BOARD OF SELECTMEN

At the Board of Selectmen's organizational meeting, following the annual Town elections, William F. Toomey was elected Chairman. Other Board members are John C. Powers and Ira M. Potell. Richard E. Thompson was reappointed to serve as Executive Secretary to the Board for the ensuing year.

1976 marked the 200th Birthday of the United States of America. To help us celebrate this great occasion and bicentennial year, the Board of Selectmen, in conjunction with the Bicentennial Committee, invited the Mayor of Sudbury, England to spend July Fourth with us in Sudbury. Thousands of Town residents will long remember Valerie and Anthony Moore who spent two weeks in Sudbury and participated in all the July Fourth activities and celebrations. Through Mayor Anthony "Tony" Moore a binding and personal friendship will continue to foster between "our" Sudbury and Sudbury, England. The Selectmen feel that the Moores' visit was the highlight of our 1976 bicentennial celebration. Other events and activities of Sudbury's bicentennial year are included in the annual report of the Revolutionary War Bicentennial Committee.

1976 A TRANSITIONAL YEAR

The year 1976 can best be described as a transitional one for the Office of the Board of Selectmen. John E. Taft did not run for re-election after serving twelve years as a Sudbury Selectman. Mrs. Phyllis Sampson retired after serving in the Office of the Selectmen for over fifteen years. The abolishment of the Highway Commission was complete with the election of Mr. Robert Noyes as Highway Surveyor at the March annual Town elections. Town Counsel David L. Turner resigned after serving the Town for over six years. It is expected that the replacements of Ira Potell as Selectman, Janet Silva as Administrative Secretary, Bob Noyes as Highway Surveyor, and Paul L. Kenny as Town Counsel will auger well for the Town...big shoes are being filled, and we wish them all the best of luck.

THE RETIREES

John Taft as Selectman; Leo Quinn as Assessor; Phyllis Sampson as Secretary to the Selectmen... all after many years of service to Sudbury. (Town Crier photos)

1976 TAX RATE

One bad note in 1976 was that the Sudbury tax rate increased from \$47.00 to \$52.50. This represented an 11.7% increase. However, in the last three-year period the tax rate increase has actually been slightly over two percent per year...\$49.50 in 1973 to \$52.50 in 1976. The two major contributors to the \$5.50 tax rate increase in 1976 were higher costs for all levels of local education and reduced State aid. The Selectmen pledge that they will continue to do everything within the power of their office to insure that the future tax rates stay at the lowest possible.

NEW COMMITTEES

The Selectmen appointed a Growth Policy Committee, in accordance with Chapter 807 of the Massachusetts Acts of 1975, whose responsibility it was to prepare and submit a local Growth Policy Statement to the Office of State Planning. This task has been completed. The Office of State Planning is now reviewing all the cities' and towns' submissions in an attempt to formulate a statewide Growth and Development Policy. The Selectmen on several occasions expressed their skepticism of the actual usefulness of going through this State-mandated, time-consuming task.

The Selectmen also appointed a Cemetery Study Committee whose function it was to draft and recommend local cemetery rules and regulations for Town Meeting action. The Committee did finish its task, and the Selectmen have inserted an article in the Warrant for the 1977 Annual Town Meeting. At the present time the Town operates without any local cemetery rules and regulations except in accordance with existing State statutes.

HIGHLIGHTS OF 1976

Military Reservation Land: The Federal Government has finally exceded a portion of the U.S. Military Reservation Land in Sudbury and Stow and turned it over to the State for passive recreational purposes. The dedication and transferring of title is planned for January 1977.

Elderly Housing: The Musketahquid Village elderly housing was completed this summer and all sixty-five units fully occupied. This housing serves a great need for many of our elderly citizens, and all the past and present members of the Housing Authority should be commended for their long and diligent work to make it a reality.

Local Telephone Service: The Selectmen are pleased to report that the Department of Public Utilities early in 1976 ordered New England Telephone to provide Sudbury subscribers extended local calling, on a twelve-month test basis, to the area towns of Concord, Hudson, Marlboro, and Lincoln. The Selectmen will, in the future, continue to fight for Extended Local Service at no extra charge.

Collective Bargaining: The Selectmen are disturbed to report again this year that the State-mandated compulsory and binding arbitration collective bargaining law is not working. In 1976, we have settled or reached agreement only with the Highway employees' union. This two-year contract calls for a reduction from a 45-hour week to a 40-hour week over a two-year period, with a one-time bonus of \$250 in the second year. We are in factfinding with the Police and Fire unions and are two years behind in negotiations.

Most cities and towns in the Commonwealth are experiencing the same frustrations with the new State collective bargaining law enacted only a few years ago. It appears that sufficient support will exist in the next session of the Legislature to repeal the compulsory and binding arbitration section of Chapter 150E...the State collective bargaining law...and your Selectmen will be working hard toward that end.

Federal Funds: The Town received in 1976 the following types and amounts of federal funds, applied for and administered through the Office of the Board of Selectmen:

• Revenue Sharing	\$229,232	Applied to Police & Fire Budgets
• Discretionary Grant	30,000	Tennis Courts Haskell Land
• Discretionary Grant	30,000	Housing Rehabilitation Program
• Antirecession Funds	19,835	To be Applied to Highway Budget
• Bicentennial Grant	2,300	Historic Markers for Heritage Park

Other Business: Other Town business the Selectmen were involved with included:

- Sponsoring the Town Centre and Old Sudbury Road being placed on the National Register of Historic Places.
- Adoption of an Emergency Operations Plan for the Town.
- Approval of revised Sanitary Landfill Rules and Regulations.
- Transfer of Town land to the Water District for a new well site in return for water on the Town Common and in Heritage Park.
- Approved site plans for four major new Town businesses.
- Appointed two new Police Officers.
- Sponsored public informational meeting on the National Flood Insurance Program and agreed to represent Town residents on appeals from the Flood Hazard Boundary Maps.
- Obtained Town Meeting approval for the purchase of a new Emergency Ambulance vehicle.
- Revised and updated Selectmen's Policies and Procedures.
- Signed the Sudbury/Wayland Septage Sludge Disposal Plant agreement and appointed the Town Engineer, Mr. Merloni, to represent the Selectmen on the Operational Review Committee.
- Approved installation of a new Town Hall telephone system and joint operation with the local school system.

OUTSIDE INFLUENCE AND INVOLVEMENT

The Selectmen this past year continued to work and serve on State and County associations in order that Sudbury's voice might be better heard on Beacon Hill. William Toomey again served on the Executive Board of the Massachusetts League of Cities and Towns and was later appointed to its Nominating Committee. He was also on the Nominating Committee of the Massachusetts Selectmen's Association. John Powers served on the Legislative Committee of both the Massachusetts Selectmen's Association and the Middlesex County Selectmen's Association. Ira Potell served as Chairman of the Middlesex County Selectmen's Association By-law Reform Committee. Our Executive Secretary, Richard E. Thompson, was elected Secretary/Treasurer of the Massachusetts Municipal Management Association.

The Selectmen again convened meetings this year of the South Middlesex Area Selectmen to discuss common problems of adjoining towns. Early in 1977 the Sudbury Selectmen are sponsoring additional meetings with area Selectmen and area Senators and Representatives...first to gain support to repeal certain sections of the State Collective Bargaining Law. 1977 is a good year to speak to our local Representatives because the House will be reduced in size by 80 at the 1978 elections... their accountability to the voters will be easier seen.

Anthony Moore, Mayor of Sudbury, England joins Selectmen Toomey, Powers and Potell and Executive Secretary Thompson at a meeting while Barbara Edwards takes notes. (Vic Neumeier photo)

LOOKING FORWARD

Now that 1976 is behind us we must look forward to 1977 and all the issues and problems it will bring us. It appears the word for 1977 will be "REFORM". The Governor of Massachusetts and the Mayor of Boston are both proposing major reform packages that would affect every city and town in the Commonwealth. These reform movements at the State level range from an eventual take-over of all County court costs to no new mandated programs being imposed on cities and towns unless the State has the money to totally fund the programs. The political leaders of the City of Boston have proposed changes that will hopefully make the city more solvent...and what impacts on Boston will impact on surrounding towns.

It looks good for 1977, but we must not forget the past years of economic recession. We must continue to fight at the county, state, and federal level for local economic relief. We must insist that a State that borrowed more than one billion dollars in fiscal 1976 comes to grips with its problems. We must remember that an economically unhealthy major metropolitan core city (Boston) is unhealthy for all of us. Working together and supporting efforts at economic reform will pay us dividends in the future.

The Selectmen will keep abreast of these reform efforts as they unfold in 1977...keeping Sudbury's best interests in mind all the time.

Respectfully submitted,
William F. Toomey; John C. Powers; Ira M. Potell

BOARD OF SELECTMEN FINANCIAL REPORT

July 1, 1975 - June 30, 1976

Liquor Licenses	\$ 9,250.00
Liquor Identification Cards	58.00
Liquor Advertising Fees	30.00

Charges for Custodial Services	170.44
Sale of Carriage Parts, Hosmer Barn	35.00
Tax Possession Land Sale	14,700.00
Total Receipts	<u>\$ 26,418.79</u>

TOWN COUNSEL

In the past ten years the entire world has experienced sweeping changes in attitudes and conditions. These changes are reflected to a great extent in the laws governing the authority and functions of municipalities. New laws have been enacted to preserve our environment, heritage, and quality of life. The necessary effect of these changes has been to dramatically change the role of the legal department with respect to the handling of municipal affairs. No longer can the function of the legal department be confined solely to attendance at town meetings, the review of contracts, drafting of deeds and occasional representing of the Town in litigation. Virtually every town department and committee must now look to the legal department for opinions and advice in the day-to-day operation of the Town.

Various Town boards and departments requested and received assistance in 1976 on such subjects as subdivision bond enforcement, cemetery regulations, tax title foreclosure, the Haskell Land tennis courts, walkways, contracts site plan enforcement and alcoholic beverage licensing.

During 1976, fifty-two legal opinions were rendered, and the Town was involved in litigation in the following courts: Supreme Judicial Court, 1 case; Superior Court, 12 cases; District Court, 4 cases; Land Court, 2 cases; and the Appellate Tax Board, 12 cases.

During the short period of time since I was appointed Town Counsel, I have been able to familiarize myself with the pending litigation and legal problems confronting the Town. The organization and administration of the Town in general and the aid of our Assistant to Town Counsel, Thomas French, have contributed to ease the burden of this effort.

Respectfully submitted,
Paul L. Kenny

CEMETERY STUDY COMMITTEE

The Cemetery Study Committee was appointed in October by the Board of Selectmen to re-write the rules and regulations for Sudbury's town cemeteries. It had been discovered that no cemetery rules and regulations had ever been approved by Sudbury Town Meeting, and since the current cemetery operating rules were out of date this committee was appointed to draft new rules and regulations to be voted on as an article at the 1977 Town Meeting. Because of the religious nature of this business, the Selectmen has each clergyman in Sudbury choose either himself or a member from his congregation to serve on the committee. The following citizens were appointed: Algy Alexander; Ralph H. Barton; L. Rose Ellis; Rev. Homer A. Goodard; Rev. Joseph F. Gough; W. James Hodder; Rev. Shephard S. Johnson; Rabbi Lawrence Kushner; Marilyn A. MacLean; F. Alvin Noyes; Dr. Norman L. Pollock; Rev. Stanley G. Russell, and Rev. Richard M. Spierling.

The Committee completed rewriting a new draft of the Cemetery Rules and Regulations and submitted them to the Selectmen on November 22, 1976.

Respectfully submitted,
Rev. Homer A. Goodard, Chairman

BOARD OF APPEALS

During 1976, the Board of Appeals considered 56 cases, an increase of nine cases over those heard in 1975, 42 of which were granted, 8 denied, 4 withdrawn, one pending, and one dismissed.

At the annual business meeting, the board reviewed its rules and a copy of the rules was filed with the Town Clerk.

In 1976, Philip O. Ahlin decided to retire from the Board of Appeals. The board is indebted to Mr. Ahlin for his many years of fine service.

The cases considered during the year and the board's actions thereon are listed below. The asterisk indicates that the variance or permit was granted with certain limiting restrictions safe-guarding the public interest. Actions of the board are a matter of public record and are on file with the Town Clerk.

Respectfully submitted,
Alphonse J. Briand; Ronald G. Adolph; Eunice H. Secatore; John F. McKenna; Robert P. Savoy

76-1	LIBERTY LEDGE REAL ESTATE TRUST - CAMP SEWATARO - Liberty Ledge Permit to operate Camp Sewataro	Granted
76-2	REICH, MARK A., IRWIN, & JOAN - 43 Kendall Road Permit for the retail, catalog sales of stereo equipment.	Granted*

Renewal of permit for a 5-foot tower. | Granted* |

MODERATOR

As I have said many times in 1976, this was the year that nothing happened, all at once. For the 1976 annual town meeting, there was nothing of controversy, and very little of widespread interest, to bring the voters out to the meeting. As a result, there was difficulty on several occasions in obtaining and maintaining quorums.

At the time, many said to me privately, that, at last, it was time to start moving toward the representative town meeting form of government. I don't think that would solve the problem we had. The representative town meeting in Natick has failed to make quorum (South Middlesex News, April 19, 1974), so the problem is not peculiar to the open town meeting.

I have said several times that the non-events of 1976 should not be used as a basis for making far-reaching decisions, because this was a freak year. But I would like to find out how the voters feel about the whole subject of quorums. A quorum requirement seems to be a sacred institution, almost like the open town meeting itself. But many towns get along perfectly well without it, or with minimal quorums such as 25. Their philosophy is that once the people have been informed that a town meeting is going to be held, that meeting will be held; those present will make the decisions, and those not present have no complaint coming. I would want to learn much more about people's feelings on the subject before proposing such a basic change, but I would like to ask a question: In order to be able to govern ourselves, is it necessary to have controversial articles in the warrant to attract voters?

On the subject of appointments, after nine years of experience, I have learned that it is a rare person willing to serve more than one grueling term on the Finance Committee; consequently, I have had to build nine Finance Committees, sometimes from the scratch of only two or three continuing members. The amazing part of it is that there is so much good talent in this town willing to serve for even one term.

In closing, I'd like to thank those who did attend the town meeting, and thus made it possible to do the town's work for another year.

Respectfully submitted,
Frank R. Sherman

HIGHWAY SURVEYOR

HIGHWAY DIVISION

Nineteen hundred and seventy-six has been one of the busiest years for our Highway Department. Many projects were completed during the construction season, such as: the relocation of a portion of Route 117, and building of parking lots for the School Department and Conservation Commission. Several drainage projects and culverts were replaced. A very dangerous drainage condition was corrected at the Curtis Junior High School for the School Department.

The stone seal program started several years ago and has been updated and changed to a more specialized seal program. Each street is being evaluated and will be resurfaced with several different types of material based on conditions of the existing pavement, traffic, and several other factors.

The normal yearly maintenance programs have been continued and several suggested improvements will be implemented for the coming year. This year was the first year we were able to sweep every street at least once, and many were swept twice by an outside contractor. The existing town-owned sweeper has been utilized for back-up purposes only.

Another first for the Highway Department was the cooperative group bidding with ten other communities for winter deicing materials. This venture saved the Town approximately \$1500 for the year, due to a decrease over last year's bid price.

Another new program instituted this past summer was the employment of three students from the Neighborhood Youth Corporation to augment our part-time college help. There was no cost to the Town for this program, and the assistance was appreciated. During the fall, we utilized the work study program at the Regional High School. Two students were employed on a part-time basis for several planned projects: the mapping of all catch basins and regulatory signs, and the preparation of a street index map for the present and future road maintenance program.

Dangerous curve at Davis Corner, Rt. 117, is removed by Sudbury Highway Dept.
(Town Crier photo)

LANDFILL

Many changes were made during the past twelve months at our landfill. The water line was installed at long last as was a new septic system and a more adequate building for the operator. The building for the compactor was also relocated to a more suitable site, and an addition was added for the storage of a front end loader.

In order to start a new cell, it was necessary to remove approximately 24,000 cubic yards of cover material. This was completed in early summer through competitive bidding at a substantial savings over several prior estimates.

During the next year or so, we will begin to develop the area on the easterly side of the Landfill site. This area has been designated on our state approved plan for future development.

CEMETERIES

A maintenance repair program was established to repair all the broken headstones throughout the cemeteries. Two tombs at the Wadsworth Cemetery were also repaired, and a portion of the stone wall at the Wadsworth extension was rebuilt.

The normal maintenance was carried as usual for the entire year. This year was above average because there was a total of fifty-five interments.

WALKWAY PROGRAM

Peakham Road (Hudson Road to Peakham Road) Walkway Construction was started in the fall, and we expect it to be completed by early spring.

Old Lancaster Road (Concord Road to Peakham Road) Walkway Construction was also started in the late fall once all the easements were signed. It also will be completed by early spring.

Old Lancaster Road (Peakham Road to Hudson Road) should be ready for construction about the first part of May with a completion date prior to Labor Day.

All the above-mentioned projects are several of the activities performed by your Highway Department. In closing, I wish to express my sincere thanks to the citizens of Sudbury, my employees and all Boards, Commissions, Committees, and Departments of the Town for their aid and assistance during the year 1976. I look forward to a bigger and better year to come as your Highway Surveyor.

Respectfully submitted,
Robert A. Noyes

EARTH REMOVAL BOARD

During the year 1976 there were no applications for new locations in the town.

The following permits were renewed for a period of one year: 1) Paul F. Cavicchio, Codjer Lane; 2) Paul F. Cavicchio, Union Avenue; 3) Melgrove Realty Trust, Mr. Thomas J. Vassalotti, Trustee, Codjer Lane.

The Board conducted periodic inspections to assure that the sites were being maintained in conformance with permit requirements. No complaints were received and no violations were observed.

Respectfully submitted,
James H. Malonson, Chairman; Robert Burd;
Myron Fox; Robert Turner

Two views of Sudbury...through a church window and the camera's eye.
(Vic Neumeier photo) (Town Crier photo)

INSURANCE ADVISORY COMMITTEE

The Insurance Advisory Committee is in its 5th year of reviewing and recommending proper insurance coverage for the Town. This year as in the past, the Committee surveyed the insurance needs of the Town for automobiles, workmen's compensation, fire, theft, general liability and health coverage. The Committee feels that the Town is continuing to maintain a responsible and economical posture in terms of insurance coverage.

Mr. Earl B. Hoyle has resigned from the Committee after five years of service. Mr. Hoyle is an original member of the Insurance Advisory Committee and has energetically donated his time and expertise to the Town.

Respectfully submitted,
John H. Wilson; John C. Naatz

SIGN REVIEW BOARD

The Sign Review Board met on the third Tuesday of each month. Thirty-five applications came before us in the year 1976. An equitable solution to each sign application was reached which we feel benefited both the business community and the Town.

It is the feeling of the Board that the appearance of signs along the Post Road is improving, and that the pattern has been set for continuous upgrading in keeping with what the Townspeople would like to see on their "Main Street."

Respectfully submitted,
G. Burton Mullen, Chairman; Leon Zola;
Malcolm M. Beers; Dorothy Emmons;
Dr. Stanley Barron

PERSONNEL BOARD

In fulfilling its obligation to administer the Personnel Administration Plan of the Town of Sudbury, the Board met on a regular schedule. Much of the time was spent in routine tasks: evaluation of newly hired persons, sick leave requests, educational reimbursements, and step and incentive pay increases.

The Board continues its work in updating job descriptions and salary schedules. This work, some of which will be at issue at the next Town Meeting, will continue into the new year.

It is with regret that the Board announces the retirement of George Distler. We wish to extend our thanks for his many years of valued service to the Board.

Respectfully submitted,
Margaret Bonarrigo; Daniel McLean; Alan P. Carpenter;
A. Douglas Dalton

TALENT SEARCH COMMITTEE

The Talent Search Committee was established to provide the appointing officials in Sudbury Town Government with up-to-date lists of those citizens interested in serving our town. This year, to minimize expenses and reach the largest possible audience, we limited our advertising to "clip-out coupons" in Bentley's Community Calendar.

To facilitate the data processing aspect of our function, we have categorized interest areas as follows:

administration, board of appeals, business, celebrations, conservation, data processing, education, elderly, finance, facilities, general, health, highways, historical, housing, library, personnel, planning, recreation, regional, town report, and transportation.

If you would like to serve your town in one of these areas, please complete one of the Registration forms available at Town Hall or Town Meeting.

Respectfully submitted,
William R. Harding, Chairman; Priscilla T. Harding;
Joseph Levesque

TOWN REPORT PREPARATION COMMITTEE

This publication, Part I of the Annual Town Report, contains all the committee and board reports and financial statements, and a summary of 1976 Town Meetings' actions which was prepared by this committee. The detailed Town Meeting Proceedings prepared by the Town Clerk comprise Part II of the Town Report and are available at the Town Clerk's Office.

Our thanks go to the Town's committees and boards, almost all of which submitted succinct, well written reports, to Vic Neumeier for the cover photograph and many others, to the Town Crier for allowing us to cull its files for additional photos, and to the many Sudbury school students who submitted drawings from which the committee chose those used in this report. The artwork chosen is merely a reflection of the diligent efforts of all those who took the time to participate. We think the drawn vision of Sudbury in the future contrasts nicely with the many photographs depicting our Bicentennial celebration of the past year.

The 1976 Town Report was printed by The Rene Press, Inc. of Fitchburg and distributed by the Sudbury DeMolay Chapter to which the Town makes a contribution equivalent to one half the cost of mailing the reports.

Respectfully submitted,
Susan Abrams; Virginia Allan; Mary Mahoney;
Victor Neumeier; Nancy Schwartzman; Michele Singer

TOWN MEETINGS

SUMMARY OF 1976 TOWN MEETINGS

The following is a summary of the actions taken by the Annual and Special Town Meetings on the articles in the warrants for those meetings. The more detailed official Town Meeting Proceedings appear in Part II of this Annual Report, copies of which are available in the Town Clerk's Office. Copies are also available for your perusal at the Goodnow Public Library.

ANNUAL TOWN MEETING, APRIL 5, 6, 7, 12, 1976

Article 1. Hear Reports: VOTED unanimously that the Town accept the reports of the Town Boards, commissions, officers and committees as printed in the 1975 Town Report.

Resolution: VOTED unanimously that the Town express its gratitude to Paul H. McNally for his dedicated service on the Town Planning Board for the last six years.

Article 2. Temporary Borrowing: VOTED unanimously that the Town authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of revenue of the financial year beginning July 1, 1976, in accordance with the provisions of General Laws.

Article 3. Personnel Bylaw - Salary Plan: VOTED unanimously that the Town amend the classification and salary schedule, Schedule B, in Article XI of the Town Bylaws, as set forth in Article 3 in the Warrant for this meeting, with the following exceptions under "Highway Department, Annually Rated:"

- A. Delete the classification of "Highway Superintendent individually rated - maximum \$21,000."
- B. Change the title of "Assistant Highway Superintendent" to "Assistant Highway Surveyor."

Article 4. Personnel Bylaw - Employee Benefits: No amendments to the Employee Benefits section of the Personnel Bylaws were proposed.

Article 5. Amend Bylaw, Article XI, Personnel Administration Plan: VOTED that the Town amend Article XI of the Sudbury Bylaws by striking out the first paragraph in Section 12, and by adopting in place thereof the following: "This Bylaw may be amended by a majority vote at any Town Meeting."

Article 6. Budget - Summary of Appropriation Votes:

DEPARTMENT	VOTED
100 Sudbury Public Schools	\$ 4,400,000.00
120 Community Use of Schools	18,360.00
130 Lincoln-Sudbury Regional High School	2,957,644.52
140 Minuteman Regional Vocational Technical High School	271,191.00
200 Debt Service	674,152.50
310 Fire Department	503,735.25
320 Police Department	476,082.00
340 Building Inspector	97,832.00
350 Dog Officer	19,332.00
360 Conservation Commission	37,611.00
370 Board of Appeals	2,000.00
380 Industrial Development Commission	1,100.00
385 Sign Review Board	1,000.00
390 Civil Defense	250.00
400 Highway	757,115.00
501 Selectmen	66,975.00
502 Engineering	108,866.00
503 Law	29,000.00
504 Assessors	29,775.00
505 Tax Collector	28,655.00
506 Town Clerk and Registrars	51,520.00
507 Treasurer	14,300.00
508 Finance Committee	2,000.00
509 Moderator	100.00
510 Permanent Building Committee	460.00
511 Personnel Board	1,300.00
512 Planning Board	9,350.00
513 Ancient Documents Committee	1,800.00
514 Historic Districts Committee	274.00
517 Revolutionary War Bicentennial Committee	1,000.00
518 Council on Aging	2,818.00
519 Talent Search Committee	100.00
520 Committee on Town Administration	150.00
521 Accounting	41,941.00
600 Library	138,868.00
700 Park and Recreation Commission	108,290.00
800 Health	101,792.00
900 Veterans	11,824.00
950 Unclassified	638,123.00
TOTAL	\$11,606,686.27

VOTED unanimously:

A. That the Town appropriate and transfer \$325,000 from free cash to be applied to the appropriations voted under Article 6, with the instruction to the Town Accountant to reduce the total appropriations for Article 6 by that amount;

B. That salary and overtime appropriations within a departmental budget are funded hereunder as integrated line items, provided, however, that the departmental appropriations for one such line item cannot be used for another line item without prior approval, in each instance, by the Finance Committee;

C. That the snow and ice line items 460-30 Materials, 460-40 Equipment, and 460-50 Contractors are funded hereunder as integrated line items, provided, however, that the appropriations for one line item cannot be used for another line item without prior approval, in each instance, by the Finance Committee;

D. That, with the exception of account 100 Education and the integrated line items provided by this motion, all other line items in all other accounts have been voted as segregated line items for accounting and expenditure purposes;

E. That all automobile mileage shall be paid at the rate of 14¢ per mile upon submission of a proper voucher; and

F. That all appropriations under Article 6 shall be for the fiscal year July 1, 1976 through June 30, 1977.

Resolution: VOTED unanimously that the Town express its appreciation to Mr. J. Leo Quinn for his dedication and hard work on behalf of the inhabitants of Sudbury for over fifty years.

Article 7. Amend Bylaw, Article IX, V, J, Garage Sale Signs: INDEFINITE POSTPONEMENT of a motion to amend the Zoning Bylaws by permitting the use of garage sale signs under certain conditions.

Article 8. Raymond Road Well Site: VOTED unanimously that the Town authorize the Board of Selectmen to negotiate with the Sudbury Water District to deed 6.02 acres of land, situated next to the Penn. Central Railroad right of way, between Nobscot Road and Raymond Road, for a new well site.

Article 9. Professional Planning Services: VOTED that the Town raise and appropriate \$14,650 to be expended under the direction of the Planning Board, for providing professional planning services for the Planning Board.

Article 10. Amend Bylaw, Article IX, IV, B, Intensity Schedule: VOTED unanimously that the Town amend the Zoning Bylaws by adding the new footnotes relating to frontage length and requirements set forth in Article 10 in the Warrant for this meeting.

Article 11. Amend Bylaw, Article IX, Section IV, C, 2, Intensity Modifications and Exceptions: INDEFINITE POSTPONEMENT of a motion to amend the Zoning Bylaws by adding a definition of "minimum front yard" in Residential Districts.

Article 12. Amend Bylaw, Article IX, Section II, C, Industrial District No. 2, Petition: INDEFINITE POSTPONEMENT of a motion to amend the Zoning Bylaws to change the portion of Industrial District No. 2 east of Hop Brook, south of Codjer Lane and north of the Town of Sudbury Library lot from industrial to residential.

Article 13. Walkways Planning and Construction: VOTED that the Town raise and appropriate \$50,000 and transfer and appropriate \$50,000 for the planning, engineering, and construction of walkways on:

- a) Morse Road from Concord Road to Marlboro Road,
- b) Mossman Road from Marlboro Road to North Road,
- c) Peakham Road between Hudson Road and Old Lancaster Road,
- d) Old Lancaster Road between Hudson Road and Concord Road,
- e) Peakham Road between Horse Pond Road and the Railroad Crossing.

Article 14. Ambulance Purchase: VOTED that the Town raise and appropriate \$25,000 to be expended under the direction of the Board of Selectmen, for the purchase of a new, fully equipped, Class I Ambulance for the Town.

Article 15. Amend Bylaw, Article V, Unsolicited Advertising: VOTED that the Town amend the Sudbury Bylaws by adding a new section which would allow property owners to request in writing that no advertising material be placed on their property.

Article 16. Special Act, Town Clerk Fees: VOTED to approve a petition to the General Court of Massachusetts that the Town Clerk, commencing July 1, 1977, pay to the Town Treasurer that part of dog license and fish and game license funds formerly retained by the Town Clerk under provisions of the General Laws, with concomitant adjustment in the salary of the Town Clerk, and to authorize and request the Board of Selectmen and/or the Town Clerk to petition the General Court to enact this special law.

Article 17. Amend Bylaw, Article III, 7, Town Clerk Fees: VOTED to amend the Bylaws to exempt fees retained by the Town Clerk until such time as the General Court approves the petition in Article 16.

Article 18. Adopt Bylaw for Auxiliary Police, Petition: INDEFINITE POSTPONEMENT of a petition to amend the Bylaws by adding a section formally establishing that there is an Auxiliary Police Unit within the Sudbury Police Department.

Article 19. Exterior Door Replacement - Schools: WITHDRAWN.

Article 20. Roof Repairs - Schools: INDEFINITE POSTPONEMENT of a proposed appropriation of \$11,000 to be expended under the direction of the School Committee for roof repairs at the Horse Pond Road and General John Nixon Schools.

Article 21. Recreation Facilities, Haskell Land: VOTED that the Town raise and appropriate \$12,000 to be expended under the direction of the Park and Recreation Commissioners for the purpose of continuing the development of recreational facilities on the Haskell property.

Article 22. Electronic Data Processing: DEFEATED a motion to raise and appropriate \$12,000 to be expended under the direction of the Board of Selectmen for the rental and/or purchase of electronic data processing equipment and related programming systems, forms and supplies.

Article 23. Street Acceptances: VOTED unanimously to accept the layout of the following Town ways or a portion thereof: Beechwood Avenue, Pinewood Avenue, Great Lake Drive, Crystal Lake Drive, Elmwood Avenue, Basswood Avenue, Arborwood Road, Willis Lake Drive, Oakwood Avenue, Birchwood Avenue, Moran Circle, Lake Shore Drive, Flintlock Lane, Musket Lane, Starview Drive, Lakewood Drive, Juniper Road, Wake Robin Road, and Woodmere Drive and to raise and appropriate \$1,000 for expenses.

Article 24. Amend Bylaw, Article V, Section 10, Public Safety: VOTED unanimously to amend the Bylaws by deeming that no person, unless authorized by law as evidenced by a permit, shall deposit waste material in the Town sanitary landfill, thereby making the Bylaw consistent with State Board of Health Solid Waste Disposal Regulations.

Article 25. Amend Bylaw, Article V, Sections 11 and 12, Public Safety: VOTED unanimously to amend the Bylaws by deleting the word "dump" wherever it appears and substituting the words "disposal area or sanitary landfill," thereby making the Bylaws consistent with the State Board of Health Solid Waste Disposal Regulations.

Article 26. Amend Bylaw, Article XIV, Section 2, Perpetual Care of Burial Lots: WITHDRAWN.

Article 27. Cemetery Commissioners, Rules and Regulations: WITHDRAWN.

Article 28. Drawings/Specifications for Drainage Systems: VOTED that the Town raise and appropriate \$10,000 to be expended under the direction of the Selectmen for engineering drawings and specifications for drainage system construction in South Sudbury.

Article 29. Construct Surface Drains: Pinewood, Beechwood, Oakwood, Great Lake, Crystal Lake, Basswood: NO ACTION TAKEN due to adjournment without day on a proposed appropriation of \$71,500 for the construction of surface drainage systems in the Pine Lakes area.

Article 30. Construct Surface Drains: Basswood, Willis Lake, Pinewood, Oakwood: INDEFINITE POSTPONEMENT of a proposed appropriation of \$62,000 for the construction of surface drainage systems in the Pine Lakes area.

Article 31. Relocation/Reconstruction, Portion Route 117: VOTED that the Town raise and appropriate \$32,000 to be expended under the direction of the Highway Surveyor, to alter and reconstruct an unsafe curve on Route 117 (Davis Farm) in accordance with plans prepared by the Middlesex County Engineer's Office.

Resolution: VOTED unanimously to record the Town's recognition and appreciation of the service of several citizens who passed away during 1975:

Willis Fay (1893 - 1975)
Harold E. McMurtry (1919 - 1975)
L. Roy Hawes (1901 - 1975)
Dr. David W. Hapgood (1914 - 1975)

Article 32. Relocation/Reconstruction: Portion of Hudson Road: NO ACTION TAKEN due to adjournment without day on a proposed appropriation of \$23,000 to alter and reconstruct a portion of Hudson Road.

Article 33. Landham Road Reconstruction: NO ACTION TAKEN due to adjournment without day on a proposed appropriation of \$60,000 for the reconstruction of Landham Road.

Article 34. Purchase Walkway Plow: INDEFINITE POSTPONEMENT of a proposed appropriation of \$13,000 for the purchase of a walkway snow plow.

Article 35. Continue Bus Transportation Committee: NO ACTION TAKEN due to adjournment without day on an article to continue the Sudbury Bus Transportation Committee and a proposed appropriation of \$45,000 to provide public transportation in Sudbury.

ADJOURNED

SPECIAL TOWN MEETING, APRIL 7, 1976

Article 1. Personnel Bylaw, Salary Plan, Article XI: VOTED to amend the Classification Plan and Salary Schedule, Schedule "B" in Article XI of the Bylaws as set forth in Article 1 of the Warrant for this meeting with the addition of the classification, "Fire Fighter/Emergency Medical Technician."

Article 2. Budget Adjustment for Collective Bargaining: VOTED that the Town appropriate and transfer from free cash \$28,255 as an addition to line item 310-11 (Fire Salaries) appropriation in Article 6, voted at the 1975 Annual Town Meeting. VOTED unanimously that the Town appropriate and transfer from free cash \$7,580 as an addition to line item 310-12 (Fire Overtime) appropriation in Article 6, voted at the 1975 Annual Town Meeting.

Article 3. Automatic Payroll Deposits: VOTED unanimously that the Town accept the provisions of General Laws, Chapter 41, Section 41B which provides that the Treasurer may, if authorized by a Town employee, make payment of that employee's wages and salaries by direct bank credits to a bank and account of the employee's choice.

ADJOURNED

1976 FINANCE COMMITTEE REPORT

Last year Sudbury was one of the few towns in the state to find itself with a tax rate lower than the preceding year's. This was due to several factors, but three are worth reviewing:

1) Sudbury's share of the Lincoln-Sudbury Regional High School budget was reduced by \$191,678 thanks to a larger than usual check from the state for regional aid reimbursement under Chapter 71.

2) The Town received a net gain of \$420,700 on the "Cherry Sheet", the document on which is listed the amount given back to cities and towns by the state.

3) Base salaries in the Personnel Bylaw were frozen at the 1974-75 level due to lack of wage settlements with various Town employee groups.

These factors were instrumental in reducing the tax rate from \$49.50 to \$47. What is important to remember this year is that both items 1) and 2) were unexpected windfalls and that in view of the Commonwealth's fiscal condition, we are not likely to be so lucky again this year.

The 1975-76 budget voted at last year's Annual Town Meeting has also increased as a result of wage settlements with Town employees, and money voted at December's Special Town Meeting.

Salary negotiations were completed late this year and an additional \$101,000 was added to the budget in December to cover the settlements, all but the agreement with the Firefighters, which was not settled until January, 1976. We will be asked to approve at least \$29,000 to cover the cost of the Firefighters' new contract. At the same December Special Town Meeting, the Sudbury School Committee requested and received another \$100,000 for its budget. In addition, another \$27,400 was voted for the Planner's salary and for unpaid bills. The June Special Town Meeting also authorized \$88,000 for the Schools.

While this total of \$345,400 has not been added directly to the tax rate, it did come from "Free Cash", and hence these funds are no longer available to offset next year's tax rate.

Last year there was deep concern in Sudbury about the state of the economy, and as a result, Town Departments' budgets reflected no new hires and only limited capital expenditures. Some people feel we still have not recovered from the economic downslide. Others think we are doing well enough now to resume programs previously postponed. The Finance Committee's recommendations attempt to balance these two views.

As always, the tax rate is dependent on appropriations, reimbursements and the Town's total assessed valuation. What are these projections for Fiscal 1977? The following table summarizes the estimates, but some deserve special comment. Through this Town Meeting we will determine the level of appropriations. County and state reimbursements are projected at last year's levels for convenience, but realistically we should prepare ourselves for decreases. The Assessors determine the total valuation.

If the Finance Committee's recommendations are followed, the budget will increase by \$595,492, or 5.4% over last year's figure, which has now been adjusted to include the Special Town Meeting votes. And again, this is before taking into account the effect of current salary negotiations, which is not yet known.

We are also recommending a total of \$196,650 for special articles, of the \$565,000 requested. Special articles authorize expenditures outside regular budget line items, such as new construction.

The balance of the appropriations cover "Overlay" (a cushion added by the Assessors to cover abatements) and state and county assessments.

Cherry Sheet receipts are those having the greatest impact on the Town, although there are miscellaneous receipts from Federal Revenue Sharing and other sources. We are using last year's number of \$2,350,000, although there is much talk of decreases in state reimbursement. If the decrease were in fact 10% (\$235,000) the impact would be \$1.40 on the tax rate. We are also projecting a \$200,000 increase in governmental receipts this year, most of which is due to the earlier revenues expected from auto excise taxes.

What does all this mean? For every \$100,000 you vote at this Town Meeting (or that the Town loses in reimbursements) the tax rate will go up \$.60 per thousand. We are trying to provide you with enough information to help you with your vote.

If you vote the expenditures we have recommended, and if our estimates prove reasonably accurate, the tax rate will go up about \$3.50 per thousand -- before completion of salary negotiations. In our recommendations we have used last year's salary figures for all individually rated personnel, although these also may go up once union settlements are reached.

In order to keep the tax increase to what we feel is a reasonable level, we have recommended deferring a number of programs. However, they cannot be deferred indefinitely. The Town has a choice: to further increase the tax rate by \$2 to \$5 over each of the next few years to fund these programs, or to cut back in other areas to ease the burden.

Since the two school systems together account for 63% of this budget, they deserve close attention next year. Enrollment is declining, but the cost per pupil is going up 9 to 12% each year. Plans to close a school, redistrict, consolidate, or reduce programs are now under study, and we encourage these efforts.

Last year a Bylaw amendment changed the submission date for non-monied town meeting articles from December 31 to December 1, to spread the Finance Committee's workload over a longer period. It didn't work. We were not given sufficient information at our December hearings, and could take action at that time on only four out of the 19 articles submitted to us. The remainder required additional hearings and followup by the Finance Committee. Perhaps the December 1 date is too early for proper preparation, and we have requested that the Committee on Town Administration take another look at this.

The Finance Committee is composed of citizens appointed by the Moderator for three-year terms. We serve as an advisory board, and as required by Town Bylaws we make recommendations on all warrant articles, whether they require monetary expenditure or not. Through hearings which run from December through February we consider the budget and other articles, and make our recommendations to the Town Meeting.

Our recommendations on the budget and other articles are printed in the Warrant. They represent the results of many hours of hearings and deliberation. We hope they will be of help.

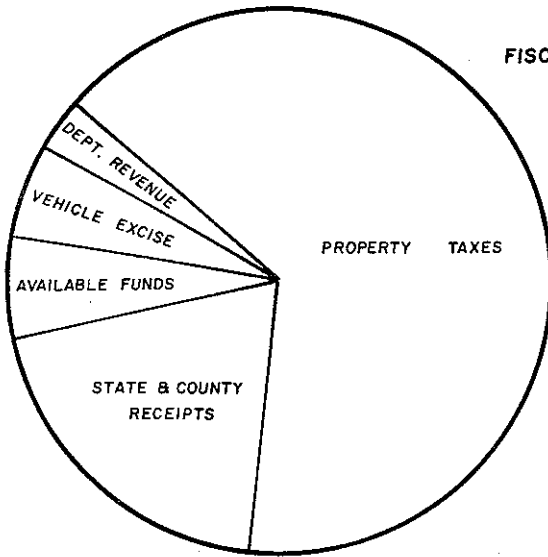

Respectfully submitted,
Lawrence Gogolin, Chairman; Karl Clough, Vice-Chairman; Monte Basbas; Donald Bishop; Lawrence Bussey; Elizabeth Byars; Robert Hotch; Sheila MacKinnon; Ira Potell; Pat Warshaver (resigned)

PRESIDENTIAL PRIMARY ELECTION - MARCH 2, 1976

The Presidential Primary Election was held in the Peter Noyes School on Tuesday, March 2, 1976. The polls were opened at 7:00 A.M. and closed at 8:00 P.M. There were 905 Republican ballots cast, including 26 absent ballots; 1872 Democratic ballots cast, including 43 absent ballots; and 4 American ballots cast (no absent ballots); a total of 2781 votes cast. Nine voting machines were used for the Republican voting, nine voting machines for the Democratic voting, and two voting machines for the American voting. The results announced by Town Clerk Betsey M. Powers at 10:15 P.M. were as follows:

PRESIDENTIAL ELECTION - NOVEMBER 2, 1976

The Presidential Election was held in the Peter Noyes School with the polls open from 5:45 A.M. to 8:00 P.M. There were 7,354 votes cast including 485 absentee ballots (Precinct 1 - 120; Precinct 2 - 113; Precinct 3 - 112; Precinct 4 - 140). Twenty-three voting machines were used. The precinct results were announced by the precinct clerks by 11:45 P.M.

PROTECTION

POLICE DEPARTMENT

The following is a report of the activities of the Police Department for the year 1976.

There were 141 arrests for various infractions of the law. Included were 54 people arrested for operating under the influence and 3 people driving stolen cars.

There were 93 Protective Custody detentions for drunkenness.

22 assaults were investigated.

289 Larcenies were reported. Not all required investigation.

13 cases of arson were investigated.

There were 12 breaks into local school buildings, 32 breaks into local business establishments, and 98 housebreaks.

Of these 142 total cases of breaking and entering, 60 were cleared by arrest and prosecution.

There were 21 cars stolen in Sudbury, and 22 stolen vehicles were recovered here. A large number of these recovered vehicles were torched.

The department handled 340 emergency medical aid calls during the year. We investigated 376 motor vehicle accidents including 5 fatalities.

Officers issued 2302 motor vehicle citations.

There were no rapes reported, no gaming arrests, and only 1 armed robbery resulting in arrest and conviction.

Requests for armed escorts, false alarms and door checks are continually taking up more and more of the Department's time. The Department is examining several plans to alleviate this problem of police being called upon for services outside their actual duties.

We are hopeful that, with the Fire Department's takeover of ambulance service that officers will no longer be kept off their beats for the purpose of transporting victims to the hospital.

I would like to take this opportunity to commend the auxiliary police for their outstanding work throughout the year.

Traffic problems continue to plague the town. Work on Route 20 scheduled for this year has been put off. The unprecedented growth along Route 20 has produced a tremendous problem for commuters. It appears imperative that some solution for easing the traffic problem be found. We have made several recommendations during the years relative to improving the intersections within the town.

We look forward, hopefully, to improvement in these areas in years to come. The safety of our citizens, especially children, should be a top priority. This office collected the sum of \$1,925.00 as fees for various licenses issued during the year, and our share of fines from the District Court amounted to \$2,006.00. These sums were turned over to the Town Treasurer.

I wish to thank the town's department heads for their cooperation during the past year. And to those citizens who take the time to become interested in good law enforcement, I extend my thanks for their advice and counsel.

Respectfully submitted,
Nicholas Lombardi

Francis E. White

FIRE DEPARTMENT

As Chief of the Fire Department I herewith submit my second annual report listing and explaining the activities of the Fire Department and its personnel for the calendar year 1976.

During the year 1976 the Fire Department responded to 998 emergency calls which consisted of structural fires, brush fires, medical emergencies and other miscellaneous calls for assistance.

I believe it is important to all Sudbury citizens and property owners to realize that the Sudbury Fire Department, which has only one officer and six firefighters on duty at any one time, has been responsible for responding to and completing 869 of the 998 emergency calls without calling back off duty personnel. These men have done an outstanding job for the Town of Sudbury when you consider that they are protecting a population of about 15,000 people, approximately 3,753 dwellings, 28 municipal buildings and 103 mercantile and manufacturing buildings valued at approximately \$228,955,000. In addition, they are responsible for the grass and woodlands of a 24.7 square mile area. In 1976 the Fire Department was able to keep the structural loss by fire to approximately \$50,000 and the grass and brush fire loss to 250 acres. There were no fire-caused deaths or injuries. To continue this type of progress it is absolutely necessary that a public and school fire prevention educational program be firmly established.

In 1975 we initiated a fire prevention program headed by a part-time fire prevention officer. At the Annual Town Meeting I had requested monies for a full-time fire prevention officer; this request was defeated. I am hopeful that this request will receive favorable action in 1977, as the need is great and the program cannot be continued on a part-time basis. Evidence of this need is indicated by the fact that of 131 brush fires which consumed 250 acres, approximately 100 were of an incendiary nature; and if you apply the national statistics to these incendiary fires, approximately 90% were started by children between the ages of 7 to 12 years. We must establish a meaningful fire-oriented educational program in our schools as well as our homes.

The Fire Department's fire prevention program in the schools suffered a setback this year when Captain Michael Dunne, line officer and part-time fire prevention officer, was forced to take a year's leave of absence due to personal injuries as a result of an automobile accident. The Department did, however, continue its in-service initial inspections and reinspections as programmed of all business and manufacturing properties as well as all schools. As a result of these inspections, potential hazards were eliminated and the year passed with only one fire in a manufacturing or mercantile establishment.

In 1976 the Fire Alarm Superintendent has replaced the underground cable in the Town Centre and has started the first phase of the four-year cable program for updating the fire alarm system. In addition, he has established a preventive maintenance program in cooperation with the utility companies; and after many man hours put in by the Superintendent and members of the Department, he has brought the fire alarm system into reasonable conformity to all rules and regulations of the National Fire Prevention Association and Insurance Services Organization.

The Fire Department now has 13 registered Emergency Medical Technicians. These men have been answering the emergency medical service calls and have been assisting the Police Department in the transportation of the sick and injured to nearby hospitals. The new ambulance will be ordered sometime in February of 1977 and will be in service by the July 1, 1977 mandate of the Ambulance Regulatory Law. The Fire Department and the EMT's will be the prime responders to all emergency medical situations and will man the ambulance for the transportation of the sick and injured. During 1976 the Fire Department assisted the Police Department at 165 medical emergencies and 123 motor vehicle accidents, of which many had personal injuries.

In closing this second annual report for the calendar year 1976, I wish to thank all the officers and firefighters of the Fire Department for their cooperation and efforts. I wish also to thank all Town Boards, Town Officials, Police, Highway, Engineering and Park Department officials and employees as well as the citizens of Sudbury for their cooperation and interest during 1976.

Respectfully submitted,
Josiah F. Frost

DOG OFFICER

There were 424 dogs picked up during the year of which 274 were claimed, 137 sold, 9 disposed of, and 4 dogs remain on hand.

Respectfully submitted,
Francis E. White

CIVIL DEFENSE

As Director of Sudbury's Preparedness and Defense Program, I herewith submit my annual report.

During the year 1976 your Director attended monthly meetings at Area #1 Headquarters in Tewksbury and has developed several programs for the Town of Sudbury.

A children's educational program entitled "Your Chance to Live" has been placed on the curriculum of the Junior High School, with the office of Civil Defense supplying all text books, work books, teaching guides, film strips and films.

A new emergency operational plan for all Town Departments is in the process of being completed.

With the cooperation of the Selectmen's office and all Town Department heads, a pre-planning session of action was conducted to prepare the Departments for any or all emergencies that might have arisen as a result of the hurricane threat in early August.

As Director of Civil Defense and Preparedness I wish to point out that your Civil Defense Organization consists of one part-time Director and a Radio Officer. Sudbury must recognize that proper Civil Defense activities require volunteer manpower as well as a dollar commitment. To date we have been operating on insufficient funds with no radio equipment and no personnel assistance.

My 1977 budget requests include monies for equipment, telephone expenses and miscellaneous repair monies. I ask the Town's support of this budget. It is necessary, if we are to have a viable organization that can meet the requirements of the Civil Defense and Preparedness Law and the responsibilities of the Town and its Director.

In closing this report I wish again to commend the Auxiliary Police for the time and efforts on the many occasions during the year when they assisted our regular Police Department.

Respectfully submitted,
Josiah F. Frost

(Town Crier photos)

ANIMAL INSPECTOR

All cattle, sheep, swine, horses and goats are being inspected as required by state law.

There were 33 bites reported for the period July 1, 1975 to June 30, 1976 in the following categories: 30 dog bites, 1 pig bite, 1 squirrel bite, and 1 monkey bite.

Please report all bites at once, no matter how slight.

Respectfully submitted,
Betsy M. DeWallace

EAST MIDDLESEX MOSQUITO CONTROL PROJECT

The East Middlesex Mosquito Control Project had outlined a near average program for Sudbury in 1976. A normal pre-season dusting schedule was accomplished in the first three months of the year. The April to September inspection and spraying schedule had to be reduced somewhat. Helicopter service helped spray larvicide on the larger wetlands in April. Adult mosquitoes appeared a little earlier than usual in May and the Project put the two truck ULV aerosol units into action. By this time it was apparent that the increasing cost of materials and services was going to require some reductions in the program to keep within the budget. It was decided to forego the usual helicopter ULV aerosol applications in June. EPA had yet not re-registered this application by helicopter at that time, and the alternative method as used last year would have been more costly. EPA cleared the Malathion ULV aerosol application at the end of June. However, a dry period set in and mosquito complaints were few. Frequent rains and an abundance of Flood Water mosquitoes developed in late summer. The Project alerted helicopter service, then cancelled it and relied only on the truck ULV aerosol work because complaints were not too many at that time.

After the mosquito breeding season ended, the fall drainage schedule commenced. The major work was at the Bartlett swamp south of Codjer Lane. Early freeze-up halted further drainage and pre-season dusting was started three weeks earlier than usual.

The EMMC Project balance at the end of December 1975 was \$8,003.03. At the end of fiscal year June 1976, the balance was \$565.07. Appropriations for current fiscal year, received 8/8/76, totaled \$14,000.00. The balance on December 31, 1976 was \$8,687.49. The EMMC Commission has requested an appropriation of \$15,000.00 for the fiscal year July 1, 1977 to June 30, 1978.

Respectfully submitted,
Robert L. Armstrong

HUMAN SERVICES

SUDBURY HOUSING AUTHORITY

The highlight of 1976 was the occupancy of Musketahquid Village -- Sudbury's first housing for the elderly. The Village was designed to provide convenient, safe housing for active elderly who wish to live in a community atmosphere. Judging from the reaction of its initial residents, it appears this goal has been achieved.

As completion of the Village neared in May 1976 the Authority selected sixty-four residents from among more than 120 applications. To insure impartiality the identity of each applicant was known only to the Authority's Executive Director, who interviewed all applicants. The information on each applicant was identified only by a control number when presented to the Authority for action.

Following their selection, prospective residents were invited to tour the Village on May 24 and to select the location of the apartment which most appealed to them. Members of the Authority were present to answer all questions, and there were many!

On June 14, 1976, tenants began to move in and by the middle of August almost all units were occupied. Seventy-five percent of the residents either lived in Sudbury prior to moving into the Village or had strong ties to the Town through children who are Sudbury residents.

A number of people and Town agencies have worked to assist the residents and to make them feel welcome in their new home. Among those who should be mentioned are Guy Dietrich, Chief Frost, and the Sudbury Fire Department, Highway Superintendent Robert Noyes and the Highway Department, Barbara Parrott of the Sudbury Public Health Nursing Association, Building Inspector Francis White, Chief Lombardi, and the Police Department.

Judy Mack was appointed to the Authority to fill the vacancy created by the resignation of Douglas Miranda. Anita Cohen was elected to the Authority in place of Lorraine Bauder, who chose not to seek reelection. The Authority owes much to Lorraine. The beauty and quality of the Village is very much the result of her effort. This was especially so during the construction phase when she put in probably more than forty hours per week monitoring the project. In November Willie Hoover reluctantly resigned due to business obligations. His term will be filled by appointment until the Annual Town Election in 1977.

Our first Executive Director, Dougal Menelaws, left at the end of his contract in November to begin work for the Massachusetts Historical Commission. The Authority selected Mrs. Dorothy Cabral, a resident of Sudbury, to be his successor. In July, Donel Roberts, another long-time resident of Sudbury, was hired to be maintenance supervisor for the Village and the five other homes owned by the Authority.

The Sudbury Housing Authority is continuing studies to determine the long-range housing needs of Sudbury. Over the past year it has been working actively with other Town Boards to fulfill these needs in a manner which will preserve Sudbury's character -- a facet of the community all can agree should be retained.

Respectfully submitted,
Dallas T. Hayes, Chairman; Robert B. Williams,
Vice Chairman; Anita Cohen, Treasurer; Judy Mack,
Asst. Treasurer

COUNCIL ON AGING

The Council on Aging in its third year continues its efforts to be of service to Sudbury's elderly in various ways. Free busses run twice a week to local shopping areas and once a month to the Natick Mall and Shoppers' World. These busses are very well patronized. Problems of some individuals have been resolved involving Social Security, welfare, insurance, and tax situations. Ten more Medic-Alert bracelets have been distributed free to elderly persons who have specific health problems that need to be readily identified in an emergency.

The SPHNA and Health Department conducted several clinics to give Swine/A-Victoria flu vaccine to elderly citizens. Additionally, blood pressure clinics are held each week at the Drop-In Center.

A Telephone Hot Line is in the planning stage. Questionnaires to be sent to those over sixty will determine which individuals living alone would like to be called each morning by volunteers to ascertain that all is well and to ask if any medical or other assistance is needed during the day. The procedure in case the phone is not answered will be worked out in a meeting with police, fire, and health officials.

The Drop-In Center, open to all elderly citizens on Fridays from 11:00-3:00 at the Congregational Church on Concord Road, has had a busy year. Attendance has increased to the bursting point. This year's events include an April anniversary party at Wayland House, forty-five people on a boat trip around Boston Harbor followed by a bus trip to Gloucester -- a very busy day, a deep sea fishing trip for men, an October pot-luck luncheon attended by seventy people, and a Christmas party at J.T.'s Steak House planned for December 17.

Both men and women of the Drop-In Center ran a highly successful Christmas Fair at Town Hall raising \$285 for the benefit of FISH (Friends in Service Helping).

Many people from the community have helped to make 1976 a fine year at the Drop-In Center. Camp Fire girls provided entertainment for one Friday and also assisted in the mailing preparations of the Hot Line questionnaires, garden club members helped make Christmas decorations to be used at home, and a local artist gave free painting lessons. Many town merchants continue to allow discounts and other considerations to Sudbury's elderly (including free car inspections.) A local bake shop for the third year has donated a large decorated cake on the last Friday of each month to celebrate birthdays.

We are fortunate in having excellent volunteers who make the Drop-In Center an integral part of so many lives in such a pleasant manner. The Council on Aging encourages all Sudbury men and women over sixty years of age to come to the Drop-In Center, and to contact any member of the Council if there is any way in which we could be of assistance.

Respectfully submitted,

Rev. Joseph Gough; Ms. Judith Mack; Dr. John O'Neill;
Mrs. Barbara Parrott; Mrs. Gloria Powaza; Mr. George
Seale; Mr. John Sullivan; Mr. Donald Willard;
Mrs. Marion Letteney, Secy; Ms. Barbara Bortle,
Assoc. Member for Drop-In Center

VETERANS' AGENT

The Veterans' Agent - Veterans' Graves Officer had a busy year during 1976. Many veterans died and their widows were given assistance in filling out V.A. forms for burial expense reimbursement and widow's pensions. The number of veterans applying for help increased over previous years.

In the spring of 1976, vandals stole all of the bronze flag holders from veterans' graves in the Old Town and New Town Cemeteries. It took many hours of searching records in order to replace the flag holders on the proper graves in time for Memorial Day.

Respectfully submitted,
Frank H. Grinnell

VETERANS' ADVISORY COMMITTEE

The Veterans Advisory Committee was created by the Selectmen in November 1973. The committee works with the Veterans Agent and all veteran organizations. They may be called upon to aid or assist any veteran or the family of any veteran in times of illness, hardship or death. They will also assist veterans in obtaining needed hospitalization, visit those who are sick or disabled, and visit and comfort members of a veteran's family in times of illness or bereavement.

Respectfully submitted,
Paul J. Leahy; Catherine Greene; Thomas F.
McDonough; Alfred F. Bonazzoli; William A. Burns

PARK AND RECREATION COMMISSION

New activities, facilities and celebrations were the highlights of the 1976 Park and Recreation year.

In the spring, an organization open to all Sudbury citizens interested in radio control and model airplane building was formed. This enthusiastic group has continued to grow throughout the year and will test their skills on a portion of the Davis Land in North Sudbury.

Late in the year, Girl's Basketball came to Sudbury. Taking a lead from the highly successful boys' program, a group of Sudbury parents under the guidance of the Park and Recreation Commission started a basketball program for girls, grades 4-6. Over 200 girls signed up to play in this initial season.

Tennis buffs enjoyed the new surfaces installed on two of Featherland Park's courts. Next spring, four brand new courts with similar surfaces will be open for use. These recent additions to the Haskell Land were built entirely with money from a federal grant received by the Town specifically for this project.

Three new softball fields were used for the first time this year. Sudbury Girl's Softball put the two fields at Haskell and one at Feeley Park to a true test by scheduling a full compliment of games at each of them.

At Feeley Park, the new shuffle board courts that were not quite ready for fall play should give senior citizens hours of pleasure commencing in the spring.

Swimming continues to be a popular summertime activity. Over 525 eager boys and girls made the daily trek to Walden Pond to partake in this year's program. Unfortunately, our days at Walden Pond appear to be numbered since the Department of Natural Resources has plans to return Walden to a more passive area in the future. With no comparable site readily available for our program, the Park and Recreation Commission has asked a citizens committee to study the needs and feasibility of creating a swimming facility (or facilities) in Sudbury in the not-too-distant future. This committee has been diligently accumulating facts and figures for over a year and should have a final report ready for the Commission sometime in this coming year.

With 1976 the final Bicentennial year, the Park and Recreation Commission coordinated its 4th of July activities with those of other Town organizations to help provide the Town with a three day celebration worthy of this notable occasion. Park and Recreation's efforts were gratified by the large number of participants and viewers. From the model flying exhibition at Haskell on Saturday, the family picnic and exhibition baseball game at Feeley Park on Sunday, to the crowning of Andrea Roessler as Miss Sudbury and the magnificent float-filled parade on Monday, the record crowds that attended all of these events made this year one that the Town of Sudbury will always remember.

Respectfully submitted,
John E. Murray, Chairman; Robert E. Grant, Clerk;
John R. Carter; Pasquale T. Piscitelli; Arthur A. Walker

BOARD OF HEALTH

This report will outline some of the major Board of Health activities in the year 1976 in which there were 23 regular meetings.

NURSING SERVICES

Under contract to the Board of Health, the Sudbury Public Health Nursing Association provided the following health care services. Twelve well child clinics were held in 1976 with 111 visits by 58 families. In the School Immunization Clinic 157 T.D. and 17 measles/mumps/rubella immunizations were administered and 545 children received tuberculosis tests. In the Adult Immunization Clinic 1 typhoid, 1 tetanus and 14 B-12 injections were administered and 113 tuberculosis tests were given. 2235 Swine Flu immunizations were administered in 5 special clinics. There were 65 Geriatric Clinics recording 526 visits by 106 persons in 1976. One required follow-up on a reportable disease was carried out, and 756 home visits were made for the Board of Health.

RABIES CLINIC: The Annual Rabies Clinic was held on May 1, 1976 and 185 dogs were vaccinated.

ENCEPHALITIS IMMUNIZATION CLINIC: The third immunization clinic against equine encephalitis was held on May 8, 1976. This is a joint effort of the Board of Health and the 4-H Club. In 1976 there were no equine encephalitis cases.

SUBSURFACE SEWAGE DISPOSAL: Under the regulations adopted in 1975 the Board supervised and inspected the installation of 62 new residential systems, 44 residential repairs and 2 commercial repairs.

RESTAURANTS AND FOOD SERVICE ESTABLISHMENTS: During 1976 a total of 80 inspections were carried out.

MENTAL HEALTH: The partial support of the Family Counseling and Guidance Center continued at the same level as 1975. Monthly reports of the number of Sudbury patients using this service show that utilization is about the same as 1975.

GENERAL: The Board has continued its testing of both potable water supplies and public ponds and pools. Hop Brook has also been tested and evaluated on a continuing basis. The Sludge Disposal Facility is progressing through final engineering and legal agreement stages. The Sanitary Landfill is presently operating in compliance with all appropriate state and local requirements.

PERSONNEL: The Board has remained unchanged with the re-election of Dr. William W. Cooper to a three-year term. Mrs. Betsy DeWallace continues in the capacity of Animal Inspector. John V. Sullivan continued as Health Director, and Mrs. Mary Ann Courtemanche as Clerk for the Board.

The Board gratefully acknowledges the help and guidance of the local health professionals during the year.

Respectfully submitted,
James J. Healy, Chairman; William J. Cossart,
Secretary; William W. Cooper

SUDBURY PUBLIC HEALTH NURSING ASSOCIATION

Director: Gloria Powaza

Staff Nurses: June Grace, Nursing Supervisor, Joam Kimball, Pamela Hollocher, Barbara Parrott, Sue Ziegler

Physical Therapist: Mary Cubelli

Occupational Therapist: Helen Bowdoin

Speech Therapist: Lynne Brant

School Health Aides: Joan Barsano, Jean Morse, Mary Lou Silva

Home Health Aide: Frances King

Clerical: Ellen Pirozzi, Dorothea Worden

During 1976 the Sudbury Public Health Nursing Association concentrated on continuation of existing programs within the structure of our contractual commitments, providing high quality nursing care for home bound patients, and implementation of hypertension screening, referral and follow-up programs outlined and funded by a grant from United Way of Massachusetts Bay. Our emphasis has been on providing more efficient delivery of health services to achieve the objectives of current health care.

BOARD OF HEALTH

The Board of Health programs conducted by the Sudbury Public Health Nursing Association are as follows: Well Child Conference, Immunization Programs in the schools, Geriatric Health Services, Communicable Disease Control (including flu clinics), Maternal-Child Health Services, Health Promotion visits to the home. With the opening of Musketahquid Village Housing for the elderly, a clinic with regular clinic hours and close follow-up has been established utilizing the expertise of our Adult Nurse Practitioner, Mrs. Barbara Parrott. The statistical data for these programs are contained in the report of the Board of Health.

The Hypertension Screening, Referral and Follow-up Program, which was funded during 1976 by a one-year grant from United Way, proved to be very successful. 267 new cases were identified and enrolled in follow-up programs, which include weight reduction and smoking withdrawal, two important factors in the control of hypertension. There were a total of 913 follow-up visits to scheduled and drop-in clinics. The adolescent portion of the hypertension program is covered under School Health Services. We will continue our efforts in the area of hypertension to provide this direct service to Sudbury residents.

SCHOOL HEALTH SERVICES

All students were screened for vision and hearing by our corps of trained volunteers, with rechecks performed by our nursing staff for any students who failed the initial screening; tuberculin testing and immunizations were offered to the appropriate grade levels. 748 seventh graders had blood pressure checks at Curtis Junior High and 683 Lincoln-Sudbury Regional High School students were screened for hypertension. The 9th graders checked at Lincoln-Sudbury Regional High had previously been screened at Curtis as 8th graders, which now enables a time factor to be introduced into the data base for possible identification of adolescent trends, as well as valuable recheck information on students with previous borderline or high readings. Though data analysis has not been completed at this writing, one finding is clear -- that is a direct relationship between high blood pressure and overweight in the adolescent population.

In conjunction with the adolescent screening, a Preventive Health Course was conducted at Curtis Junior High School for seventh graders. Our aim is not only to identify hypertensive children, but to establish a primary prevention program in the form of a Health Education Program at the Junior High School level with emphasis on nutrition, relaxation, achieving and maintaining a maximum state of wellness.

A brief resume of the visits made to the school health room during 1976 is as follows: Peter Noyes, 3677; Curtis Junior High School, 6788; Elementary Schools, 6330; Lincoln-Sudbury Regional High School, 11,556. In proportion to the total school population, these figures represent approximately 5.8 visits to the health room per child.

The total number of hours given direct to school health services: Sudbury School Aides, 2366; Sudbury School Nurses, 3798. Lincoln-Sudbury Regional High School Aides, 1137; Lincoln-Sudbury Regional High School Nurses, 1306.

The amount of time spent in the schools, including emergency visits is just one aspect of school nursing. The remaining time is spent in visiting parents, in conferences with students, school personnel, clinic personnel or physicians, and, an increasing amount, with Chapter 766 in assessments of children with special needs.

THERAPEUTIC SERVICES: HOME CARE

The therapeutic nursing case load continued at about the same level as last year, providing a desirable alternative to hospitalization. The thrust for health care for the future will be in the area of prevention as opposed to acute institutional care.

The continued trend toward home care requiring a multiplicity of services has prompted the addition of durable medical equipment for the home bound patient to our loan closet. In addition to nursing, physical and speech therapy, and home health aide services, we have added an occupational therapist, Helen Bowdoin, who is currently working with handicapped children.

Our statistics on home-bound patients show the following:

Nursing, 59 cases, 867 visits; physical therapy, 28 cases, 273 visits; occupational therapy, 4 cases, 41 visits; home health aide, 23 cases, 469 visits.

Recognizing the need for long-range planning, not only to stay abreast of current health care needs, but to project these needs directly into the future requirements of the Town of Sudbury, the Board of Directors of the S.P.H.N.A. has established a Long-Range Planning Committee. One of the initial tools to be used by this committee is a Health Survey, which will be conducted early in 1977 to assess current health care availability in the community and the Agency's role in this health care delivery. This survey will assist the Long-Range Planning Committee in evaluating existing avenues and establish a format for assessing future requirements and planning based on community needs.

Just as many of our programs could not be completed without our volunteers, neither can this report be completed without giving recognition to them for their untiring, generous contribution to the S.P.H.N.A. and to the Town of Sudbury. The residents of Sudbury are the ultimate beneficiaries of their commitment, and we join all Sudbury residents in expressing our most sincere gratitude. To all others who have given their support, our heartfelt thanks.

Respectfully submitted,
Gloria Powaza

GOODNOW LIBRARY

One hundred eighty-six thousand books, records, magazines, toys and framed art prints were borrowed from the Goodnow Public Library in 1976. As people attempt to understand changes in a fast-moving society, as they seek inexpensive ways to spend leisure time and as children discover the joys of reading, the library's importance in the community grows.

There were 200 group meetings held in the library's multi-purpose room. The children's library continued story hours, films and crafts programs. Films borrowed from the Boston Public Library were received well by the people viewing them. A family pass to the Science Museum has been added to the library's passes to the Museum of Fine Arts, the Children's Museum and the Museum of Transportation. Two hundred fourteen families took advantage of these free museum passes.

This year the library was the recipient of a grant from the Massachusetts Bureau of Library Extension in cooperation with three neighboring public libraries, to purchase large-print books for the elderly and visually handicapped. The library now owns 175 large-print books and every six months exchanges 64 with other libraries.

In July, Helen Lowenthal replaced Thomas Jewell as Director of the library. Ms. Lowenthal was formerly director of the public library in Springfield, Vermont.

The Trustees of the library would like to thank the library volunteers who faithfully assist the staff; the Friends of the Library for their fun-filled fund-raising activities and their gifts; the Highway and Park and Recreation departments for helping keep the library's land plowed and mowed; and Mr. and Mrs. John A. Docherty for their donation of the bronze sculpture "Un Vainqueur de la Bastille" which now graces the Hudson Room.

Respectfully submitted,
George D. Max, Chairman; Virginia L. Howard;
Sylvia M. Throckmorton; June A. Atwood; Thomas P.
Consolino

EDUCATION

SUDBURY PUBLIC SCHOOLS

The Bicentennial Year of 1976 was a most important one for the Sudbury Public Schools. The School Department reflected on its philosophy and set as a goal the implementation of that philosophy on a system-wide basis. In a period of reductions in school population and increasingly limited or reduced financial resources, the establishment of a clear set of priorities took on added importance. We believe that the primary purpose of education should be to build a positive self-image for every student. We have further contended that efforts to build and sustain a learner's confidence should be carefully linked to skill development. If a student cannot read, write and communicate in a variety of ways, he is less likely to believe that he is somebody, that he has some worth, that he has some talent, and that he can succeed. The Sudbury Schools, accepting the premise that there is no one approach to teaching children that is appropriate and effective for all, presented a variety of programs to meet the needs of Sudbury's children.

In the areas of Reading, Communicative Arts, Math, Science and Social Science the duties of the Coordinators were extended in order that the curriculum offerings in all the schools would be equal for all Sudbury children. The Commonwealth's new Special Education Law, Chapter 766, continued to be fully implemented in Sudbury. This allowed many children needing special education services to receive these services within their neighborhood schools. Trained personnel worked with many children in an attempt to mainstream these children into regular programs.

The most significant issue of 1976 was, of course, the declining enrollment in the school district. The K-8 student population was 3388 in the 1975-76 school year. For 1975-76 the enrollment was 3230, and for 1976-77 we have been a student population of 3059 -- a decline of 329 students in two years! Faced with this problem and its resounding effects, the School Committee in June of 1975 established a "Task Force on Declining Population". This committee of 71 members studied this issue in depth and in March of 1976 reported their findings and recommendations. The Task Force proposed three alternative school organizations and submitted these recommendations to the School Committee. They were:

- A. K-4 (5 schools), 5-6 (1 school), 7-8; present organization, redistrict
- B. K-4 (4 schools), 5-6 (1 school), 7-8; close neighborhood school
- C. K-6 (6 schools), 7-8; close old wing of Noyes, redistrict

In June of 1976 the School Committee voted to close one elementary school. In the fall of 1976 the School Committee further voted that the school to be closed will be the Horse Pond Elementary School, the oldest of the elementary schools. The Committee, in its deliberation, also noted that although they are planning not to use the school building as a school, they will not at this time declare the building as surplus property. The School Committee then instructed the Superintendent to immediately begin the reorganization of the school system to reflect one less school building in the fall of 1977.

School committee budget figures capture the attention of members (l. to r.) Cornell Gray, John O'Neill, Al Cron and Mary D'Andrea at Town Meeting. (Town Crier photo)

It is difficult to manage an effective school system without the support of the community. Support comes in a variety of ways. The continued involvement of volunteers in all aspects of our school life is apparent and greatly appreciated. An equally crucial element is in the level of financial support from the Town, for which we are also appreciative.

Following our bicentennial year perhaps the most significant new reality we face in education today is that we are entering a period of "retrenchment" while at the same time we continue to seek purposeful school renewal. This unique condition will require educators to mobilize their resources with a sophistication and awareness that has not been required in our recent past.

We firmly believe that, as severe as some of these adjustments will be, this community's historic faith in the possibilities of education will sustain the fundamental goal of providing equal and quality educational opportunities for all children.

LINCOLN-SUDBURY REGIONAL HIGH SCHOOL

The twentieth report of the Lincoln/Sudbury Regional School Committee finds us looking back on a busy, successful and satisfying year for the school, its students, faculty, administrators, and school committee. The building (repainted for the first time in its life) and our significantly improved grounds and playing fields have elicited numerous compliments for their appearance and cleanliness. This achievement is the result of considerable effort and an improvement in student and staff concern for our not-so-new rambling facility. Our academic program is also healthy, and we feel quite successful. This program requires heavy student and parental involvement in course (and teacher) selection and in scheduling. This process, while not without its problems and need for constant attention, nevertheless results in a continual re-affirmation of the fact that given a choice students choose good and challenging courses and seek good faculty.

In June 462 young men and women graduated from Lincoln/Sudbury. These students came primarily from Lincoln and Sudbury, but also included were 17 students from Boston (participants in the Metco program) and 7 who live outside our towns but pay tuition to attend our school. For the first time in many years graduation was held on a lovely June evening outside on the school grounds. Almost three quarters of the Class of 1976 are headed for some form of post-secondary education. Ten of our seniors were National Merit finalists, and 23 received letters of commendation. This achievement continues to rank Lincoln/Sudbury among the top ten schools in the State (public and private). Meanwhile, our faculty has continued their excellent performance not only in the classroom but also as evidenced by their heavy involvement in the various citizen/school task forces, by the large number of athletic and other extracurricular activities which they head at L/S, and by the high number of publications and advanced educational degrees which they have earned.

In addition to the academic achievements of the school, the multiplicity of other activities should also be noted. Over 900 students participated in 1976 in voluntary extracurricular interscholastic athletics on 42 boys and girls sports teams. This year L/S placed second in the state for the Dalton award which recognizes both the number and diversity of our boys and girls athletic programs as well as their success. The Civic Orchestra conducted by Music Dept. Head Don March, and comprised of adult musicians from the towns and student musicians from the school, has continued its steady growth. Last year it performed Cesar Franck's Symphony in D Minor and The Second Piano Concerto of Rachmaninoff and performing jointly with the Select Chorus directed by Bob Wentworth, Mendelssohn's oratorio Elijah and the Beethoven Mass in C Major. The Three Penney Opera and the King and I directed by Harriet Rogers highlighted the dramatic presentation over the past year. These are only a few of the many activities which keep our high school open and in use 16-18 hours a day, 6-7 days a week.

As we reflect on these many achievements we also realize that 1976 finds the school firmly in a new era -- one of growing smaller. This fact will be the basis for the District's major problems and challenges over the next decade. The high school's population peaked in 1974-5 at 1964 students, having been essentially level for the prior two years. 1975-6 saw a modest decline to 1919 students and in September, 1976 the school opened with about 1810 students. This decline is expected to continue at a somewhat more modest pace for several years. Consequently, we have begun and must continue to reduce personnel. Over the next few years some tenured teachers will lose their positions. As a result our staff will lose some of its diversity. Decisions must be made as to when to stop reducing programs proportionally and decide instead to eliminate them altogether. Costs for items such as plant, insurance, utilities and debt service do not decrease with decreased enrollment. In fact some increase at or faster than inflation. As a result these items increase the cost per pupil as the student body decreases. Finally, as student population decreases, few and fewer citizens of the two towns have a direct involvement in the public schools.

How does an institution grow smaller gracefully and positively? Pain is inevitable in this process; to townspeople in the form of increased cost per pupil with shrinking enrollments; to administrators, faculty and other employees in loss of jobs. What of the impact on students? Our major task is to continue a solid, positive, creative, and interesting high school educational program for students in Lincoln and Sudbury during this period.

In 1976 the several citizen task forces, begun in 1975, reported their findings to the Committee. Implementation of many of the recommendations has begun already. The six task forces, comprised of citizens, faculty, students and school committee formed in 1975 and discussed in last year's report, completed and reported their findings to the School Committee in 1976. Most of these reports also have received detailed review by the Administration with plans presented for implementation. Numerous recommendations already have been incorporated. One common recommendation was for improvements in school-parent communication. As a result steps have been taken in the areas of credits, graduation requirements, scheduling, attendance, discipline, testing and course descriptions to provide parents with accurate timely information concerning their students. A revamping of attendance procedures put into effect in September has been very successful in helping to solve school and class attendance problems. These steps, along with improvements in the advisorship program and programs such as Intensive

Studies, have been aimed at better meeting the needs of more of our students. Implementation of other recommendations, and in particular action on the Assessment/Evaluation and Flexible/Modular Scheduling task forces, will take place in 1977. We are very pleased with the task force process and its results. We wish to extend our thanks to the students, faculty and citizens who gave their time in these efforts to understand and help solve some of our school's problems. The experience has been very positive.

One-third of the membership of the high school committee changed in 1976. Bill Maloney did not seek reelection after having served since 1969. The school will miss Bill's good humor, attention to detail, hard work, quickness and thorough understanding of the school, its faculty, and students. Ron Blecher of Sudbury was elected to a three-year term. Cam Eiseman resigned in November because of business interests which will take him and his family to Connecticut. Cam was an active committee member in his one and a half years, working hard to understand the school, to protect and enhance its strengths and improve its weaknesses. In December the remaining members of the Committee and the Lincoln and Sudbury Selectmen Chairmen elected Dante Germanotta of Sudbury from among seven candidates to fill the vacancy until the spring Town Elections.

The anticipated problems of growing smaller prompted the Committee almost two years ago to undertake the long-range educational and financial planning project supported by funds from the National Institute of Education (known as the NIE project). The experience of actually coming to grips with some of these problems this year has impacted the completion of the NIE report which will be made available to the Town this spring.

STUDENT EXCHANGE COMMITTEE

Summer of 1976 saw six of our Junior Ambassadors abroad in as many different countries. With partial scholarship awards from the Student Exchange Committee, Lisa Ford lived and traveled in Japan, Susan Hobbs in Belgium, Laura Morgan spent her summer in Switzerland, Jenny Swain in France, Carol Blanchard in Canada, and William Maloney combined a home stay in Italy with travel in other European countries.

Two students returned from a year's study at the Cheadle Hume School in England, Linda Calandrella and Chris Fagerland, the latter choosing post graduate study.

The recipient of our Teacher Ambassador scholarship was Lesley Swartz who has been generous in sharing her experiences living, studying and traveling in China.

In the summer of 1976 we bid farewell to visiting foreign students, Annina Iranto from Finland, Modu Senghore and Fatou Sidebeh from the Gambia, and Valencia Krakue from Liberia. The current 1976-1977 school year has brought Lincoln-Sudbury Regional, Gerrado Esquivel from the Phillipines, Patricia Marquez from El Salvador, Camilla Ekholm from Sweden, Jan Rotnes from Norway, and Rose Dastmalchi from Iran.

Respectfully submitted,
Toni Warnshuis

MINUTEMAN REGIONAL VOCATIONAL TECHNICAL SCHOOL DISTRICT

The Minuteman Regional Vocational Technical School offers educational opportunities that are among the most comprehensive in our state. Students spend alternate weeks in academic and occupational studies. The academic program emphasizes basic skills by doubling academic week periods in English, certain mathematics courses, and other selected areas. Students can elect college preparatory science, business courses, a foreign language, and extra-curricular activities from athletics to dramatics. Art and music programs have been proposed for 1977-78.

The Minuteman School is dedicated to the belief that all students learn more by doing than by simply looking or listening. Some of our students plan to continue their education in community colleges, four-year colleges, or other advanced programs after graduation from Minuteman. Whether they plan to continue studies or not, ALL OF OUR STUDENTS ARE PREPARED TO SELECT A CAREER IN WHICH THEY CAN FIND ENJOYMENT AND SUCCESS. Many high school and college graduates drift into careers without the opportunity for informed choice. Minuteman helps students, including those who have previously graduated from non-vocational high schools, to avoid that "drift" and to develop marketable skills for both full and part-time employment. These skills will be certified at graduation by such statements as:

This graduate is able to.....

- identify symbols and information found on blueprints
- weld movable and stationary pipe with stick rod method
- determine the minimum gas pipe size for gas installations
- design a logic equivalent diagram of a motor control circuit.

During 1976, the Minuteman staff has concentrated on designing methods of measuring results of learning by doing in both academic and vocational courses. Such measurement is part of our accountability to the public.

Two School Committee members resigned in 1976:

- a. ALFRED C. CRON served as the original Sudbury member of the School Committee from April 22 of 1971, through June 16, 1976. He was the first and only chairman of the Minuteman Building Committee and also served as vice-chairman and then chairman of the School Committee.
- b. ALBERT V. B. KELSEY of Weston served from May 16, 1972, until his resignation on June 16, 1976. His work included membership on the Superintendent-Director Search Committee, the Policies Sub-Committee and the Education and Curriculum Sub-Committee.

Two new members were appointed to fill the unexpired terms of the members who resigned. LAWRENCE A. OVIAN is now the member from Sudbury, and ANNETTE DISTEFANO is the new Weston member. In July of 1976, RICO A. MERLUZZO of Arlington was elected chairman of the Committee, and RUTH W. WALES of Lincoln was elected vice-chairman. The Committee appointed Superintendent-Director RONALD J. FITZGERALD as secretary.

1976 was a year of growth in population as well as programs for the Minuteman School. In October of 1975, our enrollment included 727 students from member towns, 9 METCO students and 2 tuition students in addition to part-time participants in our late afternoon and evening programs. Enrollment has increased over 32% in one year as shown in Table II:

TABLE II -- ENROLLMENT ON OCTOBER 1, 1976

TOWN	GRADE 9		GRADE 10		GRADE 11		POST-GRADUATE		TOTAL
	Girls	Boys	Girls	Boys	Girls	Boys	Girls	Boys	
Acton	9	26	7	29	6	31	0	1	109
Arlington	37	68	24	58	22	70	1	0	280
Belmont	1	15	4	30	4	32	0	0	86
Boxborough	3	3	3	5	4	8	0	0	26
Carlisle	0	3	2	4	0	4	0	0	13
Concord	1	9	6	13	6	18	0	0	53
Lexington	9	29	9	24	10	65	1	4	151
Lincoln	3	4	2	11	1	7	1	0	28
Stow	6	13	3	14	2	7	0	0	46
Sudbury	4	28	9	18	6	31	0	0	96
Wayland	8	11	2	13	10	25	0	0	69
Weston	0	3	0	2	0	3	0	0	8
SUB-TOTAL	81	212	71	221	71	301	3	5	965
METCO	0	0	6	3	0	0	0	0	9
TUITION	1	8	0	7	0	4	0	0	20
TOTAL	82	220	77	231	71	305	3	5	994

233 girls + 761 boys = 994 students + those in part-time afternoon and evening programs

This growth will continue with the addition of a senior or grade 12 class in 1977-78 and with implementation of a \$37,000 Federal grant intended to increase vocational service through the use of adjunct teaching sites located in nearby industries and stores.

Although a large machine shop classroom costs more to operate than a chalkboard classroom, Minuteman provides strong occupational training and solid academic education within a reasonable budget as compared with other regional vocational technical schools in the state. Table III shows the initial program budget for 1976-77 and the related district assessment to member towns. Table IV provides a summary of operating budget expenditures for the 1975-76 school year. The District is converting from the expenditure budget format used in 1975-76 to the program budget format summarized for 1976-77 to provide citizens with more specific information on how funds are used.

OUR HERITAGE

TOWN HISTORIANS

During this Bicentennial Year, the Town Historians provided information to the Wayland Bicentennial Committee and cooperated in the preparation of its history of Wayland. Countless inquiries from visitors and by letter and phone were answered on numerous aspects of Sudbury's history. Cooperation was continued with the Sudbury Company of Minute and Militia in its celebration of the 19th of April, the memorial services at the Haynes Garrison House on the 21st of April, and the Independence Day program. In addition the fyers and drummers were particularly active.

The Sudbury Ancient Fife and Drum Company averaged more than a performance a week from March through October. Appearances included Operation Sail (the tall ships at Newport); the Queen's visit to Boston; Sudbury, Vermont; and the "Independent" Independence Day parade in Sudbury on July 4th. The most significant achievement, one that can be enjoyed by future generations, was the production of a recording of ancient field music. This long play, stereo album was two years in the making and demonstrates the evolutionary development of fife and drum music in America from 1650 through the Civil War. The music was recorded in the Martha Mary Chapel, using fifes that were made from antique timbers salvaged from the Wayside Inn. The album, titled appropriately "Tunes of a Wayside Inn," is dedicated to Francis Koppeis, Innkeeper, for his support over the years.

Respectfully submitted,
Forrest D. Bradshaw; George D. Max

HISTORIC DISTRICTS COMMISSION

The Historic Districts Commission was established by the Annual Town Meeting of 1963 to protect and preserve certain areas of the town by controlling the building, altering, repairing and removing of buildings in the designated Historic Districts. The Commission's purpose is to bring about aesthetic harmony within these Districts in keeping with the historic traditions of the Town. Hearings and notices of hearings are required and the Commission is available on an informal basis for advice.

During 1976, 17 certificates were issued: 8 for new construction, 3 for alterations to existing structures, and 6 miscellaneous, including painting, lighting and landscaping.

Respectfully submitted,
W. Burgess Warren; Donnilea Marshall; Carlton Ellms;
Edwin Blackey; Peter Thomas

HISTORIC STRUCTURES COMMISSION

Our Bicentennial reflections made us humbly grateful for being able to help preserve the two buildings in our charge. Hosmer House and Loring Parsonage seem to be in good condition. There are some normal wear-and-tear expenses anticipated this coming year.

Respectfully submitted,
Richard C. Hill; Robert P. Des Jardin;
Jerome G. McGonagle

ANCIENT DOCUMENTS COMMITTEE

The records management program undertaken by this committee, in cooperation with all other boards and committees of the town, has shown marked progress during the past year. The purpose of this program is to establish uniform standards for effective control of active and inactive records. A draft copy of a Records Management manual for the Town of Sudbury has been prepared covering such topics as statutory requirements, protection and preservation of records considered vital to the operation of the town, storage and retrieval needs, standards governing the use of microfilm, and the eventual disposal of obsolete records. This program is expected to go into operation during 1977, following publication of the manual.

Restoration of early town records continues, in compliance with Chapter 66 of the General Laws. Two bound volumes, dating back to the 18th Century, have been completed; one is in the process of restoration, and two more are scheduled.

An extensive collection of loose papers of historic significance to the town have been sorted and organized, and an index is being prepared to permit easy access to them. This effort, which has been underway for the past few years, is nearing completion.

Respectfully submitted,
Russell P. Kirby; George D. Max; Forrest D. Bradshaw; Betsey M. Powers; Richard C. Hill; Leona C. Johnson

MEMORIAL DAY COMMITTEE

In 1976 the Memorial Day Committee continued its observance of the Bicentennial using banners made last year commemorating each armed conflict in which Sudbury people have participated. The banners were carried between marching units. Daniel Carter was marshal of the parade which was led this year by an American Legion honor guard.

Many townspeople at the Center enjoyed the music of a combined chorus from the Congregational and Unitarian churches led by Jean Alexander. During the exercises at the Town Hall Becky Campbell read her prize winning essay on the origins of Memorial Day and was presented with a \$50.00 savings bond. Malcolm MacNeill received second prize of dinner for his family at the Wayside Inn.

Robert Moore, editor of the South Middlesex News, and a Sudbury resident, gave a thoughtful talk on the meaning of Memorial Day and its place in the contemporary world.

Respectfully submitted,
Joseph Bausk, Chairman; Frank Grinnell; Mary Jane Hillery; Frank Koppeis; Joan Meenan; Carol Hull

HISTORICAL COMMISSION

In July, the Massachusetts Historical Commission notified us that the Sudbury Center Historic District has been accepted by the National Park Service for listing in the National Register of Historic Places.

Thanks to the efforts of the late Mr. F. Alvin Noyes, a suitable inscription was added to the Newton Memorial Bench at the World War II Memorial on Concord Road.

Respectfully submitted,
Donald B. Devoe, Chairman; Richard C. Hill;
Robert L. Oram

REVOLUTIONARY WAR BICENTENNIAL COMMITTEE

1976 has now come to an end. While the nation's observance of this Bicentennial will continue for several years to come, and the Town of Sudbury will continue to experience a relatively high level of tourist interest because of that celebration, for the Town of Sudbury the official period of celebration has ended. Consequently, after 10 years of struggle, planning, anguish, and effort, your Revolutionary War Bicentennial Committee will terminate its efforts.

It is our belief that the scope of our efforts and activities have been well defined in the many annual reports which have been made to you, the citizens of Sudbury, during that decade. It is therefore not our intention at this time to attempt to review in detail the massive activities which have marked the Town's Bicentennial effort. Historians can find that material not only in the reports, but in the extensive records which are about to be turned over to the Records Management Program of the Ancient Documents Committee of the Town. In this regard the committees of this town which will be formed in the future to celebrate the 350th anniversary of the founding of the town or the 300th anniversary of the United States of America will be infinitely better prepared to comprehend the thinking, dreams and aspirations of the Sudbury of 1976 than was your committee which faced almost a total lack of information of the nation's centennial celebration and particularly of the Town of Sudbury's centennial celebration.

Nor does your committee in its final report, propose to reach into its memory and attempt to mention or thank the literally thousands of citizens of this town who have joined in this marvelous joint commitment to an understanding of the spirit of the American experience. More than 28 people served on the Bicentennial Committee alone and those who were directly involved in sub-committee work number in the hundreds.

Rather, we would prefer to leave with our friends and neighbors in Sudbury some reflections upon the entire experience which we hope are not only accurate but will be of significance to the Town in the years to come.

No effort, no task, no goal was ever given to the people of the United States or to their towns or neighborhoods more destined for failure than was the celebration of the nation's Bicentennial. The atmosphere which surrounded the launching of this search for pride in America was impregnated with cynicism, frustration and gloom. The nation's spirit had been shattered by the turmoil of the 60's, a massive sense of loss of direction and lack of belief in its importance and purpose. The full impact of a mass media (almost psychopathically involved in minute introspection of the vitals of the daily scene) was not only symptomatic but supportive of a corrosion of the basic societal pillars upon which any nation rests in the final analysis. To this dark picture was added the numbing experience of Watergate and all that it represented. How different this climate than that which existed in 1875 in a time when America was still expanding within its own frontier, and each man and woman was filled with the joyous spirit of evident accomplishment which lay visible to the eye on every side!

We had forgotten what the founding fathers had told us -- that America does not lie in its institutions, or its commerce, or its government, but lies in the heart and mind and soul of its people. America is an emotion, not merely a philosophical truth! And there is a certain ring which arises from its unbounded joy of purpose. It was this America of Carl Sandburg that we had forgotten. In our concern with detail and news casts we had been led to believe that the nation's spirit had been buried in some ancient and useless sarcophagus of a dead civilization. We were even told that the American eagle was an endangered species by those who confused that bird with the ideas it symbolized.

By far the most moving reality of the Bicentennial Year was the resounding reaffirmation of belief in the principals upon which the United States was founded and that issued forth, not from the press or government, but from the people themselves -- ordinary people and extraordinary people alike. From every street in every small town to the greatest of our cities, in a million different ways we saw and felt it. The realization of that national emotion was a far more fitting monument for the American Bicentennial than ever could be raised in bronze or stone.

The Committee's decision to have Sudbury simply be itself -- a small New England town -- appropriately coincided with this amazing outpouring. We think the community was more than comfortable with that task which better suited us than the stilted, the unfamiliar, or the postured "organized" efforts made by others.

The entire effort avoided the frictions of over-organization or over-coordination. There was room for every group or organization, family or individual to do as little or as much as it felt the occasion demanded. Spontaneity was not smothered and ingenuity flourished.

The Committee would like to make special mention of the repeated help and support which it received from every branch of the town government. The fine men and women who work in public service were always there when a problem arose or some help was needed. They outdid themselves and proved to us that our government is peopled by friends and neighbors who can subordinate bureaucracy to common purpose.

We would like to apologize to the tourists who came to Sudbury during these two years. We spent an inordinate amount of time worrying about the problems they might create. We let the cynics get to us with their jaded view of the nature of tourists. Despite the fact that more than a million American and foreign visitors passed through Sudbury, we did not record any problem. Rather, we found our fellow Americans to be the best of guests -- understanding and cooperative. From their concerned enthusiasm we learned not only much about the American character, but also much about ourselves and our town which we had either overlooked or forgotten.

We have tried to leave Sudbury better in terms of the preservation of its historic places. The Town now owns the Haynes Garrison House site. The Town has also acquired the old Training Field through the efforts of the Historic Commission, and the Center Historic District is now on the national register.

Our Revolutionary Cemetery will soon boast an impressive new marker and its old walls have been rebuilt and strengthened. The record of the Revolution has been published in The War Years which will be a source for citizens and scholars alike in years to come.

We have tried to leave Sudbury better in terms of its beauty and are pleased with the general upgrading of the appearance of the town. The work of the churches and the town to improve the complex of buildings at the Centre has been heartwarming. This, taken together with projects by PRIDE along the Boston Post Road, the neighborhood projects to clean up the "heater pieces" and the efforts of the Boy Scouts and many others is a cooperative effort which tells the world that we, in Sudbury, care about appearance. We hope that this aspect of caring will live long after the Bicentennial.

The developing presence of Heritage Park will be with us hopefully for years to come. We hope that this centrally located garden will bring pleasure to the citizens of the town for generations. The park, like the nation's history, is an ongoing project and will depend for its completion on the continued generous donations of the citizens of the Town. This spring will see the erection of the terrace and completion of Harmony Garden in the section of the park which incorporates the Edwin Barret Hosmer Memorial. We are indebted to the efforts of the Bicentennial Ball Committee for this excellent civic improvement. This spring will also see the erection of a

series of historic markers scattered throughout the park at appropriate locations. They have been designed by Sudbury's own E. Helene Sherman. These markers, subsidized by a matching grant from the federal government, will help tie the theme of the park together with a system of trailways and benches. We particularly wish to thank all of those people who have donated plants and shrubs to Heritage Park throughout the period of its development. Many of these trees and shrubs are given as memorials to friends and neighbors whose efforts have helped to make Sudbury the kind of town that it is.

We are pleased that it became possible during this Bicentennial year to have a very special new remembrance of the 300th anniversary of the King Philip War. The simple ceremonies held at the Wadsworth Monument were greatly enhanced by the presence not only of the ancestors of the original settlers who participated in that conflict, but also the very important presence of the descendants of the American Indians who were engaged upon that field at the same time. The Town was also greatly enriched by the donation by Mr. and Mrs. William Burns of the sword which was used in that battle.

At no time in the history of the Town have our ties with our mother town of Sudbury, England ever been so firmly established. The presence of the Honorable Anthony Moore and his wife, Valerie, heightened the importance of the celebration of July 4th, 1976. Mr. Moore, who just vacated the office of Mayor of the town of Sudbury, Suffolk, brought with him a charm and enthusiasm which warmed the hearts of the entire town. His gift of an illuminated manuscript and the model of the Gainsborough house will rest among our treasured archives for time to come.

Finally, we would leave with you, the Town of Sudbury, the warm remembrance of the celebration of the American spirit. Never has the Town of Sudbury felt so much a family or so much warm concern for one another as we have in these last two years. We are grateful that Mr. Victor Neumeier has captured much of that joy and spirit with the particular photographic skill that is uniquely his. We shall carry the memories of these simple civic joys in our hearts forever.

And when our great, great grandchildren decide to form a committee to celebrate the 300th anniversary of the Republic, we hope that we shall have left to them an ample record of the sites and sounds, the hopes and the dreams, the faces and the landscapes, of the life and heart of the Town of Sudbury-1976.

Respectfully submitted,

PLANNING

PLANNING BOARD

The Town has continued to support the needs of the Planning Board for a professional planner by approving the continuation of the contract for our planner, Mr. Emmanuel Tiliakos. During 1976 Mr. Tiliakos completed a series of maps showing the physical resources of the Town. Each resource map can be displayed individually or collectively through transparent colored overlays to give the Town a vital tool in determining the total impact of development in any particular area.

An in-depth hydrology study of the Town, voted by the 1974 Annual Town Meeting has been completed by Dr. Ward S. Motts of the University of Massachusetts. Mr. Tiliakos worked closely with Dr. Motts to determine that the mapping displays would be consistent with the Town resource maps. Selected data from the hydrology study will be added to the resource map overlay system.

With the completion of the physical and water resource maps the Planning Board will make recommendations for zoning changes where appropriate to protect the natural characteristics of the Town and to guarantee that further development does not pollute the Town water supply.

1977 will see an extensive effort by the Planning Board to bring our Zoning By Laws into conformity with the changes mandated by Chapter 808 of the Acts of 1975. The Planning Board must complete a careful rewrite of the Town Zoning By Laws and have the changes accepted by Town Meeting prior to June 30, 1978. Mr. Tiliakos will be instrumental in the detailed daily efforts to accomplish the new By Law draft for Planning Board approval.

Mr. Tiliakos has worked closely with the Board of Selectmen and the Executive Secretary in completing applications to bring State and Federal funds to Sudbury. Largely through his efforts the Town was awarded \$30,000 in 1975 to begin the development of the Haskell Land and another \$30,000 awarded this year will be used for the rehabilitation of Sudbury properties in the form of outright grants to qualifying homeowners who otherwise could not afford to improve their property.

Due to the continuing slump in the construction industry, activity on subdivision approvals has been minimal this year.

The Planning Board has continued to press for completion of old subdivisions. Cleanup work on old subdivisions requires close cooperation with the Town's Engineering Department, the Highway Department and the Office of Town Counsel. The following subdivisions were completed during 1976: Tudor Bowen Farme, Acorn Village, Woodlane II, and Willis Acres.

The Town has a number of subdivisions which remain to be completed, some of which are: Bowker V, Paddock Farms, Dakin Farms II, III, and IIIA, Olde Towne Estates, Meadowbrook Farms, Woodlane III, Whispering Pines, Lands End, and Silver Hill.

The Long Range Walkway Development Program, initiated as a result of Town Meeting action at the 1963 Annual Town Meeting, continues to add new walkways. The 1976 Annual Town Meeting authorized funds for construction of walkways along Old Lancaster Road from Concord Road to Hudson Road and along two sections of Peakham Road; one from Hudson Road to Old Lancaster and the other from Horse Pond Road to the railroad intersection. Planning and engineering funds were authorized at the 1976 Annual Town Meeting for walkways along the entire lengths of Morse and Mossman Roads. When these new walkways have been constructed they will add approximately five miles of walkways to Sudbury's already existing eleven mile walkway network.

The State Legislature passed a law (Chapter 807 of the Acts of 1975) requiring each community to appoint a committee to study growth trends and their consequences. Accordingly, the Selectmen appointed a committee consisting of John Taft, Bill Toomey, Bob Cooper, John Cutting, Bill Cooper, Lorraine Bauder, Dallas Hayes, Emmanuel Tiliakos, Ben Stevens, Deborah Warner, Dick Brooks, John Bartlett and Bill Reed to serve on Sudbury's committee. Meetings were held weekly beginning in February and ending in June which were devoted to the study of the Office of State Planning questionnaire (about 20 pages long) which was intended to elicit the desired information for the State Legislature and other interested parties. Sudbury completed its work under the chairmanship of Dick Brooks and found that we have many of the same problems and concerns as our sister communities. Our report is available through the Town Clerk's Office. Reviews of all community reports is taking place as of this writing. Anyone interested in the results of these can call Dick Brooks at 443-6563.

Respectfully submitted,
Robert E. Cooper; Edward W. Connors, Jr.;
Eben B. Stevens; Albert St. Germain;
Richard P. Brooks

CONSERVATION COMMISSION

During the past year the Conservation Commission has been primarily active in the task of administering the Wetlands Protection Act. This act is extremely important because in protecting our wetlands we are actually protecting our water supply, guarding against flood and storm damage, and preventing pollution. This act stipulates that one can not remove fill, dredge or alter a wetland without first filing written notice with the Conservation Commission. This law is not prohibitive but regulatory, and our Commission holds a public hearing in order to determine if the proposed work will have a significant effect upon 1) public or private water supply; 2) ground water supply; 3) flood control; 4) storm damage prevention; and 5) prevention of pollution, following which we issue a list of conditions under which work may proceed. This year, in addition to numerous site inspections, Commission members held twelve public hearings.

The Land Management Sub-committee made an effort to bring to the public the many uses of the conservation lands by offering a variety of activities throughout the year. There was a spring wildflower tour, bird walk, historical walk of the Nobscot land, and a cross-country ski tour offered. Seasonal hunting by special permit, camping by Scout groups, and high school and elementary school outdoor education programs have continued. Arthur MacDonnell of the Town Crier helped familiarize the public with the major conservation areas in Town by running a series of feature articles on each parcel.

The Commission continued its maintenance and development of the four major areas with the help of various volunteer groups from Town. Six work parties were held with much of our efforts directed at brush removal and chipping of trails that have suffered severe erosion due to horses and unauthorized motorbikes. Several fires occurred on the conservation lands this year. All major reservations have fire roads and the fires were extinguished by the Sudbury Fire Department. New trails and scenic viewpoints were cleared at the Davis and Nobscot lands, and we continued marking trails with painted yellow blazes. The Highway Department constructed parking areas at Lincoln Meadows and Davis Farm. They also made and erected at cost of materials signs for four areas. Lincoln Meadows trail maps, Nobscot orienteering maps, Open Space and Recreation Plan maps, and landuse applications continue to be available at the Town Hall.

The Community Gardens, now in its second year, has turned out to be a very successful and rewarding venture. This year 85 lots were laid out on conservation land on Lincoln Rd.; 83 were gardened and the crop yield was bountiful. One gardener estimated that her lot produced about \$350 worth of vegetables. Aside from the monetary aspects, the project has also evoked a rewarding esprit de corps among the gardeners.

The Land Acquisition Sub-committee continued to investigate the availability and cost of land parcels that would be desirable to retain in a natural state. No additional land was acquired in 1976.

COMMITTEE ON TOWN ADMINISTRATION

Calendar year 1976 has been a relatively quiet year for the CTA. At the 1976 Annual Town Meeting, our Committee submitted, in conjunction with the Town Clerk, and reported on two articles dealing with the disposition by the Town Clerk of fees from dog licenses and fish and game licenses. Both of these articles were approved.

The Committee gave further consideration to the question of the consolidation of public works functions in Sudbury and, in particular, whether there was any advantage in incorporating the Sudbury Water District into the Town, either as an independent board or as part of a public works department.

The Committee worked on certain proposed by-law changes, including the question of changing the present warrant closing dates. The Committee discussed a number of proposals for improving the format of Sudbury's Town Meeting, including the question of abolishing the present quorum requirements and the possibility of a split system of town meetings. The Committee also discussed the subject of proposed regulations for the Town Cemetery.

The Committee submitted two articles for the 1977 Annual Town Meeting. One article follows up the work of the Committee with respect to the Town Clerk's fees. The other article proposes to amend the notice requirement for a special town meeting contained in the Town By-laws in order to bring the By-laws in conformity with state law.

Respectfully submitted,
Edward L. Glazer, Chairman; Anne D. Bigelow;
Lorelei Snyder; Charlotte E. Goss; Floyd Stiles, Jr.

LONG RANGE CAPITAL EXPENDITURES COMMITTEE

During the past year the Long Range Capital Expenditures Committee, in cooperation with the other Town boards, commissions, and department heads, generated a 5-year Capital Improvement Program for the period 1976-1981. The information on that program along with the recommendations of the LRCEC were presented in a report that was made available to the Town just prior to the 1976 Annual Town Meeting. The Massachusetts Association of Town Finance Committees has recently rated that report the best in its category in Massachusetts. We are grateful to all in the Town who helped make this achievement possible.

During the past year three members left the committee: Marge Huse, Saul Nathan, and Bill Rynne. We regret losing them, for their conscientious hard work contributed significantly to the success of the LRCEC.

Three new members have been recently appointed: Ben Goodwin, Greg Malkasian, and Jim Mulcahy. We all look forward to a long and fruitful association.

Respectfully submitted,
Paul J. Remington, Chairman; William P. Reed, Clerk;
Greg Malkasian; Ben Goodwin, Jr.; E. James Mulcahy, Jr.

METROPOLITAN AREA PLANNING COUNCIL

The Metropolitan Area Planning Council (MAPC) has served eastern Massachusetts for over a decade as the regional planning agency. 1976 saw a notable advance in the activities of the Council. The MAPC strengthened its program of providing technical assistance to member communities, and provided Sudbury with an analysis of the land use impacts associated with potential river construction along Route 20. Your representative serves on the Technical Advisory Committee on Open Space and Recreation, and 1976 saw the publication of two volumes of the Council's - "Open Space and Recreation Plan and Program for Metropolitan Boston." Volume 1 summarizes the plan and program, and Volume 6 covers in more detail plans and recommendations for three major rivers, one being the SuAsCo (Sudbury, Assabet, and Concord.) The MAPC Water Quality Project is progressing toward its goal, an area wide water quality management plan. Your representative also serves on the Technical Advisory Committee on Comprehensive Planning which is in the midst of preparing a Comprehensive Regional Land Use Plan. An increasing number of applications for federal aid was reviewed by the MAPC, acting in its role as regional clearing house.

Respectfully submitted,
Ronald B. Campbell

PERMANENT BUILDING COMMITTEE

During 1976 the Permanent Building Committee met only once or twice to discuss whether or not there was any reason to have regular meetings during the year. There was no Town Meeting action taken which involved the participation of the Permanent Building Committee. Mr. William Bell resigned as Chairman due to increased business pressures in a new venture. Since that time John Reutlinger has been Acting Chairman. As of the time this report is written, there are three vacancies which will be required to be filled during 1977.

Respectfully submitted,
John L. Reutlinger; Carleton B. Colburn; Felix
Bosshard; Walter F. Cybulski

PERMANENT LANDSCAPE COMMITTEE

The Permanent Landscape Committee continues to protect, preserve and to try to keep free of signs, the public shade trees.

Our program of recommending and implementing plans for suitable plantings on town-owned property occupies much of our time.

One of our foremost projects has been to coordinate our architectural landscape plans with our planting schedule and to accept suitable memorial gifts to Heritage Park.

With the cooperation of the Highway Department and other town agencies and committees, we hope to carry out our plans for the spring planting season. We also hope for a decrease in the vandalism and theft of plantings which has been a continuing problem.

Respectfully submitted,
Winifred H. Ledger, Chairman; Grace M. Gelpke;
Shirlee Burd; Donald B. Willard

(Vic Neumeier photos)

INDUSTRIAL DEVELOPMENT COMMISSION

In times when it has been difficult to attract industry to our town and our state, the IDC has had a relatively quiet year directing most of its efforts to maintain the industrial tax base which we now enjoy.

Respectfully submitted,
Leon Zola, Chairman; Arthur A. Babigian;
Joseph E. Brown; Robert E. Pecaut; Kenneth L. Ritchie

TOWN ENGINEER

The operations of the Engineering Department were performed by the Town Engineer, four permanent Engineering Aides, a permanent Principal Clerk, two Civil Engineering Students from Northeastern University under the Co-operative Education Program and one Temporary Part-time Engineering Aide.

The Flood Hazard Boundary Maps submitted by the U.S. Department of Housing and Urban Development as part of the National Flood Insurance Program were reviewed by the Engineering Department. Detailed listings were prepared indicating every parcel of land that falls within the Flood Boundaries. The maps and property listings are on file in the Engineering Department, and are available for public viewing.

The Sanitary Landfill has begun its second year in accordance with the "Operational Plan" prepared by the Engineering Department and approved by the Commonwealth of Massachusetts, Department of Environmental Quality Engineering. With the State's approval, the Town Engineer is acting as a Consultant Engineer for the Town and overseeing its daily operation. A formal report is filed monthly with the local Board of Health and with the State. Sudbury is very fortunate to have this low cost method of solid waste disposal available and with proper management and operation, the site should last over twenty years.

Walkway construction and planning again represented much of the Engineering Department's workload during the year with the construction of over two miles of walkways along Old Sudbury Road, Hudson Road, Peakham Road and Old Lancaster Road. Future walkway construction planning was also done for Morse Road and Mossman Road. The Town Engineer is now an active member of the Walkway Committee.

In addition to providing the aforementioned engineering services, this Department also continued to serve the Board of Assessors by maintaining an up-to-date mapping program consisting of over one hundred assessment maps. For the Highway Department, construction plans and assistance were provided for many projects such as installation of drainage pipes and structures in various locations throughout the Town. Construction plans and site engineering were provided at the Haskell land for the construction of four tennis courts and the overall grading of the Park for future development. As the General Agent for the Planning Board, all existing and proposed developments were continuously under review by this Department with reports and recommendations submitted as necessary. Plans were also proposed for a new subsurface sewage disposal system to serve the Town Hall, Loring Parsonage and the White Building. Many other plans and services have been provided for other Town Departments, Boards and for the general public.

Respectfully submitted,
James V. Merloni

REGIONAL REFUSE DISPOSAL PLANNING COMMITTEE

Sudbury's Regional Refuse Disposal Planning Committee continued to monitor the activities of the "128 West Refuse Recovery Council" during 1976.

The following is an update of what is going on. Current membership in the Council is made up of 27 towns, an increase of four since 1975, including the Towns of Stoughton and Sharon who have proposed use of sixty and ninety acre solid waste disposal sites located in their respective towns. Several towns have proposed disposal sites. The Town of Weston in collaboration with Mass. Broken Stone Corp. have proposed use of a site located close to routes 128 and 20 at the Mass. Broken Stone facility. Sudbury is not an official member of this Council, but is welcomed to attend and monitor activities.

Middlesex and Norfolk County Governmental bodies have expressed interest in participation in Solid Waste Recovery Systems but prefer promotion of their activities at the County level and not as part of the 128 West Council. This position is opposed by the State of Mass. Bureau of Solid Waste Disposal and Management and at this point in time studies continue for the 128 West Council under Massachusetts General Laws Chapter 40 Section 44B with State Funding and Sponsorship.

One hundred thousand dollars was budgeted during 1976 to study Solid Waste Disposal alternatives and another fifty thousand is proposed for 1977 studies.

Mitre Corporation is a principal contractor and considers Resource Recovery as the best way at this time to approach the solid waste problem. This approach, however, requires significant participation by the regional towns to make resource recovery economically feasible; to date, not enough towns have joined to make it happen.

Your committee's position continues to be in favor of monitoring the activities of the 128 West Refuse Recovery Council in relation to the needs of the town now and in the future.

Respectfully submitted,
Paul H. McNally

WAYLAND/SUDBURY SEPTAGE DISPOSAL PLANNING COMMITTEE

On March 11, 1976 the intertown contract between Wayland and Sudbury for a joint septage disposal facility was signed. This agreement provides for equal sharing of construction costs for the plant, but operating costs are to be apportioned according to usage.

After the 1976 town meetings, negotiations began with Roy F. Weston, Inc. for the engineering services necessary to design, construct and start up the proposed plant. As these negotiations proceeded, the Committee took pains to be sure a complete program was contracted for, minimizing necessary "extras" in the future. The Committee also structured the contract so that the engineer will take responsibility for start up and satisfactory performance of the plant. At this writing, negotiations are complete, with the Committee's counsel modifying the contract to be in proper form.

During 1976, there was a fortunate change in the State Division of Water Pollution Control's policy toward such facilities in that they now qualify for PL-92-500 funding. This project is on the fiscal 1977 priority list for 75% federal and 15% state reimbursement. The Committee has decided to apply for these funds. This decision will make the project somewhat more expensive overall and entails some risk since there is no assurance the project will be funded. The timing of the application now seems critical. If everything can be put in order by July 1977, there is a good chance for funding; but the time required to negotiate the engineering contract may make meeting this date very difficult. The engineer, however, has been authorized to proceed with the "Grant Application Phase" of the work while the final formal details of the contract are resolved. The cost of this phase is \$22,540.

BOARD OF ASSESSORS

The Assessors had a busy year checking and listing new construction and alterations for building permits issued during 1976 and unfinished construction and alterations for permits issued in 1974-1975.

A total of \$3,447,100 in increased real estate and personal assessments were added to our total valuation during 1976. Even though we increased the valuation of the town, a \$5.00 increase in the tax rate was unavoidable due to monies appropriated at town meeting and less reimbursements received from the cherry sheet.

Respectfully submitted,
 Frank H. Grinnell, Chairman; Arthur A. Babigian;
 Donald P. Peirce

TAX COLLECTOR

\$8,652,337.77 was committed to the Tax Office for the 12-month period. \$8,346,995.76 was collected, which includes previous year's taxes.

We appreciate the cooperation of the tax payers and other departments of the town.

Respectfully submitted,
Isabelle K. Stone

TOWN TREASURER

As usual, the Treasury Department has been very active this year. We are very pleased that a new statute allows us to place funds, normally in checking accounts, into Municipal Savings Accounts. In this way, we have earned additional interest on the Town's funds.

Together with Mrs. Bigelow, I would like to express our thanks to those who have assisted in any way to help make our work more efficient and pleasant.

Respectfully submitted,
William E. Downing

TOWN CLERK

TOWN CLERK

Each year, I seem to report that it was another busy one. 1976 was no exception. In fact, it was hectic during much of the year primarily due to the four elections held beginning with the Presidential Primary early in March, just 27 days before the Annual Town Election, and culminating with the Presidential Election in November. The entire staff spent a major proportion of its time on elections during 1976.

Twenty special registration sessions were held during the year and Sudbury residents took good advantage of them. Over 1,700 new voters were registered bringing our total number of voters to almost 8,300. Over 16% of the new voters were 18 year olds eligible to register for the first time.

The Election Day Manuals for all election officers were completely revised this year to improve the format and bring the instructions into conformity with the ever-changing election laws. A series of training sessions were held. These two projects proved to be well worth the time and effort involved as the elections ran very smoothly and, in spite of a record number of absent ballots cast at the Presidential Election, the count was completed and all materials sealed up before midnight.

Thanks to the good cooperation of the Finance Committee in approving a transfer of the necessary funds for three additional voting machines, and thanks to the excellent cooperation of the voters in preparing themselves on the many ballot questions, waiting lines were kept within reason at the Presidential Election and had entirely disappeared by early afternoon. The cheerfulness, patience and consideration of those voters who were required to wait in lines was greatly appreciated.

The 1976 Annual Town Meeting approved a petition to the General Court for a special act to allow the Town Clerk to pay over to the Town Treasurer the fees from dog licenses and fish and game licenses currently retained as part of the salary as provided in the General Laws. This act, now Chapter 379 of the Acts of 1976, was passed by the General Court last October. The Committee on Town Administration and the Town Clerk have jointly submitted an article for acceptance of this special act at the 1977 Annual Town Meeting. The salary adjustment, provided for under Section 1 of the act, has been included in the budget request under line item 506-11. The Town Meeting now has a choice between two legal alternatives -- to have the Town Clerk paid entirely by appropriated salary, or paid by a combination of salary and fees.

Both the Committee on Town Administration and I recommend that the Town Clerk be paid entirely by appropriated salary. In any event, once the Town has made its choice, the fee question should be laid to rest for all time.

Work has been continued on a comprehensive manual covering all aspects of birth, marriage and death records. A preliminary draft has been submitted to the State Registrar of Vital Statistics and to several City and Town Clerks for their review and suggestions. It is hoped that this manual can be completed during 1977 when the pressures from elections will be considerably less. The work done to date has been of tremendous help in answering the many questions which regularly arise concerning vital records.

The Bicentennial had its expected impact on the office this year. Requests for genealogical and historical research increased substantially during 1976, both in the amount of mail and in the number of visitors received in the office from all over the country and Canada. While this has increased the work in the office, the Town has been the beneficiary in that many of these researchers have been willing to share with us their knowledge gained from other sources and our information concerning early Sudbury and its settlers is rapidly increasing.

It is expected that interest in genealogical and historical research will continue at a high level for several years to come, even though the Massachusetts Bicentennial is largely over. National programs will continue and the momentum generated during the last two or three years will carry the interest forward for some time.

In connection with the Bicentennial Celebration, this office prepared a large display of our ancient records. Several hundred Sudbury residents of all ages viewed the treasures on 4th of July afternoon and interest in our heritage was high. In response to the many requests for further displays of the valuable older records, I have accepted an invitation from the Sudbury Historical Society to present its January program and our ancient records will be brought out again.

These records were also on display last January when a talk was given to the Middlesex Society of Genealogists, many of whose members are Sudbury residents.

While it is not possible to have our ancient records on permanent display for obvious security and preservation considerations, it is important that Sudbury residents be given as many opportunities as possible to see them and to know what a great heritage we have.

In connection with the older records, work continues on the typing and indexing. All the Town Meeting minutes have now been typed and subject indexes completed. A name index has been completed for two volumes and is in progress for the remainder. Work on the Proprietors' Records is continuing. These projects have saved many hours of staff time in answering requests for information.

A pilot plan and card file of gravestone inscriptions for the earliest Sudbury cemetery was completed last summer. A similar project covering Sudbury's Old North Cemetery will be completed shortly. In connection with this work, the Cemetery Department has been consulted to insure that there is no duplication of effort, and all information gathered will be shared with Town departments which need or are interested in it.

With the good cooperation of the Ancient Documents Committee in providing the necessary materials, the Town's large collection of unbound historic papers has been organized, catalogued, and placed in acetate folders and post binders for their proper preservation. A cross-indexed card file is now in progress.

A collection of newspapers from the 1930's was donated to the Town during the year and other collections of news clippings from the late 1800's were loaned for the purpose of copying. These are welcome additions to our records and add much valuable information about Sudbury and its people.

As my third term in office draws to a close, I would like to thank all boards, committees and officers of the Town and the citizens of Sudbury for the excellent cooperation and help I have continually received over the past 9 years.

Respectfully submitted
Betsey M. Powers
