Board of Selectmen

The Board of Selectmen hereby submits to you, the citizens of the Town, the 1979 Town Report of all elected and appointed officials, Town boards, commissions and committees, in accordance with the Town Bylaws, Article III, Section 2, giving a summary of their activities and a written report of their financial transactions.

We respectfully submit this, our 1979 report, to the Town on the activities of the Office of the Board of Selectmen.

Through the joint efforts of many Town boards and commissions our tax rate dropped this year by \$1.50. The so-called "4% Tax Cap" legislation is only partially responsible for a decrease in our taxes... strong and sound local fiscal management did the job. Sudbury's average yearly tax rate increase over the last seven years has only been 2.2%. However, we must continue local dialogue on how to cope with and prioritize local needs, while at the same time be aware of possible federal and state action that might directly impact on local finances. (i.e., What will the 4% fiscal 1980-81 tax cap do to us? What will proposed Tax Limitation Proposals, to be on the ballot in November of 1980, do to the Town of Sudbury, if passed?) It is a complex scheme of events ahead of us, but we have already started to address these questions through a series of working meetings with other Town agencies.

AT THE LOCAL LEVEL

1979 Annual Town Meeting

At long last Town Meeting approved a new Classification and Salary Plan for Town clerical workers and adopted a new Personnel Administration Plan. In essence, Town non-union employees are now receiving certain benefits that union employees were granted several years ago.

Town Meeting authorized funds to conduct a private audit of Town finances which was performed over the summer months. The final audit reports have been submitted to the Selectmen's Audit Selection and Review Committee and will be made public early in 1980.

Town Meeting appropriated funds for planning and/or a feasibility study to determine alternative methods for providing additional

facilities for the Police and Fire Departments. After much work on the part of the Permanent Building Committee it appears we may be asking the 1980 Annual Town Meeting for funds to expand the present police headquarters building. A possible new fire headquarters will be evaluated during the upcoming year for possible funding at the 1981 Annual Town Meeting.

1980 Annual Town Meeting

The Selectmen are proposing the following major articles for the 1980 Annual Town Meeting:

- Several street acceptance articles making certain private roads public ways;
- A special bill to get the Town out from under the State Civil Service System;
- Request for funds to start a more intensive surface/sub-surface water testing program;
- Adoption of a new (up-dated) official Town map;
- A request for funds to expand the present police headquarters building.

Status of Certain Other Matters

The Selectmen sponsored a retirement party for our Building Inspector, Francis E. White. We publicly wish Fran and his family well in their retirement to Vermont.

We are happy to report that:

- Landham Road reconstruction is 99% complete. We publicly thank all those abutters who put up with so much during this long ordeal.

- A local Juvenile Work Restitution Program will be starting sometime early in 1980. Judge DiCicco of the Framingham District Court assured the Selectmen of his full support and cooperation once formal procedures are agreed to by the Court and the Town.

- The Council on Aging will have a new Drop-In Center for the elderly early in 1980. The Selectmen have been working with the Council on Aging throughout the year to bring this project to fruition. Its location will be at 32 Concord Road near the Goodnow Library.

Unfortunately, the Town still does not have a dog pound facility. Changing of locations and State statutes and regulations dealing with public bidding for public facilities has caused tremendous problems and delays in

completion of this, thought to be, simple project. The funds (\$10,000) appropriated for this project are insufficient, if done by public bidding as required by law. Therefore, the Selectmen are studying other alternatives and will report on the same at the 1980 Annual Town Meeting under the Dog Control budget.

During 1979 the Selectmen appointed a Mosquito Control Study Committee which will make its final report to Town Meeting in April 1980. From this group, with the cooperation of many local civic organizations, came the idea to have a "Bug Day" on March 22, 1980. Prior publicity will acquaint residents on how they themselves may rid their property of harmful insects and pests such as gypsy moths.

Also during 1979, the Selectmen took the lead and coordinated activities with the Water District, Conservation Commission and the Board of Health to implement a more intensive surface/sub-surface water testing program for Sudbury. This matter will be presented to the Annual Town Meeting unless funded earlier at the Water District's Annual Meeting.

In 1979 two more local employee unions were formed and recognized by the State. The Selectmen must now conduct collective bargaining with the following five unions:

- The Sudbury Permanent Firefighters Association, Local 2023
- Association of Engineers, Architects and Draftsmen, Local 105
- Public Employees of the Laborers' International Union of North America, Local 1156
- International Brotherhood of Police Officers, Local 315
- Sudbury Supervisory Association.

This past year the Selectmen made a concerted effort to meet with every Town board, commission and committee to better understand their needs or problems and to lend whatever assistance necessary from the Selectmen's Office. This endeavor was successful and we intend to continue it next year.

On a most important matter - ENERGY - the Selectmen have directed that all public buildings comply with the Federal Energy Temperature Restrictions. Our offices are coordinating informational referrals and applications for federal/state funds for home heating fuel for eligible persons or families. Likewise, we are working with the State Office of Energy and have reported as required our emergency plans, in case a local emergency or

individual crisis occurs during the upcoming heating season. A local citizen group has been formed on its own initiative to promote local conservation of energy. The Selectmen have pledged complete support and cooperation of its Office to their effort. January 1980 will be declared Energy Conservation Month in Sudbury and we will help sponsor its success.

AT THE STATE LEVEL

We wish to report that Executive Secretary Richard (Ed) Thompson was elected as a Trustee of the newly formed Massachusetts Municipal Associations and is a voting member of the Governor's Local Government Advisory Committee.

In November, the State Department of Public Utilities (DPU) finally ruled on the Sudbury Telephone Case. We did not get Extended Local Service (ELS) to call all surrounding towns free of charge which was requested in the original petition five years ago. We did get Extended Community Calling Service (ECCS) to certain neighboring towns for a \$1 monthly charge for the first two hours and 4¢ per minute thereafter. The ECCS being offered does not include Acton or Natick exchanges in Wayland and Framingham, but the Selectmen and Resident Petitioner, Estelle Simon, have filed an appeal to the DPU for their inclusion. Again, we commend Mrs. Estelle Simon for all her efforts on this case.

The Massachusetts Historical Commission (M.H.C.) awarded the Town a grant of \$3,775 to hire an Architectural Historian to develop and recommend a Historic Structures Report/Preservation Plan for the Hosmer House located in the Town Centre. This is a 50% matching program with the Town contributing \$3,775 for a total Phase I project cost of \$7,550. It is expected that we will apply to the M.H.C. for Phase II... seeking actual monies for needed interior/exterior restoration work to the Hosmer House. The local Historical Commission in cooperation with the Selectmen's Office deserves credit for success of this endeavor to date.

The Selectmen endorsed this year the Boston Region Transportation Improvement Program for 1980-84 which calls for a commitment of state and federal funding in fiscal 1980 to:

- | | |
|---|-----------|
| Improve certain local traffic intersections | \$174,000 |
| Widen and channelize Route 20 between Nobscot Road and Union Ave (.8 miles) | \$850,000 |

The Selectmen kept abreast of and responded to certain areawide or regional studies which may have future impact on the Town. In cooperation with the Conservation Commission and Board of Health we addressed the following reports which are available to the public at the Selectmen's Office:

- Final Areawide Waste Treatment Management Plan (Environmental Impact Statement)
- Areawide Housing Opportunity Plan
- 128 West Resource Recovery Council Plan
- Federal Wildlife Refuge Acquisition Plan
- Boston Region Transportation Improvement Plan.

The Selectmen and many Town officials opposed the State Ethics Commission's initial legislation providing for public disclosure of certain interests and associations by key local officials. The legislation now proposed has been improved as a result of these and other comments, however, we still fear that many local, non-paid members of boards and commissions may choose not to run for office or be re-appointed when their term expires.

AT THE FEDERAL LEVEL

Next year the Federal Government will be conducting the 1980 decennial census. We urge that you give the Bureau of Census your complete and full cooperation. An accurate count is of utmost importance to the northeast United States because some experts claim we could lose possibly 20 to 25 representatives in the United States Congress to other parts of the United States.

The local Federal Housing Rehabilitation Programs have been closed out. Our grants totaled \$180,000; 152 applications were processed and helped a total of 107 families. Fifty persons or families remained on the waiting list. Our chances for future funding are doubtful due to a change in the federal eligibility criteria for communities.

Some good news is that the South Middlesex area has been designated as a Standard Metropolitan Statistical Area (SMSA). This should mean more federal/state dollars for South Middlesex and a big economic boost. Our thanks to our local State and Federal Representatives and Senators who helped in this effort.

FOCUS FOR 1980

The outlook for 1980 appears bleak. We currently project local deficits of approximately

\$400,000. However, our cash position is healthy, at present, and may balance out our deficits for this fiscal year.

We are approaching the 1980 Annual Town Meeting with a 4% cap while inflation is running in excess of 14% in most major areas. The town government, like a business, must absorb increased costs, but in the public sector it means higher taxes or a loss or a cutting back of services. To compound this situation, as mentioned earlier, on the horizon will be several "Tax Limitation Proposals" on the ballot in November 1980, which could cause havoc at the local level.

We have been able to keep our house in order financially, so to speak, but the State continues to make our job harder and harder. We were promised 500 million dollars in new State local aid... only \$166,000 was distributed. We were promised State takeover of County Court costs... \$13-\$18 million is being assessed in local cities and towns for Courthouse rental fees. We were promised an improved MBTA... current fiscal year deficit is \$25 million. We were promised a certain amount on the Cherry Sheet... \$55,000 short! We were promised the Pope's visit would not cost cities and towns... costs were approximately \$1.8 million.

To further aggravate the above, State spending patterns have been excessive. The State overall budget increases for this fiscal year amount to 9%, while local budgets were capped at 4%. It is further projected that the State budget will be \$300 million short at the close of June 30, 1980 because of revenue shortfalls of 5%; oversight in budgeting for fuel; non-inclusion of money for union salary increases. This means the outlook for any additional local aid next year is not good.

Finally, our main focus for next year is to continue to maintain a stable tax rate, but the job is not going to be easy. We seek your help and encourage your attendance at the 1980 Annual Town Meeting to address these problems and determine the future direction for the Town government of Sudbury.

Respectfully submitted,
BOARD OF SELECTMEN
Robert J. Hotch, *Chairman*
William J. Cossart
John E. Murray

Board of Selectmen Financial Report

July 1, 1978 - June 30, 1979

Total Receipts	\$13,891.31

Sign Review Board

In the fiscal year July 1, 1978-July 30, 1979 the Sign Review Board processed 40 applications. Thirty-five were approved, three rejected and two withdrawn. As in the past, this board has endeavored to ensure that all new signing conforms to the by-laws and continues to be in keeping with the Colonial character of our Town.

Respectfully submitted,
Leon Zola, *Chairman*
Dorothy Emmons
Eric Menoyo
G. Burton Mullen
Barbara F. Pryor

Insurance Advisory Committee

The Insurance Advisory Committee has obtained a list of qualified, professional appraisers. The goal of the Committee is to have a thorough and current appraisal of all Town and School owned buildings completed during 1980.

Respectfully submitted,
William P. Reed, *Chairman*
John C. Naatz
John H. Wilson

Tree Warden's Report

The tree planting program continued with the planting of thirty ornamental trees and twenty-two shade trees along the town roads.

The Department of Natural Resources assisted in two days of sampling elms.

Twenty-five town elms were sprayed for Dutch elm disease.

Tree care efforts continued with the removal of dead and diseased trees and application of fertilizer and insecticides.

Thirteen elms were removed because of Dutch elm disease.

Twelve dead trees were removed with the combined forces of Boston Edison and the Tree Department.

Twenty-seven trees were removed by hired contractors.

Twenty-three dead trees were removed by the Tree Department.

Due to the rainy season we had a limited poison ivy spraying program.

Respectfully submitted,
William W. Waldsmith
Tree Warden

HIGHWAY DIVISION

This year's activities for the highway division were above normal in the maintenance of our drainage systems. The complaints more than tripled during the year due to the high water table. Many man hours were spent for this part of our operation.

The monies voted for our vehicle replacement program were put to good use. We were able to purchase a new six-wheel Mack dump truck for our snow plowing operation, a new backhoe to help out in our drainage program and for use in our cemetery operations. A new brush chipper was also purchased for the tree department.

The program I started two years ago for students from the Minuteman Vocational Regional High School working in our vehicle maintenance shop has been extremely helpful. We were unable to obtain students from Minuteman this year, so we requested students from Keefe Technical School in Framingham. This program will be an even greater benefit to both the town and the students if and when we provide the vehicle maintenance for additional town vehicles.

Landham Road was reconstructed during the summer and fall. The only work remaining to be completed is the loaming and seeding. This will be completed in the early spring of 1980.

LANDFILL/CEMETERIES

The activities performed in these two operations consisted of normal maintenance.

WALKWAY PROGRAM

Another 5,800 feet of walkways were constructed this past fall with the completion of the Landham Road Walkway. The Haynes Road and Puffer Lane Walkway would have been constructed during the late fall, but we were not able to obtain all the required easements prior to inclement weather. It is anticipated that construction will start in the early spring of 1980 or as soon as weather conditions permit. The southerly end of the Mossman Road Walkway is being held up due to the lack of easements. Construction will proceed once the easements are procured.

The total activities for my department were too numerous to mention, and the foregoing were only the highlights for 1979. In closing, I wish to express my sincere thanks to the citizens of Sudbury, my employees and all Boards, Commissions, Committees, and Departments of the Town for their aid and assistance during the year 1979. I look forward to a more productive and better year to come as your Highway Surveyor.

Respectfully submitted,
Robert A. Noyes

Board of Appeals

During 1979 the Board of Appeals considered 46 cases, 35 of which were granted, 7 denied, and 4 withdrawn. At its annual meeting, the Board adopted revised rules as well as an increase in the application fee.

David D. Horn retired from the Board during the summer, and the Board is indebted to him for his term of service. David G. Berry was appointed to the Board to fill Mr. Horn's unexpired term. During the year, the following persons were appointed as Associate Members of the Board: Harold Jacobi, Harvey R. Peters and Eileen C. Reutlinger.

The cases considered during the years and the Board's actions thereon are listed below. The asterisk indicates that the variance or permit was granted with certain limited restrictions safeguarding the public interest. Actions of the Board are a matter of public record and are on file with the Town Clerk.

Town Report Preparation Committee

This report, as in recent years, is Part One of a Two Part Annual Town Report and contains all town board and committee reports and financial statements, plus a summary of the 1979 Town Meeting. Part Two consists of the detailed accounting of the 1979 Town Meeting Proceedings prepared by the Town Clerk and may be obtained at the Town Clerk's Office in Town Hall.

A Town Report is a microcosm of a town, reflecting the dedication and hard work of those who serve, whether elected, employed, or appointed. To all contributors we say thank you for preparing neat, concise reports, for giving your time throughout the year, and above all, for caring enough to want to try to make Sudbury a better town for yourselves and your families.

The children of Sudbury deserve a special Thank You. In their drawings we see life in Sudbury through the eyes of a child.

Due largely to the efforts of last year's chairman, Nadine Wallack, our 1978 Annual Town Report won second place in the Mass. Municipal Association's Town Report Contest.

The 1979 Town Report was printed by the Rene Press, Inc., of Fitchburg and was distributed by the Sudbury DeMolay Chapter to which the Town makes a contribution equivalent to one half the cost of mailing the reports.

Respectfully submitted,
Patricia D. Drobinski

Talent Search Committee

The purpose of the Talent Search Committee is to provide the "appointing" officials in Sudbury Town Government with an up-to-date record of Sudbury residents who are willing to serve on the various appointed town boards and committees. This record is maintained as a computer file which can be sorted by categories of interest. A master printout of this file is provided to the Selectmen. Copies of this printout or printouts of selected portions of the file are available through any member of the committee.

To facilitate the data processing aspect of our function, we have categorized interest areas as follows:

Administration, Board of Appeals,
Celebrations, Conservation, Data
Processing, Education, Elderly, Facilities,
Finance, General, Health, Housing,
Historical, Library, Personnel, Planning,
Town Report, Transportation, Regional,
and Youth.

This year we concentrated our advertising in Bentley's Community Calendar and had application forms available at the Town Hall, in the Goodnow Library, and at the Town Meetings. We also used the last page of the Town Warrant before the Annual Town Meeting for our ad. This was our biggest success in terms of people signing up to serve the town. We hope to be able to advertise in the Warrant again this year.

Many people from our file have been appointed and are now serving on various boards and committees. If you would like to serve your town in one of the areas listed above, please contact Lee Todd, 363 Willis Road or inform any member of the Talent Search Committee of your interest.

Respectfully submitted,
Lee Todd, *Chairman*
Pat Harding
Ralph Cuomo
Jack Heiser
Martha Coe

Personnel Board

The Personnel Board is responsible for the Personnel Administration Plan of the Town. Our purview extends to wage and salary administration, organizational and employee development, and collective bargaining. We encourage an approach to Personnel Administration that is vitally concerned with employee motivation as well as guarding the taxpayers dollars.

This year, we have established special liaisons with key boards and departments and an employee evaluation system. Fifty-six salary adjustments and seventeen training requests have been processed. Six grievances have been examined and ruled on by the board.

Respectively submitted,
Lawrence S. Faye
Dolores Mealey
Alan Reichard
Henry Sorett

Jack Keenan, 8th Grade

Moderator's Report

We, the residents of Sudbury, transacted our fiscal and municipal business in seven nights during the 342nd Annual Town Meeting and in a single night of Special Town Meeting held in June. During the Annual Town Meeting an average of 735 persons dealt with forty-one articles. In the Special Town Meeting, including the Emergency Special Town Meeting held therein, 358 voters disposed of eleven articles. The attendance at the meetings was excellent in terms of numbers, consistency and duration. Sudbury's record is cited as a favorable example of the potential of open town meetings by its proponents.

This year's meetings appeared to have a somewhat different atmosphere - a noticeable purposefulness. They were for this reason very easy assemblies over which to preside. There was very little, if any, bickering among boards or officials or posturing on the part of speakers. Everybody present seemed to appreciate that expenses could and must be controlled even at the cost of services rendered. Governor King's four per cent tax cap did not appear to be motivation which was needed or operative.

Against this backdrop of grave fiscal concern there were some powerful and moving moments as troubled school committee members asked how increased costs could be met without additional money while Finance Committee members responded that no additional tax burdens could be borne.

The 1979 Town Meetings were, in my judgment, important meetings involving very few amusing or glamor articles but rather fundamental and crucial issues.

Respectfully submitted,
J. Owen Todd, *Moderator*

Town Counsel

This past year saw a change in the nature of the work processed by Town Counsel's Office. In the past, written legal opinions to the various boards and committees ran to 50 or 60 per year; in 1979 about half of that number were requested, due in part to committeemen and women availing themselves of advice and informal opinions by telephone or office meetings, either with myself or my able assistant, Mr. Thomas French. This practice is encouraged, since all aspects of a question can be fully discussed and potential legal problems anticipated and avoided.

On the other hand, state legislation has resulted in an increase in other areas, particularly due to the statutes relating to municipal liability, the tax cap, and property tax classification. In addition, the larger than usual number of contracts received for review, modification and approval were further affected by the many hours required for the school bus and dog pound contracts. Finally, preparation for Town Meeting, including review of and recommendations concerning warrant articles, requires increasing amounts of time.

During 1979 the Town was actively involved in litigation in the following courts: U.S. District Court, 1 case; Superior Court, 4 cases; Land Court, 4 cases; District Court, 3 cases; Appellate Tax Board, 9 cases; administrative and regulatory hearings, 2 cases.

Respectfully submitted,
Paul L. Kenny

Diane Perkins, 8th Grade

TOWN MEETINGS

Summary of 1979 Town Meetings

The following is a summary of the actions taken by the Annual and Special Town Meetings on resolutions and on the articles in the warrants for those meetings. The more detailed official Town Meeting Proceedings appear in Part II of this Annual Report, copies of which are available in the Town Clerk's Office. Copies are also available for your perusal at the Goodnow Public Library.

Annual Town Meeting April 2, 3, 4, 9, 10, 23, 30

IN MEMORIAM RESOLUTION: VOTED unanimously that the Town express its appreciation for the special gifts and services of James L. Devoll, Sr., John J. Drum, Florence A. Hosmer, James Leo Quinn, Harry C. Rice, Edward A. Sherman, and Malcas Skog.

ARTICLE 1. Hear Reports: VOTED unanimously that the Town accept the reports of the Town boards, commissions, officers and committees as printed in the 1978 Town Report.

ARTICLE 2. Temporary Borrowing: VOTED unanimously that the Town authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of revenue of the financial year beginning July 1, 1979, in accordance with the provisions of General Laws.

ARTICLE 3. Personnel Bylaws - Classification and Salary Plan, Article XI: INDEFINITE POSTPONEMENT of an article to amend the Classification Plan and Salary Plan, Schedules A & B in Article XI of the Town Bylaws.

ARTICLE 4. Personnel Administration Plan, Article XI: VOTED that the Town amend Article XI of the Sudbury Bylaws, referred to as the "Personnel Administration Plan", by deleting sections 1 through 12 and substituting new sections 1 through 11.

ARTICLE 5. Budget - Summary of Appropriation Votes:

DEPARTMENT	VOTED
100 Sudbury Public Schools	\$4,948,000.00*
120 Community Use of Schools	20,000.00
130 Lincoln-Sudbury Reg. H.S.	2,618,639.98
140 Minuteman Regional Vocational Technical High School	321,025.00

700 Park and Recreation	123,345.00**
800 Health	100,408.00**
900 Veterans	12,156.00
950 Unclassified	720,200.00
Unemployment Fund	30,919.14
TOTAL	\$12,238,052.62

*See Emergency Special Town Meeting, June 11, 1979, for adjustment.

**See Special Town Meeting, June 11, 1979, Article 2, for budget adjustment.

VOTED:

A. That salary and overtime appropriations within department budgets are funded hereunder as integrated line items, provided, however, that the departmental appropriation for one such line item cannot be used for another line item without the approval, in each instance, by the Finance Committee;

B. That the snow and ice line items, 460-30 Materials, 460-40 Equipment, and 460-50 Contractors, are funded hereunder as integrated line items, provided, however, that

the appropriations for one line item cannot be used for another line item without prior approval, in each instance, by the Finance Committee;

C. That, with the exception of Account 100 Education, and the integrated line items provided provided by this motion, all the line items in all other accounts have been voted in segregated line items for accounting and expenditure purposes;

D. That all automobile mileage shall be paid at the rate of 14¢ per mile upon submission of a proper voucher;

E. That all appropriations under Article 5 are for the fiscal year July 1, 1979, to June 30, 1980; and

F. That any state or federal funds received by the Town which must be obligated or expended prior to the next Annual Town Meeting may be used to offset the cost of an appropriate line item in the budget upon the acceptance of the Finance Committee and certification of the Town Accountant.

ARTICLE 6. Unpaid Bills: VOTED unanimously that the Town appropriate \$5,157.99, to be raised by taxation, for the payment of unpaid bills.

ARTICLE 7. Update Property Values: VOTED to appropriate \$35,000, to be added to sums previously appropriated, for the employment of an appraisal consulting firm, and to appropriate \$5,000 to be transferred to a new line item, (Assessors) 504-61, for salary payments incurred for services to be rendered in conjunction with the coordination and supervision of the revaluation project, said sums to be expended under the direction of the Board of Assessors for the purpose of updating property values in the Town of Sudbury so that we will be valued at full and fair cash value, said sums to be raised by taxation.

ARTICLE 8. Town Audit: VOTED unanimously that the Town appropriate \$15,000, to be expended under the direction of the Board of Selectmen, to engage the services of a public accounting firm to perform an audit of the Town's financial records for the period June 30, 1972 to June 30, 1979, the sum to be raised by taxation.

ARTICLE 9. Street Acceptances: VOTED unanimously that the Town accept the following ways:

Paddock Way - from Dakin Road to a dead end;

Deacon Lane (formerly Olde Towne Circle) - from Pantry Road to a dead end;

Witherell Drive - from Willis Road to Belcher Drive;

Cakebread Drive - from Witherell Drive to a dead end;

Taintor Drive - from Witherell Drive to a dead end;

Darvell Drive - from Witherell Drive to Belcher Drive;

Belcher Drive - from Willis Road to Bowker V; Robert Best Road - from Peakham Road to Peakham Road;

Colburn Circle - from Robert Best Road to a dead end;

Curtiss Circle - from Robert Best Road to a dead end;

with the sum of \$750 for expenses to be raised by taxation.

ARTICLE 10. Street Acceptance - Newbridge Road. VOTED unanimously that the town accept the layout of the relocation of approximately 1200 feet of Newbridge Road, and to appropriate \$5,890 for expenses, to be raised by taxation.

ARTICLE 11. Transfer of Tax Possession Parcel 164 to Conservation Commission: VOTED that the Town transfer to the Conservation Commission Lots 21 and 22, Block G, located between Willis Lake Drive and Arborwood Road.

ARTICLE 12. Special Act - Special Police: DEFEATED a motion to authorize and request the Board of Selectmen to petition the General Court of the Commonwealth to enact special legislation to provide for the appointment of special police officers.

ARTICLE 13. Police/Fire Headquarters: VOTED to appropriate \$7,500 to be expended by the Permanent Building Committee for preparation of bidding documents, including the updating of plans and specifications, for a new police and fire headquarters building and/or for planning and/or a feasibility study to determine alternative methods for providing facilities for the police and fire departments, the sum to be raised by taxation.

ARTICLE 14. Amend Bylaws, Article IX, Section IV - Cluster Development Provision: DEFEATED a motion to amend Article IX, Section IV of the Zoning Bylaw by adding a new subsection D entitled, "Cluster Development".

RECONSIDERATION - ARTICLES 3, 4 and ARTICLE 5, Section 110: DEFEATED motions for reconsideration.

ARTICLE 15. Walkway Construction - Haynes/Puffer: VOTED to appropriate \$40,000,

to be raised by taxation, for the construction of walkways along Haynes Road, from Dunster Road to North Road, and along Puffer Land, from Haynes Road to Village Road.

ARTICLE 16. Walkway Construction - Mossman: VOTED to appropriate \$60,000, to be raised by taxation, for the construction of a walkway along Mossman Road from Marlboro Road to North Road.

ARTICLE 17. Scenic Roads Recommendations: DEFEATED a motion to designate ten roads, as recommended by the Conservation Commission, under the Scenic Roads Act.

ARTICLE 18. Amend Bylaws, Article XI, 7 - Personnel Administration Plan: INDEFINITE POSTPONEMENT of an article to amend the Town of Sudbury Bylaws, Article XI, Section 7, Incidental Benefits, (1) Holidays With Pay.

ARTICLE 19. Amend Bylaws, Article V - Public Safety: VOTED unanimously to amend the Town of Sudbury Bylaws, Article V, Public Safety, by correcting the titles of the officials to whom reference is made in Article V, sections 15, 18, and 19.

ARTICLE 20. Amend Bylaws, Art. XII, 1 - Town Property: VOTED to amend the Town Bylaws governing Town-owned personal property to allow the sale of obsolete low-value property (under \$1,000) without the public bid process if approved by the Board of Selectmen and if not considered historically significant by the Historical Commission, the Ancient Documents Committee, and the Board of Selectmen; to establish procedures for disposal of historically significant property; to establish that all personal property located in the Hosmer House is historically significant; and to delete the provision that approval of the Board of Selectmen and Finance Committee is required for trading in personal property.

ARTICLE 21. Amend Bylaws, Article V(A) - Removal of Earth: VOTED unanimously to amend Art. V(A) to indicate that the Earth Removal Board has jurisdiction to enforce the Bylaw's provisions whether or not a permit has been issued.

ARTICLE 22. LSRHS Contingency Fund: VOTED to approve the submission of legislation proposed by the Lincoln-Sudbury Regional School District relative to the establishment of a Contingency Fund and to authorize the District to petition the General Court of the Commonwealth to enact the proposed Special Act.

ARTICLE 23. LSRHS Roof Repairs: VOTED unanimously to appropriate \$53,820, as Sudbury's share according to the regional apportionment of cost, to begin a program of re-roofing the Lincoln-Sudbury Regional School buildings.

ARTICLE 24. Fairbank School - New Roof: VOTED unanimously to appropriate \$30,000, to be raised by taxation, to provide a new roof for the Fairbank School.

ARTICLE 25. Horse Pond School - Heating System: VOTED unanimously to appropriate \$7,000, to be raised by transfer from the special Rental Account reserved for repairs, to repair the heating system, controls, and thermostats at the Horse Pond School.

ARTICLE 26. Summer School: VOTED unanimously to appropriate \$3,535, to be raised by transfer from the Summer School Reserved for Appropriation Account, to support the Summer School program.

ARTICLE 27. Amend Bylaws, Article IX, I, B, Basic Requirements - Exempt SHA/Handicapped Housing: DEFEATED a petition article to amend Article IX, Section I, paragraph B, of the Zoning Bylaw entitled, "Basic Requirements", to exempt from the Zoning Bylaws the use of land by the Sudbury Housing Authority for housing for low-income severely physically disabled persons.

ARTICLE 28. Congregate Housing Zoning Exemption: INDEFINITE POSTPONEMENT of a petition article to exempt the Sudbury Housing Authority from all provisions of the Zoning Bylaw to implement a plan for the development of a congregate facility to house and serve twelve to fifteen severely physically disabled persons, on land presently owned by Ralph E. and Agnes A. Hawes located on Nobscot Road.

ARTICLE 29. Amend G.L. Ch. 111, Sec. 31D - Septage Facility Billing and User Fees: VOTED to authorize and direct the Board of Selectmen to approve and support a petition to the General Court of the Commonwealth by the Operational Review Committee of the Wayland/Sudbury Septage Disposal Facility to amend the General Laws to permit direct billing of property owners for user charges.

ARTICLE 30. Amend Wayland/Sudbury Septage Disposal Agreement: INDEFINITE POSTPONEMENT of an article to amend the Septage Disposal Agreement to make the adoption of a user charge system more explicit in accordance with a request by the EPA in connection with approval of a grant application. (The Environmental Protection Agency withdrew its request for such amendment.)

ARTICLE 31. Trinity Mental Health Services: DEFEATED a petition article to appropriate \$1,498 for mental health services to be provided to Town residents by Trinity Mental Health Association of Framingham, Massachusetts.

ARTICLE 32. Swim Facility: DEFEATED a motion to appropriate \$1,200,000, by borrowing for a 20-year period, for the expense of constructing and furnishing a totally enclosed swim facility on Town-owned land and for the cost of architectural services, plans and specifications and bidding documents for the same.

ARTICLE 33. Swim Facility Operations Budget: INDEFINITE POSTPONEMENT of an article to provide \$35,000 for the operation of the Town swimming facility.

ARTICLE 34. Special Act, Five-member Board of Selectmen: DEFEATED a motion to authorize and direct the Board of Selectmen to petition the General Court of the Commonwealth for the enactment of special legislation authorizing the Town to increase the number of members of its Board of Selectmen, chosen by election, from three to five.

ARTICLE 35. Special Act, Appoint Town Treasurer: DEFEATED a motion to authorize and direct the Board of Selectmen to petition the General Court of the Commonwealth to enact special legislation providing for the appointment of the Town Treasurer.

ARTICLE 36. Special Act, Appoint Tax Collector: INDEFINITE POSTPONEMENT of an article to authorize and request the Board of Selectmen to petition the General Court of the Commonwealth to enact special legislation providing for the appointment of the Town Collector of Taxes.

ARTICLE 37. Surface Drains: VOTED to appropriate \$100,000, to be raised by transfer of \$15,000 from Article 15, 1978 ATM, and the balance of \$85,000 to be raised by taxation, for the construction and reconstruction of surface drains as follows:

Concord Road - from Old Lancaster Road northerly, approximately 160 feet;

Old Lancaster Road - easterly from Concord Road to Pokonoket Avenue, approximately 2310 feet;

Union Avenue - southerly from the intersection of Concord Road and Old Lancaster Road, approximately 825 feet;

Ames Road and Murray Drive - approximately 1,040 feet;

Woodside Road (portion) - approximately 980 feet.

ARTICLE 38. Electrical Services for Salt Shed & Landfill: VOTED unanimously to appropriate \$1,200, to be raised by taxation, for the installation of new electrical service for the salt storage shed behind the Highway Department Garage and for the trailer at the Sanitary Landfill.

ARTICLE 39. Purchase Microfilm Reader/Printer: VOTED unanimously to appropriate \$3,700, to be raised by taxation, to be expended under the direction of the Ancient Documents Committee, for the purchase of a microfilm reader/printer in conjunction with the Records Management Program.

ARTICLE 40. Abolish Committee on Town Administration: INDEFINITE POSTPONEMENT of a petition article to abolish the Committee on Town Administration established under Article 47 of the 1962 ATM.

ARTICLE 41. Landham Road Reconstruction: DEFEATED a petition article to amend the vote under Article II of the 1978 ATM concerning the reconstruction of Landham Road, as amended by the vote under Article I of the June 7, 1978 Special Town Meeting, to provide that Landham Road shall be constructed at a width of 30 feet.

Special Town Meeting

April 9, 1979

ARTICLE 1. Validate Town Meeting:
VOTED unanimously to authorize and request the Board of Selectmen to petition the General Court of the Commonwealth to enact a Special Act to validate the Town Election and Annual Town Meeting because of a failure to post the warrant seven days prior to the election.

Special Town Meeting

June 11, 1979

ARTICLE 1. Personnel Bylaw - Classification and Salary Plan, Article XI: VOTED to amend the Classification Plan and Salary Plan, Schedules A & B in Article XI of the Town Bylaws, by substituting new schedules A & B as set forth in the warrant.

ARTICLE 2. Budget Adjustment: VOTED to appropriate salary line items as additions to the line item appropriations in Article 5 voted at the 1979 ATM, as follows:

DEPARTMENT	VOTED
310 Fire Department	\$ 1,529
320 Police Department	672
340 Building Inspector	3,006
350 Dog Officer	409
360 Conservation Commission	85
370 Board of Appeals	309
385 Sign Review Board	156
400 Highway Department	2,505
501 Selectmen	3,901
502 Engineering	5,718
504 Assessors	934
505 Tax Collector	2,127
506 Town Clerk & Registrars	2,420
507 Treasurer	1,732
511 Personnel Board	85
512 Planning Board	522
514 Historic Districts Committee	33
521 Accounting	4,140
600 Library	4,064
700 Park and Recreation	3,687
800 Health	1,701
TOTAL	\$ 39,735

ARTICLE 3. Dog Pound Funds: VOTED to authorize the Town Accountant to carry forward into fiscal year 1979-1980 \$10,000 from Account 350-51, which was appropriated at the 1978 ATM and to allow this account to remain open until the Dog Pound Facility is completed or the funds are expended.

ARTICLE 4. Vehicle - Health Director: VOTED to appropriate \$5,500, to be raised by taxation, for the purchase of a vehicle to be used by the Director of Public Health.

ARTICLE 5. Amend MMRVTSD Agreement:

VOTED to accept and approve an amendment to the agreement establishing the Minuteman Regional Vocation Technical School District, called "Minuteman", as proposed by the Minuteman School Committee by vote adopted on February 20, 1979, which sets up a procedure for new member towns to join the District and provides for the acceptance of four specific towns into the Region.

ARTICLE 6. Levy Limit: INDEFINITE POSTPONEMENT of an article to allow the Town to exceed the 104% tax levy limit set by the Commonwealth.

ARTICLE 7. Appropriations Limit: INDEFINITE POSTPONEMENT of an article to allow the Town to exceed the 104% appropriation limit set by the Commonwealth.

ARTICLE 8. Use of Free Cash: VOTED unanimously to exempt the amount of \$100,000 of free cash from being used to reduce the property tax levy for fiscal year 1980.

ARTICLE 9. Amend Bylaws, Article V, Sec. 3 - Dog Fines: VOTED to amend Section 3 of of Article V of the Town Bylaws, entitled, "Public Safety", relative to the Control of Dogs by providing a schedule of fines.

ARTICLE 10. Amend Bylaws, Article IX, I, B, Basic Requirements - Exempt SHA Housing for the Disabled: INDEFINITE POSTPONE-
MENT of an article to amend Article IX, Section 1, paragraph B, of the Zoning Bylaw entitled, "Basic Requirements", to exempt from the Zoning Bylaw the use of land by the Sudbury Housing Authority for housing for low-income physically disabled persons.

Emergency Special Town Meeting

June 11, 1979

ARTICLE 1. Sudbury Schools Budget: VOTED to appropriate \$66,000, to be raised by taxation, in addition to the funds voted under Article 5 of the 1979 ATM for Account 110, Sudbury Public Schools.

Annual Town Election

March 26, 1979

The Annual Town Election was held at the Peter Noyes School with the polls open from 7:00 A.M. to 8:00 P.M. There were 2,594 votes cast, including 73 absentee ballots. Twenty-two voting machines were used. The results were announced by Town Clerk Betsey M. Powers at 11:20 P.M.

PROTECTION

Police Department

The following is a report of the activities of the Police Department for the year 1979:

There were a total of 691 Class I crimes reported and investigated as follows:

Robbery	5
Assault	40
B & E	230
Larceny	377
MV Theft	39

The figures totaled represent an increase of 32% over the previous year. Of the 230 breaking and entering cases, 162 were housebreaks. We cannot overemphasize the importance of our "Neighborhood Watch" program. If more people would become involved we could keep ahead of the housebreakers. Most breaks occur during the day-time when people are away from home. The only way to hold down these numbers is through citizen participation. The total monetary loss due to these crimes is a staggering \$413,612.00. We were only able to recover property stolen amounting to \$57,427.00. These figures are increasing substantially every year.

There were 928 motor vehicle citations issued. This number would have been doubled if we were not refused funds for a new radar last year. It is not possible to conduct a selective enforcement program without the necessary tools to do the job. This kind of thinking has resulted in 437 motor vehicle accidents that could have been prevented and 6 people were killed on our streets in 6 separate accidents. In five of these fatal accidents, speed was a contributing factor.

131 people were arrested during the year for various infractions of the law. Of this number 32 were charged with operating under the influence. There were also 123 people held for protective custody because of drunkenness.

I wish to thank all boards and commissions for their help during the past year. And a special thanks to the men of the Fire Department who have been involved with the police in several crisis situations during the year. The men of both departments have displayed a high level of competence and professionalism handling emergency situations that the average citizen is probably unaware of.

Respectfully submitted,
Nicholas Lombardi
Chief of Police

Fire Department

As Chief of the Fire Department I herewith submit my fifth annual report listing and explaining the activities of the Fire Department and its personnel for the calendar year 1979.

During the year 1979, the Fire Department responded to 1,338 emergency calls, which consisted of structural fires, brush fires, medical emergencies, accidents and other miscellaneous calls for assistance.

Although the Sudbury Fire Department still does not have a full-time fire prevention and education officer, the Department has, on a very limited basis, conducted fire prevention and education programs in all kindergartens, continued the in-service inspection programs and assisted local businesses in employee training in the use of private fire protection equipment. My 1980-81 budget includes a request for the funds to hire a full-time qualified fire prevention and education officer.

The fire alarm cable and maintenance program, although slowed down because of budgetary restraints, is progressing and the reliability of the entire system is steadily improving.

The apparatus service life extension program and the preventive maintenance program, initiated in 1975 and maintained by the Master Mechanic, have again this year proved their worth with a minimum of unforeseen expensive repairs and down-time.

The Department, with the capable assistance of our C.P.R. Instructor, has and is still offering a program known as the "Heart Saver" which is free for all citizens of Sudbury. In addition, the Department's C.P.R. Instructor has assisted in several elementary school C.P.R. programs.

The Sudbury Fire Department ambulance has handled approximately 413 medical emergencies during 1979. The Department EMT's are continuing to do an excellent job in handling these emergencies. They deserve much credit for their efforts. It is not an easy or enjoyable job at times.

Firefighter/EMT Daniel Moore, a veteran of 16 years with the Sudbury Fire Department, retired this year of injuries suffered in the line of duty.

The Fire Department's need for a new fire headquarters station is still as real as ever; and I have been working very closely with the Per-

manent Building Committee in an effort to bring this new headquarters station to fruition. An article will be placed on the warrant for the 1980 Annual Town Meeting. I respectfully request the support of all the town's citizens for this much needed facility.

In closing, I wish to thank all the officers and firefighters of the Fire Department for their cooperation and efforts. I also would like to thank all Town boards, Town officials, Police, Highway, Engineering, Park Department, and school officials and employees, as well as the citizens of Sudbury for their cooperation and interest during 1979.

Respectfully submitted,
Josiah F. Frost

Patrice Reiling, 7th Grade

Civil Defense

As Director of Sudbury's Civil Defense and Preparedness Program, I herewith submit my annual report for the calendar year 1979.

Again this year it was necessary to request that the Board of Selectmen declare a "State of Emergency" because of a severe storm. Heavy rains on January 21 and January 25 brought 4.15 inches of water on frozen ground; this plus 7.67 inches of rain from January 1 to this date produced severe flooding. Your Civil Defense Director, Assistant Director Robert Noyes and Civil Defense Radio Operator Marvis Fickett coordinated the efforts of the Highway Department, Building Department and the Board of Health.

Estimated damage figures to the town's homeowners, businessmen and town properties, including the Highway and Fire Department budgets were:

Town Depts. (Fire & Highway)	\$ 15,000
Private Residences	200,000
Two Major Business Losses	60,000
Seven Minor Business Losses	14,000
Total Estimated Losses	\$289,000

I wish to thank my assistant, Robert Noyes, my radio operator, Marvis Fickett, the firefighters, highway personnel, department heads and their staffs for the dedication and assistance in this third natural disaster to hit Sudbury in three years.

For the last four years, with the assistance of Area #1 Director William Linehan, the town has received considerable valuable motorized equipment through the government's excess property program. Effective this year this program has been dropped. Federal Civil Defense Officers, through F.E.M.A., have filed legislation to reactivate the program in 1980.

The new Civil Defense base radio station has arrived and will be installed and operating January 1, 1980.

In closing this report I wish to thank all who have assisted me and my staff in our duties and a special thanks to the Boy Scout Troops of Sudbury, the Explorer Post and to the members of the Auxilliary Police who have given freely of their time again this year.

Respectfully submitted,
Josiah F. Frost

Animal Inspector

During the fiscal year July 1, 1978 through June 30, 1979 thirty-nine dog bites were reported and investigated. As required by state law, more than 1600 cattle, sheep, swine, horses and goats were inspected on the premises where such animals are kept.

Respectfully submitted,
Betsey M. DeWallace
Animal Inspector

Dog Officer

There were 208 dogs picked up during the year of which 133 were claimed, 60 sold, 13 destroyed and 2 held over.

Respectfully submitted,
Betsey DeWallace
Dog Officer

Amy Sachtleben, 4th Grade

East Middlesex Mosquito Control Project

The mild weather during January of 1979 hampered our usual pre-hatch larviciding program. Some culvert and stream cleaning was done during this time, though. A total of 700' of stream was cleaned and brushed during the spring and during the fall when 500' of stream was worked on in the Peakham and Austin Rd. areas.

When pre-hatch larviciding did get underway, a total of 365 acres were treated by the field crews. These treatments were followed up by our spring aerial larviciding when another 550 acres of swamp were treated by helicopter. Another 72 gallons of larviciding material was applied by field crews with manual equipment during both the spring and summer.

The seasonal control of adult mosquitoes with ultra-low-volume equipment got underway in mid May. Over 5600 acres were treated with our truck mounted machines between May and September. Another 1100 acres were treated by helicopter in late June with less than three ounces of material being applied per acre.

Respectfully submitted,
Kevin R. Moran, *Supt. EMMCP*

HUMAN SERVICES

Wayland/Sudbury Septage Disposal Facility Operational Review Committee

Report to the Town of Sudbury for the period January 1, 1979 to December 31, 1979.

GRANT STATUS

The most significant development of the past year was the award in March 1979 of a grant to cover 90% of the eligible costs for preliminary planning and design of the septage facility. In all, this will amount to about \$75,000 with \$25,000 being for costs already incurred. Significantly the state Department of Environmental Quality Engineering and the federal Environmental Protection Agency asked that the towns amend their existing grant application to cover costs as well as design. This procedure means the towns will not have to go through another complete grant submission to obtain construction funds.

With the award of the grant for design, the committee authorized its consulting engineer to begin the preliminary design work. This preliminary phase should be complete in early 1980 and be followed by a six to nine month final design phase.

PROJECT CLASSIFICATION

At the suggestion of the consulting engineers, the committee has petitioned to have the project classified as "alternative". Such classification qualifies the project for 85% rather than 75% federal grant aid with state support bringing total grant help up to 94% of the project eligible costs. It also commits the federal government to pay 100% of the costs incurred to revise and rebuild the facility if it does not function properly.

TOWN OF WESTON

The committee has provided the Town of Weston with a definitive proposal outlining the basis on which it may use the facility. In essence, this proposal requires the Town of Weston to pay a proportional share of operating and capital costs for the period during which it uses the facility. It also imputes a value to the land in the site and adds a portion of this to Weston's capital cost. Any other interested community could participate on the same basis subject to capacity being available.

USER CHARGE SYSTEM

The committee successfully petitioned the state legislature to change the wording of Chapter III Section 31D of the General Laws to permit direct billing of property owners for use of the septage facility. This change will provide the committee with a means to control use of the facility and help the Boards of Health monitor septic system maintenance in the towns.

FUTURE WORK

The committee's major task over the next several months will be to work with the engineering consultant to develop a design incorporating the features outlined in the specifications. Completion of design work will require about a year.

Responsibility for construction lies with the Wayland Road Commissioners per the Wayland/Sudbury intertown agreement of March 11, 1976. The committee, however, has offered to act as a building committee and the Road Commissioners have indicated acceptance of this offer. Over the next year, the committee also expects to reach final agreement with the Town of Weston on that town's potential use of the facility.

Board of Health

During 1979, the Board of Health had 20 regular and 3 special meetings. The major areas in which the Board worked included:

WATER QUALITY

With concern across the state as to present and future water quality, the Board of Health increased efforts to predict and prevent water quality problems. An audit of potentially toxic chemicals was made of town businesses and efforts were made to reduce both chemical and road salt contamination. We completed the first year of data collection on the stream monitoring program and participated in Sudbury's Ad Hoc Water Committee. Hop Brook monitoring continued with little change noted.

MOSQUITO CONTROL

The Board participated on the Mosquito Study Committee to determine the least expensive method for mosquito control while minimizing the effects on our environment.

NURSING SERVICE

Under contract to the Board of Health, the Sudbury Public Health Nursing Association provided numerous health care services. These included six Well Child Clinics for 25 families with 41 visits; 21 Hypertension Clinics were held for 97 patients and 319 visits; 39 Geriatric Clinics were held for 59 patients and 336 visits; one Breast Self Examination Clinic served 25 participants. In addition, immunization clinics were held for Typhoid, tetanus, diphtheria, measles, mumps, rubella, flu and pneumonia and served 148 patients. TB tests were given to 93 people. A total of 719 home visits were made.

RABIES CLINIC

The annual clinic was held on April 28, 1979 and 149 dogs and cats were vaccinated.

RESTAURANTS AND FOOD

SERVICES INSPECTIONS

A total of 26 food service establishments were inspected with 65 visits during the year. The Board sponsored a food handler's sanitation seminar attended by 42 employees from restaurants and cafeterias within the town.

MENTAL HEALTH

Sudbury continued to support Family Counseling and Guidance Center in 1979. Thirty-three families were seen in 678 sessions.

SUBSURFACE SEWAGE DISPOSAL

The Board issued 45 residential permits for new installation and 38 repairs. In addition

two new commercial systems were installed and one was repaired.

GENERAL

There are presently 66 stable permits in effect in Sudbury. Through Special Town Meeting Article #4, the Board purchased a car for the use of the Director. The town landfill continues to meet state codes and is expected to last 18 years if the pond on the site is filled. The Board continues to support the joint septage facility with Wayland. Present estimates are that it is expected to be operating in 1982.

PERSONNEL

Karen D. Rasile was elected to a three year term. John V. Sullivan continued as the Board's Health Director and Mary Ann Courtemanche as the Clerk for the Board.

The Board gratefully acknowledges the assistance and advice of local professionals during the year.

Respectfully submitted,
James J. Healy, *Chairman*
E. Lawrence Gogolin, *Secretary*
Karen D. Rasile, *Member*

1979 was "The Year of the Child," and the SPHNA observed the year in many ways, both under the auspices of the Board of Health and the Schools:

- Well child care, including regular physical examinations by a pediatrician and pediatric nurse practitioner, immunizations and counseling about parenting issues, was provided to Sudbury residents not receiving such care privately due to financial constraints. Home visits to premature and high risk infants were made by the pediatric nurse practitioner.
- The immunization status of all school children was documented. The few children not in compliance with the required immunization laws were immunized.
- The postural screening program was completed in the spring of 1979. The screening, jointly administered by the physical education teachers and SPHNA sought to identify potential spinal curvatures in children during the period of rapid bone growth (ages 10-13) when correction is most effective.
- Children's Hospital's Dr. Lyle Micheli spoke to Sudbury residents on "The Prevention and Treatment of Sports Injuries" at the SPHNA Annual Meeting in September.
- Training sessions on safety and health for preschool and school children were held for Sudbury day care and nursery school personnel and Sudbury school personnel.
- Mandated and voluntary programs of health screening and health education, including the Freshman - *Health Decisions* program at the Lincoln Sudbury High School, were continued.

Some statistics for "The Year of the Child" are displayed in the following tables:

POSTURAL SCREENING RESULTS, JUNE 1979
 (with 4 referrals outstanding)

	375 Hrs.

Not only young people, but also the not-quite-so-young, received preventive health care from SPHNA, notably under the auspices of the Board of Health. Specific areas included immunizations for adults (flu, pneumonia, [new in 1979], tetanus-diphtheria, typhoid, gamma globulin, and immunizations required for travel abroad); communicable disease control (which includes case finding and teaching regarding such diseases as infectious hepatitis and salmonella); hypertension control; TB control; Geriatric Health Services and other special programs, such as cancer screening, CPR courses and home visits to the elderly and homebound. Open office hours for Sudbury residents seeking B/P monitoring, tuberculin testing, immunizations or health counseling were held Monday through Friday, 8-9 A.M. and 3-4 P.M. Statistics for these programs are included in the Board of Health report.

During 1979, skilled health care at home received increased emphasis as a desirable alternative to hospitalization or nursing home

placement. SPHNA, a certified Medicare/Medicaid provider, offers skilled nursing, physical therapy, speech and home health aides to homebound Sudbury residents.

In May, SPHNA expanded its Home Care Program by increasing the hours of coverage for the homebound sick and disabled to 8 A.M. - 9 P.M. 7 days a week. After 8 months of operation, the added services are proving necessary and cost effective, increasing the opportunities for earlier discharge of hospitalized patients and in many cases, providing an alternative to nursing home placement.

The SPHNA addressed a critical problem in Home and Elder Care - the lack of Homemakers/Home Health Aides in the West Suburban area, by collaborating with other area Community Health Agencies to recruit and train Homemakers/Home Health Aides, SPHNA Public Health Nurse/Community Health Educator Gerri Diehl coordinated the 60-hour state-approved training program.

The following statistics include only one month of the extended hours:

	Year Ending June 1979		Year Ending June 1978	
	Cases	Visits	Cases	Visits
Nursing	88	1112	73	678
Physical Therapy	42	529	31	475
Home Health Aide	28	924	25	584

The SPHNA maintains a loan closet of durable medical equipment available free to Sudbury residents. Several new items were donated in 1979 - hospital beds, wheelchairs, walkers, canes and commodes. Many other items are also available.

The SPHNA depends heavily on volunteers in carrying out its full range of activities. 20 Sudbury residents serve on the Board of Directors, and Sudbury area health and business professionals comprise its Professional Advisory Committee. In 1979, many groups and individuals contributed money and equipment to the work of the Association privately and through the United Way of Mass Bay. On behalf of the Sudbury residents who benefited from these gifts, thank you!

Respectfully submitted,
June R. Grace,
Executive Director

Sudbury Housing Authority

BACKGROUND

The Sudbury Housing Authority was established by vote of Town Meeting in 1971, as a result of a town-wide survey identifying two very critical needs in the housing area. First, low income housing for the elderly. It was found that many older citizens living on a fixed income, could no longer live in Sudbury, because of its rapidly rising taxes. Second, many low and moderate income family members who worked in Sudbury, and some young Sudburians who had grown up in the town, could not afford to live here because of the high cost of buying a house in the town and the lack of moderately priced rental dwellings.

Further investigation revealed that few or no Federal or State funds were available for moderate income dwellings, either elderly or family, and that although substantial State support was available for low income elderly, State support for low income families was available only on a more limited basis. Thus the special and critical needs of the low income elderly were given the highest priority and the original charter directed the Sudbury Housing Authority to provide and maintain low income housing for elderly citizens.

With direct support and assistance from the Commonwealth of Massachusetts, Department of Community Affairs (DCA), the first low income program implemented by the Housing Authority, was under the "Chapter 667 Program", and Musketahquid Village located at the junction of Peakham and Hudson Roads, is the result of that effort. This attractive group of 64 apartments, with its appropriate administrative and community facilities, opened on July 1, 1976, and was quickly filled. It is restricted to elderly singles and couples, and in specific instances, handicapped persons may also be eligible.

The second program implemented, followed the 1974 Town Meeting vote which extended the powers of the Sudbury Housing Authority by giving permission for the Authority to obtain modest, single family houses to be purchased entirely with DCA funds under their scattered site "Chapter #705 Program", which units would then be leased to needy family groups. Five houses are now under the jurisdiction of the Sudbury Housing Authority. A submitted request for 10 additional purchases with State funding was turned down in the Fall of 1979 by DCA, based on the fact that there is no suitably priced housing in Sudbury that falls

within the State price-range guidelines.

Rent for all of the above elderly and family units, is calculated on the basis of the state's formula of 25% of adjusted gross income.

P.I.L.O.T. (Payment in Lieu of Taxes) is calculated on the basis of the property assessment at the time of Housing Authority purchases (or three years prior to that purchase, whichever is lower) multiplied by the going tax rate. Therefore, since the time of the Authority's initial purchase of these 5 homes, some 5 years ago, full taxes have been paid to the Town. However, the Authority-owned properties cannot be reassessed again, until such time as the Authority should sell those properties. Current tax rates are always used, but multiplied by the assessment at the time of Authority purchase. It is important to note that this particular P.I.L.O.T. formula is implemented in only two Massachusetts communities (Barnstable and Sudbury) while the remaining towns having the Chapter 705 Program, pay a P.I.L.O.T. formula of 10% of the annual rental incomes of the Authority-owned properties. The Sudbury/Barnstable formula produces a considerably higher return to the Town. Last year, the Housing Authority paid to the Town Treasury, the amount of \$5,621.11

OPERATIONS

Due to a variety of circumstances, the SHA Board Membership experienced an unusual 80% turnover during the past year. The five year term of Chairman Bob Williams expired, as did that of veteran Dallas Hayes, the Governor's Appointee, who had also served as Chairman. Anita Cohen, the Vice Chairwoman, resigned because of increasing personal and professional responsibilities, and Treasurer, Tom Blanchette moved to the New York area. This left only one veteran SHA member, Russell Loftus. In March of 1979, Albert Feinberg and Carl Witham were elected to fill two of the vacancies, with Charlotte Goss appointed by the Selectmen until March 1980, to fill the third. The new State Appointee is Mr. James Huston, which completes our 5-member Board.

A major opportunity - and disappointment - of SHA in the past year, involved a grant of \$571,000 from the U.S. Dept. of Housing and Urban Development (HUD). The purpose of this grant was to assist a small number of handicapped persons in making the difficult transition to independent living. The SHA hoped to build a specially designed and equipped congregate transitional-living unit for 15 persons,

maintained by the Authority, and using outside agencies to provide the necessary ongoing professional support. This was to have been a unique pilot program to assist a very worthy group, and although a substantial majority of voters at Town Meeting recognized and supported this critical need, the enabling Article failed by 38 votes, to achieve the required two-thirds.

A significant incident of an administrative nature occurring in the past year, has been that of damage done to almost all smoke detecting units in the elderly complex during two summer lightning storms on June 18th and again on August 25th, 1979. Replacement of all damaged units was achieved in a relatively short time, but at considerable cost. Fortunately, most of these costs were covered by insurance.

SHA is fortunate in having an unusually fine group of tenants. Their participation and cooperation in the operation of the Village has made this community outstanding among similar groups. The President of the Tenants Association, Mrs. Georgie Bostder observes:

"Musketahquid Village provides pleasant community life in attractive surroundings, each resident treasuring one's privacy. The financial benefit is most important. All survive on limited incomes. Accommodations offer comfort and security - Sudbury Police and Firemen respond promptly to alarms and calls. Their understanding of the elderly is commendable. Transportation is provided to supermarkets twice-weekly, and monthly to the Natick Mall, as well as weekly shopping trips that are provided by the Sudbury Rotary Club. 'Villagers' are grateful to all SHA members who make every effort to see that we are supplied with food and medicine during an emergency, such as the aftermath of the February 1978 blizzard. Sincere thanks from our happy family!"

No community can operate in a vacuum. SHA has received assistance and cooperation from many groups and individuals. The Board would like to thank particularly, the Sudbury Fire and Police Departments. Members of these departments have responded to calls promptly and graciously - often under aggravating circumstances.

The Board would also like to acknowledge the outstanding performance of our Executive Director, Mrs. Dorothy Cabral. Her knowledge, imagination, tact, compassion and hard work have made possible the continuing operation of Musketahquid Village. Working with Mrs.

Cabral, Mr. Donel Roberts has done an outstanding job in maintaining the physical attractiveness, safety and livability of the Village. Mrs. Martha Wilkinson joined SHA last Fall 1979, as a part-time assistant to the Executive Director.

Our retired Board Members all deserve a special recognition and thanks; to Dallas Hayes, a pioneer in public housing in Sudbury, whose long record of hard work and conscientious decision making is a legend; to Bob Williams, whose drive and perseverance kept many projects on track; to Anita Cohen, who got to the heart of matters, and to Tom Blanchette, who knew where to go to get things done.

CONCLUSION

Affordable and livable housing is a continuing need. The Sudbury Housing Authority is working to deal with this need within the boundaries of available resources and the expressed desire of Sudburians to maintain the existing character of the town. We welcome citizen help, in the form of questions, suggestions and attendance at our open meetings.

Respectfully submitted,
SUDBURY HOUSING AUTHORITY
Albert S. Feinberg, *Chairman*
Carl K. Witham, *Vice Chairman*
Charlotte Goss, *Treasurer*
Russell Loftus, *Assistant Treasurer*
James E. Huston, *Governor's Appointee*

Park and Recreation Commission

The year of 1979 for the Park and Recreation Commission began with dashed hopes but ended with optimistic plans for new facilities. After many hours of preparing and publicizing, the Swim Needs Committee presented an article for a 1.2 million dollar swimming facility. A record attended town meeting turned down the article, and no further plans have been contemplated for such a facility. In the fall, a "Life Course", complete with a variety of exercise apparatus, was opened on the Hop Brook Conservation Lands, and a bid was accepted to construct two new soccer fields on the unused portion of the Haskell Land. The fields will be started in the spring and should be ready for play in 1981.

Sudbury is fortunate to have an army of volunteers who run a variety of recreational programs for its citizens. These programs continued to thrive in 1979 to include basketball, skating, baseball, softball, soccer, women's team tennis, football, cheerleading, and a spring track meet. The Park and Recreation Commission seeks to meet the needs of these and other groups for fields and services.

All the Commission sponsored programs of the past years continued with many of them being reevaluated in an attempt to make them more responsive to community needs. Summer playground and swimming participants were polled, seeking information to make sure that these two programs were effectively designed to service those involved. Some changes will be made next summer.

There were several new events that the Park and Recreation Commission either directly sponsored or supported. The First Night celebrations, sponsored by a group of Sudbury and Wayland residents and supported by the Commission, have drawn great crowds and may well become as popular a tradition as the Fourth of July activities. Another popular event was the Parents Association's Winter Carnival in spite of the exceptionally cold weather.

The Park and Recreation maintenance department once again continued its role so vital to the success of all the recreational programs in town, from flooding the ice rink in the winter and grooming the fields in the spring, to building the docks for swimming in the summer and lining the fields in the fall. One major project was to replace old, outdated incandescent field lighting with new energy

efficient metal-halide lights. Energy savings alone, at current costs, will pay for the program in four years, with additional savings to be realized on both bulb replacement and maintenance expenses.

We again commend the great numbers of people who volunteer to coordinate the variety of activities that occur during the year. Without their continuous effort the citizens of Sudbury would not have the quantity and quality of programs and facilities available to them. The Park and Recreation Commission sincerely appreciates their efforts.

Goodnow Library

Old-time residents tell us the Goodnow Library used to be a major focus for our town's social life. Again we appear to have assumed that role. With the gasoline crisis and inflation keeping people budget-minded and close to home, more and more Sudbury townsfolk are rediscovering their public library as a source of entertainment and continuing education.

Our circulation figures are up again this year. We continue to be gratified by the attendance at children's story hours, crafts programs and films, as well as adult discussion groups and films, and by the numbers of people who just drop in to listen to records, read quietly on the couch in front of the fireplace, or browse through periodicals in our cozy Hudson Historical Room.

People are delighted to learn they can borrow art works, games, puzzles in addition to reading matter that will enrich their leisure and keep shut-ons pleasantly occupied. Residents of Musketahquid Village housing for the elderly now enjoy a collection of donated books which was organized by the library staff and a large-print subscription to the Reader's Digest donated by the Friends of the Goodnow Library. Because of this greatly increased interest in what the library has to offer, we have been preparing booklists on such provocative topics as SKULDUGGERY and SHIPS, and a guide that assists borrowers to use the Reader's Guide to Periodical Literature more effectively. A list of book selection aids for parents has been published in conjunction with Sudbury's school librarians.

In 1979 the library's Trustees and staff conducted an experiment to test the possibility of a fine-free library. Thanks to the splendid cooperation of borrowers, this proved entirely successful and has been made permanent library policy. An effective process for recovering books that do not get returned within a reasonable length of time is part of the policy, and complete information on this is available at the upstairs and downstairs desks.

While it might appear that some revenue is lost by this no-fines policy, the librarians have found that it saves staff time for more constructive duties and brings back many books that might otherwise vanish into limbo. More importantly, it promotes goodwill among borrowers that benefits the library in an astonishing number of ways.

Our heartfelt thanks to all who contribute magazines, paperbacks, and hardcover books to our swaps and sales. Thanks to our garden clubs and private citizens who create our lovely outdoor plantings and provide fresh flowers all year for indoor enjoyment. Thanks to the Friends of the Goodnow Library who, under Shirley MacGregor's leadership, have this year purchased the elegant gold-leafed sign in front of the building, spacious cabinets and much-needed counter space for our kitchen, and a 100-cup coffee urn for the many organizations that use our meeting room. Special thanks to our volunteers who serve selflessly, helping us to stretch your town's library dollar as far as it will possibly go.

As we welcome your visits, we also welcome any comments and ideas on how we can add to your reading and learning enjoyment.

Council on Aging

During its seventh year of operation the Council on Aging has had an active program, both social and educational, for the senior citizens of Sudbury.

In January an organ recital, given by members of The Society for the Preservation of Old Theater Organs, was very enjoyable. In April the ladies of the First Parish Church again gave a luncheon for the elderly which was very much appreciated. A sandwich lunch and trip to Quincy Market was sponsored by the Thursday Garden Club and the Council. To mark the sixth anniversary of the opening of the Drop-in Center a luncheon was held at Marlboro Country Club in June. A July picnic at Feeley Park arranged by the Park and Recreation Commission once again was well planned and most successful. A delightful cruise around Boston Harbor in September was provided by the Boston Gas Company. The Council honored the Drop-in Center volunteers at a luncheon at Wayside Inn in October. Two buses took senior citizens to visit the Kennedy Library also in October. The year ended with a gala holiday luncheon, the highlight of the year, at the Wayside Inn in December. And on the last Friday of each month at the Drop-in Center birthdays are celebrated with a decorated birthday cake provided by Marrone's Bake Shop.

Several talks at the Drop-in Center by experts in their field included such subjects as mental health, home health care, elderly nutrition, hypothermia, and ways to conserve energy in the home.

Areas of concern for the well-being of the elderly are being studied by the Council on Aging such as winter fuel emergency for those who cannot afford present prices of oil and gas, seniors living alone who would need special concern in case of illness, severe and crippling storms and other emergencies. Counseling has been given frequently to elderly people who have one problem or another.

The weekly shopping bus to Star Market Plaza and the First National Shopping Area continues to be of assistance to seniors as are the monthly bus trips to Natick Mall and Shoppers World.

A move to a new Drop-In Center is contemplated on or about March 1, 1980. This new facility, the old parsonage of the Memorial Congregational Church, is being rehabilitated at a cost to the church of approximately \$35,000. Plans are underway for more extended

programs and utilization. We look forward to the future with enthusiasm.

Veterans' Agents Report

Assistance to Veterans and their widows was furnished by this office. The usual number of requests were received from Veterans' widows to help fill out Social Security forms and widows V.A. pension forms showing income for the past year and expected income for the next year.

As Veterans' Graves Officer, forms were filled out to obtain the Government Headstones for deceased Veterans graves. Flags were placed on each deceased veterans' grave prior to Memorial Day.

Agent, Veterans' Graves
Officer*

Veterans Advisory Committee

The Veterans Advisory Committee was created by the selectmen November, 1973. This committee works with the veterans agent and all veteran organizations. The committee may be called upon to aid or assist any veteran or the families of veterans in times of illness, hardship or death.

They will assist veterans in obtaining needed hospitalization, will visit those who are sick or disabled, and will visit and comfort members of a veteran's family in times of illness or bereavement.

If you know of any veteran in need of help, please feel free to call. If we can not help you, we will do our best to find some one or some place that can. These past years we have helped many by providing transportation to hospital outpatient departments, and visiting veterans hospitals and local hospitals.

EDUCATION

Courtesy of Town Crier

Sudbury Public Schools

Few of us who lived through the opening of the current school year are likely soon to forget it. In the words of General Joseph Stillwell, who walked out of Burma after his Chinese troops lost it to the Japanese, "We took one hell of a beating." We are referring of course, to the transportation difficulties that faced us.

We had hired M&S Family Enterprises in June because their bid was financially attractive and because we would have had exclusive use of their buses. As it turned out, M&S was unable to transport our children to school in the time allotted, their buses broke down frequently, and inspectors from the Registry of Motor Vehicles found drivers who had not been certified.

The Superintendent and the entire school staff adjusted as best they could, but when it became apparent that time would not help solve the problems, we dissolved the contract in accordance with the terms written into it, and replaced it with an agreement to share the buses with the Lincoln-Sudbury Regional High School, as we had done before, until the end of the 1982-83 school year.

Fortunately, the extremely cooperative efforts of the parents of all of our school children, dedicated efforts by teachers and

administration, and the implementation of some difficult decisions by the School Committee resulted in a resolution of the problem.

There is good news, too. Dr. William Smith, Principal of the Curtis Junior High School, devised a plan to reorganize that school. He sequestered his staff for several Saturdays and out of these sessions came the plan now in use. It makes use of the wide ranges of teaching talents by grouping classes and by assigning teams of four teachers to each group.

The School Committee deliberated for months in the search for a new Superintendent after Dr. John J. O'Neill resigned to take a job with the Nantucket schools. Recognizing that the selection of a Superintendent is the most important action a School Committee can take, we devised a careful procedure that drew upon the wisdom and judgment of Committee, staff, and community.

More than 90 applications were received; 20 of those were considered as possible candidates, and of those, 10 were called for interviews. Of these, five were selected for intense background checks, and of these, three were called for the final interviews.

Background checks were done by telephone and by teams, composed of School

Committee members, staff, administrators, and parents, who traveled to the candidates' home bases, visited their former or then-current school districts, and interviewed people who knew them.

At every step-drawing up the criteria, interviewing the semi-finalists, visiting the finalists' schools and communities, and drawing up the lists of questions for the interviews of the three finalists - community and staff members gave the Committee the benefit of their time and informed judgments. Only the interviews of the three finalists were conducted by the Committee alone, and that was done in open session and was structured by questions framed by a committee of staff members, parents, and School Committee members.

The care and pains taken to select our new Superintendent, Dr. Joseph D. LoPresti, were

vindicated immediately when the busing crisis introduced him to Sudbury with a baptism of fire. He handled it with strong nerves, tact, patience, and coolness under fire.

Dr. LoPresti has been trained in music and administration, and was the Assistant Superintendent for Curriculum in Waltham before coming to Sudbury. He comes to us with a reputation as a charismatic leader, a skilled administrator, and an imaginative educator. Sudbury can look forward to enjoying the services of this singularly able man.

Sheila Smith, 8th Grade

Lincoln-Sudbury Regional High School

Gary Williams, 4th Grade

On May 20, 1979, the Lincoln-Sudbury Regional School District celebrated its 25th Anniversary. At a program attended by present and former staff, students, and school committee members, and citizens and invited guests, addresses were given by Frank Heys, Assistant Principal; Howard Emmons, former School Committeeman; Stanton Gerson, Class of 1969; and Mark Gulesian, former faculty member. The tone of the occasion can be expressed best by excerpts from remarks by Mr. Heys and Dr. Gulesian. In describing his coming to Lincoln-Sudbury in 1956, Mr. Heys said for himself, as well as other faculty members who came and stayed, "We had seen at Lincoln-Sudbury an opportunity to be different, a chance to try to be better." Later, Dr. Gulesian, in his keynote address, proposed that the question for our future should be, "Will the citizens have the courage and commitment to have as good a school ten years from now as they have had for the past twenty-five?"

Four years ago, in our report to the townspeople, we first mentioned that henceforth we would be discussing the challenges of growing smaller as a school. The student population peaked at 1,964 in 1974-75 and has steadily declined to 1,542 for this 1979-80 year. This decline will continue. This reduction has resulted in a decrease in our faculty of approximately twenty (20) teachers over the same period. Initially, this faculty decrease had little educational impact.

Beginning next year and thereafter, however, the impact of continued staff reductions will be more significant. With no new-hires and with few nontenured teachers, we are being forced to release some of our excellent, most energetic and creative teachers. Our flexibility is gone. One of our most difficult challenges is to find creative ways of reducing staff while maintaining excellence. It is a tribute to the professionalism of our faculty that they maintain their dedication and energy in the face of staff reductions.

Our other most difficult challenge is financial. As a society we are in a period of uncontrolled inflation. Even though the Towns of Sudbury and Lincoln are affluent in relative terms, this affluence does not prevent its citizens from feeling the serious (and sometimes disastrous) effects of rising costs for goods and services. The factors which contribute to a school's "Cost of Living" differ from those that contribute to a family's "cost of living" and exacerbate our serious budget situation. As examples: food is an insignificant part of a school's budget but a major factor in the Consumer Price Index (CPI as calculated by the Bureau of Labor Statistics); energy is a larger factor for a school than a family; teachers' salaries do not figure in the CPI but are a significant part of a school's budget. For the past several years, because of these differences, the "cost of living" for schools has risen markedly faster than the CPI. This means that even if school costs are held to increases paralleling CPI increases, the consequence in real dollars will be a reduction in the financial support available to schools. Limiting our increase to 4% could dramatically impact the quantity and/or quality of the educational program. As citizens and parents we must make some difficult priority decisions.

Reflecting the composition of the two towns, your school committee members have a wide range of views as to our goals, educational philosophy, financial needs and the towns' abilities and willingness to pay for their high school. We believe this is healthy. The reelection of Joan Wofford and Ronald Blecher in the spring of 1979 has provided committee continuity during this very difficult period.

The entire Lincoln-Sudbury community was saddened by the death of Frank Heys on November 12. Frank, former English teacher and English Department Chairman, had most recently served as Assistant Principal and "Dean of the Faculty." He was also District Secretary and Secretary to the School Committee. Each person who came in contact with Frank, whether as teacher, advisor, supervisor, mentor or as colleague, knows the impact he had on each of them and on Lincoln-Sudbury.

In "striving to be better" it is appropriate that we concentrate on our concerns, problems, and challenges. For proper perspective, however, we should emphasize that for the most part, the business of education at Lincoln-Sudbury has gone extremely well during 1979.

1. Over 76% of our graduates continue to pursue further education.
2. Our major academic departments continue to be strong with ongoing review and evolution. Significant changes in the English curriculum and its structure are essentially accomplished. Exciting efforts at improved writing instruction are in process.
3. Alternate programs such as Executive Internship, Work Study, and Career Exploration continue to challenge and successfully meet the needs of over 350 of our students.
4. In spite of a 20% reduction in students since 1974, the participation in interscholastic athletics has grown with over 950 students competing in 43 organized teams last year.
5. Our Music program is experiencing a rejuvenation; our art, industrial arts, home economics, and drama programs continue to be healthy.
6. WYAJ, Lincoln-Sudbury's FM radio station will become operational in 1980, culminating a several year effort by staff and citizens.
7. With the delivery of our new computer equipment this fall, the computer program has become an exciting reality.

In closing we thank all the students, staff, parents, citizens, and Town officials for their continued support and cooperation.

Respectfully submitted,
 LINCOLN-SUDBURY REGIONAL
 SCHOOL COMMITTEE
 Richard H. Davison, *Chairman*

Student Exchange Committee

The Student Exchange Committee awarded partial scholarships in the spring of 1979 to six LSRHS Student Ambassadors who experienced a variety of homestays and travel abroad during the summer of 1979: Jenny Aronson and Anne Merra, Spain; Karen Cheney, Guadelupe; Carol Pepper, Denmark; Rachel Rapperport, Italy; and David Tepletzky, Greece.

LS students Bob Smith and Phil Summers hosted in their homes 2 boys from Maidstone School in England for several weeks in the spring, then went to Maidstone for the final weeks of their school in July. This was the second year of our direct exchange with this school.

Math teacher Bill Galvin received the Teacher Ambassador Scholarship (jointly sponsored by the School Committee, Teachers' Association, and Student Exchange). He will

study and travel during his sabbatical in early 1980.

Four students from Holland, Finland, Colombia, and Venezuela were sponsored by the SEC during the 1978-79 school year. Countries represented by arrivals in September 1979 were Carmen Bertoli of Peru, Carlos Bohorquez of Ecuador, Satochi Nomura of Japan, and Sue Prenton from Cheadle Hulme School in England. Family arrangements enabled students from several other countries as well to attend the high school and share their experiences.

Students and Committee members raised funds with a Dance Marathon in addition to the traditional Spring Pops Concert and Annual Appeal Letter.

TOTALS	100.00%	\$2,652,017		\$127,418		\$24,565		\$2,804,000

NOTE: The total assessment is \$375,052 less than that for the previous school year even though the operating and capital budget total rose 4.6% from \$6,479,924 in 1978-1979 to \$6,782,100 in 1979-1980. This rise was offset by increased aid and revenue.

STATE AID RECEIVED BETWEEN JULY 1 OF 1978 AND JUNE 30 OF 1979

CATEGORY	AMOUNT RECEIVED
Transportation	\$ 205,648
Chapter 71, 16c	
Net Maintenance	\$1,555,512
Chapter 70 (includes Special Ed)	
Construction Grant	1,103,135*
Chapter 645	
Regional Aid	206,754
Chapter 71, 16d	
TOTAL	\$3,071,049

NOTE: Aid and district revenue are used to reduce assessments of costs to member towns.

*Additional \$405,281.00 received but committed to Fiscal 1980 Budget for debt service.

Minuteman Regional Vocational Technical School District

During 1979 the Minuteman Tech School Committee took steps to expand the school district to include the towns of Bolton, Lancaster and Needham. This was done to help maintain an adequate enrollment base so the school can continue to provide a broad spectrum of career exploration and technical training opportunities for its students, to hold down the cost per student and to provide more high school students with strong vocational training options.

The proposal for district expansion has been voted and approved by Bolton, Lancaster and Needham and by eight of the twelve current member towns. If all the remaining towns of Arlington, Boxborough, Lexington and Stow approve in the spring of 1980, the new 15-town district will become a reality on July 1, 1980. In addition to their assessment for operating costs, based on the number of pupils sent to Minuteman Tech, each new member town will pay a surcharge of \$400 per pupil per year for ten years. This will be paid in lieu of any assignment of costs for original construction or equipping of the building. This surcharge will be used to reduce assessments to the district's twelve original member towns.

With the completion of a badly-needed second access road to the school property, 1979 also marked the completion of the school building project which has been underway since 1972. An increased reimbursement of aid from the state was returned to the towns to further reduce their fiscal year 1980 assessments for Minuteman costs.

Minuteman Tech's enrollment has now stabilized at 1175 to 1200 students in its day programs, while the school's community education programs continue to expand. Summer school enrollment in 1979 jumped 68%, and a total of 753 students and adults from 33 towns attended classes. During 1979 the Adult Education enrollment reached a record high at 1500 for the spring and fall semesters. Both summer school and adult education are operated on a self-supporting basis.

Again in 1979 Minuteman Tech students won national recognition for the skills they have learned. Eight students went to Atlanta in July to compete in the Vocational Industrial Clubs of America United States Skills Olympics and returned with four of the eleven awards which were won by Massachusetts vocational

school students. Emily Bobbitt of Lincoln brought home a bronze third place medal in the Extemporaneous Speaking leadership competition.

John Eleftherakis of Lexington, the valedictorian of Minuteman Tech's Class of 1979, won third place in the Job Interview competition. Joe Peters of Acton received a Certificate of Merit in the Air Conditioning competition and Kevin Hurley of Arlington received a Certificate of Merit in the Electrical competition. The skills competitions in which these students participated involved 6,000 top students from vocational-technical schools throughout the United States.

To further promote excellence in its student body, Minuteman Tech established a new program in the fall of 1979 called Prep Tech. It is designed for students who have demonstrated a very high level of academic excellence and who can benefit from a rigorous academic and technologically oriented high school education. Most of the Prep Tech students plan to seek admission to well-known technical colleges or institutes.

Another first for Minuteman Tech in 1979 was an international exchange program which brought 110 athletes and coaches from Belgium to stay with Minuteman Tech families for 11 days in April. The Belgians competed and swapped expertise with Minuteman Tech athletes in soccer, basketball and volleyball. The second half of the exchange took place in August when 103 Minuteman Tech athletes and staff flew to Belgium for 16 memorable days of athletic competition and sightseeing. Minuteman Tech's boys basketball team returned home with the Tervuren Basketball Tournament trophy and an undefeated record.

In June 1979 Minuteman Tech graduated its second senior class. Sixty-three percent of the graduates went to work in the trade for which they had been trained or in a related field and 27 percent went on to further education at two-year or four-year colleges or vocational institutes. The remaining ten percent of the graduates entered the military service or took jobs out of their trade area.

At Minuteman Tech there are now 49 students majoring in non-traditional shops. These include girls majoring in areas such as printing, auto mechanics, welding and cabinet-making as well as boys majoring in cosmetology and health occupations. The school has established a support group for these students in order that they may share experiences, discuss problems and hear outside

speakers on topics such as affirmative action, employment opportunities and working conditions for people in non-traditional jobs. A review of the entire school's curriculum and textbooks for stereotyping and sex bias is now underway, and manuals are being developed for each vocational shop which will deal with techniques for eliminating sex discrimination.

Another issue which has received a great deal of attention at Minuteman Tech during 1979 is energy. Utilizing the expertise of staff members and consultants, the school has taken many steps to make its heating and air conditioning systems more efficient. An Energy Review Committee representing the staff, school committee and parents is meeting regularly to review specific energy saving alternatives in areas such as the school calendar, transportation, facility use, work schedules for staff and air and light standards and practices. The school has already reduced its use of energy by one-third.

The Energy Review Committee is studying the educational, financial and energy saving implications, as well as the human factors involved in a number of alternatives. This information is then being passed along to the School Committee for its decisions.

There were several changes in the Minuteman Tech School Committee during 1979. Denise L. Wooster of Stow resigned and was replaced by Robert T. Schrader who later moved out of state. His successor is Paul Christopher. Francis X. Callahan was appointed to replace Rico A. Merluzzo of Arlington who had been a member of the Committee for six years and served as chairman and vice-chairman, providing strong support for growth in industry-school cooperation. The Committee wishes to thank these former members for their dedicated service.

OUR HERITAGE

Annual Report of the Sudbury Historical Commission

1979 has been a banner year in the Commission's efforts to meet its statutory duty to preserve, protect and develop the historical and archeological assets of the Town.

We wish to thank the Buddy Dog Humane Society for responding to the Commission's interest in preserving the historic marker on that site. The Historic District Commission kindly helped us circulate material covering federal tax benefits for preservation work to owners in those districts. We are continuing to press for final action by the Selectmen in completing the Revolutionary Cemetery index stone project and hope that it will be completed and in place by Memorial Day. We have undertaken a project to place an appropriate marker on the Tramp House site, and are following up on efforts to preserve the doorsill of the old Pantry Road School with appropriate signing. We are indebted to Francine Taylor for her gift of the St. Hubert's School sign which is now on loan for exhibit in the Goodman Museum. We have received the cooperation of Mr. David Beall of U.S. Department of the Interior in obtaining permission for the Sudbury Historical Society to examine the Harry C. Rice House on Water Row for preservation study. We have received financial contributions by the Sudbury Women's Club and other private parties to the Edwin Barrett Hosmer Fund for Hosmer House.

The cooperation of the Board of Selectmen, the Executive Secretary and Town Counsel was greatly appreciated, and has resulted in the Town obtaining a small grant from the Massachusetts Historical Society for the first historic structures preservation report on Hosmer House. The Finance Committee considerably approved a transfer to match the grant, and this fall a contract was entered into with David McLaren Hart & Associates of Boston, to perform the study, which will be due in late February. The granting to the contract followed careful screening by the Commission of a list of experts in this field furnished to the Town by the Massachusetts Historical Commission. We would like to thank Senator Chester Atkins and Secretary of State Michael Joseph Connolly and their staff for their efforts on the Town's behalf to get this project financially launched.

The Commission expects to involve the townspeople in the process of this initial report, and is planning public meetings to assist Mr. Hart and his staff in evaluating the possibilities of developing Hosmer House for appropriate and relevant public use.

The Commission, once in receipt of Mr. Hart's final report, realizes that it has a responsibility to determine the extent of private funding for any program for Hosmer House, and intends to explore those sources during the coming year with an eye towards matching grants of State and Federal programs next fall.

Finally, we would like to express our thanks to Mrs. Frederick Hersey, our retired chairman, and to Mr. Donald Devoe, who gave so much of his time holding the Historical Commission together during the past years up until our reorganization last year. The knowledgeable service to the Commission and to the Town of these two citizens was key to the Commission's effectiveness.

Respectfully submitted,
John C. Powers, *Chairman*
Richard C. Hill
Winifred Fitzgerald,
Secretary
Royce Kahler
Emmalou Eaton

Historic Districts Commission

The Historic Districts Commission was established by the Annual Town Meeting of 1963 to protect and preserve certain areas of the Town designated as Historic Districts. The Commission's purpose is to maintain aesthetic harmony in keeping with the historic traditions of the Town by controlling within these Districts the building, altering, painting and removal of buildings, as well as landscaping and erection of signs.

Certificates of Appropriateness must be obtained from the Commission before any of these changes can be made; and Public Hearings are required for all but paint color changes and minor matters which can be discussed informally with the Commission. A Policy Letter from the Commission is sent annually to all residents of the Historic Districts, explaining and reminding them of the provisions of the Bylaw.

During 1979, 10 Certificates of Appropriateness were issued, one for new construction, three for additions or alterations, and six miscellaneous, including painting, change of roof color, and sign erection and replacements.

Respectfully submitted,
Donnilea S. Marshall, *Chairman*
Edwin A. Blackey
Burton H. Holmes
Bradley I. Reed
W. Burgess Warren

Ancient Documents Committee

The major activity of this committee in recent years has been the establishment of a Records Management Program for the town. The purpose of this Program is to safeguard records essential to the operation of the town, to conserve valuable office and vault space, and to provide for proper disposition, whether the preservation or disposal, of all obsolete records in accordance with the statutory requirements of the Commonwealth and with due regard for their potential historic value.

The Records Management Program is now in full operation and enjoys the support and cooperation of a growing list of town boards, committees and offices. The microfilm reader/printer, voted at last year's Town Meeting, has been installed. This has made possible the movement of sizeable quantities of original documents to the records center in the Flynn building since the information is readily available and copies can be produced when needed from microfilm kept in the Town Hall.

To date, this Program has released more than 70 cubic feet of storage space in the town offices and vault. That is equivalent to over 33 file drawers. Without reducing accessibility of these records, their security has been significantly improved.

The long term effect of the Records Management Program will be to give the town greater control over the storage and retrieval of its records, while extending the useful life of the present town offices and vault. It has already become apparent that the costs of establishing and maintaining this program will be offset by the real savings that will result from the program over the coming years.

The other major program of this committee has been the restoration and preservation of town records as required by Chapter 66 of the General Laws. This year, restoration of

Overseers of The Poor, 1833-65, Mortgages, Vol. 2 1851-85 and an edition of the 1876 Lowell Weekly Journal newspaper containing an account of the Sudbury Bicentennial Celebration of the King Philip War, donated to the town by Leona C. Johnson, has been completed.

Russell P. Kirby, *Chairman*
Forrest D. Bradshaw
Eleanor Weber Dickman
W. James Lyons
George D. Max
Nancy Williams Reed
Betsey M. Powers, *Town Clerk*

Town Historian

On November 13, 1979 the Board of Selectmen appointed Michael Davis, a Junior in the Lincoln-Sudbury Regional High School, as Town Historian, and he is working on a project associated with significant historical aspects of the community as they relate to the High School.

Courtesy of Town Crier

Memorial Day Committee

Memorial Day services in 1979 were dedicated to the service men and women who served during the action in Vietnam, in keeping with the presidential proclamation declaring May 28 to June 3 as Vietnam Veterans' Week.

Navy Veteran William Burns, who served in the military for 26 years, was Parade Marshall, leading the line of march followed by service members MAJ Mary Jane Hillery, COL Paul Leady (Ret.), COL Gene Naegele (Ret.) and Congressman Robert F. Drinan. State Representative Ann Gannett joined the services at Town Hall.

COL Robert C. Davenport, a 36-year veteran of the military and holder of two awards for meritorious service as well as numerous other awards and campaign ribbons, gave the keynote address. Chairman of the Board of Selectmen, John Murray, gave the opening speech at Sudbury Center.

Ceremonies honoring the dead of past wars were held at North Cemetery, Hop Brook, Civil War, World War I, World War II and Wadsworth Memorials. The ceremonies were marked by a hymn, decoration of graves, prayer by clergy from Sudbury churches, rifle salute and taps.

World War I Veterans who participated in the services were George Brown, Forrest Bradshaw, Floyd Bancroft, Raymond Hooper, and Leo Spottswood. Raising of the colors was performed by George Brown and Floyd Bancroft.

Providing the music during the line of march and program were the Sudbury Ancient Fife & Drum Company who played tunes dating from the Revolution and concluded the services with the national anthem sung by the assembled citizenry.

PLANNING

Courtesy of Town Crier

Planning Board

In 1979 the Planning Board endeavored to implement cluster zoning, a major recommendation of several land use studies of Sudbury. This concept would have allowed houses to be placed closer together on the most buildable portion of a tract and preserve a substantial portion as permanent open space. This type of development is viewed as a means of preserving open space, lowering municipal maintenance costs and is a primary recommendation of hydrology studies as a means of maintaining ground water quality. Cluster zoning does not allow a builder to construct more houses on a piece of land than would normally be allowed. The proposal had wide support among concerned Town boards and received a majority vote at the Annual Town Meeting, but fell short of the necessary two-thirds in favor for passage.

Two subdivisions were reviewed and approved: Wayside Acres, a four-lot subdivision

off Dutton Road; and Wigwam Hill, a subdivision originally approved in 1973 and just completing a judicial appeal process. A preliminary plan of a 16-lot subdivision in the Dakin Farm area was approved with conditions.

The walkway program continued with 1979 ATM approving articles for the construction of walkways on Haynes Road and Puffer Road and a portion of Mossman Road.

Working towards the 1980 ATM the Planning Board drafted a number of articles recommending changes to the Zoning Bylaws that removed inconsistencies, altered the intensity table, modified permitted uses and would require certain minimum landscaping requirements for new development in non-residential zones. Articles to update the Official Town Map and continue the walkway program were also submitted.

Respectfully submitted,
John C. Cutting, *Chairman*

Edward W. Connors, Jr.

Conservation Commission 1979

It marks the end of a decade of Commission administration of the Wetlands Protection Act (Chap. 131, Sec. 40 of the General Laws of Massachusetts). Since the Act's implementation in 1969, the Commission has been active in determining its applicability through on-site inspections, review of engineering data and public hearings. This law is designed to protect more than a bunch of swamps and a few ducks. It is designed to protect a number of wetlands "values" - public and private water supply, ground water, flood control, storm damage prevention and prevention of pollution. Our determinations, while not always universally popular, were still arrived at on the basis of these statutory values.

Because of our concern for the continued protection of these wetlands values, the Commission is drafting a Wetlands Protection By-law for 1980 Town Meeting. There have been signs that local land use decisions and conservation efforts may be under attack at the state level. This by-law will insure home-rule provisions for the continued protection of the values of the Act.

It was the year for a firm focus on water quality. We are disturbed by reports from too many communities in the Commonwealth about contaminated wells due to industrial pollution. A joint Water Quality Study Committee, consisting of members of the Commission, Board of Selectmen, Board of Health and Water District, was formed to look into water quality in Sudbury and come up with recommendations. As a result, this committee has requested cost estimates for a water quality study from several professional firms in the area. It will be seeking funds at 1980 Town Meeting for more extensive testing.

This was the year for more emphasis on public education. In May a meeting with local real estate agents from Sudbury and surrounding towns was held. Staff from the Interdisciplinary Environmental Planning firm (IEP) of Wayland and Commission members explained how the Wetlands Protection Act and the Wetlands Inventory (done by IEP in 1978) are used in Sudbury.

In July, the Agricultural Subcommittee and a representative from the Department of Food and Agriculture held an informational meeting with local farmers and other interested citizens to introduce and explain the new state statute, the Agricultural Preservation and Restriction

Act. This law provides for the purchase of development rights from farmers so that prime farmland may remain in agricultural use.

The Information and Education Subcommittee is in the process of preparing a brochure and map of all of Sudbury's conservation lands. Individual trail maps of the four major pieces, Hop Brook Marsh, Davis Land, Lincoln Meadows and Nobscot Hill, are available at Town Hall and the Goodnow Library. The Subcommittee has also prepared a slide presentation which has been given to groups of teachers, the League of Women Voters and is available for garden clubs and other interested organizations.

This was the year for planning for future land acquisitions rather than recommending significant purchases. The purchase of a small piece abutting the Davis Land was authorized by (1979) Town Meeting and adds needed open space to our smallest, actively maintained reservation. The Planning and Acquisition Subcommittee is not recommending a land purchase for 1980 Town Meeting because as the value of land continues to soar, the Committee feels it should forgo smaller parcels which were purchased more easily in the past. We will continue to pursue some larger, highly-regarded parcels and recommend their purchase by the Town when they come on the market.

It was the year for providing a wider range of outdoor activities for townpeople that are compatible with conservation land. In other words, conservation land is not just for frogs and mosquitoes - it's for people. The Community Gardens, now in its fifth year, continues to provide hard core gardeners with "their place in the sun" at Lincoln Meadows. About 80 30' x 30' lots were cultivated, producing bountiful crops. A new and extremely well-received endeavor for those who like something more vigorous than nature walks and cross-country skiing, was the installation of the "Life Course" exercise course at Hop Brook Marsh - a joint effort by the Conservation Commission and the Park and Recreation Commission. This one and a quarter mile course intersperses running with 23 exercise stations, providing a variety of fitness activities such as push-ups, sit-ups, log-lifts and swing on a ring. We are finding that this course is attracting people who ordinarily might not use conservation land. They tell us that exercising in the quiet, beauty of Hop Brook Marsh is a far cry from running on asphalt, dodging cars and breathing automobile exhaust fumes.

Maintenance on various conservation lands by the Land Management Subcommittee included mowing of several areas to preserve open spaces from encroaching brush. In June, poison ivy along some of the trails at Nobscot Hill was sprayed with good results. Identifying signs were erected at Nobscot Hill, Davis Land and Hop Brook Marsh. Approximately 6 acres of Davis Land and 14 acres of Lincoln Meadows continue to be leased for agricultural purposes. Thirty-five hunting permits were issued for Lincoln Meadows and Raymond Land.

This was 1979. 1980 and the ensuing decade will present more challenges - some anticipated, some unknown at present. This review of the Conservation Commission's year is actually a look into Sudbury's future. We know that responsible actions by the Commission will determine, in a large measure, the shape of Sudbury to come. We welcome citizen input into this process.

Metropolitan Area Planning Council

The MAPC is comprised of 101 cities and towns encompassing more than half the population of Massachusetts and lying within a 25 mile radius of downtown Boston. A major source of MAPC funding is the annual per capita assessment on member communities of 15¢ per capita which comes to \$2,242.65 for Sudbury.

The Council and its staff prepare comprehensive plans for the region, conduct analyses and studies, furnish technical assistance to member communities and process applications for federal grants in such areas as comprehensive planning, land use, transportation, solid waste disposal and water quality management. Your representative attends Council meetings and has offered to serve on the Technical Advisory Committees on Land Use Regulations, Open Space and Water Resources. All A-95 proposals are reviewed and commented on if applicable to Sudbury.

This year the 208 Area-wide Water Quality Management Plan, the most comprehensive water quality study ever conducted in New England, was completed at the Council level. When it is certified by the state and the EPA (possibly this spring) all federal and state funds for water pollution control must go to projects consistent with the 208 Plan. After certification of the initial 208 project, MAPC will go into a technical assistance phase to help implement town plans. Sudbury will receive technical assistance to extend the useful life of on-lot wastewater disposal systems by means of a refining and maintenance program for septic systems.

Your representative has and will continue to monitor the MDC Water Division's proposal to construct a water treatment plant at the Sudbury Reservoir in Southboro, recognizing that this proposed facility will have a significant environmental impact on the Sudbury River.

Respectfully submitted,
Mrs. Joan C. Irish
MAPC Representative

Permanent Building Committee

At the 1979 Annual Town Meeting the voters approved Article 13 which provided \$7500 to be expended under the jurisdiction of the Permanent Building Committee and charged them with the feasibility study and planning of new police and fire headquarters building and/or buildings. After numerous hours of study it was determined that it was feasible to add onto and alter the existing Police Station, and build a separate new Central Fire Station Headquarters on Town owned land, on Hudson Road, known as Oliver Land. Our study further indicated that this approach would also be a financial saving to the Town, and place both facilities in the best physical locations in regard to serving the Town.

The Police and Fire Chiefs were frequently consulted for their professional background, needs and assisted us in touring a number of neighboring police and fire station facilities comparable to Sudbury's needs. After the tours it became obvious that our present Police Station (built in 1962) and present Central Fire Station (built in 1932) were inadequate for the Town's present size and future growth. From consultation with the two Chiefs, others, and

an independent architect who is a law enforcement facilities specialist (funded under a government grant), the committee wrote a preliminary design program for new Central Fire Station Headquarters and Police Station Alterations/Addition.

The committee interviewed six architectural firms and selected Kubitz & Pepi Architects, Inc. to develop preliminary design plans, preliminary specifications and estimate project costs for the two proposed facilities. Kubitz & Pepi have completed this work. An independent estimate, by a professional estimator was made for the Police Station Alterations/Addition so we could have the most accurate figures; the Selectmen will request funds to construct this proposed facility at the 1980 Annual Town Meeting. The Selectmen plan to request funds for construction of the proposed Central Fire Station Headquarters at the 1981 Annual Town Meeting after an independent professional estimate has been completed; lack of funds for an independent estimate and available time required to work on the construction of two projects simultaneously do not permit this to be presented at the 1980 Town Meeting.

This committee became officially involved with the newly formed Building Services Group which will review Town buildings with regard to major repairs and an ongoing maintenance program. We have assisted the School Committee in a program of initiating major repairs on roofs of school buildings which are in a serious state of poor condition and are virtually uninsulated.

During 1979 John L. Ruetlinger stepped down from his chairmanship of seven years, but remained on the committee. D. Bruce Langmuir was elected chairman. Two members were re-appointed, thus the committee remained at full strength. The committee is comprised of members appointed by the following Town Committees: Selectmen, School Committee, Planning Board and Town Moderator. The members of the committee met on an average of once per week through the summer since the 1979 Annual Town Meeting with a quorum present at nearly every meeting.

Town Engineer

Nineteen hundred and seventy-nine will long be remembered as the year the Town rebuilt Landham Road. Much of our time and effort went into this project from design and contract preparation to final layout and grading during construction. This past summer was a difficult time for many associated with the project, especially the residents of Landham Road, but I am sure all will agree that the final product was well worth the effort.

In January of 1979 the Town experienced flooding as severe as any time in recent memory. Our field crews made a permanent record of the depths and areas of ponding throughout the Town for future reference. This data will be used as part of the master drain plan studies in an effort to eliminate as many drainage problems as possible. As part of the master drain plan we have prepared construction plans for drainage improvements on Old Lancaster Road, Union Avenue, Station Road, Warren Road and Woodside Road.

The Town Engineer, acting as the Planning Board General Agent, was responsible for the overall review, inspection and control of the construction of all ways, drainage and appurtenant facilities in new sub-divisions in addition to the review of the status of all old subdivisions in various stages of construction in an effort to assist the Planning Board in insuring the satisfactory completion of construction of these subdivisions. The Engineering Department, in addition to the inspection of new construction, reviewed numerous old subdivisions and recommended to the Planning Board what action should be taken to insure their completion. It is anticipated that during 1980 many remaining old subdivisions will be reviewed in addition to providing all inspections as required on new subdivisions.

In addition to providing the aforementioned engineering services, this department provided field surveys, maps, plans and related engineering data, as requested, in many areas including: tax title and tax possession property information to the Board of Selectmen, Town Counsel and Treasurer; revisions to existing property maps and research and interpretation of deeds and plans for the Board of Assessors; provided property line information for the Park and Recreation Commission; revisions to the Zoning Map, updating the Official Town Map for the Planning Board and Town Clerk; preparation of Flood Plain Maps and review of

Wetlands filings for the Conservation Commission; preparation of sketches and visual aids for Town Meeting and the Warrant; provided various services for the Board of Health, Police and Fire Department, Sudbury Water District, Building Department and all other departments and to the general public.

Respectfully submitted,
James V. Merloni, P.E., R.L.S.
Town Engineer

Report of the Committee on Town Administration

The CTA's charge is a broad one: to poke, gingerly, through Sudbury's inner workings; and to point out to the Town those gears and switches that might need a squirt of oil, or a bit of tinkering, in order to keep things running smoothly. Sometimes citizens bring their ideas to us; sometimes other Town boards and commissions ask us to investigate certain areas; sometimes the CTA decides on its own to look into a nook or cranny.

To the floor of last year's Town Meeting, we brought two Articles, one calling for a five-member Board of Selectmen, and one calling for an appointed (rather than elected) Tax Collector; the Town rejected both suggestions. Another Article - to appoint (instead of to elect) the Treasurer - was withdrawn.

The CTA also delivered to the Moderator a survey of attitudes toward Town Meeting; in summary, the survey indicates that what people like most is their opportunity to express their views, while what they like least is that other people talk too much. The CTA makes no comment.

Currently, we are looking into ways to improve Town Meeting; studying the duties and salaries of the Town's Assessors; investigating the mechanics (and wisdom) of instituting some recall procedure for Town Officials; attempting to translate certain Warrant Articles into English, in an effort directed at making the Warrant a clearer, more meaningful Document.

Long Range Capital Expenditures Committee

During 1979 the Long Range Capital Expenditures Committee, in cooperation with other Town boards, commissions, and department heads, prepared a 5 year Capital Improvement Program for the period 1979-1984. The Committee considers each capital expenditure being proposed and makes a recommendation as to the relative priority of these projects to the town. Detailed information on each project along with the specific recommendations of the LRCEC were presented in a report made available to the Town at the time of the 1979 Annual Town Meeting. In August, we met with the newly formed Town of Wayland Capital Expenditures Committee and exchanged ideas on how their committee should work.

During the past year, two members left the committee: E. James Mulcahy, Jr. and Susan Smith. Their conscientious hard work contributed significantly to the success of the LRCEC. Two new members have been recently appointed: James Becker and James Warner.

We look forward to the ongoing cooperation of the Town organizations with which we work.

Permanent Landscape Committee

During the past year the Committee continued to work with the Selectmen and the Town Engineer on the problems associated with Landham Road.

The Committee also discussed with the Selectmen the problem of Gypsy Moth infestations. Any actions taken by the Town would be very expensive. Chemical sprays, if widely applied, would likely have deleterious effect on other wildlife. Biological controls are still not as effective as one would like - and are very much more expensive than chemicals. The most effective control is natural. Allow the

caterpillar population to become so large that they eliminate their food supply, and consequently starve, before they can reproduce. There will be loss of some trees. The woods will be defoliated in late Spring, but they will be green again by mid-summer.

The Gypsy Moth is a problem. It is useful to remember that there was a similar infestation some 40 years ago - and the forests survived. Any attempt by the Town at control or extermination will be very expensive.

FINANCES

Finance Committee Report

The Sudbury Finance Committee is composed of nine citizens, three are appointed by the Moderator each year for a three-year term. It is charged by the Town Bylaw to review all budgets, monied articles and non-monied articles, and to report its recommendations in the Warrant and at the Town Meeting. The Committee presents an estimate of the tax rate for the coming year.

Your tax is based on the difference between the costs of the Town for the year and the net income from sources other than property taxes. Basically, our costs as a town are categorized as follows:

- Payment of State and county assessments.
- Monies appropriated at Town meeting to provide services to the Town. These monies are voted in the budget article which provides for the basic operating expenses of the boards and departments, and in the special articles which provide for expenditures over and above the regular department budgets.
- The maintaining of an overlay account. The overlay is an amount established by the Assessors to cover abatements granted.

The costs itemized above are paid from the following sources:

- Reimbursements from the Federal Government through the Federal Revenue Sharing Program and Federal Anti-Recession Program.
- State receipts from motor vehicle excise taxes plus various permits and license fees.
- Highway receipts and offsets distributed to Sudbury by the State to be used for road construction and maintenance.
- Sudbury's share of State assistance and reimbursements to cities and towns in the Commonwealth. The amount of that share will not be known until Sudbury receives the Cherry Sheet from the State. The amounts are used in estimating the tax rate in this warrant are projected from last year's Cherry Sheet figures.
- Free Cash - Monies which were received by the Town from the State or from local appropriations in past years and were not actually spent may be applied to the current year.
- Overlay Surplus - Usually there is an accumulated amount in the overlay account which is not used or required to be held. Sudbury

applies a portion of that surplus to meet the appropriation for the Reserve Fund.

- Local Property Taxes - Whatever amount is required to meet the costs set out above and which is not raised by the above income sources must be met by property taxes paid by you.

The major problem the Town of Sudbury must face is our escalating property tax. This Finance Committee has attempted to control the problem for Sudbury by setting the specific goal of keeping the tax rate for the next year equal to or less than its present rate of \$59.00. Since it is difficult to accurately estimate what the receipts to the Town will be in the forthcoming year, we essentially operated under the concept that a "no growth" town-wide total operating budget (including monied articles) would enable us to stabilize the tax rate.

To help us accomplish this goal, we asked the Town boards and departments to follow three procedures: (1) a program budget, (2) a budget request at no larger than 4% over last year's budget, and (3) a "shopping list" of those areas that could be cut to bring their budgets down to zero growth. The 4% guideline was a preliminary step toward zero growth. Faced with roughly 5% to 7% salary increases and a 9% inflation rate, limiting a budget to 4% actually meant, in some cases, a budget reduction in non-salary items of 12%.

From this starting point, the Finance Committee has made every attempt to obtain an overall Town budget growth as close to zero as possible. Using our projected information on receipts and future Town valuation (which we estimate to be \$182,500,000), the tax rate for next year will be no greater than \$59.00 if the Town follows the Finance Committee recommendations. Every \$182,000 we spend equals \$1.00 on the tax rate.

It is quite evident that the major financial impact to our Town occurs in salary increases in all areas. Of the entire recommended operating budget of \$12,508,033, over 75% is spent on salaries. Part of the increase in salaries is due to the long-awaited reclassification plan of non-union employees in this Town. A clerical study was conducted last year which enabled the Personnel Board to reclassify personnel and adjust their salaries accordingly.

As contractually negotiated salaries continue to increase, it will be necessary to cut

services either by reducing hours worked or number of personnel employed if the Town wishes to maintain the same budget. Our recommendations have resulted in reduced services in non-essential areas.

The Governor has recently proposed "tax cap" legislation which, if enacted, would freeze appropriations, budgets and tax levies, with certain exceptions, at fiscal 1978-79 levels. It is not known at this time what legislation, if any, will be adopted, and we will report to you at Town Meeting on the impact, if any, of such "tax cap" legislation on our recommendations.

We realize that the ultimate decision on what to spend is in the hands of Town Meeting. We have presented our 1979-1980 recommendations. We hope that the information and comments related to each article will be helpful to you in making your decisions.

Most important, you must exercise your responsibility to choose by attending Town Meeting.

Town Audit

At the 1979 Annual Town Meeting, under Article 8, the town voted to "appropriate the sum of \$15,000, to be expended under the direction of the Board of Selectmen, to engage the services of a public accounting firm to perform an audit of the town's financial records for the period June 30, 1972 to June 30, 1979".

The requirements appearing in the Request for Proposal prepared by the Board of Selectmen in complying with the above vote were as follows:

The proposed audit is to be performed only by certified public accountants or public accountants licensed before 1970. The audit is to be conducted in accordance with the professional standards known as Generally Accepted Auditing Standards. Additionally, the audit, as it

relates to Federal Revenue Sharing and Anti-Recession Fiscal Assistance Funds, must be conducted in accordance with the requirements of the Office of Revenue Sharing, United States Department of the Treasury.

The Auditor shall conduct an examination of the records, accounts and procedures of Sudbury for the following period of time and under the following guidelines:

For the Fiscal Year beginning July 1, 1978 and ending June 30, 1979, a sampling of vouchers, invoices, purchase orders and payrolls shall be examined to determine, in general, that they bear proper evidence of verification and approval and that all are properly charged against appropriations made and approved for such expenditure and that all are in compliance with the General Laws of the Commonwealth, the Bylaws of the Town of Sudbury and the certified votes of the Annual and Special Town Meetings of the Town of Sudbury. The Auditor shall express an opinion on the financial statements of all funds and general funds of the Town. For the entire audit, such schedules or reports as are necessary to reflect the Auditor's examination and opinion of the cash and bonded indebtedness accounts of the Town for the period shall be provided. These latter schedules or reports are specifically to be acceptable to the Bureau of Accounts, Department of Revenue.

Additionally, an examination, both compliance and financial, shall be conducted of the records of the Federal Revenue Sharing account and the Anti-Recession Fiscal Assistance account. This examination must be performed in accordance with *The Audit Guide and Standards for Revenue Sharing and Anti-Recession Fiscal Assistance Recipients*.

The Financial scope of the audit is limited to the above funds and period of time. An examination of the Community Development Act, Economic Development Act and Comprehensive Employment Training Act funds will be excluded since these require special audits which

are performed through the appropriate federal agency.

The scope of the audit shall include a "management analysis" which will be set forth in a "management letter" issued to the Board of Selectmen outlining the Auditor's observations as to the accounting systems, methods and controls of the Town and its departments, together with recommendations for improvement.

The scope of the audit shall also include a "management analysis" of the financial and purchasing systems of the School Department. A "management letter" shall be issued to the School Committee and the Board of Selectmen relative to these observations. In addition, a financial and management audit will be required of the school lunch program. This report shall be set forth in a "management letter" and issued to the School Committee and the Board of Selectmen. The bid estimate of the School and School lunch audits shall be set forth separately from the Town audit.

On July 9, 1979, the Board of Selectmen engaged the accounting firm of Laventhol & Horwath, 2 Center Plaza, Boston, MA 02108 to conduct the audit in accordance with the above requirements. The Director of Accounts was notified by the Town Clerk on July 20, 1979 of the name and address of the accounting firm as required by law.

The firm of Laventhol & Horwath conducted an audit and has submitted its report dated October 5, 1979 covering the following:

Accountants' report on financial statements

Accountants' report on compliance with revenue sharing and antirecession fiscal assistance acts and regulations

Financial Statements:

Combined statement of assets, liabilities, reserves and fund balance, all funds and account groups

General Fund:

Statement of assets, liabilities, reserves and fund balance

Statement of revenues, expenditures and continued appropriations

Statement of changes in unreserved fund balance

Revenue sharing and antirecession funds:

Combined statement of assets and fund balance

Combined statement of revenue, expenditures and changes in fund balance

Special Assessment fund:

Statement of assets and fund balance
Statement of changes in deferred assessment revenue

Trust Funds:

Combined statement of assets and fund balance

Combined statement of cash receipts, transfers and changes in fund balance.

General Long-term debt account group:

Statement of general long-term debt
Notes to financial statements

Supplementary information:

Schedule I Reconciliation of treasurer's cash

Schedule II General fund, taxes receivable

Schedule III General long-term debt account group, statement of legal debt margin

The following additional reports were submitted by the accounting firm:

Town of Sudbury, Management Report, Year Ended June 30, 1979

Town of Sudbury, Financial & Purchasing Systems Report, School Department, Year Ended 6/30/79

Town of Sudbury, Management Report, School Lunch Program, Year ended June 30, 1979

The full text of all these audit reports is available at the Town Clerk's Office, Town Hall.

Town Accountant

In accordance with the provisions of Chapter 41, sections 60 and 61 of the General Laws of the Commonwealth, enclosed herein is the statement of all financial transactions during the fiscal year July 1, 1978 - June 30, 1979. Included in this report are the Summary of Cash Receipts, Detail of Receipts reported as General Government, a Recapitulation of Surplus Revenue, a Summary of Income Accounts, the Balance Sheet, Federal Revenue Sharing, Appropriations and Expenditures, the expenditures for the first six months of the current fiscal year and the estimated expenditures for the remaining six months of the current fiscal year.

Respectfully submitted,
John H. Wilson

Board of Assessors

During 1979 the Assessors added \$6,476,000 in real estate valuation. Due to receiving the Cherry Sheet from the Commonwealth of Massachusetts late and also because the Governor signed a bill changing the interest rate on late paid real estate bills, our tax rate was not approved until October 11, 1979. Normally, our bills are mailed in September, but due to the above complications the bills were not available until October.

The revaluation firm started to review properties in July and are still working on the project. Sixteen hundred homes were

inspected inside and out. Information on all property cards is being transferred to computer cards. The commercial property has also been inspected and this information also computerized. At a later date the firm will be viewing the balance of the homes in Sudbury from the outside only, and any changes in construction will be noted and computer changes made.

The Assessors would like to take this opportunity to thank residents of Sudbury for their cooperation during the revaluation.

Respectfully submitted,
Frank H. Grinnell

Tax Collector's Report

The Tax Office collected 96% of the amount committed to us by the Assessors for the Fiscal year 1979. Without the cooperation of the taxpayers and other departments, this would not have been possible.

Respectfully submitted,
Isabelle K. Stone, *Tax Collector*

Town Treasurer

The office of Treasurer is a far more complex part of Town Government than just overseeing all the receipts and expenditures of the Town. It is a day-to-day operation of carefully maintaining cash flow, investing available funds at the best possible rates and making temporary borrowings whenever it is needed and on Long Term Capital Funds that the townspeople have voted on at Town Meetings.

Once again, we are pleased to report that this office has earned in interest in one year more than triple the actual cost of operating this office. The following is a breakdown of interest earned this fiscal year: Investments \$17,702.47, Trust Funds \$26,309.92, Conservation Fund \$10,604.82, Federal Revenue Sharing \$6,447.87 and miscellaneous Savings Accounts \$7,081.44 for a total of \$68,146.52

Due to a change in State statute, Chapter 782 of the Acts of 1979, beginning February 13, 1980, we can invest proceeds of Tax Anticipation Notes as well as Revenue cash. This

should add considerably to our investment income.

During the year we continued our efforts to provide a broad range of services, such as investing and borrowing as favorable as possible to the Town, and seeing that employees, pensioners and vendors receive their monies timely, conveniently and safely.

In the area of Tax Title, we have narrowed down the accounts to eight, five of which are currently in the process of foreclosure through Land Court.

You will note that our Table of Town Debt indicates very few items left to be paid. The Curtis and Noyes Schools, both the additions and the remodeling loans, will be paid off in 1980, leaving only the Curtis original and the Haynes School loans left. The total outstanding is only \$775,000.

To sum up, it has been a very busy yet rewarding year and together with Mrs. Bigelow, the Assistant Treasurer, we wish to express our gratitude to those who have assisted in any way to make our work more efficient and pleasant.

Respectfully submitted,
William E. Downing
Town Treasurer

TOWN CLERK

Town Clerk

As my fourth term in office draws to a close, I would like to start my report, rather than end it, with my thanks to the public and to the various town officers, boards and committees for continuous help and cooperation throughout the last 12 years.

I would also like to thank my staff for another year of dedicated and efficient work which enabled the office to complete many important projects and to conduct the January Special Town Election in the middle of the Annual Town Census and the preparations for the Annual Town Meeting and Election, meeting all the many deadlines with accuracy and cheerfulness in spite of the additional pressures.

The reorganization of the more than 4,300 records in the document file has been completed. This file includes decisions of the Board of Appeals, the Historic Districts Commission and the Earth Removal Board, rules and regulations of various boards, permits and license, notices of claims, Town Counsel opinions, Bylaw amendments, Warrants, etc. Those records relating to parcels of land have been keyed into the Assessors' map and parcel numbers. This work resulted in a complete inventory of these documents and an improved index system.

The reorganization of the site plan records related to commercial properties has also been done. A complete site plan history of each parcel has been put together and also keyed into the map and parcel number.

The records relating to parcels of land which do not require subdivision approval for development have also been reorganized and cross indexed greatly improving that filing system.

All of this work has greatly increased the efficiency of the office in meeting the many requests for information contained in these records and has also simplified the exchange of information between departments.

Work has continued on cataloguing and indexing the collection of older papers belonging to the Town as has the research in records relating to town roads.

Progress has been made on the collection of gravestone inscriptions and that project is almost complete thanks to the good help of Mrs. Winifred Grinnell who volunteered to do

the remaining field work.

The name indexes for three additional volumes of older Town Meeting Proceedings covering the period 1814-1865 have been completed and need only to be typed.

In connection with the Records Management Program and the purchase of the microfilm reader/printer last August, a microfilm library has been established in the Town Clerk's Office and has received regular use. The library consists of 82 rolls of film of records from the Assessors, the Building Department, the Board of Health, the Board of Selectmen, the Town Accountant and the Town Clerk. Through the use of microfilm, over 150,000 pages of information can be contained in a little over 1 cu. ft. of space.

For further information on the Records Management Program, see the Annual Report of the Ancient Documents Committee.

I have continued during the past year to work as Editor of the comprehensive manual being prepared for the Massachusetts Town Clerk's Association. The assistance that such a manual will provide to all town clerks will more than justify the work involved in this long term project.

Legislation has been submitted to the General Court again this year which will effectively close birth, marriage and death records to the public. I have worked to oppose this legislation for the past two years as it will substantially impair a town clerk's ability to provide necessary public service in this area. However, it is likely that without widespread public opposition, this bill will pass during the 1980 legislative session.

Work was done during the past year to oppose the promulgation by the State Secretary of rules and regulations governing election administration. I believe that the details of such administration should be left to the local official who has statutory responsibility for the conduct of elections and who is **directly** responsible to the voters. While it was not possible to prevent these rules and regulations from becoming effective, sufficient changes in the text were brought about to minimize the impact on local election administration reducing the possibility of increased cost to the Town.

1980 will surely be another busy year and much of our time will be devoted to the three state elections which must be held in addition to the Annual Town Election. The financial impact of the November Presidential Election can be seen in the budget submitted for 1980/81 as almost the entire increase is to cover the cost of conducting that election. The budget, exclusive of the Presidential Election, has increased by less than \$800 or about 1.3%.

Again, my thanks to you all for your good help and support.

Respectfully submitted,
Betsey M. Powers, *Town Clerk*
