## 19TH CENTURY SUDBURY COMMON

Winter days were the quiet days in this farming community in the 1800's, with work at the minimum, except for wood chopping and the everlasting chore of filling the hungry stoves. And, it's rather pleasant to sit and pause and perhaps dream a little, thinking of things like a taffy-pull, church socials, a town hall dance, sugaring-off the maple sap, the singing society, toboggan coasting on Goodman's hill.

To the extreme left of the picture is Parmenter's store, picked up thirty-odd years ago and moved to the Wayside Inn vicinity to become the Wayside Country Store. In the background is the old First Parish, erected in 1797, and steeped in the living history of our ancient township. Next to it sets the public carriage sheds, and then the "Old" Town Hall. Comes the narrow, winding way to Concord, then the Methodist Church and Hosmer House, these last all but hidden by a big, old tree. In the snow-covered foreground stands a round-shaped granite horse trough, a little to the right, the village pump, its barrel a hollowed-out hardwood log. Dobbin, hitched to a sleigh and tied to the store hitching posts, waits patiently in the cold for his master to complete the family shopping. No purchase was made without an exchange about the weather with the proprietor, a word or two on politics and happenings on the local level.

Gone years is the Town Hall in this picture, replaced by the present one on a new site easterly and southerly of the old location. This Town Hall was destroyed by fire on a February day in 1930. The carriage, or horse sheds still remain. In effect then, and even now, is an agreement between First Parish and the Town. Property of the Church, the town has use of the shed facilities on weekdays, the First Parish on Sundays. All of which dates back to the days when horses provided the transportation.

That timepiece in the steeple is the official town clock. The Town provides for its winding and any necessary repairs. Once something happened to its striking mechanism, and startled residents sitting down to their noon-day meal counted twenty-five stirring bongs when there should have been twelve.

Had this picture been drawn of an earlier era, a set of stocks would have appeared in the Parish Church dooryard. Our artist missed arrival of the four-horse stage coach. Perhaps it was down the road a piece, on Old Berlin Road, discharging mail and some passengers at Haynes' Tavern.

by Les Hall

Note: We are indebted to Lubin Doucette, of Sudbury, for this delightful sketch. This is the eleventh town report with cover picture and story of a Sudbury scene or notable, local landmark. It has been a joy to this writer to produce the series.

## SELECTMEN'S REPORT

To the Citizens of Sudbury :

The Selectmen submit this report as a resume of the considerations and actions taken during the year. We receive certain directives and recommendations from the town meeting in the form of votes, resolutions and recommendations. These have been given full consideration and carried into fulfillment as far as possible.

Elected town officials' salaries have been reviewed. On considering the increased amount of time, thought and energy required to effectively carry on the work under these several departments, it appears that compensation has not kept pace with the effort.

The matter of combining the offices of Tax Collector and Treasurer were considered with the following conclusions. The work of the two departments are being done very efficiently at the present time. The cost to the town has been modest in comparison with the work done. It is our belief that, if the present incumbents can be maintained at a moderately increased cost, the town should continue the two offices separately.

A public works department has its merits and has been recommended in the past. This is another case where a very efficient department head is doing the "leg" work and "head" work more effectively and economically than could be done in any Public Works Department setup if such departments in our surrounding towns are a criterion.

When the Water District becomes a division of the town, and we believe that should not be delayed much longer, consideration should be given a Public Works Department. In any combination of town departments under a single head there, of necessity, must be capable persons to act as foremen of the different departmental crews. These men would be entitled to salaries nearly as great as salaries paid to the different department heads under the present setup.

Our general conclusion is that as long as the town can get experienced and competent men or women who will give the required time and thought to these tasks the town will be better served and at a lesser cost.

Meetings have been held with the different departments when problems overlapped and were of general consequence to the town.

One such occasion was for the purpose of changing the location for a proposed school. It appeared that full con-

sideration had not been given to the matter by the School Committee and Building Committee — two committees vitally concerned. Joint meetings were held and a new site was unanimously selected, presented to the town and voted. We believe the town will be better served and less time will be consumed at town meetings if this type of consideration can be given other town problems.

We are happy to report that the operation of the Sanitary Land Fill on the property of L. Roy Hawes has given great satisfaction to the board as well as to the public who use it. The Fire Chief reports a substantial saving in expense and mental concern as a result.

Town Counsel has been working with Florence Hosmer in an effort to complete the details connected with the donation of her property to the town. Action, by the town, will be requested at a later date. An article will appear in the warrant to acquire about four acres of land which formerly belonged to this property. It will be remembered that a committee has recommended the purchase of all the land in this general area.

Traffic conditions throughout the town are of great concern at the moment and will become much more critical with the completion of the Raytheon plant on the Post Road. It can be stated that this company is planning for double the capacity of that originally planned at the South Sudbury site. An option has been taken on the south side of the Post Road opposite the Raytheon plant for business purposes. These developments indicate the need for ways and means to relieve traffic congestion, especially along the Post Road. The Selectmen are supporting bills in the legislature which will provide for by-passing the towns of Wayland and Sudbury with a new State highway.

This board has been working with the Planning Board, Board of Appeals and the building inspector in an effort to revise our by-laws to make them more concise and more easily understood. As an example, sections relating to signs appear in several places in the by-laws and must be revised to be more easily interpreted.

The work of Selectmen is varied and many decisions have to be made. Some pertain to things that effect the town as a whole, while others concern individual or sections in the town. Space does not allow for a report of all the demands on us.

During the year, requests have come from the League of Women Voters for changes of procedure in our department. We have been glad to cooperate and accede to their requests. These changes should promote more interest and participa-

tion in town affairs. Advancing the "dead line" dates for submission of material for the annual report should insure an earlier date for delivery of such reports. We will continue to incorporate such modern methods of administration as will make our services more effective and satisfactory to the people of Sudbury. To do this requires modern equipment with sufficient capable help for its operation.

In closing, we wish to thank our office force and especially our Head Clerk for their courteous and efficient services to the several officials of the town and to those of our towns people who have taken of their time.

Respectfully submitted for  
The Board of Selectmen,

HARVEY N. FAIRBANK,  
Chairman.

## TOWN CLERK'S REPORT

PROCEEDINGS OF  
THE SPECIAL TOWN MEETING

February 6, 1958

Pursuant to law and the foregoing warrant dated January 27, 1958 and signed by Harvey N. Fairbank, Arthur E. Fay, Sr. and Lawrence B. Tighe, Selectmen, and the return of service by Augustus V. E. Sharkey, Constable, the Moderator presided, called the meeting to order at 8:00 P. M. and declared there was a quorum present. The Moderator examined the warrant and the return thereon and declared them in proper order. The Moderator then proceeded to read aloud the warrant.

The Moderator stated that the amount of "Free Cash" available was \$57,790.13.

The Moderator then requested a moment of silent prayer in memory of Arthur H. White, member of the Planning Board from 1938 to 1958, who had passed away on February 3, 1958.

Article 1. To see if the Town will vote to grant, appropriate, or otherwise provide the sum of \$525,000.00 or any other sum, for the purpose of completing plans and specifications and the construction of an elementary schoolhouse on that parcel of land situated on the northerly side of Hudson Road and the southeasterly side of Fairbank Road which the town acquired by deed from Concetta LaGrassa, and originally furnishing the same. Pass any vote or take any action relative thereto.

Finance Committee Report: "The Finance Committee has held a public hearing on the proposed Fairbank Road School. This public hearing was directed to determine two phases in the construction of this school building, namely — is it necessary to build a school at this time and is the contemplated cost of the school reasonable.

This committee is satisfied that this school is necessary and should be constructed immediately.

In the light of the construction costs of the school on Horse Pond Road, we agree that the estimated costs of \$509,000.00 is a reasonable cost for consideration. There is contemplated a covered area and connected covered walk in this figure. The Finance Committee does not agree that this portion of the building is necessary and therefore does not approve that

portion of the estimated costs. It is our understanding that the permanent building committee has inserted this portion of the estimate as the covered area was included in the specifications submitted by the School Committee to the Building Committee.

The Finance Committee approves the construction of the Fairbank Road School for the estimated amount of \$485,000.00 (exclusive of the covered area). Inasmuch as the covered area was included in the specifications we shall present a main motion covering the construction of the Fairbank Road School — we shall then present an amendment to include the covered area in the construction of this school. Our motive in presenting this amendment is to expedite the meeting and allow the citizens to register their decision on the inclusion of the covered area in the construction of this school.”

An amendment made by the Finance Committee for an additional sum of \$24,000.00 to be appropriated for the purpose of constructing a so-called “covered play area” in connection with said elementary school was defeated.

*VOTED: That the Town appropriate the sum of \$485,000.00 for the purpose of completing plans and specifications and for fully constructing, equipping and originally furnishing a 14 room Elementary School on the Fairbank Road site.*

*VOTED: To finance the construction, equipping and originally furnishing the 14 room Elementary School on the Fairbank Road site, the amount of \$5,000.00 be transferred from the Overlay Reserve Surplus, \$20,000.00 be transferred from Excess and Deficiency Account, and that the Town Treasurer, with the approval of the Board of Selectmen, borrow the sum of \$460,000.00 for a period not to exceed twenty years, as authorized by Chapter 645 of the Acts of 1948, as amended. Such funds to be expended under the supervision of the Permanent Building Committee.*

In favor — 253, opposed — 10.

The meeting adjourned at 9:40 P. M.

A True Copy, Attest:

LAWRENCE B. TIGHE,  
Town Clerk.

PROCEEDINGS OF THE ANNUAL TOWN ELECTION  
MARCH 3, 1958

Pursuant to law and the foregoing warrant, the Town Clerk attended at the Town Hall on Monday, March 3, 1958, and before the time appointed for the opening of the polls, delivered the ballots, the state ballot box with the keys thereto, specimen ballots, cards, tally sheets, and the total vote sheet, all prepared, for the Annual Town Election, to the Moderator, taking the required receipt therefor. At the hour named in the warrant, the Moderator examined the warrant and the return thereon and declared them in proper order.

He then opened the election with the reading of the call for the meeting and the constables return.

VOTED: *That the reading of the several articles of the Warrant be dispensed with at this time.*

Upon motion duly made and seconded, it was:

VOTED: *That the choice of Field Drivers, Fence Viewers, a Pound Keeper and other officers not voted on the official ballot be delegated to the Selectmen.*

The Tellers attending, the ballot box was opened, found to be empty, and immediately closed, with the register set at 0000.

Assisting in the election were Herman Austin, Ralph Barton, Jane Bennett, Constance Ridgeway, Mary Mailley, Frederick Stone, David Baldwin, Marion Hriniak, Lillie Nelson, William MacCulloch, Helen A. Burr and Dorothy McCarthy, all duly sworn.

The polls opened at 10:00 A. M. and pursuant to law were closed at 8:00 P. M. The ballot box register showed the number of ballots cast as 1548. There was an error of one, the correct number of votes cast was 1547, one ballot cast having registered twice. The absentee ballots were then opened and cast. The ballot box register then showed the corrected total number of ballots cast as 1569, which was the number of names checked on the four check lists kept by the ballot clerks and tellers all duly sworn.

The result of the voting as canvassed and counted by the election officers was completed at 11:15 P. M. and the results as publicly announced at that time were as follows:

## Member Planning Board, for Five Years

Albert St. Germain .....	1080
John W. Sheridan .....	417
Blanks .....	72
Total .....	1569

The Moderator thereupon declared the election dissolved.

A True Record, Attest:

LAWRENCE B. TIGHE,  
Town Clerk.

**PROCEEDINGS OF THE ANNUAL TOWN MEETING**  
**MARCH 5, 1958**

Pursuant to law and the foregoing warrant dated February 6, 1958 and signed by Harvey N. Fairbank, Arthur E. Fay, Sr. and Lawrence B. Tighe, Selectmen, and the return of service of Augustus V. E. Sharkey, Constable, the Moderator presided, called the meeting to order at 7:30 P. M. and declared there was a quorum present. The Moderator examined the warrant and the return thereon and declared them in proper order. The Moderator then proceeded to read aloud the warrant.

*VOTED: To dispense with the reading of the separate articles in the warrant at this time.*

The Moderator stated that the amount of "Free Cash" available as of January 1, 1958 was \$50,165.13. The sum of \$20,000.00 was transferred to the Fairbank Road School Account at the Special Town Meeting, February 6, 1958. The amount available as of March 5, 1958 was \$30,165.13.

Article 1. To hear the reports of the Town Officers and Committees and act thereon.

The Finance Committee made the following correction in their report: Section A, Item 12, Tax Collector's Salary, Amount Requested should read \$3,000.00, not \$2,800.00.

*VOTED: That the report be accepted as printed subject to typographical errors when and if found.*

*VOTED: To take up Articles 48 and 49.*

Moved: That the Town adopt as Article XI of its by-laws, the Personnel Administration Plan to read as in the attached sheets.

Town Counsel stated that it was his opinion that the by-law was in conflict with the provisions of Chapter 48, Section 43, establishing a Fire Department and Chapter 41, Section 97, establishing a Police Department.

Mr. Schmalz, attorney for the subcommittee, did not agree that it violated any provisions of the statutes accepted at previous meetings.

J. Carrell Morris moved postponement to a time definite.

VOTED: *To lay Article 48 on the table.*

VOTED: *To lay Article 49 on the table.*

Article 2. To see if the Town will grant and appropriate or transfer from available funds the following sums or any other sums of money for any and all necessary Town purposes for the ensuing year, and to fix the salaries of all elected officials for the year 1958 in accordance with the following schedule. Pass any votes or take any action relative thereto.

Section A was then read:

### A. GENERAL GOVERNMENT

		\$51,939.74	\$47,295.38	\$56,115.00	\$54,250.00

Finance Committee Report: "The recommendations of the Finance Committee are \$1,865.00 less than the amounts requested in the 1958 budgets. The Finance Committee has recommended exactly the amount requested for elected officials' salaries where there is no variance from the 1957 budget. In other cases where requests are more than the 1957 budget, the committee has recommended approximately 20% increase over 1957. The salaries of clerks have been set in accordance with the recommendation of the Committee on Town Administration."

Finance Committee report at the meeting.

"In further explanation of the recommendations of the Finance Committee we point out the Town Clerk's Salary in the amount of \$2,500.00. This salary is composed as follows — Salary as Town Clerk \$1,800.00, Salary as Clerk of Registrars \$420.00, Fees for Recording Births, Deaths and Marriages \$280.00. The salary as recommended, therefore, is a consolidation in one account of the salaries or fees previously received by the Town Clerk."

VOTED: *That the amount of \$54,250.00 be appropriated and raised by taxes under Section A — General Government, that the salaries of the Assessors be set as listed, that the salaries of the Selectmen be Chairman \$450.00, Clerk \$360.00 and third member \$270.00.*

Section B was then read:

## B. PROTECTION OF PERSONS AND PROPERTY

1.	Dog Officer, Salary and Expense .....	\$500.00	\$500.00	\$750.00	\$600.00
2.	Fire Dept., Salaries ..	18,019.50	18,019.50	20,680.00	20,880.00

2-A. Fire Dept., Expense ..	1,100.00	1,098.72	1,100.00	1,100.00
2-B. Fire Dept., New Equipment .....	3,150.00	3,147.60	3,140.00	3,140.00
3. Police Dept., Salaries	24,050.00	23,930.54	27,562.00	26,612.00
3-A. Police Dept., Expense	4,605.00	4,173.80	4,665.00	4,465.00
3-B. Police Dept., Uniforms	270.00	224.95	360.00	360.00
4. Sealer of Weights and Measures .....	125.00	125.00	150.00	125.00
5. Hydrant Rental .....	4,130.00	4,130.00	5,508.00	5,500.00
6. Tree Department .....	2,000.00	1,986.84	3,000.00	3,000.00
7. Moth Department .....	500.00	265.59	500.00	500.00
8. Elm Leaf Spray and Dutch Elm .....	2,000.00	2,000.00	2,800.00	2,800.00
9. Radio .....	1,330.00	1,327.99	1,330.00	1,330.00
10. Civil Defense .....	271.62	230.60	660.00	660.00
11. Building Inspector Expense .....	125.00	121.89	150.00	150.00
	\$62,176.12	\$61,283.02	\$72,355.00	\$71,222.00

Finance Committee Report: "The Finance Committee recommends the amount of \$71,222.00, a decrease of \$1,133.00 from the amounts requested. The major variances in the recommendations are represented in the salaries of the Dog Officer, Fire Department and Police Department. The salary of the Dog Officer is based on a 20% increase over 1957, while salaries of the Fire Department and Police Department are based on the recommendations of the Committee on Town Administration. We recommend that the salary of the Tree Warden be \$12.00 per day plus \$2.00 per day transportation."

Report at the meeting: "This committee has reconsidered the salary and expense request of the Dog Officer — because of the increased duties and expenses of this officer we recommend the amount of \$750.00, the major portion of this increase has been considered by us to be expenses."

In order to bring the Fire Department salaries up to the final recommendations of the Committee on Town Administration we recommend an increase in this account of \$250.00 and changing the recommendation to \$21,130. We wish to reduce Hydrant Rental to \$5,355.00 in accordance with the estimated income per the Water District report."

VOTED: *That the amount of \$71,477.00 be appropriated and raised by taxes under Section B. Protection of Persons and Property, and that the compensation of the Tree Warden be \$12.00 per day plus \$2.00 per day transportation.*

Section C was then read:

## C. HEALTH AND SANITATION

1.	Animal Inspector .....	\$225.00	\$225.00	\$225.00	\$225.00
2.	Board of Health, Ex- pense .....	2,000.00	580.76	1,300.00	1,300.00
3.	Dental Clinic .....	2,885.00	2,233.93	1,500.00	1,500.00
4.	Public Health Nurse, Salary .....	2,100.00	2,100.00	2,178.00	2,178.00
5.	Mosquito Control .....	2,500.00	2,500.00	2,500.00	2,500.00
		<hr/>			
		\$9,210.00	\$7,639.69	\$7,703.00	\$7,703.00

Finance Committee Report: "The Finance Committee recommends the requested amount of \$7,703.00. We feel that this amount is necessary for the proper administration of this department."

VOTED: *That the amount of \$7,703.00 be appropriated and raised by taxes under Section C, Health and Sanitation.*

Section D was then read:

## D. HIGHWAYS

1.	Bridge Repair .....	\$500.00	\$497.00	\$200.00	\$200.00
2.	Chapter 81 .....	28,804.79	28,804.79	9,125.00	9,125.00
3.	Chapter 90—Construc- tion .....	17,000.00	7,329.65	4,250.00	4,250.00
4.	Chapter 90 — Mainte- nance .....	4,500.00	4,498.86	1,500.00	1,500.00
5.	General Highway .....	15,500.00	15,289.41	11,500.00	11,500.00
6.	Snow and Ice .....	20,000.00	14,085.48	12,000.00	12,000.00
7.	Street and Traffic Lights .....	7,000.00	6,642.21	7,100.00	7,100.00
8.	Town Dump .....	6,033.88	6,033.88	7,500.00	6,000.00
9.	Road Machinery .....	6,500.00	6,498.29	6,500.00	6,500.00
10.	Highway Surveyor Salary .....			3,300.00	3,300.00
		<hr/>			
		\$105,838.67	\$89,688.57	\$62,975.00	\$61,475.00

Finance Committee Report: "The Finance Committee recommends the amount of \$61,475.00, a decrease of \$1,500.00 in requested amount. This decrease is represented alone in the Town Dump Account. As far as we can determine, \$6,000.00 should be sufficient to operate the Town Dump in the same manner as in 1957. This is the first year we have segregated the Highway Surveyor's salary. In prior years, this salary was voted in the amount of \$3,300.00 with the thought that it would be charged to various accounts under highways. However, it appears reasonable at this time to make a separate account so that it will facilitate accounting. No change has been made in this salary for the year 1958, and we feel that no change should be made this year until some review of this salary can be made during the year 1958."

VOTED: *That the amount of \$61,475.00 be appropriated under Section D, Highways, that \$4,250.00 be transferred from funds available under Chapter 718, Acts of 1956, and that \$57,225.00 be raised by taxation.*

At this time, David Copp was called to the platform and presented with the Chamber of Commerce annual award for Citizenship.

UNANIMOUSLY RESOLVED: *That the Town record its gratitude for faithful and conscientious service to the Town as Selectman for the past three years, to Arthur E. Fay, Sr.*

Section E was then read:

#### E. CHARITIES

1. Aid to Dependent Children .....	\$2,564.25	\$2,545.91	\$2,500.00	\$2,500.00
2. Welfare Administration .....	4,678.17	4,510.66	2,300.00	2,300.00
3. General Relief .....	2,000.00	2,000.00	2,000.00	2,000.00
4. Old Age Assistance ..	43,623.30	40,334.80	22,000.00	22,000.00
5. Disability Assistance	4,589.77	3,907.45	3,000.00	3,000.00
	<hr/>			
	\$57,455.49	\$53,298.82	\$31,800.00	\$31,800.00

Finance Committee: "The Finance Committee recommends the requested amount of \$31,800.00. The \$31,800.00 is the amount to be appropriated by the Town under this category. However, there are federal funds which will supplement this appropriation as evidenced in the expenditures for 1957.

VOTED: *That the amount of \$31,800.00 be appropriated and raised by taxes under Section E, Charities.*

Section F was then read:

#### F. VETERANS' BENEFITS

1. Veterans' Services ...	\$3,000.00	\$2,228.62	\$3,000.00	\$3,000.00
2. Veterans' Agent and Director — Salary ..	250.00	250.00	250.00	250.00
	<hr/>			
	\$3,250.00	\$2,478.62	\$3,250.00	\$3,250.00

Finance Committee Report: "We recommend the amount of \$3,250.00 as requested."

VOTED: *That the amount of \$3,250.00 be appropriated and raised by taxes under Section F, Veterans' Benefits.*

Section G was then read:

## G. SCHOOLS

1.	Schools, Salaries and Expense .....	\$286,296.00	\$279,251.70	\$361,897.00	\$361,897.00
1-A.	School Outlays .....	1,710.00	454.73	5,762.00	5,762.00
2.	School Renovation ..			12,903.00	5,278.00*
3.	School Rental .....	400.00	352.24	800.00	800.00
4.	Out of State Travel	300.00	129.20	300.00	300.00
5.	Regional School .....	196,661.12	196,661.12	218,489.00	218,489.00
		<hr/>			
		\$485,367.12	\$476,848.99	\$600,151.00	\$592,526.00

\* Cost of Renovation \$12,903.00  
 Less Fed. School Aid 7,625.00  
 Net Cost of Renov. 5,278.00

Finance Committee Report: "The amount of \$592,526.00 is recommended by the Finance Committee. The operations of the elementary schools amount to \$374,037.00. The budget of the elementary school has been reviewed by this committee on two occasions. In addition, two hearings have been held on this budget. There is a decrease of approximately \$1,000.00 in the school salaries and expense account from the first budget considered. In addition, the matter of school renovation has been segregated from the general budget of the school after discussion with the school committee. This school renovation is for the Center School which will be used for the 7th and 8th grades during the year 1958. It is anticipated that these renovations will make the school usable for at least 5 years. The Finance Committee toured the school and observed the areas planned for renovation and agree that the \$12,903.00 is a feasible figure for consideration. Federal Funds in the amount of \$7,625.00 have been made available and will reduce the cost to the Town to \$5,278.00. It is our understanding that the intention of the School Committee is to have these renovations done on a bid contract basis with the possibility that the cost thereof may be less. The tentative apportionment of the regional school budget for the Town of Sudbury is \$218,489.00. Actually this figure reflects a refund to the Town of Sudbury of some \$7,187.00 which was left over from the original appropriation prior to the time that the regional school was built."

VOTED: *That the amount of \$592,526.00 be appropriated and raised by taxes under Section G, Schools.*

Section H was then read:

## H. LIBRARIES

1.	Goodnow Library .....	\$8,196.46	\$8,196.46	\$9,905.00	\$9,155.00
----	-----------------------	------------	------------	------------	------------

Finance Committee Report: "The original budget request of the Libraries to be raised by taxation was \$9,155.00. The

actual operating budget of the library is \$11,555.00. It is anticipated under the request of the Library Committee that the Dog Tax, in the amount of approximately \$1,200.00 will be voted to be used by the Library, and in addition they expect to receive approximately \$1,200.00 from the Library Trust Funds. Subsequent to the submission of the budget, an additional request for \$750.00 was made to install fire protection equipment in the library. The Finance Committee considered these items, and inasmuch as the construction of the children's library was not completed and at December 31st there was some \$4,000.00 left in this account, it was thought that these additional items might be absorbed out of either the regular budget or from any excess left in the construction budget."

Report at the meeting: "We have been informed by the Town Treasurer that the Dog Tax will amount to \$1,680.00. The amount of \$1,200.00 was contemplated in the Library Budget. We therefore recommend that the Library appropriation be set at \$8,700.00."

VOTED: *That the amount of \$8,700.00 be appropriated and raised by taxes under Section H. Libraries.*

Section I was then read:

#### I. PARKS AND RECREATION

1.	Parks and Cemeteries	\$1,500.00	\$866.90	\$1,500.00	\$1,500.00
2.	Soldiers' Lots and Monuments .....	200.00	140.80	200.00	200.00
3.	Cemeteries .....	700.00	587.30	700.00	700.00
4.	Fourth of July Expense .....	600.00	600.00	600.00	600.00
		<hr/>		<hr/>	
		\$3,000.00	\$2,195.00	\$3,000.00	\$3,000.00

Finance Committee Report: "The Finance Committee has recommended the requested amount of \$3,000.00. It is apparent from the expenditures of prior years in relation to the budget request that as much economy as possible is used in the maintenance of Parks and Cemeteries."

VOTED: *That the amount of \$3,000.00 be appropriated and raised by taxes under Section I, Parks and Recreation.*

Section J was then read:

#### J. UNCLASSIFIED

1.	Incidentals .....	\$600.00	\$310.98	\$600.00	\$600.00
2.	Print Town Report ....	2,758.46	2,758.46	2,500.00	2,500.00
3.	Reserve Fund .....	6,000.00	3,946.92	6,000.00	6,000.00
4.	Town Clock Care .....	65.00	65.00	65.00	65.00

5.	Memorial Day Ex- pense .....	500.00	427.05	500.00	500.00
6.	Insurance .....	14,100.00	13,791.70	19,800.00	18,800.00
7.	Bonding Expense .....	775.00	659.75	725.00	725.00
8.	Legion Hall Expense	1,000.00	589.62	800.00	500.00
9.	Industrial Commission	1,000.00	9.00	1,000.00	500.00
		<u>\$26,798.46</u>	<u>\$22,558.48</u>	<u>\$31,990.00</u>	<u>\$30,190.00</u>

Finance Committee report: "The Finance Committee recommends the amount of \$30,190.00, a decrease of \$1,800.00 from the requested amounts.

A schedule of insurance was obtained from the broker. However, there was a contingency of some \$1,000.00 in this schedule and this amount has been eliminated in the recommendation of this committee.

The Legion Hall budget was reduced to the approximate expenditures in 1957.

The budget of the Industrial Commission has been reduced to \$500.00. This reduction has been arbitrary inasmuch as the expenditures in prior years have been minor."

VOTED: *That the amount of \$30,190.00 be appropriated and raised by taxes under Section J, Unclassified.*

Section K was then read:

#### K. INTEREST (DEBT)

1.	Interest on Bonds and Notes .....	\$13,279.07	\$15,883.20	\$34,750.00	\$34,750.00
2.	Debt Reduction .....			72,000.00	72,000.00
		<u>\$13,279.07</u>	<u>\$15,883.20</u>	<u>\$106,750.00</u>	<u>\$106,750.00</u>

Finance Committee Report: "The Schedule of Interest and Debt Reduction has been presented by the Town Treasurer and is accepted by the Finance Committee. The Interest Account is inclusive of interest on bonds on the Horse Pond Road School and also anticipated interest on the issuing of bonds on the proposed Fairbank Road School."

The Finance Committee stated that since the appropriation of funds for Debt Reduction is somewhat involved, an article had been inserted for the appropriation of the these funds under Article 21.

VOTED: *That the amount of \$27,050.00 be appropriated and raised by taxes under Section K—1, for Interest on Bonds and Notes.*

VOTED: *That consideration of Debt Reduction under this Article, Section K, Item 2, be indefinitely postponed.*

The Finance Committee reported that there are certain projects which have been completed and the funds are no longer necessary, and therefore recommended that the accounts of these funds be closed and appropriated toward the budgets previously appropriated under this article.

VOTED: *That the following unexpended appropriation accounts be closed and the funds thereon be appropriated to the aggregate of the budgets appropriated under this article:*

<i>Surveying and Relocation Town Roads ..</i>	\$50.00
<i>Fire Alarm System — Horse Pond Rd. ..</i>	38.86
<i>Fire Station Site — Massasoit Ave. ....</i>	400.00
<i>Repairing Town Sand Bin .....</i>	558.20
	<hr/>
<i>Total .....</i>	\$1,047.06

VOTED: *That all salaries shall be retroactive to January 1, 1958.*

Article 3. To see if the Town will vote to grant or appropriate the sum of \$92.90, or any other sum, for the purpose of paying unpaid bills in accordance with the following schedule; pass any vote or take action relative thereto.

Treasurer (1957): The First National Bank of Marlboro .....	\$82.00
Town Dump (1957): Johnson's Esso Station .....	10.90
	<hr/>
	\$92.90

Approved by the Finance Committee.

Finance Committee report at the meeting: "The Finance Committee understands that the \$82.00 due to the First National Bank of Marlboro represents one-half the cost of printing checks. We have recommended to and have been advised by the Treasurer that this item will be reconsidered in view of the substantial cash balance retained by the Town in this institution. However, in order to expedite this meeting and to recognize these bills

Move: That the amount of \$92.90 be appropriated for the purpose of the unpaid bills under this article.

Upon amendment duly made and seconded it was:

UNANIMOUSLY VOTED: *That the amount of \$10.90 be appropriated for the purpose of the unpaid bill under this article.*

Article 4. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1958, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws; pass any vote or take action relative thereto.

Submitted by the Treasurer.

UNANIMOUSLY VOTED: *In the words of the article.*

Article 5. To see what disposition will be made of the Dog Tax money for the year 1958; pass any vote or take action relative thereto.

Submitted by the Selectmen.

Finance Committee recommends transfer to Goodnow Library Account.

VOTED: *That the amount of \$1,680.41 from the Dog Tax be appropriated and used for the purposes of the Library.*

Article 6. To see if the Town will vote to grant, appropriate or otherwise provide the sum of \$5,000.00, or any other sum, to be used to conduct a revaluation of the Town under the direct jurisdiction of the Board of Assessors; pass any vote or take any action relative thereto.

Submitted by the Committee on Revaluation.

“The Finance Committee approved the appropriation of \$5,000.00 under this article. It is our understanding that these funds will be used to obtain more complete Assessors’ records on approximately 750 homes. At the present time, the Assessors have complete records on approximately 750 homes which have been built in the past 5 years. It is the intent of the Committee to Study Tax Inequities that these records shall be completed during the year 1958. The subject matter of this article has been reviewed with the Board of Assessors and the Committee, and it is our understanding that the majority of the Assessors are in agreement therewith.”

VOTED: *That the sum of \$5,000.00 be appropriated to be used to conduct a revaluation of the Town under the direct jurisdiction of the Board of Assessors, such funds to be under the jurisdiction of the Board of Assessors.*

VOTED: *That the Board of Assessors be allowed to use \$5,000.00 to compensate the Board of Assessors if they hire themselves to do this revaluation.*

Article 7. To see if the Town will vote to grant, appropriate or otherwise provide the sum of \$25,000.00, or any other sum, to be used to conduct a revaluation of the Town by outside professional reappraisers; pass any vote or take any action relative thereto.

Submitted by the Committee on Revaluation.

Finance Committee Report: "In the annual meeting 1957, a similar article was submitted requesting funds in the amount of \$15,000.00. This article was not approved by the Finance Committee, nor was it voted by the Town Meeting. Instead, it was voted that a committee of three be appointed by the Moderator to study possible tax inequities. The article presented in this warrant has been presented by the committee appointed by the Moderator. However, we understand that this committee does not approve the article and it has been submitted only as a means of discussion and an alternative to the prior article submitted by the committee. The Finance Committee does not approve this article and will move for indefinite postponement."

VOTED: *Indefinite postponement.*

UNANIMOUSLY RESOLVED: *That the citizens of the Town of Sudbury express their sincere appreciation to Ralph E. Hawes for his 15 years of faithful service to the Town as an Assessor.*

UNANIMOUSLY RESOLVED: *That the citizens of the Town express their sincere appreciation for the excellent services that Gordon Hunter as performed as Highway Surveyor for the Town of Sudbury.*

Article 8. To hear the report of the committee established at the Annual Town Meeting of 1957, to investigate possible tax inequalities; to see if the Town will vote to continue the committee for one year; to see if the Town will vote to grant, appropriate or otherwise provide the sum of \$200.00, or any other sum, to be used by the committee in the conduct of its affairs; pass any vote or take any action relative thereto.

Submitted by the Committee on Revaluation.

"The Finance Committee recommends the amount of \$200.00 under this article. We feel that a continuation of this committee is beneficial."

VOTED: *That this committee be continued for one year, no funds to be appropriated under this article as there remains a balance of \$200.00 in unexpended funds available to this committee.*

UNANIMOUSLY RESOLVED: *That the citizens of the Town express their sincere appreciation of the seventeen years of very efficient service of our Tax Collector, Louise E. Atkinson.*

Article 9. To see if the Town will grant or appropriate the sum of \$350.00, or any other sum, to purchase chairs for the Town Hall; pass any vote or take any action relative thereto.

Submitted by the Selectmen.

"The Finance Committee recommends the appropriation of \$350.00 under this article. The necessity for the purchase of chairs for the Town Hall is evident."

VOTED: *That the amount of \$350.00 be appropriated under this article and that the purchase of such chairs for the Town Hall be subject to quotation from at least two suppliers. In addition, it is requested that the Civil Defense Agency be consulted in this matter before a purchase commitment is made thereon.*

Article 10. To see if the Town will grant or appropriate the sum of \$4,725.00, or any other sum, to "Hot Top" the parking area at the rear of the Town Hall; pass any vote or take action relative thereto.

Submitted by the Selectmen.

"The Finance Committee does not approve the amount of \$4,725.00 under this article. We suggest that an amount of \$3,000.00 be appropriated and, under the direction of the Board of Selectmen, the Highway Department construct a road from the terminus of the school road to the entrance of the Town Hall, and that the balance of the parking area be graded and oiled."

VOTED: *That the amount of \$3,000.00 be appropriated under this article to be expended by the Selectmen, such construction be undertaken by the Highway Department.*

Article 11. To see if the Town will grant or appropriate the sum of \$500.00, or any other sum to raze the so-called Old Town Barn; pass any vote or take any action relative thereto.

Submitted by the Finance Committee.

"The Finance Committee requests that the amount of \$500.00 be appropriated under this article. The so-called "Old Town Barn" at the present time is a hazard and should be demolished."

VOTED: *That the amount of \$500.00 be appropriated under this article to be expended by the Selectmen.*

Article 12. To see if the Town will vote to grant, appropriate or transfer from available funds the sum of \$2,360.00, or any other sum, for the purpose of extending the fire alarm system along the Boston Post Road from Concord Road to the Wayland town line, a distance of about 1.3 miles, or any other area; said funds to be used to defray the cost of the wire, pole hardware, fire alarm boxes and labor; pass any vote or take any action relative thereto.

Submitted by Albert St. Germain, Fire Chief.

"The Finance Committee approves the appropriation of \$2,360.00 under this article. We suggest that the fire alarm system anticipated under this article be extended along Hudson Road as the next school will be constructed at the corner of Fairbank and Hudson Road. At that time the fire alarm system of the school could be connected into this line."

VOTED: *In the words of the article.*

VOTED: *That at eleven o'clock the meeting would recess to Thursday, March 6, 1958, at 7:30 P. M. in the Center School Auditorium.*

Article 13. To see if the Town will vote to grant, appropriate or transfer from available funds the sum of \$1,280.00, or any other sum, for the purpose of purchasing fire alarm boxes to be installed on the Boston Post Road, from Concord Road to Peakham Road. Said boxes to be installed by the Fire Department at no cost to the Town. All wire and pole hardware has been furnished by the Wayside Inn at no cost to the Town; pass any vote or take any action relative thereto.

Submitted by Albert St. Germain, Fire Chief.

The Finance Committee approves the appropriation of \$1,280.00 under this article.

*VOTED: That the amount of \$1,280.00 be appropriated for the purpose of this article.*

Article 14. To see if the Town will grant or transfer from the Road Machinery Fund the sum of \$4,000.00, or any other sum, to purchase a 2½ yd. truck for the Highway Department; pass any vote or take any action relative thereto.

Submitted by the Public Works Advisory Board.

“The Finance Committee approves the purpose of this article and recommends that the amount of \$4,000.00 be transferred from the Road Machinery Fund. We understand that the type of truck anticipated to be purchased will cost in the vicinity of \$3,500.00 or \$4,000.00. However, such a purchase will be subject to bid and the most advantageous bid will be accepted.”

*VOTED: That the amount of \$4,000.00 be transferred from the Road Machinery Fund for the purpose of this article. Public bids shall be requested and the specifications of such vehicle shall be satisfactory to the Public Works Advisory Board, Highway Surveyor and Selectmen. All bids to be considered shall be accompanied by a certified check in the amount of at least \$100.00 to guarantee performance.*

Article 15. To see if the Town will grant or otherwise provide the sum of \$550.00, or any other sum, to install a fire detection service and fire alarm at the Highway Garage, off Old Lancaster Road; pass any vote or take any action relative thereto.

Submitted by Public Works Advisory Board.

“The Finance Committee approves the purpose of this article. After discussion of the cost of this fire alarm, it appears that the sum of \$750.00 will be necessary. We therefore approve the amount of \$750.00.”

*VOTED: That the amount of \$750.00 be appropriated for the purpose of this article.*

The meeting then recessed at 11:00 P. M. to the following night at 7:30 P. M.

**PROCEEDINGS OF THE ADJOURNED  
ANNUAL TOWN MEETING  
MARCH 6, 1958**

The meeting was called to order at 7:35 P. M. by the Moderator who declared there was a quorum present.

George E. White, Town Engineer, presented a report on surface water drainage conditions on Winsor Road and Singletary Lane as voted under Article 26, of the warrant for the Annual Town Meeting, March 6, 1957.

“Report to the Town as to the surface water conditions in the vicinity of Winsor Road and Singletary Lane.

I am including the northerly end of Pokonoket Avenue, which is northerly from King Philip Road, as I believe it is a main contributor to the surface water condition in this area.

As you know, this problem of surface water drainage in this area is one of many which exist throughout the Town.

The area on top of Green Hill which affects this area, consists of approximately 5 acres of water shed, two acres which flows onto the northerly end of Winsor Road and three acres which flows onto Pokonoket Avenue.

The water which flows onto Pokonoket Avenue, continues southerly on Pokonoket Avenue to a point near Hall's land where the water continues to flow southerly on private land or easterly on private land to Winsor Road. Most of this water shed eventually reaches Winsor Road, and continues down Singletary Lane to King Philip Road.

To convey this water through an underground drainage system of pipes would involve the construction of laying of drainage pipe down Pokonoket Avenue to approximately opposite Schofield's land, thence easterly through Schofield's to Winsor Road, thence down Winsor Road and Singletary Lane to an existing catch basin just north of King Philip Road. This system would consist of 1800 feet of pipe drain and 20 catch basins at an estimated cost of \$12,000.00.

A solution to this problem that might work would be to raise the shoulder of the road at the critical points by a berm of Hot Top so as the water would be confined to the present travelled way.

/s/ GEORGE D. WHITE,  
Town Engineer.”

VOTED: *That the report be accepted.*

VOTED: *To rescind laying Articles 48 and 49 on the table.*

The motion to postpone until a time definite was now before the meeting. When put to a vote the motion was lost.

Richard A. Schmalz then started the presentation of The Personnel Administration Plan under Article 48, stopping from time to time for questions and discussion.

VOTED: *To temporarily lay Articles 48 and 49 on the table in order to take up Article 21.*

VOTED: *To take up Article 21.*

Article 21. To see if the Town will vote to appropriate the sum of \$75,000.00 for maturing debt and determine whether the money shall be raised by taxation and/or from the "Sale of Secatore Property Fund" and/or from the Premium Bond Account, and/or from New Highway Garage Account, and/or from Canal Bridge Account. Pass any vote or take any action relative thereto.

Submitted by the Selectmen.

"The Finance Committee will study the method of raising these funds and will report thereon at the Town Meeting."

The Finance Committee report at the meeting was in the form of a motion and it was

VOTED: *That the amount of \$75,000.00 be appropriated for Maturing Debt — that the following accounts be closed, transferred and appropriated as follows:*

<i>Sale of portion of Secatore Lot.....</i>	<i>\$5,231.85</i>
<i>Treasurer Premium Account .....</i>	<i>926.23</i>
<i>New Highway Dept. Garage .....</i>	<i>1,371.04</i>
<i>Operation Canal Bridge .....</i>	<i>2,003.68</i>
<i>Total .....</i>	<i>\$9,532.80</i>

*The balance of \$65,467.20 shall be raised by taxes under this article.*

VOTED: *To take Articles 48 and 49 from the table.*

The meeting then continued with the consideration of The Personnel Administration Plan.

VOTED: *That the Town adopt as Article XI of its by-laws the Personnel Administration Plan set forth as follows:*

## THE PERSONNEL ADMINISTRATION PLAN

Town of Sudbury, Massachusetts

Personnel Board, Classification Plan, Salary Plan  
and  
Incidental Benefits

### SECTION 1. SHORT TITLE

This by-law may be referred to as the Personnel Administration Plan.

### SECTION 2. PERSONNEL BOARD

There shall be a Personnel Board of five members, appointed by the Selectmen, two for a term ending December 31, 1960, two for a term ending December 31, 1959, and one for a term ending December 31, 1958. Subsequent appointments shall be for three years, except that a vacancy shall be filled for the balance of the term in which it occurs.

Members of the Personnel Board must be registered voters in the Town and shall serve without compensation. No member may be an employee or elected official of the Town.

### SECTION 3. CLASSIFICATION PLAN

The positions of all employees in the service of the Town, whether full or part time, seasonal, casual, special, Civil Service, or others, except those positions filled by popular election and those under the control of the School Committee, shall be classified by titles in groups. Each group shall include those positions which involve substantially similar work or which have substantially equal responsibilities. These groups and all other positions not falling within a group shall be set forth in this by-law in Schedule A, entitled "Classification Plan."

The title of any position in the Classification Plan shall be used to designate that position in all payrolls, budget estimates, official reports, memoranda, records, or other matters involving the personnel or fiscal processes of the Town.

### SECTION 4. SALARY PLAN

The minimum and maximum salaries, or the single rate salaries, for the groups and positions in the Classification

Plan are to be established by vote of the Town in Town Meeting, and are to be set forth in this by-law in Schedule B, entitled "Salary Plan." The salary range, or rate, for a group shall be the salary range, or rate, for all positions in the group.

The minimum salary set for any position in the Salary Plan shall be the starting salary for that position, unless the Personnel Board authorizes a higher starting salary under Section 8, paragraph (6).

Where the Salary Plan provides both a maximum and minimum salary for a position, the employee holding the position shall be entitled to the salary set therefor in Steps 1 through 4 after continuous service in the position for the following periods:

Step 1	Step 2	Step 3	Step 4
Six Months	One Year	Two Years	Three Years

#### SECTION 5. PAYMENT OF EMPLOYEES

No person may be appointed, employed, or paid as an employee of the Town in any position subject to the Classification Plan.

(1) under any position title or titles other than those in the Classification Plan.

(2) under a position title other than that of the position, or positions, the duties of which the person actually performs.

(3) at a salary, or rate, other than that set in the Salary Plan for the position, or positions, the duties of which the person actually performs; nor

(4) unless the Personnel Board has determined that the employment of such a person is consistent with all provisions of this by-law.

#### SECTION 6. RECLASSIFICATION OF EMPLOYEES:

No employee may be reclassified to a position in another group, either higher or lower, unless the Personnel Board has determined; that the reclassification will be consistent with all provisions of this by-law.

#### SECTION 7. INCIDENTAL BENEFITS

(1) Paid Holidays. Permanent, full time employees are entitled to time off with pay on New Year's Day, Washing-

ton's Birthday, Patriot's Day, Memorial Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas, if such holidays fall on a regularly scheduled work day, and unless the convenience of the Town makes work on such days necessary. If required to work on such a holiday, such an employee shall be entitled to equivalent time off with pay at a time approved by his superior.

(2) Sick Leave. A permanent, full time employee who has been continuously employed by the Town for one year or longer is entitled to five days of sick leave with pay in each twelve month period that begins with the anniversary date of his employment. Such sick leave may not be accumulated from year to year.

Upon the recommendation of such an employee's superior or department head, supported by such medical evidence as it may require, the Personnel Board may grant the employee additional sick leave with pay, not to exceed twenty-five days in any twelve month period that begins with the anniversary date of his employment.

(3) Vacations. A permanent full time employee who has been employed by the Town for more than six months, but less than one year, is entitled to one week of vacation with pay. Such an employee, if employed by the Town for one year or longer, is entitled to two weeks of vacation with pay each year. Leave granted for temporary military service may not be charged against an employee's vacation without his consent.

(4) Jury Duty. An employee called for jury duty on days falling within his usual work period for the Town shall be paid for those days the difference between the compensation he would have received from the Town and his fees, exclusive of travel allowance, for such jury service.

## SECTION 8. DUTIES AND AUTHORITY OF THE PERSONNEL BOARD.

(1) The Personnel Board shall administer the Personnel Administration Plan. It may establish for this purpose such policies, procedures and regulations consistent with the Plan as it considers desirable, except that no action of the Board may take effect unless approved by a majority of its members.

(2) The Town Accountant and department heads shall keep such records of the employees of the Town as the Board may require. The Board shall keep such records of

its own as it considers appropriate. All records of the Town by whomsoever kept pertaining to the Town's employees shall be open to inspection by the Board, or any of its members, at all reasonable times.

(3) The Board shall maintain written descriptions of the positions subject to the Classification Plan, describing their essential characteristics and general duties, and establishing their minimum requirements. These descriptions are not to be interpreted as limiting the scope of any position and employees in the future, as in the past, subject to the provisions of Sections 5 and 6, shall perform any incidental duties assigned by department heads, supervisors, or other administrative authority.

(4) The Board shall review every three years, or more often if it considers it advisable,

- a. all positions subject to the Classification Plan to determine whether each group continues to include those positions which involve substantially similar work or which have substantially equal responsibilities, and
- b. The Salary Plan to determine whether it sets forth fair and equitable pay levels.

After each such review the Board shall recommend to the Town the action which it considers advisable.

(5) The Board may tentatively add a new position to the Classification Plan, or reclassify an existing position to a different group. Any such action shall cease to be effective after the close of the next following Annual Town Meeting unless adopted by an amendment of the Classification Plan at that meeting.

(6) Notwithstanding provisions of Sections 4 and 5 that might be construed to the contrary, the Board may authorize an entrance rate higher than the minimum rate for a position, and such other variances from the Salary Plan as it considers necessary for the proper functioning of the services of the Town. Such action shall be taken only upon the recommendation of a department head or other administrative authority, supported by evidence of exceptional circumstances satisfactory to the Board.

(7) No action of the Personnel Board under paragraph (6) of this section, or under Sections 5 or 6, or under any other Section or provision of this by-law, may be construed as authorization to spend money for salaries or wages to employees in addition to that which has been lawfully appropriated for that purpose at Town Meeting, or which is otherwise lawfully available.

(8) The Board may on its own motion propose the amendments authorized by Section 11, and amendments of other Town by-laws which may effect the Personnel Administration Plan.

(9) The Board shall summarize its activities annually in a report which shall be published in the Annual Town Report.

#### SECTION 9. CIVIL SERVICE LAW

Nothing in this by-law shall be construed to conflict with the Civil Service Law of the Commonwealth of Massachusetts.

#### SECTION 10. SEVERABILITY

If a part of this by-law is invalid, all valid parts which are severable from the invalid part remain in effect. If a part of this by-law is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

#### SECTION 11. AMENDMENTS

This by-law may be amended by majority vote, but only at an Annual Town Meeting, unless amendment at an earlier time at a Special Town Meeting is made imperative by the law of the Commonwealth.

The Personnel Board shall be given a copy of any proposed amendment at least thirty days before the Town Meeting at which it is to be considered. The copy shall contain the names and addresses of the proponents.

##### *Schedule A.*

#### CLASSIFICATION PLAN

##### *Schedule B.*

#### SALARY PLAN

##### ANNUAL SALARIES

	Minimum Salaries		Maximum Salaries		
	Starting Salary	Step 1	Step 2	Step 3	Step 4

Sealer of Weights and Measures .....	per year	125.00
Town Hall Custodian .....	(rent-free house) and per year	600.00

Article 49. To see if the Town will vote to adjust for the year 1958 the salary of each Town employee covered by the Personnel Administration Plan to the level in his classification set forth in schedule B of the plan next above his current salary; or in the event this adjustment is equal to or less than \$100 for salaried employees or \$.05 per hour for hourly rated employees to adjust his salary to the second step in his classification above his current salary; no salary change to be made for any employee whose salary or hourly rate is at or above the maximum for his classification. Pass any vote or take action relative thereto.

Submitted by Committee on Town Administration.

Several amendments were made to this motion. All were defeated.

VOTED: *In the words of the article.*

Article 16. To see if the Town will vote to purchase land now or formerly of Alice B. Hunt situated on Concord Road and containing 4.20 acres more or less, or any other property for cemetery purposes, and that the sum of \$8,057.50 be appropriated therefor of which sum \$5,000.00 shall be transferred from the appropriation which was made in the vote adopted under Article 21 of the Warrant for the Special Town Meeting of October 25, 1956, and otherwise appropriate and grant the sum of 3,057.50, the balance thereof; pass any vote or take any action relative thereto.

Submitted by the Selectmen.

"The Finance Committee approves the purpose of this article for the purchase of land which is adjacent to the present cemetery. There are other parcels of land which should be considered other than the parcel cited above, and in order to obtain further information, this committee wishes to defer any specific recommendation until the Town Meeting."

Finance Committee report at the meeting: "The Finance Committee has been advised that a section of land adjacent to the present cemetery is or will be available for purchase for \$1,000.00 per acre. This land is in the name of Webster Cutting. We recommend that this parcel of land be considered first by the Selectmen and if made available by the present owner, that this land be purchased rather than the parcel named in this article."

A Finance Committee motion favoring the Cutting land was defeated. In favor — 52, Opposed — 86.

UNANIMOUSLY VOTED: *In the terms of the article, with the provision that this purchase is not to be completed until the Selectmen have considered the advisability of accepting an anonymous offer of free land for similar purposes.*

The meeting then recessed to Wednesday, March 12, 1958, at 7:30 P. M. in the Town Hall.

**PROCEEDINGS OF THE ADJOURNED  
ANNUAL TOWN MEETING**

**MARCH 12, 1958**

The meeting was called to order at 7:50 P. M. by the Moderator who declared there was a quorum present.

Article 17. To see if the Town will vote to authorize the Board of Selectmen to purchase or otherwise acquire land to be used as a public dump and to provide sufficient funds to cover cost of same; or take action relative thereto.

Submitted by the Dump Committee.

“The Finance Committee approves the purpose of this article. No money amount has been submitted to this committee either under the article or at its hearings. There remains open in the accounts at the present time the amount of \$3,300.00 which was appropriated in prior years — for the expense of the committee on a new Town dump (\$2,000.00) and purchase of land for new Town dump (\$1,300.00). We recommend that these two amounts be voted for use by the Board of Selectmen where they find it necessary to obtain options until a specific site is voted by the Town Meeting.”

*VOTED: That the unexpended funds in the following accounts be combined into one account entitled “Purchase Land for Town Dump.”*

<i>Expense Committee on New Town Dump</i>	\$2,000.00
<i>Purchase Land for New Town Dump ....</i>	1,300.00

*That the Selectmen be authorized to obtain options on desirable sites; and that where necessary the funds provided above shall be used to bind such options. The selected sites shall be presented to a Town Meeting for action on or before the next Annual Town Meeting.*

Article 18. To see if the Town will vote to grant, appropriate or otherwise provide a sum of money for the purchase of a snow plow for use with the Civil Defense truck; or take action relative thereto.

Submitted by the Selectmen.

“The Finance Committee approves the appropriation of \$400.00 under this article. The snow plow for use with the Civil Defense Truck will be used for clearing the fire department and Town Hall driveways.”

VOTED: *That the amount of \$275.00 be appropriated for the purpose of this article.*

Article 19. To see if the Town will authorize the Board of Selectmen to acquire by purchase for parking and other municipal purposes certain parcels of land situated on Old Sudbury Road and Concord Road and belonging to George A. Haynes, Florence Hosmer, Donald Neelon and Charles A. Crumm, Jr., and to appropriate and grant the sum of \$13,000 or any other sum to pay the cost thereof; pass any vote or take any action relative thereto.

Submitted by Special Committee, John Bartlett, Chairman.

"The Finance Committee agrees that if the total properties represented in the lands bounded by Old Sudbury Road and Concord Road mentioned under this article were being considered, then the purchase would be feasible. There are two properties, however, bounded by Old Sudbury Road and Concord Road which are not contemplated in this purchase. Therefore, we do not approve the appropriation of \$13,000.00 under this article. If it were possible to obtain options from the present owners of the two homes now on this corner piece of property and the correct price for the whole area could be determined, then it would appear more reasonable to consider the purchase of this property."

VOTED: *That this article be indefinitely postponed.*

VOTED: *That on or before the next Annual Town Meeting the Selectmen shall present at a Town Meeting a plan for the purchase of the entire properties encompassed by the parcels of land cited in this article.*

Article 20. To see if the Town will vote to grant and appropriate or otherwise provide the sum of \$2,000.00 for the purchase of a new police cruiser; take any action or pass any vote relative thereto.

Submitted by the Chief of Police.

"The Finance Committee approves the purpose of this article. The present cruiser which is considered for trading has an accumulated mileage of approximately 60,000 miles. We feel that it is economical at this time to trade this vehicle and purchase a new cruiser. The amount of \$2,000.00 is an approximate figure inasmuch as the purchase of this vehicle is subject to public bid."

VOTED: *That the amount of \$844.00 be appropriated for the purpose of this article and that the present so-called station wagon now used by the Police Department be traded-*

*in against the purchase of the new vehicle. This purchase shall be subject to public bids. All bids to be considered shall be accompanied by a certified check for at least \$100.00 to guarantee performance. Such checks shall be returned if the bid is not accepted or performance is completed.*

Article 22. To see if the Town will vote to extend its street lighting system by installing a street light on Pole No. 92/10 on Lincoln Lane. Pass any vote or take action relative thereto.

Submitted by William F. Hellmann.

Approved by the Public Works Advisory Board.

*VOTED: That the Town extend its street lighting system by installing a 1000 lumen light on a six-foot bracket on pole #92/10 on Lincoln Lane.*

Article 23. To see if the Town will vote to extend the street lighting system by installing a 1000 lumen light on a six-foot bracket on pole #61/7 at the intersection of Beechwood Avenue and Lakewood Drive and pole #68/16 at the intersection of Beechwood Avenue and Crystal Lake Drive. Pass any vote or take action relative thereto.

Submitted by Orin Delaney.

Approved by the Public Works Advisory Board.

*VOTED: In the words of the article.*

Article 25. To see if the Town will vote to extend its six-foot bracket on pole #16/17 on Pokonoket Avenue and on pole #153/14 at the intersection of Pokonoket Avenue and Old Lancaster Road. Pass any vote or take action relative thereto.

Submitted by Edward Hill.

Approved by the Public Works Advisory Board.

*VOTED: In the words of the article.*

Article 24. To see if the Town will vote to extend its street lighting system by installing a 1000 lumen light on a street lighting system by installing a 1000 lumen light on a six-foot bracket at the following locations:

Pole #100/35 at the intersection of Horse Pond Road and Jarman Road.

Pole #100/40 at the intersection of Horse Pond Road and Elliott Road.

Pole #100/42 and Pole #100/43 at the intersection of Horse Pond Road and the Horse Pond Road School Driveways.

Pole #100/48 at the intersection of Horse Pond Road and Robbins Road.

Pass any vote or take action relative thereto.

Submitted by the Sudbury School Committee and the Public Works Advisory Board.

Approved by the Public Works Advisory Board.

VOTED: *In the words of the article.*

Article 26. To see if the Town will vote to accept from David H. Bentley, the sum of \$75.00, the income to be used for perpetual care of Lot No. 52A on North Ave. in the Wadsworth Cemetery; any balance of income to be used for general cemetery purposes. Pass any vote or take any action relative thereto.

Submitted by F. Alvin Noyes.

VOTED: *In the words of the article.*

Article 27. To see if the Town will vote to accept from Frank O. and Ann Poole the sum of \$75.00, the income to be used for the perpetual care of Lot No. 140A in the Town Cemetery; any balance of income to be used for general cemetery purposes. Pass any vote or take any action relative thereto.

Submitted by F. Alvin Noyes.

VOTED: *In the words of the article.*

Article 28. To see whether the Town will direct the Parks and Playgrounds Investigating Committee to prepare a proposal for a minimum effective recreational program for utilization of the present parks and playgrounds of the Town and to submit for inclusion in the 1959 budget of the Town a request for minimum funds for the supervision and execution of this program; pass any vote or take any action relative thereto.

Submitted by Walter M. Taylor, Elizabeth B. Harding, and others.

VOTED: *To continue the Parks and Playgrounds Investigating Committee and direct it to prepare a proposal for a*

*minimum effective recreational program for utilization of the present parks and playgrounds of the Town and to submit for inclusion in the 1959 budget of the Town a request for minimum funds for the supervision and execution of this program.*

Article 29. To see whether the Town will vote to petition the state legislature to permit the annual election of a Parks and Recreation Board on the ballot for the election of Town officials of the Town of Sudbury, said Board to exercise supervision over Town parks and playgrounds under the provision of Chapter 45, of the General Laws of Massachusetts, and said Board to be composed of three members with staggered three-year terms. Pass any vote or take action relative thereto.

Submitted by the Sudbury Parent Teachers Association.

VOTED: *That Article 29 be postponed to a special meeting to take place at least 90 days before the annual meeting of 1959.*

Article 30. To see if the Town will vote to accept Chapter 489, an act amending Section 1 of Chapter 180 of the General Laws, authorizing pay-roll deductions on account of contributions to Community Chests or United Funds in the case of certain Town employees. Pass any vote or take any action relative thereto.

Submitted by John F. Murphy

VOTED: *Indefinite postponement*

Article 31. To see if the Town will vote to form a committee to investigate properties on the Post Road which, from their appearances tend to be a discredit to the Town, or which tend to be an eyesore; said committee to recommend positive and firm steps to improve such property; such recommendations to be presented to the next Annual Town Meeting in the form of an article or articles; said committee to consist of four members, one appointed by the Selectmen, one appointed by the Planning Board, and two appointed by the Moderator. Pass any vote or take any action relative thereto.

Submitted by Sandford S. Cole.

A motion in the words of the article was defeated.

Article 32. To see if the Town will authorize the Selectmen to negotiate with Florence Hosmer for the acquisition

of the Hosmer property in Sudbury Center and recommend appropriate action to the Town not later than the next annual Town Meeting; or take action relative thereto.

Submitted by the committee To Study The Hosmer Property.

VOTED: *In the words of the article.*

Article 33. To see if the Town will vote to change the term of office of the Tree Warden from one year to three years in accordance with Section 1, Chapter 41, General Laws, said term of three years to be effective beginning in 1959; or take action relative thereto.

Submitted by the Tree Warden.

VOTED: *Indefinite postponement.*

Article 34. To see if the Town will vote to amend the Zoning By-laws (Article IX) by enlarging Limited Industrial District No. 1 by including therein that portion of Business District No. 13 which is bounded and described as follows:

Starting at the Westerly boundary of Business District No. 5 where it intersects the Boston Post Road; thence Northerly along the Westerly boundary of District No. 5 to a point 300 feet and measured at right angles with the Boston Post Road; thence Westerly and 300 feet and parallel to the Boston Post Road a distance of 420 feet more or less to the Westerly boundary line of Irene Burke; thence Southerly by the Westerly line of Irene Burke to a point approximately 110 feet more or less measured at right angles to the Boston Post Road, said point being Northerly property line of Stella M. Muledy; thence Easterly and Southerly by said property lines of Stella M. Muledy to the Boston Post Road; thence Easterly by the Boston Post Road to the point of beginning. Pass any vote or take any action relative thereto.

Submitted by Leslie C. Hall.

Planning Board to report at the Meeting.

VOTED: *Indefinite postponement.*

Article 35. To see if the Town will vote to amend Article IX, Section 1E (6) (Zoning By-laws) by adding at the end thereof a new paragraph as follows:

Within fifteen days after the approval of said site plan a copy thereof bearing the approval of the Planning Board

shall be filed in the office of the Town Clerk; and the plan as approved shall be carried into effect and completed by the applicant for such site plan approval or his assigns within one year of the date of approval. Pass any vote or take action relative thereto.

Submitted by the Selectmen.

Planning Board to report at the meeting.

Report of Town Counsel:

March 5, 1958

To The Voters of the Town of Sudbury  
1958 Annual Town Meeting

The Board of Selectmen have referred to me, as provided by Article X, Section 3 of the by-laws of the Town, an article inserted by them in the warrant for the Annual Town Meeting to be held on this date which is as follows:

“Article 35. To see if the Town will vote to amend Article IX, Section 1 E (6) (Zoning By-laws) by adding at the end thereof a new paragraph as follows:

Within fifteen days after the approval of said site plan a copy thereof bearing the approval of the Planning Board shall be filed in the office of the Town Clerk; and the plan as approved shall be carried into effect and completed by the applicant for such site plan approval or his assigns within one year of the date of approval. Pass any vote or take any action relative thereto.”

The amendment to the zoning by-laws proposed by Article 35, for the Warrant of this Town Meeting adds at the end of Sec. 1 E (6) a new paragraph which provides that a copy of the site plan as approved by the Planning Board shall be filed with the Town Clerk; and the plan as approved shall be carried into effect and completed by the applicant for approval of the site plan or his assigns within one year from the date of approval.

The proposed amendment, as you will note, is submitted by the Board of Selectmen upon whom is imposed the duty of enforcing the zoning by-laws (Sudbury By-laws, Art 1, Section 21). Under the existing by-laws no provision has been made for the disposition by the Planning Board of all such plans after approval, and the only inference which is to be drawn from the by-law (Sec. 1 E (6) is that they shall be retained in the files of the Planning Board. This is entirely proper, but the Board of Selectmen believe that such plan should be easily accessible to the public, and to

them and other Town officials if there be need to examine them in connection with any failure of an owner of premises to carry the plan into effect, or if there be any other violation of the zoning by-laws by such owner. The filing of the copy of any such plan bearing the approval of the Planning Board will accomplish this purpose as well as to make such plans available as evidence in any court proceeding in which they may be relevant. The present Section 1 E (6) is silent as to the time during which a site plan shall be completed and carried into effect; and, by reason thereof, some confusion has resulted and it now appears that the owners of some of the premises who have obtained the approval of site plans of the Planning Board failed entirely to proceed to carry out such plans and are in violation of the zoning by-laws.

We have no clear guide as to the time during which the requirements of any site plan shall be fulfilled, and the time for the fulfillment of such plans becomes a reasonable time and it involves a question of law and fact which can be determined only by a court in a judicial proceeding. Under such circumstances, the enforcement of such provisions of the zoning by-laws will be difficult, and entail a substantial expenditure of Town funds. Such difficulty will be obviated and the enforcement of the by-laws in respect of site plans more effective if the proposed amendment is adopted. It was thought at the time of the preparation of the above quoted article that a period of one year from the date of the approval of the site plan would be a sufficient time during which an owner should proceed to carry his plan into effect. At the hearing before the Planning Board on the change in the zoning by-law as proposed by the amendment it appeared that in specific instances the period of one year would be too short to enable an owner to complete the work required by the site plan, and it seems advisable that in such instances such time ought to be extended by the Planning Board at the time of approval or upon an application therefor as set forth below.

I would recommend that there be added to the provisions of the amendment the following new sentences:

Copies of all site plans approved prior to May 1, 1958, bearing the approval of the Planning Board shall be filed before said date in the office of the Town Clerk, and such plans shall be carried into effect no later than December 1, 1958. The Planning Board may at the time of the approval of any site plan, or, thereafter, upon an application therefor, grant such extension of the time as it shall deem necessary to carry any site plan into effect; and, the Planning Board

shall certify to the Town Clerk that it has granted an extension of time and the date on which it shall expire.

In my opinion the proposed amendment as modified by the additional provisions as I have recommended will be a valid by-law of the Town.

Respectfully submitted,

/s/ EDWARD T. SIMONEAU,  
Town Counsel.

Planning Board report: "The Planning Board favors this article as amended to allow them to extend the time for completion of site work if in their judgment the request for additional time is justified. No construction can be started, not even a building permit issued until the site plan has been approved, and in some cases there is a delay of months before ground is broken. Likewise many involved or large projects cannot be finished in a year.

At present there is no limit, and while in ordinary cases a year might be considered reasonable, spelling out the limits in this amendment may avoid misunderstandings."

As amended, it was:

UNANIMOUSLY VOTED: *That the Town amend Article IX, Section 1 E (6) (Zoning By-Laws) by adding at the end thereof a new paragraph as follows:*

*Within fifteen days after the approval of said site plan a copy thereof bearing the approval of the Planning Board shall be filed in the office of the Town Clerk; and the plan as approved shall be carried into effect and completed by the applicant for such site plan approval or his assigns within one year of the date of approval.*

*Copies of all site plans approved prior to May 1, 1958, bearing the approval of the Planning Board shall be filed before said date in the office of the Town Clerk, and such plans shall be carried into effect no later than December 1, 1958. The Planning Board may at the time of the approval of any site plan, or, thereafter, upon an application therefor, grant such extension of the time as it shall deem necessary to carry any site plan into effect; and, the Planning Board shall certify to the Town Clerk that it has granted an extension of time and the date on which it shall expire.*

Article 36. To see if the Town will vote to make the following changes in its by-laws: In Article III, Sec. 3, change the words "January 15th" to "January 10th" and the

words "February 15th" to "February 1st" so that the first paragraph of Section 3 will read as follows:

"All Town boards and officials, whether appointed or elected, and all committees having had any financial transactions during the preceding financial year, shall make a written report in detail, which report shall be delivered to the Accountant on or before January 10th. The Accountant shall audit these reports and deliver them to the Selectmen not later than February 1st."

In Article III, Sec. 3, in the second paragraph, eliminate after the words "Town Clerk" the words "who shall cause them to be distributed to the citizens of the Town" and substitute the words "such reports may be obtained at the office of the Town Clerk," so that the second paragraph shall read as follows:

"The Selectmen shall cause all such reports, and reports of any other boards or committees to be printed in pamphlet form and placed in the hands of the Town Clerk, such reports may be obtained at the office of the Town Clerk at least five days before the annual meeting in March of each year."

In Article IV, Section 5, first paragraph, change the words "December 21st" to "December 1st" and add after the word "appropriation" the words "on or before January 15th," so that said paragraph shall read:

"Each Town department shall annually submit to the Finance Committee, not later than December 1st, an estimate of its requirements for the ensuing year, and the Selectmen shall report all other requests for appropriations on or before January 15th."

In the third paragraph of Section 5 of this article change the words "February 10th" to "February 1st" so that it shall read as follows:

"The Finance Committee shall, not later than February 1st, submit to the Selectmen their written report with their recommendations."

Pass any vote or take action relative thereto.

Submitted by the Selectmen.

VOTED: *That the town make the following changes in its by-laws:*

VOTED: *In Article III, Sec. 3, change the words "January 15th" to "January 10th" and the words "February 15th" to "February 1st" so that the first paragraph of Section 3 will read as follows:*

*"All Town boards and officials, whether appointed or elected and all committees having had any financial transactions during the preceding financial year, shall make a written report in detail, which report shall be delivered to the Accountant on or before January 10th. The Accountant shall audit these reports and deliver them to the Selectmen not later than February 1st."*

Proposed changes in Article III, Sec. 3, second paragraph, were defeated.

UNANIMOUSLY VOTED: *In Article IV, Section 5, first paragraph, change the words "December 21st" to "December 1st" and add after the word "appropriation" the words "on or before January 5th," so that said paragraph shall read:*

*"Each Town department shall annually submit to the Finance Committee, not later than December 1st, an estimate of its requirements for the ensuing year, and the Selectmen shall report all other requests for appropriations on or before January 5th."*

UNANIMOUSLY VOTED: *In the third paragraph of Section 5 of this article change the words "February 10th" to "February 1st" so that it shall read as follows:*

*"The Finance Committee shall, not later than February 1st, submit to the Selectmen their written report with their recommendations."*

Article 37. To see if the Town will authorize the Board of Selectmen to release and convey all rights, if any, which the Town may now possess and which were reserved in certain lands granted by the Town on March 26, 1677 to "Peter King, Thomas Read, Sr., John Goodnow, John Smith and Joseph Freeman . . . to build a sawmill upon Hop Brook above Mr. Peter Noyes's mill . . ." upon such terms and for such consideration as may seem proper to said board and for the best interests of the Town; provided, that such release may be given and conveyance made without special authority from the Legislature; and, if special Legislative authority be required, that the Board of Selectmen be authorized to petition the Legislature for an enabling act in the manner provided by law. Pass any vote or take action relative thereto.

Submitted by the Selectmen.

VOTED: *Indefinite postponement.*

Article 38. To hear the report of the Selectmen relative to the laying out of the following named street, to wit: Pokonoket Avenue, extending Northerly from the Southerly side of lots numbered 13 and 14 on a plan to which reference is hereinafter made, a distance of approximately 752 feet, as shown on a plan on file in the office of the Town Clerk, prepared by Frank H. Andrews, C.E., dated January 3, 1955; and to see if the Town will vote to accept such street as and for a Town way under the provisions of G.L. c. 82; and will authorize the Selectmen to take by eminent domain or acquire by purchase, or otherwise acquire, any land necessary for the layout and construction of said street, provide the sum or sums of money necessary to pay the cost of damages thereof, and the cost of construction; direct how said money shall be raised; pass any vote or take any action relative thereon.

Submitted by the Selectmen.

VOTED: *Indefinite postponement.*

Article 39. To hear the report of the Selectmen relative to the laying out of the following named street, to wit: Wilbert Avenue, from the existing Northerly terminus of Wilbert Avenue, a distance of approximately 1445 feet, as shown on a plan on file in the office of the Town Clerk, prepared by Frank H. Andrews, C.E., dated January 3, 1955; and to see if the Town will vote to accept such street as and for a Town way under the provisions of G.L. c. 82; and will authorize the Selectmen to take by eminent domain or acquire by purchase, or otherwise acquire, any land necessary for the layout and construction of said street, provide the sum or sums of money necessary to pay the cost of damages thereof; and the cost of construction; direct how said money shall be raised; pass any vote or take any action relative thereon.

Submitted by the Selectmen.

VOTED: *That the report of the Board of Selectmen of the laying out as a Town way Wilbert Avenue from the existing Northerly terminus of said Wilbert Avenue, as described in said report, and shown on a plan entitled, "Clarkland in Sudbury, Mass. Plan of Wilbert Ave., Scale: 1" = 60' Jan. 3, 1955" prepared by Frank H. Andrews, Civil Engineer, is hereby accepted; and the said Board of Selectmen be and they hereby are authorized to acquire in behalf of the Town for street purposes the land described in said report by deed or otherwise, but without cost to the Town in any event.*

Article 40. To hear the report of the Selectmen relative to the laying out of the following named street, to wit: Clark Lane, extending Northerly from the Westerly side of Wilbert Avenue, a distance of approximately 1385 feet, as shown on a plan on file in the office of the Town Clerk, prepared by Frank H. Andrews, C.E., dated January 3, 1955; and to see if the Town will vote to accept such street as and for a Town way under the provisions of G.L. c. 82; and will authorize the Selectmen to take by eminent domain or acquire by purchase, or otherwise acquire, any land necessary for the layout and construction of said street, provide the sum or sums of money necessary to pay the cost of damages thereof, and the cost of construction; direct how said money shall be raised; pass any vote or take any action relative thereon.

Submitted by the Selectmen.

*VOTED: That the report of the Board of Selectmen of the laying out as a Town way Clark Lane extending Northerly from the Westerly side of Wilbert Avenue, as described in said report, and shown on a plan entitled, "Clark Land in Sudbury, Mass. Plan of Clark Lane Scale: 1" = 60' Jan. 3, 1955" prepared by Frank H. Andrews, Civil Engineer, is hereby accepted; and the said Board of Selectmen be and they hereby are authorized to acquire in behalf of the Town for street purposes the land described in said report by deed or otherwise, but without cost to the Town in any event.*

Article 41. To hear the report of the Selectmen relative to the laying out of the following named street, to wit: Greenwood Road, from the Westerly side of Longfellow Street, a distance of approximately 1150 feet, as shown on a plan on file in the office of the Town Clerk, prepared by John W. Sheridan, dated January 14, 1958; and to see if the Town will vote to accept such street as and for a Town way under the provisions of G.L. c. 82; and will authorize the Selectmen to take by eminent domain or acquire by purchase, or otherwise acquire, any land necessary for the layout and construction of said street, provide the sum or sums of money necessary to pay the cost of damages thereof, and the cost of construction; direct how said money shall be raised, pass any vote or take any action relative thereon.

Submitted by the Selectmen.

*VOTED: That the report of the Board of Selectmen of the laying out as a Town way Greenwood Road from the Westerly side of Longfellow Street, as described in said*

*report, and shown on a plan entitled: "Plan of Greenwood Road, Sudbury, Mass. for acceptance. Scale: 1" = 60'. Jan. 14, 1958" compiled by John W. Sheridan, is hereby accepted; and the said Board of Selectmen be and they hereby are authorized to acquire in behalf of the Town for street purposes the land described in said report by deed or otherwise, but without cost to the Town in any event.*

Article 42. To hear the report of the Selectmen relative to the laying out of the following named street, to wit: Curry Lane, from the Southerly side of Greenwood Road, a distance of approximately 525 feet to the Northerly side of Elaine Road, as shown on a plan on file in the office of the Town Clerk, prepared by John W. Sheridan, dated January 14, 1958; and to see if the Town will vote to accept such street as and for a Town way under the provisions of G.L. c. 82; and will authorize the Selectmen to take by eminent domain or acquire by purchase, or otherwise acquire, any land necessary for the layout and construction of said street, provide the sum or sums of money necessary to pay the cost of damages thereof, and the cost of construction; direct how said money shall be raised; pass any vote or take any action relative thereon.

Submitted by the Selectmen.

*VOTED: That the report of the Board of Selectmen of the laying out as a Town way Curry Lane from the Southerly side of Greenwood Street, as described in said report, and shown on a plan entitled, "Plan of Curry Lane, Sudbury, Mass. for acceptance. Scale: 1" = 40'. January 14, 1958" compiled by John W. Sheridan, is hereby accepted; and the said Board of Selectmen be and they hereby are authorized to acquire in behalf of the Town for street purposes the land described in said report by deed or otherwise, but without cost to the Town in any event.*

Article 43. To hear the report of the Selectmen relative to the laying out of the following named street, to wit: Longfellow Street, from the Southerly side of Great Road, a distance of approximately 1555 feet, as shown on a plan on file in the office of the Town Clerk, prepared by John W. Sheridan, dated January 14, 1958; and to see if the Town will vote to accept such street as and for a Town way under the provisions of G.L. c. 82; and will authorize the Selectmen to take by eminent domain or acquire by purchase, or otherwise acquire, any land necessary for the layout and construction of said street, provide the sum or sums of money necessary to pay the cost of damages thereof, and

the cost of construction; direct how said money shall be raised; pass any vote or take any action relative thereon.

Submitted by the Selectmen.

*VOTED: That the report of the Board of Selectmen of the laying out as a Town way Longfellow Street from the Southerly side of Great Road, as described in said report, and shown on a plan entitled, "Plan of Longfellow Street, Sudbury, Mass. for acceptance. Scale: 1" = 100', Jan. 14, 1958" compiled by John W. Sheridan, is hereby accepted; and the said Board of Selectmen be and they hereby are authorized to acquire in behalf of the Town for street purposes the land described in said report by deed or otherwise, but without cost to the Town in any event.*

Article 44. To hear the report of the Selectmen relative to the laying out of the following named street, to wit: Stock Farm Road, beginning at the Easterly end thereof, a distance of 2364 feet from the Easterly side of Landham Road a distance of approximately 1267 feet, as shown on a plan on file in the office of the Town Clerk, prepared by George D. White, Town Engineer, dated January 14, 1958; and to see if the Town will vote to accept such street as and for a Town way under the provisions of G.L. c. 82; and will authorize the Selectmen to take by eminent domain or acquire by purchase, or otherwise acquire, any land necessary for the layout and construction of said street, provide the sum or sums of money necessary to pay the cost of damages thereof and the cost of construction; direct how said money shall be raised; pass any vote or take any action relative thereon.

Submitted by the Selectmen.

*VOTED: That the report of the Board of Selectmen of the laying out as a Town way Stock Farm Road beginning at the Easterly end thereof, a distance of 2364 feet from the Easterly side of Landham Road, as described in said report, and shown on a plan entitled, "Town of Sudbury, Massachusetts plan of a portion of Stock Farm Road for acceptance, scale: 1" = 50' Jan. 14, 1958" George D. White, Town Engineer, is hereby accepted; and the said Board of Selectmen be and they hereby are authorized to acquire in behalf of the Town for street purposes the land described in said report by deed or otherwise, but without cost to the Town in any event.*

Article 45. To see if the Town will vote to continue the Municipal Power Study Committee created by Article 19 of

the Special Town Meeting of October 28, 1957; pass any vote or take any action relative thereto.

Submitted by The Citizens Committee on Electric Rates.

VOTED: *In the words of the article.*

Article 46. To see if the Town will vote to continue the Committee on Town Administration established by Article 80 of the Adjourned Town Meeting of March 14, 1955; pass any vote or take any action relative thereto.

Submitted by the Committee on Town Administration.

VOTED: *In the words of the article.*

UNANIMOUSLY RESOLVED: *That the recommendations of the Finance Committee on page 5 of its report be recognized and that the Selectmen take action thereon as follows:*

*Study of salaries of elected officials.*

*Establish a Public Works Department.*

*At least three times a year all departments and committees be required to meet in a body, discuss Town problems, notify the assembly of the progress being made in each department or committee, and to make specific recommendations on Town problems.*

*Specific recommendations on the combination of the office of Treasurer-Tax Collector.*

*Making the purchasing terms of the Town 2% "next pay day" and notifying the suppliers of these terms so that where discounts are offered they are not lost because of the present policy of payment each two weeks.*

*Because of the increasing complexity of municipal finance and the time required to obtain proper information, the Finance Committee should be increased to seven members.*

*Public questionnaires should be integrated and cleared through the Board of Selectmen so that information pertinent to all Town departments may be considered.*

Article 47. To see if the Town will vote to continue the Committee for Preservation of Ancient Documents established under Article 36 of the Adjourned Special Town Meeting of October 26, 1956; pass any vote or take any action relative thereto.

Submitted by the Committee for Preservation of Ancient Documents.

VOTED: *In the words of the article.*

Article 50. To see if the Town will grant, appropriate or transfer from available funds the sum of \$200 or any other sum for Personnel Board expenses. Pass any vote or take any action relative thereto.

Submitted by the Committee on Town Administration.

Upon motion made by the Finance Committee, it was

VOTED: *That the Town grant the sum of \$200 for the purpose of this article.*

Article 51. To see if the Town will vote to charge the Personnel Board with the responsibility for investigating fringe benefit provisions for Town employees, a report together with recommendations to be submitted to the next Annual Town Meeting. Pass any vote or take any action relative thereto.

Submitted by Committee on Town Administration.

VOTED: *In the words of the article.*

The meeting dissolved at 10:35 P. M.

A True Record: Attest:

LAWRENCE B. TIGHE,  
Town Clerk.

---

## PROCEEDINGS OF THE SPECIAL TOWN MEETING

May 20, 1958

Pursuant to law and the foregoing warrant, dated May 5, 1958, and signed by Harvey N. Fairbank, Lawrence B. Tighe and Francis W. Trussell, Selectmen, and the return of service by Augustus V. E. Sharkey, Constable, the Moderator presided, called the meeting to order at 8:07 P. M. and declared there was a quorum present. The Moderator examined the warrant and the return thereon and declared them in proper order. He announced that the amount of "Free Cash" was \$30,165.13, and proceeded to read aloud the warrant:

VOTED: *To omit the reading of the subject matter of the warrant at this time.*

ARTICLE 1. To see if the Town will vote to grant, appropriate or transfer from available funds the sum of \$133.34, or any other sum, for the purpose of paying unpaid bills in accordance with the following schedule; pass any vote or take action relative thereto.

Hoopers Service Station (1957)	
Town Dump Account	\$ 21.50
F. E. Compton & Company (1957)	
Goodnow Library Account	\$111.84

Finance Committee Report: "The Finance Committee has been informed by the Library Trustees that there was an error in recording the F. E. Compton & Company account of \$111.84 as an unpaid 1957 bill. This item therefore may be excluded from consideration under this article."

VOTED UNANIMOUSLY: *That the amount of \$21.50 be granted and appropriated from Excess and Deficiency to pay the unpaid 1957 bill of Hoopers Service Station.*

ARTICLE 2. To see if the Town will vote to authorize the Board of Selectmen to enter into a contract in behalf of the town for the disposal of rubbish or other refuse collected within the town with a person, who shall on his own land or land under his control and situated within the limits of the town, establish and maintain a dumping ground for such rubbish or refuse, for a term of five years and which shall be subject to such statutes and regulations made by public authorities as are now effective or which shall hereafter be enacted or promulgated; and such further conditions as may be imposed by said Board of Selectmen; fix the amount which shall annually be paid to such person; and grant and appropriate such sum of money as shall be required under said contract for the balance of the current year. Pass any vote or take any action relative thereto.

*Submitted by the Selectmen.*

MOVED: That the Board of Selectmen be and they hereby are authorized to enter into a contract for and in behalf of the Town for the disposal of rubbish or other refuse collected within the town with a person, who shall on his own land or land under his control and situated within the limits of the Town, establish and maintain a dumping ground for such rubbish or refuse for a term of five years, provided, that authority shall be granted by the Board of Appeals.

A motion to indefinitely postpone was defeated.

Several amendments under this article were defeated.

Upon amendment duly made and seconded, it was

VOTED: *To add the words "and which shall be subject to such statutes and regulations made by public authorities as are now effective."*

Upon amendment duly made and seconded, it was

VOTED: *To change the words "A person" to "L. Roy Hawes."*

VOTED: *That the Board of Selectmen be and they hereby are authorized to enter into a contract for and in behalf of the Town for the disposal of rubbish or other refuse collected within the Town with L. Roy Hawes, who shall on his own land or land under his control and situated within the limits of the Town, establish and maintain a dumping ground for such rubbish or refuse for a term of five years and which shall be subject to such statutes and regulations made by public authorities as are now effective; provided, that authority shall be granted by the Board of Appeals.*

ARTICLE 3. To see if the Town will vote to rescind the action taken under Article 17 at the Annual Town Meeting in 1958 and transfer the sum of \$3,300.00 to the Dump Account. Pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

On motion made by the Chairman of the Finance Committee, it was

VOTED: *To transfer the funds in the "Purchase Land for Town Dump" Account amounting to \$3,300.00 to the Town Dump Account.*

ARTICLE 4. To see if the Town will vote to grant or appropriate or transfer from available funds the sum of \$175.00, or any other sum, to purchase chairs for Legion Hall; pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

Finance Committee Report: "It is the understanding of the Finance Committee that the Town is bound by law to furnish quarters for Veterans' Organizations, but to the best of our knowledge it is not required to equip these quarters. At the last annual Town Meeting funds were voted to purchase chairs for the Town Hall and replace present chairs. It is our opinion that the present chairs could be used at least temporarily in the Legion Hall."

VOTED: *Indefinite postponement.*

ARTICLE 5. To see if the Town will vote to grant or appropriate or transfer from available funds the sum of \$9,500.00, or any other sum, for the Snow and Ice Account; pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

Finance Committee Report: "During the year 1957, \$14,085.00 was expended on Snow and Ice Account items. As of the date of the Town Meeting the estimated budget for 1958 was \$12,000.00 and this amount was voted. However, two circumstances — namely change in the office of Highway Surveyor and the audit of the Town's records left the present Highway Surveyor and the town officials with insufficient information to recognize the condition of the account as of the time of the Town Meeting. The total expenditures from this account through April 12, 1958 amounted to \$18,512.89 thereby causing an overdraft at the present time of \$6,512.89. It is therefore necessary to provide at least the amount requested under this article. If this amount is passed then there will remain approximately \$3,000.00 to care for snow and ice removal through December 31, 1958."

VOTED: *That the amount of \$9,500.00 be granted and appropriated for the Snow and Ice Account and that this amount be transferred from the account entitled Permanent Building Committee. For the purposes of this motion, this transfer is approved by the Finance Committee with the understanding that the account and funds provided under "Permanent Building Committee" is no longer necessary.*

ARTICLE 6. To see if the Town will vote to transfer the sum of \$1,000.00, or any other sum, from the Road Machinery Fund to the Road Machinery Account; pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

Finance Committee Report: "Funds are provided in the Road Machinery Account for the ordinary maintenance and repairs of Road Department equipment. The Finance Committee has been informed by the Highway Surveyor that it is necessary to replace tires on one truck and on the grader. The cost of such replacement is approximately \$900.00 and was not contemplated in the budget appropriation at the annual town meeting. The Finance Committee approves the purpose of this article."

VOTED: *That the amount of \$1,000.00 be transferred from the Road Machinery Fund to the Road Machinery Account.*

ARTICLE 7. To see if the Town will vote to grant or appropriate or transfer from available funds the sum of

\$700.00, or any other sum, to establish a salary for the balance of the year 1958, for a Superintendent of Cemeteries; pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

Personnel Board Report: "The Personnel Board does not feel it appropriate to pass judgment on whether additional work is required for maintenance and care of Town Cemeteries for the year 1958. We do, however, feel that \$750.00 is an entirely reasonable figure to pay for the job proposed for the remaining seven months."

Finance Committee Report: "Based on the approval of the Selectmen and the Personnel Board, the Finance Committee approves the purpose of this article."

VOTED: *That the amount of \$700.00 be granted and appropriated to an Account named Salary — Superintendent of Cemeteries, and that the amount of \$498.08 be transferred from the Account named Permanent Building Committee and \$201.92 from Excess and Deficiency.*

ARTICLE 8. To see if the Town will vote to grant or appropriate or transfer from available funds the sum of \$2,000.00, or any other sum, for repairs to the Haynes House; pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

Finance Committee Report: "The Finance Committee has approached consideration of this article on the basis of the utilization of the so-called Haynes House. This house is the white house adjacent to the Fire Station in the Town Hall and at present is used as a residence by the Janitor and as the office of the Town Engineer. One room is also used by the Sudbury Historical Society.

In considering the renovation of this house the following must be considered —

1. The present janitor is a fireman and is immediately available to man fire equipment. If he was not available, we have been informed by the Fire Chief that an additional permanent fireman would be necessary which would cost approximately \$3,800.00 per year.
2. Office space is limited and quarters would have to be made available for the Town Engineer.
3. Approximately \$4,000.00 has been expended in renovations and improvements in the past two years.
4. At the Special Town Meeting of October 28, 1957 it was voted "That the Selectmen have a complete survey made of this structure and that a report thereof be made at the next Annual Town Meeting together with

an article inserted in the warrant calling for sufficient funds to place the Haynes House in good structural condition.’

We understand that it was the thought of the Selectmen to request funds annually in substantially modest amounts and to have this house repaired over a number of years.

It was the opinion of the Finance Committee that renovations and repairs should be made completely under one contract to be submitted for public bid thereby effecting a savings. However, the majority of the Finance Committee concurs in this article.”

A minority report was made by Mr. Arthur A. Smith. He stated that it was his opinion that the repairs to this house should be made in its entirety or not at all and he moved indefinite postponement. The motion failed.

VOTED: *That the amount of \$2,000.00 be transferred from Excess and Deficiency for the purpose of this article — such work anticipated under this article shall be subject to public bid.*

ARTICLE 9. To see if the Town will grant or appropriate or transfer from available funds the sum of \$500.00, or any other sum, for the Legal Notice Account; pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

Finance Committee Report: “Additions to the Legal Notice Account are necessary to properly advertise changes in the Zoning Laws and By-law changes. The Finance Committee approves the purpose of this article.”

VOTED: *That the amount of \$500.00 be granted and transferred from Excess and Deficiency to the Legal Notice Account.*

ARTICLE 10. To see if the Town will vote to grant or appropriate or transfer from available funds the sum of \$500.00, or any other sum, for Election and Town Meeting Expense; pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

Finance Committee Report: “This additional amount is requested to take care of the cost of the Primaries and State Elections.”

VOTED: *That the amount of \$500.00 be granted and transferred from Excess and Deficiency to the Election and Town Meeting Expense Account.*

ARTICLE 11. To see if the Town will vote the sum of \$12,627.58, the balance of the sum received by the Town under Chapter 718, Acts of 1956, for the purpose of widening and reconstruction of Horse Pond Road; pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

Finance Committee Report: "During 1956 the Commonwealth of Massachusetts made available to the cities and towns certain funds. These funds must be used for construction or renovation of roads. To obtain the funds the towns must set up a specific project to be approved by the State. The Town has already received the \$12,627.58 mentioned in this article for the approved project of widening and reconstruction of Horse Pond Road.

The Finance Committee wishes to refer to the action of the Town under Article 12 of the March 1956 Town Meeting and to the report of the Finance Committee namely —

'In approving this article, the Finance Committee wishes to make it clear and certain that the properties abutting the improved roads receive certain benefits therefrom and no town funds should be expended until complete releases from damage is received from all property holders in each section.'

While the funds under this article are not Town funds as such the Finance Committee recommends that in the consideration of this motion and the passing thereof that the tenor of their 1956 report shall be maintained."

VOTED: *In the words of the article.*

ARTICLE 12. To see if the Town will vote to grant or appropriate or transfer from available funds the sum of \$175.00, or any other sum, for the printing of the Town's Building Code; pass any vote or take any action relative thereto.

*Submitted by the Building Inspector.*

Finance Committee Report: "The Finance Committee approves the purpose of this article."

VOTED: *That the amount of \$175.00 be granted and transferred from Excess and Deficiency to the Account Printing Town Building Code.*

ARTICLE 13. To see if the Town will vote to continue the Street Numbering Committee voted under Article 15 of the Special Town Meeting April 22, 1957, and grant and appropriate the sum of \$100.00, or any other sum, for the

use of the committee in defraying the expenses of its work; pass any vote or take action relative thereto.

*Submitted by the Committee to Number Streets.*

Finance Committee Report: "The Finance Committee approves the purpose of this article."

VOTED: *That the amount of \$100.00 be granted and transferred from Excess and Deficiency to the Account Street Numbering Committee.*

ARTICLE 14. To see if the Town will vote to grant or appropriate or transfer from available funds a sum of money to the Board of Health Account for the inoculation of dogs for rabies; pass any vote or take action relative thereto.

*Submitted by the Board of Health.*

Finance Committee Report: "We have been informed by the Board of Health that the cost of inoculation was less than anticipated and that additional funds are not required."

VOTED: *Indefinite postponement.*

VOTED: *To table Article 15.*

ARTICLE 16. To hear the report of the Board of Selectmen relative to the layout of the following named street, to wit: Howell Road a distance of approximately six hundred thirty-five (635) feet as shown on a plan on file in the office of the Town Clerk entitled, "Plan of Howell Road in Sudbury" prepared by MacCarthy Engineering Service, March 23, 1956, revised April 25, 1958 by George D. White, Town Engineer; and to see if the Town will vote to accept said street as and for a town way under the provisions of General Laws (Ter. Ed.) Chapter 82; and to authorize the Selectmen to take by eminent domain or otherwise acquire any land necessary for the layout and construction of said road; and to authorize the Board of Selectmen to assess betterments for the taking of land for and the construction of such way under the provisions of General Laws, (Ter. Ed.) C. 80. Pass any vote or take any action relative thereto.

*Submitted by the Selectmen.*

VOTED: *That the report of the Board of Selectmen of the laying out as a Town way of Howell Road westerly from Stone Road as described in said report and shown on plan of Howell Road in Sudbury prepared by MacCarthy Engineering Service March 23, 1956, revised by George D. White, Town Engineer, on file in the office of the Town Clerk, be and the same is hereby accepted; and that the Board of Selectmen be*

*and they hereby are authorized to acquire in behalf of the Town for street purposes the land described in said report by eminent domain or otherwise; and the Board of Selectmen be and they are hereby authorized to assess betterments under the provisions of General Laws (Ter. Ed.) Chapter 80, for the cost of said taking or purchase of land and the construction of said way as follows: ninety percent (90%) of such cost on the abutters on said Howell Road and ten percent (10%) on the Town.*

ARTICLE 17. To hear the report of the Board of Selectmen relative to the layout of the following named street, to wit, Stone Road from Boston Post Road a distance of approximately five hundred seventy (570) feet as shown on a plan on file in the office of the Town Clerk entitled, "Plan of Stone Road in Sudbury" prepared by MacCarthy Engineering Service March 23, 1956, revised April 25, 1958 by George D. White, Town Engineer, and to see if the Town will vote to accept said street as and for a town way under the provisions of General Laws (Ter. Ed.) Chapter 82 and to authorize the Board of Selectmen to take by eminent domain or acquire by purchase or otherwise, any land necessary for the layout and construction of said road; and to authorize the Board of Selectmen to acquire by eminent domain or otherwise for the drainage of said Stone Road a perpetual easement of such width as shall be sufficient for such drain over and upon the land of Aubrey B. Dingley and others as shown on a plan entitled, "Town of Sudbury, Massachusetts Plan Showing Drainage Easement westerly of Stone Road Scale 1 in. = 40 ft. April 21, 1958" prepared by George D. White, Town Engineer; and to authorize the Board of Selectmen to assess betterments for the taking of land for and the construction of such way and drain under the provisions of General Laws (Ter. Ed.) C. 80. Pass any vote or take any action relative thereto.

*Submitted by the Selectmen.*

VOTED: *That the report of the Board of Selectmen of the laying out as a Town Way of Stone Road from Boston Post Road as described in said report and shown on "Plan of Stone Road in Sudbury" prepared by MacCarthy Engineering Service, March 23, 1956, revised April 25, 1958 by George D. White, Town Engineer, on file in the office of the Town Clerk, be and the same hereby is accepted; and that the Board of Selectmen be and they hereby are authorized to acquire in behalf of the Town for street purposes the land described in said report by eminent domain or otherwise; that said Board of Selectmen be and they hereby are authorized to acquire by eminent domain or otherwise for the drainage of said Stone Road a perpetual easement of such width as to them shall be*

sufficient for a drain over and upon the land of Aubrey B. Dingley and others as shown on a plan entitled, "Town of Sudbury, Massachusetts plan showing drainage easement westerly of Stone Road Scale 1 in. = 40 ft. April 21, 1958" prepared by George D. White, Town Engineer; and that the Board of Selectmen be and they are hereby authorized to assess betterments under the provisions of General Laws (Ter. Ed.) Chapter 80, for the cost of said taking or purchase of land and the construction of said way and the drain therefor as follows: ninety percent (90%) of such cost on the abutters on said Stone Road and ten percent (10%) on the Town.

VOTED: *To remove Article 15 from the table.*

ARTICLE 15. To see if the Town will vote to rescind the vote adopted under Article 37 of the Warrant for the Special Town Meeting of October 25, 1956; pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

VOTED: *In the words of the Article.*

ARTICLE 18. To see if the Town will appropriate a sum of money to defray the cost of acquiring land by eminent domain or otherwise for the layout and construction of Stone Road and the drain therefor, and for the layout and construction of Howell Road. Pass any vote or take any action relative thereto.

*Submitted by the Selectmen.*

VOTED: *That the Town appropriate the sum of Two Thousand One Hundred Forty-nine and 92/100 Dollars to defray the cost of acquiring land by eminent domain or otherwise for the layout and construction of Stone Road and the drain therefor, and for the layout and construction of Howell Road, and of that amount the sum of \$1,649.92 be and is hereby transferred from the appropriation made by vote adopted under Article 27 of the warrant for the Special Town Meeting of October 25, 1956, and that the balance, \$500.00, be and is hereby transferred from the Excess and Deficiency Account.*

ARTICLE 19. To see if the Town will vote to amend Article IV, Section 1, of the by-laws by striking out the word "five" appearing in line 2 of the printed by-laws, as revised on May 1, 1956, and inserting in place thereof the word seven; and by striking out section 2 of said Article IV and inserting in its place a new section as follows:

The Moderator shall, at the annual Town meeting to be held in 1959, appoint three members of such committee for terms of three years, two members to serve terms of two years, and two members to serve for terms of one year, and, thereafter at each annual town meeting as the terms of office of such members shall expire, he shall appoint their successors for terms of three years. The terms of office of said members shall commence immediately upon qualification and shall expire at the close of final adjournment of the annual town meeting at which their successors are appointed. Said committee shall choose its own officers and shall serve without pay. Said committee shall cause to be kept a true record of its proceedings. Pass any vote or take action relative thereto.

*Submitted by the Finance Committee.*

Report of Town Counsel:

May 20, 1958

To The Voters of the Town of Sudbury  
Special Town Meeting, May 20, 1958

The Board of Selectmen have referred to me, as provided by Article X, Section 3, of the By-laws of the Town, an article inserted by them in the warrant for this town meeting and submitted by the Finance Committee, which is as follows:

Article 19. To see if the Town will vote to amend Article IV, Section 1, of the by-laws by striking out the word "five" appearing in line 2 of the printed by-laws, as revised on May 1, 1956, and inserting in place thereof the word seven; and by striking out Section 2 of said Article IV and inserting in its place a new section as follows:

The Moderator shall, at the Annual Town Meeting to be held in 1959, appoint three members of such committee for terms of three years, two members to serve terms of two years, and two members to serve for terms of one year, and, thereafter at each annual town meeting as the terms of office of such members shall expire, he shall appoint their successors for terms of three years. The terms of office of said members shall commence immediately upon qualification and shall expire at the close of final adjournment of the annual town meeting at which their successors are appointed. Said committee shall choose its own officers and shall serve without pay. Said committee shall cause to be kept a true record of its proceedings. Pass any vote or take action relative thereto.

This article would amend Article IV of the By-laws, which regulates the appointment of the Finance Committee, fixes the terms of office of the members and prescribes their duties, by increasing the number of members from five to seven, and to

change their terms of office from one and two years to three years. In all other respects such Article IV remains unchanged.

In my opinion the proposed amendment, if adopted, will be a valid by-law of the town.

Respectfully submitted,  
/s/ EDWARD T. SIMONEAU,  
Town Counsel.

VOTED UNANIMOUSLY: *In the words of the Article.*

ARTICLE 20. To see if the Town will vote to amend Article IX of the By-laws (Zoning), Section 1, and amendments thereto, by establishing a new Industrial District #12 and directing that the boundaries of the same be incorporated into the existing Zoning Map of the Town of Sudbury, under the direction of the Board of Selectmen, as follows:

A certain parcel of land, situated on the southeasterly side of Old County Road, bounded and described as follows:

Beginning at the intersection of Business District #1 where it intersects the southeasterly side line of Old County Road; thence in a northeasterly direction along Old County Road till it intersects the Wayland Town Line at Town Bound number 12 and 27; thence in a southwesterly direction along the Town Line till it intersects the northerly line of Business District #1; thence in a westerly direction by Business District #1 to Old County Road and the point of beginning. Pass any vote or take any action relative thereto.

*Submitted by John H. Whitworth.*

Planning Board Report: "The Planning Board approves the rezoning of the land for the following reasons:

1. The area is boxed in between Business and Industrial areas both in Sudbury and Wayland.
2. There is a non-conforming business use in a residence zone across Old County Road.
3. The long range zoning trends and objectives of the Town will dictate that sooner or later this area be zoned for industrial use."

Report of Town Counsel:

May 20, 1958

To the Voters of the Town of Sudbury  
Special Town Meeting, May 20, 1958

The Board of Selectmen have referred to me, as provided by Article X, Section 3, of the By-laws of the Town, an article

inserted in the warrant for this Special Town Meeting which was submitted by John H. Whitworth, and which provides as follows:

Article 20. To see if the Town will vote to amend Article IX of the By-laws (Zoning) Section 1, and amendments thereto, by establishing a new Industrial District #12 and directing that the boundaries of the same be incorporated into the existing Zoning Map of the Town of Sudbury, under the direction of the Board of Selectmen, as follows:

A certain parcel of land, situated on the southeasterly side of Old County Road, bounded and described as follows:

Beginning at the intersection of Business District #1 where it intersects the southeasterly side line of Old County Road; thence in a northeasterly direction along Old County Road till it intersects the Wayland Town Line at Town Bound number 12 and 27; thence in a southwesterly direction along the Town Line till it intersects the northerly line of Business District #1; thence in a westerly direction by Business District #1 to Old County Road and the point of beginning. Pass any vote or take any action relative thereto.

It is proposed by this article to amend the zoning by-laws, Section 1, by establishing a new Industrial District to be designated as Industrial District No. 12. I am informed that the area described in the article contains 6.4 acres, more or less, the boundaries of which appear to be the Sudbury-Wayland town line, certain named public ways and Business District No. 1.

I regret that I am unable to express an opinion as to the legality of such amendment for the reason that I have no facts except the bare description of the area which it is proposed to place in an Industrial District, and a statement by the chairman of the planning board that the change here proposed is a part of a general plan to zone land in that section of the town for business and industrial uses, upon which I may base a legal opinion. I received no notice from the planning board of the hearing held on the proposed change in the by-laws. Had I been notified thereof, I would have attended such hearing to obtain all essential facts relating to the change in order that I might properly advise the town meeting. This is without criticism of the planning board as I feel that failure to notify me of such hearing was unintentional.

Respectfully submitted,

/s/ EDWARD T. SIMONEAU,  
Town Counsel.

VOTED: *In the words of the Article.*

In favor — 91, opposed — 3.

ARTICLE 21. To see if the Town will vote to amend Article IX of the By-laws (Zoning), Section 1, and amendments thereto, by establishing a new Limited Business District #2 and directing that the boundaries of the same be incorporated into the existing Zoning Map of the Town of Sudbury, under the direction of the Board of Selectmen, as follows:

A certain parcel of land, situated on the southerly side of the State Highway known as Boston Post Road, bounded and described as follows:

Beginning at the northeasterly corner of said parcel on the southerly side of the Boston Post Road opposite station 124 + 95.94 of the 1901 highway layout; at land of Joseph C. and Martha O. Levesque; thence running S. 9° 07' 30" W. 133.00 feet by the land of Levesque to land of C. R. Hullihen; thence N. 83° 10' 27" W. 166.71 feet and N. 5° 15' 10" E. 132.94 feet by land of said C. R. Hullihen to the southerly side of the Boston Post Road opposite station 123 + 20.24; thence by said Boston Post Road S. 83° 10' 27" E. 175.70 feet to the point of beginning;

pass any vote or take any action relative thereto.

*Submitted by C. R. Hullihen.*

Planning Board Report: "The Planning Board approves the rezoning of the land for the following reasons:

1. The building is there now.
2. Limited Business zoning is the most restrictive use of the area.
3. This change would be compatible with the long range zoning trends and objectives of the Town.
4. A Limited Business zone already exists directly across the Post Road from the area under discussion."

Report of the Town Counsel:

May 20, 1958

To the Voters of the Town of Sudbury  
Special Town Meeting, May 20, 1958

The Board of Selectmen have referred to me, as provided by Article X, Section 3, of the By-laws of the Town, an article inserted in the warrant for this Special Town Meeting which was submitted by C. R. Hullihen, and which provides as follows:

Article 21. To see if the Town will vote to amend Article IX of the By-laws (Zoning), Section 1, and amendments thereto, by establishing a new Limited Business District #2 and directing that the boundaries of the same be incorporated into the existing Zoning Map of the Town of Sudbury, under the direction of the Board of Selectmen, as follows:

A certain parcel of land, situated on the southerly side of the State Highway known as Boston Post Road, bounded and described as follows:

Beginning at the northeasterly corner of said parcel on the southerly side of the Boston Post Road opposite station 124 + 95.94 of the 1901 highway layout; at land of Joseph C. and Martha O. Levesque; thence running S. 9° 07' 30" W. 133.00 feet by land of Levesque to land of C. R. Hullihen; thence N. 83° 10' 27" W. 166.71 feet and N. 5° 15' 10" E. 132.94 feet by land of said C. R. Hullihen to the southerly side of the Boston Post Road opposite station 123 + 20.24; thence by said Boston Post Road S. 83° 10' 27" E. 175.70 feet to the point of beginning; pass any vote or take any action relative thereto.

This amendment would establish as a limited business district land situated on the southerly side of the Boston Post Road and within a residence district, having an area of about one-half acre. That land has been occupied and used in recent years by Commander Beverage Co., Inc. for the manufacture of carbonated beverages under a special permit granted by the Board of Appeals on January 25, 1945. I am told that Commander Beverage Co., Inc. has discontinued the manufacture of carbonated beverages, and upon such discontinuance the special permit expired. The Board of Appeals is now without authority to permit a new use of premises except as is allowed under Art. IX of the Zoning By-laws, Section 1A(2).

As in the case of the amendment proposed by Article 20 of the warrant for this meeting, I had no notice of the hearing before the Planning Board which was held to consider the proposed amendment. I have been told by the chairman of the Planning Board that the proposed change is a part of long range planning for that section of the town. I know nothing of that which transpired at that hearing. The facts upon which I have based this opinion are the physical facts which are manifest. All the land situated on the southerly side of the Boston Post Road beginning at the Westerly side of Industrial District No. 8 (a point 20 feet easterly of a brook and 567 feet westerly from Nobscot Road) and extending westerly to the Sudbury-Marlborough town line, is in a residence district. The establishment of a limited business district as is

here proposed would be a plain case of "spot zoning" as there will be a "singling out of one lot for different treatment from that accorded to similar surrounding land indistinguishable from it in character all for the economic benefit of the owner of that lot." *Marblehead v. Rosenthal*, 316 Mass. 124, 126. See also *Leahy v. Inspector of Buildings of New Bedford*, 308 Mass. 128.

In my opinion the amendment to the Zoning By-laws as is here proposed, if adopted, would be illegal.

Respectfully submitted,

/s/ EDWARD T. SIMONEAU,  
Town Counsel.

The Moderator ruled that as a result of the report of the Town Counsel, he could not entertain a motion under this article.

VOTED: *Indefinite postponement.*

ARTICLE 22. To see if the Town will vote to change the name of Wilbert Avenue and Wilbert Avenue Extension to Indian Ridge Road. Pass any vote or take any action relative thereto.

*Submitted by Eva M. and John B. Merryman and others.*

VOTED: *In the words of the Article.*

Article 23. To see if the Town will vote to elect a board of park commissioners, determine the number of members thereof, and prescribe their terms of office. Pass any vote or take any action relative thereto.

*Submitted by the Selectmen.*

VOTED: *That the Town elect at the Regular Election in 1959, a Board of Park and Recreation Commissioners under the provisions of General Laws, Chapter 45, to consist of five members; and of the members first elected two shall serve for three years, two for two years, and one for one year, and thereafter, as their terms of office expire, such members shall be elected to serve for three years.*

ARTICLE 24. To see if the Town will vote to extend its street lighting system by installing a 1,000 lumen light on a six-foot bracket at the following locations:

Pole #175/1 at the intersection of Pratt's Mill Road and Willow Road.

Pole #87/7 at the intersection of Pratt's Mill Road and Wilson Road.

Pole #87/29 at the intersection of Pratt's Mill Road and Briar Patch Lane. Pass any vote or take action relative thereto.

*Submitted by Denn A. Crary.*

Approved by the Public Works Advisory Board.

VOTED: *In the words of the Article.*

The meeting dissolved at 11:05 P. M.

A True Record, Attest:

LAWRENCE B. TIGHE,  
Town Clerk.

## PROCEEDINGS OF THE STATE PRIMARY ELECTION

September 9, 1958

Pursuant to law and the foregoing warrant, the Town Clerk attended at the Town Hall on Tuesday, September 9, 1958, and before the time appointed for the opening of the polls, delivered the ballots, the state ballot box, with the keys thereto, specimen ballots, cards, tally sheets, and the total vote sheets, all prepared, for the State Primary Election, taking the required receipts therefor. At the hour named in the warrant, the Presiding Election Officer, Harvey N. Fairbank, read the call of the meeting.

He examined the warrant and the return thereon and declared them in proper order. He then opened the Election. The Tellers attending, the ballot box was opened, found to be empty, and immediately closed, with the register set at 0000.

Participating in the Election were J. Leo Quinn (D), Ralph H. Barton (D), Joan M. Morgello (D), Mary S. Mailly (D), Mary Ellen Gale (D), George A. Brown (R), Frederick R. Stone (R), Jane D. Bennett (R), William W. MacCulloch (R) and David S. Baldwin (R); Joseph Paolini and Francis E. White, Police Officers on duty; all duly sworn.

The polls opened at 2:00 P. M., and pursuant to law, were closed at 8:00 P. M. The ballot box register showed the number of ballots cast as 526, which agreed with the number of voters checked by the Ballot Clerks; 435 Republican votes and 91 Democratic votes.

The results of the voting as canvassed and counted by the Election Officers and announced by the Presiding Election Officer were as follows:

A True Record, Attest:

LAWRENCE B. TIGHE,  
Town Clerk.

PROCEEDINGS OF  
THE SPECIAL TOWN MEETING

October 21, 1958

Pursuant to law and the foregoing warrant dated October 7, 1958 and signed by Harvey N. Fairbank, Lawrence B. Tighe and Francis W. Trussell, Selectmen, and the return of service by Augustus V. E. Sharkey, Constable, the Moderator presided, called the meeting to order at 8:00 P. M. and declared there was a quorum present. The Moderator examined the warrant and the return thereon and declared them in proper order. The Moderator then proceeded to read aloud the warrant.

*VOTED: To dispense with the reading of the separate articles in the warrant at this time.*

The Moderator announced that the amount of "Free Cash" was \$26,166.71.

Article 1. To see if the Town will vote to grant, appropriate or transfer from available funds the sum of \$2,000, or any other sum, for the Insurance Account; pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

Finance Committee Report: "The Finance Committee has been informed that the request for funds under this article was occasioned by cost of insuring additional equipment and additional premiums on workmen's compensation insurance."

*VOTED: That the amount of \$2,000.00 be transferred from Excess and Deficiency and appropriated to the Insurance Account.*

Article 2. To see if the Town will vote to provide the sum of \$350.00, or any other sum, to continue the work of the assessors in revaluing property within the town as authorized at the last annual town meeting or act relative thereto.

*Submitted by the Board of Assessors.*

Finance Committee Report: "At the annual town meeting \$5,000.00 was appropriated to conduct a revaluation of the Town under the direct jurisdiction of the Board of Assessors. The sum of \$350.00 is necessary to complete this work."

*VOTED: That the amount of \$350.00 be transferred from Excess and Deficiency and appropriated to the Town Revaluation Expense Account.*

Article 3. To see if the Town will vote to appropriate the sum of \$500.00, or any other sum, for a Sewage Disposal System at the Haynes House; pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

Finance Committee Report: "We are informed that it is necessary to correct the Sewage Disposal System at the Haynes House."

VOTED: *That the amount of \$500.00 be transferred from Excess and Deficiency and transferred to Repairs Haynes House for the purpose of correcting the sewage disposal system.*

Article 4. To see if the Town will vote to grant or appropriate the sum of \$4,200.00, or any other sum, for the purpose of making an architectural and engineering survey, working drawings and bid specifications for final renovation plans of Old Center School. Pass any vote or take any action relative thereto.

*Submitted by the Sudbury School Committee.*

Finance Committee Report: "During the year 1958 approximately \$12,000.00 was expended to put the Center School (the white wooden structure) in condition to be used as a Junior High School. At the time this redecorating and repairing was done it was anticipated that the school would be used for at least five years as a Junior High School. After reconsideration, we understand that the School Committee decided to incorporate this structure into the permanent School Building Plant rather than considering the wrecking or using of this structure for other than school purposes. As the article states, this request for funds is for the purpose of making an architectural and engineering survey for the final renovation of this School. The Finance Committee concurs in this action. The motion which we will present allows the School Committee to make a contract with an architect to make such a survey immediately, however we feel that the cost of such services should be raised by taxes in 1959."

VOTED: *That the amount of \$4,200.00 be granted and appropriated for the purpose of making an architectural and engineering survey, working drawings and bid specifications for final renovation plans. The expenditure of these funds shall be under the jurisdiction of the School Committee. These funds shall be raised by taxes in the 1959 levy.*

Article 5. To see if the Town will vote to grant, appropriate or otherwise provide the sum of \$1,050,000.00 or any

other sum for the purpose of erecting two elementary school houses each to consist of fourteen rooms, one of which shall be erected on the Woodside Road site, and the other on any other land owned by the town or to be acquired by the town, for completing plans and specifications and the construction of said school houses, originally furnishing the same and for acquiring such land as may be required as a building site. Pass any vote or take any action relative thereto.

*Submitted by the Sudbury School Committee.*

VOTED: *To lay Article 5 on the table.*

Article 6. To see if the Town will vote to grant, appropriate or otherwise provide the sum of \$1,050,000.00 or any other sum for the purpose of erecting two elementary school houses each to consist of fourteen rooms, one of which shall be erected on Woodside Road site, and the other on any other land owned by the town or to be acquired by the town, or otherwise to provide additional school facilities, for completing plans and specifications and the construction of said school houses, originally furnishing the same and for acquiring such land as may be required as a building site. Pass any vote or take any action relative thereto.

*Submitted by F. W. Trussell.*

Finance Committee Report on Articles 5 and 6: "Under these articles it appears to the Finance Committee that there are three questions —

1. How many classrooms should be built.
2. Where shall these classrooms be built.
3. What is the cost of Construction.

From information furnished by the School Committee, 28 classrooms will be required by 1964. To meet this problem the School Committee anticipates the building of one school of fourteen classrooms immediately and upon the completion of this unit the immediate construction of another unit of fourteen classrooms. The Finance Committee suggests an alternate. We recommend that one unit of twenty classrooms be built at this time. If the usual program of building is followed this unit should be available for occupancy by September 1960. Therefore we will have anticipated the number of classrooms required for occupancy per the School Committee's survey and possibly should have unoccupied space. Next year a similar survey should be made and we should then have a better knowledge of our requirements. This alternate to build a twenty classroom building gives time to consider the school building situation without hampering in any way school housing requirements and without committing the town to two school building units.

We recommend that the school unit be constructed in the Woodside Road site which follows the determined pattern for school construction where we already have Town land available.

We understand from figures submitted by the Permanent Building Committee that the cost of a twenty room unit would be approximately \$35,000.00 per room or \$700,000.00. This estimate was based on previous costs plus 5%. It must be recognized that any appropriation made at this meeting is an estimate and that working drawings must be made to arrive at a more exact cost. We recommend that in the appropriation of funds that the expenditure of these funds be made under the jurisdiction of the Permanent Building Committee."

An amendment to erect one twenty room school was lost: 175 in favor, 424 opposed.

An amendment to erect a school on the Haynes Road site was lost.

*VOTED: That the Town appropriate the sum of \$1,050,000 for the purpose of completing plans and specifications, acquiring land, fully constructing, and originally equipping and furnishing two fourteen room elementary schools similar in design to the Fairbank Road School, one of which is to be located on the Woodside Road site and the other on a site consisting of approximately 15 acres, located on Old Lancaster Road and known as the Clark land; that the Town Treasurer with the approval of the Board of Selectmen borrow the sum of \$1,050,000 for a period not to exceed twenty years, as authorized by Chapter 645 of the Acts of 1948, as amended; and that such funds be expended under the supervision of the Permanent Building Committee.*

In favor — 534, opposed — 6.

*VOTED: To take Article 5 from the table.*

*VOTED: Indefinite postponement.*

Article 7. To see if the Town will authorize the Board of Selectmen to take by eminent domain or otherwise acquire for school house purposes a parcel of land of such area and wherever located within the town as shall be designated by the School Housing Committee, the School Committee and the Permanent School Building Committee, acting jointly; and to appropriate, grant or otherwise provide an amount sufficient to pay the cost thereof. Pass any vote or take any action relative thereto.

*Submitted by the Sudbury School Committee.*

Finance Committee Report: "As of the date of this town meeting the Town has two School Building sites available — one at Woodside Road site and one at Haynes Road. (We have already voted to build on the Woodside Road site and therefore have the Haynes Road site available.) Therefore we recommend that the purchase of additional school sites be held in abeyance for at least one year so that we may have an opportunity to review the school population and at that time determine the necessity for more schools and or school sites."

VOTED: *To lay Article 7, on the table.*

Article 8. To see if the Town will vote to amend Article IX, Section 17 of the Zoning By-Laws by changing the lot area and street frontage requirements to the following:

In Residence Zones "A" 1, "A" 2, and "A" 3, the minimum area of the lot shall be 40,000 square feet, and the minimum frontage of the lot on any street or way shall be 180 feet;

In Residence Zones "B" 1, "B" 2, and "B" 3, the minimum area of the lot shall be 60,000 square feet, and the minimum frontage of the lot on any street or way shall be 210 feet;

In Residence Zones "C" 1, and "C" 2, the minimum area of the lot shall be 80,000 square feet, and the minimum frontage of the lot on any street or way shall be 240 feet. Pass any vote or take action relative thereto.

*Submitted by Robert P. Smith and Others.*

Planning Board Majority Report: "The subject of rezoning the Town has come up often in the past. The original zoning law had a minimum lot size of 20,000 sq. ft. In 1953 a considerable effort was made in establishing the present three zones. Zone A was 22,500. Zone B and Zone C were set at their present sizes (Zone B is 40,000 sq. ft. and Zone C, 60,000). Committees were set up to examine all phases of this subject, residents of all areas were consulted as to their desires, public hearings were held and the present zones were passed at the 1954 Annual Town Meeting by a large majority. Subsequently Zone A was raised to 30,000.

Since then very few complaints have been received either about lot sizes or location of zones. In the questionnaire sent out by the Planning Board last year a majority of the replies received approved of the present laws. Obviously until now the laws have been satisfactory to the majority.

The Planning Board realizes that there are many pros and cons on this matter and feels that this sudden proposal has not had sufficient consideration by the town.

If the proponents would like to set up a study committee to examine all possible changes in the lot sizes and their probable effect upon the growth of the town, the board would be glad to give all possible help. A subject of this complexity should be acted on at an Annual Town Meeting and by setting up a committee now any proposed motion could be ready by then.

The majority of the board opposes this motion.

/s/ THEODORE R. HARDING  
ALBERT ST. GERMAIN  
ABEL CUTTING"

Planning Board Minority Report: "It is the opinion of the minority membership of the Planning Board that this article, increasing the size and frontage of lots in our residential zones, should be adopted by the Town at this time.

We favor the article for personal reasons in that we personally prefer the larger lots to the smaller lots.

It should be understood that we do not feel that larger lots will effectively curb the growth patterns of the town, nor do we feel that it is the answer to our school problem or our increasing tax rate picture.

The answers to these problems lie in the area of a more acute awareness by the citizens and officials of the town about the problems they face meeting the challenge of an obvious growth pattern. In the Town Report of 1954 the Planning Board stated that schools would be required at the rate of ten classrooms per year. Had this been accomplished we would have had forty (40) classrooms now instead of fourteen completed, fourteen under construction, and twenty-eight proposed.

At the same time it should be recognized that our Industrial development is woefully lacking. While it is generally recommended that approximately 50% of the tax burden should be borne by business and industry and 50% by residences, we find in Sudbury that residences are carrying about 85% of the burden.

Before voting on this article each of you should:

- First) Consider your personal preference as to the lot sizes and frontages you feel would best suit the town's character.
- Second) Recognize that such a change will probably not curb the Town's growth pattern nor solve the school or tax problem for these solutions lie elsewhere.
- and
- finally) Recognize that if this article does not pass, the

result may very well be an acceleration of the subdivision rate on the basis that owners of large undeveloped tracts of land may feel it necessary to subdivide immediately rather than take the chance that such an article would be defeated a second time.

/s/ TRUEMAN C. JACKSON  
JOHN B. CURTIS

Report of Town Counsel:

"The proposed amendment would increase the minimum lot area and street frontage in all of the residence zones in the town. The percentage of increase in the minimum lot area in Zones "A" 1, "A" 2, and "A" 3 over that which is now provided in said Section 17 would be  $33\frac{1}{3}\%$ , and in Zones "B" 1, "B" 2, and "B" 3 the percentage of increase would be 50%, and in Zones "C" 1 and "C" 2 the percentage of increase would be  $33\frac{1}{3}\%$ . The increase of "frontage of the lot on any street or way" in all of the said residence zones are increased or lengthened by 30 feet. It is competent for the town meeting to amend the zoning by-law as here proposed, and if such amendment be adopted, it will be a valid by-law of the Town of Sudbury."

AMENDMENT VOTED: *To act upon each residence Zone separately.*

VOTED: *That the Town amend Article IX, Section 17 of the Zoning By-laws by changing the lot area and street frontage requirements to the following:*

*In Residence Zones "A" 1, "A" 2, and "A" 3, the minimum area of the lot shall be 40,000 square feet, and the minimum frontage of the lot on any street or way shall be 180 feet.*

Adopted by a vote of 405 — in favor; 97 — opposed.

In Residence Zones "B" 1, "B" 2, and "B" 3, defeated lacking the necessary two-thirds. In favor — 291, opposed — 151.

In Residence Zones "C" 1, and "C" 2, defeated lacking the necessary two-thirds. In favor — 260, opposed — 166.

VOTED: *To take Article 7 from the table.*

VOTED: *That the Town authorize the Board of Selectmen to take by eminent domain or acquire by purchase at a cost not to exceed \$30,000, a tract of land situated on Old Lancaster Road known as the Clark land containing 15 acres, more or less, and that the cost thereof be paid from the appropriation made under Article 6 of the warrant for this Town Meeting.*

The meeting then recessed at 11:55 P. M. to the following night at 8:00 P. M.

PROCEEDINGS OF THE ADJOURNED  
SPECIAL TOWN MEETING

October 22, 1958

The meeting was called to order at 8:00 P. M. by the Moderator who declared there was a quorum present.

Article 9. To see if the Town will vote to amend the Zoning By-Laws of the Town and amendments thereto, by establishing a new Business District #15 and directing that the boundaries of the same be incorporated into the existing Zoning Map of the Town of Sudbury, under the direction of the Board of Selectmen, as follows:

A certain parcel of land, situated on the southerly side of the State Highway known as Boston Post Road, bounded and described as follows:

Beginning at the intersection of the westerly side line of Dudley Road with the southerly side line of the Boston Post Road; thence in a westerly direction along said Boston Post Road 600 feet more or less to the westerly line of land owned by the Commander Beverage Inc. thence southerly along the westerly line of Commander Beverage Inc. 133 feet more or less; thence easterly by a line parallel to and 133 feet distant from the southerly line of Boston Post Road to the westerly side line of Dudley Road; thence in a northwesterly direction along Dudley Road to the point of beginning.

Pass any vote or take action relative thereto.

*Submitted by C. R. Hullihen.*

Planning Board Report: "The Planning Board unanimously favors this article on the basis that it is consistent with their long range plans to make the Post Road from the South Sudbury Center to this point either Business or Limited Business. Since the land across the street is already zoned Limited Business, this change will be generally consistent with the immediate area. Further consideration and study of land in this area will be made with additional changes recommended at the annual Town Meeting."

Report of Town Counsel:

"This article would establish in the town a new business district to be numbered Business District No. 15, which comprises land situated on the southerly side of the Boston Post Road and extending westerly from Dudley Street, a distance of 600 feet. The establishment of such district is a part of a general plan now under consideration by the Planning Board to zone the Boston Post Road from Dudley Street easterly for

purposes other than residences. The change here proposed is consonant with general welfare of the town.

In my opinion this amendment to the Zoning By-laws, if adopted, will be a valid by-law of the town."

VOTED: *In the words of the Article.*

The foregoing amendment was adopted by a vote of 174 — in favor, 25 — opposed.

Article 10. To see if the Town will vote to amend Article IX, Section 1 (zoning by-law) of the by-laws of the Town of Sudbury by establishing a new business district to be known as Business District No. 16, and directing that the boundaries of the same be incorporated into the existing zoning map of the Town of Sudbury under the direction of the Board of Selectmen as follows:

"A certain area of land situated in the southerly part of Sudbury on the easterly side of Nobscot Road bounded and described as follows:

Commencing at a point on the easterly side of Nobscot Road 1,000 feet more or less south of the intersection of said Nobscot Road and the Boston Post Road. Thence southeasterly 290 feet more or less to the New York, New Haven and Hartford Railroad track. Thence southwesterly along said New York, New Haven and Hartford track 720 feet, more or less. Thence northwesterly 938 feet more or less to Nobscot Road. Thence northeasterly along said Nobscot Road 1,020 feet more or less to the point of beginning. Including therein all the land on said Nobscot Road now owned by Margaret Cullinane and Catherine S. McElwain.

Pass any vote or take any action relative thereto."

*Submitted by J. Powers.*

The Planning Board unanimously opposed this article, feeling it is necessary to make a further study of this area. The Town Counsel stated that in his opinion it would be a case of spot zoning. The Moderator then ruled that this article would be passed over.

Article 11. To see if the Town will vote to amend Article IX of the By-Laws (zoning), Section 8 by striking out the words "the removal of sod, loam, sand, gravel and ledge for sale, except when incidental to and in connection with the construction of a building for which a permit has been issued by the Selectmen, or", and as amended such section will read as follows:

Section 8. The use of land for a cemetery, playground, picnic ground, for educational purposes or recreation field, shall be allowed only if the Board of Appeals shall rule that such use is not detrimental to the neighborhood. The provisions of this section shall not apply to the use of land by the Town for municipal purposes.

Pass any vote or take any action thereon.

*Submitted by the Selectmen.*

VOTED: *Indefinite postponement.*

Article 12. To see if the Town will vote to amend Article V (A) of the By-Laws by striking out Section 1 thereof and inserting in its place the following new Section:

Section 1. No person, firm or corporation shall remove any sod, loam, sand, gravel and ledge from any land in the Town not in public use, except on that portion of the land on which a building or other structure is to be erected in accordance with a building permit previously issued to the owner of such land, and the installation of walks and driveways appurtenant to said building or structure, without first obtaining a permit therefor from the Board of Selectmen as provided in the following sections.

Pass any vote or take any action relative thereto.

*Submitted by the Selectmen.*

VOTED: *Indefinite postponement.*

Article 13. To see if the Town will vote to amend the Zoning By-Laws (Article IX) by striking out Section 1, sub-section C, paragraph (1), and inserting a new paragraph so that Article IX, Section 1, sub-section C, paragraph (1) as amended will read as follows:

- (1) Any wholesale, storage, wholesale or retail lumber yard, industrial or manufacturing use, including processing, fabrication and assembly; provided however, that no use shall be permitted which would be seriously detrimental or offensive to adjoining districts or tend to reduce property values by reason of dirt, odor, fumes, smoke, gas, sewage, refuse and other waste material, noise or excessive vibration or explosion or fire.

*Submitted by Massachusetts Lumber Company, Inc.*

Planning Board Report: "The Planning Board has no objection to lumber yards being included under permissive uses in industrial zones, provided however that they are subject to all the rules and regulations applying to all the other industries in limited industrial zones."

Report of Town Counsel:

"The zoning by-laws of the Town of Sudbury limit the use of premises in the various zoning districts to the purposes expressed in the various sections thereof, and a careful examination thereof shows that no premises in any zoning districts may be used for the purpose of conducting lumber yards. The amendment offered by the instant article will legalize the use of premises in industrial districts for "wholesale or retail lumber yards." It is within the authority of the town to so provide. As submitted, the by-law would preclude the use of premises in such industrial districts for such purpose, as it presently does, in respect of those uses which are authorized in the existing by-law. In other words, the right to use premises located in industrial districts for those purposes does not arise until it has been determined that the limitations, conditions and restrictions set forth in the proviso will not be violated by such uses. No local tribunal has been constituted by the by-laws for the determination of such limitations, conditions, and restrictions, only the Courts may do so in appropriate proceedings brought for that purpose."

VOTED: *In the words of the Article.*

The foregoing amendment was adopted by a vote of 191 — in favor; 1 — opposed.

Article 14. To see if the Town will vote to amend the Zoning By-Laws (Article IX) by striking out Section 1, sub-section E, clause (7) (g) and inserting a new clause, so that Section 1, sub-section E, clause (7) (g) will read as follows:

In industrial districts only, auxiliary outside storage or use may be permitted provided that such outside storage or use shall not exceed in ground area the number of square feet occupied by the building. Lumber yards may use additional ground area for outside storage provided that such storage area is adequately screened. Any outside storage or use shall be confined to the rear of the building. Outside parking areas may be allowed at the sides of a building, provided they are adequately screened and are set back from the front of the building by 25% of the depth of the building.

*Submitted by the Massachusetts Lumber Co.*

VOTED: *Indefinite postponement.*

Article 15. To see if the Town will vote to amend Section 1B (1) of the Zoning By-Laws as amended, (By-Laws of the Town of Sudbury, Article IX) by striking out clause

(1) and inserting therein a new clause as follows: (1) any uses permitted in single residence districts if a permit is granted therefor by the Board of Appeals. Pass any vote or take any action relative thereto.

*Submitted by John C. Powers.*

Planning Board Report: "Clause (1) Section B Zoning By-laws, which this article proposes to strike out was inserted in the By-laws to prevent residences and other low assessed uses in the relatively small amount of land zoned for business from which the town should realize a high return in taxation. This amounts to a downgrading of the value of business property.

There have been attempts to circumvent this regulation and the proposed article appears to be another such attempt.

The Board unanimously favors defeat of the article."

Report of Town Counsel:

"The amendment has been proposed for the particular benefit of two or three individuals in the town, one of whom has not been mentioned by name, and the others are John F. Mulledy and Stella M. Mulledy, who are the owners of land located on the northerly side of the Boston Post Road and in a business district, who have constructed an addition to their mercantile building on such land for a residence and which is currently used for such purpose.

It has been unlawful to erect any structure in business districts for use as a residence since the approval of an amendment to the zoning by-laws (Section 1 B (1) by the Attorney General, which was adopted under Article 66 of the warrant for the special town meeting of October 25, 1956. Notwithstanding, the said amendment which was in force at the time Mr. and Mrs. Mulledy erected such addition.

On May 29, 1958, Mr. and Mrs. Mulledy were notified by town counsel, at the direction of the Board of Selectmen, that they were in violation of the zoning by-laws, and to cease such violation. Subsequently they appeared before the Board of Selectmen, and requested that Board defer any court action against them until they were able to find a way out of their difficulties. The request was made to the Board of Appeals for relief, and both such applications were granted. Thereafter two applications were denied. I feel I would be remiss in my duty as town counsel if I withheld the foregoing facts. Whether the relief which Mr. and Mrs. Mulledy seek by means of the amendment as here proposed should be given is a matter of policy for the town, concerning which I believe I have no duty to advise.

The amendment offered by Article 15, if adopted, will be a valid by-law of the town."

The motion failed by a vote of 74 — in favor, 65 — opposed.

**RESOLVED:** *That it is the sentiment of this meeting, in this particular case as presented under the article, that some relief should be granted to Mr. and Mrs. Mulledy.*

Article 16. To see if the Town will vote to amend the zoning by-laws by striking out Section 3 and inserting in place thereof the following new section:

Section 3. No parcel of land in any district shall be used for any purpose other than that for which the district is established as provided in Section 1, except for any municipal purpose when it shall be authorized by a vote of the town, and as hereinafter provided.

Pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

Planning Board Report: "This article would allow the Selectmen to use land in any zone for municipal purposes if so authorized at a Town Meeting without the lapse of time necessary to go through a Board of Appeals hearing. The Planning Board unanimously favors the adoption of this article."

Report of the Town Counsel:

"The amendment here proposed would authorize the town to use land in any of the several zoning districts for municipal purposes when it shall be authorized by a vote of the town. Heretofore, except where land was to be used for educational purposes, it has been necessary for the town, through the Board of Selectmen, to apply to the Board of Appeals for a variance or a permit. Such procedure will not be necessary if this by-law is adopted. It may easily be seen that the desires of the town with respect to the use of land may be completely frustrated by some technicality or personal opposition to the matter by any members of the Board of Appeals. I do not mean to imply that this would occur in any event, but there should be no possibility that such a situation may develop.

I am of the opinion that if the amendment here submitted is adopted, it will be a valid by-law of the Town of Sudbury."

**VOTED:** *That the town amend Article IX of the By-laws (Zoning), by striking out Section 3 and inserting in place thereof the following new section:*

Section 3. No parcel of land in any district shall be used for any purpose other than that for which the district is established as provided in Section 1, except for any Municipal purpose when it shall be authorized by a vote of the town, and as hereinafter provided.

The foregoing article was passed by a vote of 165 — in favor, 2 — opposed.

Article 17. To see if the Town will vote to amend the Zoning By-Laws by inserting at the end of Section 1A a new paragraph as follows:

- (3) Private libraries, together with accessory space for book stacks, and reading rooms, for academic and scientific studies and seminars; and experimental laboratories; provided, that a permit for such use be granted by the Board of Appeals.

Pass any vote or take action relative thereto.

*Submitted by the Planning Board.*

VOTED: *Indefinite postponement.*

Article 18. To see if the Town will vote to change the numbering of the last three sections which were added to Article V of the by-law by the vote adopted under Article 22 of the warrant for the special town meeting of October 28, 1957 from 11, 12 and 13 to 10, 11 and 12. Pass any vote or take any action relative thereto.

*Submitted by the Selectmen.*

Report of Town Counsel:

“At the special town meeting of October 28, 1957 Article V of the By-laws was amended by adding three new sections which regulate the use of any public dump in the town; and these several sections were incorrectly numbered. This proposed amendment would insert the correct numbering of those sections.”

UNANIMOUSLY VOTED: *In the words of the Article.*

Article 19. To see if the Town will amend the building code By-Laws by adding after Section 5 a new section as follows:

Section 5A No person shall occupy any building or structure hereafter constructed or placed unless a certificate of occupancy for the same shall have been granted. The owner or representative of the owner of any building or structure for which a permit for construction or placing has been granted shall, upon completion of the work authorized by the permit, notify the inspector thereof. The Inspector, promptly after receipt of such notice shall inspect the building or structure. If the work authorized by the permit has been properly completed,

he shall issue a certificate of occupancy to the owner specifying that the building or structure may be occupied for the purpose stated in the permit.

Pass any vote or take action relative thereto.

*Submitted by Bernard T. McGuire.*

Report of Town Counsel:

“The primary object of the amendment to the Building Code by-law as proposed by the above article seems to be for the regulation of the occupancy of partially constructed dwelling houses. An article of the same tenor was before a town meeting several years ago, and was adversely acted upon.

I am of the opinion that the proposed by-law is within the authority of G. L. (Ter. Ed) c. 143, and if adopted will be a valid by-law of the Town of Sudbury.”

AMENDMENT VOTED: *To insert the words “for which no fee shall be charged.”*

VOTED: *That the Town amend the Building Code By-laws by adding after Section 5 a New Section as follows:*

*Section 5A. No person shall occupy any building or structure hereafter constructed or placed unless a certificate of occupancy for the same shall have been granted. The owner or representative of the owner of any building or structure for which a permit for construction or placing has been granted shall, upon completion of the work authorized by the permit, notify the inspector thereof. The inspector, promptly after receipt of such notice shall inspect the building or structure. If the work authorized by the permit has been properly completed, he shall issue a certificate of occupancy for which no fee shall be charged, to the owner specifying that the building or structure may be occupied for the purpose stated in the permit.*

Article 20. To see if the Town will vote to amend the vote adopted under Article XVI of the warrant for the 1958 Annual Town Meeting by adding after the word “thereof” as appearing therein the following new clause: and that the board of selectmen be and they are hereby authorized to acquire said land by deed or by eminent domain. Pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

VOTED: *That the Town amend the vote adopted under Article 16 of the warrant for the 1958 Annual Town Meeting by adding after the word “thereof” as appearing therein the following new clause:—And that the Board of Selectmen be and they are hereby authorized to acquire said land by deed*

or by eminent domain — and as amended said vote shall read as follows:

*That the Town purchase land now or formerly of Alice B. Hunt situated on Concord Road and containing 4.20 acres more or less, or any other property for cemetery purposes, and that the sum of \$8,057.50 be appropriated therefor of which sum \$5,000.00 shall be transferred from the appropriation which was made in the vote adopted under Article 21 of the warrant for the Special Town Meeting of October 25, 1956, and otherwise appropriate and grant the sum of \$3,057.50, the balance thereof; and that the Board of Selectmen be and they are hereby authorized to acquire said land by deed or eminent domain.*

Article 21. To see if the Town will vote to sell any land in its possession to the Sudbury Water District and establish the conditions of such sale or take action relative thereto.

*Submitted by the Selectmen.*

UNANIMOUSLY VOTED: *That the Town convey to the Sudbury Water District of Sudbury for a nominal consideration all those lots of land to which it now has title and possession, which are shown on a plan entitled: "Holman Half-acres, Sudbury, Mass. recorded with Middlesex South District Registry of Deeds, Plan Book 375, Plan 5," upon the condition that, if and when the said lots shall no longer be required by the said Water District, they shall be reconveyed to the Town; and that the Board of Selectmen be and they hereby are authorized to execute, acknowledge and deliver to the said Sudbury Water District of Sudbury in behalf of the Town, a deed or deeds of the said lots.*

Article 22. To hear the report of the Selectmen relative to the layout of the following named street, to wit: Old Lancaster Road beginning at Goodman's Hill Road thence running westerly and northerly a distance of approximately 1,800 feet, as shown on a plan on file in the office of the Town Clerk entitled, "Town of Sudbury Plan of Proposed Layout of Old Lancaster Road, Goodman's Hill Road to Pokonoket Avenue Scale 1" = 100' Oct. 1, 1958 George D. White, Town Eng.", and to see if the town will accept said street as and for a town way under the provisions of G. L. c.80 and c.82; and will authorize the Board of Selectmen to take by eminent domain or acquire by purchase, or otherwise acquire any land necessary for the layout and construction of said street, provide the sum or sums of money necessary to pay the cost of damages therefor and the cost of construction, direct how said money shall be raised. Pass any vote or take any action thereon.

*Submitted by the Selectmen.*

The Finance Committee approved the article.

VOTED: *That the report of the Board of Selectmen of the laying out as a Town way Old Lancaster Road extending Westerly and Northerly from Goodman's Hill Road as described in said report, and shown on plan entitled: "Town of Sudbury plan of Old Lancaster Road, Goodman's Hill Road to Pokonoket Avenue, Scale 1" = 100' Oct. 1, 1958 prepared by George D. White, Town Engineer" is hereby accepted; and the said Board of Selectmen be and they hereby are authorized to acquire in behalf of the Town for street purposes the land described in said report by deed or otherwise but without cost to the Town in any event; and that the sum of \$1,000.00 be appropriated for the construction of said Old Lancaster Road and that such sum be transferred from the Excess and Deficiency Account to the Highway Account.*

Article 23. To hear the report of the Selectmen relative to the layout of the following named street, to wit: Austin Drive beginning at Hilltop Road thence running southerly a distance of approximately 487 feet, as shown on a plan on file in the office of the Town Clerk entitled, "Plan and Profile of Austin Drive, Sudbury, Massachusetts, Owner: Michael C. Moore Engineers: Oiva E. Hintsa Associates Scale: Horiz. 1" = 40' Vert. 1" = 4' June 1956," and to see if the town will accept said street as and for a town way under the provisions of G. L. c.80 and c.82; and will authorize the Board of Selectmen to take by eminent domain or acquire by purchase, or otherwise acquire any land necessary for the layout and construction of said street, provide the sum or sums of money necessary to pay the cost of damages therefor and the cost of construction, direct how said money shall be raised. Pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

VOTED: *That the report of the Board of Selectmen of the laying out as a Town way Austin Drive extending Southerly from Hilltop Road as described in said report, and shown on a plan entitled: "Plan and profile of Austin Drive, Sudbury, Massachusetts, owner: Michael C. Moore, Engineers: Oiva E. Hintsa Associates, Scale: Horiz. 1" = 40' Vert. 1" = 4' June 1956" is hereby accepted; and the said Board of Selectmen be and they hereby are authorized to acquire in behalf of the Town for street purposes the land described in said report by deed or otherwise, but without cost to the Town in any event.*

Article 24. To hear the report of the Selectmen relative to the layout of the following named street, to wit: Hilltop Road beginning at Morse Road thence running easterly a

distance of approximately 981 feet as shown on a plan on file in the office of the Town Clerk entitled, "Plan and Profile of Hilltop Road Owner: Michael C. Moore, Engineers: Oiva E. Hintsu Associates Scale 1" = 40' June 1956," and to see if the town will accept said street as and for a town way under the provisions of G. L. c.80 and c.82; and will authorize the Board of Selectmen to take by eminent domain or acquire by purchase, or otherwise acquire any land necessary for the layout and construction of said street, provide the sum or sums of money necessary to pay the cost of damages therefor and the cost of construction, direct how said money shall be raised. Pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

VOTED: *That the report of the Board of Selectmen of the laying out as a Town way Hilltop Road extending Easterly from Morse Road as described in said report, and shown on a plan entitled: "Plan and profile of Hilltop Road, Owner: Michael C. Moore, Engineers: Oiva E. Hintsu Associates, Scale: 1" = 40' June 1956" is hereby accepted; and the said Board of Selectmen be and they hereby are authorized to acquire in behalf of the Town for street purposes, the land described in said report by deed or otherwise, but without cost to the Town in any event.*

Article 25. To see if the Town will vote to have the Selectmen appoint a committee of five to investigate having the Town establish a Board of Public Works, this committee to report to the Town at a Special Town Meeting to be held not later than December 1, 1958. Pass any vote or take action relative thereto.

*Submitted by Finance Committee and Selectmen.*

VOTED: *To lay on the table.*

Article 26. To see if the Town will vote to appoint a committee of five members to make a study of the feasibility of the Town purchasing or otherwise acquiring undesirable, sub-standard, vacant dwellings located within the Town and report to the Town by the 1959 Annual Town Meeting. Pass any vote or take any action relative thereto.

*Submitted by the Building Inspector and the Board of Health.*

VOTED: *That a committee of five members consisting of one Assessor, one member of the Board of Health, the Building Inspector and two other persons all appointed by the Moderator, make a study of the feasibility of the Town purchasing or otherwise acquiring undesirable, sub-standard,*

*vacant dwellings located within the Town and report to the Town by the 1959 Annual Town Meeting.*

Article 27. To see if the Town will vote to transfer the sum of \$1,000, or any other sum, from the Road Machinery Fund to the Road Machinery Account. Pass any vote or take action relative thereto.

*Submitted by the Highway Surveyor.*

Finance Committee Report: "The Road Machinery Account funds are used for the repair and reconditioning of Road Machinery. We have been informed by the Highway Surveyor that these funds are necessary for the proper maintenance of Town Equipment."

VOTED: *That the amount of \$1,000.00 be transferred from the Road Machinery Fund to the Road Machinery Account.*

Article 28. To see if the Town will vote to grant and appropriate a sum of money for the purpose of discharging a moral obligation of the town and authorize the Selectmen to pay the same to Donald E. Shay, to reimburse him for medical expenses incurred as a result of an accident at the Sudbury Center School to his son Donald E. Shay, Jr. Pass any vote or take any action relative thereto.

*Submitted by John Powers.*

VOTED: *Indefinite postponement.*

Article 29. To see if the Town will vote to direct the Selectmen to petition the General Court for authority necessary to carry out the purposes of Article 28 (the above article). Pass any vote or take any action relative thereto.

*Submitted by John Powers.*

VOTED: *Indefinite postponement.*

Article 30. To see if the Town will vote to have the Permanent Building Committee prepare an estimate of the cost of constructing, equipping and furnishing a fire and police station and civil defense quarters. To determine the amount of civil defense funds available to aid in the construction of said building. The building to be located on the site on Nobscot Road which was purchased by the Town for that purpose. The estimate to be in the hands of the Board of Selectmen not later than January 15, 1959. Pass any vote or take any action relative thereto.

*Submitted by Albert St. Germain, Fire Chief; John F. McGovern, Police Chief, and Lawrence J. Leone, Civil Defense Director.*

VOTED: *In the words of the article.*

Article 31. To see if the Town will vote to authorize the Parks and Playground Investigating Committee to lease land within the town to be used as parks and playgrounds for a term of years not to exceed one year, and upon such further conditions as said committee shall determine; and to grant and appropriate a sum of money for the payment of any rental which may be charged therefor. Pass any vote or take action relative thereto.

*Submitted by Abel Cutting.*

VOTED: *That the Town authorize the Parks and Playground Investigating Committee to lease land within the Town to be used as Parks and Playground for a term of years not to exceed one year, and upon such further conditions as said committee shall determine.*

Article 32. To see if the Town will vote to accept from Edna V. Cushing the sum of \$36.00 the income to be used for the perpetual care of graves no. 1 and 2 in Lot No. 156; also from C. T. and J. V. Kirkpatrick the sum of \$54.00 for graves No. 8 - 9 and 10 in Lot No. 156 in the Town Cemetery; any balance of income to be used for general cemetery purposes; pass any vote or take any action relative thereto.

*Submitted by F. Alvin Noyes.*

VOTED: *In the words of the article.*

Article 33. To see if the Town will vote to accept from Ethel C. Doyle the sum of \$150.00 the income to be used for the perpetual care of Lot No. 151 in Wadsworth Cemetery; any balance of income to be used for general cemetery purposes; pass any vote or take action relative thereto.

*Submitted by F. Alvin Noyes.*

VOTED: *In the words of the article.*

Article 34. To see if the Town will vote to accept from Ralph E. and Agnes A. Hawes the sum of \$150.00 the income to be used for the perpetual care of Lot No. 56 in the Town Cemetery; any balance of income to be used for general cemetery purposes; pass any vote or take action relative thereto.

*Submitted by F. Alvin Noyes.*

VOTED: *In the words of the article.*

Article 35. To see if the Town will vote to accept from Elsie and Earl H. Brothers the sum of \$75.00 the income to be used for the perpetual care of Lot No. 142A in the Town Cemetery; any balance of income to be used for general cemetery purposes; pass any vote or take action relative thereto.

*Submitted by F. Alvin Noyes.*

VOTED: *In the words of the article.*

Article 36. To see if the Town will vote to accept from Margarita P. and Alfred M. McCoy, Jr. the sum of \$190.00 the income to be used for the perpetual care of Lot No. 147 in the Town Cemetery; any balance of income to be used for general cemetery purposes; pass any vote or take action relative thereto.

*Submitted by F. Alvin Noyes.*

VOTED: *In the words of the article.*

Article 37. To see if the Town will vote to extend its street lighting system by installing a Mercury Vapor street light on pole #9/91 at the Sudbury-Maynard town line on Maynard Road. Pass any vote or take action relative thereto.

*Submitted by the Public Works Advisory Board.*

Approved by the Public Works Advisory Board.

VOTED: *In the words of the article.*

Article 38. To see if the Town will vote to extend its street lighting system by installing a street light on pole no. 2 on Church Street. Pass any vote or take action relative thereto.

*Submitted by the Memorial Congregational Church.*

Approved by the Public Works Advisory Board.

VOTED: *That the Town extend its Street Lighting System by installing one (1) one thousand (1,000) Lumen Light on a six foot bracket on pole #2 on Church Street.*

Article 39. To see if the Town will vote to extend its street lighting system by installing 1,000 lumen lights on standard brackets on the following poles:

Pole #2 on Briar Patch Lane and Brentwood Road.

Unnumbered pole on corner of Hollow Oak Drive and Brentwood Road.

Pole #203/5 on Hollow Oak Drive and Briar Patch Lane. Pass any vote or take action relative thereto.

*Submitted by Alfred W. Halper, Inc.*

Approved by the Public Works Advisory Board.

VOTED: *In the words of the article.*

Article 40. To see if the Town will vote to extend its street lighting system by installing a street light on pole No. 55 Boston Edison, No. 3 New England Telephone & Telegraph, located at the curve of Maybury Road in North Sudbury. Pass any vote or take action relative thereto.

*Submitted by John T. Farren.*

Approved by the Public Works Advisory Board.

VOTED: *That the Town extend its Street Lighting System by installing one (1) one thousand (1,000) Lumen Light on a six foot bracket on pole #55/3 on Maybury Road.*

Article 41. To see if the Town will amend the Building Code By-Law by striking out under Section 9, Sub-Section A. Floors and Roofs, Item 5 which now reads: "5. Wood posts, when used as columns in basements shall bear on a cement base which shall extend not less than 3 inches above the finish floor. The base shall bear directly on the post footing," and substituting a new Sub-Section A. Floors and Roofs, Item 5 which shall read as follows:

"5. Columns below grade shall be concrete filled steel pipe, lally-type, and shall be fastened to girders with  $\frac{1}{4}$  inch thick steel caps and attached to or imbedded in concrete with  $\frac{1}{4}$  inch steel bases. Steel pipe concrete filled columns shall be at least  $3\frac{1}{2}$  inches in diameter and weigh 13 pounds per linear foot, of which the cross section shall include 1.27 square inches of steel and 8.35 square inches of concrete."

Pass any vote or take action relative thereto.

*Submitted by the Building Inspector.*

The Town Counsel reported orally, stating that in his opinion the article, if adopted, would be a valid by-law of the Town.

VOTED: *In the words of the article.*

Article 42. To see if the Town will amend the Building Code By-Law, Section 9, by adding a new sub-section entitled, "Special Requirements.

Item 1. The floor level of habitable space shall be not more than 4 feet below the average adjoining finished grade. No habitable space shall be located in cellars. Play or recreation rooms may be located below grade.

Item 2. Each space for human habitation shall be so located in respect to grade level, and so lighted and ventilated, as to provide healthful environment."

Pass any vote or take action relative thereto.

*Submitted by the Building Inspector.*

VOTED: *Indefinite postponement.*

Article 43. To see if the Town will vote to amend and revise the Town By-Laws, Article IX, Section 16, Height Regulations, by striking out the second sentence of the second paragraph which now reads as follows: "The limit of height in Business and Industrial Districts shall be two stories, not to exceed twenty-five feet at the highest point of the roof," and inserting two new sentences which will read as follows:

"The limit of height in Business Districts shall be two stories, not to exceed twenty-five feet at the highest point of the roof. The limit of height in Industrial and Limited Industrial Districts shall be two stories, not to exceed thirty-five feet at the highest point of the roof," so that the second paragraph of Article IX, Section 16, Height Regulations shall read as follows:

"The limit of height in Limited Business Districts shall be the same as in a Single Residence District. The limit of height in Business Districts shall be two stories, not to exceed twenty-five feet at the highest point of the roof. The limit of height in Industrial and Limited Industrial Districts shall be two stories not to exceed thirty-five feet at the highest point of the roof."

Pass any vote or take any action relative thereto.

*Submitted by the Planning Board.*

The Town Counsel made an oral report, stating that in his opinion, the article, if adopted, would be a valid by-law of the Town.

UNANIMOUSLY VOTED: *In the words of the article.*

The meeting dissolved at 11:20 P. M.

A True Copy, Attest:

LAWRENCE B. TIGHE,  
Town Clerk.

# PROCEEDINGS OF THE STATE ELECTION

November 4, 1958

Pursuant to law and the foregoing warrant, the Town Clerk attended at the Town Hall on Tuesday, November 4, 1958, and before the time appointed for the opening of the polls, delivered the ballots, the state ballot box with the keys thereto, specimen ballots, cards, tally sheets and total vote sheets, all prepared, for the State Election, to Harvey N. Fairbank, Presiding Election Officer, taking the required receipts therefor. At the hour named in the said warrant, the Presiding Officer examined the warrant and the return thereon and declared them in proper order. He then opened the election with the reading of the warrant. The Tellers attending, the ballot box was opened, found to be empty, and immediately closed, with the register set at 0000.

Assisting in the election were William W. MacCulloch, J. Leo Quinn, George A. Brown, Frederick R. Stone, David S. Baldwin, Mary E. Gale, Vera S. Presby, Jane D. Bennett, Ralph H. Barton, Barbara N. Blanchard, Lillie M. Nelson, Teresa Pirrello, Joan M. Morgello, Miriam P. Giles, Roberta Grierson, Martha S. Boyce, Stella M. Mulledy, Mabel J. Young, Betty P. Bennett and Arline G. MacCulloch, all duly sworn by the Presiding Officer or the Town Clerk.

The polls opened at 7:00 A. M. and pursuant to law were closed at 8:00 P. M. The ballot box register showed the number of ballots cast as 2,144. Seven war ballots and twenty-six absentee ballots were then opened and cast. The ballot box register then showed the number of ballots cast as 2,177, which was four more than the number of names checked by the ballot clerks. Four ballots jammed in the ballot box and in removing them caused the register to be increased by four. The correct number of ballots cast was 2,173.

The results of the voting as canvassed and counted by the Election Officers was completed at 2:00 A. M., November 5th, and the results publicly announced at that time were as follows:

The Presiding Election Officer thereupon declared the Election closed.

A True Copy, Attest:

LAWRENCE B. TIGHE,  
Town Clerk.

PROCEEDINGS OF  
THE SPECIAL TOWN MEETING

December 17, 1958

Pursuant to law and the foregoing warrant, dated December 5, 1958 and signed by Harvey N. Fairbank, Lawrence B. Tighe and Francis W. Trussell, Selectmen, and the return of service by Augustus V. E. Sharkey, Constable, the Moderator presided, called the meeting to order at 8:15 P.M. The Moderator examined the warrant and the return thereon and declared them in proper order and that there was a quorum present. He then proceeded to read aloud the warrant.

VOTED: *To dispense with the reading of the separate articles in the warrant at this time.*

The Moderator stated that the amount of "Free Cash" available was \$23,316.71.

Article 1. To see if the town will authorize the board of selectmen to petition the county commissioners for the County of Middlesex to take by eminent domain for cemetery purposes a certain tract of land containing 4.20 acres, more or less, supposed to be owned by Alice B. Hunt, and which is bounded and described as follows:

Beginning at a drill hole in a stone at the southwesterly corner of said land and land of the said Town of Sudbury, thence N. 3° 36' 10" W. 61.90 feet to an angle; thence N. 3° 03' 00" W. 464.40 feet by a stone wall and land of said Town of Sudbury to a drill hole in a stone wall, and at land of Janet Cawley; thence S. 78° 44' 15" E. 136.81 feet to an angle and drill hole in a stone wall; thence S. 85° 52' 45" E. 131.13 feet to an angle and a drill hole in a stone wall; thence N. 84° 05' 25" E. 216.20 feet to an angle and a drill hole in the wall at land of E. C. Cram, now or formerly; said last three courses being by land of said Janet Cawley; thence S. 2° 22' 40" W. 84.50 feet to an angle and a drill hole in the wall; thence S. 32° 12' 40" E. 83.91 feet to a drill hole in the stone wall at said Concord Road as shown on the County Layout of 1913; thence S. 41° 40' 05" W. 234.12 feet to a drill hole in a stone; thence southwesterly by said Concord Road 238 feet more or less, to an angle; thence S. 74° 35' 10" W. 149.51 feet to the point of beginning.

Take any action relative thereto.

*Submitted by the Selectmen.*

VOTED: *That the Board of Selectmen be and they hereby are authorized to petition or make application to the County*

*Commissioners for the County of Middlesex to take by eminent domain for Cemetery purposes, as provided by General Laws (Ter. Ed.) Chapter 114, Section 11, a certain tract of land in Sudbury containing 4.20 acres, more or less, supposed to be owned by Alice B. Hunt, and which is bounded and described as follows:*

*Beginning at a drill hole in a stone at the southwesterly corner of said land and land of the said Town of Sudbury, thence N. 3° 36' 10" W. 61.90 feet to an angle; thence N. 3° 03' 00" W. 464.40 feet by a stone wall and land of said Town of Sudbury to a drill hole in a stone wall, and at land of Janet Cawley; thence S. 78° 44' 15" E. 136.81 feet to an angle and drill hole in a stone wall; thence S. 85° 52' 45" E. 131.13 feet to an angle and a drill hole in a stone wall; thence N. 84° 05' 25" E. 216.20 feet to an angle and a drill hole in the wall at land of E. C. Cram, now or formerly; said last three courses being by land of said Janet Cawley; thence S. 2° 22' 40" W. 84.50 feet to an angle and a drill hole in the wall; thence S. 32° 12' 40" E. 83.91 feet to a drill hole in the stone wall at said Concord Road as shown on the County layout of 1913; thence S. 41° 40' 05" W. 234.12 feet to a drill hole in a stone; thence Southwesterly by said Concord Road 238 feet more or less, to an angle; thence S. 74° 35' 10" W. 149.51 feet to the point of beginning.*

Article 2. To see if the Town will vote to amend the vote adopted under article 6 of the warrant for the special town meeting held on October 21, 1958 by striking out wherever they may appear the words and figures:—"15 acres located on Old Lancaster Road and known as the Clark Land", and inserting in place thereof the following: 21.18 acres located partly on Concord Road and New Bridge Road, and, as amended, such vote shall read as follows:

That the town appropriate the sum of \$1,050,000.00 for the purpose of completing plans and specifications, acquiring land, fully constructing and originally equipping and furnishing two 14-room elementary schools similar in design to the Fairbank Road School, one of which is to be located on Woodside Road site and the other on a site consisting of approximately 21.18 acres located partly on Concord Road and New Bridge Road. That the treasurer with the approval of the board of selectmen borrow the sum of \$1,050,000.00 for a period not to exceed twenty years, as authorized by Chapter 645 of the Acts of 1948, as amended, and that such funds be expended under the supervision of the permanent building committee. Pass any vote or take action relative thereto.

*Submitted by the Selectmen, School Committee and Permanent Building Committee.*

Finance Committee Report: "In the discussion of this article, the Finance Committee wishes to explain the reason for causing Article 5 to be inserted in the warrant for this meeting and the subsequent actions of the Committee. Articles 2 and 5 are similar in nature but different in scope and we feel may be properly reported upon at this time.

Article 5 was inserted in this warrant by the Finance Committee to permit further contemplation and discussion on building two twenty room elementary schools rather than two fourteen room schools. It has not been and is not the intention of the Finance Committee to delay or in any way hamper the voting of funds for the construction of school buildings. We readily recognize the necessity for such building.

On this premise the Finance Committee met last Sunday night with the Selectmen, School Committee, Permanent Building Committee, Planning Board to discuss primarily the building of twenty room schools versus fourteen room schools. It is the understanding of this Committee that the anticipated need of schoolrooms for the next four years based on present population and normal growth will be served by

1. Building two fourteen room schools at this time for elementary schools.
2. Building a twelve room addition to the Center School for Junior High within approximately two years.

The aggregate of the rooms contemplated above is forty classrooms, but it must be recognized that two types of schools are anticipated — elementary and junior high. It must also be recognized that this is a minimum projection based somewhat on a normal growth and substantially no provision is made for an abnormal growth in population.

Therefore, on the best information available at this time, the Finance Committee concurs in the action contemplated under this Article 2 both as to the schools and the proposed location. It is the intention of the Finance Committee to ask for indefinite postponement of Article 5."

*VOTED: To amend the vote adopted under Article 6 of the warrant for the Special Town Meeting held on October 21, 1958 by striking out the words and figures:—"15 acres located on Old Lancaster Road and known as the Clark land," and inserting in place thereof the following:—"21.18 acres located partly on Concord Road and New Bridge Road, and as amended such vote will read as follows:*

*That the Town appropriate the sum of \$1,050,000.00 for the purpose of completing plans and specifications, acquiring land, fully constructing and originally equipping and furnishing two 14-room elementary schools similar in design to the*

*Fairbank Road school, one of which is to be located on Woodside Road site and the other on a site consisting of approximately 21.18 acres located partly on Concord Road and New Bridge Road. That the Treasurer with the approval of the Board of Selectmen borrow the sum of \$1,050,000.00 for a period not to exceed twenty years, as authorized by Chapter 645 of the Acts of 1948, as amended, and that such funds be expended under the supervision of the Permanent Building Committee.*

In favor — 134, opposed — 12.

Article 3. To see if the Town will vote to amend the vote adopted under article 7 of the warrant for the special town meeting held on October 21, 1958 by striking out wherever they may appear the words and figures:—“\$30,000.00 a tract of land situated on Old Lancaster Road known as the Clark Land containing 15 acres”, and inserting in place thereof the following: \$22,000 a tract of land situated partly on Concord Road and New Bridge Road containing 21.18 acres, and, as amended, such vote shall read as follows:

That the town authorize the board of selectmen to take by eminent domain or acquire by purchase at a cost not to exceed \$22,000 a tract of land situated partly on Concord Road and New Bridge Road containing 21.18 acres, more or less, and that the cost thereof be paid from the appropriation made under Article 6 of the warrant for this town meeting. Pass any vote or take action relative thereto.

*Submitted by the Selectmen, School Committee and Permanent Building Committee.*

**VOTED:** *To amend the vote adopted under Article 7 of the warrant for the Special Town Meeting held on October 21, 1958 by striking out the words and figures: “\$30,000.00 a tract of land situated on Old Lancaster Road known as the Clark land containing 15 acres,” and inserting in place thereof the following: \$22,000 a tract of land situated partly on Concord Road and New Bridge Road containing 21.18 acres, and as amended such vote shall read as follows:*

*That the Town authorize the Board of Selectmen to take by eminent domain or acquire by purchase at a cost not to exceed \$22,000 a tract of land situated partly on Concord Road and New Bridge Road containing 21.18 acres, more or less, and that the cost thereof be paid from the appropriation made under Article 6 of the warrant for this Town Meeting.*

Article 4. To see if the Town will vote to grant or appropriate or transfer from available funds the sum of

\$2,500.00, or any other sum, for the purpose of preparing preliminary plans, estimates and making boring tests for the proposed Sudbury Fire, Police and Civil Defense Building. Pass any vote or take any action relative thereto.

*Submitted by the Permanent Building Committee.*

Finance Committee Report: "Funds were provided at a prior town meeting to purchase land on Nobscot Road for the purpose of constructing the building described in the article. To consider the proper type of building and estimate costs the funds requested in this article should be provided for the Permanent Building Committee."

VOTED: *That the amount of \$2,500.00 be transferred from Excess and Deficiency for the purpose of this article.*

Article 5. To see if the Town will vote to rescind the action taken under Article 6 at the Special Town Meeting on October 21, 1958, whereby \$1,050,000.00 was voted to build and furnish two fourteen room schools and vote to grant, appropriate or otherwise provide the sum of \$1,435,000.00, or any other sum, for the purpose of erecting two elementary school houses, each to consist of twenty rooms, one of which shall be erected on Woodside Road site, and the other on any land owned by the town or to be acquired by the town, for completing plans and specifications and the construction of said school houses, originally furnishing the same and for acquiring such land as may be required as a building site. Pass any vote or take action relative thereto.

*Submitted by the Finance Committee.*

Finance Committee Report: "The Finance Committee has previously given its reasons for and its opinions under Article 2."

VOTED: *Indefinite postponement.*

Article 6. To see if the Town will vote to authorize the Board of Health to appoint one of their own members or some other person Executive Health Officer; pass any vote or take action relative thereto.

*Submitted by the Board of Health.*

A motion under this article was defeated.

Article 7. To see if the Town will vote to dissolve the Low Cost School Housing Committee appointed by the Town at the Annual Town Meeting in 1955; pass any vote or take action relative thereto.

*Submitted by Lillie M. Nelson for the Low Cost School Housing Committee.*

VOTED: *In the words of the article.*

UNANIMOUSLY RESOLVED: *That the citizens of the Town of Sudbury express their appreciation to the low cost School Housing Committee for the work and service they have performed in behalf of the Town.*

Article 8. To see if the Town will vote to grant, appropriate or transfer from available funds the sum of \$600.00, or any other sum, for repairs to the Town Hall. Pass any vote or take action relative thereto.

*Submitted by the Selectmen.*

Finance Committee Report: "The funds requested under this article are for the following purposes:

Repair leak in roof of Town Hall	\$250.00
Install additional heating in the so-called conference room	150.00
Install weatherstripping on doors	200.00

These are estimates and as such are approved by the Finance Committee."

VOTED: *That the amount of \$600.00 be transferred from Excess and Deficiency to the repairs to Town Hall Account.*

Due to technicalities in the articles, it was decided by unanimous consent to act upon Articles 9 through 14 inclusive, at one time.

Articles 9 - 14. VOTED: *Indefinite postponement.*

Article 15. VOTED: *Indefinite postponement.*

Article 16. To see if the Town will vote to amend the zoning by-law Article IX, Section 1, Subsection E, Clause 7g, by striking out the word "only" and inserting after the phrase "Industrial Districts" the phrase "and Limited Industrial Districts" so that the clause will read as follows:

In Industrial Districts and Limited Industrial Districts auxiliary outside storage or use may be permitted provided that such outside storage or use shall not exceed in ground area a space equal to the number of square feet occupied by the building. Any outside storage or use shall be confined to

the rear of a building. Outside parking areas may be allowed at the sides of a building provided they are adequately screened and set back from the front of the building by 25% of the depth of the building. Pass any vote or take action relative thereto.

*Submitted by the Sudbury Planning Board.*

Planning Board Report: "This By-law as originally written was proposed to limit setbacks, parking areas and other matters pertaining to building in a new type of industrial area, limited industrial areas, authorization for which was sought at the same meeting. Limited industrial areas were proposed as a subdivision of industrial areas, for the town had voted limited business areas as a subdivision of business areas.

At the town meeting the town indeed voted the limited industrial areas, but removed the language about these areas being a subdivision of industrial areas.

Again, when the By-law being considered was passed, it contained the words 'in industrial districts only' which appears to exclude these more restrictive regulations from the limited industrial area, for which they were proposed, while imposing them on all regular industrial areas.

The purposes of this article, which is approved by the Planning Board, is to make certain full restrictions apply to the limited industrial areas."

Report of the Town Council: "The proposed amendment would strike out the word "only" as it appears in the first line of Section 1 E (g), and insert in its place the words:— and Limited Industrial Districts. The provisions of such paragraph (g) as now in force are applicable to Industrial Districts solely; and, if amended as proposed by this article, such provisions will be equally effective in limited industrial districts. If the amendment offered is adopted, it will be a valid By-law of the Town of Sudbury."

**UNANIMOUSLY VOTED:** *That the Town amend Article IX of the By-laws (Zoning By-laws) Section 1 E (7) (g) by striking out the word "only" appearing in the first line thereof and inserting in its place the words: and Limited Industrial Districts, and as amended shall read as follows:*

*In Industrial Districts and Limited Industrial Districts auxiliary outside storage or use may be permitted provided that such outside storage or use shall not exceed in ground area a space equal to the number of square feet occupied by the building. Any outside storage or use shall be confined to the rear of a building. Outside parking areas may be allowed at the sides of a building provided they are adequately*

*screened and set back from the front of the building by 25% of the depth of the building.*

Article 17. To see if the Town will vote to authorize the Selectmen to lease from C. A. Frost, storage space for two fire trucks, and appropriate from Excess and Deficiency the sum of \$580.00, or any other sum, for a one year lease. Pass any vote or take any action relative thereto.

*Submitted by the Fire Chief.*

Report of the Finance Committee: "At the present time two older fire trucks are garaged by C. A. Frost in North Sudbury free of charge; and fortunately personnel is available to man these trucks from this location. However, these are tank trucks and during the winter the tanks must be drained. Under this article it is proposed to lease heated space in the same location so that these trucks may be kept charged with water. It is the opinion of the Finance Committee that this is a distinct advantage."

**VOTED:** *That the Board of Selectmen be and they hereby are authorized to lease from C. A. Frost for the term of one year beginning January 1, 1959 a building for the storage of two fire trucks; and that the sum of \$580.00 be appropriated and transferred from Excess and Deficiency Account for the rental of such building.*

The Moderator again declared that there was a quorum present.

The meeting dissolved at 10:10 P. M.

A True Record, Attest:

LAWRENCE B. TIGHE,  
Town Clerk.

## CHAPTER 50

AN ACT TO FURTHER CLARIFY AND AMEND THE LAW PROVIDING  
AN IMPROVED METHOD OF MUNICIPAL PLANNING.

*Be it enacted, etc., as follows:*

Section 81L of chapter 41 of the General Laws, inserted by section 4 of chapter 340 of the acts of 1947, is hereby amended by inserting after the first sentence the following sentence:— Every such person so submitting a plat to the planning board of a city or town shall send notice to the clerk of such city or town by registered mail, postage prepaid, that he has submitted such a plat, and such notice shall describe the land to which the plat relates sufficiently for identification and shall state the date when such plat was submitted; and the facts stated in such notice shall be taken by such city or town clerk as true, unless the contrary is made to appear. *Approved February 3, 1950.*

---

I am taking this opportunity to correct the misunderstanding of many people about licensing dogs. Chapter 140, Acts of 1945 reads in part as follows: "The owner or keeper of a dog when it becomes three months old during a license period, shall cause it to be registered, numbered, described and licensed in the office of the clerk thereof." If your dog is killed or otherwise disposed of during the year, please notify the Town Clerk so that it can be removed from the active list.

## CHAPTER 46

SECTION 4. A member or servant of a family in which a child is born, having knowledge of the facts required for a record relative to such birth, shall furnish the same upon request of the Clerk of the Town where — its parents reside —. Such member or servant refusing to furnish such facts shall be punished by a fine not exceeding ten dollars.

SECTION 15. The Town Clerk will furnish blanks for returns of births to parents, householders, physicians and registered hospital medical officers applying therefor.

## IMPORTANT REQUEST

Please notify the Town Clerk immediately of any error or omission in the following List of Births.

Errors not reported at once can be corrected only by sworn affidavit, as prescribed by the General Laws, and may cause you inconvenience which can be avoided by prompt attention.

## REPORT OF THE TOWN ACCOUNTANT

---

To the Honourable Board of Selectmen:

I herewith submit the report of the Town Accountant for the year ending December 31, 1958, arranged as follows: —

1. Balance sheet as of December 31, 1958, showing all debit and credit balances on all open ledger accounts.
2. Detailed accounts of all money received by the Town classified in accordance with the requirements of the Division of Accounts of the Commonwealth.
  - a. Summary of Cash Receipts.
  - b. Summary of Income Accounts.
  - c. Recapitulation of Estimated Receipts.
  - d. Recapitulation of Excess and Deficiency.
3. Details of all Departmental Accounts showing the appropriations, credits, expenditures, and balances.

All bills and vouchers on which moneys have been paid from the treasury during the year ending December 31, 1958 have been examined and found correct, and all have been properly approved. The bank balances in trust accounts in the Treasurer's care have been examined and found correct.

Respectfully submitted,

CLIFTON F. GILES,  
Town Accountant.

## EXPLANATION OF SYMBOLS

\* — Balance carried forward to 1959

R — From Reserve Fund by action of the Finance Committee

F — Brought forward from previous year

X — Two or more appropriations

A — Amount borrowed by Treasurer

M — Amount taken from Road Machinery Fund — any balance returned to the Fund

G — Federal Grant

K — Refund

T — Transferred by Town Meeting Action

I — Taken from Income Account

### NOTE FROM ACCOUNTANT

This year again, there have been inquiries and complaints about Federal Tax withheld from pay checks. This method of collecting taxes for your Uncle Sam has been in force for several years and we should all by now be familiar with its workings.

Briefly, all employers are required to collect or withhold Federal Tax on all employees according to schedules put out by the Commissioner of Internal Revenue. No distinction is made between classes of employees. However, the employer is required to allow exemptions to each employee on the basis of a withholding exemption certificate signed by the employee. The law says that *if an employee fails to furnish a certificate*, the employer is required to withhold tax as if the employee had claimed *no* withholding exemptions.

Copies of the certificate, form W-4, can be obtained from your supervisor or from the Chief Clerk at the Town Hall. They must be filled out, signed, and filed with the Town.

If you have been taxed you will receive from the Town before January 31 of the following year a withholding statement. File this with your income tax form and if you have been overcharged the overage will be returned to you by the Bureau of Internal Revenue. Hope you make out all right.

I still say that it is a pleasure to work with all the people up to the Town Hall and those on the various Boards and Committees, etc. with whom I have come in contact. As far as I, myself am concerned, they always seem ready to help.

CLIFTON F. GILES,  
Town Accountant.

## THE ASSESSORS' REPORT

We hereby submit our annual report.

Table of Aggregates, Polls, etc., assessed in the Town of Sudbury, January 1, 1958:

	1957	1958
Number of persons, partnerships and corporations assessed on property .....	2,737	2,960

## REPORT OF THE BOARD OF APPEALS

The Board held 40 hearings during 1958, as follows :

John J. Markarian — Dressmaking	Granted
Herbert W. Mathews — Pets and Supplies	Granted
William P. Stone — 2 Families	Granted
Richard L. Lucero — Convey Strip of Land	Denied
Henry Cavooto — Sell Loam	Granted
Robert Phelps — Residence in Business Zone	No Authority to Act
George S. Gledhill — Home Industry	Granted
Renator Secatore — Convert Nonconforming Barn to Dwelling	Granted with Provisions
Arre A. Huhtamaki — Garage Near Line	Denied
Robert G. Hooper — Divide Lots	Granted
Town of Sudbury — Town Dump	Granted
Ricardo & Julio — Short Frontage	Denied
Jean M. and Dorothy L. Fredey — Add to Shop	Granted with Provisions
Sudbury Methodist Church — Nursery and Kindergarten	Granted
Stella M. Mully — Residence in Business Zone	Denied
Martha G. Davis — Widen and Roof-Over Porch	Granted
Charles J. Precourt — Use Area too Near Lines	Granted
John P. Hart — Addition too Near Line	Granted
Clarence W. Connolly — Gasoline Station	Denied

Wesley W. Putney — Enlarge Nonconforming Dwelling	Granted
Edward E. Kreitsek — Enlarge Nonconforming Building	Granted
Arthur E. Fay, Sr. — Colonial Auto Building for Sale and Repair of Cars	Granted
Raytheon Mfg. Co. — Pole for Reflector	Granted
Ferdinand J. Lehr — Cottage Near Lines	Denied
Mary G. Bishop — Teach Drama	Granted
Henry Greenblatt — Kennel	Granted
Robert Adamson — Garage	Granted
Joseph DeDeo — Recreation Center	Denied
Walter A. Carson — Short Frontage	Granted
Henry C. Dearborn — Raise Boxers	Denied — No One Appeared
Joseph Paolini — Variety Store	Granted
Brookdale Homes — Short Frontage (a)	Tabled
Anthony G. and Marguerite Maiuri — Enlarge Gasoline Station	Granted
Sudbury Flower Shoppe — Sign	Granted
John E. Ferrick — Garage	Granted
Harry W. Mellett — Enlarge Nonconforming Building	Granted
Aline M. Howell — Widen West Street	Granted
Aline M. Howell — Enlarge Nonconforming Building	Granted
Allen H. Smith — Enlarge Nonconforming Building	Denied — Lack of Evidence
Brookdale Homes — Short Frontage (b) same lot as (a) and handled as one case	Granted

Some of the above granted cases were limited by provisions safeguarding the interest of the Town and are a public record on file with the Town Clerk.

It is of interest to call your attention to the fact that in an appeal to the Superior Court from our decision in the case of Woodland Homes (to remove sand and gravel from a site on the North Road), the action of the Board was upheld by the Court. Since an appeal to the Supreme Court was dropped, the case is now closed, and the Board's decision stands.

Application blanks for hearings may be obtained from the Chief Clerk's office at the Town Hall.

Respectfully submitted,

STEPHEN M. W. GRAY, Clerk  
 ALTON F. CLARK  
 WALTER R. HICKLER  
 CALVIN B. SMITH  
 EDWARD E. KREITSEK  
 Board of Appeals.

### FINANCIAL REPORT

Appropriation .....	\$275.00
Expenses .....	161.36
	<hr/>
Balance .....	\$113.64
Fees Collected .....	\$180.00

Approved,

CLIFTON F. GILES,  
 Town Accountant.

### REPORT OF BOARD OF APPEALS FOR BUILDING CODE

Town Accountant  
 Town of Sudbury  
 Sudbury, Massachusetts

The Board of Appeals for Subdivision and Building Code considered two appeals during 1958; those of Samuel W. Pickering and Edward E. Kreitsek.

Income:

Fees from Pickering and Kreitsek @ \$5.00 ....	\$10.00
(forwarded to Town Treasurer 10/20/58)	

Expenses:

Cost of advertising in Citizen for 2 cases @	
2.30 .....	4.60
(bill forwarded to Town Accountant	
10/28/58)	

Net income .....	5.40
------------------	------

EDWARD A. PLUMBLEY,  
 Clerk.

Approved,

CLIFTON F. GILES,  
 Town Accountant.

## REPORT OF THE BOARD OF HEALTH

Eight regular meetings were held during 1958. Many special meetings were necessary to handle special problems and emergencies.

A rabies clinic for dogs was held for the first time and 129 dogs received rabies shots. It is planned that this will become a yearly clinic as recommended by the County Commissioners.

With the acquisition of the new dumping facilities the Board was relieved of many complaints, as there has not been a single call on the land fill operation. Two inspections were made during open hours of the dump which showed we now have a true land fill operation.

The Dental Clinic is under the direction of A. M. Belton, D. D. S. This year it was necessary to move the dental equipment, due to school needs, again showing the need of a location for a permanent Health Center. The Dental Clinic hours were increased due to the number of children being treated.

The Well Child Clinic is operating under Director Michael Tristan, M. D., with the able assistance of the two Public Health Nurses. This program has been improved to the limit of the present facilities.

Mr. Albert St. Germain has again ably handled the issuing of permits and inspection of sewage disposal systems. The sewage disposal code was improved during the year and requirements for new homes in Sudbury are now in excess of the requirements in the Federal Housing Minimum Property Requirements.

Two construction jobs were shut down until the builders complied with the Board's requirements.

A total of seven sub-divisions consisting of 259 lots were inspected and approved with the necessary restrictions. The control of sub-divisions is becoming harder, as some very poor sites are being brought in and it is necessary to make a foot by foot site inspection. George White, Town Engineer, has been of great assistance to us in checking out sites.

Three vacant buildings were declared unfit for occupancy and so posted. There are many sub-standard properties in the town and by the end of 1959 all should be declared unfit.

One inspection of all businesses selling food was made. This should be done at least every four to six weeks.

The Board feels that there should be a paid Executive Health Officer available during the day to take care of the many problems that must be done during working hours.

Early in 1959 the Regulations of the Board of Health and Plumbing Regulations will be ready to publish.

All written complaints have been investigated.

We wish to thank the other town departments and officers for their co-operation during the year.

Respectfully submitted,

DANIEL BUTTNER, D.D.S., Chairman  
GORDON PARTRIDGE  
DENN A. CRARY, R.S., Clerk  
Board of Health.

## REPORT OF THE BUILDING INSPECTOR

December 31, 1958

Board of Selectmen  
Sudbury, Massachusetts

Gentlemen:

There were two hundred twenty-one building permits issued during the year 1958. Of these, one hundred fifty-four were for single family dwellings. This was an increase of 5% from the year 1957.

There were several cases of persons building without a permit. Persons desiring to do any building or remodeling

should obtain a building permit or inquire as to whether a permit is needed for the particular job.

Sudbury still does not have a plumbing code. The 1958 Legislature passed an act which makes it mandatory for towns of over 5,000 population to adopt a plumbing code.

The following is a breakdown of the building permits issued and the building costs represented.

153	Dwellings .....	\$1,766,100.00
3	Business and Industrial .....	51,000.00
3	Additions (Business and Industrial) .....	8,500.00
32	Additions (Residential) .....	63,250.00
24	Private Garages .....	25,250.00
1	Public School .....	342,975.00
1	School Alteration .....	19,000.00
1	Church Hall .....	75,000.00
1	Roadside Stand .....	300.00
1	Renewal (Dwelling)	
1	Demolition	
		<hr/>
221	Permits .....	\$2,351,375.00

At this time I wish to thank the Board of Selectmen, Town Clerk, Town Office Clerks, Town Engineer, Board of Appeals and all others for their co-operation and assistance during the year.

Respectfully submitted,

ALBERT ST. GERMAIN,  
Building Inspector.

REPORT OF  
SUDBURY CIVIL DEFENSE AGENCY

January 11, 1959

Board of Selectmen  
Town of Sudbury  
Gentlemen:

This is the Ninth Annual Report of activities of the Civil Defense Department of Sudbury.

As of November 31st, 1958, the Ground Observer Corps was disbanded due to the completion of the Sage Radar Network that now completely scans our shores.

Donald Stowe, in association with Francis White, are taking the radiological monitoring course held at Sector Headquarters. Upon completion of this course, Mr. Stowe will instruct all Fire, Police, and Highway people in the use of radiological measuring devices and assign some to each department.

The rescue truck has logged many hours of useful service to the Town in the past year. Charles Frost and David Weir were sent to the Topsfield Rescue School to augment the present trained crew of four.

The Welfare Division is headed up by Mary Laffin and Elena Lile. A training program for C. D. Welfare services will begin in February that will be of great value to both these women.

Sudbury is now a reception area for 11,000 evacuees of Boston. It will be our responsibility to house and feed these people during an emergency.

The Boston Army Ordinance sends their note of appreciation for the use of the upper Town Hall for 150 of their top personnel to carry on their duties in the event of war.

Local emergency plans for Sudbury are now being drafted. After approval by the State Director, they will be turned over to the Town Government for use as a guide in an emergency.

Sudbury did participate in the annual two-day test alert. Out telephones were manned constantly by members of the League of Women Voters. The Horsepond Road School was evacuated and mobile in less than two minutes after the alarm had been sounded. Twenty-six station wagons and two buses were used to perform this task.

A meeting was held with Mr. Chauncey Cousens, Federal Matching Funds Officer, and Mr. Donald Neelon, chairman, permanent building committee, to consider the feasibility of receiving Federal support for our proposed Fire, Police, and C. D. building. The maximum amount of financial support that Federal could give us is fifty per cent of the total cost of construction and engineering. To receive this amount, we would have to design and build this building to FCDA specifications. I have drafted a justification of eligibility for FCDA which is at present under their consideration for approval. There is no question as to the approval for the underground area that would be the C. D. Control Center. The Control Center has been designed to meet Federal requirements and would house the entire Town Government during an emergency so that they could operate with reasonable efficiency and safety.

The question of approving the Police and Fire Areas depends on whether our plans show that these areas would be used to train auxiliary Fire and Policemen. A detailed report on this matter along with a floor plan of the Control Center will be submitted to you within the next few weeks.

There are still many unanswered questions pertaining to this project at this time. However, a complete report will be made to the Town at the Annual Town Meeting.

Respectfully submitted,

LAWRENCE J. LEONE,  
Director, Sudbury Civil Defense.

January 9, 1957

Mr. Clifton Giles  
Town Accountant  
Sudbury, Mass.

## REPORT OF THE DOG OFFICER

To the Board of Selectmen:

Dogs licensed for the year 1958 .....	838
Dogs picked up and disposed of .....	41
Dogs placed in homes .....	15
Dogs confined for 10 days .....	76
Miscellaneous complaints relative to dogs .....	580

There were a number of sheep killed by dogs. A number of dogs have been placed under restraining order by the Selectmen. These dogs are now confined by their owners.

Stray dogs without license tags present another problem. The law requires that stray dogs be kept 10 days before being disposed of, either by killing or selling. Quite frequently, after a dog has been disposed of, or sold, the owner appears to claim

the dog. This could have been avoided if the dog had been wearing the license tag.

All dog licenses expire March 31st of each year. All dogs must be licensed on or before April 1st, or the owners or keepers thereof are liable to a fine. The law applies to all dogs three months old or over, regardless of time of year ownership is acquired. All dogs should have a collar or harness with the license tag attached to it. When the owner or keeper of a dog sells or ceases to own or keep a dog, or when the dog is killed or dies, said owner or keeper should notify the Dog Officer or Town Clerk.

No tax bills are sent to dog owners.

At this time I wish to thank the Police Department for their fine co-operation during the past year.

Respectfully submitted,

HARRY C. RICE,  
Dog Officer.

---

## REPORT OF THE FIRE DEPARTMENT

December 31, 1958

Board of Selectmen  
Sudbury, Massachusetts  
Gentlemen:

The following is my annual report on the activities and condition of the Fire Department for the year 1958.

One hundred fifty-two calls for emergency service were received at headquarters. The following is a breakdown of the calls received.

- 24 for fires involving buildings
- 33 for grass and brush fires
- 3 for motor vehicle fires
- 4 chimney fires
- 4 rubbish fires
- 4 calls for resuscitator
- 11 accidental alarms
- 7 calls for mutual aid
- 2 oil burner fires
- 5 accidents
- 4 calls for rescue
- 1 trip to hospital with injured person
- 1 false alarm

- 3 calls for children locked in bathrooms
- 1 lockout
- 2 calls for leaking oil tanks
- 1 airplane crash
- 8 electrical fires
- 3 calls for gas leaking from refrigerators
- 27 calls for flooded cellars
- 4 miscellaneous calls

---

152

The number of fires involving buildings was about the same as in the year 1957. As usual, most of the fires were due to carelessness or by faulty wiring. Again as in 1957 there were too many fires set by children. Due to a wet spring and fall, the number of grass and brush fires decreased by fifty per cent. The townspeople as a whole are becoming more careful with outside burning. In the state of Massachusetts no outside fires are allowed at any time without a permit.

Regular meetings and drills were held twice a month to keep up with modern fire fighting methods and the use of the department's equipment. Work was started on the fire department training area at the corner of Concord Road and Candy Hill Road. All the expense to develop the area up to now has been paid for by the Sudbury Firemen's Association Inc. This project has also provided a skating area for the children.

Most all fires start small but increase rapidly and delayed alarms allow them to become major fires. Many people upon discovering a fire become excited and do not give the fire department the exact location before they hang up the telephone. The best and quickest way to call the fire department is by using the fire alarm box if one is available and leave someone at the box until the apparatus arrives. When calling by telephone be sure and dial the fire station direct 2323 or if the operator is dialed, ask her to be connected with the Sudbury Fire Department. Then give the information and location to the fireman answering the telephone. Do not call the fire station to find out where a fire is when the alarm is sounded.

The two fire trucks which have been housed in an unheated shed in North Sudbury are now in heated quarters. This will give the people in North Sudbury better protection in the winter months.

Power brakes have been installed on the 1942 Ford-Engine 3. A 100-ampere alternator which was removed from the fire chief's old car was installed on the 1938-Engine 4. This replaced an old style 20-ampere generator.

Engine 5, the 1947 International 800-gallon tank truck has been modified to produce large amounts of foam for oil and gasoline fires. New tires are needed for the rear of this truck. This truck has proved invaluable for fighting fires in parts of the town where there are no hydrants.

Engine 1 — the Ward LaFrance has been equipped with a deck gun. The old six volt two-way radio that came out of the fire chief's car was installed in the CD rescue truck. All repairs and maintenance on the fire department equipment are performed by the department personnel at no cost to the town. A snow plow was also installed on the rescue truck. This truck was used 45 times for various types of emergency calls.

More old hose will be replaced and spare hose will be purchased in 1959. Fire alarm boxes were installed at street corners on the Post Road from Concord Road to Wayside Inn Road. The fire alarm system with boxes at each street corner has been run on the Post Road from Concord Road to the Wayland town line. The Highway Department garage fire detection system has been connected directly to the Fire Station. A special alarm system from the heating plant in the Regional High School to the fire station is in operation so that failure of the boilers during the night or week-ends will sound a bell in the station.

Funds will be requested at the 1959 Annual Town Meeting to extend the fire alarm system with boxes at each street corner along the Hudson Road from Sudbury Center to Crystal Lake Drive and along Fairbanks Road to the new elementary school. All sub-divisions now must have a fire alarm system with boxes, installed at the developer's expense.

When the new fire station in South Sudbury is constructed, that will complete most of the requirements of the New England Fire Insurance Rating Bureau in order to lower the fire insurance rate in the Town of Sudbury.

Funds are being requested in the 1959 budget to add one more full-time fireman so as to provide two full-time firemen on duty at all hours of the day and night.

As Chief of the Department, I wish to take this opportunity to thank the Police Department, Town Officials and all the Townspeople for their co-operation during the year.

Respectfully submitted,

ALBERT ST. GERMAIN,  
Fire Chief.

## FINANCIAL REPORT OF THE FIRE DEPARTMENT

### Salaries:

Town Grant .....	\$21,130.00
A. St. Germain, (Fire Chief, Wire Inspector and Building Inspector) .....	\$5,200.00

Fire Chief.

Approved,  
CLIFTON F. GILES,  
Town Accountant.

## GOODNOW LIBRARY REPORT 1958

Goodnow Library has found the year 1958 to be one of rapid and gratifying growth. A new registration was taken, with 855 persons registering in the adult department and 744 in the juvenile department. As a result there has been a large increase in the circulation.

This year saw the completion of the attractive children's room, which is very popular with the young people. Open House was held on February 22nd and in spite of inclement weather, a large number of enthusiastic townspeople, as well as representatives of libraries in surrounding towns were in attendance. Refreshments were served and we felt Open House was a big success.

Two Art Exhibitions were held, one by Mrs. Helen Blackmer Flynn, a well known artist in Sudbury and Mrs. Ellis Hand. Their oil paintings were greatly admired by our patrons as well as many visitors from out of town. We are always glad to have art exhibitions held in the library.

Several new encyclopedias were purchased this year, namely, World Book, Comptons and Britannica, as well as various other reference books, which should prove useful to all. Metal folding chairs were purchased for the children's room. Previously, it has been necessary to borrow from the Town Hall or various churches. We thank them for their generosity.

Story hour for the children was held during the month of August and was exceptionally well attended. Mrs. Virginia Howard again very generously donated her time. Book week

was celebrated by the purchase of many new books and two performances of Peter Pan, which Mrs. Howard presented in costume. This proved to be a tremendous success and was very much enjoyed by the children. We are extremely grateful to Mrs. Howard for all the time she has given and the interest she has shown in the library.

Mrs. William Dickey of Water Row has still continued to do her fine work of book mending for us, in spite of the fact that she is a very busy person. This has greatly assisted us. Miss Marguerite Bradshaw of Maple Avenue has furnished the children's room with attractive decorations suitable for each month and has presented us with various books. The Wednesday and Thursday Garden Clubs have kept the adult department, as well as the children's room decorated with colorful flower arrangements each week throughout the year and also special Christmas decorations, which have been enjoyed by our many visitors. All these kind deeds have helped to make the library more successful as well as attractive and we sincerely thank all who have had a part in these projects.

Respectfully submitted,

DENE HOWE, Chairman,

BERTHA SMITH,

LUTHER CHILD,

Trustees,

ELIZABETH ATKINSON, Librarian.

## REPORT OF THE HORSE POND ROAD SCHOOL BUILDING COMMITTEE

January 12, 1959

The Horse Pond Road School Building Committee is pleased to report that in accordance with the mandate of the Special Town meeting of November 27, 1956, a fourteen classroom Elementary School Building designed by S. W. Haynes & Associates, and built by the Mozzicato Construction Company, on the Horse Pond Road School Site was occupied in February, 1958. Final completion and acceptance by the School Committee, for the Town, took place in May, 1958.

This School Building is of contemporary design and contains fourteen classrooms, a multi-purpose room, kitchen, remedial reading room, teacher's room, principal's office, toilet rooms, storage and janitorial spaces. The grounds are beautifully landscaped and contain a parking area, two play areas, a softball diamond and many items of recreational equipment. Total construction and equipment costs are well within the appropriation of \$450,000.00. Since there are still several items of equipment yet to be purchased, a final accounting cannot be made at this time. There will, however, be a substantial sum returned to the Town from the original appropriation.

The Horse Pond Road School has received State-wide attention as well as much favorable publicity. During and after our open-house ceremony many School Committee Members and other Town officials from various Massachusetts and New Hampshire Towns visited the building and grounds and expressed unanimous approval of both the lay-out and the types of building materials used. Most impressive was the favorable comment on the actual construction costs.

The Committee wishes to publicly thank the Town Engineer, the Building Inspector, the School Committee, the Town Officials and the many citizens who aided the Committee. It was through their cooperation and help that the Committee was able to complete the building in time for February occupancy.

The Committee is very well pleased with the architectural design of S. W. Haynes & Associates, the co-operation and workmanship of the General Contractor, The Mozzicato Construction Company, and the vigilance and supervision of the Clerk of The Works, Mr. Frank Olson.

DONALD W. NEELON, Chairman  
 FRANCIS G. PUBLICOVER, Clerk  
 ELLEN JAN SIEGARS

## REPORT OF INDUSTRIAL DEVELOPMENT COMMISSION

While it is true that this commission had a small measure of success this year in as much as through its efforts Raytheon has purchased fifty acres of industrial land and erected a preliminary, small building, it is also true that a terrific imbalance exists between the assessed value of industrial property, less than \$200,000 and the nearly \$9,000,000 which is the assessed value of residential property.

If we are to balance these two figures, a balance often considered ideal, everyone interested must help. If in 1958 we had had as much value in industrial property as in residential, our tax rate would have been about \$43.

Our one big sale, plus the expressed desires of many prospects we have lost and others we are still courting, indicates a wish for large acreages, only a very small percentage of which will be built on. This means, first, that industrial development will, much more than residential, help retain

the rural atmosphere of the town, particularly the limited industrial type of development with its complete screening and setbacks, and second, that to get the value of industry we seek, more and larger areas, near the Hood Farm or on the perimeter of the Town, must be zoned for limited industry.

The commission will introduce an article for extension of limited industrial zoning on an area west of the Hood Farm at the upcoming Town Meeting, and other large areas in North Sudbury at a Special Meeting shortly thereafter.

At present we are active, unusually so, working on at least four prospects, two of which are quite large.

Although we have no paid representative there are so many individuals, some residents of Sudbury, some not, working to get fine industries located here, we surely have the equivalent of a full-time man, and every necessary expense is unsparingly met by these same individuals. We invite special guests to all our meetings, and every interested person is also welcome.

This report is concluded like the last one; if you hear even a scrap of information about a good industrial prospect relay the news at once to any member of the commission; we will respect absolutely any degree of confidence you or the prospect requests.

ABEL CUTTING, Chairman.

---

## INSECT AND PEST CONTROL DEPARTMENT

To the Citizens of Sudbury:

Following is a financial report for the year 1958:

Town Grant ..... \$3,300.00

Salaries:

## REPORT OF THE INSPECTOR OF ANIMALS

To the Board of Selectmen  
Gentlemen:

I herewith submit my report as Animal Inspector for the year of 1958.

I have inspected all neat cattle, sheep, swine and horses as ordered by the Massachusetts State Division of Livestock Disease Control; 61 head of cattle, 57 horses, 1,000 swine and 109 sheep were inspected and a certificate of health was given to owners. 31 dogs were held for observation for 14 days for biting, but all were released at the end of quarantine. 9 bites by dogs, owners unknown.

Respectfully submitted,

HARRY C. RICE,  
Inspector of Animals.

## REPORT OF THE INSPECTOR OF WIRES

To the Board of Selectmen  
Sudbury, Massachusetts

During the year 1958 I issued 296 wiring permits. 590 inspections were made during the year.

The wiring in four dwellings and one public building was condemned as a fire and safety hazard.

Eight persons were apprehended doing wiring without a permit.

162 Permits @ \$3.00 .....	\$486.00

## REPORT OF THE LINCOLN-SADBURY REGIONAL DISTRICT SCHOOL COMMITTEE

The Lincoln-Sudbury Regional High School is in its third year of operation. Although we have yet to graduate any students who have had their entire high school training in the Regional School, we now have a full complement of students from each of the towns in all four secondary grades. The last of the Lincoln tuition students has finished at the Weston High School.

Thus, the school approaches a size at which a full and varied program, meeting a wide range of student needs, can begin to be realistically offered. The staff of the several school departments has further developed the course offerings to better serve the terminal requirements of those who will take up a vocational or business career immediately upon graduation. In some subjects further course developments are in progress in the honors category which may lead to advanced placement in college programs.

We are proud to report that the Lincoln-Sudbury Regional High School has been evaluated and accredited by the New England Council of Colleges and Secondary Schools, and has been rated exceptionally high. This is very gratifying for a school in operation only two years. Accreditation by this organization assures our graduates full consideration by college admission officers.

The growth of the student body this year has reached a size which no longer permits renting of classrooms. Next year the educational program will make use of the entire building with crowding in some areas. In the following year the educational program will be seriously impaired unless new space is made available. As a consequence, a Building Committee consisting of Ernest P. Neumann and John B. French from Lincoln, and Allan G. Bowry and Mrs. Alan B. Stott from Sudbury, has been appointed to proceed with the planning of the second stage of construction of the Lincoln-Sudbury Regional School plant.

The real results of a good or poor school are determined by the day to day events in the classrooms. For high quality results we must have high quality teachers. High quality teachers, while not plentiful, are obtainable if certain conditions are offered. The salary scale must be competitive with other good schools, but fully as important are the opportunities provided at the school and in the community for doing a good educational job.

With the desire for a good educational program, and the understanding and support of such a program by the citizens of Lincoln and Sudbury, it has been possible for the School Committee to engage top administrative personnel. They, in turn, find it possible to procure and retain the highly qualified teachers our children deserve. The reputation of our school in educational circles, which is most important in attracting a high calibre staff, is indicated by the fact that we had some 250 applicants from which to select the teachers needed.

Still, several years must pass before our first four-year students will have graduated and commenced to make their way in a vocation or college. Only then can we really evaluate how well our educational job is being done. However, by all available criteria, our present students are getting the training which will best prepare them for the competition which is ahead.

Respectfully submitted,

HOWARD W. EMMONS, Chairman  
 ELLEN DeN. CANNON, Vice Chairman

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee:

This, the third Annual Report of the Superintendent of Schools, indicates our academic growth and development, and directs attention to future expansion.

The most important single influence in a superior school is the quality of its teaching staff. Thus, the additional instructors engaged this past year were carefully screened with the result that we believe we have a school staff of the highest calibre.

The instructional program has been revised and expanded to more adequately satisfy the needs of individual pupils. Among these curriculum changes were the following courses: Speech required of juniors, Vocabulary required of sophomores, and Reading Skills required of all freshmen through a Developmental Reading Program; as electives, Advance Speech and Drama, Russian History, Modern History Leading to the Understanding of World Wars I and II, History and Theory of Science for seniors, an experimental course in Physics, Business Law, Home Nursing and Child Care, Period Furniture Production for juniors in Woodworking and one group of Advanced Placement candidates in Mathematics.

Curriculum revision is a continuing process at our Regional High School. As one staff member expresses it, "We take a fresh look at everything we do to decide what we should be doing, how we should be doing it, and when it should be done." Currently a restatement of our Educational Policy is being prepared for community distribution.

The following school population projection indicates immediate consideration for the expansion of our school plant.

Year	Grade 9	Grade 10	Grade 11	Grade 12	Total
1958	142	142	103	70	457
1959	175	141	141	101	558
1960	172	173	140	139	624
1961	218	170	171	138	697
1962	229	216	168	169	782
1963	218	227	214	167	826
1964	230	216	225	212	883
1965	188	228	214	223	853
1966	239	186	226	212	863

Our high school gears its educational program to the needs of the students who graduate from the eighth grade of both Lincoln and Sudbury. It follows that similar programs in the

elementary schools of these towns are highly desirable if the graduates are to enter our Regional High School with similar preparation. Meetings of the administrative and supervisory personnel of Lincoln and Sudbury schools have continued the past year on those matters of curriculum coordination which will insure our youth reasonable transition to the high school. While caution has been exercised to insure the local autonomy of the towns in such matters as the teaching materials used, every effort is being made toward the acquisition of similar learning outcomes in the basic skills areas. We feel in the areas of reading and arithmetic that our new course adoptions are relatively similar. A course outline in the social studies has been prepared and is now being implemented by teacher committees in the respective towns. A review of our language arts curriculum will be our next task.

Any school, especially one as young as our high school, continues its growth academically only to the degree that there is understanding and support of the program by the parents and the public. Through the Ninth Notes, the Tom-Tom, the Regional Review and our local papers, the activities and programs of the school are cited. In addition, curriculum meetings for the public have been instituted by the staff and the School Committee as another means of informing the citizens of our school's objectives.

In addition to our space needs in the very near future, other matters requiring consideration are to be published soon in a summary report of the evaluation of our school. This evaluation, noted in the foregoing Report of the School Committee, was recently completed for accreditation purposes.

The opportunity, provided by the PTSA and interested citizens in Lincoln and Sudbury, to have six of our students of French spend the past summer in France was a gratifying experience to members of the entire school. Such programs could be expanded to include other countries abroad and on this continent as well.

It is interesting to note the placement of our second graduating class:

Nursing	3	7.9%
4-year colleges	13	34.2%
2-year colleges	1	2.6%
Short term post-secondary	3	7.9%
Post graduate work	1	2.6%
Married	2	5.3%
Working	13	34.2%
Military	2	5.3%

The professional and friendly associations with the various staff members of our Regional High School, the School Committee, the PTSA organizations, and parents and citizens of both Lincoln and Sudbury, have made this year of service a most satisfying administrative experience for me.

Respectfully submitted,

C. NEWTON HEATH,  
Superintendent of Schools.

## REPORT OF THE PARK AND PLAYGROUND INVESTIGATING COMMITTEE

This committee had an active year.

In the spring much work was carried on at the Barton Pool. The pool was thoroughly cleaned, 75 yards of clean sand brought in and spread, and the dam and drain repaired.

The toilet building was repaired, the plumbing fixed, and we thought we were ready for business. The first night we started filling the pool, some people had a beer party near it, and broke bottles on the pool bottom. These were removed, and the following night doors were broken, and fixtures twisted and filled with debris in the toilet building. The night before we planned to open someone let all the water out of the pool.

Eventually we opened, with the pool in the able hands of Mrs. Raymond Johnson. Sabotage continued after hours at the pool, the toilet fixtures eventually being smashed beyond repair and the doors and locks being carried off.

Miss Christine Nelson took charge of the pool after Mrs. Johnson served the period she had kindly agreed to help us, and did an excellent job.

Attendance at the pool was limited to children under fourteen; even so, we frequently on hot days had more than 125 children at the pool at one time. This is up to, maybe over capacity, both in so far as supervision by one person is concerned and in relation to the flow at the pool. On several occasions we chlorinated the pool, and it was drained and washed at least twice.

Although it made much better conditions at the pool to drop the age limit below fourteen, it left the boys and girls between fourteen and sixteen without a place to at least cool off. With only mediocre success we permitted these children to use the pool from four to six o'clock.

The small children have a good time at this pool, in spite of the fact that the water takes on a load of fine sand and soil when the pool is full of children. Many children with pools in their own yards come here to run and play. A number of mothers come with their small children, and this is most desirable from every standpoint.

The basketball court back of the library receives a great deal of use. A need was felt for a place to play ball near South Sudbury, and the Clark family generously permitted us to use quite a flat piece of their land off Old Lancaster Road. The brush was cut here, and after several mowings and rakings a passable ball field about the size of a Little League field was obtained. Frank Cawley donated a backstop and other equipment, rubbish barrels were installed and the field was opened for use. The field was mowed regularly. More about this will come later in this report.

Al Halper gave the town a fine small lot for a playground off Pratt Mill Road, entered by a walk off Meadowbrook Road. Trees and stumps were removed, the area fertilized and raked, and Al furnished and planted seed in this area. We had pretty good luck with this lawn; the soil is sandy, but thanks to a wet summer we have a turf that we have had to mow five or six times. Trees have been left around the edges, and the ground under them is fast receiving a good cover of needles.

Although Al Halper bought playground equipment for this field we regret to report much of this has been deliberately smashed and twisted.

During the coming year if carefully tended a good usable turf should be ready here.

As promised, this committee undertook an experimental program of supervised play this summer. During weekdays a supervisor was present at the Centre School Playground, at Horse Pond Road School, and at the Clark Field. This program was announced at all the churches, and given publicity in a local paper.

Attendance was fair and constant at the Clark Field. Light attendance at the Centre School soon dropped off to nothing, and almost no one ever appeared at the Horse Pond Road School.

The three boys in charge of this program, Donald Bacon, John Tucker and Dick Wolfe all did admirable work, even when transferred to other playground activities after their respective areas proved that supervision was not warranted.

In midsummer we experimentally tried out a water skiing and surf boat riding program at Pine Lakes. We had a most surprising turn out, more than forty children trying this sport in most cases for the first time.

As we laid plans to continue this program at least once a week we were notified that the lake had become polluted.

The above programs drove home this point to the members of this committee; that what we need here is more sports and recreation areas somehow tied in with water, and, except for the Clark field supervision on the play areas is not yet a necessity in Sudbury.

Following up this idea we made one more attempt to construct a pool on the Vassalotti land on Noyes Brook. The heavy flow of fairly clear water here makes this an intriguing possibility for a pool that could accommodate several hundred people daily. This time we seemed to come up with a solid bottom, although the pool could not be very deep, perhaps five feet.

As you know, Carrell Morris has most kindly tested the water in this brook for us on numerous occasions, and each time the report has been good. Quite confidently we asked him for one more check before going ahead with the pool, and, at this time the report not only on the brook at the pool but also in most other spots up its course showed heavy pollution.

In continued conversations with Carrell he pointed out that by various bypasses etc. he could help us set up a simple chlorinating plant, not very expensive to run, which would make this pool safe for swimming until we were able to clean up the source of pollution.

In the Spring we had planned to complete this pool with perhaps an embedded black top bottom and sand banks with

bypasses and drains so it could be available for swimming for teen-agers and, if it worked out satisfactorily, also for adults. With the pond already made here for youngsters boating, the trees, and the chance for a small wading pool a terrific water-based recreation area is possible.

Many new private pools in town are affording fine swimming to many teen-agers, under the perfect supervision of different parents.

The basketball court at Pine Lakes receives a little use, nothing like that given the court at the Library.

Following their precept, often repeated, that this committee's efforts are directed at seeing available, 'a place to play within five or ten minute's walk of every potential house in town,' and that 'every street between these areas should be a landscaped parkway,' the committee toured the town in the fall and offered one or two shade or flowering trees to every new home owner of a treeless lot whom they could contact. There were not very many this year. Later in the Fall, with the tree warden, the committee went nearly the length of Concord Road, and up several other short roads planting the brilliant red chokeberry, a most attractive small-scale, graceful shrub, the leaves of which turn a bright, clear red in the fall and persist for some time. These leaves are followed by red berries in clusters which often hang on until March.

Although this committee has been for some time studying the best way to create a permanent Park and Playground Committee, or one with a similar title, and to prescribe the duties of such a committee the establishment of a Park and Recreation Committee has been voted by the Town, and this commission or committee will take over the work and investigations of the undersigned group after the annual town meeting.

Everyone on the Park and Playground Investigating Committee thanks the town for the opportunity to have served on this committee. This service has been pleasant and rewarding. Perhaps this committee has not acted quite legally in as much as it has never organized, and it has also slipped up in not having public meetings. You see this committee has always met during the daytime; it always goes to the best place it can find for a leisurely noon-day meal; and its members subscribe to the recommendations of a famous lady stomach doctor in Boston for the best way to enjoy a relaxed meal and a calm pleasant outlook.

Respectfully submitted,

ELIZABETH ATKINSON  
ABEL CUTTING  
PAUL ECKE

## REPORT OF THE PERMANENT BUILDING COMMITTEE

The Permanent Building Committee, established under Article 16 of the 1957 Annual Town Meeting, is now constructing a 14-room elementary school on Fairbanks Road for occupancy in September 1959. This school, similar in type to the Horse Pond Road School, will include aluminum curtain wall exteriors and perimeter heating in the classrooms. All provisions for a future 6-room addition and a recreation room have been made in accordance with present State Requirements. Although some construction delays have occurred due mainly to the severely cold weather, the school is expected to be ready on schedule.

Plans and Procedures are now under way to award contracts in the early Spring of 1959 for the construction of two additional 14-room elementary schools.

Your Committee is also proceeding with preliminary plans and estimates for a new Fire, Police, and Civil Defense Building on Nobscot Road near the Post Road. This building is expected to provide for the ultimate requirements of the Town's Police Department and the principal Fire Station of the Town. The Committee is carefully investigating the needs and requirements of the Civil Defense Agency with the objective of providing full emergency facilities based on matching funds from State and Federal Agencies.

During 1958, Mr. Abel Cutting resigned and the Planning Board appointment on the Committee was filled by Mr. Francis G. Publicover. The Building Committee has received splendid co-operation from the town officials, other committees, and individuals.

DONALD W. NEELON, Chairman  
STEPHEN E. GRANDE, JR., Clerk  
ROBERT J. CALDWELL

by: Robert J. Caldwell, Member, January 13, 1959)

## 1958 REPORT OF THE PERSONNEL BOARD

As a result of action taken by 1958 Annual Town Meeting in adopting a Personnel By-Law for the Town, the Sudbury Personnel Board was created. The board, appointed by the selectmen as provided in the by-law, held its organization meeting on March 29, 1958. The initial membership was as follows: Ralph H. Robins, Chairman, J. Carrell Morris, Secretary, Guernsey L. Frost, William P. Gormbley and William F. Hellmann. The term of R. H. Robins expired December 31, 1958 and as yet no replacement has been announced. Other membership continues unchanged.

The function of the Personnel Board is to administer the provisions of the classification and salary plans contained in the by-law covering employees of the Town other than elected officials and employees under the jurisdiction of the School Committee, and to make recommendations to the Town Meeting with respect to changes in salary ranges and fringe benefit provisions.

The Board met 24 times during 1958 for the purpose of familiarizing itself with the details of the by-law, meeting with Town department heads and other personnel to gain an understanding of all Town positions falling within its jurisdiction, and to consider a large number of individual questions dealing with salaries, fringe benefits and other related matters referred to it for decision. The first two areas mentioned have been accomplished and the third is a continuing item with which the Board will always spend considerable time.

The success of similar Personnel Boards in a large number of other towns in the Commonwealth including such neighbors as Wayland, Weston, Lincoln, Maynard and Framingham seems to the Sudbury Board to amply demonstrate the ability of such a group, once well established, to assist the Town in effectively dealing with the host of problems which inevitably arise in the area of Personnel Relations. Your Board looks for similar success in Sudbury.

RALPH H. ROBINS,  
Chairman.

## TOWN OF SUDBURY PLANNING BOARD ANNUAL REPORT FOR THE YEAR 1958

During the year your Planning Board met a total of thirty-four times. In carrying out the routine business of the Board:

- (1) Forty-six non-subdivision plans were received, forty-four approved, two rejected.
- (2) Seven site plans on new or revised business or industrial sites were studied and approved.
- (3) Eight subdivisions were reviewed, representing approximately 325 new lots of which about forty were in the 40,000 sq. ft. zone, the remaining in the 30,000 sq. ft. zone.
- (4) Twelve articles representing changes to the Town Zoning By-Laws were reviewed and presented to the Town. Some were passed as is, some modified, and some rejected.
- (5) A complete study of the Planning Board rules and regulations for subdivisions was made bringing them up to date with the current thinking of the Board.

In addition to these routine duties the Board had several meetings with the Wayland Planning Board discussing the future development of the "sand hill" area. This area is located on the boundary of the two towns where the Post Road intersects their boundaries. It is the feeling of these two Boards that this area should be zoned "Industrial." In an effort to protect some of the historical sites in the area, it is planned that the old training ground would be left undeveloped and made into a park. We hope during the coming year to work out more details on these plans.

The Planning Board has discussed among its members, with the Wayland Planning Board, and with Mr. DeNormandie the possibilities of a bypass to Post Road. This bypass is felt to be a very important program for the future development of the Town. At the last Town meeting held in Wayland, a committee was formulated for the purpose of studying such a bypass. We expect to take an active part in this program. Our current thinking is that this new road would enter Sudbury approximately south of the Post Road near Pelham Road and run westward following a line parallel to the Post Road returning at the intersection of Nobscott Road and the Post Road. Exact routing of this bypass has yet to be determined.

The Planning Board has also discussed among its members the problem of the growing tax rate in the Town. It is felt that a possible solution to this is to obtain a better balance

between the revenue received from residential property and that received from business and industrial property. In order for this to happen an exerted effort must be made by the various town officials and citizens of the town to attract sufficient industry of the right kind. This will require the zoning of more land for industrial uses, the completion of Route 20 bypass to improve the traffic situation along the Post Road, and the improvement of Codger Lane to open up the back part of land already zoned industrial.

It is felt at this time that we should mention what could be considered a change of thinking on the part of the Town's people regarding their attitude toward town planning. During the past year several citizens took it upon themselves to propose a rather major change in residential zoning. This change was proposed to the Planning Board on rather short notice allowing very little time for studying the possible effects of the proposed changes. It would therefore seem reasonable that the Planning Board should undertake during the next year a study program of the residential zoning in town in an effort to determine both the feeling of the town people as well as the ultimate effect of changes in residential zoning to the town.

	<hr/>
Total Salaries .....	\$26,596.31

Note: Sgt. Ryan's salary is \$4,800.00. The additional amount of \$611.30 is for extra hours worked.

### SUMMARY

I would like to thank all Town Departments for their usual fine spirit of cooperation during the year; as usual it has been a real pleasure working with them all.

The things which we do during the year in answer to the requests of the townspeople are too many to mention here in detail; but we respond to all reasonable requests of our residents. It is to be noted in our report that our emergency calls are on the increase; namely, more calls for the rescuator, more emergency trips to the hospitals with our police cruiser. Therefore, we must be in readiness 24 hours a day to assist in any type of emergency. We have an increasing number of places where we are called upon to place officers for traffic control. This year we are asking for one new patrolman and sixteen hours added to a man who previously has worked 32 hours. We are asking for replacement of both our police cruisers. I will explain in detail the reasons for this at the Annual Town Meeting. I am asking for one piece of portable radio equipment this year; I feel that it is a most necessary piece of equipment for our department. I feel that our detailed account of salaries and expenses speak for themselves; however, I will be most pleased to answer any questions on any of our numerous activities at the Town meeting.

Respectfully submitted,

JOHN F. McGOVERN, Chief  
Sudbury Police Department.

Approved,

CLIFTON F. GILES,  
Town Accountant.

## REPORT OF THE COMMITTEE FOR PRESERVATION OF ANCIENT DOCUMENTS

During its second year of life, the Committee has made considerable progress in its various programs aimed at preservation of the Town's valued historic documents.

We are pleased to report that the Committee has now in its possession, photostatic copies of every document in the State Archives which pertains to the Town of Sudbury. We would like to acknowledge the courtesy extended to us by the late Edward Cronin, Secretary of the Commonwealth and Mr. Flaherty, the Commonwealth's able archivist. These important documents are being copied by typewriter through volunteer assistance and the Committee hopes to have the typing finished and a catalogue prepared by the end of 1959.

Progress has been made in the field of centralization and protection of the more valuable documents. It is expected that by early 1959 the old Town Vault will be the repository for these documents. Estimates have been received on steel shelving of a type appropriate to records preservation and such shelving will be installed as soon as the vault is ready for use.

The most significant step forward this year was the finalization of the Committee's microfilm project. This summer the Genealogical Society of the Church of Jesus Christ of the Latter Day Saints of the Mormon Church sent their representative to Sudbury to perform the microfilming operation. Not only were the town records microfilmed but also the records of the First Parish Church and the Goodnow Library collection. The only cost to the Town of Sudbury will be the cost of the raw film upon which the Town's copies are made.

The Town Clerk's assistant reports that she has nearly finished the Sudbury Town records. Dr. Sumner Powell has been preparing these copies for publication by the Colonial Society of Massachusetts. The Committee expects to have this project completed this year.

Further progress has been made in the photostat copying of those of our town records which are deteriorating for one reason or another. The Committee is pleased to report that the copying machine which was purchased last year in conjunction with the Town Clerk's office has been of great use to both the Committee and the Town Clerk's office, more than justifying the original expense involved.

Progress in this field is necessarily slow as caution must be used both in planning projects and checking costs for

preservation activities. Your Committee will continue to emphasize the utilization of private offers of help in the coming year to augment budget problems.

Respectfully submitted,

JOHN C. POWERS, Chairman  
 MAUDE M. CLARK

## REPORT OF THE SUDBURY PUBLIC HEALTH NURSING ASSOCIATION, INC.

To the Selectmen and Citizens of Sudbury:

The Sudbury Public Health Nursing Association takes pleasure in submitting its report to you for the year 1958.

Home visits made by the two nurses during the year may be classified as follows:

Non-Communicable Disease .....	912
Acute Communicable .....	6
Antepartum .....	12
Post Partum .....	16

Infant .....	35
Pre-school .....	24
School Health .....	170
Adult Health .....	24
Not Found at Home .....	15
Office Visits .....	15
Crippled Children .....	85
Grand Total .....	1,309

The year 1958 has seen changes and steady growth for the Sudbury Public Health Nursing Association. These have been accomplished with the help of community interest and citizen participation in all of our programs.

The annual testing programs for vision, hearing, and dental were successfully completed with the help of several mothers. All students of the elementary and Lincoln-Sudbury Regional School were tested and those who were found to need medical attention have been referred for treatment.

Our school dental clinic is conducted by dentist, Dr. Albert Belton and his assistant is Mrs. Allan Bowry. The purpose of this program is to provide care for those who need immediate attention.

The tuberculin program was carried out in the elementary and Lincoln-Sudbury Regional Schools grades 1-3-5-7-9-11 with many teachers participating. This is one aspect of preventive medicine; a constant goal of public health nurses. Dr. Gordon Winchell and Dr. James Burke were the school physicians who helped conduct the program.

The Well Child Clinic is being conducted by Dr. Michael Tristan this year. These clinics are held in the Center School Nursing office every 4th Wednesday of the month and we are charging a small fee to help cover various costs. Fifteen to twenty families are being served by our clinic at this time.

In the generalized health program such as we have in Sudbury, the nursing and health needs of the community as well as the school must be met. Health teaching is carried out in the school in the form of demonstrations, discussion groups, and visual aids. Home visiting is done in connection with the school health problems.

A posture program for the Lincoln-Sudbury Regional High School freshmen was formulated in December with the program to begin in January. The parent response to this program was enthusiastic making the program a success and future plans will be based on this year's outcome.

The Tetanus and Polio clinics were held for the students staff of the elementary and the Lincoln-Sudbury schools as another step in preventive medicine.

We would like to express our thanks to all who have assisted in making our health program successful during this past year. Our future plans will also profit from the constant community interest and cooperation of its citizens.

Respectfully submitted,

BEVERLY JEAN BLACHLY, R.N.  
KATHLEEN SHERIDAN, R.N.

**REPORT OF  
THE PUBLIC WELFARE BOARD  
Year Ending December 31, 1958**

To the Citizens of Sudbury:

Herewith is submitted the report of the Agent of the Board of Public Welfare.

ROLAND R. CUTLER, Chairman  
LOUISE F. WYNNE  
BEULAH F. STONE  
ALFRED R. BONAZZOLI  
RICHARD C. HILL

---

Board of Public Welfare  
Sudbury, Massachusetts  
Gentlemen:

During the year of 1958, a total of forty-six cases were aided under Old Age Assistance. At the beginning of the year, the case load was thirty-nine and at the end of the year forty-one cases remained active. During the entire year, seven new cases were added, while five cases were closed; two because of death, two moved to another community, and one was admitted to the State Hospital in Westboro.

Although there was no over-all increase to recipients during the past year, fee schedules for most welfare services have been increased and listed among these are the following: per diem rates have been increased in hospitals throughout the State; Nursing Home rates have been increased from \$5.75 per day to \$6.50 per day; the rate at Cushing Hospital has been increased from \$4.00 to \$5.75 per day. As this department has four cases in this hospital, and two nursing home cases, it will be necessary to have more than an additional three thousand dollars to cover this increase alone.

As this town is rapidly growing it is only reasonable to anticipate an increase in case loads, but up to this point, the increase has been slight in comparison to the increase in population.

Six cases with a total of sixteen children received Aid to Dependent Children during 1958. This group reflected the largest increase percentage-wise, of the total categories supervised by this department. At the end of the year, five cases remained active. Two cases were closed; one moved to another community, while one was closed because need no longer existed.

Two cases were aided during the past year under Disability Assistance. At the end of the year, these two cases remained active.

General Relief or Temporary Aid remained very light during the past year, with only \$130.16 spent to cases living in Sudbury. However, the sum of \$1,152.13 was paid to other towns for persons aided outside of Sudbury, but with settlements in this town.

The Welfare Office is staffed four days each week, Monday through Thursday, but in cases of emergency, any board member may be contacted.

Respectfully submitted,

MARY M. LAFFIN,  
Agent.

## REPORT OF COMMITTEE ON REASSESSMENT

This report covers the second year of operation of the committee. During the first year, the committee concentrated its efforts on buildings since these provide the largest part of the town valuations. The chief recommendation of the committee was that the Board of Assessors perform a revaluation within the calendar year 1958.

Since the town meeting, the committee has assisted the assessors in carrying out the revaluation and has investigated more fully the problems of land assessment. A number of suggestions on land assessment have been made to the Board of Assessors, designed to help insure land assessments on a consistent and equitable basis.

Unfortunately the amount of work associated with the revaluation has proved to be greater than originally estimated, and the Board of Assessors has been unable to complete the revaluation during calendar year 1958. Rather than have the town assessed under two methods at the same time, the Board of Assessors has decided to continue using the old system for all houses for one more year. By next year, they will have all property revaluations completed and will place the new system in effect. This committee agrees that all property should be assessed under the same system in a given year, and that the old system can be used for one more year.

The Committee makes the following recommendations:

- (1) When the Board of Assessors has completed records on property in town, it will be necessary for them to maintain their records up to date on new houses and improvements to existing houses. We recommend that the Board of Assessors be given the necessary additional funds for such a program.
- (2) Since the valuation list will undergo a considerable revision under the new system, we recommend that a new valuation list for the year 1959 be published and distributed to the town as soon as the revaluation is complete. We also recommend that such a valuation list be published, on a regularly five-year basis.
- (3) We believe that the committee has been of assistance to the Board of Assessors during the period when major improvements to their practices were being made. These improvements are now well underway. The continued adjustment and adaptation of the procedures and practices to improve the assessing function is properly the duty of the Board of Assessors.

Therefore, we recommend that the Committee on Revaluation be discharged.

PARKER B. ALBEE,  
BERTRAM S. WEINSTEIN,  
FRANCIS E. WHITE.

### 1958 FUND DRIVE

Received from the United Fund ...	\$1,718.00	
Direct Contributions .....	77.00	
	<hr/>	
TOTAL .....		\$1,795.00
Sudbury Chapter's portion .....	1,159.72	
National Red Cross portion .....	635.28	
	<hr/>	

### Home Service Committee

Mrs. Virginia Robins, Chairman

The Home Service Committee handled nine cases involving problems of servicemen and others in 1958.

### **Transportation Committee**

Miss Hazel Ring, Chairman

During 1958, the volunteer drivers of the Transportation Committee made twenty-three trips, as follows:

- 18 to Framingham Union Hospital
- 3 to Middlesex Sanatorium
- 1 to Cushing General Hospital
- 1 to Massachusetts General Hospital

### **First Aid and Water Safety Committee**

Mrs. Betty Littlefield, Chairman

Mrs. Virginia Kirshner, Co-chairman

The Red Cross Water Safety Program provided ten instructors, under the able guidance of supervisor Paul McGovern, to give swimming lessons to 245 children in 1958. Of these, 183 passed the requirements for certificates in their various classifications.

Under the auspices of the Sudbury Chapter, Leanne Mahoney attended the Red Cross Aquatic School in Norwich, Connecticut and earned her Instructor's Certificate. She and Nancy Schuhle conducted a Junior Lifesaving Class of twenty advanced swimmers, of whom 9 successfully completed the course and will be awarded Junior Lifesaving Certificates.

We purchased this year two hundred feet of nylon rope with cork floats, and material for twenty-four kickboards.

We wish to gratefully acknowledge the contribution of the Frost family to the success of our program, in making beach facilities at White's Pond available to us. We also thank the eight mothers who served as chaperones for the bus trips.

### **Blood Program Committee**

Mrs. Mary Ellen Gale, Chairman

The Red Cross bloodmobile visited the Parmenter Health Center in Wayland on September 29, 1958. Fifty-six pints of blood were donated, of which thirty-six were given by residents of Sudbury. Looking at the records for the past three years, it is of interest to note that of the total number of donors, Sudbury accounted for about one-third in 1956, one-half in 1957, and two-thirds in 1958.

This year we were assisted in making telephone contacts by several volunteers from the Regional High School. We wish to thank them for staying with a job which must at times have seemed discouraging, and to thank Mrs. Pollock, our Regional High Junior Red Cross representative, for directing their effort.

## Junior Red Cross

Mrs. Elizabeth Burckes, Chairman

With the help of PTA room mothers, all the Sudbury schools were enrolled in Junior Red Cross again this year. The chairman personally visited twenty-three first to third grade rooms. Three assembly programs were staged by the pupils of sixth grades, bringing the story of Red Cross to over six hundred children in grades four through eight. In the Regional High School the JRC Council presented a Red Cross program to each home room. The elementary grades and Junior High contributed over \$48 while the Regional School more than doubled its record of last year in giving \$52.91.

A large part of this went to the National Children's Fund. The rest helped fill 187 gift boxes made up and sent to the International Red Cross which conducts an exchange of gift boxes among children of different countries. New kickboards for the Swimming Program were also made in woodworking classes at the Regional High. A number of skits from a Variety Show were performed for inmates of Cushing Hospital. Telephoning for blood donors was another activity undertaken, and children's clothing was collected to be sent to needy children in Kentucky and Tennessee. Again Sudbury sent off a number of paintings under the School Art Exchange, and received a film strip of paintings done by others of City and Country Scenes Across America.

Thus we have continued the broad program of educating children in what Red Cross is and does, and of providing opportunities for them to participate in service for others in ways they can understand.

## 1959 Fund Drive

Our funds for 1959 will again be provided through our participation in the United Fund Drive. We will have no regular drive in the spring of 1959, but our agreement with the United Fund permits us to accept any unsolicited contributions which may be made to the American National Red Cross, or to the Sudbury Chapter specifically.

Every contributor of five dollars or more to the United Fund Drive in the fall of 1958 is considered to be a member of the Red Cross for 1959 and is entitled to attend the annual business meeting of the Sudbury Chapter, to be held in September or October 1959. We wish to express our appreciation to all of those whose generous support through the

United Fund enables us to continue our service to the community.

Respectfully submitted,

DAVID G. ARMSTRONG, Chairman  
 ROBERT BAREISS, Vice Chairman  
 ARTHUR GRANNIS, Treasurer  
 MRS. LOIS LING, Secretary

## REPORT OF THE SUDBURY SCHOOL COMMITTEE

The Sudbury School Committee submits herewith its Annual Report for 1958.

At the March elections Mrs. Ellen Jane Siegars and Mr. Robert P. Bowen were re-elected for terms of three years. In October, Mr. Walter M. Taylor submitted his resignation due to moving out of town. Mr. Edward A. Plumley was appointed to serve until March.

As in all recent years, the problem of providing school housing for our increasing enrollment took an unduly large part of the Committee's and the Superintendent's time. In February the Horse Pond Road School was opened and for a time all our pupils were housed in permanent, standard classrooms. A Special Town Meeting in February voted funds for the construction of another 14-room elementary school to be built immediately at the corner of Hudson and Fairbank Roads. The Committee worked with the Permanent Building Committee in drawing up both educational and construction specifications for this building. By July it became apparent that we would have to place the Horse Pond and Fairbank districts on double sessions in the Horse Pond Road School until the new building was completed.

During the summer vacation the old High School building at the center was remodeled and renovated for Junior High School use. About \$20,000 was spent for structural changes, repairs to walls and ceilings, and interior painting. If the building is to be used for some years, the heating, plumbing, and electrical systems should be modernized. We therefore requested and were granted \$4200 for a complete architectural

and engineering survey of this building, and will bring to the Annual Town Meeting in 1959 a recommended cost figure for final renovation of this building for Junior High purposes.

A study of the October 1 pre-school census showed an urgent need for further elementary schools. There will be a shortage of classrooms by September 1959 which we hope to solve without resorting to double sessions. Two Special Town Meetings, one in October and another in December, authorized construction of 14-room schools on Woodside Road and New Bridge Road to be ready for occupancy by September 1960 or earlier. We feel that this will give us enough space to care for normal enrollment growth until a Junior High School addition is needed.

To further the in-service training of our teachers, the Committee continued its policy of releasing teachers two afternoons a month for parent conferences and teacher workshops. In addition, workshops were held in June and September. Members of the staff are encouraged to attend conferences which may prove of value to themselves and other members of the staff.

A new venture of the School Committee was the publication of the **Sudbury School Bell**, with its three issues devoted to the functioning and problems of the Sudbury Schools. We are grateful to the staff members who have served on its Editorial Board.

The Committee had several discussions concerning teachers' salaries (with representatives of the staff) as a result, a plan of merit pay was adopted which will eliminate the old single salary schedule and will reward each teacher according to his contribution to the school system. The Committee has been considering merit pay for several years and feels that this will aid in procuring and retaining outstanding teachers.

Administrative changes during the year included the appointment of a second elementary principal and the employment of an elementary supervisor. The Junior High Guidance program was broadened. Job classifications were approved for nearly all the custodial and supervisory positions. We are recommending for 1959 that a new position be added: Superintendent of Buildings and Grounds. This will enable the Superintendent to spend more time on educational matters and will provide a trained person to oversee the operation of our total school facilities.

Sudbury has participated in the educational TV program broadcast over Channel 2, Boston, since its beginning in the spring of 1958. We are proud to be among the first schools supporting this new technique in education.

The School Committee gave its approval to a doctoral study of the Sudbury Schools by Mr. Leslie Tourville, Principal of the Regional High School. Several staff members and one committee member have served on the Steering Committee which is guiding this enthusiastic citizens' group. We know this study has been and will continue to be of great value to us in planning the type of school program our parents want. We are proud to serve in a community so interested in supporting an excellent educational program.

Respectfully submitted,

JOHN A. ANDERSON, Charman  
 LAWRENCE W. TIGHE, Vice-Chairman  
 ELLEN JANE SIEGARS  
 ROBERT P. BOWEN  
 EDWARD A. PLUMLEY

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee:

The past year has been one of unusual activity in the Sudbury Public Schools. This, the sixty-first in the series of reports of the Superintendent of Schools, will cite some of the changes made and also some of the plans for the future. If our children are to receive the best education the citizens are willing to finance, the administration and staff must be ever ready to revise their methods and the subject matter taught. It is with this thinking in mind that this report is submitted.

### Staff

The growth of our system necessitates expansion of our administrative and supervisory staff. Our 1959 budget includes the employment of a full-time Supervisor of Buildings and Grounds.

The largest single budget item is teachers' salaries. For 1959 our budget reflects the addition of three elementary grade teachers, one teacher of art and one of physical education. At the junior high level we have included five new staff members. In addition, a principal, secretary and custodian are included for the Fairbank Road School.

### Curriculum Revision

Under the direction of Miss Janet Broadbent, Supervisor of Elementary Education, a new reading series has been established in our primary grades. The arithmetic curriculum has been completely revamped and a sequential program from

grades one through six has been inaugurated. Currently, revisions are in the process of development in spelling, science, penmanship and language arts.

As a result of a series of meetings with the Lincoln administrators a new course outline in history and geography has been devised for grades one through eight. This outline is being implemented by the teaching staff to develop a new course of study.

Substantial increases in budget requests for texts and supplies have been necessitated by revisions in instructional areas as well as by supplying our new schools with these materials. Increases in operational costs, such as fuel, light and janitor service are evident when new schools are opened.

### **Report Card**

During the school year 1957-1958, a committee of teachers studied various methods of reporting pupil progress. As a result a new report card has been formulated and adopted for grades three through six. The major emphasis is to have the progress report consider each pupil's ability and achievement. From an educational point of view, the parent conference is a more advantageous plan of interpreting the pupil's school progress to the parent since the teacher learns much about the pupil from the parent at the same time. Thus the teachers are endeavoring to have at least one parent conference for each pupil and as many more as advisable.

In grades one and two, the progress report is similar to the ones used in previous years.

### **Testing**

This past year a comprehensive testing program was inaugurated. The results of our achievement tests, while of a survey nature, indicated our standing to be above the national age-grade norms. These results also provide insight into our areas of weakness as well as our strengths, and led to our curriculum revision this past year.

### **The Junior High School**

The following report of the Principal of the Junior High School, Mr. William E. Mayer, I am submitting in total. The program, as is now being structured, will provide our boys and girls a more comprehensive type of program than in prior years.

"Early in 1958 meetings were held with the staff of the Junior High School. The staff discussed the physical location of the Junior High School for the school year 1958-1959, the basis for placing pupils in class groups, better communication

between the school and home, the implementation of a social and interest centered activity program, the initiation of an after-school sports program, the length of the class period and school day, the integration of the Junior High School program with the Elementary and Senior High School program, the utilization of pupils in the governing procedure, and guidance services.

“The utilization of the old Sudbury High School building required the locating of special areas. Fortunately some rooms were readily adaptable—two for Science, one for Homemaking, one for Industrial Arts and a room for the centralized Library. These rooms were adaptable for a minimal program and require additional expansion. The Art and Music programs operate on a makeshift basis due to the lack of proper space. Part of the Center Elementary School is being used for the Junior High School. The Music program is conducted on the stage of the auditorium-gymnasium and the Physical Education classes are held in the Center School gymnasium. The use of this area for Music and Physical Education limits its use by Center School elementary grades. Junior High students use the Center School cafeteria facilities.

“Pupils are homogeneously grouped in the academic areas, but are grouped heterogeneously in the vocational and cultural areas. Pupils of similar abilities are grouped in different class sections as indicated by previous achievement, standardized achievement tests, tests of potential ability, and objective teacher ratings. In this approach to working with boys and girls, a pupil may be in a fast moving mathematics class and be placed in a slower English class, as his abilities and work habits indicate.

“The growth of the Junior High School enrollment, and the physical relocation of classroom space, required that the teaching staff be expanded to 16, including full and part-time teachers.

“A new report card was developed to better effect the reporting of pupil progress to parents. The pupil is marked on his effort and achievement according to his group placement. This form of report is supplemented by a program of scheduled parent conferences during the school year, at which time standardized test results and classwork are discussed.

“The Guidance services have been increased by allotting additional time to Mr. Ellery, Guidance Supervisor. The staff has volunteered to work as student counselors in order to determine more closely the needs of the Junior High School students.

“The length of the school day has been increased, as has been the length of the class period. More time has been

made available in all subjects, especially Physical Education, Mathematics, and Science. A survey of 184 Junior High Schools in Massachusetts shows that only six schools have a longer school day and only one school has a longer class period.

"The after-school sports program for both boys and girls is gaining impetus. Interscholastic baseball and basketball have been very successful. Field hockey and cheerleading have attracted many girls. Students have been surveyed with reference to interests, i. e., stamp collecting and dramatics. Shortly, this interest-centered program will be put into effect.

"Boys and girls have worked with the staff to develop patterns of direction of movement within the buildings and a system of hall monitors has been established. The Student Council has formulated its sense of direction for student activities. A successful Halloween Dance was planned and organized by this group. One major function of the Council is to prepare an orientation pamphlet for new students.

"The staff has spent considerable time co-ordinating activities between the elementary school and the high school. Many meetings have taken place involving teachers from these schools as well as from Lincoln in an effort to make pupil progress from grades 1 through 12 a more valuable experience. Results of these efforts have been discussed with parents both at individual conferences and at group meetings."

The further development of a Junior High School program requires immediate attention to increase our classroom space needs. The following table indicates these needs by subject matter areas for the years ahead:

#### Classroom Needs — Grades 7 and 8

	1959	1960	1961	1962	1963	1964	1965	1966
English	2	3	3	3	3	4	4	5
Social Studies	2.5	3	3	3	4	4	5	6
Science	2	3	3	3	3	4	4	5
Mathematics	2.5	3	3	3	4	4	5	6
French	1	1	1	1	2	2	2	2
Industrial Arts	1	2	2	2	2	2	2	3
Home Economics	2	2	2	2	2	2	2	3
Art	1	1	1	1	1	1	1	2
Music	1	1	1	1	1	1	1	2
Library	1	1	1	1	1	1	1	1
Total	16	20	20	20	23	25	27	35

The foregoing is a conservative estimate; any substantial increase in enrollment due to in-migrations would make our space needs felt at earlier dates.

## Health Service

Our school health services, which are shared with the Public Health Nursing Association, have been re-structured to allow the schools to contract directly with this organization for nurses' services.

## Home Study Policy

A policy of home study has been instituted to further upgrade and implement the classroom instruction. Such a policy should help to co-ordinate and improve study habits among children in the various schools.

## French

A program of French instruction has been approved for our seventh and eighth graders effective as soon as a qualified teacher can be secured. It is our plan to extend this instructional area downward in the grades a year at a time until the fifth grade is reached. This will be an aural-oral approach to the language.

## Recommendations

1. It seems to be evident that our seventh and eighth grades will continue as a Junior High School organization. The provision for adequate space is urgent; without it we shall be required to curtail our program.
2. The development of some form of ungraded organization if we are to make more effective the meeting of individual needs of our children.
3. The expansion of our guidance services to include the elementary grades.
4. A thorough study of whether or not Public Kindergartens should be a part of our organization.
5. The establishment of adult education courses. Currently some such courses are being offered at the Regional High School by the Division of University Extension. These are sponsored by the Sudbury Woman's Club.
6. Expansion of our music education program.

## Conclusion

Commendation is due our entire staff for the efforts evidenced this past year to upgrade our entire educational undertaking. The opening of the Horse Pond Road School, the moving of the elementary grades from the old Center School, the establishing of a Junior High School program, the difficulties encountered by the Fairbank and Horse Pond districts operating on a double session, have made the usual

teaching task most difficult. Despite these factors, the staff has made noteworthy progress in special curriculum committee assignments, improved parent conference procedures, and improved instruction.

The constant efforts of School Committee, Permanent Building Committee, active citizens' groups, and the entire school staff to provide the best in education for our children, continue to make the work of the Superintendent of Schools a most rewarding experience.

Respectfully submitted,

C. NEWTON HEATH,  
Superintendent of Schools.

### SCHOOL ENTRANCE

Any child who is five years and six months of age on September first of the current school year may be admitted to the first grade, but in every case admission of a child under

six shall be dependent upon the fitness of the child to profit by the work of the school, such fitness to be determined by the Superintendent. A child who is five years six months or five years seven months shall be eligible for admission only if he has a mental age of six as established through an individual test of mental ability, and who is physically fit and socially mature.

### NO-SCHOOL SIGNAL

In the event of severe weather (storms or sub-zero temperatures) or when the transportation system is disrupted, WBZ, WEEI, WNAC, WHDH, and WKO~~X~~ will broadcast the no-school announcement between 7:00 and 8:00 A. M. In addition, blasts 2-2-2 will be sounded on the fire alarm at 7:30 A. M. This audible alarm is for the elementary school only. The Regional High School will be announced on the above radio stations.

We feel these signals are clear, and therefore urge parents to refrain from flooding the homes of School Department personnel with telephone calls.

On days when the signal is not used, weather conditions may warrant the non-attendance of certain children. Lack of normal health would tend to make it advisable for parents to keep a child at home. Since weather reports are not always reliable, and since the School Department desires to render maximum education service by having the schools open on the greatest number of days, storm signals will not be used on ordinary rainy or snowy days.

## AN OPEN LETTER TO THE TAXPAYERS OF SUDBURY

Dear Fellow Taxpayers,

At this time I wish to extend to one and all the sincere good wishes of the tax collector's office for a happy and prosperous New Year.

Last March when I was elected to the office of tax collector, I was both proud and honored to accept the trust which you had placed in me. It was then that I made a solemn promise that I would administer the functions and perform the duties of the office to the very best of my ability. This I have done in as fair and equitable a manner as possible.

The collecting of taxes is not what one would call a pleasant task. It involves many various operations which must be done at a certain time during the year; and each of these operations are prescribed by law. None of these operations can be overlooked or avoided for any excuse whatsoever. The tax collector is bound by law to collect all the taxes which have been committed to him for collection, and while so doing he must be impartial in all his actions to each and every taxpayer of the Town. It is quite difficult to say "no" when he really wants to say "yes." Because of the law he is estopped from showing leniency toward one taxpayer to the detriment of another. As long as I am your elected tax collector I would like each taxpayer, whether of large or small taxes, to feel and to know that this office shall extend to him every courtesy and consideration that is possible.

It is somewhat of an unwritten axiom that when a man becomes a tax collector he stands a very good chance of losing all his friends. However I can honestly say that in my case this definitely has not been so. It is possible that some of you may feel that I may have been somewhat tenacious as regards to the collection of taxes. As I mentioned above, "It isn't easy." However when you have paid your taxes you would like to know that everyone else is also paying his share. Our Town of Sudbury is a first class American community, and it is only by every one of us doing his share that we can insure that our Town will be an even better place in which to live.

In conclusion I would like to avail myself of the opportunity to publicly thank Mrs. Mary Quinn, our chief clerk, and all her assistants for the excellent co-operation they have extended to me since I assumed office. Others to whom I am gratefully indebted are the Fire Department personnel for their assistance in verifying the location of streets and houses in the Town; to the Police Department for their courteous

and efficient escort service, and to Mr. Forrest D. Bradshaw and his congenial staff in the post office for their very many successful acts of assistance in behalf of the town; also to Mrs. Harriet Mattsen and Mr. Sid Eaton of the Sudbury Water District for their many kind acts of assistance; and last but by no means least to you my fellow townspeople for your wholehearted co-operation in helping me in the performance of my duties as your tax collector.

Sincerely yours,

THOMAS E. NEWTON,  
Collector of Taxes.

---

## REPORT OF THE TOWN ENGINEER

To The Board of Selectmen  
Sudbury, Massachusetts,  
Gentlemen:

I hereby submit the following report for year ending December 31, 1958.

### ASSESSORS' DEPARTMENT:

The checking of deeds and land areas have been given when requested. The completion of the Assessors' Plans showing the northeasterly section of the Town has been delayed, partly because of the employment of part-time help and partly priority that had been given to other work.

Some of the present Assessors' plates have been copied, so that the correct ownership may be placed on them when time is available. Copying of plans owned by private individuals have been going on throughout the year and will be important in the location of property on the Assessors' plans.

### BOARD OF HEALTH:

Several parcels of land were checked to show the relation of present and proposed ground elevations, also the distance from a particular point. Each of these parcels had their own individual problem.

### HISTORICAL SOCIETY:

Sketch and description was furnished, showing an area surrounding the Indian Grinding Stone on Green Hill.

**TOWN CLERK:**

Copies of all site plans as recorded with the Planning Board, had to be given to the Town Clerk, as required by law. Other information was given when requested.

**PLANNING BOARD:**

There were twelve sub-divisions both old and new that reports were requested; in the form of Lot sizes, street grades, easements, completed roads for bond release, etc.

Contour plan and property line locations were shown on a study plan showing land on the north and south sides of the Boston Post Road from Landham Road and Goodman Hill Road easterly to the most easterly line of Sudbury.

More work becomes necessary in this department due to the changing of the State and Local laws.

**SCHOOL DEPARTMENT:**

The location for the new school on Fairbank Road was staked out for obtaining estimates.

Driveways and parking areas were staked out and grade elevations given for obtaining estimates.

Contour plan was made for the school site on Woodside Road. The School Site Committee selected five proposed sites for which information was furnished as to area, topography, property owners for the purposes of selecting a site for the new school. The final selection being on Newbridge Road and Concord Road.

**HIGHWAY DEPARTMENT:**

Plans and descriptions were furnished for obtaining drainage easements over land on Old Sudbury Road, Concord Road, and Stone Road.

Grade elevations were given for drainage installations on Old Sudbury Road and Stone Road.

Profile of a portion of King Philip Road for the purpose of a drainage study was furnished.

Preliminary plans of Horse Pond Road from the Boston and Maine Railroad to Peakham Road have been made. A portion of this road extending northerly from the Boston and Maine Railroad for an approximate distance of 1600 feet is being competed for relocation and takings.

**SELECTMEN:**

Plans were made of the area in the vicinity of Pokonoket Avenue, Winsor Road and Singletary Lane showing various

methods by which the drainage problem in this area may be solved.

Plan of the Cawley land on Concord Road for cemetery purposes.

Information on proposed location for sanitary land fill area.

#### INDUSTRIAL COMMITTEE:

There were nine locations throughout the Town for which information as to area, topography and property ownership was furnished.

#### BOARD OF APPEALS:

Information is furnished when requested.

#### MISCELLANEOUS:

Street lines 2., Contour plan of Library Lot., location of Sudbury-Maynard Town line for Police Department, street numbering, copying plans and indexing, checking deeds at Registry of Deeds.

#### REMARKS:

I believe that most of the work which seems to be unfinished would have been completed with the employment of a full-time assistant, and I trust that the Town will vote in favor of this needed help.

During the year many request information on property locations, property owners, and sub-division procedure.

Approved,

CLIFTON F. GILES,  
Town Accountant.

I wish at this time to thank the Selectmen, Town Departments and Committees for the co-operation extended to me during the year.

Respectfully submitted,

GEORGE D. WHITE,  
Town Engineer.

## REPORT OF THE COMMITTEE ON TOWN ADMINISTRATION For the Year 1958

The work of your Committee on Town Administration has progressed satisfactorily during 1958. Because of the difficulty of obtaining well-informed volunteers, your committee has not been able to take up certain projects which it feels worthy of attention. We sincerely hope that any town citizens who would like to work with us or have suggestions for committee activity will feel free in contacting any member of the committee. Your ideas and help will be most appreciated.

The work of this committee would be impossible without the genuine support of the officials and boards of the town. We appreciate to the fullest the hours of time, as well as energy, given to this group and wish at this time to most sincerely thank them.

### **Personnel:**

During the year 1958 the committee was pleased to see the proposed personnel by-law adopted by the Annual Town Meeting. With the enactment of the legislation, the subcommittee on personnel was discharged from the parent committee with our profound thanks for a job well done. It is hoped that the subject of fringe benefits for town employees will be reported on by the new personnel board at the Annual Town Meeting.

### **Town Meeting Procedure:**

Continued concern with town meeting procedure will engage the attention of the committee in the year 1959. The Board of Selectmen has been most cooperative in implementing several suggestions of the committee, establishing cutoff dates for submission of reports and articles, as well as budget reports. It should be possible to evaluate the effectiveness of this program this year.

This committee is pleased with the efforts toward public education on town government by the League of Women Voters, town officials and others, but it is still alarmed at the small attendance at some of our special town meetings. In an effort to better our town meeting attendance, it was suggested in our report of 1957 that our selectmen experiment by setting the date of one of our special meetings for Saturday afternoon. To our knowledge, 23 other towns have found this a satisfactory expedient. Although our selectmen indicated their willingness, we were disappointed that the opportunity apparently did not present itself during 1958, and we hope that this will again be given consideration during the coming year. We hope also that the town citizens will themselves give careful consideration to the mechanics, purposes, and decorum which are necessary for a New England Town Meeting to function. Our's is a unique form of government and democracy in its purest sense. Our town was one of the first to establish the Open Town Meeting, but for it to continue, it must have the interest and activity of every voting citizen.

### **Finance:**

This subcommittee has been at work on the urgent project of preparing a five-year forecast of Town finances with particular emphasis on the advance programing of capital expenditures. Department heads and Committee chairmen were asked to consider two factors in their predictions; first, the growth of the Town in which at least two subgroups exist (a) Births and (b) Migration, and secondly, adequacy, which includes the expansion of additional services essential to the

welfare of the citizens in Sudbury. It is the Subcommittee's firm belief that plans are unrealistic if either factor is omitted.

This program is long overdue. With the present size of the Town and with its anticipated growth in the future, advance programming of capital outlays is an absolute necessity for the efficient operation of the Town. Several communities in the Commonwealth already have such programs.

Much has been accomplished already toward this end. The Subcommittee has made a complete study of the recent financial history of the Town. In conjunction with Department Heads, the Subcommittee is preparing a list of capital improvements needed by the Town to provide adequate and essential services to our citizens. In general, capital improvements refer to the acquisition of land, the construction of roads, buildings, or utilities, or the purchase of major equipment. In order to be classified as a capital improvement, the expenditure must represent a reasonably long term investment which results in some physical asset for the Town. This means, of course, that the expenditure is not an annual outlay and is essentially of a non-recurring nature. The capital improvements program will outline in detail the capital outlay requirements for six years for each department. It is important to stress that these projections will be estimates of physical improvements which are now, or shortly will be required by the Town. Only the estimates for the first year are firm, since they have been included in the articles for the March 1959 Annual Town Meeting; subsequent years are open to change, review, and approval.

In addition, several departments have estimated their departmental operating costs for the years 1959 through 1964. A forecast of Town revenues and other operating costs have been prepared by the Subcommittee. The assessed valuation (Grand List) of real, personal, and motor vehicle property has been estimated. In summary a reasonably accurate projection of the tax return with and without capital outlay will be determined.

It is the intention of this Subcommittee to present to the Town the preliminary results of its study at the Annual Town Meeting.

It is hopefully planned that this forecasting and advance programming of capital outlay will be continued on a permanent basis. At a future annual or special town meeting, the Subcommittee will submit a formal article to establish a Capital Outlay Planning Committee for which the specific functions, duties, and limitations of the committee will be defined. In general, however, its primary functions would be to carry on continuous studies for the purpose of estimating

the overall capital requirements of the Town and to coordinate the long-range capital improvements program of the a precise definition of capital improvements and would suggest several departments. The proposed article would encompass a formula for determining which items should be paid with funds derived from the sale of bonds and which items should be paid from current revenues. A division of responsibility, if any, between forecasting of Town finances and advance programming of capital improvements must also be determined.

The ultimate goal is a balanced program which would enable the Town (a) to have a stable tax rate (b) to have a credit rating of the highest calibre and (c) to provide all essential services at the lowest possible cost. With the citizens' willingness to implement and enforce long-range planning, Sudbury will not be faced continuously with an endless variety of financial crises.

All the Subcommittee members are businessmen who in the course of their daily lives are in financial management and related activities. Present members of the Subcommittee are: Peter Reding, Chairman; John Fitzgerald, Joseph Forest, Clifford Hughes, Jr., Russell Loftus, William Plouffe, and Richard Venne.

Respectfully submitted,

J. FLEET COWDEN, Chairman  
ALBERT O. MERRILL  
JOHN C. POWERS

---

## REPORT OF THE PUBLIC WORKS ADVISORY BOARD

The Public Works Advisory Board herewith submits its Annual Report for 1958. Francis W. Trussell was reappointed to a three-year term by the Board of Selectmen. Mr. John G. Woods has submitted his resignation. Mr. Woods has served this Board since it was set up by the action of the Annual Town Meeting of 1955, and his wide experience and untiring effort will be greatly missed.

The Highway Department has completed the construction of Horse Pond Road, from the railroad tracks to the Boston Post Road, Lincoln Lane and Tippling Rock Road. The widening and straightening of Old Sudbury Road from Concord Road to the curve beyond the new Methodist Church has been completed with the exception of installing some additional

drainage and landscaping the shoulders. Next year should see the rebuilding of Horse Pond Road from the railroad tracks to the brook a distance of approximately 1600 feet. Preliminary plans have been completed and the money has been appropriated. The reconstruction, straightening and widening of Maynard Road from the Maynard Town Line to Fairbank Road is planned for next year's Chapter 90 construction project.

A complete accounting of the cost of materials, labor, rental equipment and maintenance for 1958 is available in the Highway Surveyor's Report. It should be noted that due to the addition of two trucks to the Highway Department the receipts into the Road Machinery Fund increase from approximately \$6,000.00 in 1957 to approximately \$10,000.00 in 1958. Additional equipment to be proposed at the Annual Town Meeting will increase this still further in 1959.

The fire detection and alarm installation in the Town Barn has been completed and is connected to the Town Fire Alarm System.

The Major Equipment Inventory of the Highway Department has been supplemented with a new 3 yard capacity dump truck and snow plow. A special low mount body was installed on this truck to make it adaptable for road patching.

There will be an article in the Warrant for the Annual Town Meeting to purchase a four wheel drive tractor with front end loader and snow plow. This will be used for general highway maintenance, snow plowing and snow removal. This will give the Town one more piece of equipment suitable for year 'round use and will replace equipment now rented.

Many people have been disturbed by the great number of trees which have been removed from the roadsides by the Tree Department. The majority of these trees were dead or diseased Elms which were a menace to the healthy Elms of the Town and constituted a serious hazard to the safety of motorists and pedestrians. The townspeople should give serious consideration to the appropriation of a sum of money each year to replace these trees which have been removed. This Board will work with the Tree Department to formulate a tree replacement program which will include placing the new trees far enough back from the roadway so that they will not be disfigured by constant pruning to provide clearance for electric light and telephone wires.

Respectfully submitted,

FRANCIS W. TRUSSELL, Chairman  
RICHARD P. CLARK
