the district is established, as provided in Section 1.

Section 4

The use, construction, alteration, height and area of buildings and the use of premises in the aforementioned districts shall be regulated and restricted as hereinafter provided.

Section 5

No building for use as a habitation, for business, for industry or accessory buildings shall be erected after this by-law becomes operative without a permit from the Selectmen, showing that the requirements of the districts affected have been substantially complied with. Said permit shall be posted

conspicuously on the premises to which it applies during the time of construction. No lot, nor the building or structure, shall be changed in size so as to violate the provisions of this by-law.

Section 6 BOARD OF APPEALS

The Selectmen shall within thirty days of the acceptance of this bylaw appoint a Board of Appeals of five members, one for the term of five years, one for the term of four years, one for the term of three years, one for the term of two years, and one for the term of one year. At the expiration of the terms of these original appointees, appointments shall be for the term of five years. Vacancies shall be filled by the Selectmen by appoinment for the balance of the term in which the vacancy occurs.

Associate members, to fill vacancies caused by unavoidable absence, inability to act or interest on the part of a member, shall be appointed by the Board of Selectmen annually for a term of one year.

APPEALS. Any person aggrieved by the refusal of the proper authority to issue a permit under the provisions of this by-law, or any person aggrieved by a decision of the Board of Appeals made under provisions of this by-law, may appeal under the provisions of Section 30, Chapter 40 of the GENERAL LAWS.

Section 7 SPECIAL PERMIT BY BOARD OF APPEALS REQUIRED

A permit may be issued for the erection, in any Single Residence District, of a building for the use of a business or industry, or for the alteration or conversion of a building for or to such purposes, or for the conversion of a single residence into two dwelling units provided such conversion does not destroy the single residence character of the building, if the Board of Appeals shall, after public hearing so permit: PROVIDED that there be filed with the application for such permit, written consent thereto, signed and acknowledged by the owners or legal representatives of the owners, of two-thirds of the area of all lands used for the purposes for which said district is restricted, as provided in Section 1 hereof, which are within 500 feet of the lot for which the permit is requested.

Section 8

The removal of sod or loam for sale, except when incidental to and in connection with the construction of a building for which a permit has been issued by the Selectmen, or the use of land for a cemetery, playground, picnic ground, for educational purposes or recreation field, shail be allowed only if the Board of Appeals shall rule that such removal or use is not detrimental to the neighborhood.

Section 9

No permit shall be granted under the foregoing Sections 7 and 8 except after a public hearing before the Board of Appeals. Hearings by the Board of Appeals shall be notified and held as provided in Chapter 40, Section 30, General Laws. No permit shall be granted if by so doing a hazard or nuisance will be created.

Section 10

The removal and sale of sand or gravel is permitted in any district, provided such removal is not detrimental to the adjoining property and that no excavation lower than the grade of any road upon which such excavation abuts shall be made nearer than 50 feet from such road boundary, and that the slope of any side of the excavation abutting on a road or on adjoining property shall not be steeper than the angle of repose of that particular soil.

Section 11

The raising of swine, poultry, fur bearing animals and kennel keeping will not be permitted in any business, industrial or Single Residence district; but the establishment of any of the above enterprises as a business or industry within Single Residence districts after the adoption of this by-law shall be allowed only by a permit by the Board of Appeals, and the said Board may impose whatever

regulations it deems advisable upon the applicant.

Section 12 GENERAL PROVISIONS

Overnight cabins, trailer camps and tents, may be established only in a Business district, provided a permit therefor is granted by the Board of Appeals. The said Board shall make in each instance such regulations as it deems advisable for the disposal of sewage, refuse and other waste matter.

Section 13 NON-CONFORMING USES

Any lawful use being made of any building, structure or premises at the time this by-law takes effect, may be continued even though such use does not conform to the regulations of the district. But this section shall not be construed as to permit any extension of a nonconforming use greater than that existing at the time this by-law takes effect.

Section 14

In all Single Residence Districts, no building hereafter erected shall be nearer than 50 feet from the center line of the street or way upon which it fronts, or nearer than 20 feet from the side lines, or 30 feet from the rear line of the lot upon which it is situated.

In Business Districts, no building hereafter erected shall be nearer than 40 feet from the center line of any street or way. Except that if permitted buildings exist on each of the adjoining side lots, the front line of the proposed building may conform to the front line of the existing buildings. Projecting eaves and uncovered steps may project into the restricted space.

One story accessory buildings other than garages attached to the house shall be built at the rear of the house, not nearer than 5 feet from any side or rear lines, nor 15 feet from any structure for habitation or any accessory building on an adjoining lot. Provided that, if said accessory building is of noncombustible construction, the prohibition as to adjoining buildings may be voided.

Section 15

No building used for habitation shall be built, extended or otherwise enlarged so that, with its accessory buildings it covers more than 40% of the lot upon which it is situated.

No building used for Business or Industry shall cover more than 75% of the area of the lot if on a corner lot, or 60% if on an interior lot. The open space required shall be so located as to properly light and ventilate the building, and give free access in case of fire.

Section 16 HEIGHT REGULA-TION

The limit of height in all Single Residence Districts shall be two and one-half stories, not to exceed thirty-five feet to the ridge, except that schools and municipal buildings may contain three full stories and may be erected to a hight of forty-five feet.

The limit of height in Business and Industrial Districts shall be three stories, not to exceed forty-five feet at the highest point of the roof.

The limitations of height in feet shall not apply to chimneys, ventilators, skylights, tanks, bulkheads, penthouses and other accessory features usually carried above the roofs, nor to towers or spires of churches and other buildings, if such features are in no way used for living purposes.

Section 17

In Single Residence Districts, land laid out after adoption of this by-law shall provide for each residence a minimum lot area of 20,000 square feet with the least dimension of the lot 100 feet.

Lots shown on any plan duly recorded by deed or plan at the time this by-law is adopted may be used, provided that all requirements in regard to setbacks and yards are fulfilled.

Section 18

(a) At every filling station hereafter constructed, the building shall be located at least 60 feet from the center line of the highway. No pump shall be nearer than 50 feet from the center line of the highway and no filling shall be done except in cars standing on property of the filling station.

(b) No public garage for the repair of cars and no filling station shall be located in any portion of a Business district or Industrial district which is within 300 feet of a school.

Section 19

Sales stands for the sale of farm products shall be permitted in any district, provided they do not, by their location violate set back or side line restrictions.

Section 20

Any person violating any provisions of this by-law shall be subject to a fine not exceeding \$20.00 for each violation. Each day during which any violation exists shall be deemed a separate offense.

Section 21 ENFORCEMENT

The provisions of the by-law shall be administered by the Selectmen until such time as there shall be an Inspector of Buildings. Section 22

The invalidity of any section or provision of this by-law shall not invalidate any other section or division thereof.
Section 23

This by-law shall take effect as provided by law.

ARTICLE X

AMENDMENTS

Section 1. These by-laws may be amended at any annual town meeting.

Section 2. These by-laws shall supersede all previous by-laws.

REPORT OF THE BOARD OF APPEALS

To the Board of Selectmen:

During the year 1940 the membership of the board changed so that Aubrey W. Borden, who had previously acted as an alternate, replaced John C. Hall as a regular member, and Carleton W. Ellms was appointed to act as the second alternate. Upon the retirement of Mr. Hall as clerk of the board Webster Cutting was elected to take over such duties.

Various applications for special permits and variances to the existing by-laws have been received and acted upon in such manner as to give relief to the applicants from a strict enforcement of the terms of such laws without serious detriment to the public good and without detraction from the purpose of the regulations contained in the zoning by-laws of the town. Applications, also, have been acted upon unfavorably when, in the opinion of the board, such refusal to grant was in the interest of public good.

Alternate members have been called upon to act in place of regular members at various times, either because of a personal interest on the part of the member or because he was not available at the time of the hearing.

The following is a list of the applications received by the board and actions taken:

C. R. Poole,—to establish a mink raising business on Landham Road. Permit granted with restriction.

Seymore Wells,—Puffer Lane, No. Sudbury, to extend

poultry raising business. Permit to extend by 100 hens.
Catherine Bancroft, Sudbury Center,—to conduct home

bakery. Permit granted with restrictions.

Francis S. Farrell,—to remove loam incidental to drainage. Permit granted.

Joseph Mercury, to conduct sales stand on State Road.

Herbert E. Snow, Dutton Road,—to raise turkeys. Permit granted with restrictions as to location.

Lawrence Borey,—to conduct poultry business in Pine Lakes district. Permits refused.

Pedro A. Silva,—to establish poultry business in Pine Lakes district. Permit refused.

Newton M. Bent,—to increase poultry business off State

Road, West. Permit granted.

Young Men's and Young Women's Armenian Society of Mass., Inc.,—to hold picnics at property on North Road owned by the Armenian Society. Permit refused.
Marion H. Kenely,—to convert house on Maple Ave. from a

single residence to a two tenement house. Permit granted.

Alfred DaPrato,—to raise poultry at Puffer Lane, No. Sudbury. Permit granted.

Roland Cutler, Jr., Landham Road,—to erect greenhouse nearer than 50 feet to the center line of the street. Permit granted.

Harry Rice,—to renew permit to sell loam incidental to drainage. Granted.

The board has held to a strict compliance with the Statutes governing the calling of hearings, on all of the above applications by notifying abuttors, posting notices and publishing such notices in a local newspaper. In cases where the owners of two-thirds of the land abutting within 500 feet of the applicant's property must give their consent before action could be taken by us. We have insisted this provision be complied with.

This board has conscientiously endeavored to perform its duties in such manner as to assist citizens to carry on their personal activities more conveniently while at the same time preserve the general character of the district and encourage a healthy development within the town.

Respectfully submitted,

HARVEY N. FAIRBANK, Chairman for the Board.

INSPECTOR OF ANIMALS REPORT

To the Board of Selectmen of Sudbury:

I submit my report as Animal Inspector for the year 1940.

I have inspected 51 places where cattle, sheep and hogs were kept, as ordered by the State Department of Live Stock Disease Control.

730 head of cattle, 3,000 hogs and 65 sheep were found. All cattle coming in from other States were released from quarantine where they had the proper papers with them.

All dog bites were reported to me by the Board of Health. The Dogs were quarantined for 14 days and if they showed no signs of Rabies they were released. No Rabies were found.

CLIFFORD S. WRIGHT, Inspector of Animals.

MIDDLESEX COUNTY EXTENSION SERVICE

This is a report of work done in Sudbury during 1940 by the

Middlesex County Extension Service:

A twilight pasture meeting was held on the Harry Rice farm to see the demonstration of Reed's canary grass grown on meadow land.

Mr. William Hazen Davis is co-operating with the plans of the soil conservation service for soil and moisture conservation and the prevention of erosion.

Assistance has been given to farmers in planning barn construction, barn ventilation, pasture improvement, emergency hay

crops, selection of dairy replacements and milk marketing.

Spray schedules were sent to fruit growers before each spray giving time of application and materials to use. Vegetable spray charts for the major crops were sent monthly during the growing season to the vegetable growers. Several farm visits were made, giving personal information on the growers' crops. Several meetings were held throughout the growing season in neighboring towns where growers could obtain any requested information.

Poultrymen of Sudbury were visited concerning their production problems. Mr. F. L. McGettigan served as secretary-

treasurer of the Middlesex County Poultry Association.

Featherland Farms, Concord Road, and Charles F. Goodnow had their flocks tested for pullorum disease by the Massachusetts State College. These flocks were found to be free of this disease.

Mr. William W. McCullock served as director of the Middle-

sex County Poultry Association.

With the resignation of Mrs. John C Hall, as town chairman of the women's work, Mrs. William Brennan was appointed to succeed her. The Sudbury homemakers enrolled for the following projects: Chair Reseating, Reupholstery of Furniture, Clothes Clinic, and Clothing Construction. The single meetings held were Looking Our Best, Choosing Our Clothes, Christmas Greens, and

Christmas Gift Suggestions.

4-H Club work was participated in by eighty-two girls and seventy-eight boys. Mrs. W. E. Davison, town charman, received a ten-year pin at Concord, in appreciation of her service to the Sudbury youth. Working with Mrs. Davison were Alan Flynn, committee member; Mrs. John Gaughan, Miss Elizabeth Atkinson, book lovers; Mrs. Eunice Garfield, Mrs. Charles Richardson, Mrs. Phillip Richardson, Mrs. Gordon Wolfe, Mrs. Webster Cutting, Mrs. Gordon Taylor, Mrs. W. Young, knitting; Miss Marjorie Quinn, food; Arnold Rogean, agriculture; Albert Tallant, handicraft; Richard Burckes and John Batchelder, garden.

Several local boys and girls attended Camp Middlesex in Amherst. Arthur Fay won recognition by the County Office on his garden work. Two boys from Sudbury took part in the

State Poultry Demonstration contest.

FIRE DEPARTMENT REPORT

To the Board of Selectmen:

Gentlemen:

The following is the Tenth Annual Report of the Fire Department since its organization. During this time considerable equipment has been accumulated. It seems fitting that at this time the citizens of the Town should know how their Fire Department is manned and equipped. The personnel consists of a Chief, a Captain, a Lieutanant, 18 Privates and five substitutes. There has been some resignations and some new men added. Fourteen men have received certificates from the State Drill School held at Arlington and most of the department have taken the Red Cross First Aid course. An association was formed within the department. This association has furnished the men with uniforms and fire coats.

The two trucks with very little equipment were first housed in private garages. These two trucks have since been much improved and housed in a fire station with an alarm system and one man on duty at all times.

The principle pieces of equipment on this years inventory are as follows,—one International truck, one Ford truck both with front mounted centrifugal pumps and booster tanks, one Fitzhenry-Guptill portable pump, 2000 ft. 2½" hose, 1000 ft 1½" hose, 2000 ft 1½" hose, 400 ft. (old) 1½" hose, 500 ft. ¾" booster hose, 30 ft. 3½" suction hose, 20 ft. 2" suction hose 50 ft. 1½" suction hose, seven ladders (1-35 ft., 1-30 ft., 1-24 ft., 2-17 ft., 1-14 ft., 1-10 ft.), ten nozzles (different kinds), 8 pump-cans, 16 extinguishers different types, single and double hydrant gates, oil and electric lanterns, salvage covers, hydraulic jack and numerous other small fittings and necessary tools. The emergency equipment consists of an Inhalator, gas masks, a stretcher, safety belt, blankets, heating pads and first Aid Kits. Station equipment includes air compressor, battery chargers, small tools and extra supplies. The equiping and maintaining of a Fire Department not only furnishes fire protection but in conjunction with Town Water, saves the citizens many dollars each year on fire insurance.

The department responded to fifty calls during the year, divided as follows,—fourteen involved buildings, four of which were a total loss due to delayed alarms and lack of water. The other eleven were small or were extinguished before they had gained much headway, eight chimney fires causing very little damage, twenty grass and woods fires all but two of which were quickly extinguished, two calls for auto fires one of which destroyed two transportation busses, and seven emergency calls. There were nine other investigations made which did not necessitate the calling of the trucks.

Permits were issued for fires in the open, storage of oil, installation of oil burners, for dynamite and the sale of fireworks. Before a dynamite permit can be issued a bond must be furnished.

The regular meetings and drills were held through the year. At these meetings new methods of fire fighting are discussed and some practice is had in the handling of the equipment.

I recommend the purchase of a Flood Lighting Outfit which will improve the efficiency and safety of the men at night fires and also would be valuable as an emergency lighting equipment should the present lighting system at the Town Hall or any other building be interrupted at any time.

It is with regret that we record the death of Harry L. Gleason who until a short time ago was an active member of the department, but on account of poor health had been placed on the retired list.

I wish to thank the Town Officials, Telephone operators and the members of the department for their cooperation throughout the year.

REPORT OF THE GOODNOW LIBRARY

REPORT OF THE LIBRARY COMMITTEE

During the past year various projects have been sponsored to create increased interest in the library, among a wider group of townspeople. There has been a garden month, a bird month, a 4-H Club project, and hobbies, which have included Mrs. Hosmer's interesting collection of shells, and an instructive exhibition of bird feeding articles, loaned by Mrs. Garfield. A special exhibition was the one of Indian Objects. The interest in assembling this collection grew beyond our most ambitious expectations, and resulted in an unusually fine assortment of local Indian relics. We wish to thank Dr. Carleton Coon, Dr. Hallam Movius, Mr. Benjamin Smith and Mr. Harry Rice, for their interest and the time spent in arranging this exhibition for us. The display is a notable one, and has caused many favorable comments from our own residents, and from many visitors. As several exhibitors have expressed a desire to leave their collections on view for an indefinite period, we have been glad to accept these offers. We acknowledge our gratitude to all who loaned collections and helped make this exhibition successful.

Insurance against possible damage by smudge, was added last fall. Incidental to the placing of this policy, a complete physical inventory was taken, and an appraisal of our old books made. The appraiser's report confirms our belief that the library contains many books and records which are both interesting and valuable.

A new schedule for the purchase of magazines has been arranged. Several storm windows have been added this winter. Cushions for the wall seat and the window seat were made, and a brass-topped fire screen for the fire place purchased. Wood has been donated, and on cold or stormy days we plan to have a cheery fire in the reading room fire place. New curtains are up in the children's room. At Miss Atkinson's suggestion, our final expenditure for 1940, was the purchase of two sets of Burgess books for the children, one for each library. Already this purchase is proving popular.

We wish to thank the Wayside Inn Chapter of the D. A. R. for the flag charts, the Scouts for the new manuals, also all of those who have contributed so generously to the library during the year.

The committee wishes to express appreciation to Miss Atkinson and to Mr. Giles, for their continued cooperation and interest in all the library activities.

JANET R. HOWE, Chairman, ALICE H. PARMENTER, R. C. WOODBERRY.

REPORT OF THE SCHOOL COMMITTEE

Conforming to the requirements of the General Laws relating to education, the School Committee take pleasure in presenting

to the citizens of Sudbury the following reports:

Your schools have had an unusually successful year, due largely to several factors. For the first time in many years, there were no new teachers in September. This is a distinct advantage to the school, since, as a rule, a teacher can handle his or her work more effectively after having had one or more years of experience in the same community.

Another factor which contributes to successful work is the improved lighting in the Center school. After investigating, during the summer, various types of new lighting fixtures, the installation of better lighting equipment throughout the building has been completed. Parents may feel confident that every classroom, as well as each bench in the workshop is adequately lighted according to the latest standards of lighting engineers.

At the South school inside walls have been refinished and the appearance of the exterior greatly improved by fresh paint. You are invited to visit your schools, note the good condition of your school property and observe the work in the classes.

After reading the report of the High School Principal. you will understand how the program is being adapted to present day needs. Schools are doing their part, along with the home in training citizens who will be ready to do their best towards perpetuating American institutions and way of life.

For a number of years the Dental Clinic has been partially supported by the Kiwanis Club and aided by the Public Health Nursing Association. These groups have furnished considerable equipment and services which make for better health in the student body. Parents, teachers, and pupils greatly value this

help.

The Superintendency Union of which Sudbury is a part remained as established, for many years. Last year Sherborn also became a member of Union No. 30. When this Union was formed the foundation was laid for an educational policy which has served well the Town's needs. It may not be amiss here to express admiration for the Sudbury School Board of three decades ago which elected our present Superintendent of Schools.

For thirty years Mr. Benedict has labored unceasingly and successfully for the improvement of the educational system. Probably not all has been accomplished that he desired to do for Sudbury schools, but his recommendations have consistently been made for the purpose of promoting the welfare of students under his charge. Anyone who, in any capacity, has been interested in the schools since the year 1911 realizes that our Superintendent is always a helpful adviser and that his kindly interest

in former pupils continues long after they are graduated from his immediate care.

To the Superintendent, faculty, and all other individuals and groups whose harmonious co-operation has resulted in a most satisfactory year, we express our sincere thanks.

Respectfully submitted,

PHILENA A. BARTLETT, GEORGE H. GOHLKE, ARTHUR V. HOWLAND, School Committee.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Sudbury School Committee:

In submitting my thirtieth annual report, my thirty-ninth as a Superintendent of Schools, I am offering a short history of this Union, some recommendations for the future, a few comments relative to my many years of service in the Union, and the usual reports and statistics.

HISTORY

Massachusetts enacted a law in 1896 that made it obligatory that all towns with a valuation of two and a half million dollars or less seek other towns in order to form a District for the employment of a superintendent of schools, the minimum salary to be \$1,500, the State re-imbursing to the amount of \$1,250. By direction and advice of the State Department of Education the committees of Dover, Sudbury, and Wayland met in joint convention and voted to unite for the purpose required by law; thus began what is now known as Superintendency Union No. 30. The Joint Committee met and elected Mr. Rufus E. Corlew, who was serving as Principal of Sudbury High School, to this Office, April 27, 1898, his term of service to begin the following school year. Rufus was succeeded by his father, Mr. J. T. Corlew. The succession thereafter is Mr. S. C. Hutchinson, Mr. C. F. Prior, and the present incumbent who began service November 1, 1910.

The sum expended for support of schools is recorded as \$6,843.83 in 1898. The North, Landham, and Wadsworth Schools were then maintained as well as the five room building at the Center. Nine full time teachers were employed. The registration was 177, and the population 1,137; valuation, \$1,244,405.

In 1910 the same buildings were in use, but a small room had been partitioned off in one of the larger rooms so that another teacher might be employed and a ninth grade added to the high school service. The salary schedule is interesting for those earlier times.

High School Principal Assistants Grade Teachers

\$700 \$11 per week \$10 per week

The sum expended for support of schools is recorded as \$9,519.48 in 1910. The amount raised by local taxation for support of schools this year is recorded as \$7,452.34. Nine full time teachers were employed. The registration was 213, and the population 1,185; valuation, \$1,316,675.

The salary schedule for this period is recorded as follows:
High School Principal Assistants Elementary
\$850 \$600 \$500

Comparisons are often misleading, bringing conclusions quite contrary to fact. Living expenses and educational requirements of the times gone by were such as to make it appear that the wages of those days were as ample as are the seemingly much higher wages of today.

Children were transported by horse power in improvised rigs of different sorts, used for other and varied purposes. All were

not covered or furnished with robes or blankets.

In this year of our Lord, 1941, Sudbury supports excellent transportation facilities. I know of none better in towns of this

size and much larger and wealthier.

Sudbury employs 14 full time teachers and offers limited work in shops for both boys and girls. Emphasis is placed upon health through the able advice of a school physician and a full time public nurse whose work under the direction of the Public Nursing Association is of great merit. Clinics of varied kinds are at the service of the children that better health, both mental and physical, may be the order for Sudbury children. The Wayside Inn Schools were opened in 1927 and now care for some 35 of Sudbury's elementary school children.

Our two school buildings seem ample for accommodations for

some time to come.

Father Time has brought about considerable changes in school population in the towns of the Union. The Town of Sherborn was added to this Union the first of April, 1940, by decree of the Commissioner of Education.

Conditions are such in the Union that it seems desirable to lessen the territory to be covered by a superintendent or employ an experienced Clerk to serve a Central Office for the Union. Further consideration of this matter will be before you and the other committees in the near future.

OFFICIALS

School Committee service requires the highest type of official art. My fifty years in educational work have brought me into contact quite intimately with many town officials. Consequently I entertain certain opinions in regard to official service, and

especially to the services of school committees, that will bear close examination and still stand the acid test of fact.

Business, parenthood, educational experience, professional occupations, and other experiences in life do not assure or prevent superior official service as a school committee member. Men are no more likely to serve to the advantage of children and a town or city than are women. Those who do not have children may be more considerate as executives than those with children. The man or woman who possesses a keen analytic mind, supported by a forward looking imagination, who is kindly of heart, fearless in spirit, impartial in judging, makes firm unprejudiced decisions, and above all is altruistic, hopeful, and public spirited will be influential in shaping wise educational policies for a community.

In passing, I wish to honor a few of those with whom I have served in the early years as Superintendent in Sudbury.

The first committee with whom I served had for a membership Mr. Henry E. Rice, who left the board before I had become very much acquainted with him or the schools, Mr. Thomas F. O'Neill, and Mr. W. H. Fairbank.

Soon after my term of service began, I was told by school men that Sudbury was hopeless educationally, that the Committee would not allow the purchase of necessary supplies and other school equipment. Mr. Fairbank was especially singled out as Treasurer and Purchasing Agent as belligerent in the matter of getting the needs of the school. All this was erroneous. All that Mr. Fairbank or the other members of the Committee needed to know was that money expended would be a good investment for the sons and daughters of Sudbury, and that waste would not occur. Then every need was allowed to come to the school plant to make an efficient school. No school system ever had three school committee members more interested in the welfare of boys and girls and in the welfare and future of the town educationally. My respect and affection for these three men has lasted all through the years.

You will note that I mentioned earlier in this report that a parent is not always an unbiased official. It is a pleasure to record in these annals that Mrs. Marion B. Eaton, mother, served one term on the Committee, and that her decisions were always made for the whole group of students. We could well have thought her childless, had not we known better, so impartially and ably did she study school needs in every way.

The town has dealt generously with her schools, and school committees have understood school needs in a very rapidly changing world. Sudbury is now as heretofore offering excellent educational opportunities for her youth.

For the sake of brevity I must not prolong this discussion, so as to mention others who have served the town and schools with distinction. It is sufficient for my purpose to point out to Sudbury citizens the qualities needed for efficient committee service

that whole hearted support may be given the Committee at all times.

THE TEACHER

Many, many years ago, I gained my first school experience in a small Vermont village school, enrolling all grades and ages from four years to twenty years. The school was presided over by Susan Walker. I was four years old. She put something into my heart and soul that has never perished. Ever since that early experience I have had visions of a teacher who gave more than the traditional school discipline and the lessons found in books. Later on in life there came to our village school a young man who was teaching winters, as the custom was at that time, to help him through college. This vigorous young man was with us but one winter in that rural school of more than 60 pupils. Many of us have never passed beyond his influence. His instruction carried us beyond the hilltops, out into the eternity of the years.

The superior teacher gives the unmeasureable and nondefinable, that which lasts as an influence, recognized or not, long

after many of the other lessons have faded from memory.

May I mention a few who have worked in Sudbury in the distant past who seem to me to have been superior teachers in

giving visions of life?

Alonzo A. Cole, Lilla S. Adams, Evan W. D. Merrill, Carey P. Ladd, Mary G. L. Pickett, Emily P. Burdon, Jane Given, Elizabeth Burke, Benjamin Hill, Helen Norris, and Mildred Davis are numbered in my memory as teachers who gave more than is ordinarily given in class room service.

THE FUTURE

There are certain things which I shall be happy to know have been added to our school facilities as time goes on. I hope to know some day that our excellent recreation field has been improved by the building of tennis courts; that the old moveable student desks have been replaced; that the floors in the old part of the building have been re-laid; that some method has been devised so that each elementary teacher may have a single grade; that a fifth year of work has been added to the high school course of study so that those who need further study and development before entering college may profit thereby in the home school; that dental clinic is supported by direct taxation; and the grounds at the South School beautified.

ACCOMPLISHMENTS

One of the most gratifying improvements made in the school plant is the lighting system in all class rooms. It will be difficult to find a school building better lighted for study than our own Center building. This is conceded by visitors at the school who see many school plants yearly.

I am pleased to have the basements so well ventilated at this

time.

It is satisfying to know that our salaries, the spirit of the town toward education, and the fine boys and girls with whom teachers work in ample space is helping Sudbury to maintain a corps of teachers of merit with little turn over in personnel. No new ones came to us the current school year.

We should be pleased that town water is now installed in both

buildings.

It is highly gratifying to the writer to leave the service at the end of this school year with the buildings in the care of able and dependable custodians of buildings. The small town building or any small to moderately large school building demands much of the caretaker. He must be an able, dependable, economical fireman, first of all. It is necessary for him also to be a man who commands the respect of the students, has the confidence of the teachers, is circumspect in speech and habits, and is also at the same time a fairly good housekeeper. A town is highly fortunate in employing a man who not only meets the requirements as heretofore outlined, but who can do high grade carpentry, mason work, electric repairing, metal work, painting, and gardening. A building custodian who is a handy man about the building, besides being a good janitor and a teacher of no small merit in his line is an asset to any school system.

REGRETS

I am sorry not to have done many things I should have and might have done during these 30 years. I regret things I have done that had better been left undone, and the things I may have said that a better understanding and a more generous, kindlier spirit

would have left unspoken.

The most painful regret I entertain in nearly 50 years of educational work is in my inability to influence the citizens of Sudbury to have seen their way so as to have bought a real school building instead of the additional rooms of such poor construction at the Center that the upkeep and remodelling have been costly and will be expensive so long as the building is used. I would that I might have had the power of a super-salesman so that a different building might now be the pride and satisfaction of the town.

I am sorry that the years have gone by, and that the time is near at hand for me to sever my associations with the young people of Sudbury with whom and for whom I have worked with

pleasure and satisfaction.

In closing this report, I thank you for the kindness and consideration granted me. I am highly grateful to the citizens of Sudbury for my employment all these years. I appreciate and shall ever treasure fond memories of teachers, associates, and associations.

Yours truly,

PRINCIPAL'S REPORT

Mr. Frank H. Benedict Superintendent of Schools

Dear Sir:

I present herewith my fourteenth annual report concerning the Sudbury High School for the year ending December 31, 1940.

The enrollment of the High School on December 30 was as follows:

Grade 830	Grade 10
	Total132

We are able to care for this number without serious overcrowding in any of the classrooms by offering courses in alternate years.

AMERICAN EDUCATION WEEK

Each year, one week of November is nationally recognized as American Education Week. For several years we have extended a special invitation to parents and interested friends to visit our schools, during that time. In spite of inclement weather, we welcomed many visitors this year.

SPEECH EDUCATION

Ninety percent of all communication is oral. The speech act occurs more frequently in everyday living from babyhood through old age than any or all of the "three R's". For three years we have placed special emphasis on speech training. In addition to participation in plays, debates, and declamation contest, pupils are required to face a classroom at least once each week to deliver prepared orals. Speech training has resulted in acquired skill and poise.

COLLEGE COURSE MATHEMATICS

We have attempted a new procedure this year in the presentation of Advanced Algebra, Solid Geometry, and Trigonometry. Members of these classes work at their own speed and receive individual supervision whenever it is necessary. We find that this method aids the slow student and gives the mathematically minded free rein. Sutdents who plan on future enrollment in technical institutions are in this way better fitted than if restricted to the pace usually planned for classes of this type.

GENERAL SHOP WORK

With the present urge for national preparedness many boys now look forward to work in industry. White collar jobs are no longer the goal. Inasmuch as boys are increasingly leaving our school to attend trade-schools in nearby cities, at a tuition cost to the Town of Sudbury of over \$800 yearly, I suggest the establishment of a course in general shop-work for grades nine and ten. By means of such a course which might include carpentry, electric-wiring, tinsmithing, plumbing, reading of blue prints, mechanical drawing, etc., boys would have an opportunity to use tools and prove their mechanical aptitude. Without such a try-out period it is difficult for parents and teachers to guide them wisely. During the past year several boys have tried a trade-school for a few weeks or a few months at great expense to the town and without benefit to themselves or their families. Steps are now being taken by our State Department of Education to furnish manual education to all who may profit by such instruction, to fill the present need for skilled mechanics.

SAFETY EDUCATION

Because we have incorporated constructive safety activities in this year's program, a certificate has been awarded to the school by the Massachusetts Safety Council. The course "How to Drive", which is endorsed by the council, has again been offered to all pupils who expect to obtain their driving licenses prior to 1942.

SUDBURY HIGH ATHLETIC ASSOCIATION

The student-governed athletic association has aided greatly in promoting correct attitudes, influencing school morale, formulating codes of conduct, developing leaders, and training its members to follow through to a satisfactory completion the projects which it initiates.

I am deeply grateful to all who have had a part in a very successful school year—the regular and special teachers, the nurses, the janitors, the bus drivers, and student body, and the citizens of of Sudbury.

To the Superintendent and school Committee who have worked so earnestly to keep all phases of our school organization

on a high level, I am sincerely appreciative.

Respectfully submitted,

December 31, 1940

ALAN F. FLYNN.

REPORT OF THE SCHOOL PHYSICIAN

January 1, 1941

Mr. Frank H. Benedict Superintendent of Schools

The following is my report for 1940 as school physician:

Routine examinations of school children and diphtheria immunizations sponsored by the Board of Health have been done. Each year every child over 6 months of age is eligible for free immunization against diphtheria. Those immunized the previous year may get Shick tests. I commend to your attention the school nurse's report for further details of the past year.

We have been fortunate to have had little contagion in the schools during the past year. However, grippe arrived this winter to keep many children out of school. Although the record for the past year is good, that of the coming year may not be. We seem due to have besides influenza the other communicable

diseases soon; they are in all surrounding towns.

I urge upon all parents the greatest vigilance in caring for their children. (1) Keep the children sick with fever, sore throat, swollen glands, colds, cough, headache or stomachache at home in bed. (2) Call the school nurse or the family physician. The school nurse and doctor and the family physician are ready to cooperate in every way. If this is done the individual attendance record may suffer temporarily, but the health of the whole school will improve.

I wish to thank all concerned for their cooperation.

Respectfully submitted,

G. E. CURRIER, M.D., School Physician.

REPORT OF THE NURSING DEPARTMENT

Sudbury School Committee: Sudbury, Mass.

The report of the School Nursing Activities from January 1st to November 15th, 1940, is herewith submitted.

Daily visits have been made to the South and Center Schools

and weekly visits to the Redstone and Southwest.

The Kiwanis Club again sponsored the dental clinic. We had a very busy year. 26 sessions were held and 276 operations performed.

To date 168 home visits have been made to check on absentees, to explain physical defects found and whenever possible to help in planning for their correction. 19 remediable defects have been corrected and four more are at present under medical care.

It has been necessary to exclude 30 children from school. This is less than last year but through cooperation from parents this can be even less. Almost all children come to school by bus. This may expose many before the child is able to be seen by the teacher or nurse. I urge all parents to keep those children who are not well at home for their own protection and that of others.

Diphtheria Immunization was sponsored by the Board of Health as usual. Total Schick tests 31, total immunized were 42. Of these 19 were pre-school and 23 school children. May I take this opportunity to urge parents of pre-school children to take advantage of this splendid service offered by the town? Any child over six months of age is susceptible to diphtheria and only by giving children this protection can we keep our town free from this disease.

Routine physical examinations were given to all children at the South and Center Schools by Dr. Currier. All were weighed and measured and had their eyes tested by the nurse. Parents have been notified of defects. I hope all feel free to ask questions if these notices are not understood.

Respectfully submitted,

ELIZABETH PORTER, R.N.

December 20, 1940

Mr. Frank H. Benedict Superintendent of Schools

November 20th Miss Elizabeth Porter resigned as Public Health Nurse in Sudbury. It was my good fortune to have been selected to take her place in this community, therefore I am taking this opportunity to tell you all how much I appreciate the hearty welcome given me.

My first two days were spent with Miss Porter for the purpose of orientation, enabling me to meet the teachers, pupils,

and several of the parents.

During these weeks I have endeavored to follow the plan of my predecessors in routine school work. The South School and the Center School have been visited daily, the other two schools once a week. There have been five children excluded, twenty home visits made and three defects corrected. I should like to endorse Miss Porter's plea to all parents regarding Diphtheria Immunization and keeping at home those children who show any suspicion of illness.

Respectfully submitted,

HILDA G. HOPE

REPORT OF THE SUPERVISOR OF ATTENDANCE

Mr. F. H. Benedict Superintendent of Schools Sudbury, Massachusetts

Dear Mr. Benedict:

P131

During the fiscal year I have investigated 21 cases of absence. 16 cases were found to be legal absences and 5 were recorded as cases of truancy. There has been no need for court action during the year.

Aside from service mentioned I have taken the School Census.

Respectfully submitted,

ALVIN S. BRADSHAW

The total circulation for the year was 13,844. This is not quite as high as last year, but may be attributed to the fact that children from South Sudbury have been requested not to take books from the Center Branch, thereby giving the children around the center, a greater variety of books. A decrease in the circulation at the branch was noticed.

Numerous exhibits were held during the year, the most outstanding being the Indian Exhibit, which attracted many people. Although the exhibits did not induce people to take more books than usual, they did succeed in bringing many of the older people to the library who have not frequented it for years. A group of distinguished archaeologists visited the exhibition and were much impressed by the fine library we had and the excellent selection of books.

We have had six fatal accidents on our highways during the year, and one suicide.

Two insane patients were taken to Westboro hospital.

One car reported stolen and recovered.

Nine breaks were reported and all but three cleaned up. Some of these were done by young boys and the people did not wish to prosecute.

One hundred and twenty dollars were recovered in money and

property.

Recovered three bales of cotton and one of wool, which have been returned to their owners, and I still have one bale of wool for which I have not found the owner.

A lot of time and effort were expended on the dog list and the

unpaid list has been cleaned up.

I destroyed fifteen stray dogs and found homes for several others.

Fifteen traffic signs have been put up which were paid for out

of the police department appropriation.

The year 1940 was an exceptionally hard year, requiring much work. The Sheehan case is in the hands of the District Attorney.

PLANNING BOARD REPORT

To the Citizens of Sudbury:

The Planning Board has taken the opportunity this year to review the results of the zoning laws.

As no changes have been requested it would seem that the law is working to the satisfaction of all.

Therefore we have no recommendations to make to this meeting.

Leaflets have been printed to insert in the booklets thus bringing the zoning laws up to date.

We also recommend that the Town By-Laws with all changes which may occur at this meeting be printed in separate book for the convenience of those who might need them.

Due to increased traffic to Fort Devens we recommend that the Town consider the advisability of placing a signal light at the N. Y. N. H. & H. R. R. Crossing on Hudson Road.

We wish to thank the citizens for their cooperation in abiding by the zoning laws and conferring with the Board of Appeals for settlement of any grievances or difficulties.

REPORT OF PUBLIC WELFARE BOARD

for the year ending December 31, 1940

To the Citizens of Sudbury:

The Board of Public Welfare takes pleasure in rendering the following report for the year 1940. At the close of the fiscal year fifty-two families involving the care of one hundred and sixty-five individuals have been cared for under the Division of Temporary Aid. Of this case load eighteen families have settlements in other communities with full reimbursement to Sudbury.

We have eight Sudbury-settled families living in other towns which towns in their turn are reimbursed from our funds.

Under the Department of Old Age Assistance, thirty-one cases have been supervised and cared for. Of these, twelve cases have other settlements with full reimbursements to Sudbury. We have six Sudbury-settled cases living in other towns who are chargeable in proportionate part to Sudbury.

The closing down of the W. P. A. for a period of five months added greatly to the burdens of a trying year. While many activities have opened up in surrounding towns there has been very little opportunity to place unskilled labor, and work relief has been a major problem.

The following financial report will show how the money has been spent in relation to Sudbury people and those belonging to other cities and towns.

We desire to thank the Road Commissioner, the Moth Department and the other Town officials for their efforts to help us solve the labor problems of our Department. We realize the difficulty of fitting untrained men into positions of responsibility and we are deeply grateful for this cooperation.

We also desire to thank the townswomen who have given preference to our girls when considering the problem of domestic help. This has simplified many family problems and we appreciate the assistance.

The work of the Welfare Board is becoming increasingly great. The larger degree of clerical work, the many departments of investigation and endless detail bear no resemblance to the Welfare work of former years.

We are grateful for the sympathetic attitude of the citizens toward a complex problem which has changed so radically in a short space of time.

Respectfully submitted,

JOHN G. WOODS, Chairman, CLIFFORD S. WRIGHT, MAUDE MOORE CLARK.

Our first drive for funds brought approximately \$1,800, a foundation on which to build, with the town's help, a community nursing service. We aim to maintain an Emergency Fund of about \$1000, and with the aid of a few very generous annual contributions have so far been able to do so. We consider this emergency fund essential.

The annual meeting of the association will fall on May 20th. Members and friends are invited to attend.

Respectfully submitted,

MARJORIE B. HILL, Secretary.

REPORT OF MOTH SUPERINTENDENT

To the Board of Selectmen: Sudbury, Mass. Gentlemen:

I herewith submit the following report.

The moth situation shows no improvement. We sprayed the road side trees, but this fall found the trees badly infested with egg clusters. We have scouted some of the roadsides and treated the clusters. Some remains to be done.

There are about eight hundred acres of woodland that showed heavy feeding. We received \$159.86 in supplies from the State. The Elm Leaf Beetle is bad and should have a second spraying in July. A W. P. A. project did good work in the woods last winter.

REPORT OF TREE WARDEN

To the Board of Selectmen: Sudbury, Mass.

Gentlemen:

I herewith submit the following report:

We have tried to clean up the worst places. There are many broken limbs to be removed also broken stubs. We have put in screw rods also cables in a number of weakened trees. There are still trees that will have to be removed for the safety of the public. Weakened limbs as result of hurricane are breaking down and have to be removed.
