Board of Selectmen

The Board of Selectmen hereby submits the 1982 report of all elected and appointed officials, boards, commissions and committees, in accordance with Town Bylaws, Article III, Section 2, giving a summary of their activities and a report of their financial transactions.

We respectfully submit our report on the activities of the Office of the Board of Selectmen during 1982.

STATE OF THE TOWN

Again this year our time has been consumed by matters affecting the current and future finances of the Town. Last year our report contained several charts showing the trends in town finances – overlay surplus, free cash, appropriations and receipts, tax levy and tax rates. This year there are no trend charts, but they would show the same conclusion—overall town budgets are being held at minimum levels while at the same time trying to pay our employees a fair and competitive salary.

However, the forecast this year does show the brunt of Proposition 2½ is here! The projections to date for fiscal years '84 (next year's budget) and '85 show large shortfalls.

Fiscal '84	\$350,000
Fiscal '85	\$600,000

With some prudent reductions by the Finance Committee these shortfalls can be reduced to an absorbable level. We could also do so by using all the town's available or surplus funds, but this would be a most unwise move for the future of town services and schools.

This year (1982-83) we received a windfall from the state in local aid which provided a temporary solution. We do not expect this next year, and it looks now by proposed action at the state level that severe fiscal concerns could develop if we don't protect our local interests, especially in the area of state aid for education which you will hear more on in the near future.

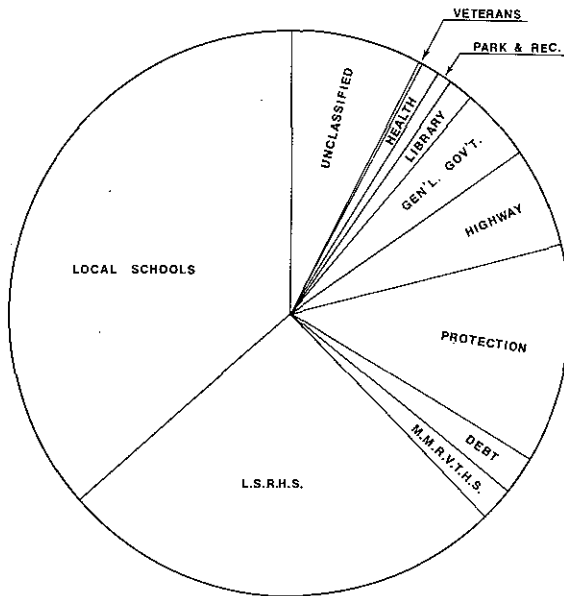

Courtesy of Town Crier

This situation is compounded by the fact that last year we could not budget or appropriate funds up to the maximum allowed under Proposition 2½ legislation because of the late receipt of our town property valuation figures. Our levying ability was limited to 1% and so we are currently under our allowable maximum levy by \$300,000. If this is not adjusted it will compound our ability to raise needed funds in future years. The Selectmen and Finance Committee are working to make up at least \$100,000 of this under-levy amount. A detailed explanation of this problem will be made at the Annual Town Meeting.

As stated last year, we believe that with the full cooperation of all town departments and schools, with more voluntary budget reductions in Fiscal '84 and with a prudent use of town surplus funds, we can maintain town services at nearly the same levels with little or no increase in local property taxes.

Below is a "pie-chart" showing where your tax dollars go.

**TOTAL DEPARTMENT BUDGETS
INCLUDING DEBT
1982 - 83**

Local Schools	\$5,367,030	36.6%
LSRHS	3,765,724	25.7
MMRVTHS	276,540	1.9
Debt*	339,063	2.3
Protection	1,836,569	12.5
Highway	843,968	5.8
General Government	593,728	4.1
Library	195,080	1.3
Park & Rec.	131,809	0.9
Health	158,991	1.1
Veterans	10,217	0.1
Unclassified	1,134,820	7.7

Total Budget \$14,653,539 100.0%

*Excludes LSRHS and MMRVTHS, whose debt is included in operating budget figure.

MAJOR NEWS OF 1982

New site plans considered by the Board this past year were as follows:

Approved

Gold Star Nurseries/Melgrove Realty Trust, Codjer Lane Industrial Park District - wholesale nursery business.

Robert Blanck/Richard J. and Ruth Moore, 18 Hudson Road - renovation for professional offices.

M & S Sudbury Realty Trust, 474 Boston Post Road - new construction for Colonial Spirits and other retail businesses, replacing former Cumberland Farms complex.

Dr. Melvin Kramer/John Aegerter, Executor, 631 Boston Post Road - renovation for professional offices.

V.S.H. Realty Corp., Lot 65, Boston Post Road - new retail/office building for Cumberland Farms, etc.

Papa Gino's of America, Inc., 104 Boston Post Road, Arcadia Restaurants, owner - new restaurant in former Dairy Queen location.

Hingham Shoe, Inc./Sudbury Nominee Trust, 75-83 Union Avenue - new retail business in former West Sport location.

424 Realty Trust, 424 Boston Post Road - new office and retail additions, and parking and septage improvements.

Denied

William J. Senecal, 57 Codjer Lane - Two separate plans: 1) a second application for retail business involving processing wood and sale of wood and coal, and 2) warehouse and light manufacturing.

Project Management, Inc., Drake Industrial Park, Lots 3 and 4, Powder Mill Road - extension of time period for completion of plan for office park.

West Sport/Georgia and Peter George, 225 Boston Post Road - renovation for retail business.

Grants, gifts and donations accepted by the Board in 1982 are as follows:

Council on Aging Grants	\$2,700.00
Council on Aging miscellaneous donations	577.15
E. B. Hosmer Memorial Fund	2,249.09
Heritage Park	50.00
Discretionary Fund	134.51
TOTAL	\$5,710.75

We signed two-year collective bargaining agreement contracts with our five local employee unions which provided salary increases as follows:

Union	Fiscal '83	Fiscal '84
Local 105, Association of Engineers, Architects & Draftsmen	7½ %	7 %
Sudbury Supervisory Association	6½ %	6½ %
Local 2023, Sudbury Permanent Fire-fighters Association, International Association of Fire-fighters, AFL-CIO	8 %	8 %
Local 315, International Brotherhood of Police Officers	8 %	8 %
Massachusetts Laborers' District Council in behalf of Public Employees Local #1156 of the Laborers' International Union of North America, AFL-CIO	8½ %	8½ %

Thanks to the Town Report Preparation Committee, the Sudbury 1981 Annual Town Report received "First Place" statewide in its population category and was so recognized by the Massachusetts Municipal Association.

Thanks to the Conservation Commission, especially Becky Ritchie, and the Massachusetts Farm and Conservation Lands Trust, the work has been completed on the purchase of development rights, authorized by the 1981 and 1982 Annual Town Meetings, on the following parcels to insure continued agricultural production on these lands.

- 84 acres off North Road (Garber parcel)
- 12 acres off North Road (Sperry parcel)
- 24 acres off Concord and Pantry Roads (Caruso parcel)
- 26 acres off Haynes Road (Barton I parcel)
- 17 acres off Pantry and Concord Road (Barton II parcel)
- 39 acres off Lincoln Road (Shick parcel)

As a bonus for the Town with regard to the Barton parcels, historic preservation has been guaranteed on the Barton barns, which have been restored, and the Town owns 14 acres of the property outright.

The Selectmen are pleased to report that in October their Executive Secretary, Richard E. Thompson, received a Certificate of Service from the International City Management Association as a tribute to his "significant contribution to colleagues and achievements in advancing municipal administration."

The Selectmen are also pleased to report that a new Director of Finance and Administration/Town Accountant was hired in March of 1982. His name is James Vanar and he lives in Concord with his wife and two young sons.

The Selectmen requested and received approval to extend the deadline to April 15, 1983, for the awarding of a Cable Television license. We expect the first Issuing Authority Report to be ready in January, and a public hearing scheduled on the same shortly thereafter. We welcome any suggestions or questions on this important subject.

One year we report good news and the next year we report bad news on the widening of Rt. 20 between Nobscot and Raymond Roads. At present the project is mired in bureaucratic red tape and the lack of federal funds. However, it remains one of our highest priority projects. We will be calling on our new Representative in Washington, D.C., Congressman James Shannon for help in 1983.

Our local Juvenile Restitution Program is now limited to the handling of acts of vandalism causing destruction of public (town) property, but in early 1983 we hope to expand it to situations involving destruction of private property as well. The meetings with court officials have taken place. It now only remains to formalize the procedures.

This year three families' private wells became severely contaminated. With the cooperation of the Board of Health, the Water District and the Finance Committee, the problem was quickly resolved by extending town water to these homes. We commend the Board of Health for discovering this problem and their diligence in testing town and private drinking water. The Selectmen will continue their efforts to coordinate the testing of all town surface and sub-surface water supplies.

Of great concern to us this past year has been the reactivation by the U.S. Army of the so-called Military Reservation land in Sudbury. This past summer saw heavy use of the land for military maneuvers and weaponry firing, much to the discomfort of many abutters. Late this year the Selectmen convened a meeting with the new Commander of Ft. Devens, Col. Delman Corbin, Congressman Jim Shannon and several local residents, who had called or sent us letters on the matter, to address our concerns about the present and future use of the new Ft. Devens Sudbury Annex military land. The consensus of the meeting was to set up a liaison group

representing Ft. Devens, Congressman Shannon's office, Senator Atkins' office, the Board of Selectmen, and local residents to immediately meet and work out a compromise with the Army on the use of the Sudbury land which is as compatible as possible with surrounding residential abutters and the training needs of the U.S. Army.

REPORT ON TOWN MEETING ARTICLES

APRIL 1982 ANNUAL TOWN MEETING

Town Audit - The firm of Laventhol & Horwath has been engaged and the audit is expected to be completed in April 1983 as required so that the town might receive Revenue Sharing funds.

Transfer Tax Possession Parcels 175-182 to Water District - The deed has been executed and recorded conveying these lots to the Water District.

Flood Plains Bylaw - The Town Bylaws have been amended to be compatible with the federal Flood Insurance Program to protect those persons living in the Flood Plain Zones so that they might be able to purchase federal flood insurance.

Parking Fines Administration - A Parking Clerk was appointed by the Board of Selectmen and the fee schedule implemented.

South Annex School - The sale of this property to an abutter has been completed in the amount of \$60,000.

Fairbank School - Town Meeting defeated an article to sell the School for private use.

Horse Pond School - The Town is awaiting passage of state legislation to reimburse the Town for the sale of the School to the Massachusetts Fire-fighting Academy in the amount of \$170,000, expected in early 1983.

Loring School - The Board of Selectmen have readvertised to solicit proposals which are due in January of 1983 for purchase or lease of the Loring School.

OCTOBER 1982 SPECIAL TOWN MEETING

Fairbank Community Center - Immediate repair items pertaining to the roof, furnace and security have been completed and the building now functions as the permanent home of Lincoln-Sudbury West and the Town Community Center.

Town Office Facilities - A decision is expected to be made in early 1983 as to temporary space allocations for the Town Hall and Flynn Building office use with completion by spring of 1983.

Boundary Change - The petition has been filed with the General Court to consummate the boundary change with Wayland and action is expected early in legislative session next year. New bounds will be set in the summer of 1983.

Hosmer House - The Historical Commission is in the process of hiring an architect and preparing bid specifications.

1983 ANNUAL TOWN MEETING

The Selectmen have proposed the following major articles for the 1983 Annual Town Meeting:

Funds for a study of long-term town government office space needs, including those of school administration and support staff, and for the preparation by a qualified firm of plans and specifications to meet those needs.

An article to determine the ultimate disposition of the Loring School.

Funds for the continued renovation of the Fairbank School.

An article to clarify the requirements for Handicapped Parking areas and signs and to provide for the issuance of handicapped stickers for temporary or permanent use by Sudbury residents.

CONCLUSION

We see ahead for us next year some major problems to address and resolve in the following areas: 1) future town finances, 2) transportation, 3) zoning issues, 4) vandalism, 5) neighborhood concerns, 6) town office space, 7) police and assessing department personnel matters. It will be a difficult year ahead, but with your understanding and help, we will strive to fulfill our responsibilities in meeting the demands of our office.

Town Meeting form of government will be tested again next year, but, with diligence and competence, we believe it will endure as in the past.

Respectfully submitted,

William J. Cossart, *Chairman*
John E. Murray
Anne W. Donald

William J. Cossart, Chairman, Board of Selectmen.

Board of Selectmen Financial Report

July 1, 1981 - June 30, 1982

RECEIPTS

Liquor Licenses	\$14,650.00
Liquor License Advertising Fees	50.00
One-Day Liquor Licenses	40.00
Common Victualler/Innkeeper Licenses	475.00
Ice Cream, etc. Licenses, Lord's Day	1.00
Public Entertainment Licenses, Lord's Day	700.00
Automatic Amusement Device Licenses,	
Weekday	240.00
Fuel Storage Permits/Advertising Fees	50.00
Taxi Licenses	40.00
Used Car Licenses	80.00
Rental of Town Buildings	1,150.00
Charges for Custodial Services	79.94
CATV License Applications	300.00
Hawkers and Pedlars License	20.00
Earth Removal Board Hearing Fee	20.00
	<hr/>
	\$17,895.94

Insurance Advisory Committee

The Insurance Advisory Committee has continued to advise and recommend with regard to the Town's Insurance program.

The Blue Cross/Blue Shield contract has been reviewed. The Town enjoys a favorable rate and the loss experience has been good.

The subject of placing the insurance package out to bid has been discussed. At the present time there are advantages under our present arrangement that offset any probable cost advantages through a bidding procedure. The committee suggests no change be made for the present.

The committee recommends strongly that the Town purchase an additional \$2,000,000 of liability insurance to provide more adequate protection in the event of suit for damages. The cost is small for the protection afforded.

The committee also urges that the Town complete for risk evaluation and cost the application-questionnaire for Environmental Impairment Liability Insurance. Our sanitary land fill constitutes a potentially serious pollution hazard against which no insurance is in force under the existing insurance contracts.

Respectfully submitted,

William R. Reed, *Chairman*
Gerd O. Haeberer
Rita C. Cobb
Richard P. Stitt
Barry M. Karas

Sign Review Board

In the calendar year 1982, the Sign Review Board approved eleven applications. As in the past, this Board has endeavored to ensure that all new signing conforms to the By-laws and continues to be in keeping with the Colonial character of our Town.

Respectfully submitted,

Leon Zola, *Chairman*
Jane M. Goode
G. Burton Mullen
Sandra L. O'Neill

Tree Warden's Report

Tree care efforts continued with the removal of dead and diseased trees. Two elms were removed because of Dutch Elm Disease. Thirty one trees were trimmed or removed by hired contractors.

The Department of Natural Resources assisted with Dutch Elm samples and a Gypsy Moth survey. As predicted by their survey, there was light defoliation in much of Sudbury in the spring.

The Roadway and Walkway Trimming Program was continued with five miles of roads being trimmed. Boston Edison assisted with their Program Trim by trimming another five miles along the utility lines.

The Tree Planting Program was also continued with the planting of thirty native shade trees along the Town roads.

Respectfully submitted,

William M. Waldsmith,
Tree Warden

Cathy Friedman, Age 10

Highway Surveyor's Report

The year (1982) proved to be a busy one, once again. We sealed fifteen miles of streets under our maintenance program. Grant moneys, that I requested from the State, were received and used to resurface two-thirds of Fairbank Road. Additionally, six miles of primary streets were resurfaced with moneys voted at the Fall Special Town Meeting. Funding for these streets was 100% reimbursed under Chapter 90 State Aid Programs.

The upgrading of several subdivision streets, for acceptance at the 1983 A.T.M., was also accomplished. Funds used to repair these streets were obtained from bonds taken by the Planning Board.

Our largest project was the reconstruction of a portion of Union Avenue. Drainage was installed, and the implementation of a process called 'pavement reclamation' created a stabilized base for the new pavement surface.

Numerous small drainage problems throughout the Town were elevated, and many catch basins were repaired.

CEMETERY/LANDFILL

A new section was developed in the New Town Cemetery as part of our ongoing program. The number of burials increased by thirty-three percent over a five year average.

Our major concerns at the landfill were: hauling enough cover material from the pit at Route 117 to the landfill site, and the continued problem with down-time on the landfill compactor, due to mechanical problems.

The Highway Department performs so many varied duties, a complete and detailed explanation would take many man-hours. Therefore, this report is only a brief summary.

In closing, I wish to express my sincere thanks to my employees, the citizens of Sudbury, all Boards, Commissions, Committees, and to the other Town Departments for their aid and assistance during the year 1982. I look forward to another year of getting more 'bang for the buck' as your Highway Surveyor.

Respectfully submitted,

Robert A. Noyes
Highway Surveyor

Board of Appeals

During 1982 the Board of Appeals considered 43 cases, 32 of which were granted, 5 denied, 5 withdrawn, and 1 continued, with conditional approval. At its annual meeting, the Board adopted revised rules, as well as voting on the office of Chairman and Clerk of the Board for the coming year. As voted by the Board at that time, the Chairman for the year 1983 will be Lawrence L. Blacker, and the Clerk for the year 1983 will be Maryann K. Clark.

The cases considered during the year and the Board's actions thereon are listed below. The asterisk indicates that the variance or permit was granted with certain limited restrictions safeguarding the public interest. Actions of the Board are a matter of public record and are on file with the Town Clerk.

- 82-1 TIGHE, LAWRENCE W. & EDNA S.
36 Hudson Road
Variance from Section IV, B due to insufficiency of side yard setback of 2' 4" and a use variance from Section III, A, 1, e, (2) to allow for the construction of a loading dock in a residential zone. GRANTED
- 82-2 DINGLEY, AUBREY B.
Lots 6A & 4 Stone Road (See 82-16)
WITHDRAWN
- 82-3 MIRANDA, TIMOTHY J. & PATRICIA A.
23 Basswood Avenue
Variance from Section IV, B to legalize an existing dwelling with insufficient frontage of 105 ft. GRANTED
- 82-4 EISNER, FREDERICK J. JR.
Maynard Rd. Parcel E07-400
Variance from Section IV, B to create one building lot consisting of 2.8 acres, due to insufficient frontage, said frontage being deficient by 4 ft. GRANTED
- 82-5 RAYTHEON CO. & SCHINLEVER, ROBERT H.
551 Concord Road
Renewal of special permit #76-56, granted under Section IV, A, 4 for continued use of a 50-ft. tower. Permit to expire in two years, with conditions GRANTED*
- 82-6 KRAMER, MELVYN W. & AEGERTER, JOHN M.
631 Boston Post Road
Petition for a variance from Section VI, C, 6 for the purpose of conducting a medical office on the first floor and rental of the second floor for business and professional use. WITHDRAWN
- 82-7 LONGFELLOW GLEN ASSOCIATES & MARY A. SCHOLZ PIONOA
K06-501
Conditional approval of request for consideration and approval of changes in the plans and design as described in "Longfellow Glen, Conditional Comprehensive Permit Case No. 80-16".
CONTINUED, WITH CONDITIONAL APPROVAL
- 82-8 LIVOLI, PAUL
Robbins Way, Lots K06-201, 202, 203 & 204
Variance from Section IV, B to construct a residence on each of two lots, said lots to be created by converting four lots into two, each having insufficient area and frontage. GRANTED
- 82-9 SAUTA, CHARLES & JEAN
735 Boston Post Road
Variance from Section IV, B to construct a garage 23 feet from the lot line. DENIED
- 82-10 FRENCH, VIOLET E. & SEPKA, JUDITH A.
564 Hudson Road
Variance from Section IV, B to legalize an existing dwelling with insufficient centerline setback of five feet. GRANTED
- 82-11 MIRANDA, TIMOTHY J. & PATRICIA A.
23 Basswood Avenue
Variance from Section IV, B to legalize an existing dwelling and appurtenant structure having insufficient area, frontage, side yard, rear yard, and centerline setbacks. GRANTED
- 82-12 LONGFELLOW GLEN ASSOCIATES & MARY A. SCHOLZ PIONOA

Town Report Preparation Committee

The Town Report Preparation Committee is pleased to announce that the 1981 Sudbury Annual Town Report received 'First Place' statewide in its population category, an award made by the Massachusetts Municipal Association. We, the 1982 Town Report Committee, have endeavored to uphold this high standard which has been passed down by previous Town Report Committees. We are fortunate to have retained all of last year's members and this year Rita Colantonio has joined the Committee.

The Annual Town Report is published in two parts. This book, which is Part I, contains all the committee and board reports, financial statements and a summary of the 1982 Annual Town Meeting. Part II, which consists of the detailed Town Meeting Proceedings, is prepared by the Town Clerk and available on request at the Town Clerk's Office. The purpose of the Town Report Committee is to compile, proof-read and, in part, lay out this publication. The theme for this year's report is, "Our River - Past and Future," and once again we solicited artwork from the Sudbury school children. We are grateful to all the students who submitted drawings from which we selected those included in this report. This is always a pleasant but difficult

task for the Committee. All submitted drawings will be on display in the children's section of the Goodnow Library.

The 1982 Town Report was printed by The Rene Press, Inc., of Fitchburg and distributed by the Sudbury DeMolay Chapter to which the Town makes a contribution equivalent to one half the cost of mailing the reports.

Our thanks go to the Town Crier for generously allowing us to help ourselves to their photo files and to the students of the Photography Department of Lincoln-Sudbury High School. Special thanks to Jan Silva of the Selectmen's Office who helps co-ordinate all our efforts. The real contributors are those who serve on the numerous boards and committees throughout the year and who deserve our gratitude.

Respectfully submitted,

Patricia Drobinski, *Chairman*
Roberta Cerul

Talent Search Committee

The purpose of the Talent Search Committee is to provide the "appointing" officials in Sudbury Town Government with an up-to-date record of Sudbury residents who are willing to serve on the various appointed Town boards and committees. This record is maintained as a computer file which can be sorted by categories of interest. The present file is on a disc which can be used on a Town computer and is kept in the Selectmen's office. Anyone who wishes a printout copy of this file or selected portions of this file may contact the Selectmen's office or any member of the Talent Search Committee.

To facilitate the data processing aspect of our function, we have categorized interest areas as follows:

Administration, Board of Appeals, Celebrations, Conservation, Data Processing, Education, Elderly, Facilities, Finance, General, Health, Housing, Historical, Library, Personnel, Planning, Recreation, Regional, Town Report, Transportation, and Youth.

This year we concentrated our advertising in Bentley's Community Calendar and had application forms available at the Town Hall, in the Goodnow Library and at the Town Meetings. The last page of the Town Warrant was also used for our ad and was the most successful method of obtaining new names.

The Moderator and the Selectmen made extensive use of our files and many people whose names were obtained from this source are now serving on various Town boards and committees. If you would like to serve your Town in one of the areas listed above, please contact Lee Todd, Chairman, Talent Search Committee, 363 Willis Road, Sudbury, or inform any member of the Talent Search Committee of your interest.

Respectfully submitted,
Lee Todd, *Chairman*
Mary Anne Dignan

Town Counsel

As predicted in our previous report, the effect of revaluation and classification of real estate continues to be felt, as shown by the sustained level of Appellate Tax Board filings (over 40 in 1982.) We expect this to continue for a few more years until cases on file are resolved and the effect of inflation on property values is realized.

Certain areas governed by state law and local bylaw typically predominate in requests for advice and opinions; three such areas are zoning, conflict of interest and contract review. It is encouraging to note that Town board and committee members, as well as those interested in serving the Town, are availing themselves of the conflict of interest statute in requesting advice and opinions in order to avoid any actual conflict between their personal activities and public service.

Our office assisted in several real estate matters this year, including participation in agricultural preservation restriction acquisitions on the Caruso, Barton, Garber, Sperry and Shick parcels, and the purchase at auction of the so-called "Brigham land" adjacent to Hop Brook Conservation Reservation for the Conservation Commission, and preparing for the foreclosure of several parcels for the Treasurer's Office. Parcels which are foreclosed upon for non-payment of taxes are primarily vacant areas which could not be economically developed; upon being acquired by the Town, they are often sold to abutters, or managed by the Conservation Commission, or sold at auction.

We will continue to work closely with the officers, boards and commissions of the Town and to aid them in all legal aspects of Town matters.

As in prior years, I express my appreciation to my assistant, Attorney Thomas French, and Elaine Jones and Janet Silva of the Selectmen's Office for their help and cooperation.

Respectfully submitted,
Paul L. Kenny

Personnel Board

The Personnel Board is pleased to report that 1982 was a quiet year. Few grievances were submitted to the Board by unionized employees, and grievances by non-union employees were nonexistent. This indicates that the Department Managers have been doing an excellent job of resolving personnel problems at the department level.

Keeping in mind the increasing budgetary pressures imposed by Proposition 2½, the Board has reviewed the Personnel Administration Plan, and has submitted several amendments for consideration by the 1983 Annual Town Meeting. We feel that the proposed changes will be both attractive to the employees and cost-effective for the Town.

Respectfully submitted,
Stephen Golder, *Chairman*
Neil Hickey
Robert Rowley
Henry Sorett

Earth Removal Board

During the year 1982, the Earth Removal Board conducted public hearings on the following earth removal permit applications. The full decisions of this board containing the conditions of each permit are a matter of public record and are on file with the Town Clerk:

Moderator's Report

The 345th Annual Town Meeting of the Town of Sudbury was conducted on March 29, April 5, 6, 12, 13, 14 of 1982.

On April 6, 1982, Sudbury was visited with a snow storm of such severity, that for the first time since the memory of man runneth not to the contrary, the Town meeting was cancelled. In the five sessions during which business was conducted, thirty-eight articles were acted upon. In addition to the scheduled business, the Town discussed and voted in favor of a Resolution calling for the bilateral reduction of nuclear arms by the United States and the Soviet Union.

From the Moderator's perspective, the Town meeting for 1982 went as smoothly as a well-played symphony due to the excellent interrelationship among the Town Boards, the proponents/opponents of Articles and the voters. Confusion concerning positions and lengthy explanations, redundant presentations and rhetorical, argumentative questions were noticeable in their absence.

Although the Town was in a very comfortable financial position because of responsible restraints in 1981, the Town did not go on a spending binge in 1982, but rather continued its sound economic policies. Nearly all of the Town budgets were approved within the 2½% guideline and the Town's surplus of money was preserved against future needs.

The articles which evoked the greatest discussion were the proposal that the Town spend Fifty Thousand (\$50,000.00) Dollars to spray in an attempt to kill gypsy moths, which was defeated; that the Town adopt Cluster Zoning, which was defeated; and that the Selectmen be authorized to dispose of excess elementary schools.

The 1982 Annual Town Meeting was a credit to the approximately Four Hundred (400) voters which were present each night and to the Open Town Meeting form of government.

Respectfully submitted,
J. Owen Todd, *Town Moderator*

Wayland/Sudbury Septage Disposal Facility

OPERATIONAL REVIEW COMMITTEE

Report to the Town of Sudbury for the period January 1, 1982 to December 31, 1982.

Construction

Time required to get approval from the state Emergency Finance Board delayed contract signing for construction until mid-November of 1981. Construction began shortly thereafter and is expected to be completed in April of 1983.

Town of Weston

A final draft contract was worked out for submission to the Town of Weston, which wishes to use excess capacity of the facility. The Committee has agreed to accept septage from Weston on a capacity-available basis, with Weston paying a proportionate share of all costs. As a matter of policy, the committee believes it will be most economic for the towns if the facility is operated as close to full capacity as possible.

User Charges

Final drafts of the user charge system have been prepared and will be submitted to DEQE for approval. All operating and maintenance costs will be spread proportionately among all users. In 1982 dollars the committee expects the processing cost to be about \$30 per 1,000 gallons, which will be paid directly to the towns by the property owners, who will continue to pay a hauling fee directly to private pumpers. Because the facility is so close, the committee hopes that there will be a reduction of hauling fees so that the total cost to the property owner will be less than he is currently paying.

Future Work

The committee continues to act at the request of the Wayland Road Commissioners as a building committee. Over the next few months or so most of its effort will be devoted to monitoring construction progress and handling administrative matters like grant reimbursement requests.

Audit

During the year the committee completed an audit of all project expenses from the inception with the earliest identifiable expenses dating back to

1973. All accounts between Wayland and Sudbury as well as with various vendors are in order.

TOWN MEETINGS

Summary of 1982 Town Meetings

The following is a summary of the actions taken by the Annual and Special Town Meetings on resolutions and on the articles in the warrants for those meetings. The more detailed official Town Meeting Proceeds appear in Part II of this Annual Report, copies of which are available in the Town Clerk's Office. Copies are also available for your perusal at the Goodnow Public Library.

ANNUAL TOWN MEETING April 5, 6, 12, 13, 14

IN MEMORIAM RESOLUTION: VOTED unanimously that the Town express its appreciation for the contributions, civic duty and public service of John R. Blanchette, Ronald L. Belcher, Doris Bradin, George Distler, William E. Downing, Harold L. Lingley, William C. Mahoney, Francis L. McGettigan, Tadeus J. Medowski, Edward F. Moynihan, Richard F. Piper, Chester Rafus, and Joseph J. Slomski.

ARTICLE 1. Hear Reports: VOTED unanimously to accept the reports of the Town boards, commissions, officers and committees as printed in the 1981 Town Report.

ARTICLE 2. Temporary Borrowing: VOTED unanimously that the Town authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of revenue of the financial year beginning July 1, 1982, in accordance with the provisions of the General Laws.

ARTICLE 3. Personnel Bylaws - Classification and Salary Plan, Article XI: VOTED that the Town amend the Town Bylaws by substituting the Classification Plan and Salary Plan, Schedules A and B, as set forth in the Warrant.

ARTICLE 4. Personnel Bylaws - Personnel Administration Plan, Article XI: WITHDRAWN

ARTICLE 5. BUDGET

Revenue Sharing: VOTED unanimously that the Town use FY83 Federal Revenue Sharing Funds to offset the Fire and Police budgets.

¹ Includes \$22,000 voted under ATM 82/30, Curtis School Roof, and \$10,000 voted under ATM 82/31, Noyes School Roof.

² Includes \$7,000 voted under ATM 82/30, Curtis School Roof.

* See additional Appropriations under October 7, 1982 Special Town Meeting.

VOTED:

A. That the appropriations within department budgets are funded hereunder as integrated line items, provided, however, that the departmental appropriation for one such line item cannot be used for another line item without the prior approval, in each instance, by the Finance Committee;

B. That, with the exception of Account 100 and the integrated line items provided by this motion, all the line items in all other accounts have been voted in segregated line items for accounting and expenditure purposes;

C. That all automobile mileage shall be paid at the rate of 18.5 cents per mile upon submission of a proper voucher;

D. That all appropriations under Article 5 are for the Fiscal Year July 1, 1982 to June 30, 1983;

E. That any state or federal funds received by the Town which must be obligated or expended prior to the next Annual Town Meeting may be used to offset the cost of an appropriate line item in the budget upon the acceptance of the Finance Committee and certification of the Town Accountant;

F. That funds appropriated for the Salary Adjustment line item, 950-101, are to be used for salary increases; such salary increases may be transferred to another line item with prior approval, in each instance, by the Finance Committee.

G. To lay on the table the use of Free Cash as an offset to budgets and the tax rate until action is taken on Article 36 of this Town Meeting.

Following action on Article 36 it was voted to take Section G off the table. It was voted unanimously to appropriate \$293,654 from Free Cash as an offset to the budget in determining and setting Fiscal Year 1983 Tax Rate, if needed to meet the requirements of Proposition 2½.

NUCLEAR ARMS FREEZE RESOLUTION:

VOTED: Resolved that the Sudbury Town Meeting endorses the following statement: To improve the national and international security, the United States and the Soviet Union should stop the nuclear arms race. Specifically, they should adopt a mutual freeze on the testing, production and deployment of nuclear weapons and of missiles and new aircraft designed primarily to deliver nuclear weapons. This is an essential verifiable first step toward lessening the risk of nuclear war and reducing the nuclear arsenals.

ARTICLE 6. Unpaid Bills: VOTED unanimously that the Town appropriate \$836.91, to be raised by taxation, for the payment of unpaid bills.

ARTICLE 7. Town Audit: VOTED unanimously to appropriate \$12,000, to be raised by taxation, to engage the services of a public accounting firm to perform an audit of the Town's financial records for the period July 1, 1979 to June 30, 1982.

ARTICLE 8. Street Acceptances: voted unanimously that the Town accept the following ways:

Bishop Lane - From Thompson Drive to end;
Buckmaster Drive - From Belcher Drive to Ford Road;
Field Road - from Dakin Road to end;
Munnings Drive - from Belcher Drive to Ford Road;
Philemon Whale Lane - from Dakin Road to end;
Thompson Drive - from Concord Road to end;
Willow Road - from the existing public way to end;

with the sum of \$350 for expenses to be raised by taxation.

ARTICLE 9. Street Acceptance - Dudley Road: VOTED unanimously that the Town accept Dudley Road from Nobscot Road to the Boston Post Road, with the sum of \$75 for expenses to be raised by taxation.

ARTICLE 10. Sanitary Landfill: VOTED to appropriate \$34,500, to be expended under the jurisdiction of the Highway Surveyor, for costs and charges associated with the acquisition and placement of materials at the Sanitary Landfill, by the transfer of \$12,000 from ATM81, Art. 28 (Sanitary Landfill) with the balance to be raised by taxation.

ARTICLE 11. Lease-Purchase Ambulance and Equipment: VOTED unanimously to appropriate \$13,000, to be raised by transfer from the Ambulance Reserved for Appropriation Account, and expended under the direction of the Fire Chief, for the lease-purchase of a new ambulance and the purchase of ambulance equipment, with the lease-purchase contract to run for four years subject to annual appropriation.

ARTICLE 12. Amend Bylaws, Art. V, Public Safety-Inflammables Storage: VOTED Unanimously to add Section 25 to the Public Safety Bylaw to regulate the installation and use of tanks for underground storage of inflammables.

ARTICLE 13. Accept G. L. Ch. 148, s. 26C - Smoke/Heat Detectors: VOTED unanimously to accept a General Law requiring apartment houses containing six or more dwelling units, dormitories, boarding or lodging houses, hotels, motels or family hotels to be equipped with an automatic smoke or heat detector in each dwelling unit and each hallway floor.

ARTICLE 14. Dutton Road Walkway: VOTED to appropriate \$61,000, to be raised by taxation, to be expended under the direction of the Highway Surveyor, for the construction of a walkway along Dutton Road from Hudson Road to Pratts Mill Road.

ARTICLE 15. Gypsy Moth Control: DEFEATED a petition article for the expenditure of \$50,000 for the control of gypsy moths.

ARTICLE 16. Amend Bylaws, Art. II, 2 - Town Meeting Quorum: VOTED to reduce the Town Meeting quorum requirement from two hundred to one hundred registered voters.

ARTICLE 17. Amend Bylaws, Art. II, 8 - Order of Articles: DEFEATED an article which would allow, with certain exceptions, the order for consideration of all Town Meeting articles to be chosen by lottery.

ARTICLE 18. Transfer TP175-182 to Water District: VOTED unanimously to allow the Selectmen to deed to the Sudbury Water District, for \$1 [and other consideration, namely, the use of fill from Water District land in North Sudbury for the sanitary landfill lots 18, 19, 20, 21, 22, 23, 34 and 35 off Wright Road which have been acquired by tax foreclosure.

ARTICLE 19. Grant Easements to Water District: VOTED unanimously to convey easements to the Sudbury Water District to allow access to pumping stations 6 and 7 off Raymond Road for \$1 [and other consideration, namely, the use of fill from Water District land in North Sudbury for the landfill].

ARTICLE 20. Amend Bylaws, Art. IX, V, A - Special Regulations, Temporary Trailers: VOTED unanimously to substitute new wording to clarify the procedure for the regulation of temporary parking of trailers on business/industrial property without the necessity of site plan approval.

ARTICLE 21. Amend Bylaws, Art. IX, III & IV - Technical Corrections: VOTED unanimously to substitute new wording to clarify uses permitted in Business Districts and to reference the proper section of the State Zoning Act, G.L. c. 40A.

ARTICLE 22. Amend Bylaws, Art. IX, I, G & III, E - Flood Plains: VOTED unanimously to amend the Zoning Bylaw by adding all 100-year flood areas shown on the Flood Insurance Rate Map to the Town's flood plain and amending Flood Plain District use provisions in order to comply with regulatory requirements under the Federal Flood Insurance Program.

ARTICLE 23. Amend Bylaws, Art. IX, V, B - Off-Street Parking; Art. IX, V, K - Screening of Open Uses; Art. IX, V, N - Landscaping: VOTED unanimously to amend the Zoning Bylaw to require landscaping within certain size non-residential parking lots and other portions of a site.

ARTICLE 24. Amend Bylaws, Art. IX, III, B - Prohibited Uses in Non-Residential Zones: VOTED unanimously to amend the Zoning Bylaw to prohibit offensive and hazardous uses in Limited Business and Business Districts as currently prohibited in other non-residential districts of the Town.

ARTICLE 25. Amend Bylaws, Art. IX, IV - Cluster Development Provision: DEFEATED an article to amend the Zoning Bylaws by adding a new subsection entitled "Cluster Development".

ARTICLE 26. Accept G. L. Ch. 90, s. 20A½ - Parking Fines Administration: VOTED to accept a General Law allowing the Town to take full responsibility for the administration of all duties associated with parking ticket revenues, including the collection of fines.

ARTICLE 27. Accept G. L. Ch. 32B, s. 17 - Extend Group Insurance: VOTED to accept a General Law providing for the limited extension of group insurance coverages at no cost to the Town for municipal employees, and their dependents, whose services have been involuntarily terminated due to lack of funds, lack of work, or abolition of the position.

ARTICLE 28. Insurance for Surviving Spouse: VOTED to pay one half of the premium costs payable by the surviving spouse of an employee or retired employee for group health insurance.

ARTICLE 29. Accept G. L. Ch. 44, s. 53E - User Fee Budget Offsets: VOTED to accept a General Law allowing the Town to specify, when making an appropriation, that it be offset by estimated receipts of the board or department concerned.

ARTICLE 30. Curtis School Roof: VOTED unanimously to appropriate \$296,000, to be raised by borrowing, to be expended under the direction of the Permanent Building Committee for professional and architectural services and for the construction or making extraordinary repairs to the Curtis Middle School Roof; and further to appropriate \$22,000 to be added to the sum voted under ATM82, Art. 5, line item 203, Other Bond Interests, and \$7,000 to be added to the sum voted under ATM82, Art. 5, line item 507-71, Treasurer's Bond and Note Issue Expense.

ARTICLE 31. Noyes School Roof: VOTED unanimously to appropriate \$136,000, to be raised by borrowing, to be expended under the direction of the Permanent Building Committee for professional and architectural services and for the construction or making extraordinary repairs to the Noyes School Roof; and further to appropriate \$10,000 to be added to the sum voted under ATM82, Art. 5, line item 203, Other Bond Interest.

ARTICLE 32. Implement Energy Conservation: INDEFINITELY POSTPONED an article to appropriate funds for the purpose of implementing energy conservation measures, including replacement of lighting fixtures, in Town Schools.

ARTICLE 33. Disposition of South Annex: VOTED unanimously to authorize the Selectmen to sell the land and building known as the South Annex, under terms and conditions set by them, for a sum not less than \$31,100.

ARTICLE 34. Disposition of Fairbank School: DEFEATED: an amended motion to authorize the Selectmen to sell the land or a portion of the land with building known as the Fairbank School for single family residential use only, upon terms and conditions set by them, for a sum not less than \$250,000.

ARTICLE 35. Disposition of Horse Pond School: VOTED unanimously to authorize the Selectmen to sell the land, or a portion of the land (approx. 8.81 acres) with building, known as the Horse Pond School, under terms and conditions set by them, to the Commonwealth of Massachusetts for the purpose of a Fire Academy, for a sum not less than \$170,000.

ARTICLE 36. Disposition of Loring School: INDEFINITELY POSTPONED an article for the sale of the land or portion of the land with building, known as the Loring School, or the demolition of the building and the retention or sale of the land or a portion of the land after demolition of the building.

LORING SCHOOL RESOLUTION: The vote under a motion to retain the Loring School in the ownership of the Town with the intent to lease it to the Lincoln-Sudbury Regional School District School Committee for educational purposes was not declared by the Moderator because it was so close.

ARTICLE 5, G. Free Cash: (Section G was then taken off the table. See vote under Article 5.)

ARTICLE 37. Development Rights - Lincoln Rd., Shick Land: VOTED to approve a petition article for the expenditure by the Conservation Commission of \$42,500 from the Conservation Fund, to be added to the \$19,500 authorized by ATM81 under Art. 29, for the acquisition of an interest in development rights on the Shick Land, (approximately 39 acres) off Lincoln Rd.

ARTICLE 38. Special Act - Land Conveyance: VOTED unanimously to approve a petition article which authorizes and directs the Selectmen to petition the General Court to enact special legislation to allow the Town to sell the Shick Land subject to the condition that the purchaser shall, for appropriate consideration, place an agricultural preservation restriction on the land.

SPECIAL TOWN MEETING October 7

ARTICLE 1. Community Center - Fairbank School: VOTED to appropriate the sum of \$10,000, to be raised by taxation, to be expended under the direction of the Board of Selectmen, for the renovation and/or repair of Fairbank School.

ARTICLE 2. Town Office Facilities: voted to appropriate \$10,000, to be raised by taxation, to be expended under the direction of the Board of Selectmen, for plans, specifications, renovation and/or moving the general Town government office facilities.

ARTICLE 3. Boundary Change: voted unanimously to approve a change in the boundary line between the Towns of Sudbury and Wayland; to authorize and direct the Selectmen to take all necessary actions to accomplish this change, including petitioning the General Court to ratify and accept such change; and to appropriate \$5,000, to be spent under the direction of the Board of Selectmen, for all related expenses.

ARTICLE 4. Accept G. L. Ch. 59, s. 5, Clause 17C: VOTED to accept a General Law providing real estate tax abatements for an eligible surviving spouse, a minor whose parent is deceased, and a person who is over the age of seventy, which will supersede Clause 17 currently in effect.

ARTICLE 5. Accept G. L. Ch. 41, s. 108L - Career Incentive Police: DEFEATED an article to accept a General Law providing a career incentive pay program to regular full-time Police Officers.

ARTICLE 6. Personnel Bylaws - Classification and Salary Plan, Article XI: VOTED that the Town amend the Town Bylaws by substituting the Classification Plan and Salary Plan, Schedules A and B, as forth in the Warrant, as amended.

ARTICLE 7. Budget Adjustments: VOTED to appropriate the following sums, to be raised by taxation, to be added to sums voted at ATM82, Art. 5 line items as designated: \$32,00 - Salary Adjustment, 950-101; \$16,000 - Fire Salaries, 310-11; \$15,000 - Fire Overtime, 310-12.

ARTICLE 8. Unpaid Bills: VOTED unanimously that the Town appropriate \$9,474.85, to be raised by taxation, for the payment of unpaid bills.

ARTICLE 9. Street Resurfacing: VOTED to appropriate \$119,000, to be raised by borrowing, to be expended under the direction of the Highway Surveyor, for the resurfacing of Great Road, a portion of North Road, Old Sudbury Road, Nobscot Road, or any other primary street as determined by the Highway Surveyor.

ARTICLE 10. LSRHS Roof: INDEFINITELY POSTPONED an article to appropriate \$50,000, the Town's share of the cost of resurfacing a portion of the LSRHS roof.

ARTICLE 11. Hosmer House: VOTED to appropriate \$50,000, to be raised by taxation, to be expended under the direction of the Historical Commission for the repair and renovation of the Hosmer House.

ARTICLE 12. Stabilization Fund: VOTED to appropriate \$153,571, to be raised by taxation, to be held in a Stabilization Fund pursuant to M.G.L. Ch. 40, s. 5B.

ARTICLE 13. Free Cash: INDEFINITELY POSTPONED an article to modify or rescind the appropriation of \$293,654 from free cash made at ATM82 under Article 5 as an offset to the budget for Fiscal Year 1983.

ARTICLE 14. Amend Bylaws, Art. XVII - Sealing Fees: VOTED unanimously to amend the Town Bylaws by adding a new section setting forth fees for the sealing of weights and measures.

ARTICLE 15. Amend Bylaws, Art. XVII - Wiring Fees: VOTED unanimously to amend the Town Bylaws by adding a new section setting forth fees for the issuance of wiring permits and inspections.

ARTICLE 16. Water Easement - Septage Facility: VOTED unanimously to allow the Selectmen to convey an easement to the Sudbury Water District, for a price not less than \$1, to provide for a water main extension across the Sanitary Landfill to accommodate the Sudbury-Wayland Septage Disposal Facility.

Jennifer Gazza, 2nd Grade

Annual Town Election

March 29, 1982

The Annual Town Election was held at the Peter Noyes School with the polls open from 7:00 A.M. to 8:00 P.M. There were 1,465 votes cast, including 23 absentee ballots. Twenty-three voting machines were used. The results were announced by Town Clerk, Betsey M. Powers at 10:30 P.M.

QUESTION 1: Non-binding public opinion
advisory question

Should the town use an "open space factor" in property taxation, which would reduce the share of the tax levy up to 15% on property classified as open space, and resulting in that reduction being absorbed by property classified as residential?

YES	595
NO	450

QUESTION 2: Non-binding public opinion
advisory question

Should the town continue to use a "residential factor" in property taxation, which reduces the share of the tax levy on property classified as residential, and resulting in that reduction being absorbed by properties classified as commercial, industrial and personal?

YES	865
NO	214

PROTECTION

Police Department

The following is a report of the activities of the Police Department for the year 1982.

There were a total of 379 Class I crimes reported and investigated as follows:

Rape	2
Robbery	7
Assaults	27
B&E	97
Larceny	231
Motor Vehicle Theft	15

The total number of crimes represents a decrease for the second year in succession. This is a trend being enjoyed by many of the area local departments. The drop in the value paid for precious metals, the apprehension and incarceration of several criminal groups working the suburban area, and increased citizen awareness and assistance have all contributed greatly in curtailing crime in these categories.

This year has been the turning point in coping with the problem of alcohol related offenses. The Legislature has passed legislation increasing penalties dealing with the ever present problem of the drunk driver. All police officers have been diligent in their efforts in keeping intoxicated motor vehicular operators off the roadways of Sudbury. They have arrested and prosecuted 71 individuals for Operating Under the Influence and have taken 97 individuals into Protective Custody for their own safety. I would like to take this opportunity to commend the students of Sudbury for starting their own Chapter of Students Against Drunk Drivers, (SADD). The student's efforts in educating drivers, young and old, will have a definite impact in fighting this life threatening problem.

Vandalism is a problem which has plagued our community again this year. The willful and wanton destruction of personal property is at an all time high. Mailboxes, lamp posts, and lawns seem to be the popular targets. We have appended and prosecuted more youths for this activity in 1982 than in any previous year. The majority of offenders were Sudbury residents. We need the assistance of both the schools and parents in bringing an end to this aggravating and costly destruction.

The Police Department and Parking Clerk have collected the following fines and fees for 1982 and all monies have been turned over to the Town Treasurer.

Traffic Fines	\$32,600.00
Copier fees	1,468.20
License Fees	1,835.00
Parking Fines	1,555.00

I wish to thank the Town's Department heads for their cooperation during the past year, and to those citizens who have taken the time to be concerned, I extend my sincere thanks for their continuing help and support.

Respectfully submitted,
Peter B. Lembo
Administrative Assistant

Todd Singer, 4th Grade

Fire Department

As Chief of the Fire Department I herewith submit my eighth annual report listing and explaining the activities of the Fire Department and its personnel for the calendar year 1982.

During the year 1982 the Fire Department responded to 1,145 emergency calls, which consisted of structural fires, brush fires, medical emergencies, accidents and other miscellaneous calls for assistance.

Although the Sudbury Fire Department still does not have a full-time fire prevention and education officer, the Department has, on a very limited basis, conducted fire prevention and education programs and assisted local businesses in employee training in the use of private fire protection equipment.

The fire alarm maintenance program, although slowed down because of budgetary restraints, is progressing and the reliability of the entire system is steadily improving.

The apparatus service life extension program and the preventive maintenance program, initiated in 1975 and maintained by the Master Mechanic, have again this year proved their worth with a minimum of unforeseen expensive repairs and downtime.

The Department, with the capable assistance of our CPR Instructor, has and is still offering a program known as the "Heart Saver" which is free for all citizens of Sudbury. In addition, the Department's CPR Instructor has assisted in several elementary school CPR programs.

The Sudbury Fire Department ambulance has handled approximately 382 medical emergencies during 1982. The Department EMT's are continuing to do an excellent job in handling these emergencies. They deserve much credit for their efforts. It is not an easy or enjoyable job at times.

The Fire Department's need for a new fire headquarters on Hudson Road is as real as ever; however, due to Proposition 2½ it was necessary to reduce the operating expenses of the Fire Department to a point that the Department was not able to maintain the manning levels of 1980 during 1982. Station #3 on Route 117 had been staffed with one man on duty instead of the regularly scheduled two men for approximately one-third of the time.

Josiah F. Frost, Chief of Fire Department. Samuels Studios Photo

This action was necessary due to limited overtime funds.

The Special Town Meeting in October did however approve funds to hire two civilian dispatchers and additional overtime monies in an effort to overcome the manpower deficiency at Station #3.

I earnestly request the support of the citizens of Sudbury for the 1983-84 Fire Department budget which reflects the proper manning of Station #3 in North Sudbury. When reviewing this budget please remember that the manning level of the Town's three stations has not been increased since 1969, although the emergency calls and services provided by the Fire Department personnel have tripled.

In closing I wish to thank all the officers and firefighters of the Fire Department for their cooperation and efforts. I also would like to thank all Town boards, Town officials, Police, Highway, Engineering, Park Department, and school officials and employees, as well as the citizens of Sudbury for their cooperation and interest during 1982.

Respectfully submitted,
Josiah F. Frost, *Fire Chief*

Sealer of Weights and Measures

The following is the Report of the Sealer of Weights and Measures for 1982:

Scales tested and sealed:	67
Gasoline Pumps tested and sealed:	48
Sealing fees collected and turned over to the Town Treasury	\$422.40

Respectfully submitted,

Richard C. Gleason
Sealer of Weights and Measures

Civil Defense

As Director of Sudbury's Civil Defense and Preparedness Program I herewith submit my annual report for the calendar year 1982.

This was a quiet year with no natural disasters effecting Sudbury.

I wish to thank my assistant Robert Noyes, my radio operator Marvis Fickett and all who have assisted my staff in our responsibilities.

Respectfully submitted,
Josiah F. Frost

East Middlesex Mosquito Control

1982 was a difficult year to control mosquitoes in Sudbury. First an unseasonably warm May allowed a moderate sized mosquito population to appear worse than usual. In June due to continuous rains and unseasonably cold weather, few people were affected by mosquitoes. The massive flooding particularly along the Sudbury River had its effect when warm weather in July produced high populations of Aedes Cinereus, an early season floodwater species. The June flooding also established a high water table which along with the frequent showers from July through September meant for constant mosquito breeding until past Labor Day.

Against the spring broods of mosquito, 250 frozen acres were treated with a prehatch dust and another 495 acres by an aerial larvicide. In the summer an additional 35 acres were treated by hand spraying when high densities of larvae were encountered. The adult mosquito control effort consisted of 12,800 acres covered by truck mounted ultra-low-volume sprayers.

The water management program designed to reduce mosquito breeding areas consisted of cleaning 1,440' in the cedar swamp off Powers Rd., 700' off Mossman Rd., 100' by Morse Rd. and 150' near Union Ave. In addition the Project has undertaken spot cleaning of streams and ditches throughout the Town.

In 1982 the Project received conditional approval to begin water management work in the Sudbury River Wildlife Refuge.

Respectfully submitted,
David M. Henley
Superintendent

HUMAN SERVICES

Board of Health

The year 1982 was a productive but challenging one for the Sudbury Board of Health. Programs relating to the protection of the health and well-being of the public were expanded and improved under the financial constraints of proposition 2½. The range and diversity of the programs under the auspices of the Board of Health can be seen in the brief summaries below.

WATER QUALITY:

The preservation of good drinking water has been and will continue to be a high priority to the Board. Our existing program of monitoring streams at the following sites: 1) Landham Brook at Raymond Road, 2) Landham Brook at Landham Road, 3) Hop Brook at Codjer Lane and Union Avenue, 4) Dudley Brook at Horse Pond Road, 5) Run Brook at Hudson Road, 6) Hop Brook at Wayside Inn Road, and 7) Sudbury River at Old Sudbury Road, was greatly expanded this past year by the testing of both the Town's drinking water and the soil above old landfills for heavy metals and organic pollutants. Once again, we are happy to note that the Town's drinking water was found to be free of these toxic substances. The prohibitive expense of monitoring every individual home owner's well has been the principal reason for the Board's recommendation that all existing homes and future homes tie into the Town water system. The ever present danger of contamination to a small group of private wells which would go unnoticed because of the excellence of the Town water in general was brought home this year when a number of residents living close to an old landfill site were found to have higher than safe levels of lead in their private wells. After this incident, many homes in the Town possessing their own private wells sought assistance from the Board in having their wells tested. Unfortunately, too many of these private wells possessed water which would be considered unsafe by United States Drinking Water Act criteria.

Too many communities in the Commonwealth have been shortsighted in taking steps to prevent industrial pollution, and thus are finding their water, air and land being contaminated. With this in mind, the Board has continued its strict monitoring of the industries in the Town for illegal pollution of our environment. Although Sudbury's businesses have been generally cooperative in this effort, one company was

found to be continually discharging high levels of toxic industrial wastes. Due to action initiated by the Board of Health, and the Massachusetts Department of Environmental Quality Engineering, the State Attorney General's office imposed a substantial civil penalty in addition to directing this particular company to take steps to correct the situation. Such actions by the Board demonstrate that the well-being of the Town's residents take precedence over the needs or wishes of any industry no matter how large it is.

RESTAURANT AND FOOD SERVICE INSPECTION:

A total of 43 food services were inspected with a total of 89 visits during the year. The extra strength Tylenol incident and the nationwide recall of contaminated batches of salmon were just two examples this year in which the Board's Health Director had to quickly and thoroughly inspect all the stores in Sudbury in order to ensure that these products would not adversely affect the residents of Sudbury.

MENTAL HEALTH:

Due to the restraints placed on the Board by Proposition 2½, the Board was forced to end its support of the Trinity Mental Health Center. However, the Board continued its financial assistance to the Framingham Family Counseling and Guidance Center which served 26 Sudbury families last year for a total of 699 visits. Tremendous pressures are placed on all members of our society. Because some individuals have a harder time coping with their problems, the Board of Health recognizes the need for professional help for these individuals. The financial support of this one agency results in a sliding payment scale which is based on an individual's ability to pay. Thus, this ensures that any member of Sudbury can seek professional help for any mental health disorder.

MOSQUITO CONTROL:

The Board continued its participation in the East Middlesex Mosquito Control Project which the Town joined in 1965. Although mosquito control has always been a controversial program, the very serious instance of a case of encephalitis is nearby Bedford this year indicates the necessity of some form of mosquito control.

SUBSURFACE SEWERAGE DISPOSAL:

During the year the Board issued permits for and inspected the installation of 48 new residential systems, 36 residential repairs, 8 new commercial systems and one repair.

**WAYLAND/SUDBURY SEPTAGE
DISPOSAL FACILITY:**

After some start up delays, construction is moving forward and its opening is planned for the spring of 1983. The Operational Review Committee continues to monitor the construction. It is anticipated that all of Sudbury's septage waste will be going to this facility in fiscal year 1984 and beyond.

NURSING SERVICES:

Under contract to the Board of Health, the Sudbury Public Health Nursing Association provided numerous health care services. Clinics were held on the following: hypertension, geriatric, well child, flu, pneumonia, other immunizations, tuberculin tests, hearing, lazy eye, glaucoma and breast and pelvic exams, a total of 2,060 visits. In addition 683 home visits were made relating to families with various high risk health areas.

GENERAL:

There are currently 34 stable permits in effect in Sudbury. The Town landfill continues to meet state codes and is expected to last approximately 15 years. Applications for 10 new subdivisions were reviewed and recommendations were made to various boards.

PERSONNEL:

Michael Guernsey was elected to a three year term. John V. Sullivan continued as the Board's Health Director and Mary Ann Courtemanche as the Clerk for the Board.

The Board gratefully acknowledges the assistance and advice of local professionals during the year.

The Board of Health's semimonthly meetings give citizens in Sudbury the forum to express their concerns about any issue concerning the general well-being of the citizens of the Town. These meetings have covered a wide range of issues. The Board of Health appreciates the efforts of those citizens in the Town who have assisted us in our decisions. We look forward to another challenging and productive year in 1983.

Respectfully submitted,

Barbara B. Haynes, *Chairman*
Richard L. Stevens, Ph.D.
Michael W. Guernsey

Veteran's Advisory Committee

As this report is being made ready for the 1982 Town Report one needs but little research to understand the need of the Veterans' Agent and the Veterans' Advisory Committee. We read in our daily paper of a Vietnam veteran that has just died of cancer, a young man leaving his wife and three small children. This man graduated from the Lincoln-Sudbury Regional High School Class of 1969 and the Naval Air Technical Training Center in Millington, Tenn. This same year he entered the U.S. Marine Corps and served until 1975. On his return to civilian life he started and ran his own trucking business until cancer took his life on December 3, 1982; he was 33 years of age.

At the close of his obituary there is a notation that states, Memorial gifts may be sent to the American Cancer Society.

This is a typical case of why we need a Veterans Agent and the Veterans' Advisory Committee, a place where this young mother may call for advice and assistance.

Respectfully submitted,
James F. Greenawalt
Cletus A. Terwiske
Thomas F. McDonough
Catharine B. Greene
William A. Burns, *Chairman*

Veterans' Agent

Assistance to Veterans and their widows was furnished by this office. The usual number of requests were received from Veterans' widows to help fill out Social Security forms and widows' V.A. pension forms showing income for the past year and expected income for the next year.

As Veterans' Graves Officer, forms were filled out to obtain the Government Headstones for deceased Veterans' graves. Flags were placed on each deceased veteran's grave prior to Memorial Day.

Respectfully submitted,
Col. Paul J. Leahy
Veterans' Agent
Veterans' Graves Officer

Major John H. Wilson next to plaque commemorating Vietnam War Veterans - Memorial Day 1982.

Sudbury Public Health Nursing Association

Executive Director: June Grace

Nurses: Gerri Diehl; Amy Dunlop; Pam Hollocher; Libby Ivy; Sheila Leonard, Supervisor; Chris Letzeiser-Hoag; Barbara Parrott; Marsha Welburn.

Therapists: Ella Critchlow, Nutrition Therapy; Mary Cubelli, Physical Therapy; Linda Schubert, Speech Therapy and Audiology; Elizabeth Weaver, Occupational Therapy.

Medical Social Services: Judith Garofalo

Home Health Aides: Shirley Moreau; Sandra Robertson; Vellamo Waye

School Health Aides: Margaret Cerulo; Jean Lynch; Anita Pearson

Business Staff: Frances Reynolds, Bookkeeper; Mary Lou Silva, Secretary

Forty-five years have gone by since 1937 when the Sudbury Public Health Nursing Association (SPHNA) was founded to provide skilled nursing and other therapeutic care to the sick in their home, at the school or in the office; to promote good health in the individual, the family and the community; and to assist in preventing disease by teaching the principles of health, hygiene and sanitation. The contemporary character of the SPHNA mission still reflects these goals. Thanks are due to the many people who helped the agency work toward those goals in 1982. Among them are the Board of Directors comprised of interested Sudbury residents; the Professional Advisory Committee of Sudbury area health and business professionals; the Volunteers who have donated hours of work to the screening and clinic programs; the Donors, whose gifts of money and equipment allowed us to extend care to all regardless of ability to pay; the Nursing Students, whose affiliation with SPHNA brought new ideas and enthusiasm for our work, and of course, the Patients, from the babies to the school children to the elderly - the reason we are here!

"2-and-1/2", along with reduced Federal and State funding did take its toll on SPHNA in 1982 with the reduction of the staff by one nurse. The number of home visits by nurses fell by only 21,

however, and there was an overall growth of 412 home visits (including home health aides and all therapies) for the year ended June 30, 1982.

Also of concern to SPHNA was the proliferation of home health providers brought about by policy changes at the federal level. One way the SPHNA has attempted to assure Sudbury residents coordinated community health care is through formal agreements and close alliances with related providers. Such linkages as those with Hospice at Home and the Bay Path Senior Citizens Services have enhanced the ability of SPHNA to provide comprehensive care, giving the agency access to additional personnel, providing an interagency referral system and technical support, and decreasing local isolation. Technical assistance and information regarding school health and Board of Health concerns are also available through formal networks such as the Massachusetts Department of Public Health, the School Nurse Organization and the Massachusetts Public Health Association. In 1982, contracts with the Parmenter Health Center, the Family Health Plan, and other HMO's and insurance programs enabled the SPHNA to provide Blue Cross Coordinated Home Health Care and related programs to Sudbury area residents. The addition of a nutritionist and a social worker to the staff also helped expand SPHNA's capability to provide a full range of health care.

In addition to a greater responsibility to coordinate services with other providers, the SPHNA believes it has a responsibility to diversify its services in response to identified health-related unmet needs within the Sudbury area. Community assessments have suggested where there are such needs. Among these are mental health services, adult and child day care services, respite services for the families of physically and mentally handicapped individuals, women's health services, community health education and self-help programs, and occupational health services. Some of these areas are now being addressed -- an adult day care program has recently opened at Cushing Hospital, for example. The SPHNA will develop future programs based on detailed studies of each area as resources permit. Completed in 1982 was a study of child day care services, which demonstrated a need for infant-toddler programs. In December, a small infant-toddler child care program was opened at the Lincoln-Sudbury Regional High School. It is expected that this program, although initially conceived by SPHNA, will soon be on its own. The program follows a health education model, with emphasis on fostering family health,

enhancing parenting skills and providing care in an environment which encourages the socialization of each child.

Diversification is not a new responsibility for SPHNA. One of the unique characteristics of the agency is its diversity. The SPHNA provides a broad range of community health services to Sudbury which historically has included home care of the sick and disabled, school health services and preventive services under contract to the Board of Health. The following narrative and tables highlight some of the activities in these areas during the past year:

HOME HEALTH CARE

Home health care is the multidisciplinary care of sick, disabled, injured or elderly people in their place of residence. This expanding option for care is not restricted to low income families, but is available to all. The public, the health professions, and those who require health services are increasingly recognizing the value of providing or receiving care in the home. Among other things, it is frequently less expensive, often preferable to institutional care, and more comfortable both physically and psychologically because care is provided in familiar surroundings where the family and patient are "in charge". Sometimes home care is not appropriate, but when it is, pre and post hospital care, care for the chronically and terminally ill, rehabilitation services, instruction in patient self-care and social services, along with the traditional "visiting nurse" services, can be delivered at home with less disruption to the family's life and pocketbook.

Home health care is given by professional nurses, registered physical, speech, dietetic, or occupational therapists, licensed medical social workers or home health aides, depending on the needs of the patient. Free and partial-pay care is offered, and Medicare, Medicaid and other third party reimbursement is frequently available. The SPHNA loans durable medical equipment free to Sudbury residents. Included in the "Loan Closet" are such items as wheelchairs, commodes, Hoyer lifts, walkers, canes and crutches. This year donations to the Loan Closet included a geri-chair; a wheelchair with leg lifts; an overbed table; tub bars and bath seats; a suction machine, and consumable supplies such as sterile bandages. Residents are urged not to purchase crutches before checking with SPHNA!

Statistics for the home health program include:

	80-81 *	81-82 *
Total Home Health Visits	3,009	3,425
Nursing	1,126	1,109
Physical Therapy	522	618
Occupational Therapy	24	67
Speech Therapy	54	132
Home Health Aide	1,283	1,499

*Statistics for the FY ending 6/30

SCHOOL HEALTH SERVICES

Elementary School closing helped to ease the reductions in school nursing hours necessitated by budget cuts and a full program of screenings, first aid coverage, health counseling, 766 services and health education was achieved. 37 volunteers donated 295 hours to help with the school health programs.

During 1982, the school nurses assumed the responsibility for coordinating the Health Education program within the Sudbury Schools. The SPHNA's responsibilities include providing technical assistance to school personnel, coordinating the program with community participants (firemen, policemen, dentists, physicians, hospitals, Junior League, Nutrition Coalition and others), providing orientation and inservices to school personnel regarding the Health Education curriculum, providing the consultation services of the SPHNA staff health educator to the schools and seeking outside funding for health education activities.

In May the SPHNA, under the guidance of Dr. Elizabeth Daly of the Boston College School of Nursing, conducted a survey of the Lincoln-Sudbury students to measure the effectiveness of the school health services from the student's viewpoint and to gauge the students' attitudes about their ability to effect their own health. In general, the students were satisfied with the health services, although they did indicate a wish for more privacy in the health suite, and more complete follow-up for health problems. Not surprising, the older students felt they had more control over their own health, and believed they were "healthier" than did the younger students.

In both the Sudbury Schools and the Lincoln Sudbury Regional High School, the students are for the most part in excellent health. Stress-related symptoms account for many of the health room visits, as students seek counseling not only for their own problems but for help with family situations related to alcohol use, divorce and unemployment.

Rachele Clafl, 4th Grade

Information and Referral is one mechanism by which families are directed to area resources for help with various issues. Noting that high school students will frequently jot down information from a poster or go to a friend for help rather than ask a teacher or nurse, Boston College graduate student Ann Nowlin compiled a resource book for teens - Sudbury LIGHT (List of Information Good for Helping Teens.) There is a special insert for use by professionals who work with adolescents. Copies are available to teens in public places such as the library and to professionals through contacting the SPHNA.

The following tables present some of the results of the school health activities for the year ending June 30, 1982.

SUMMARY OF HEALTH ROOM VISITS BY TYPE (from Health Room Logs)

BOARD OF HEALTH

Under contract to the Board of Health, the SPHNA carries out programs of prevention, both with groups of people and through home visits to high risk families, such as those with premature infants, communicable diseases or elderly member. Programs those targeted for:

Infants and Preschool Children

Services were offered to families of all premature infants, families in which there were multiple births, births to very young parents and others with special needs. Well child clinics, including regular physical examinations by pediatrician Dr. William Adelson, immunizations, developmental evaluation, lead screening and parent counseling were offered at the SPHNA office every other month. A pediatric nurse practitioner was added to the SPHNA staff, and under her encouragement, a support group for parents of newborns was begun.

Those at risk for communicable diseases

Few childhood illnesses with the exception of chickenpox, are seen in Sudbury. All of the children who enter school are fully immunized as required by law. This past year there was one case of measles,

several cases of salmonella, and a substantial outbreak of headlice. Prevention of communicable diseases is encouraged through the sponsorship of immunization clinics. Sudbury residents may receive certain immunizations at the SPHNA office during open office hours 8-9 am and 3-4 pm daily, Monday through Friday. Immunization programs for children are conducted through the schools or the Well Child Clinic, and Flu and Pneumonia immunizations were given to the high risk and elderly in late October.

Those at risk for hypertension

The ongoing program of hypertension screening, referral, follow-up and education was carried out during SPHNA drop-in hours (above) and at Musketahquid Village, the Senior Drop In Center, the schools, and by arrangement. Emphasis is placed on education about risk factors, compliance with regimens prescribed by the MD, medications, weight control and diet. When appropriate, patients are taught to measure their own blood pressure.

The Elderly

As the elderly population within Sudbury increases, so does the number of persons dealing with the health and socioeconomic problems of aging. While many of the elderly are newcomers, who now live with their adult children, others are people who have long been residents of Sudbury. Most require health intervention at some level and the Geriatric Health Services under the Board of Health address some of the specific problems related to aging. Those who are homebound are reached through home visits; while those who are active are reached at the various clinic sites (Musketahquid Village, the Drop In Center or at the SPHNA Office.) Programs are coordinated with other providers of services to the elderly -- the Council on Aging, Meals on Wheels, Bay path Senior Citizens Services, FISH, Trinity Mental Health and others. It is becoming evident that there are elders (not necessarily homebound) to whom the SPHNA social worker can be of great help, and additional funding for this service is being sought.

The Geriatric Health Talks were a popular program with those under 60 as well as those over 60. Held monthly at the Drop In Center this year they included presentations by Sudbury physicians Israel Hurwitz, Melvin Kramer, Ronald Kwon, and Norman Schwartz, and talks by physical therapist Mary Cubelli, Pharmacist Leon Zola and cosmetologist Olga of Olga's European Skin Care.

Other programs available to the homebound elderly as well as those able to get out included mental health services and hearing conservation for the elderly. Cardiopulmonary resuscitation classes, choke-saver demonstrations, cancer screening, adult screenings for blood pressure, diabetes, pulmonary function, visual acuity and glaucoma were also offered in Sudbury during 1982. The costs of screenings and clinics were reduced through the use of volunteer professional and lay personnel and through joint sponsorship with interested groups. The Lion's Club was one such effort, which accounted for the health screening of 158 people. The Cancer Screening Clinic was supported by the South Middlesex Unit of the Cancer Society and the Emerson Hospital. Supplies and training for the Preschool Vision Screening was obtained through the Society for the Prevention of Blindness. The Heart Association and the Red Cross supplied educational materials for CPR and First Aid instruction. Finally, 75 hours of volunteer time were donated to the Board of Health programs in 1982.

Additional statistics are shown on the accompanying tables.

BOARD OF HEALTH CLINICS
1980-1981 and 1981-1982

Respectfully submitted,

June R. Grace
Executive Director

Sudbury Housing Authority

This year the Authority acquired three additional Chapter 705 (single family) houses with the proceeds of the state grant received in 1981. The houses, located on Greenwood, Beechwood, and Richard Avenues, are in good condition and are helping to meet our goal of decent housing for those in need.

At the July meeting the Board met with residents of Pine Lakes in open session to discuss the issues of deferred maintenance of 705 houses, and an alleged concentration of 705 (family) houses in that neighborhood. The residents felt that too many Chapter 705 houses already existed in Pine Lakes and that these homes were not being maintained. They were informed that the Housing Authority is a state-funded agency and works under a 4% budget cap, and consequently cannot exercise complete budgetary discretion at the local level. However, the Board took their views into consideration and steps have been taken to correct the problems identified by the residents. As a result of this meeting, tenant responsibilities for house maintenance and lawn care were outlined more specifically and made an official part of the tenant lease. Both residents and Board members were united in their opinion that some public housing must be provided for those of low-income.

The Authority was one of five recipients of a \$70,000 grant which will be used to study the feasibility of installing an electric heat storage system at Musketahquid Village. The system works through storage of electricity purchased during off-peak hours, thus decreasing energy costs. Specifications for the installation are now being prepared.

Lucy Crist and Cheryl Rogers attended the Massachusetts National Association of Housing and Redevelopment Officials (NAHRO) conference in May, held at the Seacrest Hotel in Falmouth. In November, Jo-Ann Howe and Al Feinberg attended the Executive Office of Communities and Development (E.O.C.D.) conference in Hyannis for Executive Directors and Commissioners. Workshops were held on the operation and policies of housing authorities.

Housing policies have progressed over the years from high-rise structures such as Pruitt-Igo in St. Louis to attractive attached multi-unit dwellings such as our own Musketahquid Village. New policies, such as that suggested by Patrick Hare in his article entitled "Nation's Largest Untapped Resource", emphasize the use of existing housing. As Mr. Hare points out, the elderly often live in large houses with unused space while young families are faced with space shortages. Clearly, there is a mismatch of needs and an exchange here could result in opening these housing resources. If new zoning regulations under an accessory dwelling law allowed the use of elder cottages, also known as "granny flats", a humane, low-cost way to provide housing for the elderly could be realized. Elder cottages are efficiency units placed as a separate unit in the yard adjacent to the home of children or friends of an elder citizen. The unit can be hooked up to existing electric and septic services and when no longer needed, can be moved away and used elsewhere. The Authority plans further investigation of such housing to be considered as a possible alternative.

Board members Charlotte Goss and Cheryl Rogers were re-elected for five and four year terms respectively in the Spring election. The terms of Albert Feinberg and Myrna Goldstein will expire in 1984. At this writing there is one vacancy to be filled. The Board reorganized after the Spring election and Al Feinberg was elected Chairman, Russell Loftus as Vice-Chairman, Charlotte Goss, Treasurer, and Cheryl Rogers, Assistant Treasurer.

Officers of 1982 for the Tenants' Association included the following: Florence McMichael, President; Jane Peirce, Vice President; Mildred Tallant, Secretary; Edith Whitmore, Treasurer.

The Authority wishes to thank those Lincoln-Sudbury West students who have volunteered an hour of their time each week to perform a variety of chores for the residents of Musketahquid Village. Their work is appreciated by the Board and the residents alike.

Lucy Crist, our capable Executive Director for the last three years, submitted her resignation in September. It was accepted with regret, as Lucy had served the Board well. In September, the Board interviewed four candidates at an open meeting, and hired Jo-Ann Howe of Sudbury. Jo-Ann has a Bachelor's Degree in Sociology, experience in rental management and social work, and made the long-term commitment that the Board was seeking.

The year concluded on a very sad note with the unexpected death of Board member and Vice-Chairman, Russell Loftus. It will be difficult to replace such an eminent, articulate advocate of equal opportunity in housing. Russell gave selflessly of his time and knowledge for five years. The members of the Board, therefore, wish to remember Russell Loftus for his humanity, loyalty, and for his outstanding contribution to the cause of public housing. We shall miss him.

Respectfully submitted,
Albert Feinberg, *Chairman*
Charlotte Goss, *Treasurer*
Myrna Goldstein, *State Appointee*
Cheryl Rogers, *Assistant Treasurer*

Park and Recreation Commission

The Park and Recreation Commission continues to function, but in a more limited way, as demanded by Prop. 2½. The Board agrees that the cutbacks cannot be in maintenance, as too little attention now would have a devastating effect over the longer period. Instead, some serious discussions about programs have been the focus of many meetings.

Based on attendance figures from the summer of 1981, the Board decided to close Fairbanks playground. That decision caused many of that neighborhood to organize and force the Board to reconsider. After hearing all the arguments, the Commission worked out a plan to open the playground. The board decided that a review of all summer programs in the fall would be the best way to base decisions on programs in the future.

The summer program of most concern to the Commission is swimming. The number of children availing themselves of swimming lessons in the last few years has steadily declined. Last year Sudbury joined with Concord - their town has a similar problem. The numbers still dropped. The necessity of using buses combined with the small classes make this the most costly per capita program sponsored by Park and Recreation. That, along with the prospect of having to replace expensive docks, has prompted us to look for another solution. Eliminating this life-saving skill cannot be considered. Next year the swim program will be carried on as part the Hudson program at a pond other than Walden.

Other summer programs went fairly well. The use of the revolving fund to meet expenses means a much more realistic (and lower) budget. At a meeting in the fall, consideration was made to have longer tennis classes for shorter time periods.

The July 4th parade and activities are very popular. This year Madelyn Glist was crowned Miss Sudbury.

The route for the running races was modified, and many runners participated. In addition, the field activities for children and the All-Star softball and baseball games were all well attended.

Also this past summer, Heritage Park was the site for two weddings during August. The days were beautiful, and perhaps this will be done again, as the participants in these particular ceremonies were delighted with the location.

The field that received the most attention this year was Haskell. The numbers in the soccer program in Town continue to swell. The demand for new fields is ever heard. Two new fields were opened at Haskell, and this allowed for the closing of one other field so that it could recover from excessive use. Field rotation is absolutely necessary to keep the fields in playable condition. To reduce the damage done by vehicles, Park and Recreation has budgeted money to fence in the Fairbanks Road end of the field. That should be in place before the spring season gets underway.

Park and Recreation is also experimenting with a new, additional way to offer programs. The Framingham YMCA staff has already begun implementation of several courses run by their staff at various locations in Sudbury.

The final event of some news was the resignation of Russ Gessner, as he moved out of town. Russ is well-known to Sudbury recreation, and his move is indeed a loss. We who had the privilege of working with him certainly miss him, and the Town of Sudbury salutes him for all his contributions.

Goodnow Library

The community was understanding and supportive during 1982 as the Goodnow Library staff and Trustees continued to cope with budget restrictions. Efforts to provide a total library service for the community and to meet the minimum standards to receive State Aid were hindered by having no increase in the budget and by the increasing costs of materials and utilities. As a result, the quality of library service has deteriorated.

The public was most affected by the reduction in Library hours, which was implemented in September and caused by the increased cost of electricity. Previous efforts to conserve electricity had resulted in a 15% decrease in use while the amount spent was reduced only 1½%. Since the amount budgeted for electricity could not be increased enough to offset the effect of inflation, it was necessary to reduce the number of hours the building was open. Five hours were eliminated from the Adult Department schedule and two hours from the Children's Department schedule each week. The use of electricity continues to be monitored closely, and all conservation measures maintained. If the cost increases more than anticipated, additional hours may be removed.

The public was also affected by a reduction in the number of books and magazines that were able to be purchased. Since the beginning of Proposition 2½, the amount budgeted for books and magazines has decreased 20%. At the same time, the average cost of an adult hardback book increased 24%, and the average cost of a children's book increased 16%. Also, the average cost of a paperback book increased 35%, and the cost of a general-interest magazine subscription increased 19%. The result was that 21% fewer adult books, 17% fewer children's books, and 19% fewer magazine subscriptions were purchased.

A very serious concern, in light of these statistics, is that the current (FY 1983) budget for books and magazines is below the recommended minimum standard to receive State Aid. If this situation is not corrected, the Town will lose \$7,013.50 in revenue each year, and the Library will not be able to participate in any federal grant projects.

Reductions were also made in the purchase of recordings, with that item eliminated from the budget. Any records added to the collection were gifts, and we are grateful to those townspeople who have been generous and to the Friends of the Library who gave \$400, which will allow us to purchase approximately 60 albums during the year.

Although no circulation records were broken in 1982, the use of the Library continued to increase steadily in spite of the reductions. The total use of the Library increased 4% over 1981. Evidence of the impact of not purchasing recordings was shown in a 5.7% decrease in the number of recordings circulated.

Compared to all libraries in Massachusetts towns of more than 10,000 population, the Goodnow Library ranks among the top 10% of those with highest use. In some other areas, the comparison is not as favorable.

In a recent survey of eight libraries in nearby towns of similar population, the Goodnow Library ranks

... 1st in economy (the least cost per circulation)

... 1st in productivity (the most circulations per each full-time equivalent of staff)

... 1st in effectiveness of the collection (the most circulations per each volume owned, which is 2½ times the average for all libraries in the state)

... 3rd in use (circulations per capita, which is twice the average for all libraries in the state)

... 5th in size of budget (amount spent per capita)

... 5th in resources (number of books per capita, which is 22% below the state average)

... 7th in number of full-time equivalents of staff

... 8th in salaries (the lowest beginning salary for a professional librarian)

Conclusions that can be drawn are ...

... the Goodnow Library provides an economical, effective, and used service.

... increasing use indicates that the Library is responding to the community's need and demand for the service.

... the book budget is not keeping pace with inflation, and more materials could be purchased to satisfy demand.

... the staff has been reduced, in spite of increased use, and is at the point of being over-worked. They are not well-paid.

While the staff was very busy providing materials, information, and personal service, they were also able to provide some special programs throughout the year. In the Adult Department, the most notable was the "Audubon Day" Open House, held on Sunday, April 25, in cooperation with the Friends of the Library. This event combined the celebrations of National Library Week and the 197th anniversary of the birthday of John James Audubon. On display were the volumes of the Library's rare first edition of Audubon's VIVIPAROUS QUADRUPEDS OF NORTH AMERICA, purchased in 1871, which were temporarily removed from the Town Vault for this special occasion. A speaker from the Museum of Fine Arts spoke on the artist's work and other artists of his time.

A variety of films were shown at a "Summer Film Festival" during August, and the popular Book Discussion Group met monthly throughout the year, under the leadership of Aleta Cane.

Efforts to increase the public's awareness of Library resources and services were made possible with the beginning of "The Goodnow Almanac," a periodic column in the Town Crier. The quarterly newsletter, "The Goodnow Library Bookworm", continued to be published in Bentley's Calendar, and we are grateful for the cooperation of both Bentley's Publications and the Town Crier.

Under the direction of Children's Librarian Betsy Mosher, regular story hours and film/craft programs continued in the Children's Department. Attendance at 157 programs totaled 2,802. "Books Are Treasure!" was the theme of the non-competitive summer reading program. By the end of the summer, the treasure chest was overflowing with gold and silver "coins", representing the 4,447 books read by 251 children. More than 180 children of all ages attended the end-of-the-summer showing of the Walt Disney film "The Black Hole," which was rented with funds from the Friends of the Library.

A new summer program was "The Pirate's Den" Summer Book Club, under the direction of Assistant Director Brian Boutillier. Fifteen children in grades 4 - 6 read a variety of books in seven subject areas. Their reports and illustrations were compiled into a booklet at the end of the summer.

The Friends of the Library assisted the Library in many ways during 1982. Through contributions from membership dues, donations, and fund-raising activities, such as their annual Book and Bake Sale, they provided special items, programs, and services that could not be provided otherwise. In addition to the photocopy service, the Friends again purchased family passes to seven area museums. Passes are available on a one-day loan for the New England Aquarium, the Children's Museum, the Museum of Science, the Museum of Fine Arts, the DeCordova Museum, and Drumlin Farm. New to the pass program this year was Macomber Farm, which was added in July when the Museum of Transportation closed.

Other items purchased by the Friends for the Library included: cabinets for the multi-purpose room, a movie projector and screen, stereo phonograph and earphones, and picture-book shelving for the Children's Department. They also refurbished the Hudson Room by decorating the center table and cleaning the upholstered chairs.

The Friends also presented special programs during the year: "The Mystique of the Mystery," with mystery-writer Charlotte MacLeod as guest speaker; a spring recital by pianist Wanda Paik; "The Cream of the Crop," discussion of children's books by Wayland's children's librarian Ann Flowers; and an exhibit of original illustrations of children's books from the de Grummond Collection of the Graduate Library of the University of Southern Mississippi.

As the Friends' organization has grown to more than 300 members, so has the number of other groups, organizations, and individuals who provided support in the form of their time and money, as well as books, other materials, and services. They have become too numerous to list here, but we very much appreciate all of the volunteer efforts in the Library's behalf.

It is appropriate to note, however, that the Library's annual operating budget is also augmented by interest derived from several invested trust funds. These funds, and all other town donations, are administered by the Trustees of Town Donations (the Selectmen and the Treasurer). This body, with specific operating and reporting instructions and responsibilities, was established by the General Court, Chapter 180 of the Acts of 1911, "An Act to Authorize the Town of Sudbury to Restore Certain Trust Funds and to Provide for the Custody and Management Thereof." The Report of the Trustees of Town Donations is to be found elsewhere in this Town Report.

The largest and oldest of the Library donation funds is the Goodnow Fund, established in 1862 by John Goodnow concurrent with his bequest of money and land for a library building and books. The original donation of \$20,000 has increased since 1976 to \$40,000 by mutual agreement of the Library Trustees and the Trustees of Town Donations. This long-range savings program, whereby interest is accumulated and reinvested, is designed to increase the fund to a level at which both the Library and the Town will benefit by having available funds for a possible capital expenditure, as well as increased interest for current use.

Interest from the Goodnow Fund, as well as the Lydia G. Raymond Fund, established in 1962, may be used for any library purpose as determined by the Library Trustees. In recent years, the use of a portion of the interest income has given the Library the means to collect and preserve historical documents and books relating to Sudbury and New England. Income from the most recent bequest, the Paul Whitney Rhoades and Carolina Pree Rhoades Memorial Fund, can only be used for the purchase of books relating to landscape architecture, horticulture, gardening, and floriculture.

The continued support of the townspeople of Sudbury and other friends in the form of bequests and donations such as these are welcomed by the Library Trustees. The Library Director may be contacted for information regarding donations.

As we dwell on the past, reporting our problems as well as successes, we must not lose sight of the future. Since the Library continues to be the only community service that can be used voluntarily by citizens of all ages for information, education, recreation, and culture, we will be striving for increased support in order to regain the losses of the past year and to return library service to the standard that is needed and expected by the community. The total Library budget is 1.3% of the total Town appropriation, which represents a cost of 30 cents for each \$1,000 of property value. The value of the Library to the community is certainly worth many times that amount.

Local Arts Council

The Sudbury Local Arts (Lottery) Council is awaiting the results of a new lottery format, MEGABUCKS. The previous lottery did not result in any funds being distributed in Sudbury.

If the improved lottery results in money being available, the Council will perform its function of inviting proposals from local artists and acting on them.

Council on Aging

The Council on Aging found 1982 to be a year of continuous growth in caring for the needs of almost 1,000 Sudbury citizens over the age of 60. We communicate by mailing the Sudbury Senior News free of charge to every senior citizen on a monthly basis. This newsletter includes information pertinent to the Council on Aging, The Sudbury Senior Citizens' Club, Friends of the Sudbury Senior Citizens, Inc. and any other groups and clubs sponsoring programs of interest to Sudbury seniors. Articles on trips, health programs, and luncheon menus as well as a daily schedule of events for the month are included.

The Drop-In Center is located close to Route 20 at 32 Concord Rd. and operates Monday through Friday from 11 A.M. to 3 P.M. under the direction of Barbara Bortle. Hot lunches are served Wednesday, Thursday, and Friday. Popular at the center are games such as bridge, whist, and pokeno; lessons in ceramics, crafts, quilting, cooking and line dancing. Volunteer hostesses under the direction of Elli Kelley, assist in the daily management of the Drop-In Center.

Health programs are maintained with the assistance of the SPHNA. Weekly blood pressure readings, dietary counseling, flu shots, hearing loss clinics and talks by many of Sudbury's health professionals have improved local health awareness and health care.

Transportation is a key element of the Council's programs. Our eleven passenger van provides daily rides to and from the Drop-In Center. On Tuesdays and Wednesdays we provide service to and from local supermarkets. On a less regular basis, service is available for in town health care appointments, to pick up points for bus trips and to functions of the Senior Citizens Club. The Council urges those who use this service to help defray the cost by contributing on a per trip basis. The Council also provides a monthly shopping bus to Shoppers World and Natick Mall.

Two of our Yearly highlights are the Christmas Luncheon at the Wayside Inn and the St. Patrick's Day Luncheon at Ames Hall in the Congregational Church. We are deeply indebted to Innkeeper, Frank Koppeis for his generosity and assistance in providing a sumptuous repast for 140 senior citizens. Corned beef and cabbage are the mainstays of the St. Patrick's Day feast and Mrs. Bortle and the Drop-In Center volunteers work long and hard to make this event an annual success. Smaller but equally eager groups attend a Valentines Day Party, Halloween

Party and pot luck luncheons which are held on a monthly basis.

Special events giving spice to the daily routine have included trips to the Topsfield Fair, a Boston Harbor cruise, Quincy Market and a lecture by Dick Albert of WCVB-TV.

The Council on Aging also provides information on fuel assistance, referrals for legal services, social security information, mental health services, and medicare information.

The Council under the direction of Col. Paul Leahy, wishes to thank all those who have helped with our mission during the past year. We would welcome volunteers either to assist in the works of the Council or to help directly in the operation of the Drop-In Center.

EDUCATION

Sudbury Public Schools

This year the teachers at the Sudbury Schools have designed, revised, and implemented curriculum, and are discovering how to make the transition from junior high education to middle school education. Many teachers worked over the summer to prepare curriculum in the following areas: middle school language arts, mathematics, science, and industrial arts; expansion of the Catalyst program into the 5th grade; and computer instruction. Teachers in grades 1 through 8 have worked on science and social studies curricula; mathematics and language arts will be the focus of their next efforts.

The computer instruction program has been introduced in both 5th and 6th grades. The teachers clearly have risen to the challenge of new technology in their classrooms—several Sudbury teachers this summer wrote two manuals for Logo instruction that will serve not only our schools but other EdCo community schools, and may ultimately be more widely available.

In this issue of the Town Report we would like also to acknowledge the co-participation of the school and the community. The schools have benefited immensely from the participation of the community, in particular from the contributions parents have made in each of the schools. The schools have also reached out to support the community—children visiting residents at Sudbury Pines Nursing Home and contributing to hunger-relief organizations.

We invite your participation in the schools and in the School Committee's work, and we invite you to ask us for support in your endeavors.

Regional School Committee

To the citizens of Lincoln and Sudbury:

Any report written by a committee is likely to be a little dreary but report we must: Last winter the High School administrative structure was changed rather drastically. Superintendent David Levington left the school in the fall and Brad Sargent was appointed Acting Superintendent. After a decision, taken jointly with the Sudbury Elementary School Committee, to appoint a shared superintendent, a lengthy and thorough principal search was conducted for the high school. (The Committee wanted changes made at the school but with the ship of change steered by a captain with experience at L-S.) So finally, on February 9, 1982, Brad Sargent was the 5-1 choice to be Principal. He was subsequently re-appointed Acting Superintendent.

The joint superintendency process has been delayed until the fall of 1983 with the goal of resolving the question of a joint superintendency for the Sudbury and Lincoln/Sudbury schools by June of 1984.

In the area of shared services, John Wilson was appointed Business Manager in January of 1982. He joined Anthony Zarella who is the shared Special Needs/Student Services Director.

The Lincoln Elementary School Committee has been represented by Paula Bennett and Joan Walker at the monthly shared services overview meetings. They join Dick Brooks, Lynn Donaldson, and Alan Grathwohl from L-S and Ed Glazer and Beatrice Nelson from the Sudbury Elementary School Committee. A series of staff meetings, involving the three systems, has been organized to "articulate" the curriculum across district lines.

In an effort to maximize the school committee imprint on the school, the Chairman, Dick Brooks, appointed several committees to address school issues on an ongoing basis. In addition to these, Marcia Roehr was appointed by the Committee to act as School Committee Secretary with broad responsibilities for committee coordination, public access and interaction.

State Soccer Champs

Courtesy of Town Crier

One major activity spearheaded by the Curriculum has been a complete review of graduation requirements, the impacts of declining enrollments and limited funds on the future of the school. This effort is nearly complete at this writing.

The high school has developed a new written policy on student cheating. Consistency with respect to disciplinary issues has been stressed and specific sanctions are outlined for specific offenses.

The position of Human Relations Director is working well in the school. This is an effort to raise total school consciousness around issues of our treatment of each other. One director cannot do much unless the spirits are willing. As of this writing, our view is that the situation is greatly improved in the school but that eternal vigilance (in this area, too) is the price of liberty.

The budget for the school always looks too small from within the school and too large from without. With a 2½% increase allowed each year and employees receiving 8-9½% annual increases it is not easy to balance our budget. We spend inordinate amounts of our time on this. The Budget Subcommittee however, has greatly relieved the rest of our group in this area. They are interacting at the early development stages of the budget process with the Town Finance Committees - all to good purposes.

Alexander Marshall has taught mathematics at L-S since the school opened. This is his final year. He has brought great honor and dignity to his profession and to us. We wish him and his wife, Anne, well in the future.

Respectfully submitted,
LINCOLN-SUDBURY REGIONAL
DISTRICT SCHOOL COMMITTEE

Lincoln-Sudbury Regional High School

Superintendent's Report

The 1981-82 school year was once again successful for the staff and students at Lincoln-Sudbury. It took a year to plan for the impact of Proposition 2½ and to reflect on the type of school the community desires for the future. To that end a series of meetings were held to elicit input. This was a satisfying experience and opened channels for future discussions. It is obvious that all parties wish to maintain a school with the excellence associated with our high school and to reach this goal will continue to be a challenge to each of us.

Personally, I have enjoyed my first year as Principal and Acting Superintendent at Lincoln-Sudbury. It has been a time of learning and growth and I appreciate all the support from the communities.

The following information will indicate successes achieved by many of the graduates of your high school and a copy of the budget for a financial overview.

Respectfully submitted,
Bradford H. Sargent
Superintendent (Acting)

ANNUAL REGIONAL DISTRICT ELECTION

The Regional District Election was held in conjunction with the elections in Lincoln and Sudbury on Monday, March 29, 1982 and certifications of the results were received from Elizabeth J. Snelling, Town Clerk of Lincoln, and Betsey M. Powers, Town Clerk of Sudbury, as follows:

	Lincoln	Sudbury	Total
Alan W. Cherish	502	696	1,198
Lynn B. Donaldson	974	737	1,711
Richard E. Wylie	182	929	1,111
Scattering	-	1	1
Blanks	484	567	1,051
	2,142	2,930	5,072

Respectfully submitted,

Catherine T. Finelli
District Clerk

**Lincoln-Sudbury Regional
Scholarship Fund Committee**

The Lincoln-Sudbury Regional Scholarship Fund, through the generous contributions of the citizens and business organizations of Lincoln and Sudbury, has achieved an endowment of \$115,000. This has been made possible through our annual Fall mail appeal, income from Springthing, traditionally held the second Saturday in May, and memorial contributions. Perpetual endowments honoring the memory of former Assistant Principal, Frank Heys and John Wirzburger, '83 are nearing completion. Fund guidelines require a perpetual endowment of \$10,000.00 to be fully subscribed within a five year period.

The Fund is available to any graduate of Lincoln-Sudbury with definite career plans and financial need. In June of 1982 nineteen graduates were so recognized. A total of \$14,300 was awarded to these outstanding students. Information about the Lincoln-Sudbury Regional Scholarship Fund may be obtained by calling the school (443-9961) or (259-9527).

Minuteman Regional Vocational Technical School District

During 1982 Minuteman Tech received national recognition for its success in enlisting the help of industry to provide the most up-to-date training possible for Minuteman Tech students. A first-of-its-kind cooperative agreement between Minuteman Tech and McDonald's Corporation resulted in the opening of a McDonald's restaurant in the Minuteman Tech cafeteria.

Purpose of the program is to provide a Fast Food Management Training curriculum to Minuteman Tech Culinary Arts students. These students will then receive preferential consideration in hiring by other McDonald's restaurants. Side benefits include fast food service to supplement the regular Minuteman Tech school lunch program and to provide meals and snacks for the thousands of people who attend late afternoon, evening and summer programs at Minuteman Tech.

McDonald's also provides part-time employment for a number of Minuteman Tech students and full-time jobs for others from the community. The entire cost of the equipment, installations, and renovations required to implement the program has been paid by the McDonald's Corporation which also pays Minuteman Tech an annual rental fee for the facility.

The year 1982 also marked the start of construction on Minuteman Tech's energy house. This project is designed to help Minuteman Tech's Building Trades students who are doing all the construction work to learn the very latest techniques in the construction and retro-fitting of superinsulated houses.

The technology being used in the Minuteman Tech energy house was developed in Saskatoon, Saskatchewan, Canada where superinsulated houses are currently being built without standard furnaces and heated for less than \$200 per year. Minuteman Tech plumbing, electrical, heating/ventilation/air conditioning, horticulture and painting and decorating students will also be involved in the project. When it is completed, the energy house will serve as a demonstration center for the latest energy saving devices and construction techniques.

Minuteman Tech is also in the process of working with local industries and the Bay State Skills Corporation to develop funding for equipment

and training programs in CAD (Computer Assisted Design) and CAM (Computer Assisted Manufacturing, otherwise known as robotics.)

Microcomputers are now used throughout Minuteman Tech in academic classes as well as in vocational/technical programs and in programs for students with special needs. It is safe to say that no student will graduate from Minuteman Tech without being "computer literate". During the summer of 1982 Minuteman Tech's Colonial Educational Foundation operated an extremely successful self-supporting Computer Camp for 10 to 14-year-old students.

Minuteman Tech's community education programs continued to expand during the 1981-82 school year with an overall increase in enrollment of 14%. They served almost 5000 people from 89 cities and towns in Adult Education courses, the After School Program, Summer School and the Regional Occupational Program job training courses. During 1982 the Adult Education program became totally self-supporting.

Enrollment in the Minuteman Tech high school program remains stable with a slight increase in enrollment occurring in 1982 as a result of more in-district and out-of-district students making the decision to attend Minuteman Tech.

Again in 1982 Minuteman Tech students and staff received an impressive list of honors and awards. For the second year in a row a Minuteman Tech student brought home a first place gold medal from the national Vocational Industrial Clubs of America (VICA) Skill Olympics. David Healy of Dover won the national championship in the post-graduate division of the commercial art skills competition. Two other Minuteman students won Certificates of Achievement (honorable mention) awards in the national competition--Edward Moberg of Wayland in the post-graduate plumbing competition and Christopher Leonardi of Lancaster in the post-graduate electrical competition.

In the national Distributive Education Clubs of America (DECA) competition another Minuteman Tech student, Dan Lewis of Sudbury, won a Certificate of Achievement in service station retailing. In the state DECA competition, Minuteman Tech students won 1 first place and 3 second place awards. In the state VICA Skill Olympics, Minuteman Tech students won 8 gold medals, 4 silver medals and 3 bronze medals.

For the second year in a row, Minuteman Tech Landscaping, Forestry and Floriculture students won honors for their exhibits at the New England Flower Show. Minuteman Tech's Air Force Junior ROTC coed drill team also gained distinction by winning third place in the New England Regional Jr. ROTC High School Drill Association finals. In 1982 the Minuteman Tech varsity basketball team became the first team ever to make it to the Division 3 North semi-finals five years in a row.

During 1982 Minuteman Tech Superintendent-Director Ron Fitzgerald served as President of the Massachusetts Association of Vocational Administrators and President of the Massachusetts Executive Committee for Educational Television; Senior School Nurse Jacquelyn Mawhinney was President of the Massachusetts School Nurse Organization, Inc. and Food Services Director Peter Crafts was elected to the Board of Directors of the Council on Hotel, Restaurant and Institutional Education, Inc.

In 1982 Minuteman Tech guidance counselor Carol Chapman became the first recipient of the Paul W. Couture Vocational Guidance Award for outstanding contributions to the field of vocational guidance; Minuteman's Developmental Reading Lab teachers Roberta Wolman and Vance Garry received Individual Recognition Awards from MIND, Inc. for "creating an outstanding developmental reading support program" and printing teacher Al Somers was one of 21 graphic arts instructors from throughout the U.S. selected to attend a Graphic Arts Technical Foundation Teacher Institute.

At a ceremony in the State House during 1982 Minuteman Tech was presented with an award by the Governor in recognition of its continuing efforts and success in providing equal educational opportunities for all students regardless of their sex. The ceremony marked the tenth anniversary of the passage of Title IX, a federal law which prohibits discrimination in educational programs on the basis of sex.

There were several changes in the Minuteman Tech School Committee during 1982. After 13 years of faithful service on the Committee, as well as on the Planning Board which established the Minuteman Tech School District, Kenneth L. Bilodeau of Carlisle retired from the Committee and was replaced by William Churchill. Committee Vice-Chairman John Shimkus who had served as the Boxborough member for six and a half years also left the Committee and was replaced by Dennis Kuipers. Another change involved the Stow seat

which was vacated by Paul Christopher and filled by Janice Ogden.

Annette Richard, left and Ruth Babick, juniors from Minuteman Tech studying Computer Science.

TOTALS:	100.00%	\$2,919,825	\$184,178	\$28,877	\$3,132,880

*Based on a \$400 per pupil charge. MINIMUM 5 PUPILS

NOTE: The total 16 town assessed apportionment is only \$148,883 more than that for the previous school year even though the operating and capital budget total rose 3.46% from \$7,500,537 in 1981-82 to \$7,759,900 in 1982-83. This rise is being partially offset by some tuition, surplus, increased state aid and other available revenue.

The town of Dover is included as a new member town this year for assessment purposes.

STATE AID RECEIVED AND ANTICIPATED BETWEEN JULY 1 OF 1981 AND JUNE 30 OF 1982

CATEGORY

Transportation	\$ 375,935.00

OUR HERITAGE

Sudbury Historical Commission

1982 has been a landmark year for the commission.

The Commission wishes to give its heartfelt commendation to Richard C. Hill, who retired upon the completion of his term as a Commission member. In a lifetime of public service to Sudbury commencing in 1943, Mr. Hill has given of his time, judgement, humor and skill. His steadfast commitment to Sudbury's historical treasures over so many years has added to the appreciation of his fellow citizens of a very cherished legacy, and has been responsible for the preservation of much that would otherwise have been lost.

We appreciate the Selectmen designating May as Preservation Month.

In June the Commission presented to our patrons a gallery display in the Loring Parsonage of paintings from Hosmer House which have been restored to proper condition for public exhibit. The 1801 portrait of Humphrey Barnett Hosmer, beautifully restored by Mrs. Lonnie Schiff of Framingham, and a half dozen portraits rendered by Florence Hosmer which were restored by Miss E. Helene Sherman, presented a rare glimpse of the quality of art in the Hosmer collection. We are also indebted to the assistance of Father Curran for his efforts to register these paintings in the National Registry. Our restoration program will continue with our having a major showing of this work when a sufficient number of works are restored.

In June the Commission approved the Selectmen's request to apply some insulation in the attic of Hosmer House and the Loring Parsonage as well as aluminum storm windows in the Flynn Building and storm windows and doors in the Loring Parsonage.

July 4th ushered in our second "Yankee Doodle Yard Sale," the most successful to date. We thank the hundreds of fellow citizens whose donations, labor and excitement made this annual event a very great success in fundraising for the Hosmer House fund.

The Commission voted in August to support the application of the owner of the Dakin Road Farm

Courtesy of Town Crier

for inclusion in the National Register of Historic Places, and forwarded their vote of approval to the Massachusetts Historical Commission.

The Commission wishes to thank the voters of Sudbury for their approval at the October Special Town Meeting of an appropriation of \$50,000 for restoration and repair work on Hosmer House. We look forward to the commencement of the actual work in the spring. As Hosmer House is a public building, there are many formalities dealing with public bidding procedures and contract approval which have to be met. We are especially grateful to the Board of Selectmen and the office of Town Counsel for their assistance in this time-consuming task. The providing of major funding by the town, at a time when most matching funds from Federal and State sources have disappeared, has given us new hope and brings our long-range programs for Hosmer House restoration within reach. These funds as well as those which we have gathered and will continue to gather from private subscription will, when combined, accomplish a major part of the task of making Hosmer House economical, safe and available for public programs.

We were also pleased this December to enhance our drive for donations to the Hosmer House Fund by means of a Pairpoint Glass cup plate promotion. The enthusiasm with which the public has responded to this limited edition special Sudbury cup plate has been most gratifying. We expect it to be the first of a series for the future.

Finally, we would like to thank Mrs. Linda White for her services at Hosmer House, as well as Selectman Anne Donald and Mr. Thomas Dignan, our Finance Committee liaison.

Respectfully submitted,
John C. Powers, *Chairman*
Marilyn MacLean
Winifred Fitzgerald, *Secretary*
Royce Kahler
Emmalou Eaton

Historic Districts Commission

Established by the Annual Town Meeting of 1963, the Historic Districts Commission has the responsibility of protecting and preserving certain areas of the Town designated as Historic Districts. Further, the Commission's purpose is to maintain aesthetic harmony in keeping with the historic traditions of the Town by controlling within these Districts the building, altering, painting and removal of buildings, as well as landscaping and erection of signs.

Certificates of Appropriateness must be obtained from the Commission before any of these changes can be made; and Public Hearings are required for all but paint color changes and minor matters which can be discussed informally with the Commission. A Policy Letter from the Commission is sent annually to all residents of the Historic Districts, explaining and reminding them of the provisions of the Bylaw.

During 1982, 15 Certificates of Appropriateness were issued: 10 for building construction (including three solar-panel/hot-water heating installations), three for landscaping and two for painting. One Permit for Demolition was written.

Two of the applications for Certificates of Appropriateness required formal hearings and each generated a 10-dollar fee. The accrued \$20.00 was remitted to the Town Treasurer.

Advice and assistance were given to two families who are attempting to have their residences placed on the National Register of Historic Places.

Respectfully submitted,
Burton H. Holmes, *Chairman*
Edwin A. Blackey
Louis H. Hough

Ancient Documents Committee

A long range document restoration program started by this committee in 1975 was completed this year. Town records dating back to 1695 with broken bindings, loose and brittle pages, fading ink, etc. were returned to good condition. The following is a list of the volumes restored in this program:

TOWN MEETING RECORDS

Book 3 1695-1755
Book 6 1755-1790

VITAL RECORDS

Marriage Record Book 1957-1955
Death Record Book 1857-1956

OTHER VOLUMES

1860 Valuation Book
Overseers of the Poor 1833-1865
Overseers of the Poor 1866-1893
Westerly Precinct Book (1722-1732, 1772) &
Mortgages of Personal Property (1832-1852)
Mortgages of Personal Property, Vol. 2 1851-1887
Marriage Intentions 1850-1907
Miscellaneous town records (including early land grants, vital records, etc.)

PAMPHLET

Report of the Committee of Seven (first codification of bylaws)

The Records Management Program continues in full swing. Additional records were placed under control of this program and retention schedules were revised. Twelve rolls of microfilm were added to the

library bringing the total to 108 rolls. The records microfilmed included Treasurer's Warrants and Cash Books, Election and Town Meeting check lists and Town Meeting Action Index Cards. Approximately eleven cubic feet of vault and office space were released by this program for use by active files and records.

Other Activities of the committee include the organizing, cataloguing and storing of the power & light committee records and the cleaning and storing of photographs donated by the late Harry C. Rice.

Memorial Day Committee

The committee functioned with great enthusiasm as the members met at Wayside Inn to plan the annual event. Memorial Day 1982 featured an essay contest for all Sudbury students in the public schools.

Prizes for the winners involved the Sudbury Farms Market (a bicycle for the first prize winner), Baybank/Middlesex, Waltham Savings Bank, and Guaranty-First Trust, suppliers of three \$50.00 savings bonds for the three runners-up.

The committee cut expenses on flowers by requesting and receiving complete cooperation from the three garden clubs in our community...Hop Brook, Thursday, and Sudbury clubs. They completed floral arrangements for display at the sites along the route of march.

Speaking of "march," the thought of marching was discouraged and the word "procession" was substituted, in honor of the dead.

This year the committee initiated only one instrumental unit to be in the procession...the Sudbury Fife and Drum unit from the Companies of Militia and Minute. Another innovation was begun, and hymns were sung at the dedicatory sites by those people in attendance, along with the instrumental assistance of our two trumpeters from Sudbury, David Bentley and Dean Yarborough.

The cooperation of each committee member was significant of our community, and showed a sincere dedication to get the job done in the best way possible. Everyone carried out assignments beautifully, and a special few "covered" when the chairman forgot.

Frank Koppels provided the use of a meeting room at his famous Inn for each meeting, at no charge.

Mary Jane Hillery was the coordinator of the essay contest.

Col. Paul Leahy successfully arranged for the new boulders honoring the veterans of Vietnam and Korea, and also arranged for the speakers. He was not a full fledged committee member. . . he assisted as the town Veterans' Affairs officer. Bill Burns and Tom McDonough handled the geraniums at each grave site. They also assisted the World War I veterans as they returned to their own home town, and accepted the applause of their fellow townspeople along the procession. Winnie Grinnell's secretarial chores were flawless. Clete Terwiske arranged for the American Legion color guard participation, and several other assigned tasks, like everyone else. It was a committee which worked smoothly because each person was dedicated to the purpose. Following the end of ceremonies, WW I veterans and committee members lunched along with the essay winner, Cecily Morgan and her parents, in the historic Ford room at the Wayside Inn. It was a moving experience for everyone . . . with love in the air, pride in our town on our lips, and quiet thoughts of those we honored . . . a blend of a special kind of patriotism for our women and men veterans, our nation, and, most of all for our town of Sudbury, and the realization that only in America can we create a uniquely different tribute to those who have made it all possible.

Cletus A. Terwiske

NOTE: Roger Bump chaired the Committee through the 1982 Memorial Day activities, and Bill Burns took over as Chairman at the end of the year.

PLANNING

Andy Davis, Age 12

Planning Board

A primary function of the Planning Board is to review and approve residential subdivision applications in accordance with Sudbury's Zoning By-Law and Rules and Regulations governing the subdivision of land. Additional functions outlined in Massachusetts General Laws 40A, the Zoning Act; and 41, Improved Methods of Municipal Planning; are also included in the scope of the Planning Board's responsibility, and they provide for long term direction of the most desirable use of property within the town.

In General, it is the duty of the Planning Board to conduct and establish plans for the optimal use of the Town's resources while considering such factors as safety, health, welfare, value of property, over-crowding of land, congestion of public ways, prevention of blight and pollution and to encourage housing for persons of all income levels.

As predicted in the Annual Reports of 1980 and 1981, the subdivision of large tracts of privately owned land continues to increase, and in spite of the nationwide recession in construction industries, Sudbury's new residential properties continue to enjoy a relatively spirited level of activity.

In 1982, the Planning Board reviewed seven subdivision applications (4 in 1981), and 46 non-subdivision plans (33 in 1981). The new subdivision applications will possibly result in the addition of approximately 117 new homes in Sudbury, each having some degree of impact on the Town's re-

Chris Robertson, 8th Grade

sources, roads and public services as well as its tax base. The following subdivisions are currently in process:

1. Pheasant Meadows III, Prides Crossing Rd., 16 lots approved
2. Twenty Acres Farm, Marlboro Rd., 4 lots approved
3. Bowker VI, Willis Rd., 10 lots approved
4. The Elms, Hudson Rd., 5 lots approved
5. Oak Meadow Estates, Peakham Rd., 32 lots pending
6. West Way Hills, Boston Post Rd., 34 lots pending
7. Melone Trust, Powder Mill Rd., 16 lots pending

In addition to residential zone development, the 1982 activity of the Planning Board in site plan recommendations for industrial and commercial uses was also substantial. In 1982 the Board reviewed more than eleven commercial projects. Some are still pending and may not be approved.

The subject of commercial zone development continues to be of serious concern to the Planning Board, as well as other boards and agencies of the Town. As a result of these concerns and based upon the increasing volume of commercial activity in the Town (as well as the increasing negative reaction by abutters during the past year), the Board initiated a study of zoning in preparation for long term specific recommendations and an update of the Master Plan. The Board feels a sense of urgency to resolve problems associated with expanding commercial development, particularly in Route 20 access areas. The initial conclusions have been established and submitted to the Town Warrant as Articles to be voted upon during the 1983 Annual Town Meeting. The following subjects are addressed by the proposed warrant articles:

1. Environmental impact of commercial site plans
2. Rezoning of certain Business Districts which could have detrimental impact on residential areas
3. Elimination of municipal exemption from zoning restrictions
4. Reduction of allowed intensity, density and surface coverage of a lot.
5. Establishment of a new Historic District in the area of lower Concord Rd., and Boston Post Rd.

It is hoped that residents will give serious thought to these matters of public safety, health, welfare and convenience in preparation for their review and vote at Town Meeting.

The 1982 Annual Town Meeting reviewed four articles submitted by the Planning Board. One was defeated and three were approved. The Board believes that those votes were a significant message by Sudbury's Residents. You voted to defeat cluster zoning - for the third consecutive year - a clear statement about density, even at a cost to the Town. You voted to approve the Dutton Road Walkway, and to approve landscaping, screening open uses and off street parking, and to approve a list of prohibited objectionable uses in commercial districts, also at a cost to the Town. The vote indicated your interest in preserving and safeguarding Sudbury's pleasant residential character. The Planning Board regards this message as a desired direction for the future, and as such, has pursued additional

tasks to assure that we achieve these long term goals.

The Board welcomed two new members in 1982 - Ralph Hawes and Pat Schrafft.

Respectfully submitted,
Olga P. Reed, *Chairman*
Theodore P. Theodores,
Vice Chairman
Ralph E. Hawes, *Clerk*
Robert F. Dionisi, Jr.
Patrick M. Schrafft

Conservation Commission

For the Conservation Commission, 1982 saw the completion of the program of land preservation that was instituted in 1981. It was also a year that saw an extraordinarily large number of Wetland Protection Act hearings.

With the nearly unanimous passage of Article 30 of the 1982 Annual Town Meeting, the Town voted to expand \$42,500 from the Conservation Fund. This was added to \$19,500 authorized under Article 29 of the 1981 ATM for the acquisition of an interest in the development rights on approximately 39 acres of land on Lincoln Road, referred to as the "Schick Land". This authorization allowed the completion of the purchase of an interest in the development rights on six parcels of agricultural land totalling 198 acres. The remainder of the development rights were purchased by the Massachusetts Department of Food and Agriculture under the provisions of the Agricultural Restriction Act of 1977. The purchase retains in perpetuity the right to farm land and strictly defines farming usage for present and future farmers. In addition, the restriction includes provisions for passive non-motorized recreation, providing that it does not interfere with farming uses.

The Barton Farm preservation effort was also completed in 1982. Conservation Fund expenditures approved by the 1982 ATM were used to purchase 15 acres of conservation land and secure interest in the purchase of development rights on 25 acres of farmland, along with the Massachusetts Department of Food and Agriculture. During this year much time and effort has been spent with the developer of the remainder of this property to establish a "management plan". The plan identifies for subsequent property owners the value of and appropriate measures for protecting the very valuable wetlands within this property under the spirit and provisions of the Wetlands Protection Act. The Commission is

Conservation Commission member, H. Rebecca Ritchie receiving Certificate of Merit Awarded to Town of Sudbury by U.S. Sec. of Agriculture, John R. Block, for the Town's efforts in preserving agricultural land. State's Commission of Food & Agriculture, Frederic Winthrop, Jr. in foreground.

grateful to the Sudbury Boy Scouts, Troop 63, and other volunteers for their efforts in clearing and marking the trail through the newly acquired Barton Conservation Land. In December, another parcel of land was acquired at an auction. This was 13 acres between Federal land and Hop Brook Marsh Conservation Land, known as the "Brigham" piece. It has, in fact, been in defacto use as a part of Hop Brook for a number of years.

An extraordinarily large amount of Commission time in 1982 was spent on activities surrounding the more than 30 new hearings under the Wetland Protection Act (compared with seven new hearings in 1981). Under the WPA (Chapter 131, Section 40 of the General Laws), the Commission is charged with protecting wetlands and their values - public and private water supply, groundwater, flood control, storm damage prevention and prevention of pollution. Sometimes a very fine line has to be drawn in judging how an alteration to a parcel of land will affect such conditions. Our intent has always been to achieve a compromise between build and no-build options in order to keep wetlands damage to an absolute minimum.

The MDC proposal to divert water from the Sudbury River system is still under study. Both a short range plan and a larger impacting long range plan are being considered for using river water to augment supplies of Boston area communities. A final report by the MDC on its short range proposal is presently expected in June. The Sudbury River

Citizen's Advisory Committee is continuing to meet in order to evaluate the MDC's data collection and interpretations. Major goals are to persuade the MDC and its consultants to explore alternatives to the river diversion and to extend field studies in order to provide year-round data on the river. The Town of Sudbury and the Sudbury Water District have each contributed \$5,000 in funds toward evaluating the MDC's proposals to date, \$3,500 of the Town money has been spent as of this writing.

The issue of whether or not the Commission should continue to allow hunting in Lincoln Meadows and Raymond Land West generated much discussions and press this year. A public hearing was held and various letters and phone calls were received by members of the Commission. A decision on hunting policy applicable to Conservation areas is anticipated early in 1983. About 50 permits were issued for hunting on Lincoln Meadows and Raymond Land West in 1982.

The Conservation Commission continues to encourage a wide range of outdoor activities that are compatible with conservation land - walking, horseback riding, cross country skiing, skating, bird watching, nature study, gardening, etc. For the jogger or physical fitness buff, the "Life Course" exercise circuit on the Hop Brook land was constructed several years ago and continues to have heavy use. On clear days, beautiful views can be enjoyed from the hill on the Davis Farm land or from the picnic areas on the Nobscot land. Maps of all our conservation reservations, including the new Barton Land, are available at the Goodnow Library, Town Hall and the Engineer's Office.

Again this year about 6 acres of Davis Farm land and 14 acres of Lincoln Meadows were leased to a local farmer for agricultural purposes. The Community Gardens at Lincoln Meadows, now in its eighth season, enjoyed it's usual success, but was somewhat hampered by early season wetness. The garden continues to have a strong group of hard-core gardeners who wage an annual battle against bugs, weeds and four-footed wildlife. Several good spaces are open for new gardeners interested in joining the group. Damage and vandalism at the garden was minimal this year, and another sturdy gate similar to the one already at Lincoln Meadows has been installed by the root cellar at Round Hill. This will further discourage vehicular traffic from entering Lincoln Meadows at the far end of the garden.

1982 also marked the departure of three long-time Commission members: Joan C. Irish, Judith A. Cope, and H. Rebecca Ritchie. Joan, Judy and Becky represented many years of dedicated service to the Town and Commission which will be missed.

We are happy to be able to report on these achievements this year and will continue to strive to fulfill our obligation of protecting Sudbury's natural resources.

Permanent Building Committee

The Permanent Building Committee has been continuing its efforts on the energy conservation program for Town schools and municipal buildings.

During the 1981 Annual Town Meeting the Committee presented evidence that the energy conservation measures which had been completed by that time had resulted in about 20% reduction in oil consumption in the schools and presented for voter consideration a continuing program where additional savings could be achieved. This article, providing that \$106,000 be expended under the direction of the Permanent Building Committee for Energy Conservation Implementation, was approved. The major work done under this article included replacing seven oil burners and the first portion of replacing lighting fixtures in the schools currently in use. The oil burner replacement work was completed in early 1982. The lighting work consists of replacing incandescent lights with fluorescent lamps and fixtures providing approximately two-and-one-half times more light output for the same wattage, thus reducing electric operating cost. The completed first portion of the "Improve Lighting Efficiency Program" was completed in March 1982.

To facilitate the proper application of the energy program, Jay M. Silverston and Associates was engaged to prepare individual heating operation manuals for each of the four schools (Nixon, Noyes, Curtis and Haynes) and an energy consumption reporting system, to be utilized by school personnel and Energy Manager.

At the 1982 Annual Town Meeting, the voters approved Article 30 which provided for replacing a portion of the Curtis Middle School roof. In line with our energy program, the new R-20 roof insulation installed in the replaced sections of this roof will save an estimated \$12,000 per year on oil heat.

W.S. Aiken, Inc., of Chelsea, Mass., was the low bidder on the Curtis Middle School roof and work was completed during the fall of 1982.

The 1982 Annual Town Meeting also approved Article 31 which provided for replacing a portion of the Noyes School roof. The added roof insulation for Noyes will save an estimated \$8,500 per year on oil heat.

The New England Weatherproofing Corporation of Winthrop, Mass. was the low bidder on the Noyes School roof and work was completed in the early fall of 1982.

Long Range Capital Expenditures Committee

During 1982 the Long Range Capital Expenditures Committee, in cooperation with other Town boards, commissions, and department heads, prepared a five-year Capital Improvement Program for the period 1982-1987. The committee considered each capital expenditure being proposed and made a recommendation as to the relative priority of these projects to the Town. Detailed information on each project along with the specific recommendations of the LRCEC were presented in a report made available to the Town at the time of the 1982 Annual Town Meeting.

We look forward to the ongoing cooperation of the Town organizations with which we work.

Fritz Steudel

Town Engineer

In 1982 the operations of the Engineering Department were performed by the Town Engineer, Assistant Town Engineer, one Senior Engineer, one Junior Engineer, two Engineering Aides and one Secretary.

Because of the general state of the economy and to some degree "Proposition 2½" the walkway program has suffered a slowdown. The 1982 Annual Town Meeting authorized the construction of a new walkway on Dutton Road between Pratts Mill Road and Hudson Road. Construction plans and easement plans have been completed and forwarded to the Highway Surveyor for final disposition.

As General Agent to the Planning Board the Engineering Department was very busy reviewing both subdivision and non-subdivision plans. Four new subdivisions with a total of 35 building lots were approved during 1982 and three subdivisions with a total of 68 building lots have been filed with the Board and are pending approval. A total of forty six non sub-plans were reviewed and approved during the past year.

In addition to providing the aforementioned engineering service, this department also continued to serve the Board of Assessors by maintaining an up-to-date mapping program consisting of over one hundred assessment maps. For the Highway Department, construction plans and assistance were provided for many projects such as the re-construction of and installation of drainage on Union Avenue between Codjer Lane and Station Road. For the Board of Selectmen we have prepared plans for Street acceptance including the re-survey of Powers Road and Powder Mill Road.

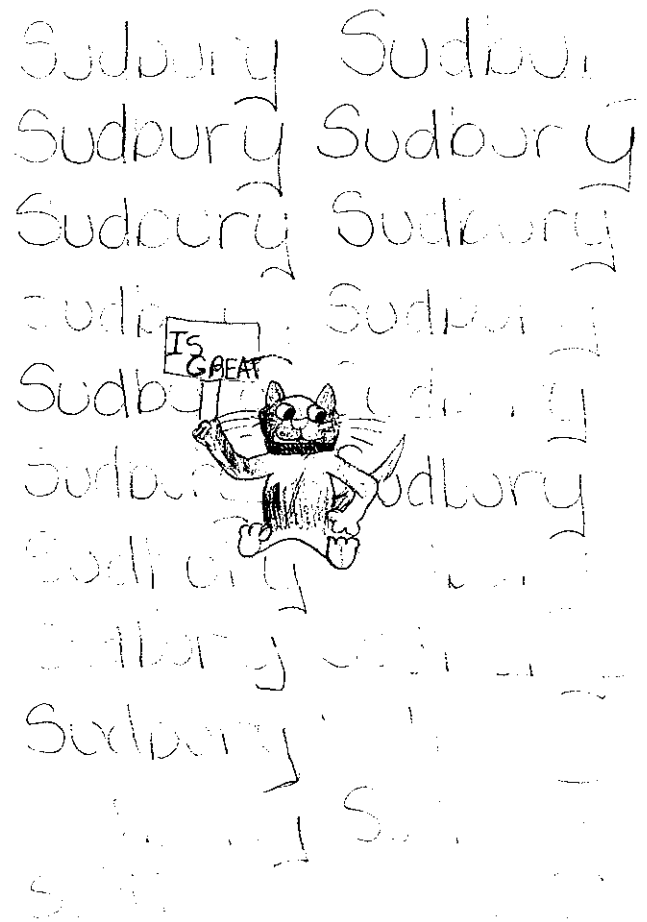

Many other plans and services have been provided for other Town Departments, Boards, Committees and for the general public.

Respectfully submitted,
James V. Merloni, P.E.R.L.S.
Town Engineer

Permanent Landscape Committee

During 1982 the Permanent Landscape Committee provided advice to the Permanent Building Committee about planting around the addition to the Sudbury Police Station.

FINANCES

Finance Committee Report

The purpose of the Finance Committee is to provide leadership and advice to the Town in financial matters. Through a process beginning with the issuance of general budget guidance, the assignment of liaisons to each department, board and committee, and the eventual conduct of public budget hearings, the Committee makes specific recommendations to the Annual or Special Town Meeting.

With the enactment of Proposition 2½, the Finance Committee is now faced with the challenge of planning and balancing the Town services and expenditures within the complicated calculations and limitations imposed by the new law. Additionally, the Finance Committee, through its reports and meetings, is attempting to educate the voters on how 2½ works.

During the year, 33 formal Finance Committee meetings were held. Over and above this, individual liaison and subcommittee meetings consumed even

more time and effort on the part of Committee members.

At the end of fiscal '82, Michael J. Cronin, Stefanie Reponen and Susan Smith completed their terms on the Committee, and we are indebted to them for their contributions.

We urge all voters to carefully read and study the Town Meeting warrants where our advice, explanations, and recommendations on Town finances appear.

Board Of Assessors

Fiscal 1982 values for the Town were produced by an equalized factoring concept to market sales of calendar year 1981, and those values were "approved" for fiscal 1982 by the Department of Revenue.

The Assessors are at present seeking "certification" that their fiscal year 1983 values are at 100% of full and fair market value in compliance with Chapter 797. Those values not having been certified at this time have caused the Board of Assessors to request authority to issue "estimated" tax bills.

Gardiner Cerul, 6th Grade

Jeffrey Cutler, 3rd Grade

Town Treasurer

For the first time in the Town's history, income on our various investments exceeded one quarter of a million dollars last year. Declining interest rates will have an impact on these earnings during the coming year, but every effort will be made to again obtain the maximum income reasonably possible.

Five year serial bonds were issued during the year to provide funds for the school roof work done at the Noyes and Curtis schools, and several short-term borrowings were made in anticipation of tax receipts and state reimbursement for certain highway

projects. Most of the Town's trust funds previously held in separate savings accounts were combined into a single pooled investment account which should provide a substantially higher return.

I am again grateful for the cooperation I received from many individuals and departments during the year.

Respectfully submitted,

Chester Hamilton
Town Treasurer

TOWN CLERK

Town Clerk

As I approach my 55th birthday and the completion of my 15th year as Sudbury's Town Clerk, I know it is time for me to step down and let someone else assume the duties and responsibilities of the office. Thomas Jefferson once said that each person should change his career every 10 years. So, by that standard, my decision not to seek re-election to another term as Town Clerk is probably 5 years overdue.

Little did I know when I took office in 1968 that this job would require an historian, archivist, researcher, advisor, confidant, financial analyst, administrator, manager, politician, statesman, public speaker, warrior, peacemaker, and goodness knows what else. Like every other human being, I have more talent in some of those areas than others.

One thing I did know back in 1968 was that the job required a dedication to public service and I hope, above all, that my 15 years in office have provided both the quality and quantity of service that the people of Sudbury deserve.

As I read over my annual reports for the last 14 years, I was pleasantly surprised to find that there actually is a longer list of what I consider significant accomplishments than I had realized. As I have lived through each year, one at a time, it has always seemed that the work which needs to be done is far greater than the work which has been completed. My staff has heard me comment from time to time over the years that if we lived to be 103, all the necessary work still would not be finished.

However, a great deal has been done - so much that it is impossible to mention everything in the space allotted to my annual report. I would like to say though, that each major project undertaken was conceived and designed to improve our ability to respond quickly, efficiently and accurately to the needs for service expressed by the public or by the various town departments, or because of unavoidable requirements of the General Laws.

Many of the projects completed, or nearly completed at this time, have, I think, made a significant contribution to the town. Among these are:

- the preparation of a cross indexed card file of all town meeting actions

Betsey Powers, Town Clerk.

Courtesy of Town Crier

- the preparation of a transcript of town meeting tape recordings from 1968 to date
- the card index of all birth, death and marriage records
- the typing and indexing, both by subject and name, of the original handwritten town meeting minutes from 1695 to 1894 when these minutes started to be printed each year in the Annual Town Report
- a major reorganization of several thousand of the documents on file and a revision of the related card indexes
- the major revision of the method of processing the annual town census in 1969 and a second major change in 1982 from door-to-door canvassing to census by mail both resulting in significant decreases in cost
- the preparation of election day manuals covering the duties of Wardens, Clerks, Inspectors and Tellers

- the preparation of a procedures manual covering most of the functions of the office

- the preparation of the Annotated Bylaws and Annotated Zoning Bylaws showing the history of the development of each section of the bylaws

- the preparation of the cemetery deed record book and the card file containing gravestone inscriptions for each Sudbury cemetery and the section of Old North Cemetery in Wayland where the earliest Sudbury settlers are buried

- the organizing, typing and indexing of the town's large collection of historic papers

- the publication of THE WAR YEARS, town meeting records from 1765-1781, in conjunction with the Revolutionary War Bicentennial Commission

- the display of many of Sudbury's ancient records during the Bicentennial Celebration and on other occasions so that the people of the town could see first-hand some of the rich heritage of the town

- in conjunction with the Ancient Documents Committee, the development of a townwide records management program including the publication of the Records Management Program Manual, the establishment of a records center for retired records and a regular yearly microfilming program

- also in conjunction with the Ancient Documents Committee, the restoration of many volumes of the town's priceless older records.

Of course, whatever has been accomplished over the past 15 years could not have been possible without the constant and dedicated help of the members of my staff, both past and present, with whom it has been my privilege to work. It could not have been possible without the help and support of the fine members of the Board of Registrars and the Ancient Documents Committee with whom I have worked closely as a member and clerk for all these years. It could not have been possible without the help and cooperation of the Election Officers, Tellers and Voting Machine Custodians who have worked so hard at each election, nor without the Census Takers who have braved all kinds of weather to do their jobs. It could not have been possible without

the support and cooperation of all the elected and appointed officials and employees of the town, nor without the extraordinary support and good will of all the people of Sudbury.

For me, the past 15 years have been interesting, busy - often hectic, challenging - sometimes frightening, and all together rewarding. They have been years of extraordinary personal growth and I shall always be grateful to the town for what it has done for me. I hope that my actual service to the town in return over the past 15 years has at least partially measured up to my intent, but all of you will have to be the judge of that.

I leave town service trusting that both the spirit and practice of dedicated public service will continue in the tradition which began over 300 years ago in Sudbury.

My heartfelt thanks to you all.

Respectfully submitted,
Betsey M. Powers, *Town Clerk*
