Board of Selectmen

The Board of Selectmen hereby submits the 1984 report of all elected and appointed officials, boards, commissions, and committees giving a summary of their activities and financial transactions in accordance with Article III, section 2 of the Town Bylaws.

We respectfully submit our report on the activities of the Office of the Board of Selectmen during 1984.

STATE OF THE TOWN

In our "State of the Town" message to the 1984 Annual Town Meeting the Selectmen said, "We're glad to report the Town is still financially healthy, thanks to the cooperation of all concerned, but we must maintain our conservative posture to guard against the future." Several major concerns were expressed:

- New local aid received from the State for FY85 should not be counted on to continue in the future -- we expect State aid for local and both regional schools to continue dropping, perhaps drastically;
- the MBTA assessment is expected to continue at a high level while reimbursement is never guaranteed (last year the assessment was \$9,000 higher than the reimbursement; however, without reimbursement, our net costs could increase by approximately \$200,000);
- one of the biggest future unknowns is health insurance; since 1981 the costs have risen 107.48%... one of our top priorities is to find a way to lessen the impact of this on our limited town dollars.

The cautions and concerns expressed above remain true today. With initial Fiscal 1986 budget figures and projections in, our financial posture looks bleak. It appears now that the 1985 Annual Town Meeting will have to make some hard decisions and choices involving town finances and services. With the expected receipt of the Cherry Sheet in March, the drafting of our budget should be a bit easier than in recent years.

TOTAL DEPARTMENT BUDGETS INCLUDING DEBTS 1984 - 1985

Local Schools	\$ 5,732,873	33.6%
LSRHS	4,373,090	25.7%
MMRVTHS	296,839	1.7%
Debt*	369,988	2.2%
Protection	2,189,434	12.8%
Highway	992,988	5.8%
General Government	797,092	4.7%
Library	237,252	1.4%
Park & Recreation	147,082	0.9%
Health	237,568	1.4%
Veterans	11,161	0.1%
Unclassified	1,649,082	9.7%
Total Budget	\$ 17,034,449	100.0%

*Excludes LSRHS and MMRVTHS, whose debts are already included in their respective operating budget figures above.

We stated last year that "we can resolve the question of growth in Sudbury through intelligent planning." We believe significant steps have been taken to accomplish this goal.

1. A Town Planner has been hired as a result of Town Meeting approval of the position.
2. Formal design review of all commercial developments was approved as a Bylaw change by Town Meeting.
3. The Town "Master Plan update" for the Rt. 20 corridor area has been completed... some of its recommendations for improving traffic flow along Rt. 20 will be presented to the 1985 Annual Town Meeting, i.e., access and egress improvements to certain shopping center areas.
4. Approval of the Raytheon site plan was contingent upon Raytheon's widening a certain section of Rt. 20 in the Nobscot Road area. Also, Raytheon agreed to commit \$250,000 to install traffic lights at Rt. 20 and Nobscot, help pay the future cost of an exit from its site onto Union Avenue if that can be arranged, and implement other traffic improvements in the area. (We still encourage you to write or call your State officials to keep THEM moving on the State's plans to widen Rt. 20!)
5. At the request of the Planning Board the Selectmen are coordinating efforts to have the Water District appropriate monies to conduct a town-wide hydrological/geological study to determine if we need to better protect our water aquifers by more restrictive zoning and/or land acquisition.
6. The Selectmen will be meeting with the Planning Board early in 1985 to determine whether to proceed with plans to appoint a permanent Growth Advisory Committee. On a regional level, Sudbury already participates with other area towns in the State-sponsored MetroWest Growth Management Committee.

MAJOR NEWS OF 1984

1. We welcomed two new department heads, Chief of Police Peter Lembo and Planning Administrator Lee Newman. We also note the retirement of Dottie Roberts after 15 years of service in the Accounting Office. We all miss her!
2. The Selectmen voted to accept and deposit in the Goodnow Library Trust Fund \$91,546.75 from the sale at auction of Audubon's **Quadrupeds**. We commend the Library Trustees, especially Don Max, for the time and effort expended to bring this sale to fruition.
3. It's nice to be repetitive and announce our Town Report Preparation Committee has done it again! The 1983 Annual Town Report received "First Place" in the State within its population category and was so recognized by the Massachusetts Municipal Association...**THIRD YEAR IN A ROW!**
4. The Selectmen adopted new Rules and Regulations for the Sanitary Landfill and sponsored the hiring of a full-time Landfill Monitor. We must treat the Landfill as one of our most valuable assets because disposal of our rubbish out of town, as will be required when it is filled, will increase our costs **five-fold**.
5. The Selectmen concluded collective bargaining with five local unions -- two-year contracts with 5% salary increases in both years. The national average was 6% plus.
6. Data processing for town financial operations has been centralized and includes the town, local schools, and the Regional High School. We believe this is a step in the right direction for more efficient town operations in the future. Mr. James Vanar, Director of Town Finances/Town Accountant, should be commended for his efforts in accomplishing this task.
7. Gifts/Grants/Donations '84:

Council on Aging Grant	\$1,000.00
Council on Aging Donations	762.50
Historical Commission Grant

8. A Provisional License for cable television has been signed by the Selectmen. Hookups should start early in 1985.
9. Town Meeting approved legislation to remove the Police Chief from Civil Service and the State Legislature enacted the same in July under Chapter 211 of the Acts of 1984.
10. Selectman Anne Donald served as Clerk to the Middlesex County Advisory Board and was on the Massachusetts Municipal Association 1984 Annual Meeting Program Committee. Selectman Josiah Frost is liaison between the Massachusetts Firefighting Academy and the Fire Chiefs of Massachusetts, serves on the State-wide coordinating committee for National Community Volunteer Fire Prevention Program sponsored by the Federal Emergency Management Agency, and is a member of the Board of Directors of the Regional Emergency Medical Service (EMS) Advisory Council. Selectman Myron Fox serves on the Municipal Law Committee of the Public Law Section of the Massachusetts Bar Association.
11. The Town's property and liability insurance was put out to bid and we expect to realize for FY85 a net savings of approximately \$30,000, or 25-30%.
12. The Selectmen approved eight site plans for new construction during 1984, as follows:

Grace Desjardin/Sudbury's Coach House Inn, 758 Boston Post Road - 37-unit inn. (Previous plan for 49 units denied by Board.)

Gail McNeill, 21 Union Avenue - veterinarian office and kennel.

G. Burton Mullen and Howard A. Fafard, 410 Boston Post Road - 15,465 sq. ft. retail and office building.

Precourt Realty Association, 46 Union Avenue - building addition for

stonecutting and fabrication shop; removal of existing shop.

Raytheon Company, 528 Boston Post Road - 130,000 sq. ft. expansion.

Roche Bros./Sudbury Farms, 439 Boston Post Road - 2,400 sq. ft. addition.

Harris and Paul Sandler/Dudley Square, Route 20 and Dudley Road - 12,460 sq. ft. retail and office buildings. (Previous plan for 13,550 sq. ft. building denied by Board.)

Stuart Wecker/Technology Concepts, Inc., 230 Codjer Lane - 25,000 sq. ft. corporate headquarters building.

MAJOR PROJECTS OF 1984

This year the Selectmen's Office has been involved with the following new and on-going projects:

- cable television licensing
- administration of liability and fleet insurance programs: coverage, record keeping, claims processing
- participation in two regional growth committees (MetroWest South and MetroWest North)
- planning concerns regarding Route 20 growth and traffic
- fulfilling requirements of State Affirmative Action Program
- fulfilling requirements of Right-to-Know Legislation (hazardous waste in the workplace)
- fulfilling requirements of Handicapped Discrimination Rules and Regulations under the Federal Office of Revenue Sharing
- renovation and move of town general government offices
- study of telephone systems for proposal to 1985 Town Meeting
- lessor for Loring School

- coordination of use of Fairbank Community Center
- finalization of sale of Horse Pond School
- monitoring of medical health insurance programs and retirement benefits.

As referenced earlier in this report, health insurance and retirement benefits have received much of our attention this year because of their escalating costs. Shown below are the health and retirement expenditures and percentage increases over the past five years.

	Blue Cross/Shld	Retirement
1981	278,500	\$280,226
1982	297,000 (6.64%)	280,500 (.10%)
1983	302,500 (1.85%)	351,000(25.13%)
1984	419,175 (38.56%)	369,100 (5.16%)
1985	577,842 (37.86%)	432,442 (17.16%)
1981-5	107.48%	54.32%

On the retirement side, we have started to meet future commitments by appropriating additional monies, held in a separate account, to help reduce our unfunded liability.

As to health insurance, we have not yet found a way to solve this complex problem. Our health insurance costs increased only moderately until the last four years when we experienced some large claims due to serious illnesses. Under strong consideration to avoid large health insurance costs in the future are:

1. modification of health insurance coverage or plans;
2. support of State legislation to eliminate dual coverage by Town employees where a spouse has coverage in another health insurance plan or group.

These two options are not exclusive of other possible actions on the part of the Selectmen.

CONCLUSION

We believe 1984 was a productive year for our town government. We saw many emotional zoning issues discussed at Town Meeting and actions taken on them. Our open town meeting form of government allowed adequate public debate on all sides of the issues. During the year we faced problems head on, taking new

directions to address the concerns voiced and voted at Town Meeting. We sincerely encourage the same fervor of debate and openness in 1985...it will make our community stronger.

This year, more than ever, the Town must pull together to meet the challenge of how to distribute scarce town funds in an equitable fashion.

We wish all townspeople a good, healthy and prosperous 1985!

Respectfully submitted,

Anne W. Donald, *Chairman*
 Myron J. Fox
 Josiah F. Frost

Chairman, Board of Selectmen
 Anne W. Donald

Insurance Advisory Committee

The Insurance Advisory Committee prepared insurance specifications that were used to secure bids on the insurance coverages that were effective July 1, 1984 for the Town of Sudbury. The new programs that were written are being reviewed along with the existing health insurance held by Sudbury.

The lack of pollution coverage for the exposures that exist for the Town of Sudbury is a continuing concern that the Insurance Advisory Committee feels should be pursued by the Board of Selectmen.

The Committee will continue to monitor the existing insurance programs and the developing insurance needs of the Town of Sudbury, pursuant to the wishes of the Board of Selectmen.

Town Report Preparation Committee

During 1984, the Sudbury Town Report was awarded first place in its population category, in the Annual Town Report Contest sponsored by the Massachusetts Municipal Association. This award is a tribute to the many committees, boards and individuals who prepared informative and concise reports and artwork for the report.

This year, as in the past, the Town Report Committee proofread all the various reports for this document. Additionally, the Committee solicited and selected artwork for the Report from Sudbury school students in grades K through 8. Certificates of Appreciation will be presented to those students whose artwork was included in the Report. Photographs in the Report were selected from the files of area newspapers, and from entries by Sudbury residents. Indeed, one of the most difficult tasks was determining which artwork and photographs to publish.

There were numerous personnel changes this year on the Committee. We regretfully accepted the resignation of Linda Stevens who has served on the Committee for four years, the last as Chairperson. Additionally, Elizabeth Gottberg, Roberta Cerul, and Dava Dunne resigned. We welcome a new member, Elaine Aschettion, to the Committee.

The Committee wishes to once again thank the Sudbury DeMolay Chapter who distributed the 1983 Town Report. Special thanks this year go to Jan Silva of the Selectmen's Office for her extraordinary contribution in putting together this year's Town Report.

The Town Report Committee is always pleased to receive suggestions and contributions that would enhance the quality of the Report.

Respectfully submitted,

Linda Krusinski
Rita Colantonio
Rosemary Delaney
Elaine Aschettino

Town Counsel

The growing scarcity of buildable land in Sudbury has had both positive and negative effects on the workload of this office. The number of Appellate Tax Board appeals has declined moderately, which is due in no small measure to the work of the new Assistant Assessor, Dan Loughlin.

On the other hand, developers' attempts to maximize the number of lots in new subdivisions, often by innovative lot shapes, has resulted in an increase in requests for legal opinions concerning subdivision plans and applications. This trend seems certain to continue.

One of the more important functions of this office is to give legal advice and opinions to Town Boards and Commissions prior to their acting on matters which have potential legal ramifications. We are pleased that they have been availing themselves of our office by anticipating legal problems in advance, and encourage them to continue to do so.

As in the past, I express my appreciation to my assistant, Attorney Thomas French, and to Elaine Jones and Janet Silva of the Selectmen's Office for their help and cooperation.

Respectfully submitted,

Paul L. Kenny
Town Counsel

Talent Search Committee

The purpose of the Talent Search Committee is to provide the "appointing" officials in Sudbury Town Government with an up-to-date record of Sudbury residents who are willing to serve on the various appointed town boards and committees. This record is maintained as a computer file which can be sorted by categories of interest. The present file is being held in the Selectmen's office. Anyone who wishes to use this file may contact the Selectmen's office or any member of the Talent Search Committee.

To facilitate the data processing aspect of our function, we have categorized interest areas as follows: Administration, Board of Appeals, Celebrations, Conservation, Data Processing, Education, Elderly, Facilities, Finance, General, Health, Housing, Historical, Library, Personnel, Planning, Recreation, Regional, Town Report, Transportation, and Youth.

This year we concentrated our advertising in Bentley's Community Calendar and had application forms available at the Town Hall, in the Goodnow Library and at the Town Meetings. The last page of the Town Warrant was also used for our ad and was the most successful method of obtaining new names.

The Moderator and the Selectmen made extensive use of our files and many people whose names were obtained from this source are now serving on various town boards and committees. If you would like to serve your town in one of the areas listed above, please contact the selectmen or inform any member of the Talent Search Committee of your interest.

Respectfully submitted,

Lee Todd, *Chairman*
Mary Anne Dignan

Personnel Board

During the past year the Personnel Board has continued to administer the Personnel By law, to hear and decide grievances and to improve the relationships between the Town and its employees. We are now working on two studies which will help guide the Town's personnel practices for several years to come. First, in response to a request made by the Finance Committee, we are studying the salaries paid to the elected Town officials by comparing the job descriptions and salaries paid to officials in other communities of similar size throughout Massachusetts. Second, we are embarking on a substantial re-examination of the entire salary and classification plan as it applies to all of the Town's non-union employees. At the 1986 Town Meeting, we hope to be able to present a comprehensive

review of the salary and classification plan with recommendations for the changes, if any, which ought to be made in it.

While we have had some disagreements with other Town Boards and Committees, they have been disagreements as to how to best achieve our shared goals of delivering services to the community in the least expensive fashion consistent with fairness to the employees. We believe that the free and open exchange of divergent points of view is in the best interests of effective participatory government.

We look forward to a continued good working relationship with the Town Boards, Committees and employees.

Respectfully submitted,

Henry P. Sorett, *Chairman*
Joseph S. Patti
Robert B. Rowley
Jane C. Carroll
Kathy M. Robbins

Town Moderator

This year's report is this Moderator's "Swan Song". I am passing on the gravel because my wife Lee and I have decided to move into Boston. I am enormously grateful to the residents of the Town for affording me the opportunity to serve in this position for a number of years, and for the magnificent support which I have received from the Townspeople while serving as Moderator. My years in office have truly been an enriching experience, and have revealed to me the enormous and valuable contributions of service which are made to the Town by the Selectmen, the Executive Secretary, the Finance Committee, and each and every member of the various Boards and Committees of the Town.

I have the sense that over recent years, the Town Meetings have become better attended, more representative, and more informed. In addition, I have been impressed by the responsibility with which the voters have dealt with the complex and critical issues which the Meetings have been faced since Proposition 2½. Equally impressive has been the courteous and thoughtful way, with very few exceptions, with which we have treated one another while grappling with these serious matters.

Truly, I have thoroughly enjoyed the position of Moderator, and hope that in the process, I fulfilled my responsibilities to you. It is with extreme pride and pleasure that I can say, "The Town Meeting is alive and well in Sudbury."

Respectfully submitted,

J. Owen Todd
Moderator

TOWN MEETINGS

Summary of 1984 Town Meetings

The following is a summary of the actions taken by the Annual Town Meeting and Emergency Special Town Meeting on resolutions and on articles in the warrants for those meetings. The more detailed official Town Meeting Proceedings appear in Part II of this Annual Report, a separate document. Copies of Part II are available in the Town Clerk's Office and are also available for perusal at the Goodnow Public Library.

Annual Town Meeting April 2,3,4,9,10,11,23

In Memoriam Resolution: RESOLVED that the Town express its appreciation for the special services and gifts of Theodore R. Davison, Richard C. Gleason, Marion Hrinak, Helen E. Nadeau, Mary E. Quinn, Robert S. Rhodes, Thecla Schofield, William M. Stearns, Paul J. Walsh, and Donald B. Willard.

Federal Revenue Sharing Hearing: VOTED unanimously that the Town use FY85 Federal Revenue Sharing Funds to offset Fire and Police budgets under Article 5.

ARTICLE 1. Hear Reports: VOTED unanimously to accept the reports of the Town boards, commissions, officers and committees as printed in the 1983 Town Report.

ARTICLE 2. Temporary Borrowing: VOTED unanimously that the Town authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of revenue of the financial year beginning July 1, 1984, in accordance with the provisions of the General Laws.

ARTICLE 3. Personnel Bylaws-Classification and Salary Plan, Art.XI: Voted that the Town amend the Town Bylaws by substituting the Classification Plan and Salary Plan, Schedules A and B, as set forth in the warrant.

ARTICLE 4. Personnel Bylaws — Administration Plan, Art. XI: Withdrawn.

ARTICLE 5. Budget: Summary of Appropriation Votes:

DEPARTMENT	VOTED
100 Sudbury Public Schools	\$5,715,508
120 Community Use of Schools	12,000
125 Summer School	5,365
130 Lincoln-Sudbury Reg. H.S.	4,373,090
140 Minuteman Reg. V.T.H.S.	296,839
200 Debt Service	369,988
310 Fire Department	1,031,147
320 Police Department	910,007
340 Building Department	208,318
350 Dog Officer	18,720
360 Conservation Commission	16,160
370 Board of Appeals	4,782
385 Sign Review Board	300
400 Highway Department	992,988
501 Selectmen	112,381
502 Engineering	174,117
503 Law	49,750
504 Assessors	91,579
505 Tax Collector	66,122
506 Town Clerk and Registrars	87,856
507 Treasurer	33,111
508 Finance Committee	3,751
509 Moderator	160
510 Permanent Building Committee	785
511 Personnel Board	2,200
512 Planning Board	36,134
513 Ancient Documents Committee	1,600
514 Historic Districts Commission	205
515 Historical Commission	996
518 Council of Aging	25,875
519 Talent Search Committee	89
521 Accounting Department	110,381
600 Library	237,252
700 Park and Recreation Commission	147,082
800 Health	237,568
900 Veterans	11,161
950 Unclassified	1,649,082
TOTAL	17,034,449

VOTED unanimously:

A. That appropriations within departmental budgets are funded hereunder as integrated line items, provided, however, that the departmental appropriation for one such line item cannot be used for another line item without the prior approval, in each instance, by the Finance Committee;

B. That with the exception of Account 100, Education, and the integrated line items provided by this motion, all the line items in all other accounts have been voted in segregated line items for accounting and expenditures purposes;

C. That all automobile mileage shall be paid at the rate of 18.5¢ per mile upon submission of a proper voucher;

D. That all appropriations under Article 5 are for the fiscal year July 1, 1984 to June 30, 1985

E. That any state or federal funds received by the town which must be obligated or expended prior to the next annual town meeting may be used to offset the cost of an appropriate line item in the budget upon the acceptance of the Finance Committee and the certification of the Town Accountant;

F. That funds appropriated for the Salary Adjustment line items 950-101 and 950-101A are to be used for salary increases; such salary increases may be transferred to another line item with the prior approval, in each instance, by the Finance Committee;

G. To postpone action to use Free Cash as an offset to budgets and the tax rate until action is taken on Article 45 of this town meeting.

Following action on Article 45, it was voted to take section G off the table. It was voted to appropriate the sum of \$349,016 from Free Cash as an offset to the budget in determining and setting the Fiscal Year 1985 tax rate, if needed, to meet the requirements of Proposition 2 1/2.

ARTICLE 6. Unpaid Bills: VOTED unanimously to appropriate \$318.74, to be raised by taxation, for the payment of unpaid bills.

ARTICLE 7. Retirement Pension Fund: VOTED unanimously to appropriate \$20,000, to be raised by taxation, to be placed in a special fund which shall be used from time to time, subject to appropriation, for the purpose of offsetting the anticipated future cost of funding the contributory retirement system.

ARTICLE 8. Special Act — Civil Service, Police Chief: VOTED to approve the petition set forth in the Warrant exempting the Chief of Police from Civil Service laws and rules, and authorize the Selectmen to petition the Massachusetts General Court to enact the Special Law set forth in said petition without further submission to Town Meeting.

ARTICLE 9. Special Act — Civil Service, Police Force: INDEFINITELY POSTPONED an article to petition the General Court for special legislation to exempt the Sudbury Police Force from Civil Service laws and rules.

ARTICLE 10. Ambulance Lease Purchase: VOTED unanimously to appropriate \$13,000, to be raised by transfer from the Ambulance Reserve for Appropriation Account and expended under the direction of the Fire Chief, for the third year payment of the lease-purchase agreement for ambulance and equipment.

ARTICLE 11. Design Funds — Sherman Bridge: VOTED to appropriate \$50,000, to be raised by borrowing under MGL ch. 44, sec. 6A, and expended under the direction of the Highway Surveyor, as the Town's share for the design to repair or replace the bridge on Lincoln Road over the Sudbury River, said cost to be shared equally with the Town of Wayland.

ARTICLE 12. Hydrogeological Study — Landfill Site: Voted to appropriate \$20,000, to be raised by taxation and expended under the direction of the Selectmen, for a hydrogeological study of the land in and around the Sanitary Landfill off Boston Post Road.

ARTICLE 13. Resurface Route 20 Railroad Crossing: Withdrawn.

ARTICLE 14. Hosmer House Grant Funds: VOTED to appropriate \$20,000, to be raised by taxation for purposes of the town meeting vote only and to be offset by receipts on the Assessors' Tax Rate Recapitulation Sheet and thereby not included in the tax levy, and to be expended under the direction of the Sudbury Historical Commission, for the repair and renovation of the Hosmer House, said appropriation to be contingent upon and to be expended only after receipt of a reimbursement grant of \$20,000 through the Mass. Historical Commission from a Federal grant-in-aid program awarded to Sudbury on July 1, 1983.

ARTICLE 15. Change Term of Planning Board Members: VOTED to change the term of Planning Board members from five to three years, effective as successors are elected; and to note this changed term under Article VIII, Planning Board, of the Town Bylaws.

ARTICLE 16. Planning Administrator: Withdrawn.

ARTICLE 17. Amend Bylaw, Art. IX,II,C — Delete IPD 1: VOTED to amend the Zoning Bylaw, Establishment of Districts, by deleting from Section C Industrial Park District 1 off Codjer Lane, except for Parcel 087 on Page K08 of the Town Property Maps. A motion to reconsider was defeated following action on Article 31.

ARTICLE 18. Amend Bylaw, Art. IX,IV — Intensity Regulations: DEFEATED an article to amend the Zoning Bylaw, Intensity Regulations, by adding in Section A, General Requirements, a provision regulating surface coverage which prohibits total non-percolating surface of any lot in any district from exceeding 60% of the total lot area; by changing Section B, Schedule of Intensity Regulations, to reduce the maximum building coverage in business, limited business and industrial districts from 60% to 40%; and by amending Section C, Modifications and Exceptions, to restrict lot coverage by non-percolating surfaces to 60% of any corner lot in business and limited business districts.

ARTICLE 19. Amend Bylaw, Art. IX,V,A — Special Regulations, Architectural Renderings: VOTED unanimously with three abstentions to amend the Zoning Bylaw, Special Regulations, Section A, Site Plan Approval, by adding a requirement for Selectmen review of architectural renderings to be submitted with a site plan application.

ARTICLE 20. Amend Bylaw, Art. IX,I — Environmental Impact: DEFEATED an article to amend the Zoning Bylaw, General, by adding a new paragraph which provides a) all uses of land or buildings in any district shall be consistent with accepted safe, long-term practices and policies regarding effect and impact on overall environment, and b) environmental impact statements showing the effect of any industrial or business development upon the ecology, environmental quality, aesthetics, human interests of the community, general property value, and preservation of local character may be required by the Selectmen.

ARTICLE 21. Amend Bylaw, Art. IX, I&III — Aquifer Protection: INDEFINITELY POSTPONED an article to amend the Zoning Bylaw to establish Aquifer and Water Supply

Districts and use regulations therefor. Note: A motion to reconsider was defeated following action under Article 41.

ARTICLE 22. Amend Bylaw, Art. XVII — Town Clerk Fees: VOTED to amend the Town Bylaws (Art. XVII, Fees), by adding a new section, Town Clerk's Fees, as set forth in the Warrant, thereby raising Town Clerk's fees not specified under MGL ch. 262, sec. 34, for the issuance and recording of specified documents.

ARTICLE 23. Amend Bylaw, Art. V — Pumping Water from Private Buildings: VOTED unanimously to amend the Town Bylaw, Public Safety, by adding a new section concerning the pumping of water from private buildings when requested in an emergency and providing a conditional fee schedule for the same.

ARTICLE 24. Change Name of Longfellow Street: VOTED unanimously to change the name of Longfellow Street to Longfellow Road, making the name of this section of the public way the same as the continuing section.

ARTICLE 25. Sale of Tax Possession Parcels:

A. DEFEATED an amended motion to authorize the Selectmen to sell and convey at private sale, for a minimum price of \$2500, land off Stone Road shown as tract 439 on Town Property Map K05.

B. VOTED unanimously to authorize the Selectmen to sell and convey at private sale, for a minimum price of \$10,000, land on Robbins Road shown as lots 77-80 on "Plan of Land in Sudbury, Massachusetts, 'Robinwood', July 1927, J. Francis Granger, Civil Engineer", a portion of which is shown as Tract 205 on Town Property Map K06.

ARTICLE 26. Amend Bylaw, Art. V,3 — Unlicensed Dogs: VOTED unanimously to amend Section 3 of the Town Bylaws, Public Safety, by substituting for the first paragraph new provisions increasing the penalty charge for late licensing of dogs from the current \$1 to a charge of \$10 per dog.

ARTICLE 27. Amend Bylaw, Art. XV — Building Permit Fees: VOTED unanimously to amend Section 1 of the Town Bylaws Article XV, Building Code, by replacing it with a new section establishing increased building permit fees.

ARTICLE 28. Accept Chapter 297 of the Acts of 1982 — POW Auto Excise Tax Exemption: VOTED unanimously to accept the above statute to exempt former Prisoners of War from Massachusetts motor vehicle excise taxes.

ARTICLE 29. Sudbury 350th Anniversary Celebration Fund: VOTED unanimously to appropriate \$500, to be raised by taxation and expended under the direction of the Selectmen, to establish a fund to prepare for a celebration in 1989 marking 350 years since Sudbury's incorporation in 1639.

ARTICLE 30. Haskell Recreation Area Development: VOTED to appropriate \$45,000, to be raised by taxation and expended under the direction of the Park and Recreation Commission, for development and improvement of the Haskell recreation area off Hudson Road.

ARTICLE 31. Purchase Development Rights - Stone Tavern Farm: VOTED to appropriate \$332,950, to be raised by transfer of \$37,383 from Article 29 of the 1981 Annual Town Meeting and by borrowing \$259,567 under MGL ch. 44, sec.7(3) by bonding, State House notes or deferred payment schedule with seller, to be expended under the direction of the Conservation Commission for the purchase, jointly with the Mass. Dept. of Food and Agriculture, of an agriculture preservation restriction on a portion of the Stone Tavern Farm, shown as Parcel 600 on Town Property Map K06, off Boston Post Road and Horse Pond Road, containing approximately 56 acres.

Reconsideration Of Article 17: Defeated a motion to reconsider Article 17.

ARTICLE 32. Street Acceptance — Winter Street: INDEFINITELY POSTPONED unanimously an article to accept the layout of the portion of Winter Street from Summer Street to Spring Street and appropriate \$15,390 for related construction and expenses.

ARTICLE 33. Abolish Industrial Development Commission: INDEFINITELY POSTPONED an article to abolish the Industrial Development Commission by revoking acceptance of MGL ch. 40, sec. 8A.

ARTICLE 34. Petition Legislature — Septage Facility Billings: VOTED to direct the Selectmen, together with the Selectmen of

Wayland, to petition the General Court for enactment of an acceptance statute which provides that unpaid septage disposal fees and interest shall become a lien upon the property from which septage has been collected, enforceable in the same manner as sewer liens and changes under Sec. 16B—16F of MGL ch.83

ARTICLE 35. Amend Bylaw, Art. IX,VI.,C,5 — Special Permit Guidelines: VOTED unanimously to amend the Zoning Bylaw, Administration, by deleting Paragraph A.6 of sub-section C, Board of Appeals, thereby eliminating the requirement of an approved site plan being filed with an application for a special permit to the Board of Appeals.

ARTICLE 36. Amend Bylaw, Art. IX,III,B — Permitted Uses, Business Districts: VOTED unanimously to amend the Zoning Bylaw, Permitted Uses, by deleting in paragraph h of sub-section 1, Limited Business Districts, the phrase "if no mechanical or live entertainment is regularly furnished", so that the paragraph will read as permitting "restaurants or other eating places serving food only to persons seated at tables or counters"; and by deleting entirely paragraph c of sub-section 2, Business Districts, which permitted, "Restaurants or other eating places serving food only to persons seated at tables or counters, and regularly furnishing mechanical or live entertainment"; thereby eliminating regulation of entertainment in the Bylaw and leaving it in the hands of the licensing board.

ARTICLE 37. Amend Bylaw, Art. IX,V,J — Signs: VOTED unanimously with several abstentions to amend the Zoning Bylaw, Special Regulations, Section J, Signs, as set forth in the Warrant, making extensive changes in sign regulations, removing the permit granting authority from the Sign Review Board and requiring a special permit from the Board of Appeals for any variation from the bylaw.

ARTICLE 38. Loring School Disposition: INDEFINITELY POSTPONED an article to authorize the Selectmen to execute a deed conveying the Loring School building and a portion of accompanying land off Woodside Road for a minimum price of \$170,000.

A RESOLUTION in support of a ten-year lease of the Loring School to the Sudbury Community Arts Center was presented by

Laurence Hammel; an informational handvote was taken but results not determined for the record.

ARTICLE 39. Amend Bylaw, Art. IX,II,C — Rezone LID 2 to Residential: VOTED unanimously to approve a petition article to amend the Zoning Bylaw, Establishment of Districts, by deleting from Section C Limited District 2 off Powder Mill Road in its entirety, with the result that said area will come within Residential Zone A-1.

ARTICLE 40. Street Acceptance - Portion of Powder Mill Road: VOTED unanimously to accept the layout of Powder Mill Road for approximately 300 feet in both northerly and southerly directions at the point where it intersects with the boundary between Residential and (former) Limited Industrial Zones (the same portion discontinued as a public way under Article 25 of the 1983 ATM); and to appropriate \$100 to be raised by taxation for expenses connected therewith.

ARTICLE 41. Stabilization Fund: INDEFINITELY POSTPONED unanimously an article to appropriate a sum of money to be added to the Stabilization Fund.

Reconsideration Of Article 21: Defeated a motion to reconsider Article 21.

ARTICLE 42. Personnel Board Collective Bargaining Powers: Withdrawn.

ARTICLE 43. Amend Bylaw, Art. XI — Police Chief Hiring Procedures and Qualifications: DEFEATED an article to amend the Town Bylaw, Personnel Administration Plan, by adding a new section regulating Police Chief hiring procedures and qualifications.

ARTICLE 44. Special Act — Police Chief Employment Contract: DEFEATED an article to petition the legislature to adopt a Special Act, without further submission to a town meeting, authorizing the Selectmen to enter into an employment contract with the Chief of Police and providing terms therefor, in the event the position of Chief of Police is removed from the requirements of Civil Service law.

ARTICLE 45. Regional Resource Recovery: INDEFINITELY POSTPONED an article to authorize the Selectmen to review and approve the 128 RESCO Service Agreement, a regional agreement to provide a resource recovery system of solid waste disposal, and appropriate a sum of money for such implementation.

ARTICLE 46. Amend Bylaw, Art. IX,II,C — Create BD 17: INDEFINITELY POSTPONED unanimously a petition article to amend the Zoning Bylaw, Establishment of Districts, by adding a Business District 17 consisting of Parcel No. 012 on Town Property Map K10, off Boston Post Road (Rt. 20) and Landham Road.

ARTICLE 47. Amend Bylaw IX,V — Commercial Development Moratorium: DEFEATED a petition article to amend the Zoning Bylaw, Special Regulations, by adding a new subsection to prohibit, for a period of twelve months from the date of adoption, the erection or enlargement of commercial buildings or expansion of commercial use in ground area in any business or limited business district.

Special Town Meeting May 23, 1984

ARTICLE 1. Process Parking Tickets: VOTED to appropriate \$500, to be offset from estimated receipts from parking violation fines (MGL ch. 44, sec. 53E) for processing tickets.

ARTICLE 2. FY84 Budget Adjustment, Blue Cross/Blue Shield: VOTED to appropriate \$38,000, to be raised by transfer from Free Cash, as an addition to Line Item 950-11, BC/BS.

SISTER CITY RESOLUTION; DEFEATED a resolution naming Sudbury as a Nuclear Freeze Town and resolving that the Town of Sudbury extend greetings to its sister city, Strogino, of the United Soviet Socialist Republic, and that the people of these two great nations can live together in peace.

ARTICLE 3. Amend Bylaw, Art. IX,II C - Rezone Portion of BD 15 to Residential C-1: DEFEATED an article to amend the Zoning Bylaw, Establishment of Districts, by rezoning to Residential C-1 parcels 26 and 27 of Business District, 15, located on the southerly side of the Boston Post Road between Dudley Road and Horse Pond Road, as shown on Town Property Map K06.

**ANNUAL TOWN ELECTION
March 26, 1984**

The Annual Town Election was held at the Peter Noyes School with the polls open from 7:00 AM to 8:00 PM. There were 1721 votes cast, including 36 absentee ballots. Sixteen voting machines were used. The results were announced by Town Clerk Jean M. MacKenzie at 10:30 PM.

PUBLIC SAFETY

Police Department

The following is a report of the activities of the Police Department for the year 1984.

There were a total of 230 Class I Crimes reported and investigated as follows:

Rape	0
Robbery	2
Assaults	7
Burglary	69
Larceny	143
Motor vehicle theft	9
TOTAL	230

The total represents a decrease of 20.7% in reported crime as compared to the previous year. The largest drop was in motor vehicle theft. There were 9 reported in 1984 as compared to 19 in 1983. There were 143 larcenies reported as compared to 181 in 1983. Burglary remained constant at 69 reported intrusions.

Arrest activities increased by 25%. There were a total of 223 arrests for various infractions of the law. Sixty-three individuals were arrested for operating under the influence and fifty-nine people placed under Protective Custody. The increase in arrests is mainly due to the increase in Warrant arrests. Warrants were issued for either defaulting on fines or court appearances.

The Department has continued two programs which were instituted last year. The Officer Phil program was a success again this year with our Town's youngsters. The program teaches safety to the children in grades K-5 using lectures and printed material along with a visit from "Officer Phil", a talking Volkswagon. The program is slated to expand in 1985 to include drug education targeted at students in grades 4-6. My thanks to all the business community who make this program possible through their generosity. Parent organizations again came to our assistance in providing Operation Identification. This is volunteered fingerprinting of children of all ages for the sole purpose of personal identification. Once the children are printed, the cards are turned over to each parent for

safekeeping. Hopefully the cards will never be put to task.

The Police Department and Parking Clerk have collected the following fines and fees for 1984 and all monies have been turned over to the Town Treasurer.

Traffic Fines	\$33,125.00
Copier Fees	1,429.50
License Fees	1,812.00
Parking Fines	674.00

I wish to take this opportunity to thank the Members of all Town Boards, Town Department Heads and each Member of the Sudbury Police Department for their cooperation and support in the past year and a special thank you to the citizens of Sudbury for their continued interest in the Public Safety of their Town.

Respectfully submitted,

Peter B. Lembo
Chief of Police

Motorist delayed.

Photo Andrea Haynes Courtesy Town Crier

Fire Department

As Chief of the Fire Department I herewith submit the annual report of the activities of the department for calendar year 1984.

The Fire Department responded to 1448 calls for assistance during 1984 which was a 20% increase over 1983. The Fire Department ambulance service was involved in 477 of the calls and each year that phase of our operation increases. We conducted inspections of all business properties at least once during the year and inspected the school, nursing homes, and restaurants on a quarterly basis. Additionally, many days were spent at the new construction sites along Route 20.

The town had three serious building fires during the which left the occupants homeless. In two of these cases the fires had gained considerable headway before being detected because the occupants were not at home. However, each home was equipped with smoke detectors which did operate. As a point of information, alarms are available which will automatically notify the Fire Department of a fire at your home even if you are away. In many other cases during the year, smoke detectors alerted residents to small fires which were easily controlled by the resident or the Fire Department. I am requesting town meeting to adopt a state law which will require smoke detectors in all residential property, an action I feel will have a very positive effect on fire safety and which I urge all citizens to support.

The department purchased a new Emergency One 1000 G.P.M. Class A fire pumper this year to replace a 1957 pumper. This was our first new piece of major firefighting equipment in more than ten years and I wish to thank all the citizens who made this purchase possible.

The American Legion donated a cold-water rescue suit to the department which will be of great benefit if a rescue has to be made in icy waters.

Town meeting voted to implement a fee for pumping water from flooded basements. Each resident will receive one free pumping service and then will be billed for subsequent pumpings. The fees collected for permits and inspections totalled \$4,347 for 1984. This sum was turned over to the Town Treasurer. The ambulance service generated \$18,294 which

was placed in the Ambulance Reserve for Appropriation Account which allows us to pay for the ambulance without an impact on the tax rate.

In closing, I wish to thank all the officers and firefighters of the Fire Department for their cooperation and efforts. I also wish to thank all the town boards and departments for their cooperation and a special thanks to the citizens for being so supportive of the department.

Respectfully submitted,

Michael Dunne
Fire Chief

Sealer of Weights and Measures

The following is the report of the Sealer of Weights and Measures for 1984:

Scales tested and sealed:

10 lbs. or less	9
10 lbs. to 100 lbs.	50
5,000 to 10,000 lbs.	1
10,000 lbs.	1
Propane Tanks	2
Gas Pumps	87
Recheck Gas Pumps	6

Fees received for Fiscal Year 1984 totaled \$942.50.

Respectfully submitted,

Courtney W. Atkinson
Sealer of Weights and Measures

Richard Krusinski, Haynes School

Civil Defense

As Director of Sudbury's Civil Defense, I herewith submit my annual report for calendar year 1984.

The snowstorm of March 29th left much of the town without electrical service for three or four days. During this time we provided electrical power to two residents on life-support equipment and made arrangements to house residents at Musketahquid Village and Town Hall.

In other activities, during the spring flood, the Highway Department helped in filling sandbags to prevent flooding in certain areas of town. I wish to thank them for their special cooperation.

Josiah Frost resigned as Assistant Director upon being elected to the board of Selectmen and Robert Noyes was appointed to fill the vacancy.

The Civil Defense Radio Operator, Marvis Fickett, participated in radio drills with the state. Mr. Fickett spends his own time, with no compensation, on this portion of the town's civil defense. I wish to thank him for his efforts on our behalf.

Respectfully submitted,

Michael Dunne
Civil Defense Director

East Middlesex Mosquito Control

The objective of the East Middlesex Mosquito Control Project is to reduce mosquito populations to an acceptable level for nuisance purposes and to reduce the threat of any mosquito borne disease.

The Project plan for Sudbury consists of adult and larval mosquito surveillance and control, source reduction through water management, and provision of educational materials on mosquitoes and Eastern Equine Encephalitis (EEE).

Noteworthy events occurring during the past year included the third consecutive year when EEE has been detected in Middlesex county. One case involved a child who may have contracted the disease in Framingham. Weather, which signals the level of mosquito activity, ranged from above average rainfall during the spring and early summer to moderate precipitation amounts for July through September.

The Project collected data regularly on adult and larval mosquito populations. Adult mosquitoes were trapped regularly at four locations around town using baited CDC light traps. These results were conveyed to the State Public Health EEE surveillance unit. Mosquitoes from one trap were tested weekly for EEE virus. Trap information was also used to guide the Project control effort. Larval population data was used to plan larval control and water management programs.

Mosquito control combines three components to achieve a reduction of mosquitoes. The first, water management, eliminates unnecessary breeding areas by improving the drainage in or at the exit point of wetlands. Most of the small ditches which are targeted for improvement were constructed and maintained in the past by farmers, but are no longer maintained by today's suburban homeowners. Water management involves removing blockages which have accumulated such as fallen trees, branches sand and sediment; as well as restoring the gradient to the waterways. During 1984, crews cleaned 1,175 feet of ditch between Hickory Street and Hayden Circle, 654 feet near Old Garrison Road and 400 feet by Concord Road at Sudbury Center.

The second component, larval control, is directed at reducing large quantities of the immature stages of mosquitoes found breeding near residential areas. Crews treated 125 acres of wetland in the spring and summer of 1984. Another 48 acres of frozen wetland were treated to reduce the spring brood of mosquitoes. The Project began using two recently introduced biological pesticides: BTi (Bacillus Thuringiensis var. israelensis) a bacterial spore found naturally in soil which is used against mosquito larvae and Arosurf, a vegetable oil, used when mosquito pupae are encountered. These produce effective control with little adverse environmental impact.

The adult mosquito control effort included 12,800 acres done by truck mounted aerosol spraying at nighttime, 512 acres by truck mounted mistblower in the daytime, and 268 acres by backpack mistblower. This work was undertaken when traps indicated high populations, and when the EEE risk period occurred during the latter half of August.

This project continued its efforts to keep residents of Sudbury informed of matters relating to mosquitoes and EEE. This included continuous contact with the Health Department, local media, and responding to citizen inquiries. Educational pamphlets were distributed via the Health Department on: Personal Protection from Mosquitoes, How to Prevent Mosquitoes from Breeding Around the Yard and Home, and Information on EEE.

Respectfully submitted,

David M. Henley
Project Superintendent

Superintendent

Animal Inspector

During the fiscal year July 1, 1983 through June 30, 1984 twenty-nine dog and cat bites were reported and investigated. Horses, swine, cattle, sheep and goats in town are being inspected on the premises where such animals are kept.

We request that you report all animal bites.

Respectfully submitted,

Betsy M. DeWallace
Animal Inspector

Dog Officer

There were 209 dogs picked up during the year of which 126 were claimed, 71 sold, 7 destroyed and 5 held over.

Respectfully submitted,

Betsy DeWallace
Dog Officer

PUBLIC WORKS

Highway Surveyor

The year 1984 proved to be a busy one for the Department. Dutton Road Walkway and the relocation of 1,167 feet of road were completed.

Our resurfacing program was expanded with State Aid monies, that, for the first time, were appropriated up front. A portion of the funds were expended during the summer of 1984 and the remainder will be spent when the monies are received early in 1985.

This year was the wettest in almost fifty years. The extremely high water table caused many unexpected problems with the Town's drainage system. Many man-hours were spent repairing structures and damaged pipes.

CEMETERY/LANDFILL

The new compactor purchased for our Sanitary Landfill Operation has proven to be a great asset for the town. Our new Landfill Monitor has also helped to tighten up the operation, and has eliminated all outside use of our landfill. The funds appropriated for the expansion at our cemeteries have been expended and we have started to develop another section at our New Town Cemetery.

In addition to our regular work-load and maintenance programs, in 1985 we will be expanding the cutting back of brush at the side of the streets and trimming of all walkways.

In closing, I wish to express my sincere thanks to my employees, the citizens of Sudbury, and all the boards, commissions, committees, and to all other Town departments for their continued support during the year 1984.

It is my firm belief that the investment we already have in our street system is a very important part of our community.

Respectfully submitted,

Robert A. Noyes
Highway Surveyor

Tree Warden

Tree care efforts continue with the removal of dead and diseased trees. The roadway trimming program was increased this year. As in the past, Boston Edison assisted in this effort by trimming those trees which interfered with electric lines.

Tree planting continued with the addition of twenty new shade trees. The Department also planted and landscaped Dutton Road reconstruction. Eighteen miles of walkways were trimmed.

The Big Storm of March 29, 1984 was disastrous! Trees were severely damaged and fell throughout the Town. Our clearing and clean-up took several weeks. I wish to thank all Sudbury Residents, who so willingly helped us during this difficult time.

Respectfully submitted,

William M. Waldsmith
Tree Warden

Extensive damage caused by the March 1984 Snow Storm.

HUMAN SERVICES

Board of Health

The Board of Health is the official agency responsible for addressing the health needs of the community. As the needs change, the Board of Health priorities must also change.

The increase in development over the past few years has resulted in the shifting of the focus of the Board's activities, placing more emphasis on environmental health.

ENVIRONMENTAL HEALTH

Water Monitoring

To assure that the Town's water supply is protected and the water quality is not impaired, the Board of Health periodically analyzed surface and ground water samples in areas that were either suspect or had the potential of becoming polluted. Furthermore, if a pollution problem arose, a thorough investigation was conducted and the source of pollution was eliminated. In addition, upon request, water samples from individual wells were collected and a chemical and bacteriological analysis was performed.

Subsurface Disposal Of Sewage

Prior to the development of any land in Sudbury, it must be proved that the subsurface conditions are conducive to the disposal of sewage. This requires extensive subsurface exploration which identifies the soil strata and ground water and ledge elevations. In addition, any potential problems that would be considered a detriment to the environment would be identified. In 1984 there were six subdivisions submitted for review, and recommendations were made to various town boards. Furthermore, there were 276 lot inspections conducted to determine their suitability for development.

Hazardous Waste Day

On October 13 the Board of Health held their annual collection of household hazardous waste. It was a success with seventy-eight Sudbury families taking advantage of the opportunity to safely discard hazardous materials accumulated in homes.

Complaint Investigation/Surveillance

The Board of Health serves the Town by a program of complaint investigation and surveillance which detects, monitors, and investigates conditions which contribute to illness and/or cause a nuisance condition. In 1984 this included air, noise, and water pollution, illegal disposal of trash, hazardous waste spills, rodent and vermin nuisance and substandard housing.

Mosquito Control

To avoid an outbreak of Eastern Equine Encephalitis, the Board continued to provide licensed mosquito control by the East Middlesex Mosquito Control Project. Although five cases were reported in Massachusetts, there were no human cases in Sudbury.

GENERAL

Restaurant and Food Service

During the year thirty-eight food service permits were issued. Restaurants, cafeterias, caterers, coffee shops, sandwich shops, nursing homes and markets are checked regularly to assure compliance. As a result of elevated ethylene dibromide (EDB) levels in many food products, the Board of Health conducted a surveillance program to assure food products that had EDB levels above the state standard were not being sold to the public.

Day Care and Pre-School

All day care and pre-school centers were inspected to assure compliance with applicable regulations.

Mental Health

To assure any Sudbury resident of professional help should the need arise, the Board continued to financially support the Family Counseling & Guidance Center, which in turn provides services on a sliding scale based on the individual's income. Therefore no Sudbury resident needs to go without help.

Nursing Services

Sudbury VNA continued under contract to supply nursing services as needed by the Board including well child clinics, home health

care visits, communicable disease follow-up, flu and pneumonia and adult clinics. Six hundred and six home visits were made by the nursing association for the Board of Health.

Rabies Clinic

The Board held its annual rabies clinic on March 17, 1984 at which 105 dogs and cats were inoculated.

**Operational Review Committee
 Wayland/Sudbury Septage
 Disposal Facility**

The septage plant, after allowing for all change orders, should have been completed in March of 1983. It is still not complete, but has been sufficiently done to allow operation to begin.

In late 1983, the committee entered into an agreement with the bonding company wherein the bonding company would take over and complete the work. Although some additional work was done, the bonding company did not begin the work promptly and delayed providing to the committee, in the form specified in the completion agreement and acceptable to counsel, written certification that subcontractors had been paid for work already completed. Further exacerbating the situation was the engineer's advice to the committee that the bills submitted for the month of December covered items that were not complete, were not completed properly, or had failed in operation. There were similar difficulties with the January billing on which the bonding company also made claim for payment of retainage, asserting that the work was "substantially complete" in terms of the contract. When the committee refused to pay, the bonding company filed for arbitration.

The committee petitioned the Wayland Selectmen to use the committee's counsel to defend it in the arbitration proceeding. The selectmen chose not to follow this recommendation, but to use the regular town counsel for the task. This counsel recommended that arbitration be avoided and that the committee attempt to reach a settlement. Recognizing the burden that arbitration or any litigation would place on the towns, the committee agreed to follow this tack and asked counsel to enter into negotiations. In mid-June of 1984, counsel advised the committee that arbitration could be avoided if a partial payment were made to the bonding company for work done.

Because of the potential litigation and the relatively few remaining critical tasks to render the plant operational, the Road Commissioners felt that they would be in a better position to complete the work directly themselves rather than continuing to work through the committee. Consequently, in mid-

June 1984, the Road Commissioners voted to assume active responsibility for completion of the plant, relieving the Operational Review Committee of its duties as a building committee.

The Road Commissioners and Wayland's Town Counsel succeeded by the end of October in getting completed the major process related items that prevented full and reliable operation of the plant. As a result, the committee was able to open the doors for operation at rated capacity and begin charging fees in November. Even though operation has begun, the engineer as of this writing, has not yet certified that the plant has passed its three and five day acceptance tests. In addition, the plant is missing several important spare parts, most notably a centrifuge rotor. There remain a number of minor items of construction not yet complete. These may eventually have to be done by town personnel.

The plant is presently operating at 100 per cent of rated capacity. The user charge system has been implemented in both towns at a rate of \$35.00 per thousand gallons of septage delivered to the facility. The committee has also voted to accept waste from recreational vehicles at the facility for a flat charge of \$5.00 to be pre-paid at the Board of Health office. There has been concern expressed by Wayland restaurant owners about the impact of the fees on their businesses. The committee has pointed out to them that the fees are set at a level to recover costs as is required by a condition of the EPA grant received by the towns. The committee intends to operate the plant at as high a throughput as possible consistent with the discharge conditions on the operating permit from the DEQE so that fixed costs can be spread over as large a base as possible. Accomplishing this may mean acceptance of septage from other towns.

COMMUNITY HEALTH CARE

The Sudbury Public Health Nursing Association enters its 47th year of service to the community. Our mission statement of 1937, to provide "Skilled nursing and other therapeutic care to the sick in their homes, at the schools or in the office; to promote good health in the individual, the family and the community; and to assist in preventing disease by teaching the principals of health, hygiene, and sanitation," is essentially unchanged today.

The year was one of major accomplishments in the school health component of the agency. Clinical practice guidelines were developed by the professional staff. Special thanks are due Drs. William Adelson, Ronald Kwon and Lynn Wiegel for their thoughtful review and evaluation. In addition, reporting methodologies have been revised which will track the health care needs of students and provide necessary data to improve and develop new programs to meet the complex needs of the young children under our care.

Program planning for the community, on the other hand, reflects the sensitivity to the needs of diverse citizenry in an era of cost containment at every level of care.

A basic structural change was also made during the year. For the first time since its establishment in 1937, the agency determined that a name change, reflective of its total commitment in mission and characteristic of the rich history of the visiting nurse movement, was desirable. We feel our new name, Sudbury Visting Nurse Association, Inc., more appropriately describes our role in the community.

1984 was a year of growth and planning for the Sudbury Visting Nurse Association. Services continue to increase in response to an expanding need for home and community care services. Strategic planning for the future will remain a major focus of agency activity throughout the coming year.

The Annual Town Report which follows, details the nature of our work during the year. These services are as varied as the needs of those we seek so diligently to serve.

PROFESSIONAL SERVICE OUTCOMES

We tend to think home care is another innovation in health care delivery; but, in fact, it has existed in one form or another for quite some time. Initially, the major purpose was to provide care for the sick in their homes. This was the motivating factor in the establishment of visiting nurse programs which began to appear in the 19th century. Over the years, however, home care has become not only a substitute for institutional care in certain instances but a vital preventive therapeutic service in a health care system which seeks to provide accessible, continuous, high quality care. In community health practice, the primary focus of care is the family and community. A basic concern is health maintenance, health promotion and prevention of illness as well as professional care services to the ill and disabled.

In 1984, the agency made a total of 5,083 visits to more than 643 men, women and children in the Sudbury community and provided 3,937 hours of home health aide assistance. Our caseload showed a significant increase in the need for professional nurse and home health aide services.

For those in need of financial assistance, the agency provides care at modified cost or without charge through the use of community contributions. Our goal is to do more. With your help, we will.

A community health professional seldom works alone. Generally, she provides home health care in collaboration with a home health team of physical, occupational, and speech therapists, social worker, nutritionist, home health aides and special consultants.

HOME HEALTH AIDE SERVICES

The program provides home health aide services to the sick and disabled. It continues to be the fastest growing program in the agency. The hours of service increased by 24.5% in fiscal 1984 and the number of individual visits by 46%.

The agency provides a yearly training program, approved by the Department of Public Health, leading to certification in the role of Home Health Aide. At the present time, a total of three certified Home Health Aides are on staff in addition to contractual agreements with two agencies.

SCHOOL HEALTH SERVICES

Comprehensive services were provided to 3,238 children enrolled in the Sudbury School System. The health service delivery program consists of mandated screening programs (postural, vision/hearing and immunization), first-aid, health counseling, participation in the 766 Core process and health education. A total of 35 volunteers donated 219 hours to assist the professional staff. The aim of Sudbury Public Health Nursing Association's participation in the health education program, is to provide technical assistance to school administration, teachers, librarians, guidance personnel and others on health education matters; to coordinate the programs with community participants (firemen, policemen, dentists, physicians, hospitals, Junior League, nutrition coalition and others) and to provide orientation and inservice to school personnel regarding the health education curriculum.

MANDATED SCREENING PROGRAMS

	1982-83	1983-84
No. Tested for Vision	2065	2984

TOTAL	2196	15,651	1572
Percent	12	88	9

BOARD OF HEALTH

Under contract to the Board of Health, the Sudbury Visiting Nurse Association carries out programs of prevention, both with groups of people and through home visits, to high risk families, such as those with premature infants, communicable diseases or elderly members. Programs are targeted for infants and pre-school children, individuals at risk for hypertension and the elderly.

The objective of the preventive health services is to "promote and maintain that level of physical, emotional and psychological

wellness which would enable the individual, family and community to maximize the potential of which it is capable." In an effort to meet our stated objective, Sudbury Visiting Nurse Association professionals provided 498 home visits directed towards the chronically ill, or those recuperating from an acute illness or hospitalization. Nursing assessment, planning, and observation of complications, supervision of the patient's technique in self-care and the use of health counseling and education together assist individuals to reach the highest level of functioning. Many of the clients seen in this program are no longer covered by insurance for home care services, but require continued observation and teaching. As hospital cost containment efforts continue and as patients are discharged "quicker and sicker," we anticipate the individuals needing follow-up care to increase.

In addition to home visiting, the agency provides a wide variety of screening programs. They are as follows:

- Cancer Screening for Women
- Self-Breast Examination
- Better Breathing Day
- Glaucoma Screening
- Hypertension Screening
- Cardio Pulmonary Resuscitation
- Smoking Cessation Workshop
- Well Child Conference
- Flu & Pneumonia Immunization
- Babysitting Course
- Diabetic Screening

The ongoing program of hypertension screening, referral, follow-up and education is coordinated by the professional staff under the direction of Sheila-Beth Leonard, R.N.,C. Emphasis is placed on education about risk factors, compliance with regimens prescribed by the primary physician, medication, weight control and diet. Other SVNA Hypertension Clinics are held at Musketahquid Village, the Senior Drop-In Center, the schools and during regularly scheduled office hours 8-9 A.M. and 3-4 P.M. daily. A total of 432 individuals were seen for hypertension evaluation with 216 follow-up office visits for teaching and ongoing evaluation.

Prevention of communicable diseases is encouraged through the sponsorship of Immunization Clinics. Sudbury residents may receive certain immunizations at SVNA office

during office hours, 8-9 AM and 3-4 PM daily, Monday through Friday. Travelers frequently take advantage of this service. Immunization programs for children are conducted through the schools or the Well Child Clinic. Pneumonia and Flu vaccinations are available to the high risk and elderly.

SUMMARY

By way of summary, I should like to record my appreciation for the efforts of the Directors, the staff, and the agency volunteers. Their dedication and confidence, combined with enthusiasm for the future, makes Sudbury Visiting Nurse Association an invaluable resource for the whole community.

Respectfully submitted,

Mary Keaveny-Miller, R.N.,C
Executive Director

Sudbury Housing Authority

The Board of Commissioners of the Sudbury Housing Authority meets on the first Monday night of each month at Musketahquid Village, 55 Hudson Road, Sudbury. The annual reorganizational meeting is held each year on the first Monday in April.

The Authority administers sixty-four units of housing at Musketahquid Village, completed in 1976 under M.G.L. Chapter 667, which provides for subsidized housing for low income elderly and handicapped people. Also administered are eight scattered-site houses which were purchased individually over a period of years under M.G.L. Chapter 705, which provides for housing for low income families. Both programs are subsidized by the Executive Office of Communities and Development of the state of Massachusetts as part of its program to provide affordable housing to those in need.

Eligibility criteria for Musketahquid Village include the following: The applicant must be either sixty-five years of age or handicapped, and certified by a physician to be capable of living independently. The maximum income limitations after deductions are \$14,476 for one person, \$16,544 for a two person family, and assets may not exceed

\$15,000. Preference is given to those who have resided in Sudbury for one year or longer but non-residents are also welcome to apply. Income limitations for family housing range from \$16,544 for a family of two to \$24,577 for a family of seven. The asset limitation is \$15,000 and preference is given to Sudbury residents. Thirty-seven families are currently waiting for a vacancy among our eight houses.

The following changes in personnel have occurred during 1984: Richard Passalacqua was elected to the Board in March to fill the vacancy which occurred due to the retirement of past Chairman Albert Feinberg. Don Roberts, our maintenance man since the establishment of Musketahquid Village in 1976, retired at the end of December. His extensive knowledge of the workings of the Village is a great loss. Charlotte Goss, Treasurer of the Board, will retire on January 1, 1985 after five years of dedicated and enthusiastic service.

The Authority has received two grants of \$3,200 each during the past year, specifically earmarked for energy conservation measures at Musketahquid Village. With those funds the following projects have been completed: weatherstripping and door-sweeps for all apartment doors, conversion of hallway lights to fluorescent, installation of low-flow showerheads, waterheater insulation, and replacement of exterior lights with high pressure sodium fixtures.

Application was made to EOCD for financial assistance for three units of rental housing under the Chapter 707 program but was denied due to the great demand in the Commonwealth for such assistance.

Exterior staining of four buildings was completed in 1984. Interior painting of apartments has been proceeding at the request of individual tenants.

The Hop Brook Garden Club planted a rhododendron and some beautiful annuals in the rotary at Musketahquid, a gesture greatly appreciated by the residents. Guy Dietrich purchased a new flag for the rotary, thanks to a donation from Thayer Pharmacy. Guy has also provided the residents with a much appreciated exercise cycle. We continue to be indebted to the students of L-S West who have donated many hours of their time each Tuesday afternoon to help residents with numerous chores.

During the coming year, the Housing Authority wishes to initiate a series of public forums on housing issues. The goal of the public information program is to clarify housing issues and to seek satisfactory solutions so as to best serve the needs of both the town and its low income population.

Council On Aging

During 1984, the Council on Aging continued their efforts to meet the needs of the 1000+ residents of Sudbury who are 60 years of age or older.

The Council-sponsored Drop-In Center, located at 32 Concord Road, currently has three staff members and ten volunteers. The Center is open from 11 AM to 3 PM Monday through Friday. On Wednesday, Thursday and Friday the Elderly Nutrition Program serves nutritious, well-balanced meals for a donation of 75¢. Afternoons provide an opportunity for visitors to socialize with their peers, enjoy a game of cards, learn a new skill (such as ceramics or line-dancing) or to simply relax in a friendly, comfortable atmosphere.

With the addition of an outreach worker, more seniors are being personally contacted and invited to participate in various activities being offered to them. In November, the new senior citizen residents of Longfellow Glen were welcomed to the community at a coffee held in their newly completed social hall. Many of these newcomers are now participating in our programs.

So they may be kept informed, each senior citizen in Sudbury receives a monthly newsletter which includes a calendar of events and information from such sources as the Department of Elder Affairs, Bay Path Senior Citizens Services, the Sudbury Visiting Nurses Association and the Senior Citizens Legal Project. Through the mailing of a brochure to every household in Sudbury, more residents

have been made aware of services provided to their senior citizen relatives, friends, and neighbors.

Many activities and events were held during the past year. In co-operation with the Elderly Nutrition Program, various holidays were celebrated through parties and special luncheons held at the Center. There were two highlights of the year. The first was the St. Patrick's Day Dinner which was held in the Congregational Church Hall. This featured a typical menu of corned beef and cabbage. Long hours and hard work by the staff and volunteers made this a most successful event. The second event was the celebration of the holiday season at the annual Christmas Party held at The Wayside Inn. The Council thanks Innkeeper, Francis Koppeis, for his kindness and generosity. Some additional activities this year included speakers, fund-raising events, a trip to Quincy-Market, lunch at the Salem Cross Inn, two pool parties and afternoon tea at the Codman House in Lincoln.

The Council on Aging helps to meet the transportation needs of the elderly through rides to either of the local supermarkets on Tuesdays and Wednesdays, with stops at the banks or the Post Office upon request. The van is also available for daily rides to the Drop-In Center and to special events. In addition, the Council sponsors a shopping bus to Shopper's World and Natick Mall on the second Wednesday of each month. Seniors are asked to help defray operating costs by making a modest donation each time they use the van. The Council is looking forward to the future delivery of a new van which will be equipped with a wheelchair lift. This will allow for further expansion of the transportation program.

The VNA continues to provide health services to the elderly. In addition to weekly blood pressure clinics, flu shots, dietary counseling and various screening clinics, they sponsor a monthly health-related talk at the Drop-In Center. These talks, given by area health professionals, have covered such subjects as exercise, nutrition, vision and high blood pressure.

When requested, the Council on Aging staff and volunteers provide information on programs such as Social Security, SSI, Medicare and legal services and will assist seniors in filling out applications for fuel assistance, Medicaid or subsidized housing.

They also have distributed government commodity cheese and butter to senior citizens and other Sudbury residents who qualify for this program.

The Council on Aging members would like to express their appreciation to all who have helped make 1984 a productive year. A special thanks to the volunteers without whose help the Drop-In Center could not run smoothly and efficiently.

Park and Recreation Commission

Looking back on 1984, the Park and Recreation Commission has initiated many plans which will bring about changes in the face of both Sudbury's recreational facilities and programs. Topping the list of facilities changes are the improvements currently underway at Haskell Recreation Area. These plans include the paving of two parking areas, bringing water sources to the area and the construction of a restroom and shelter facility. The new 90-foot baseball diamond at Haskell should be ready for use this spring and the fencing at the Raymond Road area has proceeded as planned.

With the encouragement of the Commission, a new independent group has been established in town. Called the "Friends of Sudbury Park and Recreation," this group's

purpose is to raise funds to be used to improve Sudbury's recreational facilities. The first project which the group has undertaken is the purchase and installation of field lights for the baseball diamond at Feeley Park on Raymond Road. It has been projected that these lights will be in operation this year and future fundraising efforts will be directed toward a toddler play area at Haskell and other needed improvements to the Town's recreational facilities.

While continuing to provide and support programs of an athletic or sports oriented nature, the Commission is broadening its scope to provide more "non-sports" activities which will be of interest to a larger cross-section of townspeople. The enthusiastically received outdoor band concert of last year, the ever-popular Senior Citizen's picnic and the support of the Fourth of July festivities were indications that a variety of programs would be supported by people in Sudbury. A second summer band concert was offered. Another will be added next year. In October the young people were treated to a "Michael Jackson" concert starring Mario Velasquez and plans are underway for a spring concert. Park and Recreation sponsored ski trips are planned for this winter offering townspeople one-day ski trips to New Hampshire including bus transportation and reduced rate lift tickets. Winter programs have also been expanded to include recreational volleyball for adults. To increase resident involvement in the Fourth of July planning, a contest to select the theme of the parade will be conducted this winter.

The joint venture with the Regional YMCA in Framingham which offers programs in soccer and basketball for the younger children in town was continued and expanded. The joint swim program with the Town of Hudson was continued as a means of providing swimming lessons on a cost-effective basis. Other summer programs went well, with tennis, gymnastics, lacrosse, weight training, and aerobic dancing being popular and enjoyable for those participating. Five playgrounds were in full operation. For this summer, plans are underway for a more structured "day camp" type of program to be offered at one of the playgrounds.

The Fourth of July festivities were begun this year with the annual road race which attracted more than 200 runners from town who appreciated the earlier starting time. The

theme "Sudbury's Greatest Moments" inspired many groups who produced excellent floats to enhance our Town's parade. The annual Miss Sudbury Contest included a large number of participants who had the opportunity to gather informally at the Wayside Inn and to ride on the Miss Sudbury float in the parade. Shawn Walker, a student at Lincoln-Sudbury Regional High School, was named Miss Sudbury for this year and each of the participants was awarded a gift in recognition of the contribution each made to her town and school.

In response to a request for support from the many volunteers who have worked long and hard to establish a successful Teen Center in town, the Park and Recreation Commission has assumed responsibility for the Center. A part-time Teen Center Supervisor has been taken on board to assist the volunteers.

In general, the Commission looks back upon a year of many successful programs as well as a year of laying the groundwork for what is hoped will be a new direction and some exciting changes on the face of Sudbury's recreational programs and facilities in the years ahead.

GOODNOW LIBRARY

The Trustees of the Goodnow Library were concerned with several major projects during 1984, two of which were realized near the end of the year--the sale of the Audubon prints and receipt of a Challenge Grant from the National Endowment for the Humanities.

Although the Trustees decided early in the year to pursue the possibility of selling the volumes of the Library's rare first edition of the **Viviparous Quadrupeds of North America**, by John James Audubon, the sale did not take place until October, after the various alternatives had been investigated. Because these prints were very valuable, but not historically valuable to the Town, it was felt that the money received from their sale could be invested and would be of greater benefit to the Library. We were very pleased with the response to the auction, conducted by the Skinner Gallery in Bolton, which resulted in a check for \$91,546. This money was deposited immediately in the Goodnow Library Invested Income Fund in the Massachusetts Municipal Depository Trust where it will earn interest until specific decisions are made about how it will be permanently invested. The Trustees feel that the use of the income from such investments for Library purposes should not relieve the Town of its responsibility to continue to provide for basic library service and for meeting the requirements to receive state aid.

Notification was received early in December that the Library's application for a Challenge Grant from the National Endowment for the Humanities was successful. This application was the third step in seeking alternative ways to fund the Library's participation in the Minuteman Library Network to automate circulation and related files. Through the Challenge Grant, the National Endowment for the Humanities will pay one federal dollar for every three dollars raised locally through gifts, donations, fund-raising events, and town appropriations for this purpose over the next three years.

Two other projects which concerned the Trustees in 1984 were continued from 1983: the correction of flooding problems in the Children's Department and the re-classification of the Library staff. Most of the

Rita Colantonio

problems related to the flooding of the basement, which had resulted in moving the Children's Department to the Multi-Purpose Room, had been corrected in 1983. However, a final problem arose early in 1984 when it was discovered that the original carpet, which had been removed, cleaned, and stored while repairs were made, was too badly damaged to be re-laid. After new floorcovering--partly tile, as well as carpet--was selected and installed, the Children's Department was finally moved back to its normal location on March 31.

The proposal to re-classify the Library staff positions was supported by both the Personnel Board and the Finance Committee, and it was adopted by the Town Meeting in April as part of the new Salary Classification Plan which was implemented on July 1. As part of the new plan, in addition to raising staff salaries, a pre-professional classification was inserted between the clerical and professional levels of staff for "Associate Librarian," and Carolyn Anderson was promoted to this level as Head of Circulation in the Adult Department.

Special programs at the Library during 1984 included two very successful film series. During August, a festival of feature films for family viewing was presented on Monday evenings, and in October, a series of travel films were also enjoyed by people of all ages. The Book Discussion Group met monthly throughout the year, under the capable leadership of Trustee Aleta Cane, and discussed an interesting variety of both popular and classic books.

In the Children's Department, under the direction of Children's Librarian Betsy Mosher, 146 programs featuring stories, films and crafts drew a total attendance of 2,752. During the summer, the Children's Room became a giant ocean when 309 children participated in the non-competitive summer reading program, "A Sea-Sun for Reading." The 4,473 books which they read were represented by paper sharks, dolphins, starfish, and sea horses which decorated the walls. With the assistance of Assistant Director Brian Boutillier, three special book clubs for older children met weekly during July and August. At the end of the summer, a field trip to the New England Aquarium provided a first-hand look at the real sea world. Once again, the Friends of the Library provided funds to rent the bus, and they also paid for the rental of the feature film "Tron" which was enjoyed by all of the children at the end-of-summer party.

The Friends of the Library also supported the Library in other ways in 1984. Through contributions from membership dues, donations, their annual Book and Bake Sale, and proceeds from the photocopy service, they provided special services and items that could not be provided by the Library budget. The most notable contribution was their continuing to purchase family museum passes which are available free of charge for one-day loans to Library users. The Friends assumed responsibility for this popular and heavily-used service in 1981 when it was deleted from the Library budget. This year the cost for these special library passes to the New England Aquarium, the Museum of Science, the Children's Museum, the Museum of Fine Arts, the DeCordova Museum, Drumlin Farm, and Macomber Farm totaled over \$2,000.

The Friends also continued to support the purchase of phonograph records for the adult collection with their donation of \$400 for this purpose, and they added another \$400 for the

purchase of cassettes. We are grateful for this support since recordings were removed from the regular Library budget in 1982. The Friends also replaced a small bookcase which had been damaged in the flooding of the Children's Department and paid for moving the Children's Department back to its regular location after the flooding problems were corrected.

Many other groups, organizations, and individuals also gave their support to the Library during the year. Donations of time and money, as well as books, magazine subscriptions, and records, are tangible evidence of the community's support and appreciation of its library service.

The Trustees also recognize and appreciate the contributions of the Library staff who are competent and dedicated to serving the community. They provide personal service in a friendly atmosphere which is always our primary goal.

Veterans' Agent

Assistance to Veterans and their widows was furnished by this office. The usual number of requests were received from Veterans' widows to help fill out Social Security forms and widow's V.A. pension forms showing income for the past year and expected income for the next year.

As Veterans' Graves Officer, forms were filled out to obtain the Government headstones for deceased Veterans' graves prior to Memorial Day.

Respectfully submitted,

Col. Paul J. Leahy
Veterans' Agent
Veterans' Graves Officer

Veterans Advisory Committee

The Veterans Advisory Committee was created by the Selectmen, November, 1973. This committee works with the Veterans Agent and all veterans organizations. The committee may be called upon to aid or assist any veteran or the families of veterans in time of illness, hardship or death. They will assist veterans in obtaining needed hospitalization, they will visit those who are sick or disabled, and they will visit and comfort members of a veteran's family in time of illness or bereavement.

If you know of any veteran in need of help, please feel free to call on any member of this committee; if we can not help you we will do our best to find someone or some place that can.

These past years we have helped many by providing transportation to hospital outpatient departments and visits to veterans in hospitals.

EDUCATION

Sudbury Public Schools

The focus of the Sudbury Public Schools in the 1984-85 school year has been curriculum and classroom education. Computer instruction in programming, Logo, and keyboarding is now provided in 4-8, and more and more subjects are finding their way into interdisciplinary computer-assisted units. For example, "The Voyage of the Mimi," a new curriculum unit, combines computer simulation and word processing skills along with instruction in mathematics, science, and geography.

The Catalyst program brings critical and creative thinking activities to all students in Grades 4 through 8 and has become a model for similar programs in other school systems. Students in the Catalyst program this year interviewed Sudbury's older citizens and compiled a taped oral history of the Town. Its presentation in December was well attended and well received.

The School Committee and Administration continue to watch the population figures warily, and we predict that for the foreseeable future the three schools will comfortably house the Town's school-age population. We have turned over a part of the Nixon school for use by Town departments, and gratefully remember the many years when our offices were housed in Town buildings.

Our major concern is the tight fiscal restraint placed upon our budget by the tax cap. The Town has been very fortunate in the way that the limited resources available have been used effectively by administration, faculty, and staff to preserve the high quality of Sudbury's elementary education, and we look forward with trepidation to continued lean years.

The School Committee, with the spirited assistance of the teachers and parent groups, wrote and re-wrote the Statement of Purpose for the Policy Manual of the Sudbury Public Schools, and finally gave it its two-vote approbation this fall.

The goal of the Sudbury Public Schools is to provide an education of the highest quality for the community it serves. To reach this goal,

the curriculum and the educational practices employed must strive to develop self-respect, knowledge, reason, and a commitment to human dignity, and to prepare each child to become a participating citizen in our increasingly interdependent world.

The commitment of the Sudbury Public Schools is to provide an education of excellence where students are immersed in developing attitudes and skills which are a foundation for lifelong learning. To achieve this excellence requires not only high standards, but the full support and participation of parents, educators, administrators, and the community of Sudbury.

The Sudbury School Committee gratefully acknowledges the contribution of the parents' groups of all three schools to the cultural enrichment of our school programs and for the day-to-day support and assistance they give our schools and our teachers. Our schools are richer in many ways because of the commitment and the involvement of our parents.

Finally, we would like to thank the community for its unofficial vote of support for the schools when, in a recent survey, the Sudbury Schools were ranked highest among those things that the people interviewed liked about the Town. We agree.

Lincoln-Sudbury Regional School Committee

In 1984 the administrative structure of the high school was reorganized.

We now have four house masters immediately responsible to the superintendent/principal. One of them is in charge of all the ninth graders; the other three have a mixture of the remaining upper classmen.

These house masters have been given much of the responsibility formerly held by hall directors, along with some responsibilities formerly in the hands of the department heads, most importantly, teacher evaluation and curriculum planning. The position of hall director was eliminated and the remaining responsibilities of department heads have been given to department coordinators.

The reorganization has three primary goals:

1. the tough decisions facing the school in curriculum, staff allocation and student needs be in the hands of people who have an overview of the whole school
2. teacher evaluation be consistent throughout the school
3. the transition from junior high/middle school to the high school be given more support.

The reorganization also created the job of Director of Athletics and Student Activities, thereby giving a center of focus and direction for all extra-curricular activities.

The dislocation, pain and confusion, inevitable in any change, occupied much of the spring, but the fall brought a smooth opening to the school year. Moreover, housemasters are enthusiastic about the evaluation training they are receiving, parents are pleased with the spirit and coordination coming out of the athletic/student activities directors' offices, and the faculty has been stimulated by conversations with Ted Sizer and Harold Howe to take a fresh look at education at L/S. Superintendent Brad Sargent has led the school through a difficult transition and we are enthusiastic and encouraged about the future.

Other highlights of the year include:

...the successful negotiation of a new three year contract with the Teachers' Association

...first place at the Boston Globe Drama Festival for the students' production of "Tales of Trickery"

...second place in the state in the Dalton awards which honor participation and performance in athletics

...an up-dating of our statement of commitment to affirmative action and non-discrimination, along with a new hiring procedure designed to better implement that commitment

...an improved format for our outdoor graduation ceremony designed by a committee of staff and parents

...a reception following graduation for all students, teachers, family and friends, hosted by the Parents' Organization. We assume this lovely event will become a tradition.

...an increasingly supportive and active parent community demonstrated by a growing Parents' Organization, a revitalized all-sports Boosters Organization, and the Lincoln-Sudbury Foundation which gave its first grants to school related projects this year

1984 marked the departure of several faculty members from Lincoln-Sudbury; we appreciate their many contributions to the school over the years and wish them well. Four had served the school for over ten years and deserve special mention: Arnold Rossi, (1972) lively teacher of foreign language; Rhoda Taschioglou, (1968) challenging and dedicated teacher of English; Joe Kroil, (1961) faithful teacher of German and fan at school sports events; and Bob Wentworth, (1960) for years the school's beloved choral conductor, more recently a hall director.

The School Committee appreciates the dedication and talent of our faculty and staff and the interest and support of our communities. We will continue to work together for the well-being and education of all our students.

Superintendent's Report

The 1983-84 school year at Lincoln-Sudbury was highlighted by the graduation of another successful group of seniors. These students, like so many before them, benefited from the fine programs offered at our high school, thanks to the generous support from the communities. The communities can take pride in the reports I receive each year from students who have gone on from our school either to college or to work and are warm in their praise of our school.

The future presents us with a challenge. In order to provide the students of our communities with the finest education possible, we must continue to develop programs and maintain appropriate staff to meet the needs of an ever-changing world. I am confident that the towns are determined to preserve the fine reputation of their schools. I look forward to working with the communities to help our fine staff fulfill their mission to our students.

The following information will indicate some of the successes of our students and other details for your perusal.

Lincoln-Sudbury Regional Scholarship Fund Committee

The Lincoln-Sudbury Regional Scholarship Fund, through the generous contributions of the citizens and business organizations of Lincoln and Sudbury, has achieved an endowment of \$143,000. This has been made possible through our annual Fall mail appeal; income from Springthing, traditionally held the second Saturday in May; and memorial contributions. Perpetual endowments honoring the memory of former Assistant Principal, Frank Heys; John Wirzburger, '83 and John R. Kirshner, '64 have been established. Fund guidelines require a perpetual endowment of \$10,000 to be fully subscribed within a five-year period.

The Fund is available to any graduate of Lincoln-Sudbury with definite career plans and financial need. In June of 1984, twenty-one graduates were so recognized. A total of \$17,250 was awarded to these outstanding students. Information about the Lincoln-Sudbury Scholarship Fund may be obtained by calling the high school (443-9961) or (259-9527).

Lincoln-Sudbury Student Exchange Committee

The Lincoln-Sudbury Student Exchange Committee has worked for more than 25 years to promote international understanding through homestay exchange programs at the high school. Each year the Committee selects a number of foreign exchange students who will spend an academic year at L-S living as a member of his/her two host families (one each semester). This year the students are Marcella Deluca (Como, Italy), Antonio Perez (Orense, Spain), Ole Arthur Taubo (Nesya, Norway), Sari Toiminen (Tampere, Finland).

The Committee also offers scholarship assistance to L-S students who live with families abroad during the summer. Our ambassadors in 1984 were Betsy Anderson (Italy), Jill Gibson (Germany), Jody Hurstak (Germany), and Melinda Jones (Spain).

In addition to these individual opportunities for exchange we have, in previous years, had group exchanges with the Maidstone Schools in Kent, England. Although we are unable to continue this relationship due to current cost constraints in England, we are, nevertheless, actively seeking similar opportunities with other countries so that we can again offer the benefits of this type of exchange to our students and teachers as well as to those of another nation.

If you are interested in any of the Exchange Committee's activities, please contact any one of our members.

Minuteman Regional Vocational Technical School District

A Minuteman Tech student majoring in a non-traditional field made history in 1984. Welding major Lana Svetlichny of Carlisle topped an all male field to become the first woman to win the first place gold medal in the high school welding competition sponsored by the Massachusetts Vocational Industrial Clubs of America (VICA). Three other Minuteman Tech women also won medals for their skills in traditionally male occupations: postgraduate Gayle Sullivan of Needham won the gold first place medal in cabinetmaking; Class of 1984 valedictorian Katherine Cousins of Concord won a bronze third place medal in cabinetmaking, and Debra Wengers of Bolton won a silver second place medal in the post-secondary printing competition.

Minuteman Tech had five other gold medal winners: Ed Bloomer of Watertown in heating/ventilation/air conditioning, Anthony Tucker of Shirley in auto body, Martin Jones of Lexington in auto mechanics, Scott Moden of Arlington in commercial art and Mark Peters of Lexington in welding. Silver medal winners were James Vierkant of Stow in auto body, Peter St. Germain of Weston in auto mechanics and Chris Vaughan of Arlington in commercial art. Peter Keller of Wayland won the bronze third place metal in machine shop.

For the fourth year Minuteman Tech horticulture students won top honors for their exhibits at the New England Flower Show. In sports the Minuteman Tech hockey team, basketball team, and baseball team all qualified for the state finals, and a number of players won berths on all star teams in hockey, baseball, basketball, and softball.

Minuteman Tech received state and national awards in 1984 for its unique energy conservation system which Assistant Superintendent Renzo Ricciuti helped design. The system utilizes geothermal wells and solar panels which operate in tandem to provide domestic hot water as well as heating and cooling for portions of the building. The "Geopump System" currently puts out approximately a half-million BTU's per hour on a continuous operation basis. According to Dr. Ricciuti, "Our goal is to eliminate the use of fossil fuel entirely for heating and cooling of the building."

During 1984 Minuteman Tech engaged in a number of projects which were designed to enhance the school's service to students and to the community. Some examples of these are listed below.

COLLABORATION WITH COLLEGES --
During the past year our staff invested a considerable amount of time and energy in developing collaborative arrangements with colleges. As a result, Minuteman Tech students will be granted college credits by some institutions for work they have completed in Minuteman's technical programs. For example, a Minuteman Tech electronics graduate who enters Massachusetts Bay Community College for microelectronics study will be given 13 credits in Electronics, and a Minuteman Tech computer programming graduate will be given 9 credits in Computer Science.

COLLABORATION WITH INDUSTRY --
In 1984 our school and staff were selected by General Motors Corporation to serve as the site for a new automotive service educational program which was set up in conjunction with Massachusetts Bay Community College. General Motors is providing special training in the most up-to-date automotive service technology to our staff, in addition to giving \$100,000 in new automotive equipment to Minuteman Tech every year. The training and equipment will have a major impact on our existing high school and adult programs in auto mechanics. Our graduates will be ready to repair the vehicles of tomorrow.

COMPUTER LITERACY -- In 1984 our staff implemented a required computer literacy program for freshmen. This program was well-received by students and will be continued on a permanent basis. Since we emphasize the use of computers, this type of academic training develops the technological literacy now needed in all occupational fields.

PRINCIPLES OF TECHNOLOGY -- In 1984 Minuteman was selected as one of two vocational-technical schools in Massachusetts to offer an experimental physics/math course. This course is being designed and tested in a cooperative effort involving 31 states. It emphasizes laboratory work and math calculations related to the technical majors of students. Most important, it promotes an understanding of the principles of physics in a manner designed to prepare a

student for the lifelong learning now needed to cope with the rapid pace of technological development in our society. Our school is receiving outside funding to support this project.

ENERGY HOUSE OPERATION -- Our student-constructed, super-insulated Energy House has had an important impact on our curriculum service in 1984. The adult education course on super-insulated houses was over-subscribed. Special seminars were also presented to contractors, bankers, realtors, and building inspectors. Consumer training was provided to all Minuteman students. Specific curriculum presentations were given to students majoring in building trades and heating/ventilation work.

HOTEL PROJECT PLANNING -- During 1984 we started work on a hotel/conference center proposal which would be a major resource for learning by many students. The proposal generated opposition based in part on unanswered questions. Work is now underway to provide answers to questions on such issues as the approval process and real estate taxes. When the answers are ready, we will ask concerned member towns for the support that will benefit our students in this important occupational area.

TRAINING GRANTS -- During 1984 Minuteman Tech applied for and received a number of grants from the state Department of Education. These provided equipment to set up adult training programs in Computer Aided Drafting (CAD), Machine Shop Computer Numerical Control (CNC), Mold Making, Advanced Welding, Computerized Auto Maintenance and Automated Office skills. The high school students are also benefitting from this equipment, and we have become the first high school in the state to institute a full-fledged 2-year CAD training program for drafting students. Additional state grants provided funding for summer enrichment programs for our students in printing, drafting, auto mechanics, robotics, culinary arts and cosmetology. Grants also funded curriculum development projects in basic skills and career education with a focus on non-traditional jobs.

During 1984 there were several changes on the Minuteman Tech School Committee. After seven years of distinguished service on the School Committee, Kenneth Marriner, Jr. of Concord stepped down to be succeeded by

Cynthia Griffis. Wayland member John B. Wilson also left the committee after six years of distinguished service. His successor is Dr. Robert L. West.

In closing, the Minuteman Tech School Committee wishes to invite all residents of the 16 districts towns to attend the school's Annual Open House which is held every year on the first Saturday in February from 10 a.m. to 2 p.m. (In case of bad weather, the Open House is held a week later.) In the fall there is also an open house on the last Wednesday in October from 7 to 9 p.m.

Respectfully submitted,

**THE MINUTEMAN TECH
REGIONAL VOCATIONAL
TECHNICAL SCHOOL COMMITTEE**

OUR HERITAGE

Sudbury Historical Commission

1984 has been a busy, fulfilling and joyous year for the Commission.

The Hosmer House project has seen the successful completion of the first restoration contract. Thanks are due to the contractor, Louis Ferrazanni and Architect David Hart for a job well done, within budget. Thanks are also due to the Massachusetts Historical Commission for their assistance, and to the Town of Sudbury for allowing us to use the reimbursement grant of \$20,000 for further work on the project. The second contract will soon be out to bid, and, with luck, we will finally be able to open Hosmer House to more general public use, once the west side construction is completed this spring.

Up to now, the events schedule for Hosmer House has been necessarily limited, however a very successful Sudbury Garden Club event was held in the house this fall.

Community support has been widespread and varied this year. We are indebted to the Newcomers Club for handling the Yankee Doodle Yard Sale. The Sudbury-Wayland Lions Club will host this event next July 4th. We thank the Sudbury Women's Club for their pledge of financial assistance in interior decoration when we finally reach that stage. Thanks go to Lillian Balch and the various garden clubs for a successful show of Florence Hosmer's paintings "Men of Music" at Town Hall in December. We also thank our other sub-committee members Anna McGovern, Andrea Roessler, E. Helene Sherman and Sharon Stolle, without whom we would be lost. These people have enthusiastically assisted our efforts, and with generous support from the Sudbury Arts Council, have assisted in forwarding our restoration of the Hosmer paintings.

Miscellaneous matters, each of importance, have been handled. The presentation of the Morris Dancers from England was a highlight. The Commission, working with the Sudbury Historic Districts Commission and the Building Department, have discussed and approved restoration and other work on Loring Parsonage, the Flynn Building and others. We approved the National

Register application on the Walker Farm. We filed a lengthy report with the State on historic and other disasters in Sudbury. We approved wholeheartedly the Library Trustees' sale of the Aububon "Quadrupeds" folio and were delighted with the financial success of that project.

We thank Helen Flynn for the donation of her portrait of Florence Hosmer, and Curt Garfield for his gift of memorabilia of the last century. We congratulate the Curtis Junior High for its excellent Sudbury oral history project. We were pleased to support the request of Mrs. Norman Gluck to place appropriate markers in the cemetery for the Richardson family.

We thank Mr. and Mrs. Robert Streeter for caretaking Hosmer House, and also Mr. and Mrs. James Burke, our current resident caretakers.

We thank the Selectmen, Mr. Thompson, Town Counsel, Accountant James Vanar, the Treasurer's office, and Joseph Scammon and Douglas Lewis for constant and thoughtful support and assistance.

We are grateful to the Selectmen for placing control of the volumes of "The War Years" under our wing. The revenue from their sale will be appreciated.

And finally, we thank all the people of Sudbury for their continuing support of the Pairpoint Cup Plate program, our major fund raising program for improvements at Hosmer House.

Respectfully submitted

John C. Powers, *Chairman*
Marvis Fickett
Lyn MacLean, *Secretary*
Winifred Fitzgerald, *Treasurer*
Harriet Ritchie

Ancient Documents Committee

The focus of attention of this Committee has shifted from the restoration and preservation of ancient records to the administration of the Town's Records Management program. The long term needs of the old records have been reduced to little more than a maintenance effort, while the storage, protection and retirement of contemporary records have become increasingly more demanding.

The microfilming activities over the past year include records from the Accounting, Fire, Treasurer's and Town Clerk's offices. This filming, along with that of prior years, has made it possible to reduce significantly the office space dedicated to storage of inactive records, while keeping the information readily available to those who have a right or need to access it. Copies of these and all other town microfilm records are stored at the Iron Mountain facility in New York to protect them from loss or damage.

The changing needs of the Town, with the relocation of many offices and the installation of a computer, make it necessary to review and update the entire Records Management program. This Committee launched the first major revision to the program with a request to all boards and committees to review their current requirements and to propose updates to their respective sections of the Records Management manual. Once the current needs of the town have been identified, a draft of the revised manual will be submitted to the Supervisor of Public Documents for the Commonwealth of Massachusetts for review. This review is necessary to insure that all statutory requirements are satisfied. The process of revising the program is expected to continue well into 1985.

"Sudden Changes"

Maggie Stanley, Curtis Middle School

The members of the Ancient Documents Committee wish to express their sincere appreciation to Forrest Bradshaw who has decided to step down after many years of invaluable service. We and the entire town are indebted to Forrest for his efforts, his knowledge and experience which have contributed much over the years to the success of this Committee.

Respectfully submitted,

Russell P. Kirby, *Chairman*
George D. Max
John D. Moylan
Gerald L. Warner
Jean M. MacKenzie, *Town Clerk*

Historic Districts Commission

During the process of reviewing twenty applications for Certificates of Appropriateness in 1984, the Historic Districts Commission issued ten approvals for construction, five for alterations, two for exterior painting, two for landscaping and made one determination that a proposed addition to a house would not be visible for the road. In arriving at these judgments, the Commission fulfilled its responsibility of protecting and preserving three areas of the town designated as historic districts: Old Sudbury (Sudbury Center), Wayside Inn (land surrounding the famous hostelry) and King Philip (properties contiguous with King Philip Road). Three of the applications for Certificates of Appropriateness required public hearings and each generated a ten dollar fee to cover advertising. The accrued \$30.00 was remitted to the Town Treasurer.

On the first day of spring, a policy letter was mailed to all property owners within the three historic districts to remind them of the provisions of the bylaw that affect their property and govern the conditions under which the Commission must operate. Today's members of the family that has occupied the Bogle-Walker House (on Goodman's Hill Road) since 1806 were giving assistance in preparing an application to place their house in nomination for the National Register of Historic Places.

Memorial Day Committee

The Memorial Day observances began at 8:40 a.m. with a ceremony at the New North and Old North Cemeteries on Pantry Road. Following this the full parade group formed on Boston Post Road and under grey skies began the parade to the war monuments and cemeteries of the town. Stops included the Hop Brook crossing to commemorate Naval veterans, the Civil War Memorial at the Goodnow Library, two stops at Wadsworth Cemetery for the World War II, Korea and Viet Nam Memorials, and the King Philip Monument, the World War I Memorial at the Centre, and the Town Hall.

Musket salutes by the Sudbury Militia and Minute Musket Squad, alternating with the American Legion Rifle Squad, were part of each ceremony, with David Bentley and Dean Yarbrough playing taps and echo.

Decoration of the memorials was well handled by members of the Garden Club, Thursday Garden Club, and Hop Brook Garden Club. Sound equipment was provided by Chris Trimper.

Parade Marshal this year was George Brown, World War I veteran. Participating units included the Sudbury Ancient Fyfe and Drum Company, the Sudbury Companies of Militia and Minute, the American Legion Color Guard

and Rifle Squad, the Greater Lowell Indian Cultural Association, veterans, selectmen, Campfire Girls, Girl Scouts, Bluebirds, Brownies and Cub Scouts, a colorful and lively straggle of Sudbury Citizens, young and old, along Concord Avenue.

Prayers were offered by Dr. David Dean of the First Baptist church at the Hop Brook Ceremony, Colonel Paul Leahy at Goodnow Library's Civil War Memorial, and the Rev. Jerry Goddard of the First Parish Church at Wadsworth Cemetery. At the King Philip Monument, Father James Bertelli of St. Anselm's said the prayer and presented a brief and perceptive account of that period in Sudbury's earliest years. Chief Onk Wetase of the Greater Lowell Indian Cultural Association spoke of the long friendship between his people and the people of Sudbury; Father Joseph Curran of Our Lady of Fatima Church gave a prayer at the World War I Memorial in the Centre.

With the parade ending at the Centre, participants and spectators clustered before the Town Hall portico where Memorial Day Committee member Lt. Colonel Mary Jane Hillery was in charge of the program. Short talks were given by Selectman Myron Fox, Representative Lucile Hicks of the 13th Middlesex District and a final prayer was given by the Rev. Robert Trache.

This year's essay contest winners included David Anderson, Shana Birnbaum, Ellen Farry, Liz Allen, and Samantha Costello. After reading their essays they were presented awards. Prizes were donated by Sudbury Farms, Commonwealth Federal, Bay Bank, Guaranty First Trust, Framingham Trust, Waltham Savings, West Newton Savings and Star Market.

A musket salute, taps and echo at the Revolutionary Monument, accompanied by a more serious rainfall, ended by 1984 observances.

PLANNING AND DEVELOPMENT

Planning Board

Board Projects

For the Planning Board's three major planning projects, 1984 was a year of in-depth data collection and analysis. 1985 promises to be a year of adoption of policy statements after open debate on the implications of the data. The three major projects are each important components in developing a Land Use Plan, one of the major elements of a comprehensive plan for the Town.

1. Citizens' Perceptions and Preferences on Matters of Planning

The Board completed a profile of citizens' perceptions of town issues and problems, citizens' opinions on their role in town government, and the most highly regarded methods of citizen participation. The most persuasive technique was a comprehensive survey which included open-ended questions, forced choice questions and a cognitive mapping exercise.

2. Master Plan Update

The Board retained the services of Interchange to update the Master Plan prepared in 1962 and to recommend action guidelines for gaining effective control over the future development of land in the Route 20 corridor.

3. Town Planner

The Board hired a full-time professional Planning Administrator (Lee Newman) to render advice to the Planning Board on the administration of the subdivision Rules and Regulations and endorsement of subdivision plans; the revision or amendments to the Zoning Bylaw; the programming of special studies and the preparation of plans relating to various areas of community development.

Subdivisions and Site Plans

The Board is charged with the responsibility for approving residential subdivision plans and for reviewing and making recommendations on commercial site plans submitted to the Board of Selectmen. It operates under rules and regulations which promote "The health, safety, convenience,

morals and welfare of the inhabitants of the Town." In 1984 the Board continued to see a significant number of development projects:

	1982	1983	1984
Subdivisions Reviewed	7	9	7
Non-Subdivision Plans Reviewed	46	56	45
Site Plans Reviewed	11	19	18

The following subdivisions are in process:

1. Pheasant Meadows II, Prides Crossing Road 16 lots approved
2. Bowker VI, Willis Road 10 lots approved
3. The Elms, Hudson Road 10 lots approved
4. Oak Meadows Estates, Peakham Road 32 lots approved
5. West Way Hills, Boston Post Road 43 lots approved
6. Goodnow Meadows, Maynard Road 3 lots approved
7. Beckwith II Estates, Pelham Island Road 8 lots approved
8. Twenty Acres Farm II, Marlboro Road 4 lots approved
9. Virginia Ridge, Powder Mill Road 18 lots approved
10. Barton Farms, Woodmere Drive Extension 7 lots approved
11. Pratt's Mill Estates, Scotts Wood Drive 6 lots approved
12. DaPrato Farms, Wadsworth Road 8 lots approved
13. Wright Farm Estates, Hopestill Brown Road 19 lots approved
14. Concepts Park, Technology Drive 2 lots pending

Planning Board

(from left) Thomas Phelps; James Hannoosh; John Drobinski; Mike Meixsell and Chairman Ted Theodoros

Board Members

The Planning Board welcomes your participation in any of its meetings and in particular your expression of agreement or disagreement on positions which the Board has chosen to take regarding development of the Town.

In April of this year the five-year term of Mrs. Olga Reed terminated. In May, Mr. Theodore resigned from the Board for personal reasons. During their tenure Mrs. Reed and Mr. Theodore contributed an extensive amount of time and effort working on the Subdivision Rules and Regulations, the Master Plan Update, the Town survey, and on the creation of the Planning Administrator's position. Both members provided a stabilizing but innovative and imaginative force on the Board during a difficult and controversial period of Town government. The Board would like to express its appreciation for their contributions.

Finally, the Board welcomed three new members to the Board during 1984 - Morton Bound, John Drobinski and James Hannoosh. Theodore Theodore initially served as chairman, succeeded by Lael M. Meixsell and Thomas W. H. Phelps.

Respectfully submitted,

Thomas W.H. Phelps, *Chairman*

Board of Appeals

During 1984 the Board of Appeals considered 64 cases, 49 of which were granted; 7 were denied; 4 were withdrawn without prejudice; 1 was continued to 1985; 1 was partially granted, partially denied; 1 was partially granted, partially withdrawn without prejudice; and 1 was partially denied and no action taken on part. At its annual meeting, the Board voted to elect Maryann K. Clark Chairman for 1985. Ronald G. Adolph was elected to serve as Clerk.

The cases considered during the year and the Board's actions thereon are listed below. An asterisk indicates that the variances or special permit was granted with certain restrictions imposed to safeguard the public good. Actions of the Board are a matter of public record and are on file with the Town Clerk.

Conservation Commission

Nineteen eighty-four proved to be a very busy year again for the Conservation Commission with a total of 59 Wetlands Protection Act hearings held. Thirty-one Determination of Applicability hearings were held for work within 100 feet of a wetland, and 28 Notice of Intent hearings were held for work impacting a wetland. Of the Notice of Intent hearings, 10 were for work on access roads in new subdivisions or commercial development, and 14 were for single home residential construction, with four miscellaneous Notice of Intent hearings held (wildlife pond, road walkways, etc.). In addition to holding the hearings and issuing permits, the Commission members visited each site at least one time prior to a formal hearing.

As a result of the first full year of working under the more restrictive revised Wetlands Protection Act, the Commission was busier. But the Commission was better able to control work in the wetland buffer zone having possible wetland impact by working with developers prior to the start of construction. On-going enforcement of the regulations and continuous monitoring of sites is necessary to provide protection for the town's wetlands.

At the 1984 Town Meeting, the town voted in favor of establishing a 30 hour per week Conservation Coordinator for the Commission. The Coordinator's duties combine secretarial work for the Commission with the responsibility for the monitoring of work in progress under Wetlands Protection Act filings, recommending enforcement actions when necessary, researching material for discussion and hearings, acting as liaison to other town boards, and taking and handling most Commission phone calls. This allows the Commission members to spend more time

interpreting the wetland regulations as they pertain to each site and to investigate possible land acquisitions and possible funding sources.

In addition to the creation of a Conservation Coordinator position at the 1984 Town Meeting, the Conservation Commission's Warrant Article allowing the town and state to jointly purchase the development rights to Stone Tavern Farm on Route 20 was passed by a vote of 373 to 85. This Agricultural Preservation Restriction (APR) will enable the 57 acre parcel to remain in agricultural use in perpetuity. The development rights to the farm were appraised at \$612,000 with the State contributing \$279,050 and the town's share being \$332,950. This purchase was completed in January of 1985. The Commission is presently working out the details of public trail easements on Stone Tavern Farm. At the end of 1984, the Commission was in the process of researching further possible properties for an APR joint purchase.

Again in 1984 the Commission voted to ban hunting on Raymond conservation land, although 30 hunting permits were issued for Lincoln Meadows conservation land. The Commission was made aware of illegal hunting on the Davis Land off of Route 117 and is taking action to better post all conservation lands as to whether or not hunting is allowed. Each fall the Commission will continue to hold a public hearing to determine if hunting should be continued on a selected parcel in Sudbury.

In November, the Conservation Commission held a public hearing to discuss a possible Land Bank to fund open space purchases in town. The Land Bank would raise money through an excise tax placed on buyers of real estate in town. This would allow new development to provide funding for open space, thus retaining town property values. A proposed Warrant Article will not be submitted for a spring 1985 Town Meeting. The Commission hopes to sponsor a Land Use Conference in late spring of 1985 to allow the town to define its goals further in terms of land acquisition and financing alternatives. The Land Bank is one financing method to be discussed, and if proven to be a method to pursue, the Commission will request a Special Fall Town Meeting. Adoption of a Land Bank entails a three-step process. The first step is for Town Meeting to vote to petition the

Legislature to pass a Home Rule Bill for the establishment of a Land Bank. This may be presented as a regional approach with interested towns or Sudbury alone.

The second step is passage of the bill by the Legislature. Finally, the Town must then vote at a Town Meeting to adopt the new legislation. In addition to the Land Use Conference, the Commission will be meeting regularly with other interested towns in the region to formulate a regional approach.

Following a late start due to a rainy spring, the Sudbury Community Gardens, located at the Lincoln Meadows conservation land on Lincoln road, reported few plot vacancies and a good growing season. The garden entered a regional community gardens contest and made it to the semi-finals this year, thanks to the efforts of many dedicated gardeners in town. Gardening space is now available for the 1985 growing season. Anyone interested in obtaining a plot should contact the Conservation Commission.

A major project being developed for implementation in 1985 is the acquisition of land for open space and the management of these lands. Major land owners in Sudbury will be contacted to discuss various methods of preserving their land for future generations. The Conservation Commission is seeking volunteers to participate in open space planning. Comments and suggestions from all town residents are welcome. Please contact the Conservation Commission office for information or questions.

Town Engineer

In 1984 the operations of the Engineering Department were performed by the Town Engineer, Assistant Town Engineer, one Civil Engineer, one Junior Civil Engineer, two Engineering Aides and one Secretary. The staff, although small in number, is well qualified in terms of education, experience and professional registration.

The tremendous surge in building activity that was first experienced in 1983 continued into and through all of 1984. As General Agent to the Planning Board this department reviewed and reported on six new subdivision plans and 45 non-subdivision plans representing more than 100 new residential building lots. In addition to the residential growth, 18 site plans were reviewed and reported on for the Board of Selectmen. These site plans represent a substantial growth and expansion in both our business and industrial districts of the town. In an effort to lessen the impact of this growth on traffic in and around town, we have been working with the State and private interests in developing a system of traffic signals on the Boston Post Road at both the Union Avenue and Nobscot Road intersections.

We have worked very closely with the Highway Department on many projects this past year. The drainage program is continuing and systems were installed in Dutton Road, Dakin Road, Old Lancaster Road, Peakham Road and Tanbark Road, all in accordance to

our plan and directions. The walkway program has slowed down some but almost one half mile of new walkway was constructed on Dutton Road between Pratts Mill road and Hudson Road. In addition to this walkway a quarter mile section of Dutton Road just south of Moore road was relocated and reconstructed, again in accordance to our plans and directions. We continue to work with the Highway Department in the operation of the Sand Hill Sanitary Landfill. This includes the preparation of a yearly operational plan for submission and approval by the State Department of Environmental Quality Engineering (D.E.Q.E.). Under a permit granted by the D.E.Q.E., I have been designated the engineer for our landfill and am responsible for the inspection and submission of monthly reports to the State on the daily operation. This past year we adopted new rules and regulations for the operation of our landfill in an effort to increase its life expectancy.

The Engineering Department also maintains and updates a very large file of maps and property plans for both Town and public use. More than 100 Assessors Maps showing such things as lot shape, area, topography, home locations and owners name are updated on a monthly basis. In addition, a vast variety of town maps such as street maps, zoning maps, wetland maps, floodplain maps, flood hazard maps and soil maps are also available within our files. The mapping program is an extremely valuable ongoing project used for all kinds of existing and future town planning.

Again as in the past, there were many emergency projects that developed and were given a high priority due to their importance. Some of these projects required many man hours, such as town line relocation between Sudbury/Wayland and the plans and contract documents prepared for the Park Department for parking lot improvements at Haskell Field. We have also maintained long standing projects such as subdivision inspection, town line perambulation and geodetic control and surveying for the monitoring of water elevations at 22 different locations along the major water courses throughout the Town.

Many other plans and services have been provided for other town departments, boards, committees, and for the general public.

Respectfully submitted,

James V. Merloni, PE, RLS
Town Engineer

Long Range Capital Expenditures Committee

During 1984 the Long Range Capital Expenditures Committee, in cooperation with other Town boards, commissions, and department heads, prepared a five-year Capital Improvement Program for the period 1984-1989. The Committee considered each capital expenditure being proposed and made a recommendation as to the relative priority of these projects to the Town. Detailed information on each project along with the specific recommendations of the LRCEC was presented in a report made available to the Town at the time of the 1984 Annual Town Meeting.

We look forward to the ongoing cooperation of the Town organizations with which we work.

Respectfully submitted,

Richard J. Maloney, Chairman
Robert J. Cusack
Gerald M. Orris (Res.)
John J. Ryan, Jr.

Permanent Landscape Committee

During the past year the Permanent Landscape Committee continued to make suggestions about the plantings around the Town buildings. We added some flowering plants to the Loring Parsonage to add summer color.

We welcomed two associate members, Susann Y. Stadtfeld and Anne N. Thomas, to our committee so that the Thursday Garden Club would be represented. In the coming year we plan to meet on a regular monthly basis.

The Committee continues to be available with advice on plantings and plant material.

Metropolitan Area Planning Council

Sudbury is a member of the Metropolitan Area Planning Council (MAPC), comprising 101 communities in the metropolitan Boston area. The MAPC makes regional plans and policies, and provides technical assistance to member communities. In 1984, Sudbury's MAPC membership assessment at 17.3 cents per capita, was \$2,427.

The Metropolitan Area Planning Council provided specific assistance to Sudbury for: MetroWest Transportation and Growth Impact Study.

Sudbury benefited from the following regional plans, policies, or programs: The Overall Economic Development Program, and the Transportation Improvement Program (required to maintain eligibility for federal funds in these areas). Zoning reviews and comments (to assist communities to identify and modify development projects to minimize adverse impacts and to promote cost effectiveness), census data forecasts and analyses, land use maps and tables showing changes since 1971, legislative monitoring and analyses of proposed legislation are among the other services the MAPC provides to Sudbury. Several workshops covering economic development, street standards, and local zoning issues were also held during the year, and a public outreach program which alerted travelers to the reconstruction of the Southeast Expressway was instituted during 1984. Publications which benefit Sudbury include the **Massachusetts Small Cities Program Handbook** and the **Community Profiles Series**, a reference guide for each of the 101 MAPC communities. One Industrial Revenue Bond was also reviewed for Sudbury totaling \$2,232,000.

I am proud to have been of service to Sudbury as its MAPC representative.

Respectfully submitted,

David F. Grunebaum
MAPC Representative

Sign Review Board

The Sign Review Board met throughout the year as required by the Building Department and Board of Appeals. Under the new bylaw this was the first year the Board acted in an advisory only capacity.

FINANCES

Finance Committee

The Finance Committee's role is to advise the Town through its recommendations on all articles and budgets in the Warrant. Each committee member, as a liaison to a town department or board, regularly attends the meetings of the Board or Committee and in turn keeps the rest of the Finance Committee apprised of items which are of interest to us. The liaison is available to the department or committee in preparing budgets, warrant articles and transfers during the year. Through the liaison system the Finance Committee is able to better understand what each department in town is doing and what its needs are in more than a cursory way.

With the restrictions imposed by Proposition 2½ the Finance Committee must make its recommendations based on priorities. In turn, Town Meeting needs to vote according to its priorities without losing sight of the tax levy limit (the amount which can be raised by taxation). As we approach the \$25.00 tax rate maximum, it becomes increasingly important to allocate carefully Free Cash, expenditures from the Stabilization Fund and appropriations to be raised by taxation.

For the first time, the "Bourne" Rule was used at the 1984 Annual Town Meeting so that if expenditures other than those recommended by the Finance Committee were considered higher priority, the Town Meeting was given guidance from the proponents as to what could be reduced to offset the requested increase. At the beginning of the budget process the Finance Committee is given a number (the tax levy limit) which is the maximum amount which can be appropriated for that year. The recommendations of the Finance Committee are made with that ceiling in mind; if the Town Meeting has other priorities they should be so voted keeping in mind that the tax levy limit cannot be exceeded without an override and therefore something must decrease. We all have the same pool of money from which to draw to meet our obligations.

The Finance Committee would like to thank the Department Heads and Committee Chairmen for their continued cooperation in keeping our guidelines in mind when making their requests. Their cooperation is a good indication that they understand the challenge and need for good financial planning and the wishes of the Town's support of Proposition 2½.

At the close of the 1984 Annual Town Meeting the terms of Lindalee Lawrence, Bill Maurhoff and Chairman Jim Pitts ended; we thank them for all their contributions and dedication during the past three years.

We hope that you, the voters and taxpayers of Sudbury, will attend Finance Committee meetings and hearings or contact individual members to ask questions, express concerns and make suggestions, in addition to reading the Warrant for our recommendations and reports.

I thank the taxpayers and other departments and boards for their cooperation and assistance during the year.

Respectfully submitted,

Isabelle K. Stone
Tax Collector

Board of Assessors

During 1984 the Assessors added \$15,344,000 Real Estate and Personal Property valuation to the tax base.

The Fiscal 1985 tax rates were approved by the Department of Revenue during the last week of September. This was the earliest approval in recent memory.

In preparation for the Fiscal 1986 revaluation, the Board has accepted a bid for personal property appraisal from an outside consultant, and will choose a commercial appraisal firm in the near future. Residential property appraisal and market analysis will be done by assistant assessor Daniel Loughlin, who has now completed his first year with our office.

The Board welcomed Theodore G. Cameron and Patrick J. Delaney, III as newly elected Assessors and expressed its heartfelt thanks to departing Assessor, D. Randolph Berry.

The Board anticipates a very busy year during 1985 and appreciates the continued cooperation and understanding of Sudbury's taxpayers.

Respectfully submitted,

David M. Collins, *Chairman*
Patrick J. Delaney, III
Theodore G. Cameron

Town Treasurer

During the fiscal year ended June 30, 1984, the Town incurred greater interest costs than ever before. The overall decline in interest rates somewhat alleviated interest costs to the Town on our required short-term borrowings, but also increased the problem of maintaining our investment income. However, there was a slight increase in total investment income for the year, and for the third consecutive year these earnings exceeded \$200,000.

The timely issuance of tax bills in October, 1984, will mean a significant reduction in required short-term borrowings and interest costs for the current fiscal year. In spite of declining interest rates, it is hoped that a combination of factors may lead to increased investment income during the current fiscal year.

This department is grateful for the continuing cooperation it received from many individuals and departments during the year.

Respectfully submitted,

Chester Hamilton
Town Treasurer

"New Neighbors"

Amy Smith, Noyes School

TOWN CLERK

Town Clerk

Reflecting back on my second year in office, I would like to report that the year has been extremely busy, hectic at times, challenging, sometimes disappointing, but always interesting.

With a feeling of great loss, I accepted reluctantly the resignations of two senior staff members of this office who have moved out of town to begin new challenges in their lives. Mrs. Carole Clark served as senior clerk for seven years and Mrs. Florence Fosgate, the Assistant Town Clerk, has been with the department for nine years. Their service to this community has been outstanding. At all times, they were dedicated and dependable and their work was consistently excellent. They are missed sincerely by one and all, both personally and professionally.

I am happy to announce that Mrs. Sheryle Fucci has joined the staff as the new clerk and Mrs. Mary Pat Regan has accepted the position of Assistant Town Clerk. They bring with them many skills and a wealth of experience. I welcome them and wish them a long stay.

Almost two thirds of 1984 was involved with the preparation and conduct of four elections. Due to changes in state law, two elections were held, along with a technical recount, within a 13-day period. This should not occur again for another 12 years, hopefully. The first of these elections was the Presidential Primary which took place during one of winter's worst blizzards. Despite the fierce weather, the election ran with efficiency and smoothness, thanks to the town's wonderful election officers, dedicated office staff, custodians, police and so many others. My appreciation to all.

In the fall of the year, the State Primary and the Presidential Election brought forth the largest number of registered voters, as well as the highest percentage of registered voters, this town has ever had. On the last day of voter registration for the Presidential Election, more than 400 people registered. As a result, we now have a total of 9,156 registered voters or 86% of those eligible to vote who are registered. For

the Presidential Election more than 750 absentee ballots were processed and mailed to some destinations as far away as Singapore, Nepal, Saudi Arabia and Australia, in time for them to be returned and counted. This year also saw the use of the community bulletin boards to publicize the elections and special voter registration sessions. It is my intention to continue the use of these boards to inform the citizenry of town meetings as well as elections.

Although the year at times seemed dominated by elections, a great deal of progress has been made in many other areas:

- a) The road file has been up-dated and is complete.
- b) The documentary card file is nearing completion with the re-typing of the "alpha" index cards having begun.
- c) Indices have been completed of all the minutes of the meetings of the Board of Registrars and the Ancient Documents Committee.
- d) A major clean-out, clean-up and reorganization of all files has begun. The first files completed are the documents file and the election file.
- e) A substantial number of records kept in the vault by the Town Treasurer and the Town Accountant were reviewed and filmed this summer. The result is that we have now approximately 15 cubic feet of newly available space in the upstairs vault in the Town Hall.

There has been a substantial increase in the amount of records received, processed and recorded. Work load increases in other town departments are reflected in the Town Clerk's department with increased record keeping. Two new filing cabinets were purchased to accommodate the expanding record system. The Town Clerk's office has taken over the space that was formerly the Assessor's office. This will provide the much needed space for the many files as well as a work area for projects of the Town Clerk's departments, such as the Annual Town Census.

The Town Census-by-mail continues to be most efficient. Within the first week of the initial mailing, more than 50 per cent of the

returns were received, thanks to all our conscientious and cooperative residents.

This past year your Town Clerk attended a hands-on workshop for "In-house Paper Conservation," sponsored by the Bay State Historical League and the Archives of the Commonwealth of Mass. Among the many techniques demonstrated was polyester encapsulation for the preservation of individual records. As a result of this program, the Town Clerk's office is encapsulating all town maps and plans on file. Mylar envelopes have been purchased. Not only will these maps and plans be better preserved, but they will also be visible and easily accessible to the public, without fear of damage.

This past August, I completed the second of a three-year program at the New England Municipal Clerk's Institute at Salve Regina College in Newport, R.I. This time next year, I hope to have earned my C.M.C. - Certified Municipal Clerk. This comprehensive program consists of 100 hours of instruction in public administration and management, inter-governmental relations, communications, human relations, problem solving and other related courses. This program has already been extremely beneficial to me in my work as Town Clerk.

There was extensive microfilming of records this past year. An additional 16 rolls of film, which included all current financial town records, were added to the town's film library, bringing the total number of rolls to 133. Many of the records filmed were permanent records, therefore these were filmed on-site in the Town Hall. The records filmed are as follows:

Accounting Department:

Retirement Records May 1965 - Current
 Payroll Records 1981-1983
 Employee Master
 File List Nov. 1978 - 1983

Fire Department

Medical Reports 1977 - 1982

Town Clerk's Department:

Dropped Voter Cards 1979 - 1984
 Vital Records Index Cards
 (Births, Marriages and Deaths)
 1850 - 1930
 Census Lists 1981 - 1984
 Juror List 1979 - 1983
 Registered Voters,

1 volume 1977 - 1984
 Town of Sudbury Proceedings
 17 volumes 1885 - 1982

Treasurer's Department

Cash Books,
 3 volumes Aug. 1971 - April 1983
 Treasurer's Warrants
 Aug. 1978 - June 1984

The Records Management Program continues to be a very successful, essential and cost saving program for the Town. In December, a study was made by the Department of Public Records for the State, and once again, Sudbury received congratulations for its work in preserving records both through the preservation and organization of loose papers and the use of microfilming.

As I close my second year in office, I wish to thank once again all those town boards, committees and officers as well as the citizens of our town for their continued cooperation and fine assistance. A special "thank you" to my staff for what seemed at times their endless hours of work throughout this intensive election year.

Respectfully submitted,

Jean M. MacKenzie, Town Clerk
