## SELECTMEN'S REPORT

---

It is with a sense of pride of achievement that the Town of Sudbury can truly say that we have gone one hundred percent into total war work. Everything that the State and National Government has asked us to do we have done wholeheartedly.

Our civilian defense is well organized and ready for any emergency.

Our unit of the State Guard is well drilled and equipped.

Our auxiliary Police force is a well uniformed and efficient unit.

Our auxiliary Fire department is well schooled in its duties.

The Red Cross chapter is supplied with canteen and ambulance service. It's production output is working day and night to fulfill its quotas.

Appreciation is here expressed to all those who have stepped forward as volunteers in these various war time activities. All of these services have been accomplished with a minimum of expense to the town treasury.

An accurate count of the number of our young men in the armed forces at present is not available, but we know from unofficial count that it is well over one hundred and fifty. Besides these, many others are in special Government work, as O.P.A., W.A.V.E., F.B.I., etc.

We extend to our various organizations the plea of Mr. Farley, State chairman of the Public Safety Committee. Two years ago he said, "To fail to prepare is to prepare to fail."

His message this year is, "Let none of this preparation go through a let down. It may be tommorrow, next week or next year, but surely it is true that some time, somewhere our enemy will strike, and we must be ready to meet him."

It is fortunate that a clerical organization was established at the Town Hall last year as the Rationing problem struck home suddenly and still found us prepared. For a town of our size we doubt if any better service has been given to its citizens than has been accorded to our citizens.

Financial reserves are on hand and projects for both skilled and unskilled labor are being planned so that when the time of rehabilitation and reconstruction come we are prepared.

The usual routine of the town's government activities has been carried on by the various departments with unusual efficiency and a high standard is being maintained.

Respectfully submitted,

JOHN C. HALL,  
L. B. TIGHE,  
F. L. McGETTIGAN,  
Board of Selectmen.

## REPORT OF FINANCE COMMITTEE FOR 1943

February 9, 1943

To the Board of Selectmen  
Sudbury, Massachusetts

Gentlemen:

The Finance Committee of the Town of Sudbury submits its report on the Financial articles of the 1943 annual Town Warrant.

The following is an outline of the Town's financial condition as of December 31, 1942:

Excess and Deficiency.....	\$ 45,745.83
1942 Uncollected Taxes.....	\$ 17,057.76
Previous years Uncollected Taxes.....	8,967.37
Total Uncollected Taxes.....	26,025.13
Available Excess and Deficiency Surplus..	\$ 19,720.70
Overlay Reserve.....	1,993.03
Total surplus funds available.....	\$ 21,713.73
Total Bonded Debt.....	\$ 22,000.00
Total sum appropriated by Town 1942...	\$ 96,511.30
Unpaid bills as of December 31, 1942.....	255.91
	\$ 96,767.21
Total requests 1943.....	\$ 88,913.90
Total Finance Committee recom- mendations—1943. ....	\$ 86,523.17

The Finance Committee in its recommendations has tried to consider the many actual and possible changes that face our Town and have suggested some temporary measures of meeting them.

A review of the above outline shows an improvement in the Town's financial condition over the year 1941—The amount of uncollected taxes is less and the available surplus is more. The only unpaid bills presented were for Welfare from the City of Boston, 1939 through 1941, and there were no transfers except from the Reserve Fund showing that Town Departments by and large stayed within their budgets.

The year 1943 presents the Town with many uncertainties, especially financial. Loss of tax revenue from the land taken

by the Government for the Ammunition Dump—probable reductions in the contributions by the State and County—possible abandonment of property due to transportation difficulties and the probable increase in the State tax. These may mean that a larger proportion of our operating expenses will have to be raised by taxation from a decreased amount of taxable property.

There is available \$21,713.73 from Overlay Reserve and Excess and Deficiency, but the Finance Committee does not recommend using any of these funds this year, as these surplus funds should be saved and used later to ease the growing tax burden of a long war.

If the Town will raise by taxation the amount recommended by the Finance Committee, the tax for 1943 should not increase.

Board of Appeals, Expenses.....	25.00	25.00	25.00
	\$ 7,754.50	\$ 7,838.50	\$ 7,114.50

The Finance Committee recommends one motion to cover the salaries and expenses of Town Officers in the amount of \$7,114.50.

The Finance Committee has recommended a few adjustments in the salaries and expenses of Town Officers where situations have changed. We recommend that \$450 be provided for an Assessor's Clerk, \$150 of which is for obtaining Metes and Bounds at the Registry of Deeds in Cambridge—\$300 was provided for this work in 1942—this is not necessarily a re-occurring expense.

The Finance Committee recommend \$402.50 for Tax Collector's Expense an increase of \$50.50 above the amount requested. This increase is to cover the additional cost of buying Robbery and Burglary Insurance on a three-year basis.

The Finance Committee recommends that the Welfare Investigator's salary be decreased from \$600 to \$400 as the anticipated work should be much less this year.

We recommend that the Town Accountant's salary be raised from \$300 to \$350 as this committee feels that his work merits this increase.

The Finance Committee feels that this year the best interests of the Town will be served by having the Clerk of All Boards do only Town work and recommends a salary of \$400. The Rationing Board's clerk hire is paid for by Federal funds and in our opinion the growth of this board's work makes the combining of the Clerk of all Boards and Rationing Board Clerk impractical.

The Finance Committee suggests that the Selectmen investigate the necessity of having the registrars prepare a list of voters each year, as possibly this work could be delegated to another department and the same work done at less cost to the Town.

We recommend that the Building Inspector's salary be reduced to \$50, as there will be very little work for the Inspector this year due to new building restrictions.

Public Health Nurses' Salary.....	1,000.00	1,000.00	1,000.00
Memorial Day Expenses.....	150.00	200.00	200.00
Fourth of July Expenses.....	150.00	150.00	None
Civilian Defense Expenses.....	2,000.00	600.00	500.00
Rationing Board Expenses..... (Reserve Fund.)..		500.00	100.00
	\$16,300.01	\$14,534.39	\$13,064.39

The Finance Committee recommends one motion to cover Miscellaneous Town Expenses in the amount of \$13,064.39.

As all departments have been requested to make their reports as brief as possible, the actual cost of printing the Town Report should be considerably less than the amount recommended.

The Finance Committee recommends that \$1770 be appropriated for Town Hall Expenses, of this amount \$890 is for the janitor's wages. Last year as janitor and the Fire Department's permanent man he received \$1232. The selectmen have agreed to the sum of \$1560 as the combined wage for the Fire Department permanent man and Town Hall janitor. This devalues the Town Hall Expense request to \$1770 and increases the Fire Department figure to \$2800.

The sum of \$300 was requested under a new account of Office Supplies. This expense was formerly included in the Incidental Account. The Finance Committee recommends that \$225 be appropriated for Office Supplies and that the \$300 requested for the Incidental Account be reduced to \$100.

The Finance Committee does not recommend anything for Fourth of July Expense at this time because the Firemen's Association do not know whether or not they will be able to run a Fourth of July celebration as in the past due to dim out restriction.

The Finance Committee recommends the sum of \$500 for Civilian Defense Expense, \$250 of which is to cover the cost of an additional siren to be installed in South Sudbury. Because the Auxiliary Police is a division of the Civilian Defense Committee, we have referred to the Civilian Defense Committee the bills presented to us by the Auxiliary Police. We have taken into consideration the amount requested by the Auxiliary Police in our recommendation.

As the Federal Government supplies funds for clerk hire for the Rationing Board, we recommend \$100 for expense.

#### SCHOOL DEPARTMENT

	Granted 1942	Requested 1943	Recommended 1943
Schools.....	\$30,861.00	\$30,674.00	\$30,000.00

The Finance Committee recommends the sum of \$30,000 for the operation of the School Department.

In recommending \$30,000 for the School Department, the Finance Committee has deducted from the School Committee request certain repair, new equipment and library expense figures which we think should not be expended at this time.

### PUBLIC WELFARE AND OLD AGE ASSISTANCE

	Granted 1942	Requested 1943	Recommended 1943
Public Welfare.....	\$ 4,500.00	\$ 4,000.00	\$ 3,500.00
Old Age Assistance.....	6,368.22	6,500.00	6,500.00
Soldiers' Relief.....	500.00	None	None
W. P. A.....	100.00	None	None
Aid to Dependent Children.....	400.00	None	None
	<hr/> \$ 11,868.22	<hr/> \$ 10,500.00	<hr/> \$ 10,000.00

The Finance Committee recommends one motion to appropriate the sum of \$10,000.00 for Public Welfare and Old Age Assistance.

The Finance Committee wishes to call the attention of the Town to the fact that of the \$6500 recommended for Old Age Assistance about \$4500 should be returnable to the Town from the State.

### FIRE DEPARTMENT

	Granted 1942	Requested 1943	Recommended 1943
Fire Department.....	\$ 2,600.00	\$ 2,660.00	\$ 2,800.00

The Finance Committee recommends that \$2800.00 be appropriated for the Fire Department. The increase over the amount requested is due to the increase in permanent man's wages.

### POLICE DEPARTMENT

	Granted 1942	Requested 1943	Recommended 1943
Police Department.....	\$ 2,938.95	\$ 2,695.00	\$ 2,495.00

The Finance Committee recommends that \$2495 be appropriated for the Police Department.

In making the above recommendation the Finance Committee has suggested to the Selectmen that they can obtain more money for this department by combining the work of several other departments with that of the Police Department. This could be done without any increase of expense to the Town.

### RESERVE FUND

	Granted 1942	Requested 1943	Recommended 1943
Reserve Fund.....	\$ 3,000.00	\$ 1,000.00	\$ 2,000.00

The Finance Committee recommends that \$2000 be appropriated for the Reserve Fund.

Last year \$2000 from the Reserve Fund was transferred to Civilian Defense and the remaining \$1000 was not enough to cover emergencies.

### INSURANCE AND INTEREST

	Granted 1942	Requested 1943	Recommended 1943
Insurance Town Employees.....	\$ 689.79	\$ 689.79	\$ 689.79
Liability Insurance.....	332.21	321.04	358.31
Insurance on Town Property.....	934.46	774.05	774.05
Premium Town Officers' Bonds.....	187.00	187.00	187.00
Motor Fleet—Fire Insurance.....	44.94	59.22	59.22
Interest.....	1,200.00	1,025.00	1,025.00
	<u>\$ 3,388.40</u>	<u>\$ 3,056.10</u>	<u>\$ 3,093.37</u>

The Finance Committee recommends one motion in the amount of \$3,093.37 to cover Insurance and Interest.

In making the above recommendation we have included a \$10,000 to \$20,000 public liability and property damage policy with guest coverage for the police car. We feel that the Town should have this added protection. The additional cost is about \$40.00.

### HIGHWAY DEPARTMENT

	Granted 1942	Requested 1943	Recommended 1943
Chapter No. 81.....	\$ 8,000.00	\$ 9,450.00	\$ 9,450.00
Chapter No. 90 Maintenance.....	1,000.00	1,000.00	1,000.00
Snow and Ice Account.....	2,500.00	2,500.00	2,500.00
General Highway Account.....	2,000.00	2,000.00	2,000.00
Bridge Account.....	200.00	200.00	200.00
Town Dump Expense.....	50.00	50.00	50.00
	<u>\$ 13,750.00</u>	<u>\$ 15,200.00</u>	<u>\$ 15,200.00</u>

The Finance Committee recommends one motion in the amount of \$15,200 for the Highway Department.

The increase in the request for Chapter No. 81 is due to the fact that we now have to appropriate \$150 per mile for 63 miles of road to get State Aid whereas last year it was necessary to appropriate \$125 per mile for 64 miles of Town roads and we received \$150 per mile from the State.

To see if the Town will transfer \$2,500.00 from the Road Machinery Fund to the Road Machinery Account.

The Finance Committee recommends this transfer which does not involve any appropriation.

### UNPAID BILLS

Public Welfare.....	\$ 255.91
---------------------	-----------

The Finance Committee recommends that the sum of \$255.91 be appropriated to pay Public Welfare unpaid bill.

This unpaid bill was from the City of Boston for the years 1939, 1940, and 1941 and were certified by the Sudbury Board of Public Welfare.

To see if the Town will appropriate the sum of \$500. or any other sum for revising the heating system in the Town Hall or take any action relative thereto.

The Finance Committee will report on this article at Town Meeting when they have all the facts.

## TOWN ACCOUNTANT'S REPORT

---

January 16, 1943

To the Board of Selectmen  
Town of Sudbury  
Massachusetts

Gentlemen:

The following report is submitted in accordance with the provisions of Section 61, Chapter 41, General Laws of Massachusetts.

This report shows the cash received and disbursed by the town for the year 1942, and a statement of the assets and liabilities and reserves of the town as at December 31, 1942.

The figures herein reflected represent, of course, the accumulation of records turned over to me, without audit, by your board as at April 1, 1942 and maintained by me since that date.

Respectfully

EDWARD F. MOYNIHAN  
Town Accountant

## REPORT OF THE BOARD OF APPEALS

To the Board of Selectmen:

During the year 1942 the activities of the Board of Appeals were very limited with only three applications for variances to the zoning law. The applications with action taken in each case are as follows:

Application from Bertel and Mildred Hammer off Peakham road to erect house nearer to property line than allowed in zoning law. Request granted.

Application of Featherland Farms, Inc. to keep 3600 hens on Haynes Farm on Concord Road. Permit granted.

Application of Peter Arcerio of Mossman road to erect garage nearer the center line of street than law allows. Permit granted.

Respectfully submitted,

HARVEY N. FAIRBANK, Chairman  
Board of Appeals.

## REPORT OF GOODNOW LIBRARY

### REPORT OF THE LIBRARY COMMITTEE

The war has had its effects on the Goodnow Library. The dimout curtains are drab affairs, and the uncertainty about fuel oil is present with every cold spell. But the fact that more and more people are coming in for more and more books, proves that Sudbury is adapting itself to wartime restrictions, and finding pleasure in the things at home. Evenings, with a fire burning in the reading room fireplace, youngsters, and the not so young, sit in sociable groups and read or chat quietly. The insulating which Mr. Giles has done above the ceilings, has helped the heating problem this difficult year.

Our income was slightly more than we had hoped for, and as a result, it has been possible to purchase an extra amount of books, juveniles, and adult fiction and non-fiction. A new unabridged Webster's Dictionary is in the reading room. Special books on Ski-ing, Old Glass, Period Furniture, and the old reliable Fannie Farmer's Cook Book, have proved popular.

The Victory Book Campaign, conducted by the American Library Association throughout the country, to get books for the service men, was very successful here. People gave generously, and the schools and organizations in town joined in the effort to make the drive a success. As this is written, a renewed plea for more books has been received. Any books brought to the library will be sent on to camps here or abroad.

Everyone has enjoyed the colorful and interesting maps which Mr. Winship and Mr. Tufts have brought in for display. A year's collection of Fortune magazines which Mr. MacCulloch brought in have been a pleasant addition too, as well as the books presented by the Womens Alliance of the Unitarian Church.

Late this fall, the Garden Club met in the reading room and had an afternoon devoted to making Christmas greens. As a friendly gesture of thanks, the Club gave the Library a large Christmas tree, which was set up in the main room. Under Mrs. Rhoades' supervision, several of the 4-H girls made gay ornaments and trimmed the tree. With a bright fire crackling in the reading room, and a Christmas tree making the main room festive, our first war year at the Goodnow Library ended with a spirit of pleasant friendliness.

## RED CROSS CHAPTER REPORT

Our Chapter Charter provides, that we, "furnish volunteer aid to the sick and wounded in time of War; that we act in matters of voluntary relief in accord with the Military and Naval authorities, and that we carry on a system of National and International relief in time of Peace that will mitigate the sufferings caused by pestilence, famine, fire, floods, and other great calamities and devise and carry on measures for preventing same."

We are meeting this Charter obligation by active participation in (1) rendering service to the Armed Forces, (2) preparing for Disaster Relief, (3) conducting Health and Welfare activities.

### HOME SERVICE—Service to Armed Forces.

80—visits made to homes of men in Armed Forces.

1—soldier released from a combat group in England, to return home to relieve a desperate family situation.

1—grant of money to another Service man's wife, so that urgently needed medical service could be secured at once.

### DISASTER RELIEF—Relief of Civilians.

A written plan of action has been prepared that has received gratifying approval from the First Corps Area Disaster Headquarters.

The following supplies and equipment are available for use immediately.

24—triangular bandages.

24—large towels.

125—bandages, 25—1", 25—3", 75—2".

50—packages of 3" and 4" sponges.

50—sheets.

24—blankets.

2—obstetrical bundles and layettes.

10—bottles; 6 rubber nipples; 6 rubber covers for bottles.

6—stretchers.

18—wooden splints.

3—24 unit First Aid Kits, for ambulances.

2—boxes high grade sterile cotton.

1—lb. low grade unsterile cotton.

1—bolt cellucotton—for making pads.

12—first aid belts—for First Aiders.

Medicine and drugs will be supplied by the local physician.

The plan of action for this committee is checked twice each year. During the past year a District Institute was held under

the sponsorship of our Chapter. This was an afternoon and evening meeting at which the Canteen Corp prepared supper, which was paid for by those in attendance.

### FIRST AID

This is a part of the Health and Welfare program and provided instruction in First Aid and Accident Prevention for the following groups:

- |                             |   |                            |
|-----------------------------|---|----------------------------|
| 24—Auxiliary Police         | ) |                            |
| 35—State Guardsmen          | ) | 10 hour course             |
| 36—Air Raid Wardens (male)  | ) |                            |
| 35—Townsmen (men and women) |   | —Standard 20 hour course.  |
| 14—Townsmen (men and women) |   | —Advanced course 15 hours. |
| 22—6th grade pupils         | ) | Given Standard             |
| 18—7th grade pupils         | ) | Junior Red Cross           |
| 26—8th grade pupils         | ) | course.                    |

### HOME AND FARM ACCIDENT PREVENTION

This is another Health and Welfare activity. At present this program consists of distributing Accident Prevention check lists in the homes. These lists are distributed by all pupils above the third grade.

- 100—check lists were distributed. Many children reported that they had found conditions that would cause accidents and reported what had been done to correct them.

### FOOD AND NUTRITION

This Health and Welfare Committee is always very active in War time. One Standard 24 Hour Course was held last Spring and another is planned for the coming spring.

### JUNIOR RED CROSS

The Junior program is very important in every Chapter because it teaches the boys and girls the meaning of service to others.

- 18—passed swimmers test.
- 5—became beginners.
- 6—stretchers were made in the manual training classes.
- 24—triangular bandages were made by the girls—for the First Aiders.
- 12—pillows were made for First Aiders.
- 2—afghans were made for soldiers.
- 12—kick boards are being made for the swimming classes.
- 3—Public Schools enrolled 272 pupils.
- 3—Wayside Inn Schools enrolled 84 pupils.

The Juniors contributed \$10.00 to the National Children's Fund. This fund makes possible work with the underprivileged children in Foreign Lands.

### NURSING ACTIVITIES

This is a vital part of the Welfare activities in which the Sudbury Chapter has always participated. This year a class in Home Nursing has been organized. Another is planned for the spring and also a course for the Juniors.

### VOLUNTEER SPECIAL SERVICES

Without the work of volunteers, the Red Cross program for the production of clothing, knitted garments, surgical dressings, and kit bags would be impossible.

The following is a tabulation of Volunteer Workers.

- 94—sewing, knitting, making surgical dressings.
- 60—serving on Disaster Relief Committees.
- 8—served as swimming instructors.
- 59—served as Roll Call and War Fund Drive solicitors.
- 20—served as officers and chairmen of Committees.
- 2—gave first aid and swimming instruction.
- 2—served on the Motor Corps (one for the Sewin ggroup only).

This volunteer service produced the garments listed below:

#### For American Disaster Sufferers and Foreign Relief

- 104—Girls woolen skirts.
- 52—Girls woolen dresses.
- 53—Girls cotton dresses.
- 79—Girls cotton night dresses.
- 5—Girls cotton slips.
- 58—Womens cotton night dresses.
- 39—Womens flannelette night dresses.
- 50—Womens bedjackets.
- 45—Womens woolen dresses.
- 71—Men's bathrobes.
- 84—Boys flannel shirts.
- 37—Childrens rompers.
- 68—Childrens overalls.
- 201—Sweaters (for Foreign Relief).

#### For the Army

- 35—Helmets.
- 104—Sleeveless sweaters.
- 24—prs. of socks.
- 8—Mufflers.
- 78—Wristlets.

## For the Navy

- 4—Helmets.
- 62—Sleeveless sweaters.
- 38—Wristlets.

The surgical dressing program started in December and to date over 10,000 have been made. Sudbury's quota calls for 30,000 per month.

7,000 Blood Donor pads were made for the Boston Chapter.

## CANTEEN CORPS

This group of volunteers are organized to meet emergency feeding requirements within the Chapter area and in time of Disaster, prepare, distribute, and serve food, in cooperation with the Disaster Relief Food Committee.

- 30—State Guardsmen were served a canteen meal.
- 35—Delegates to the District Disaster Relief Institute were served.
- 48—Indians and Bandmen from Fort Devens were served sandwiches and coffee the night of the War Bond Drive.

With the exception of the sandwiches served the Indians, the cost of the meals were paid for by those served. The Canteen group is expected to always have a reserve fund for emergency feeding.

## MOTOR CORPS

A very necessary activity in this period of gasoline and rubber shortage. This service provides transportation for mothers and babies to clinics; volunteer workers in production activities; and transportation of committee workers and chairmen.

## MEMBERSHIP AND WAR FUND DRIVE

Red Cross is financed by contribution only. It is not generally understood that for every paid worker in the National Red Cross Organization, there are 350 volunteers. If this were not so, the cost of the Red Cross program would run into fantastic figures. There are no paid workers in Sudbury.

Sudbury is among the first ten in the State in the Membership and War Fund Drive effort and ranks number 8.

<i>Population</i>	<i>Amount Raised War Fund</i>	<i>Per capita giving</i>	<i>25th roll call quota</i>	<i>Members enrolled</i>	<i>Per cent of quota raised</i>
1754	\$1,799.26	\$1.03	750	606	80.8

## CONCLUSION

1942 has been a very gratifying year and 1943 promises even greater activity. Transportation difficulties have presented many problems, but all have been met . . . "Red Cross is always ready". Your Chapter accepts this challenge.

Respectfully submitted,

E. M. SANDERS, Chairman

## PLANNING BOARD REPORT

January 15, 1943

To the Citizens of Sudbury:

In reviewing our Zoning Laws we hesitate to make any changes at this time, as the law seems to be working out to the satisfaction of the majority.

The Board has attended several meetings at which Long Range Programming of municipal public works was discussed, and we feel that it would be a good thing to consider for the future.

We agree with the Selectmen that a Town Forest established on land taken by tax title would not be satisfactory as such parcels of land are usually small and widely separated. However, we do feel that there are suitable sites which could be acquired by the Town, and which would be of lasting advantage to the citizens, in years to come. Under Chapter 4, Acts of 1942, recently approved by Governor Saltonstall Municipalities may create funds invested in defense bonds for expenditures after the war on capital outlays, and this might be the first step to take for the establishment of a Town Forest.

At the request of the Selectmen we have omitted our financial report, as it is included in the Town Accountant's report.

Respectfully submitted,

STEPHEN M. W. GRAY, Chairman  
ALTON F. CLARK, Secretary

## CIVILIAN DEFENSE COMMITTEE REPORT

The Civilian Defense organization set-up during the past year has seen some changes in personnel and the adding of one sector, #11. It now is organized as follows:-

### Protection Division—Clifton F. Giles, Director

The division includes—

65 Men Air Raid Wardens under Chief Warden Maxwell P. Eaton.

11 Women Post Wardens and their 11 alternates under Miss Gertrude M. Halleran.

12 Auxiliary Firemen under Chief W. E. Davison.

48 Auxiliary Police led by Chief Alfred Meissner with Deputy Chief Augustus Sharkey in direct charge.

27 Messengers under Granville Haley.

A road repair crew led by George Haynes.

A Rescue party led by Henry Horton. Their duty it is to clear away wreckage which might be in the way of the next group, or to release trapped persons.

2 First Aid parties directed by the Red Cross Disaster Committee.

Blackout control under Miss Gertrude Halleran.

Emergency Housing and Evacuation Committees under the direction of Albert E. Haynes.

Food Committee—Lloyd Bancroft, Chairman.

A Canteen in charge of Mrs. Richard F. Piper.

### The Sector Post Wardens are;—

- Sector 1. Mrs. C. R. Poole.
- Sector 2. Mrs. C. W. Ellms.
- Sector 3. Mrs. John Meader.
- Sector 4. Mrs. R. P. Bowen.
- Sector 5. Miss Natalie Howland.
- Sector 6. Mrs. B. M. Johnson.
- Sector 7. Miss Edith Buckingham.
- Sector 8. Mrs. Thecla Schofield.
- Sector 9. Mrs. Richard Johns.
- Sector 10. Mrs. Hector Marquis.
- Sector 11. Mrs. Roland Hodgdon.

**Service and Supplies Division**—Everett N. Sanders, Director.  
and the

**Health and Social Service Division**—Dr. George E. Currier,  
Director.

These Divisions are parts of the Red Cross Peace Time Disaster Preparedness Organization.

The Division of Services and Supplies has arranged to provide for the transportation and distribution of supplies, to secure adequate communication facilities; take the necessary action to keep the public utility services in operation; purchase and prepare food; provide fuel, shelter and clothing.

Lists of trucks and cars have been prepared; emergency supplies of food will be purchased locally, during the first 24 hours of any disaster and if mass feeding becomes necessary, food will be procured from the Surplus Commodity Warehouse in Marlboro.

Four shelters have been located and manned and a list of homes where individuals can be accommodated has been prepared. The merchants of neighboring towns have agreed to supply clothing as needed.

A survey of the fuel oil situation has been made with the help of the Sector Wardens and conversion to coal or wood has been urged wherever possible.

The Medical Division is prepared for war and peacetime emergencies. First Aid posts are located at Sudbury in the lower Town House and at South Sudbury in the Nursing Association rooms. A trained nurse, and ambulance with first aid crew and equipment are assigned to each post. Reserve supplies are on hand at a store room. A resident doctor is available.

#### **The Womens' Division—Mrs. Calvin Smith, Chairman.**

During 1942 it has been necessary to reach all the houses in Sudbury for the distribution of Blackout and Dimout regulations; War Bond pledges; Fuel and Food conservation instructions; men and women warden instructions; salvage of metals and fat conservation; survey of sectors to locate motor cars for evacuation; and in addition keep up to date the list of residents in each sector.

All this has been accomplished by the exceedingly faithful efforts of Mrs. Calvin Smith aided by Miss Gertrude Halleran, and with the co-operation of the women who operate the eleven sector posts.

The center of all activities is the Report Center, which was first installed in the Selectmen's Room in the Town Hall, but which for the sake of privacy has now been moved to the basement of the High School. To the Report Center come warnings from Region 3 headquarters in Worcester, relayed thru the Control Center in Framingham, and from here Chief Warden Maxwell Eaton directs the Defense activities during either test or actual emergency.

During the past year we have successfully passed six black-out tests, including one in which we were the subject of a surprise

examination by a test crew from headquarters. The report on the examination was excellent. We have now taken on the additional work of enforcing the Dimout, and we are proud to be able to say that the response of the people of Sudbury to the new rules has been nearly 100% perfect.

Air Raid Wardens and other Defense workers were at first warned by telephone, but now at the order of the First Service Command of the U. S. Army we are using sirens. Four sirens are now in use, the original town siren at Sudbury Center, one at the Wayside Inn purchased by the Inn, one at Merton Haskell's and one at Bowker's store, these last two purchased with Civilian Defense funds. We must purchase one more siren to be installed at a central point in South Sudbury, this part of the Town being inadequately warned at present. This warning system, once set up, will be useful in years to come to call the Fire Department members or to arouse the Town in case of need, and so is a permanent investment.

Our financial report may be found in detail in the report of the Town Accountant. We would point out that 50% of the money spent was for Fire Department equipment and 30% for warning sirens. Of our request for 1943, one-half is for the South Sudbury siren.

Every person in the Defense Organization, from the Chairman down to the Messenger boys, has spent many hours in study and in practising his job, and now Sudbury can well be proud of its Civilian Defense Organization.

Respectfully submitted,

CHARLES H. WAY  
Chairman.

## INSPECTOR OF ANIMALS' REPORT

February 2, 1943

To the Board of Selectmen of Sudbury:

I submit my report as Inspector of Animals for the year 1942.

All orders from the Department of Agriculture, Division of Livestock Disease Control have been carried out.

On account of the rubber and gas shortage some of the work has been ordered changed and more of it done by telephone.

We have had no cases of Rabies.

Respectfully submitted,

CLIFFORD S. WRIGHT  
Inspector of Animals.

## FIRE DEPARTMENT REPORT

---

To the Board of Selectmen:  
Gentlemen:-

The following is the report of the Fire Department for 1942. There were six building fires, eleven chimney, twenty-eight grass, brush and woods fires, one automobile fire, one emergency call, one call for a fire in an neighboring town, and three false alarms, a total of fifty-one calls. This is about fifty percent less than the number of fires in 1941. The loss caused by these fires was very small with one exception.

The regular meetings and drills have been held the first and third Monday of each month, with many extra meetings attended by regular and auxiliary members. The greatest problem confronting fire departments today is the lack of manpower caused by their members being called into the Service and into defense jobs. At present three of our regular men Basil Oliver, Daniel Krause and Arnold Burns are in the Service. Three others are serving on the fire department at Fort Devens and two others on the fire department at the Ammunition Depot.

I wish to take this opportunity to appeal to the citizens of the Town to do all they can to prevent any unnecessary fires.

The new truck purchased this year and put into service during Fire Prevention Week in October carries 500 gallons of water in two tanks, 20 feet of suction hose, 200 feet 2½ inch hose, 1000 feet 1½ inch hose, and 1000 feet of 1½ inch hose, pump cans, extinguishers and miscellaneous equipment. It also has a front mounted centrifugal pump powered by a 100 H. P. mercury motor capable of delivering 500 gallons of water per minute at draft or 600 gallons from a hydrant. This truck is a very efficient piece of apparatus for the protection of property either inside or outside the water district and will be a great help in protecting our woodlands.

I wish to thank the Town Officers, Members of the Department, Auxiliary Members, Telephone Operators and all those who have in any way assisted the department.

## STATE GUARD REPORT

In the summer of 1941 the Commonwealth authorized the Selectmen of the Town to organize a Reserve Unit of the Mass. State Guard. The Company was formed in August, 1941 and continued under the leadership of Arthur R. Howe, 1st Lieut. M.S.G. until the end of the year. The Unit was formally accepted by the State on Dec. 12, 1941 as the 28th Company, Mass. State Guard Reserve. Our present designation is Sudbury Company, Mass. State Guard. We are one of the Security Units of the State, formed for service in our own and contiguous towns. The Mobile Units of the Guard, formed in the cities and larger towns, usually where there is a State Armory, will serve anywhere in the Commonwealth.

Weekly drills or instruction periods have been held since our formation, with occasional practice maneuvers on week-ends. Last winter we held semi-monthly drills in the Concord Armory. This winter we drill semi-monthly in the Framingham Armory where we have the use of the indoor rifle range. All men are practicing now for qualification in small arms marksmanship. Our regular drill night is Tuesday of each week.

State Guard Training Manuals were supplied by the Town. Until December, 1942, all other expenses, including summer

uniforms, were paid for by the Company members. We recently received a Company Fund from the State, also partial reimbursement for our summer uniforms. Instead of accepting repayment for uniforms the Company members have left this money in the Company Fund. Winter uniforms were issued by the State last fall.

Our original issue of arms was the Enfield Rifle of World War I. These were Federal property and were soon recalled,—and we hope have been put to a better use. We are now equipped with one automatic weapon and double barrel shot guns with impressive accuracy and hard hitting power at moderate ranges.

We are always in need of new recruits. Our authorized strength is 3 officers and 61 enlisted men. Our maximum active enrollment has been 45 men, and at present is 2 officers and 29 enlisted men with 14 men in the Inactive Reserve. There has been a heavy turnover in company personnel, 2 officers and 11 men having left to go into the U. S. Armed Forces, and as many more leaving or transferring to the Reserve for business reasons in connection with war work.

While we all hope there will never be any need for action by the State Guard, we are trying to train ourselves in the type of warfare best suited to our equipment and physical abilities, always keeping in mind the statement made by the Director General of the British Home Guard, "There is little use of undertaking preparedness in any country if you do not prepare for the worst."

Respectfully submitted,

CLARK B. HILL,  
Captain Mass. State Guard  
Commanding.

## REPORT OF THE PUBLIC WELFARE BOARD

---

To the Citizens of Sudbury:

The members of the Public Welfare Board desire to submit the following report.

The general Relief problem for the year has been confined to unemployables with the exception of three cases who have had a small amount of aid due to temporary illness or misfortune. These cases have settlements in other towns with full reimbursement to Sudbury. All other Temporary Aid cases have been of a Hospital, Infirmary or medical nature, with four exceptions,

where the individuals are no longer able to work. Of these we have lost one by death, and one by removal to another Town.

W.P.A. has been at a standstill, except for some care in Vocational Schools.

Both the C.C.C. and N.Y.A. have been definitely closed that the individuals listed under these departments might become available in the war effort.

We still maintain a limited interest in the Federal Surplus Commodities, largely because we believe it to be useful to the School Lunch program.

The Department of Old Age Assistance has had it's ups and downs but at no time in the year has it exceeded a total of thirty persons. It has a present membership of twenty-nine. There has been an all-high in medical care under this department, which should be taken into consideration in making future estimates.

It is our most earnest recommendation that the Department of Public Welfare be centralized with other Official Departments in the Town House. As the work has become largely of a statistical nature it could be done with a minimum of effort if necessary data were easily available, and it would be more satisfactory in every way.

We wish to express our grateful appreciation to all who have aided us in our work throughout the year.

Respectfully submitted,

CLIFFORD S. WRIGHT, Chairman  
MAUDE MOORE CLARK  
HERBERT J. ATKINSON

## POLICE DEPARTMENT REPORT

---

January 2, 1943

Honorable Board of Selectmen  
Sudbury, Massachusetts  
Gentlemen:

It is my firm conviction that each department of the town should report in writing annually to its inhabitants, through your Honorable Board, and in accordance with this conviction, I am pleased to submit herewith my first annual report of the activities of your police department. Although I was not appointed until April of 1942, the report as submitted is a consoli-

dated report and includes the activities of my predecessor, Lawrence B. Tighe, who was Acting Chief of the Police Department for the first three months of 1942.

I want to take this opportunity to publicly express to Seneca W. Hall, former head of the Police Department, and to your Honorable Board, my sincere appreciation for the splendid cooperation you each have given me whenever it has been necessary for me to appeal to you.

#### PROSECUTIONS:

During 1942, 57 prosecutions were heard in the First District Court of Southern Middlesex at Framingham by your department. These complaints consisted of many offenses ranging from violations of the automobile laws to breaking and entering and larceny.

As a result of these prosecutions, \$134.50 was returned to the town by the Framingham Court. Considerable more money was turned over to the County Treasurer as a result of these prosecutions.

#### ARRESTS FOR OUTSIDE DEPARTMENTS:

Exclusive of the arrests that were made for Sudbury, 3 arrests were made for other police departments, and 69 summonses to other courts were served by me.

#### INVESTIGATIONS:

A total of 383 investigations were made by this department during the last year. 17 automobile accidents were covered, 27 fires were attended, 3 sets of automobile plates were revoked, 17 automobile drivers' licenses were suspended, 23 warnings through the Registrar of Motor Vehicles were issued, 83 verbal warnings to motorists on speeding were issued, 69 transfer of motor vehicles were effected.

#### FATAL ACCIDENTS:

I am pleased to report that there were no fatal accidents in Sudbury during the year 1942.

#### F. B. I. INVESTIGATIONS:

In addition innumerable investigations have been made for the F. B. I. relating to defense workers, etc.

#### INSPECTIONS:

I have arranged a schedule whereby periodically, all of the road stands, homes, and cottages, garages, etc., are visited and inspected.

#### WORK FOR FEDERAL GOVERNMENT:

Considerable work is done in connection with the war effort that I feel should not be made public property.

### UNLICENSED DOGS:

In cooperation with the Clerk of the District Court at Framingham, rather than secure formal complaints against residents with unlicensed dogs, I secured letters from the Court ordering each party with an unlicensed dog to appear before the Clerk and show cause why a complaint should not be issued. In this manner, every case of an unlicensed dog in Sudbury was cleared up without the issuing of a formal complaint.

### JUVENILES:

I am of the strong opinion that juveniles should be formally brought before the Court only after every other means has been exhausted. I believe that correction should be the watch word with juveniles rather than punishment. In this regard, the Court agrees with me. During the past year, without formal Court action, I have handled 17 juveniles, and I am gratified with the results that were obtained. I do not have to go into any further detail since I feel that the less publicity given to juveniles, the better for all concerned.

### DIM-OUTS:

Sudbury is within the dim-out area and considerable work has been placed upon this department to investigate violations and to properly enforce the dim-out regulations.

### AUXILIARY POLICE:

Under the civilian defense set-up, the town has an Auxiliary Police force consisting of approximately 44 men. Considerable time is spent in training them for any emergency that may arise.

### PUBLIC SAFETY:

During the year on 4 separate occasions, it has been necessary to stand watch over broken electric wires that might cause severe damage if left unguarded.

In conclusion, I want to say that I have enjoyed my work in Sudbury, and that I have conscientiously endeavored to give the town full and complete service and protection.

I express my appreciation to the men who have served with me on the police force, to the Civilian Defense Workers, the Auxiliary Police, the Massachusetts State Police, the Inspectors of the Registry of Motor Vehicles, and all of the other police departments which have cooperated so whole-heartedly with me.

Respectfully submitted,

ALFRED A. MEISSNER,  
Chief.

## REPORT OF BOARD OF REGISTRARS

January 13, 1943.

To the Town of Sudbury:

Report for the year ending December 31, 1942.

This board functioned as required by the State Laws during 1942. Registering eighty-one new voters. All members of the board served during the registration period.

In addition to the above, two meetings of the board were held to discuss plans and expenses for listing the residents of the town.

Respectfully submitted,

GERTRUDE M. HALLERAN  
HENRY N. PAGE

## REPORT OF TREE WARDEN

---

To the Board of Selectmen:  
Sudbury, Mass.

Gentlemen:

I herewith submit the following report of the Tree Warden Department.

Were removed several trees that were dead, also removed dead and low limbs. We expect to find broken limbs as a result of the ice storm.

The elm trees were given a second spraying for Elm Leaf Beetle and obtained good results.

We wish to extend our thanks and appreciation to the Sudbury Nurseries for trees set out by them this year.

Respectfully submitted,

CHARLES A. BRACKETT,  
Tree Warden.

## REPORT OF MOTH SUPERINTENDENT

---

To the Board of Selectmen:  
Sudbury, Mass.

Gentlemen:

I herewith submit the following report of the Moth Department.

The moth situation shows a great improvement over last year, with very little heavy feeding in the woodland.

We scouted the roadsides, and treated the egg clusters with creosote.

The trees and shrubs bordering the roads were sprayed with arsenate of lead.

Respectfully submitted,

CHARLES A. BRACKETT,  
Local Superintendent.

## REPORT OF PUBLIC HEALTH NURSE ASSOCIATION

---

January 14, 1943.

To the Selectmen and Citizens:

1245 Public Health Nursing visits were made in 1942 as follows:—Antepartum 46, delivery 2, postpartum 63, morbidity 270; health service:—newborn 58, infant 173, pre-school 229, school 292, adult 23, social service 31, field visits and miscellaneous 58.

128 children were seen at Well Child Conferences sponsored by the Board of Health. These conferences, with Dr. Moynihan in attendance, are held the second Wednesday of each month and are open to all Sudbury infants and preschool children on application to the nurse. They are steadily proving their value in early detection and correction of defects in physical condition, diets, and habits. Mrs. Osler can be reached at the office (Tel. 45) between 8:30—9 A. M. and 1:30—2 P. M.

Red Cross Home Nursing classes are being conducted by Mrs. Osler Friday evenings. It is hoped that later a similar course may be arranged for girls in the high school or Girl Scout organization.

In addition to our annual figures on nursing visits, finances, clinics, and classes, we are happy to report this year that our public health nurse has moved to Sudbury and is living with us as well as doing her good work of teaching and ministering to us. In our present state of war and possible emergency this is most fortunate.

Respectfully submitted,

MARJORIE B. HILL,  
Secretary.

## SCHOOL COMMITTEE REPORT

---

To the Citizens of the Town of Sudbury:

This first complete year of war has been a very trying one in your school system.

We started the year with practically a new teaching staff. Many of these teachers resigned, leaving vacancies extremely difficult to fill. Finding suitable teachers has been a task but we feel fortunate that we have at the present time a complete faculty.

In March 1942 Mr. Carleton S. Coon was elected by the town to serve on the school committee. One month later he was called into the service and Mrs. Richard Piper was appointed by the selectmen to take his place.

As in industry and in business, there will have to be many changes made in the school system during the coming year.

Because the nation has become increasingly aware of physical fitness and realizes the value as individuals of becoming healthy Americans—physical education is soon going to be compulsory in the schools.

We feel that this spring we must start our boys and girls in the Sudbury schools with some kind of physical education program. We would like to suggest that some member of our Sudbury State Guard be asked to give the boys two hours a week of military drill and it is our hope also that beside some kind of an out-of-doors program for the girls, we could give them classes in First Aid or Home Nursing.

There is a new ruling that High School children walk to school to save gasoline and rubber but because our busses are not crowded we have not as yet found it necessary to enforce this ruling.

The Sudbury schools are indeed fortunate to have such a splendid Dental Clinic. The cooperation of the parents has greatly helped to make the Dental Clinic successful, but we would like to urge the parents of children who still need to have work done to attend to it immediately.

We feel that the—one grade in each room system—has been of great advantage to the children in spite of the added cost of transportation.

Because of the splendid cooperation of Mr. L. Roy Hawes we were able to build two permanent tennis courts for the \$500 that was appropriated by the town to build one clay court. These courts will be ready for use this spring.

In the Centre School this summer a new floor was laid in one room and the floors in the other rooms were refinished.

This fall we were able to buy some desks and seats which had been needed for some time.

We are glad to express our appreciation of the conscientious work done by the teachers during the rationing periods.

In order to comply with the gasoline restrictions several of the school functions—Grange Debate, Junior and Senior Dances and possibly baseball—may have to be discontinued. We hope this will not be necessary but we must hold ourselves to instant readiness for new adjustments and for increased sacrifices.

To all the organizations and individuals who have contributed in any way towards making this difficult year a successful one in the Sudbury Schools, and to the Superintendent, principals and teachers for their unselfish services, we extend our sincere thanks.

Respectfully submitted,

MAXWELL P. EATON  
GEORGE H. GOHLKE  
DOROTHY J. PIPER  
School Committee

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Committee and Citizens of Sudbury:

I submit my annual report as Superintendent of your schools. The work of the past year has continued in a regular and satisfactory manner. I wish to call your attention to the accompanying statistics, the report of my assistants, and several other matters which deserve your attention.

Sudbury schools opened for the 1942-43 school year September ninth. Seven new teachers were employed to fill vacancies in the system. Mr. Frederick Dow, Mrs. Frances Warren, Miss Evelyn Ford, and Miss Ruth Davis were assigned to the high school. Miss Irene Hinkly, Miss Ruth Alden and Miss Beverly Frye were assigned to grades in the elementary school.

There is a definite shortage of teachers due to conditions brought about by the war. This fact will be felt more acutely by the smaller towns this coming year.

Army curriculum specialists working under the joint direction of the War Department and the U. S. Office of Education have prepared a series of manuals to enable teachers to provide instruction which will result in the development of understanding and skills fundamental to a number of army specialties. In co-operation with this program Pre-flight work in Aeronautics has been offered this past semester at the high school.

During the summer vacation a new floor was laid in the high school. The other floors, conditions permitting, were washed, filled and waxed. All necessary repairs and replacements were made during the year.

New seats were purchased for the fifth grade room at the Center School. The posture in this room is much improved.

I wish, in conclusion, to express my appreciation to the chairman and the members of the School Committee for the support they have given in the administration of the schools.

The accomplishments of the year have been made possible by reason of the helpfulness and cooperation which this committee has extended at all times.

I am deeply grateful to all who have assisted so willingly in the affairs of the school department.

Respectfully submitted,

ALFRED R. KENYON.

## PRINCIPAL'S REPORT

---

Mr. Alfred R. Kenyon  
Superintendent of Schools

Dear Sir:

Supplying trained man—and womanpower to replace workers who have gone to war is clearly the most important wartime function of America's schools. They will be expected to supply at least one million trained men to the armed services each year as long as the war lasts; more than a million and a half workers, mostly women, to essential war and civilian industries; and two million boys and girls for part-time, after-school, and vacation labor.

With the passage of the 'teen age draft bill, no boy can plan to do more than complete his current semester of work after he reaches eighteen, unless he is training directly for one of the highly technical war occupations.

Young people in high school must be trained specifically to become better warriors and workers. Every young person should consider himself in the reserves. While in the high school reserves, his job is to prepare himself to assume adult responsibilities when called to active service.

Let us as teachers and parents work together to the end that each boy and girl in Sudbury:

1. Keep physically healthy and fit.
2. Do his regular school work to the best of his ability.
3. Learn about the work done by airplane spotters, air-raid wardens, volunteer firemen, messengers, home-guards, first-aid workers, and the like.
4. Conserve property and equipment, and all sources of heat, light and power.
5. Consider the possibility of service in one or more of the following ways: selling war stamps and bonds, Red Cross activities, gardening, working during summer vacation on farms or in some other essential industry. In total war everyone becomes a combatant.

### MATHEMATICS AND SCIENCE

The army and navy are vitally interested in the mathematical and scientific background of our graduates. We have this year increased our offerings in these fields. In addition to our regular offerings of Algebra, Plane Geometry and Physics, we have

classes in Algebra 2, Solid Geometry, Trigonometry and Elementary Aviation.

### ATTENDANCE

The success of any public school system depends primarily upon the daily presence of those who are to be instructed. Education is a full-time job. Illness is the only legitimate excuse for absence. Parents who allow their children to become lax in attendance should realize that they are putting their children under a tremendous handicap as well as lowering the efficiency of the entire school.

## REPORT OF SCHOOL PHYSICIAN

---

During 1942 we had scattered cases of communicable disease but no epidemics. Three children were treated at the Lowell orthopedic clinic. Colds and virus pneumonia caused much lost school time in the Fall term.

More than ever before it is essential that parents see to it that their children get proper food and vitamins, adequate sleep and clothing.

Immunizations against diphtheria — provided every year by the Sudbury Board of Health in April — should be given non-immune children. Small pox and whooping cough immunizations are strongly recommended, for infants and preschool children especially.

Respectfully submitted,

GEORGE E. CURRIER, M. D.

## REPORT OF THE SUPERVISOR OF ATTENDANCE

---

During the fiscal year I have investigated 15 cases of absence. 13 cases were found to be legal absences and 2 were recorded as cases of truancy. There has been no need for court action during the year.

Aside from service mentioned I have taken the School Census.

Respectfully submitted,

ALVIN S. BRADSHAW.
