

Province of the
Massachusetts-Bay, ss.

WILLIAM FOYE, Esq;
Treasurer & Receiver-General of His Majesty's said Province.

To *Mr Tho Bogle* Constable or Collector of the Town of *Sudbury* Greeting, &c.

By Virtue of an Act of the Great and General Court or Assembly of the said Province, begun and held at Bolton, upon Wednesday the Twenty-fifth Day of May, 1743. in the Seventeenth Year of His Majesty's Reign, Entitled, An Act for apportioning and assessing a Tax of Twenty-thousand Pounds in Bills of Credit of the Tenor and Form last Emitted; and also for apportioning and assessing a further Tax of Three thousand seven hundred and thirty-eight Pounds four Shillings, and nine Pence three Farthings, in Bills of Credit of said Tenor and Form paid the Representatives for their Service and Attendance in General Court, and Travel, and to discharge a Fine laid this present Year on the Towns of *Medfield, Liverton and Freetown* for not sending a Representative.

THESE are in His Majesty's Name to Will and Require you to Collect all and carry the Sums of Money mentioned in the List or Lists of the said Tax or Assessments of your Town, made by the Assessor or Assessors of the said Town, and committed to you

Twenty-four Shillings
In manner following; That is to say, Of each Person the whole of his Proportion set down in the said List or Lists, before the last Day of March next; so that you duly pay in the said Total of the said Lists unto, and make up and issue your Receipts of the whole thereof with my self, His Majesty's Treasurer and Receiver-General of His Revenue within this Province, my Deputy or Deputies, or Successors in the said Office, at or before the said last Day of March next, which will be in the Year of Our Lord One Thousand seven Hundred and Forty-four, which you are alike required to do. And in case any Person or Persons shall refuse or neglect to pay the several Sum or Sums, whereto he or they are set at in the Assessment, and are to pay towards the same upon demand made [either in Bills of Credit of the last Emission, or in Bills of Credit of the middle Tenor so called, according to their Denominations, or in Bills of the old Tenor accounting four for one; or in coined Silver at the Rate of Six shillings and eight pence per Ounce Troy weight; or in Gold Coin at the Rate of Four pounds sixteen shillings per Ounce; or in good Merchantable Hemp at Four pence per Pound; or Merchantable Flax at Five Pence per Pound; or in good Merchantable Ibs of Sable Cod Fish at Ten shillings per Quintal; or in good refined Bar-Iron at Fifteen pounds per Ton; or in bloomery Iron at Twelve pounds per Ton; or in good hollow Iron Ware at Twelve Pounds per Ton; or in good Indian Corn at Two shillings and three pence per Bushel; or good Winter Rye at Two shillings and six pence per Bushel; or good Winter Wheat at Three shillings per Bushel; or in good Barley at Two shillings per Bushel; or good Barrel Pork at Two pounds per Barrel; or in Barrel Beef at One pound five shillings per Barrel; or in Duck or Canvas at Two pounds ten shillings per Bolt, each Bolt to weigh Forty three Pounds; or in long Whalebone at Two shillings and three pence per Pound; or Merchantable Cordage at One pound five shillings per Hundred; or in good Train Oyl at One pound ten shillings per Barrel; or in good Bees wax at Ten pence per Pound; or in Bayberry Wax at Six pence per Pound; or in tryed Tallow at Four pence per Pound; or in good Pease at Three shillings per Bushel; or in good Sheep's Wool at Nine pence per Pound; or good tanned Sole Leather at Four pence per Pound; all which aforesaid Commodities to be of the produce of this Province;] it shall and may be lawful for you, and you are hereby authorized and required for Non payment, to distress the Person or Person so refusing or neglecting, by his or their Goods or Chattels, and the Distress so taken, to keep for the space of Four Days, at the Cost and Charges of the Owner thereof; and if the said Owner do not pay the Sum or Sums of Money so assessed upon him, within the said Four Days, then the said Distress or Distresses to be forthwith openly sold at Auction by you, for Payment of the said Sum or Sums, the Overplus coming by the said Sale (if any be) over and above the Charges of taking, and keeping the Distress or Distresses, to be immediately returned to the Owner. And if any Person or Persons assessed as aforesaid, shall refuse or neglect to pay the Sum or Sums so assessed, by the space of Twelve Days after Demand thereof, where no sufficient Distress can or may be found, whereby the same may be levied, in every such Case, you are to apply your self unto Two or more of the Assessors within your Town for Warrant to commit such Person or Person to the common Goal, as the Law directs. And where any Person or Persons shall remove from your Town, not having first paid the respective Sum or Proportion set upon him or them in the said Tax or Assessment; you are hereby authorized and empowered to demand the Sum or Sums assessed upon such Person or Persons, in what Town or Place soever he or they may be found within this Province; and upon refusal or neglect to pay the same, to distress the said Person or Persons, by his or their Goods & Chattels, as aforesaid; and for want of such Distress to commit the Party to the common Goal, there to remain until Payment be made of the Sum or Sums so set upon him, with all Charges arising by reason of such Commitment; And thereof you are not fail, upon the Pains and Penalties as may in such Case by Law be inflicted on you.

Given under my Hand and Seal at Bolton, the Fifth Day of November 1743. In the Seventeenth Year of the Reign of our Sovereign Lord GEORGE the Third, of Great-Britain, &c. KING

W Foye

*Excludes LSRHS and MMRVTHS, whose debts are already included in their respective operating budget figures above.

State of the Town

The state of the Town is excellent! The level of funding voted at the April Annual Town Meeting and the October Special Town Meeting will maintain essential services without creating any real hardships. The two major reasons we have been able to live within Proposition 2½ are: 1) the prudent use of Free Cash and 2) new construction...fiscal '86 commercial, \$8,000,000, and residential, \$23,000,000. The Town has been able to maintain the posture we have in both schools and town government because of planning ahead and wise use of town funds.

However, we cannot become complacent, because there are proposed and enacted federal and state programs that can do us great financial harm in the future. We will keep you informed of the ramifications of these issues to the Town. The issues are:

The elimination of the Federal Revenue Sharing Programs, \$130 million annually in Massachusetts)\$130,000 for Sudbury in FY1986);

The costs and problems of solid waste disposal;

Pension costs;

Increased costs of liability insurance coverage or cancellation of policies;

The effect of the Supreme Court decision making local governments subject to the Fair Labor Standards Act;

Increased health insurance costs;

The proposed elimination of tax-exempt status for an estimated 80 percent of municipal bonds;

Proposals to include local employees under Medicare.

Total Community Support Needed

Every year there are projects that need total community involvement. On these projects we are asking you to "Talk it up" to anyone you know who is in a position to help.

1. Rt. 20 widening. Last year we asked for your help and many responded. Thanks! This project is progressing and we are told that it will be bid for construction in the spring of 1987. We must keep the pressure on!

2. Excess Federal military land off Hudson Road - former Natick Labs' land, 289 acres. If the Federal Government does not allow the State or Town to acquire this land at a discount price it will destroy our greenbelt in this part of Town.

Major News/Projects of 1985

The Selectmen considered eight commercial site plans for new construction during 1985:

Raytheon Company, 528 Boston Post Road - two radar towers with support buildings and shelters. (Approved)

Automotive Diagnostic Center, 100 Boston Post Road - enlargement of building. (Approved)

Chiswick Trading Company, Inc., 29-31 Union Avenue - new warehouse/office building. (Approved)

TSR Realty Trust, Thomas Richardson, Trustee, 684 Boston Post Road - renovation of the former Dingley building for a restaurant to be named Sweetwaters. (Approved)

Lucy T. & Robt. A. Parker, The Parker Academy, Ltd., 248 Concord Road - change in use from residential to educational and construction of parking lot. (Denied)

Stanmar, Inc., 68 Old County Road - one-story connector between two buildings and construction of a two-story office building. (Approved)

Willow Hill School, 98 Haynes Road - construction of an arts/multipurpose building. (Approved)

D&D Realty Trust (Dallamora), 407 Boston Post Road - enclosure of porch and addition of second story over porch. (Approved)

The site plan activity (see chart below) has slowed down during the past two years:

1982 - 11 site plans	1984 - 8 site plans
1983 - 26 site plans	1985 - 8 site plans

Sudbury received a Certificate of Achievement from the Massachusetts Interlocal Insurance Association for 1984-85 in recognition of an excellent safety year with minimal property and liability loss, which was presented to the Selectmen at the annual Massachusetts Municipal Association Conference last October.

In April the Selectmen issued a Final License (15 years) for cable television to Adams Russell. Most of the town is cabled in the street and about 50% of the homes desiring cable are wired. The Selectmen appointed a Cable Advisory Committee to monitor the CATV system and future programming.

A Youth Commission was appointed to study what the Town *is or is not* doing for its youth and to recommend future actions. The Commission has been working hard and a report is expected early next year.

The Selectmen are deeply involved in regional planning. We are the *only* town represented on both the MetroWest Growth Management Committee (Sudbury, Framingham, Ashland, Natick, Southborough, Wayland, Wellesley, and Weston) and the Minuteman Advisory Group for Interlocal Coordination (Sudbury, Concord, Acton, Marlboro, Carlisle, Maynard, Stow, Lincoln and Littleton). Also, we are working with the Town of Stow on a possible future site and a regional district of towns to handle solid waste disposal.

Hurricane Gloria caused us to move faster on a pending project to locate a new brush and stump dump. We have done so temporarily (two years) on unused Park and Recreation land off Route 117 in North Sudbury. We should begin operation early in 1986.

The Town finally received \$170,000 from the State for the sale of the Horse Pond School.

The Selectmen were required to do a local State Census this year and as a result we had to make modifications to our precinct boundaries. We publicly thank Carole Clark for completing this task.

A new telephone system is being installed in the Town and Schools central administration offices and will be completed in early 1986. This should result in a large dollar savings to the Town over the next few years.

On the recommendation of the Planning Board and Selectmen, the Annual Water District Meeting in February appropriated \$18,400 for a town-wide Aquifer Study. An interim report is expected.

The September Special Town Meeting appropriated funds (\$10,000) to conduct clerical and management staff salary studies. The results will hopefully be ready for presentation to the 1986 Annual Town Meeting.

Major Objectives for 1986

The following major objectives have been assigned to the Executive Secretary for 1986:

1. Complete collective bargaining with the Town's five unions, begun in November of 1985.
2. Continue to seek alternatives to our landfill operation.
3. Monitor/coordinate the Route 20 widening and Raytheon access to Union Avenue.
4. Continue efforts to reduce health group insurance costs.
5. Complete first phase, short-range "General Government Office Space Plans, dated July 2, 1984 and continue long-range space plan discussions with the Superintendent of Schools.

Gift/Grants/Donations 1985

Council on Aging donations for van transportation program in the amount of \$1,021.55;

Goodnow Library grant award of \$25,000 under the National Endowment for the Humanities Challenge Program, and matching funds for the Library's automation project;

Conference table and eight chairs from the West Newton Savings Bank for Town Hall use;

New sign for the Senior Citizen Drop-In Center from James Punch.

Conclusion

As always, it is a challenge being a Selectman. Even though our decisions are not always to the satisfaction of everyone, they are made with the interest of the whole community in mind. We look forward to the challenges of 1986 and hope you will participate in helping us meet them.

We wish all townspeople a good, healthy and prosperous 1986!

Respectfully submitted,

Myron J. Fox, *Chairman*
 Josiah F. Frost

TOWN COUNSEL

This year marked an unprecedented number of land use and management questions being presented to this office. Accelerated development in Sudbury, together with significant increases in real estate values, has made marginal as well as desirable land a precious commodity. Accordingly, Town Counsel has been called upon to answer many questions regarding zoning, subdivision control, and conservation matters, many of which have resulted in litigation.

Close contact with the various boards and departments prior to a decision being made on many particular questions has forestalled much potential litigation on far-reaching legal questions, notwithstanding the close and narrow legal points at issue. We are pleased that this result has been achieved this year, as in the past, allowing anticipated legal problems to be effectively resolved prior to their becoming insurmountable.

Thomas French relocated to Arizona with his family, after serving the Town as Assistant Town Counsel for ten years. The loss was mitigated by James Dyrek, our new Assistant Town Counsel. Jim has adapted nicely to the job and works easily with all who have sought his assistance.

Any report of Town Counsel would be remiss if it did not contain a sincere expression of appreciation to Elaine Jones and Janet Silva of the Selectmen's Office for their considerate help and cooperation.

Respectfully submitted,

Paul L. Kenny
Town Counsel

PERSONNEL BOARD

During the past year the Personnel Board concentrated its efforts on the completion of two major studies. Special Town Meeting held in September 1985 appropriated \$5,000 for each study.

The Town of Sudbury, through the Personnel Board, requested separate proposals to perform the studies of certain Town positions for the purpose of creating job descriptions, new salary structures, and classification plans for the study of 1.) town clerical positions and 2.) department head managerial positions.

A review of the salary and classification plan with recommendations for change, if needed, will be presented at the 1986 Annual Town Meeting.

We have done a review of town bylaws as they pertain to the Personnel Board, and amendments will be presented for vote at the Annual Town Meeting.

The Personnel Board continues to administer the Personnel bylaw, to hear and decide grievances, and to continuously work to promote good management/employee relationships.

INSURANCE ADVISORY COMMITTEE

The Insurance Advisory Committee has not met since its submission of draft insurance specifications prior to the town's releasing its insurance package for competitive bid. Since that time the resignation of several committee members has reduced the Insurance Advisory Committee to the point where it can no longer offer effective counsel to the Board of Selectmen. Unless additional members are appointed, it does not appear the situation will change during the upcoming year.

TOWN REPORT COMMITTEE

The Annual Town Report is Sudbury's year in review based on a compilation by the Town Report Committee of the individual reports shown throughout this town report. Adding photographs and school children's artwork appropriate to some of the individual reports provides a visual enhancement of this report.

Most of the photographs in this report were provided by the Sudbury Town Crier newspaper. Other sources are shown under their respective photos. Artwork was solicited from all town children and was provided in this report by Sudbury school children in grades K through 8 under the direction of the art teachers. The art and photography make a significant contribution to the quality of this town report.

Certificates of Appreciation are presented to the children whose drawings are included in this report, and their artwork is displayed in the children's section of the Goodnow Library in the spring.

This town report was printed by Hi-Tech Graphics of Fitchburg, and was distributed to the townspeople by the Sudbury DeMolay Chapter to which the town makes a contribution equivalent to one-half the mailing cost.

Our committee this year consisted of all new members except for Linda Krusinski who started us off and was then granted an extended leave of absence. We hope she will bring her expertise back to the committee in the near future. As chairman of this committee I hereby commend the new members for their unselfish and exemplary participation in the numerous evening and daytime working meetings that had to be convened to make up for the late start in appointing and organizing the committee. In addition the committee thanks Janet Silva and Elaine Jones of the Selectmen's office for their splendid support of the committee's activities.

TOWN MODERATOR

The 348th Annual Town Meeting of the Town of Sudbury was conducted on April 1, 2, 3, 8, and 9th. Thirty-nine articles appeared on the warrant and were dealt with at the Annual Town Meeting. In addition, a Special Town Meeting was held within the Annual Town Meeting. The Special Town Meeting dealt with three articles.

At the Annual Town Meeting the articles receiving the most discussion were those dealing with the walkways for Peakham Road and Raymond Road. Motions favoring both of these articles were passed by the voters.

A new procedure was adopted for dealing with the budget article at this year's Annual Town Meeting whereby the main motion was for the entire budget as printed in the warrant with certain alterations which had been required since the printing of the warrant. The Finance Committee distributed a handout which contained the main motion in writing. Thereafter, proposed changes in the Finance Committee's suggested budget were made by motions, separately voted on, to amend the main motion. After all motions to amend were disposed of, the main motion as amended then contained a budget as recommended by the Finance Committee with those changes which

the voters had decided upon during debate. In that form the main motion passed. The new method seemed to make the budget debate and adoption process go smoothly, and the moderator recommends its continued use by the Annual Town Meeting.

A Special Town Meeting was held on September 9, 1985, whereat a total of 11 articles was dealt with by the voters. At this meeting, for the first time, the voters authorized funds for the purchase of a ladder truck for the fire department.

Despite the fact that a new moderator was in the chair, the Annual and Special Town Meeting held in the Spring and the Special Town Meeting held in the Fall ran smoothly due in large part to the excellent cooperation which the new moderator received from many town officials and the voters of the town. This spirit of cooperation, accompanied by vigorous and well-thought-out debate, continues to demonstrate the vitality of our New England Open Town Meeting form of government. The Moderator is extremely grateful to all those who participated.

Respectfully submitted.

Thomas G. Dignan, Jr.
Town Moderator

At Special Town Meeting in September, many faces showing varied degrees of interest hear James Kates make a plea for his cause.

TOWN CLERK

Peering Faces
Anna Boak
Curtis Middle School
Grade 6

TOWN CLERK

This year, an off-year for elections, has seen the volume of work in this department continue to increase substantially due to the on-going growth and development of our community. As this office is the repository for Town records and documents, it became necessary to refurbish and re-organize all the files, so that with the increase requests for information, faster retrieval can be provided. This project has begun and a major portion of the files has been completed. This year the "Map and Plan" file and index were developed. All maps and plans have been encapsulated in mylar for their protection and also for easier handling.

To respond to Federal and State regulations requiring that polls be accessible to the elderly and the handicapped, starting with the 1986 Annual Town Election there will be at least one voting machine at all elections, sometimes two, as well as a writing booth to accommodate wheelchair voters. If there are voters who have remained home in the past because they believed they could not independently exercise their right to vote at the polls, it is my sincere hope they will now take their rightful place with all other voters at the polls.

Presently over 60% of those eligible to vote have registered, which brings our number of registered voters over 8,550. Last September for Special Town Meeting, forty-one new residents registered to vote. With continued education and emphasis on the the importance and value of one's vote, it is reasonable to hope a much higher percentage of those already registered to vote will participate in the election process we are so privileged to have in this country of ours.

The Records Management Program is still a source of financial savings to the town with its Microfilming Program. This year the General Ledgers, 1941-1984; County Retirement Records; Employees Master File, 1984; Town Payroll, 1984; and Sudbury Public School/Clerk & Journal Register, 1984, were filmed. Presently there are 138 rolls of film in the town's film library. Copies of these are maintained at an off-site location for reasons of protection and security.

This past summer your Town Clerk completed an intensive three-year program of continuing professional education for

municipal clerks at the N.E. Institute for Municipal Clerks at the Newport College-Salve Regina in Newport, R.I. This program represents courses and instruction in public administration and management, intergovernmental relations, communication, human relations, problem solving and other related courses. This opportunity to improve my knowledge and skills for the position of Town Clerk has been most rewarding to me and to the town. I wish to thank the voters for their continued support in providing the funds necessary for this program. As a result of participating in this program, the distinction of Certified Municipal Clerk, C.M.C. has been officially granted to your Town Clerk by the International Institute of Municipal Clerks.

For two days in October I attended a seminar on Communications sponsored by the Institute for the Advancement of Human Behavior, whose material and information were excellent. Having received a scholarship from the Institute, there was no cost to the Town for the tuition fee of \$275.

I wish to express my appreciation to the boards, committees and officials of the Town who provide fine cooperation and assistance to the Town Clerk's department.

Respectfully submitted,

Jean M. MacKenzie,
Town Clerk, C.M.C.

SUMMARY OF 1985 TOWN MEETINGS

The following is a summary of the actions taken by the Annual Town Meeting and Special Town Meetings on resolutions and on articles in the warrants for those meetings. The more detailed official Town Meetings Proceedings appear in Part II of this Annual Report, a separate document. Copies of Part II are available in the Town Clerk's Office and are also available for perusal at the Goodnow Public Library.

ANNUAL TOWN MEETING APRIL 1, 2, 3, 8, 9

In Memoriam Resolution: RESOLVED that the Town express its appreciation for the special services and gifts of Frances M. Hill, Phillips B. Hunt, W. James Lyons, Donald March, George P. Oviatt, Priscilla Rafus, and Phyllis Stapel.

Federal Revenue Sharing Hearing: VOTED unanimously that the Town use FY86 Federal Revenue Sharing Funds to offset Fire and Police budgets under Article 6.

ARTICLE 1. Hear Reports: VOTED unanimously to accept the reports of the Town boards, commissions, officers and committees as printed in the 1984 Town Report.

ARTICLE 2. Temporary Borrowing: VOTED unanimously that the Town authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of revenue of the financial year beginning July 1, 1985, in accordance with the provisions of the General Laws.

ARTICLE 3. Personnel Bylaw - Classification and Salary Plan, Art XI: VOTED that the Town amend the Town Bylaws by substituting the Classification Plan and Salary Plan, Schedules A and B, as set forth in the Warrant and as amended by deletion of the Teen Center Coordinator.

ARTICLE 4. Personnel Bylaw - Administration Plan, Art. XI: DEFEATED an article to amend the Personnel Administration Plan by adding a new section, Section 10, Superior Performance Awards.

ARTICLE 5. Personnel Bylaw - Administration Plan, Art. XI, 7(2), Para. 7, Sick Leave Bank: VOTED to amend the Town Bylaws, specifically the Personnel Administration Plan, by adding provision and method to allow permanent part-time employees with regularly scheduled working hours and normally scheduled work days to participate in the non-union Sick Leave Bank.

ARTICLE 6. Budget: Summary of Appropriation Votes:

DEPARTMENT	VOTED
100 Sudbury Public Schools	\$6,311,204
120 Community Use of Schools	12,000
125 Summer School	5,735
130 Lincoln-Sudbury Reg. H.S.	4,373,090
140 Minuteman Reg. V.T.H.S.	308,493
200 Debt Service	422,403
310 Fire Department	1,013,911
320 Police Department	1,038,615
340 Building Department	222,747
350 Dog Officer	29,549
360 Conservation Commission	18,127

521 Accounting Department	108,666
600 Library	266,859
700 Park and Recreation Commission	151,846
800 Health	189,507
900 Veterans	7,459
950 Unclassified	1,517,210
TOTAL	17,808,841

Following action under Article 34, it was VOTED unanimously:

A. That appropriations within departmental budgets are funded hereunder as integrated line items, provided, however, that the departmental appropriation for one such line item cannot be used for another line item without the prior approval, in each instance, by the Finance Committee;

B. That with the exception of Account 100, Education, and the integrated line items provided by this motion, all the line items in all other accounts have been voted in segregated line items for accounting and expenditure purposes;

C. That all automobile mileage shall be paid at the rate of 20.5¢ per mile upon submission of a proper voucher;

D. That all appropriations under Article 6 are for the fiscal year July 1, 1985 to June 30, 1986;

E. That any state or federal funds received by the Town which must be obligated or expended prior to the next annual town meeting may be used to offset the cost of an appropriate line item in the budget upon the acceptance of the Finance Committee and the certification of the Town Accountant;

F. That funds appropriated for the Salary Adjustment line items 950-101 are to be used for salary increases; such salary increases may be transferred to another line item with the prior approval, in each instance, by the Finance Committee;

G. To appropriate the sum of \$267,566 from Free Cash as an offset to the budget in determining and setting the Fiscal Year 1986 tax rate if needed to meet the requirements of Proposition 2½.

ARTICLE 7. Unpaid Bills: VOTED unanimously to appropriate \$607.00, to be raised by taxation, for the payment of unpaid bills.

ARTICLE 8. Street Acceptance: VOTED unanimously to accept a portion of Winter Street from Summer Street to Spring Street with the sum of \$16,160 to be raised by transfer from Free Cash.

ARTICLE 9. Ambulance Lease Purchase: VOTED unanimously to appropriate \$13,000, to be raised by transfer from the Ambulance Reserve for Appropriation Account and expended under the direction of the Fire Chief, for the fourth

year payment of the lease-purchase agreement for ambulance and equipment.

ARTICLE 10. Accept § 26E of M.G.L.c.148, Residential Smoke Detectors: VOTED to accept the State statute which requires all residential property to be equipped with smoke detectors.

ARTICLE 11. Board of Health Fees: VOTED unanimously to set Board of Health fees for certain permits and licenses, specifically those for milk and cream license, camp/motel and stable permits.

ARTICLE 12. Accept Legislation - Septage Liens: INDEFINITELY POSTPONED an article to accept legislation before the State Legislature which provides that unpaid septage disposal fees and interest shall become a lien upon the property from which the septage has been collected, enforceable in the same manner as sewer liens and charges under § 16B-16F of M.G.L. c.30.

ARTICLE 13. Telephone System: VOTED to appropriate \$65,000, to be raised by transfer from the Sale of Town Buildings Account for a new central telephone system for the Town and Schools.

ARTICLE 14. Aquifer Study: Withdrawn

ARTICLE 15. Intersection Improvements: VOTED to appropriate \$14,299, to be raised by transfer of \$6,344 from Article 19 of the 1980 Annual Town Meeting and \$7,995 from Article 2 of the 1981 Special Town Meeting, to be expended under the direction the Highway Surveyor, to improve and upgrade the intersections of Concord and Pantry Roads, Horse Pond and Boston Post Roads, Horse Pond, Peakham and Pratt's Mill Roads, Pratt's Mill and Willow Roads, and Fairbank and Hudson Roads.

ARTICLE 16. Haskell Recreation Area: VOTED to appropriate \$40,000 to be expended under the direction of the Park and Recreation Commission for the continued development and improvement of the Haskell recreation area, to be raised by transfer of \$890 from Art. 33 of the 1979 Annual Town Meeting, \$11,260 from Art. 5 of the 1980 Special Town Meeting, \$6,435 from Art. 30 of the 1982 Annual Town Meeting, \$10,315 from Art. 31 of the 1982 Annual Town Meeting, and the balance (\$11,100) raised by taxation.

ARTICLE 17. Amend Bylaw, Art. V(A), Removal of Earth: VOTED to amend Article V(A) of the town Bylaws regulating the removal of earth by deleting sections 1-4 and inserting five new sections, as amended, and by renumbering the remaining sections to clarify application and to require hearing notices mailed to abutters and applicants.

ARTICLE 18. Amend Bylaw, Art. IX, III, C2- Technical Correction: VOTED unanimously to amend the section of the Zoning Bylaw specifying permitted uses within Industrial Districts, by deleting the word "and" in two places and substituting the word "or" so that garages for the sale or repair of new or used vehicles under permit by the Board of Appeals are allowed in the District, as was the original intent of the bylaw.

ARTICLE 19. Amend Bylaw, Art. IX, V, A- Site Plan Approval: Design Standards: VOTED unanimously to amend the Zoning Bylaw, Site Plan Approval, by adding a new paragraph providing specific design standards for Selectmen review of architectural renderings under the site plan approval process.

ARTICLE 20. Amend Bylaw, Art. XI(A) - Council on Aging: VOTED unanimously to reduce the number of persons over sixty years of age who must be appointed to the Council on Aging to a minimum of two.

ARTICLE 21. Amend Bylaw, Art. V, Public Safety - Door-to-door Salesmen: VOTED an article, as amended, to regulate and restrict door-to-door canvassers to specified persons whose organization's President or Treasurer has registered with the Police Chief.

ARTICLE 22A. Amend Bylaw, Art. V(B) - Signs: VOTED to refer the article to add a new section to the Bylaws regulating signs to the Planning Board for further study.

ARTICLE 22B. Amend Bylaw, Art. IX, V, J - Signs: VOTED to refer the article to delete the section of the Zoning Bylaw regulating signs to the Planning Board for further study.

ARTICLE 23. Sell Land Off Pratt's Mill Road: After a vote to table this article, Town Meeting voted to take the article from the table and VOTED to authorize the Selectmen to sell and convey, upon such terms and conditions as it deems necessary or desirable, land in

Sudbury off Pratt's Mill Road shown as Tract 006 on Assessor's map H06, at private sale, and to direct that the minimum amount to be paid for such parcel shall be \$15,000.

ARTICLE 24. Amend Bylaw, Art. IX, V, B, 1- Off-Street Parking: VOTED unanimously to amend the Zoning Bylaw to require that there be at least one off-street parking space for each 180 square feet of gross floor area of retail stores, shops for custom work, consumer service establishments, offices and banks.

ARTICLE 25. Amend Bylaw, Art. IX, IV, A, Intensity Regulations: Lot Perimeter: After a motion to withdraw a motion to refer this article to the Planning Board for further study was voted, it was VOTED unanimously to amend the Zoning Bylaw to require that any lot created after the adoption of this bylaw shall have no more than one foot of perimeter for every 40 square feet of lot area and shall not be less than 50 feet in width in any location within the lot except in a portion of the lot where two lot lines meet at a point, and that those lots created before adoption of this bylaw and conforming to then applicable requirements shall be considered a conforming lot for purposes of this bylaw.

ARTICLE 26. Amend Bylaw, Art. IX, II, C- Create BD#17: PASSED OVER a petition article to amend the Zoning Bylaw, Establishment of Districts, by adding a Business District #17 consisting of Parcel No. 012 on Town Property Map K10, off Boston Post Road (Rte. 20) and Landham Road because consideration of any article submitted in the prior year is precluded under M.G.L. c.40A §5 without a favorable report of the Planning Board.

ARTICLE 27. Amend Bylaw, Art. V, Public Safety - Driveway Location: VOTED to amend the Town Bylaws by adding a new section requiring a permit from the Town Engineer for construction of access to a way, setting forth the standards for issuance of such permit, and granting authority to the Board of Selectmen to promulgate rules and regulations under this Bylaw.

ARTICLE 28. Amend Bylaw, IX, I, Certain Open Space & Educational Uses: VOTED unanimously to amend the Zoning Bylaw to allow applicants for certain open space and educational uses to seek a Board of Appeals permit for these purposes prior to obtaining site plan approval.

ARTICLE 29. Amend Bylaw, IX,II,C, Extend LBD#6, Raymond Road Access:

DEFEATED a motion to refer this article to the Planning Board for further study; DEFEATED a motion for indefinite postponement; DEFEATMENT article to extend LBD#6 to Raymond Road to allow access from Raymond Road to allow access from Raymond Road to Limited Business District No. 6.

ARTICLE 30. Amend Bylaw, IX, II,C, Extend LBD#6, Nobscot Road Access:

DEFEATED an article to extend LBD#6 to Nobscot Road to allow access from Nobscot Road to Limited Business District No. 6.

ARTICLE 31. Peakham Road Walkway:

VOTED to appropriate \$4,300, to be raised by taxation and to be expended under the direction of the Town Engineer, for the planning and engineering of a walkway along Peakham Road from Horse Pond Road to the railroad crossing near Robert Best Road; VOTED to appropriate \$55,700, to be raised by transfer from Free Cash and to be expended under the direction of the Highway Surveyor, for the construction of a walkway along Peakham Road from Horse Pond Road to Fox Run/Whispering Pines Road.

ARTICLE 32. Raymond Road Walkway:

VOTED to appropriate \$5,000, to be raised by taxation and to be expended under the direction of the Town Engineer, for the planning and engineering of a walkway along Raymond Road from the Town of Sudbury Park and Recreation land just north of Warren Road along Raymond Road by the Park and Recreation land approximately 2,500 feet to a point opposite the Sudbury Water District property near the southeasterly corner of the Sudbury Crossing Associates Realty Trust; VOTED to appropriate \$55,000, to be raised by transfer from Free Cash and to be expended under the direction of the Highway Surveyor, for the construction of the same.

ARTICLE 33. Sudbury 350th Anniversary Celebration Fund: VOTED unanimously to appropriate \$500, to be raised by taxation, to be added to the Sudbury 350th Anniversary Celebration fund established by the 1984 Annual Town Meeting to prepare for a celebration in 1989 marking 350 years since Sudbury's incorporation in 1639.

ARTICLE 34. Stabilization Fund:

VOTED to postpone action until after consideration of Article 36, then VOTED to appropriate \$170,000, to be raised by taxation, to be added to the Stabilization Fund established under Article 12 of the October 7, 1982 Special Town Meeting pursuant to M.G.L. c.40 §5B.

ARTICLE 35. Amend Bylaw, Art. IX,II,III & IV - Open Space Districts:

VOTED unanimously an article submitted by petition to amend the Zoning Bylaw, Art. IX by adding Open Space Districts in Section II, Establishment of Districts, Part A, Types of Districts; adding references to Open Space Districts in Section II, Establishment of Districts, Parts C, Location of Districts; adding in Section III, Permitted Uses, a new section F, Open Space Districts, describing the purpose, permitted uses, as amended in para. 2(B) to delete hunting, permitted uses under a special permit from the Board of Appeals, and restrictions; and by adding a schedule of intensity regulations pertaining to an Open Space District in Section IV,B.

ARTICLE 36. Amend Bylaw, Art. IX,II,C, Open Space District #1:

VOTED unanimously an article submitted by petition to amend the Zoning Bylaw, Art. IX, in Section II, Establishment of Districts, Part C, Location of All Other Districts, by adding Open Space District #1, comprising property belonging to the U.S. Military Reservation and the Commonwealth of Massachusetts located on the boundaries of Maynard, Stow and Hudson, north and south of Hudson Road in Sudbury.

ARTICLE 37. Tax Possession Parcel #189

off Crystal Lake Dr.: VOTED unanimously a petition article to authorize and empower the Board of Selectmen to sell and convey upon such terms and conditions as it deems necessary or desirable land shown as Parcel 809 on Assessors Map F04 off Crystal Lake Drive at private sale for not less than \$30,000.

ARTICLE 38. Amend Bylaw, Art. IX,V,B, Off-Street Parking:

VOTED unanimously a petition article to amend the Zoning Bylaw, Art. IX,V, Special Regulations, B, Off-Street Parking Regulations, to mandate that parking shall be located behind business and industrial buildings.

SPECIAL TOWN MEETING APRIL 1

ARTICLE 1. FY Budget Adjustment - Salary: VOTED unanimously to appropriate \$6,140, to be raised by transfer from Free Cash, as an addition to Line Item 950-101, Salary Adjustment, voted by the 1984 Annual Town Meeting under Article 5 for FY85.

ARTICLE 2. FY85 Budget Adjustment - BC/BS: VOTED unanimously to appropriate \$16,000, to be raised by transfer from Free Cash, as an addition to Line Item 950-11, Blue Cross/Blue Shield, voted by the 1984 Annual Town Meeting under Article 5 for FY85.

ARTICLE 3. FY85 Budget Adjustment - Casualty Insurance: INDEFINITELY POSTPONED unanimously an article to appropriate additional funds to be added to Line Item 950-31, Casualty Insurance, voted by the 1984 Annual Town Meeting under Article 5 for FY85.

SPECIAL TOWN MEETING SEPTEMBER 1

ARTICLE 1. Free Cash: VOTED to rescind the prior appropriation of \$267,566 from Free Cash made under Article 6 of the 1985 Annual Town Meeting as an offset to the budget and tax levy for FY86.

ARTICLE 2. FY86 Budget Adjustment - Blue Cross/Blue Shield: VOTED to appropriate \$60,000, to be raised by taxation, as an addition to Line Item 950-11, Blue Cross/Blue Shield, voted by the 1985 Annual Town Meeting under Article 6 for FY86.

ARTICLE 3. FY86 Budget Adjustment, Casualty Insurance: VOTED to appropriate \$50,000, to be raised by taxation, as an addition to Line Item 950-31, Casualty Insurance, voted by the 1985 Annual Town Meeting under Article 6 for FY86.

ARTICLE 4. FY86 Budget Adjustment, Retirement Fund: VOTED to reduce the appropriation of \$492,000 voted by the 1985 Annual Town Meeting under Article 6 for Line Item 950-96, Retirement Fund, by \$40,339, thereby making the appropriation for FY86 \$451,661.

ARTICLE 5. Study - Non-Union Positions: Voted to appropriate \$5,000, to be raised by taxation, to hire a consultant to study all non-union positions in the Personnel Classification Plan including preparation of job descriptions and recommended salary ranges.

ARTICLE 6. Study - Department Head/Managerial Salaries: VOTED to appropriate \$5,000, to be raised by taxation, to hire a consultant to study the salaries of Town department head and managerial positions: Fire Chief, Police Chief, Library Director, Supervisor of Parks, Executive Secretary, Town Accountant, Assistant Assessor, Planning Administrator, Health Director, Town Engineer, Building Inspector, Town Clerk, Tax Collector, Highway Surveyor and the Town Treasurer.

ARTICLE 7. Unpaid Bills: VOTED unanimously to appropriate \$226, to be raised by taxation, for the payment of unpaid bills.

ARTICLE 8. Accept Legislation - Septage Liens: INDEFINITELY POSTPONED an article to accept legislation still pending before the State Legislature which provides that unpaid septage disposal fees and interest shall become a lien upon the property from which the septage has been collected, enforceable in the same manner as sewer liens and charges under §16B-§16F of M.G.L. c. 30.

ARTICLE 9. Ladder Truck: VOTED to appropriate \$10,000, to be raised by taxation and to be expended under the direction of the Fire Chief, for the purchase of a used ladder truck.

ARTICLE 10. Paint Hosmer House INDEFINITELY POSTPONED an article to appropriate funds to be used for the painting of the Hosmer House.

ARTICLE 11. Accept §13 of c.188 of the Acts of 1985: VOTED to accept §13 only of c.188 of the Acts of 1985, the Public School Improvement Act, on behalf of the local Schools, Lincoln-Sudbury Regional High School District and the Minuteman Regional Vocational Technical School District, allowing said school systems to apply for supplementary teacher salary benefits when made available by the State.

SUDBURY PUBLIC SCHOOLS

The Sudbury Schools, under the director of Supt. Joseph D. LoPresti, provide settings where children learn communications and problem solving skills within an environment that strives to be supportive and cooperative. Dedicated teachers and administrators work to enrich children's lives with the resources of our culture and heritage, stimulate curiosity about the future, provide experience in creative inquiry and originality of thought and action, develop critical thinking skills, and nurture academic, social, psycho-motor, and artistic talents unique to each child.

After a year-long study of existing practice, research, and available options, we adopted a plan to significantly alter one Early Childhood Program. Our goal is to focus on the whole child - a total literacy development program designed to make language rich and accessible, combined with a program to develop the cognitive skills, social skills, and the large and small motor skills that need attention in all five-year-olds. Towards this end, we focused on the individual development needs of each student by limiting Kindergarten class size to 18 and adding a full-time aide, while providing new educational supplies and equipment for the various activity centers. Additionally, we implemented a system-wide program for children entering first grade. We are sponsoring and participating in a wide range of in-service programs, seminars, and professional development activities aimed toward the ideal Early Childhood Program for Sudbury.

Last fall we became the first system in the state to mandate the installation of seat belts on all school buses. Buses are now equipped with two-way radios and padded seats with twenty-eight-inch-high seat backs. Coupled with the new equipment is an emphasis on safety awareness, highlighted in published policy statements and pamphlets distributed to all students and parents.

Another safety innovation this year was the call-in/call-back system to help parents and school officials monitor attendance and alert them in the event that a child does not arrive in school.

Curtis Middle School Mathematic Teams were regional and national winners in the

Continental Mathematics League for 1985. A total of 25 seventh and eighth grade students received awards.

Curtis Music Department participated in a "Hands Across the Border" exchange concert by traveling to School District 20, St. John, New Brunswick, Canada, in the spring, and by hosting the Canadian student musicians in Sudbury in the fall.

A computer curriculum for grades 5 through 8 was adopted. This includes Logo, keyboard and word processing, data base and spread sheet analysis. Additional computers and peripherals were added bringing the student computer ratio to eleven to one.

At Noyes School, additional Logo instruction is provided in a weekly computer lab for all fifth grade classes, with extra practice time for additional support. Fifth grades assist, at lunch time, the handicapped children from Project Accept and Project Case.

A new Noyes parent-operated Craft Connection Room offers curriculum-based craft activities. The Art Appreciation Study Program expanded to include over 60 prints in a voluntary study-loan program in classrooms.

"The Voyage of the Mimi", a new curriculum unit, is in place in the seventh grade. This interdisciplinary approach uses video and computer simulation with navigational skills to combine oceanography and environmental studies with mathematics.

The Catalyst program this year brings critical and creative thinking skills to grades 4 through 8, and continues to meet the needs of the Talent Pool students. The program attracted attention and became a model for many other communities seeking to implement programs for gifted and talented students.

In-service programs for 1985 included staff training in the Bank Street Writing, Refocusing on the 3R'S, training in "Voyage of the Mimi" and Improvement of evaluation skills. During summer 1985, more than fifteen special curriculum area workshops were conducted for and by the staff.

We are indebted to the talented and energetic parents and members of the community who serve our schools in so many ways. Your involvement in school activities is appreciated, and your contributions are immeasurable. We invite the entire community to participate in the programs in our schools and to become involved in the work of the

School Committee. New ideas and new energy keep us moving forward.

LINCOLN-SUDBURY REGIONAL HIGH SCHOOL

This has been a good year at the High School with no major upheavals. The new Superintendent/Housemasters/Athletics-Activities Director management team completed its first full year of operation with generally excellent results. Careful teacher evaluation was a major effort for the management team.

We adopted a new policy which better controls students leaving campus during the school day. I.D. cards are issued to sophomores, juniors and seniors who have parental and school permission to leave campus when they are not in class. We debated the issues of responsible administration versus student responsibility/ambience for many hours before we settled on what we consider a measured response to the problem of student safety (in cars) during school hours.

Other agenda items included: (a) whether or not to have an honor roll (the committee is sharply divided on this and nothing definite has been decided), and (b) a different school calendar which would make more sense academically and culturally. Changing the calendar would force changes in family life for our community, so we are moving slowly on this issue.

Two valued administrators, Richard Santella, Supervisor of Building and Grounds, and Anthony Zarella, Director of Special Needs and Counseling, retired this year. Brian Cunnane has been hired to handle special needs and Anthony Sobiech will handle the work inside the building. We have arranged with Park and Recreation to have their crew, headed by Jack Braim, handle the grounds, etc. The arrangement is working well.

The State Public School Improvement Act will have mostly non-financial effects on our school over the next years. New requirements and reportings are chief among these.

We are working on how to refine the curriculum and allocate staff resources at the school. Budgetary problems are still with us and will always be around.

The Committee is proud of the school and our community. The football team made headlines by winning the "Super Bowl of Division III". The Boosters are bigger than ever, the L-S Parents Organization is bigger than ever and much in evidence, and volunteers have organized to help clean the school grounds.

The staff and students organize themselves each day to take on important new tasks vital to each of us. The committee expresses its appreciation to Bradford H. Sargent, Superintendent/Principal, and the entire L-S staff for their commitment to the young people of our communities.

Respectfully submitted,

LINCOLN-SUDBURY REGIONAL
HIGH SCHOOL COMMITTEE

Superintendent's Report

Another successful year highlighted by one of the most talented graduating classes in its history marked the 1984-85 school year at Lincoln-Sudbury. More than 84 percent of the students went on to further education and the remaining students benefited from the depth and variety of programs offered by the high school. This is due to generous support from the communities. There is reason for each person to feel pride in the high school and to share in the respect accorded Lincoln-Sudbury.

There will be further challenges in the future as enrollment declines and the competition for tax dollars increases. However, I am sure the citizens of Sudbury will continue to support their high school and guarantee the staff necessary to work with young people. I look forward to working with the communities as the high school achieves new heights.

The following information highlights some of the students successes and details about the high school.

Respectfully submitted,

Bradford H. Sargent
Supt./Principal

Annual Regional District Election

The Regional District Election was held in conjunction with the elections in Lincoln and Sudbury on Monday, March 25, 1985 and certifications of the results were received from Elizabeth J. Snelling, Town Clerk of Lincoln, and Jean M. MacKenzie, Town Clerk of Sudbury, as follows:

	Lincoln	Sudbury	Total
Lynn B. Donaldson, 22 Weston Road, Lincoln	763	1,123	1,886
Cornelius S. Hickey, Jr., 188 New Bridge Rd., Sudbury	436	1,138	1,574
Blanks	579	1,450	2,029
Scattering		1	1
	1,778	3,712	5,490

Respectfully submitted,

Catherine T. Finelli
District Clerk

LINCOLN-SUDBURY REGIONAL SCHOLARSHIP FUND

The Lincoln-Sudbury Regional Scholarship Fund, through the generous contributions of the citizens and business organizations of Lincoln and Sudbury, has achieved an endowment of \$147,000. This has been made possible through our annual fall mailing, income from Springthing, traditionally held the second Saturday in May memorial contributions, and a specific appeal to businesses in Lincoln and Sudbury. Perpetual endowments honoring the memory of former Assistant Principal Frank Heys; John Wirzburger, '83; and John R. Kirshner, '64 have been established. Fund guidelines required a perpetual endowment of \$10,000 to be fully subscribed within a five year period.

Recipients

Scott Bagley	Ellen Huie
Maya Chauls	Mary Laasanen
Susan Cutter	Patricia Lane
Michelle Fowler	Kathleen Lee
Susan Fox	Leslyn MacLean
Stephanie Gorgone	Rodney Marshall
Scott Harrington	Joan Sklenak
Frank Heavey	Christopher Solo
Joseph Hogan	Patricia Szarek
Jilliane Horton	Matthew Wirzburger

The fund is available to any graduate of Lincoln-Sudbury with definite career plans and financial need. In June of 1985, the above Lincoln-Sudbury's graduates were so recognized. A total of \$20,500 was awarded to these outstanding students. For information about the Lincoln-Sudbury Scholarship Fund call the high school (443-9961).

LINCOLN-SUDBURY STUDENT EXCHANGE COMMITTEE

The Lincoln-Sudbury Student Exchange Committee has worked for more than 25 years to promote international understanding through homestay exchange programs at the high school. Each year the committee selects a number of foreign exchange students who will spend an academic year at L-S living as a member of his/her two host families (one each semester). This year the students are Ana Maria Malo (Cuenca, Ecuador), Balma Rodrigues (Castellon, Spain), Kazushige Nakayama (Mishima, Japan), and Alexander Gerhardt (Frankfurt/Main, Germany).

The committee offers scholarship assistance to L-S students who live with families abroad during the summer. Our ambassadors in 1985 were Andy High, Sharon O'Neill, Kim Sewall and Heidi Wisback who spent six to eight weeks living with families in France, Spain and Switzerland.

In addition to these individual opportunities for exchange we have had group exchanges in previous years with the Maidstone Schools in Kent, England. Although we are unable to continue this relationship due to current cost constraints in England, we are actively seeking similar opportunities with other countries. We have planned an exchange in Germany during 1986 and although plans are not firm at this writing, we are hopeful it will take place this spring for our students and next fall for the German students.

People interested in any of the Exchange Committee's activities may contact any member.

Caps fill the air as graduation ceremonies end for L-S class of 1985 on June 7

MINUTEMAN REGIONAL VOCATIONAL TECHNICAL SCHOOL DISTRICT

In June 1985 Minuteman Tech completed its first eleven years of existence. This report is designed to give the citizens of the 16 Minuteman Tech district communities an idea of what the school has accomplished during these eleven years.

The school opened in September 1974 with a group of ninth graders. Four years later in 1978 these students comprised Minuteman Tech's first graduating class. Since 1978, Minuteman Tech has graduated 1,898 students. An additional 183 post-graduates completed their technical training at Minuteman Tech.

Placement figures for the Minuteman Tech graduates show that 19% went on to 2 or 4 year colleges, 49% went to work in the technical field for which they were trained or in a related field, 25% went to work in a field unrelated to their training, 3% went into the military service and 4% returned to Minuteman Tech as post-graduates.

An additional 1,702 adults completed job training in Minuteman Tech's Regional Occupational Program, and 89% of these adults who were available for work on completion of their training found jobs in the field for which they were trained.

Since it began in 1977, Minuteman Tech's Adult Education program has served 17,304 people. During its seven years of existence, the Minuteman Tech Summer School has served 6,018 young people and adults.

Since January 1976, 8,065 students from district junior and senior high schools have traveled to Minuteman Tech two afternoons a week to explore careers in a variety of technical programs.

Minuteman Tech is proud of the accomplishments of its students during these past eleven years. The school's graduates have been accepted by colleges such as M.I.T., Dartmouth, Cornell, Rochester Institute of Technology, Worcester Polytechnic Institute, University of Wisconsin, Indiana State, Texas A & M, Wheaton, Boston University, and Tufts University. They have become successful businessmen and businesswomen. Some of them are now serving Minuteman Tech as members of advisory committees to the

technical programs from which they were graduated.

Since 1977 in Vocational Industrial Clubs of America (VICA) skill competitions, 55 Minuteman Tech high school students and post-graduates have won state championships and 66 students have been medalists. Two of these students went on to win national championships in skill events, while 14 additional students won medals in the national competitions.

Minuteman Tech horticulture students have achieved an equally impressive record in state and national Future Farmers of America skill competitions, plus winning top honors five years in a row for their exhibits at the New England Flower Show. In addition, the school's athletes have won berths on all-star teams every year since Minuteman Tech began competing in the Commonwealth Conference.

In terms of curricula, Minuteman Tech teachers have worked extensively with advisory committees from business and industry to insure that the school's programs reflect the latest technology. State and federal grants enabled the school to set up the first high school computer-aided drafting instructional program in the state, plus programs in computer numerical control (machine shop), robotics, automated office technology, digitized typesetting, and a computer applications center which serves students from all of the school's academic and technical areas.

Minuteman Tech building trades students constructed the first superinsulated energy house in the eastern part of the U.S. utilizing a technology developed in Saskatchewan, Canada. The house has no furnace and is being heated for less than \$150 per year.

Minuteman Tech culinary arts students are now able to learn fast food management by operating their own McDonald's restaurant located in the school's cafeteria. Through a cooperative arrangement with General Motors, Minuteman Tech auto mechanics students and instructors now train in the latest automotive technology and receive \$100,000 worth of brand new cars every year so they can practice repairing the computerized equipment on them.

Looking toward the future, Minuteman Tech continues to pursue its goal of providing excellence in service to students and the community. An off-campus superinsulated home construction program begun in 1985 will be expanded. Since the town of Lexington did not approve construction of a hotel on the school's property, Minuteman Tech is exploring other ways to utilize its 65-acre campus to expand educational opportunities.

The school is also developing a new Technical Studies Program to provide students with a broader range of inter-related training in electronics, robotics and computer technology.

There were several changes on the Minuteman Tech School Committee. After four years of distinguished service on the Committee, Theodore Papastavros of Weston was succeeded by Thomas Schendorf. Dover member William C. Greene was succeeded by Robert B. Warner, and Boxborough member Dennis Kuipers was succeeded by Kenneth Whitcomb.

The Minuteman Tech School Committee invites residents of the 16 district towns to

attend the school's Annual Open House held on the first Saturday in February from 10 a.m. to 2 p.m. (In case of bad weather, Open House is held a week later.) In the fall there is another open house on the first Wednesday in November from 7 to 9 p.m.

Assessed Apportionments

Assessed apportionments for operating and capital costs for 7/1/85 to 6/30/86 is based on the number of students from each member town attending Minuteman on 10/1/84 as a percentage of the total number of students per section V (c) of agreement. Apportionments for special operating costs are based on section IV (f) of agreement.

TOWN	PERCENT	OPERATING+	CAPITAL+	SPECIAL OPERATING=	APPORTION-MENT
Acton	6.649	\$251,279	3,907	2,011	257,197
Arlington	33.188	1,254,337	19,499	7,471	1,281,307

FINANCE COMMITTEE

The Finance Committee is comprised of nine voters of the Town, appointed by the Moderator, who are neither elected officials nor employees of the Town. The committee reviews the requests of all departments, committees and commissions which make up the Town budget and all other articles (monied and nonmonied) submitted for inclusion in the Town Meeting Warrant.

Early in the year we asked the Personnel Board to study the salaries of elected officials so the Finance Committee could recommend equitable salaries for those positions. Since then, Town Meeting has voted to study the salaries of clerical as well as individually-rated personnel with the intention of adjusting those positions which need modification.

To encourage more citizen participation, the committee set its schedule for budget hearings well in advance of the actual meetings. With the cooperation of the press, the schedule was well publicized so citizens could attend those sessions which were of interest to them.

Through citizen input at Town Meetings and Finance Committee meetings, and based on what we felt were the needs of the Town, the committee established a list of priorities which guided us through our recommendations to Town Meetings.

Guidelines were issued to all the boards and committees and departments to keep us within the Proposition 2½ levy limit. However, we are only an advisory board and the ultimate decision on how the money is spent always

remains with the voter. For this reason the committee feels it is important for you to be aware of our meetings and recommendations and to participate to whatever extent best suits your needs.

As fiscal '86 ended and fiscal '87 began, the Town of Sudbury was in a strong and stable financial position. It is imperative that we do not become complacent about spending and the unknown factors that could put us into a very serious financial crisis in future years. We are in current position through the efforts of not only the Town boards, committees and department heads, but through informed and concerned citizens; your cooperation in helping us meet our goals, in exercising fiscal restraint since the inception of Proposition 2½, and in understanding the challenge of planning current and future services within the limits of fiscal legislation is appreciated by the Finance Committee.

At the close of 1985 Annual Town Meeting, the terms of Gerald Orris, Marjorie Wallace and Thomas Dignan ended. We would like to thank Mr. Dignan and Mr. Orris for the time and effort they contributed during their terms.

Respectfully submitted,

Marjorie R. Wallace

BOARD OF ASSESSORS

During 1985 the assessors added \$270,476,041 in real estate and personal property valuation to the tax base.

Fiscal 1986 tax rates were submitted to the Department of Revenue ahead of schedule during the last week of September. The tax rate was approved early enough to save the town significant borrowing expense.

In preparation for the Fiscal 1989 full revaluation, the board is hiring a part-time employee to collect property data. Due to increasing data processing expenses, the board is examining the feasibility of providing

its own computer services in-house, under Assistant Assessor Dan Loughlin.

The Board welcomed Linda Z. Buxbaum and William B. Galvin as newly elected assessors and expressed heartfelt thanks to departing Chairman David C. Collins.

The Board anticipates an active year during 1986 and appreciates the continued cooperation and understanding of Sudbury's taxpayers.

Patrick J. Delaney III *Chairman*
Linda Z. Buxbaum
William B. Galvin

Olympics of the Mina contestants present "Hey, Diddle Diddle". Shella Pundit (center) is the cow who jumped over the moon. The other characters are (from left to right) Matt McConnon, the cat; Johannah Nikula, the fiddle; Moriah McGrath, the dog; and Nikolin Eyrich, the plate and spoon.

TOWN TREASURER

For the fiscal year ended June 30, 1985, short-term borrowing was significantly less than in the prior year, resulting in a reduction of more than \$60,000 in interest costs. At the same time, in part because of the timely issuance of real estate tax bills, total investment income exceeded \$290,000, the largest amount ever realized by the Town in any fiscal year.

At this date, it is impossible to predict how proposed federal tax revisions may impact the town's future borrowing and related interest

costs, but the legislation in its present form could significantly increase borrowing costs, both short-term and long-term. Every effort will be made to keep these costs at a minimum.

This department appreciates the cooperation it receives from many individuals and departments in the town.

Respectfully submitted,

Chester Hamilton
Town Treasurer

ANCIENT DOCUMENTS COMMITTEE

The long term needs of the town's old records have been well attended to by this committee for many years. During this past year the program for restoring and preserving ancient and historical documents has required little more than minor maintenance and repair of bindings.

The major activity of the ancient documents committee remains the administration of the town's records management program. The most significant aspect of this program is the microfilming of contemporary records to reduce the space needed for long term storage, to protect records critical to the operation of town government, and to make information readily available to anyone who wants or needs it.

The records management program which was established for controlling printed documents began its first major revision in 1984. It became obvious that the use of computers by several town offices (with more to come) is changing the way the town prepares and maintains its records. In 1985 we received from the state supervisor of public records a new set of requirements regarding the treatment of computer records. It therefore became necessary to expand the scope of the revision effort to include control over computer records as well as printed documents.

Accessibility to public information maintained on computer files and the protection and preservation of that information are what this committee has been addressing over the past year. It has also been exploring the potential for significantly reducing the cost of microfilming records maintained on computer files by means of a technique widely used in industry. The ancient documents committee has also submitted a request to the finance committee and the town accountant that all budget requests for the purchase of computer equipment, software, and supplies be segregated under separate line items. The purpose being that a significant year-to-year budget change would serve as a signal that computer usage in an office is expected to change and that a revision to the records management program may be in order.

HISTORIC DISTRICTS COMMISSION

Thirteen applications for Certificates of Appropriateness were approved in 1985: four were for building construction, three for alterations and/or landscaping, five for painting, and one for signage. The Commission also issued two Certificates of Determination, where proposed additions would not be visible from the road, and one Permit for Demolition.

In arriving at these judgments, the Commission fulfilled its responsibility for preserving and protecting three areas of the town designated as historic districts: Old Sudbury (Sudbury Center), Wayside Inn (land surrounding the famous hostelry), and King Philip (properties contiguous with King Philip Road).

Four applications for Certificates of Appropriateness required public hearings and each generated a \$10 fee to cover cost of advertising. The accrued \$40 was remitted to the Town Treasurer.

In March, the annual policy letter was mailed to all property owners within the three historic districts reminding them of the bylaws that affect their property and govern the conditions under which the Commission must operate.

Burton H. Holmes, *Chairman*
Edwin A. Blackey
Louis H. Hough
Sally B. Lukesh
W. Burgess Warren

HISTORICAL COMMISSION

During 1985 we completed the second major contract for repairs of Hosmer House. This contract dealt with the interior structure of the Concord Road side of the house. New support columns were installed in the basement, old store and second floor. The jury-rigged support column in the old store was removed. The central support column in the old store which had been removed in the past was replaced and two additional supports were added. The two floors were strengthened substantially. The chimney in the Alice room which was improperly supported is now secured. Interior piping was boxed in and the second floor partition removed, bringing the ballroom on the second floor back to its original configuration.

The entire west side of Hosmer House has been properly rendered safe in terms of flooring and loading capacity for future public use.

The Commission looks forward to a busy and rewarding year working with the refurbishing and decorating of the old store and the ballroom. We have to finish the floor surface of the ballroom and decorate the interior with paint, paper, draperies and curtains. We believe we have located what once was a "fiddler's box" and would like to rebuild it.

In the old store we need paper, draperies, curtains, paint and a floor treatment. We need to rebuild the original counters and storekeeper's desk and would welcome anyone with cabinet-making skills who

volunteer in this regard. We also found the original 1849 patented cash drawer. Our hope is to build the counter in movable sections, so they could be removed if needed to provide more space for particular functions.

We want to accomplish these goals by July 4th so we can open the west side to public use. Donations, suggestions, and other help are appreciated.

The exterior painting of the house is critical. With the support of the Finance Committee and others, we hope Annual Town Meeting will provide funds for this long-needed maintenance effort. Thirteen years of neglect is not something Sudbury should take pride in!

We look forward to planning a restoration of the grounds to their condition as shown in the 1869 photographs.

In January, we sponsored a showing of Florence Hosmer's portraits of "Men of Music" coordinated by Lillian Balch with the help of the Hop Brook, Sudbury and Thursday Garden Clubs.

We thank the Sudbury-Wayland Lions Club for sponsoring the July 4th Yankee Doodle Yard Sale.

Our program for restoration of the Hosmer paintings continued. Thanks are due to Anna McGovern and E. Helene Sherman in these efforts. We were also aided by Danforth

Marvis Fickett and Harriet Ritchie examine Hosmer House items for sale in March to benefit Hosmer House restoration.

Museum staff in evaluating the entire collection of paintings for future restoration and showing.

We answered many requests from other cities and towns for information as well as those made by the Massachusetts Historical Commission which has been of great help to us.

We look forward to 1986 as the year when the Hosmer House project will reach the plateau of public service and use.

We wish to thank the many organizations and individuals whose contributions of funds and talent have made this possible. Contributions and cup plate purchases are essential to make this coming year the success we hope it to be.

Respectfully submitted,

Marvis Fickett
Lyn MacLean, *Secretary*
Winifred Fitzgerald, *Treasurer*
Harriet Ritchie
John C. Powers, *Chairman*

MEMORIAL DAY COMMITTEE

Memorial Day observances began with prayers and taps at the North Cemeteries by a core contingent of the parade prior to meeting with the main group on the Post Road at Sudbury Inn Marketplace.

A hymn led by committee member Catherine Hall, decoration of the memorials courtesy of Sudbury Garden Club and Thursday Garden Club, rifle salute alternately by the American Legion and Sudbury Minute & Militia, and taps by David Bentley and Dean Yarbrough honored the dead at each memorial: Hop Brook, Indian Wars, Civil War, World Wars I and II, Korean and Vietnam Conflicts.

Clergymen and lay persons representing religious denominations in Sudbury gave the prayer at each site: The Reverends John Parker (United Methodist), Stanley Russell (Memorial Congregational), H.A. Goddard (First Parish Unitarian), John Wall (United Presbyterian) Father James Vertelli (St. Anselm), and lay persons Mary Jane Hillery and Francis Koppeis.

Sherrold Garfield, World War I veteran, was parade marshal. Special guests were World War I veterans Lloyd Bancroft, Forest Bradshaw and George Brown.

Leading the march were the American Legion Color Guard, followed by Selectmen, Police and Fire Chiefs, American Legion and Auxiliary, Sudbury Minute & Militia, Indians, Veterans of all Wars, Campfire Girls, Girl Scouts, Boy Scouts, Brownies, Blue Birds and Cub Scouts. The Sudbury Fife & Drum Corps provided music for the march and at the memorials and Town Hall.

Leading the assembly in singing the Star

Spangled Banner at the Town Hall were Daniel Olsen and Paul Winkleman.

Winners of the essay contest coordinated by Curtis Junior High School Principal Joan McKenna read their entries at Town Hall ceremonies. First place winner was Matthew Fonte, followed by Michael Palek, Jennifer Gonnerman, Daniel Shugrue, Julie Finigan, Cyd Bucal and Kelly Shaunessy. Prizes of \$50 check and savings bonds, or \$25 checks were given by Sudbury Farms, Star Market, Bay Bank, Framingham Trust, Commonwealth Federal, Guaranty-First Trust, Waltham Savings and West Newton Savings.

The committee was saddened this year by the loss of World War I veteran Leo Spottswood, USMC, and World War II veteran William Burns, USN, both longtime members of the American Legion and Memorial Day Committee. Modest about their service, both men had seen combat. Leo was in Europe with the American Expeditionary Forces, and Bill was blasted out of his ship by Japanese forces in the early days of World War II while he was in the Pacific theater. With love for their nation and town, they brought a wealth of history to the annual celebration and their contributions to many town activities will be deeply missed.

Respectfully submitted,

Paul Wilson
Prescott Ward
Winifred Grinnell

BOARD OF HEALTH

The Board of Health is responsible for addressing the health needs of the town. It is a three-member elected board that employs a full time professional director and an administrative assistant (coordinator).

Environmental Health

The bulk of the work of the board over the past few years has been environmental safety because of the increased development in the town. The board evaluates the sewage disposal system design of all proposed building in town to make sure it is adequate for the anticipated load and to determine that it will not threaten the town water supply. This has become more of an issue as developers are building on less desirable plots that may not be able to support an ideal system. Also the simple increase in population puts additional strain on the town's water system.

Coatings Engineering, a perennial problem with their discharges into the air and water, announced they will be moving out of state in 1986. They are still responsible for the cleanup of their property and so will continue as an important concern of the board for the next several years.

In addition to preconstruction approvals the board regularly monitors water quality in conjunction with the water district. We do this at the town wells and at numerous small wells that are dug throughout Sudbury specifically for water testing. With these we sometimes discover pollution advancing before it actually reaches a drinking well.

The board administers the billings for the new septage facility (see the Operational Review Committee report). We acquired a small computer for this purpose and have maintained timely billing without an increase in staff (but not without the current staff working harder).

Hazardous waste day had to be cancelled this year because of a huge increase in price (nearly 300%) despite our sharing the costs with Wayland. The Commonwealth is preparing to assist the towns in this and we hope to continue the service in the future.

The director investigates any complaints of possible environmental hazards including

suspected pollution, animal pests, hazardous waste spills (usually fuel oil), and unsafe structures. The board also supplies mosquito control through the East Middlesex Mosquito Control Project to prevent outbreaks of mosquito borne Eastern Equine Encephalitis.

Health Maintenance

The board contracts with the Sudbury Visiting Nurse Association (VNA) to supply public services to the town. This includes school nurses, flu vaccinations, cancer screening clinics, and home services for infants and elderly. A health needs assessment performed jointly by the Board of Health and the VNA did not reveal any unmet health needs in town. It did show that few people in town have any knowledge about the board.

Mental health services are available on a sliding-scale fee basis from the Family Counseling & Guidance Center. The town, through the Board of Health, contributes to the maintenance of the Center.

Wells-Pump & Storage Tank Permits	3
Pond/Pool Permits	4

Miscellany

The board licenses all food service facilities in town and the director checks them regularly. This includes restaurants, markets, cafeterias and nursing homes. He also inspects camps, day-care centers and schools. In the wake of hurricane Gloria, power outages

required careful screening of perishable foods, much of which had to be destroyed.

At the board's annual rabies vaccination clinic, 106 dogs and 29 cats were inoculated.

Personnel

Michael Guernsey was re-elected chairman of the board. Michael Sullivan continues as director and Mary Ann Courtemanche as coordinator.

Community Health Care

The Sudbury Visiting Nurse Association enters its 48th year of service to the Sudbury Community. Our mission statement of 1937 to provide "skilled nursing and other therapeutic care to the sick in their homes, at the schools or in the office; to promote good health in the individual, the family and the community; and to assist in preventing disease by teaching the principles of health, hygiene and sanitation" is basically unchanged.

This year saw many personnel changes within the agency. We are confident of the high level of professionalism these staff changes will bring to the community.

Our agency as well as other home health agencies are undergoing considerable change. These changes are the result of hospital prospective payment, increasing competition and increasing federal regulation. It is our goal to keep abreast of these many changes to allow us to continue to provide quality care to area residents.

The following report details the major areas of our work. These services remain as varied as the needs of those we seek to serve.

Home Health Care

Current studies indicate that home health care is a cost effective alternative to hospitalization and nursing home placement. Certainly the Association has seen a dramatic increase in the number of patients requiring home health services. Not only have we seen an increase in the number of patients but also an increase in the complexity of care required. Our goal in home health care is to provide high quality care to enable the patient to remain in his/her home as long as is safely feasible, while maintaining an optimal level of health.

This year has been one of rigid cost containment from Medicare. We have seen an increase in patients needing home care services but not being paid for by Medicare. Our agency has continued to provide these services on a sliding fee schedule or at no charge through the use of our community contributions. Our goal is to continue to find alternative financing mechanisms to allow us to continue to provide these very important services to our town.

In 1985 we made over 4,340 home visits. To keep up with the ever changing technology an IV Nurse Team was added to our array of services, filling another unmet need of the community.

Home Health Services

Service	Visits
Skilled Nursing	1,475
Physical Therapy	654
Occupational Therapy	27
Speech Therapy	4
Medical Social Worker	54
Home Health Aide	2,124
Nutrition	2
	<hr/> 4,340

School Health Services

Comprehensive school health services were provided to the children enrolled in the Sudbury school system. The health program includes the mandated screening programs - visions, hearing, postural and immunization. Assisting with these important screening programs are 33 trained volunteers who gave over 352 hours of service. In addition, the school health staff provides first-aid, dispenses medication, serves as a member of 766 CORE Team, offers health counseling and serves as consultants to school staff, as well as acts as a resource to parents and students in concerns of school health.

Our goals are to provide health services and to assist in maintaining the students in a state of wellness which will best serve their intellectual pursuits. Because the nurse also serves as a community health nurse, her focus is on the family and community, giving our nurses the ability to focus on the total health picture. At the core of our health services in the health field and in school health, as well as in other services, are the prevention of disease and the promotion of health.

Health Room Visits

School	Illness	Accidents	Medication	Other
Haynes	552	809	520	703
Curtis	1,242	587	928	1,068
Noyes	1,943	1,665	630	2,084
LSRHS	6,368	199	1,363	1,889

Board of Health

Major funding for health promotion and health maintenance programs was provided under contractual agreements with the Sudbury Board of Health. The programs include home visits to all ages and to high risk infants and follow-up on communicable disease. Programs are targeted at all age levels and include both screening programs and health education.

The objective of the preventive health services is to "promote and maintain that level of physical, emotional and psychological wellness which would enable the individual, family and community to maximize the potential of which it is capable." In an effort to meet our stated objective, Sudbury Visiting Nurse Association professionals provided 592 home visits directed toward health promotion and maintenance. Nursing assessment, planning, and observation of complications, supervision of patient's technique in self care, and the use of health counseling and education together assist individuals to reach the highest level of functioning.

Some of the health education and screening programs offered are Cancer Screening for Women, Better Breathing Day, Immunization, Glaucoma, Cardio Pulmonary Resuscitation, Flu & Pneumonia Immunization, Diabetic Screening, Hypertension.

Daily office hours are from 8-9 A.M. daily and from 3-4 PM daily, Monday through Friday. The office hours provide services such as immunization, tuberculosis screening and hypertension screening.

We are continuing an active educational program of hypertension screening. In addition to office hours, hypertension clinics are held at the Senior Drop-in Center, Musketahquid Village and Longfellow Glen.

I would like to thank the dedicated Board of Directors, agency staff, and volunteers for a job well done. With their active and dedicated support, the Sudbury Visiting Nurse Association, Inc., remains an invaluable resource for Sudbury residents.

Respectfully submitted,

Nancy L. Brown
Executive Director

COUNCIL ON AGING

During the year the Council on Aging continued efforts to meet the needs of Sudbury's senior citizens. The Council meets at the Senior Citizens Drop-In Center at 10:30 am on the first Monday of each month. In November a subcommittee was established to study the future needs of Sudbury's over 60 population. The committee consists of eight volunteers and two members of the COA. They anticipate having their task completed sometime in February.

The COA welcomed two new members this year, Karl Clough and Eleanor Guerin. We appreciate their commitment to the senior citizens of Sudbury. The Council would like to thank Eleanor Kelley, who has agreed to serve another term, and Janice Putnam and Sibyl Drake, whose terms expired. Janice and Sibyl were dedicated members who made a significant contribution to the Council.

A monthly newsletter is sent to every senior citizen in Sudbury. This letter includes a calendar of events, lunch menus, Senior Citizens Club news, and information provided by Bay Path Senior Citizens Services and the Department of Elder Affairs. In an effort to broaden our range of activities, a questionnaire was included in the March newsletter. Questions covered such topics as social interests, housing accommodations, hobbies and transportation. Of the 700 questionnaires mailed, there were 111 responses. Of the 111 people, 45 live with spouses, so 154 people were actually reflected in the responses.

Monday through Friday the Council on Aging operates a Drop-In Center located at 32 Concord Road. The Center is a gathering place for seniors who come to share a meal, enjoy a card game, meet new friends or simply relax. Three days a week, meals provided by the SMOC Elderly Nutrition Program are served at the Center. The meals program offers seniors a nutritious, well-balanced meal for a donation of 75¢. During the year 2,481 meals were served at the Sudbury site. Prior to the onset of winter the Nutrition Program distributes emergency food packages to seniors who live alone and/or might have difficulty getting out during severe weather.

As the senior citizen population in Sudbury increases, the Council on Aging

Drop-In Center receives an increasing number of requests for information and referrals. In addition to providing answers to questions about Social Security, Medicare, Medicaid, SSI, nursing homes and housing, numerous referrals were made to Bay Path Senior Citizens Services, the Senior Citizens Legal Project, Visiting Nurse Association or (VNA) and Wheel-A-Meal, to mention a few. Applications for fuel assistance were available at the Drop-In Center. Our volunteer for this program aided 20+ families in applying for these funds.

Numerous and varied special activities were provided for Sudbury's seniors throughout the year. Some of these activities were parties to observe various holidays, a series of ethnic meals, pot luck luncheons, a trip to Quincy Market, cookouts, a trip to the Flower Show, a pool party and a foliage trip. Highlights of the year were the annual St. Patrick's Day Dinner, the Park and Rec. sponsored picnic and band concert, and the Christmas Party at the Wayside Inn. Various classes are taught throughout the year. Most recently these included water color classes and intermediate bridge instruction.

Health services are provided through the Sudbury VNA. Many seniors take advantage of these services which include a weekly blood pressure clinic, the Flu Clinic and the Eyemobile. The VNA also co-ordinates our monthly Health Talks which provide information on subjects of particular interest to seniors. Some subjects covered this past year were: Common Cardiac Medications, Recognizing Depression, Grandparenting, Taking Meds Correctly and Hypothermia.

The Council on Aging has taken on the responsibility of distributing government commodity cheese, butter and other food products as they become available. The Council held two distributions during 1985 and will be providing this service every four months for as long as the commodity food is available.

Transportation continues to be one of the major problems for seniors in Sudbury. With no public transportation it is difficult for those unable to drive to get to scheduled appointments. During 1985 the COA provide an average of 150 round trips on their van each month. This includes daily rides to the Drop-In

Center, trips to the supermarkets on Tuesday and Wednesday, and transportation to various special events. Unfortunately, time does not allow us to provide rides for individual appointments.

An Open House was held at the Drop-In Center in September. This annual event provides an opportunity for residents of Sudbury to visit the Center and get acquainted with the COA members and the staff. During the Open House the COA's newly printed Resource Booklet was distributed. The completion of this booklet was a combined effort of the staff, COA members and volunteers and was printed for us courtesy of Raytheon.

The Council on Aging would like to thank all who contributed to the success of their programs during the past year and a special thanks to the many volunteers who gave so generously of their time.

Respectfully submitted,

Col. Paul Leahy, *Chairman*
Karl Clough
Eleanor Guerin

Sr. Mary McGovern
Dr. Donald Oasis

LOCAL ARTS COUNCIL

During 1985 approximately \$3,600 were allocated to the Town of Sudbury Local Arts Council by the Massachusetts Arts Lottery Council. Awards were made in each of the two granting periods. In the spring, the award was made to Lincoln Sudbury Regional High School to underwrite a one-week residency of the Beau Jest Moving Theatre. While in residence the Beau Jest company, under the leadership of Davis Robinson, L-S graduate, developed a program, *Beau Jest Meets Springthing*, which was performed during Springthing.

In the fall granting period, two awards were made, one to Denise Bower for a Cultural Arts Week (March 1986) and the other to Haynes Organization of Parents for *Book Alive*, an enrichment program featuring storytelling, creative writing, workshops, and visits by authors and illustrators (Jan-May 1986).

Respectfully submitted.

Virginia K. Kirshner
Marilyn S. Goodrich
Barry R. Marchette
E. Helene Sherman
Marica J. Smith
Maxine J. Yarbrough

Helene Sherman Day was declared as March 17th by the selectmen to honor her for 65 years in Girl Scouts. Sash shows her 23 badges and Golden Eaglet pin (upper left corner), the highest award formerly given to Girl Scouts.

GOODNOW LIBRARY

During 1985, Library service continued to function smoothly while the staff worked busily behind the scenes, preparing to go "on-line" with the computerized circulation system as a member of the Minuteman Library Network. All of the collections were inventoried, and more than 45,000 items were coded with zebra-striped labels and entered into the database.

While use of the system for circulation was planned to begin late in December, access to the list of the holdings of all the member libraries facilitated inter-library loan. The number of books borrowed from other libraries for Sudbury residents totaled 824, an increase of 5% over 1984. The number of items loaned to other libraries reached an all-time high of 134, an increase of 58% over 1984.

Special programs in the Adult Department included a "Horror Film Festival" on Monday evenings during August, featuring classic horror films. Throughout the year, except for July and August, the Book Discussion Group met monthly under the leadership of Aleta Cane and Martha Dow.

In the Children's Department, under the direction of Children's Librarian Betsy Mosher, 143 programs, featuring stories, films and crafts, drew an attendance of 2,750 children. During July and August, a "Summer Book Party" was the theme of the non-competitive summer reading program. By the end of the summer, 4,183 candles on a giant party cake represented all of the books read by or to the 260 children who participated. The end-of-the-summer party featured the showing of the feature film "Pete's Dragon," which was rented for the occasion by the Friends of the Library.

Two special programs were sponsored by the Children's Department this year, also with the cooperation of the Friends of the Library. In April, about 100 children participated in a "Balloon Launch," and on one evening in November, about 30 parents and children were treated to a "Bedtime Story Hour."

Many special Library services and programs would not be possible without the assistance of the Friends of the Library. This year they added a family pass to Boston-By-Foot, a non-profit organization which promotes awareness of Boston's architectural

heritage through guided walking tours of the city. In addition, the Friends continued to provide family passes to other area museums: the New England Aquarium, the Museum of Science, the Children's Museum, the Museum of Fine Arts, the DeCordova Museum, and Drumlin Farm. These passes are available for one-day loans, free of charge, to Library users and may be reserved in advance.

The Friends also added 14 new titles to the Books-On-Tape collection and continued to provide funds for the purchase of adult records and cassettes, which are no longer included in the Library budget.

Special programs sponsored by the Friends during the year included a presentation of the 13-week film series "Civilization," from July to October, and for the third year, they sponsored an exhibit of original children's book illustrations from the DeGrummond collection of the University of Southern Mississippi.

Throughout the year, the Trustees were involved in fund-raising efforts to meet the requirements of the Challenge Grant from the National Endowment for the Humanities, to help fund the automation project. If local fund-raising efforts are successful, the Library will be able to pay automation costs for the first three years of the project without asking for funds through the tax levy. The Challenge Grant Fund will also increase the Library's present endowment fund so that part of the interest income can be used toward annual maintenance costs of automation in the future.

In October, the Trustees announced a photography contest for all amateur photographers in Sudbury, which will continue until the entry deadline of June 30, 1986. From all entries, which should feature Sudbury scenes, twelve winners will be selected to be used in a Sudbury calendar for 1987. The calendar will be available to be purchased in September, 1986, and the proceeds will be used to match the NEH Challenge Grant.

In November, a special fund-raising event featured two group trips to the Renoir exhibit at the Museum of Fine Arts in Boston. The cost per person included transportation, provided by the Friends of the Library, admission to the

exhibit, and an introductory lecture, in addition to a contribution to the Challenge Grant Fund. About \$700 was raised from this event, and the response from the public was so positive that similar events are being planned for 1986

Computer

PARK AND RECREATION COMMISSION

The Park and Recreation Commission has seen many of its programs running successfully and its plans for improvements to the town's facilities either completed or well under way.

The continued development of the Haskell Recreation Area has been a top priority for the commission and the results of its efforts are much in evidence. The parking areas have been redesigned and newly paved thus making the area a much safer one for all those who enjoy this recreational area for soccer, tennis, softball and baseball on the newly constructed diamond, and other informal uses. Soon to be begun is the construction of a restroom and storage facility which will make the area both more enjoyable for townspeople and more efficient to maintain.

Among the more exciting developments soon to be begun at Haskell is the planning and construction of a toddler play area. A hard working committee of townspeople, "The Sudbury Toddler Playground Committee", has been researching the need for, and feasibility of, an area where preschool children can play

on equipment which is both safe and suited to their needs. This TOT LOT fits well into the commission's overall plans for the Haskell Recreation area and, with a combination of town funds and private fund-raising, development of the play area should begin during 1986.

An example of how private fund-raising can produce improvements to town facilities can be witnessed by the success of the efforts of the "Friends of Sudbury Park and Recreation" to bring lighting to Feeley Field. At a ceremony in June, the lights were officially turned on and residents, players, and spectators were treated to a summer of evening baseball.

In addition to its contribution to the lighting fund, the Raytheon Co. established the Frank Feeley Memorial Award to be presented annually to a townspeople whose love of sport is manifested in dedication and self-giving. During this inaugural year the award was presented jointly to Miss Nancy Wollins and Mr. George Kevorkian at a reception at the Sudbury Grange.

First recipients of Frank Feeley award for best exemplifying love of sports, dedication, sportsmanship, leadership and spirit went to Nancy Wollins (left) and George Kevorkian. Mrs. Claire Feeley made the presentation honoring her late husband.

Summer saw an expansion of programs which were of interest to a wide cross-section of townspeople. The summer concert program was expanded and townspeople gathered to enjoy musical entertainment from a variety of groups ranging from the Boston Rock group "The Vex" for the young people to the more sedate big band sound of the U.S. Army Band from Ft. Devens, which put on quite a show, complete with prizes for correctly named tunes. In all a total of four concerts were held during the summer with plans to expand the series further due to the success of the past year. Another new offering this summer was the very popular "Teddy Bear's Picnic" which invited the young children in town to get together with their favorite stuffed animals for a "picnic in the park". The summer also saw the return of the Boston Children's Theater for a production to delight the town's youngsters.

Due to a lack of participation the joint swim program with the Town of Hudson was discontinued this year but other summer programs were very successful. Five playgrounds were in full operation and a new, more structured "day camp" type of program was offered on the L-S high school grounds. Another innovative addition was an extremely successful "Nursery Camp" program which provided a very enjoyable experience for the many young children who attended. Other summer programs continued to be offered this year with tennis, gymnastics, lacrosse, weight training and aerobic dance being very popular.

The Fourth of July festivities were begun again this year with the annual road race which attracted well over 200 participants. The theme "Sudbury--Agriculture to Suburbia" was selected in a town-wide contest and inspired many groups who produced floats to enhance the parade. The inclusion of many bands and the return of the traditional bagpipes added to the nostalgia of the event. In 1986 we're planning to have the Philadelphial Mummies as the featured band. The annual Miss Sudbury Contest included a large number of participants who had the opportunity to gather informally at the Wayside Inn and to ride on the Miss Sudbury float in the parade. Jennifer McInerney, a student at Marian High School, was named Miss Sudbury, and each of the participants was awarded a gift in recognition of the contribution each made to her town and school. A group or individual is being sought to coordinate the contest for 1986 in order for this tradition to be continued.

A renewed effort is being made to provide programs for teenagers in town and a new part-time director. Jean Lind, of the Teen Center has been hired. The Center, located in the Fairbank School has been refurbished and re-equipped and will open early in January with an emphasis on programs to attract a larger number of teens.

Other programs which have seen great expansion during the past year are the Park and Recreation Gymnastics Program, which, under the direction of Tommy Thomson, has expanded from a summer program to a year round one with large numbers of youths participating throughout the year and the Sudbury Youth Soccer program which has increased its participation to include over 700 girls and boys in both Fall and now Spring soccer. The teams have been both competitive on the inter-town level and enjoyable (for both players and spectators) on the town level. The one-day ski trips which were sponsored by Park & Rec. this past winter will be continued again this coming winter as they provide an opportunity for both families and individual skiers to enjoy a day on the slopes at reduced rates without concern for transportation.

In reviewing the past year, the Commission can report many successful programs and many much needed developments in th town's recreational facilities. In addition the Commission has been laying groundwork for what is hoped will be a new direction and additional improvements such as a golf driving range and town pool to enable Sudbury's townspeople to enjoy living in Sudbury even more.

SUDBURY HOUSING AUTHORITY

The Board of Commissioners of the Sudbury Housing Authority meets at 7:30 on the first Monday night of each month at Musketahquid Village, 55 Hudson Road, Sudbury.

The Authority administers sixty-four units of housing at Musketahquid Village, completed in 1976 under M.G.L. Chapter 667, which provides for subsidized housing for low income elderly and handicapped people. Also administered are eight scattered-site houses which were purchased individually under M.G.L. Chapter 705, which provides for housing for low income families. Both programs are subsidized by the Executive Office of Communities and Development of Massachusetts.

Eligibility criteria for Musketahquid Village include the following: The applicant must be either sixty-five years of age or handicapped, and certified by a physician to be capable of living independently. The maximum income limitations after deductions are \$14,476 for one person and \$16,544 for two persons. Income limitations for family housing range from \$16,544 for a family of two to \$24,557 for a family of seven. The asset limitation is \$15,000 for both types of housing and preference is given to Sudbury residents. Thirty-six elderly and thirty-three families are currently on our waiting lists. The vacancy rate at Musketahquid averages five per year, and among the family houses we have about one vacancy every two or three years.

A questionnaire was published in Bentley's Calendar in March requesting opinions on subsidized housing issues, but the response from town residents was only 1½% and deemed to be not valid for statistical reasons. An Open Letter to Sudbury Residents requesting input as to the future of public housing in town was published in the Town Crier in April but received no responses. It was therefore concluded that specific proposals by the Housing Authority will be necessary before the interest of the majority of residents will be aroused.

A study entitled *Housing Need In Sudbury* was prepared for the Authority by Don Borchelt of the Metropolitan Area Planning

Commission, copies of which are available at the Authority's office. This report indicates that there will be a major increase in demand for elderly housing in town between 1990 and 2000, and that the number of elderly here will double within the next five years. Property values in town have increased 167% in the past ten years, with the result that only 28% of the families who were living here in 1979 could afford to purchase a house here in 1985 with a 20% down payment.

During 1985, major rehabilitation of our eight family houses was begun and is expected to be completed by early January. This should result in increased energy savings as well as a safer and more attractive, easy to maintain environment for our low income families.

The Authority received a grant from the state for energy conservation measures at Musketahquid Village which was used to provide interior caulking around windows and doors. Repairs were begun on some of the deteriorating balconies, and cement block patios were constructed for ground floor apartments. The exteriors of four buildings were stained and all exterior railings were painted.

The residents of Musketahquid Village are grateful to Guy Dietrich for his donation of an overhead fan and two clocks for the community building, and to Thayer Pharmacy, The Optical Place, and Town Crier Publications for a new resident directory.

Plans for the future year include further investigation of an accessory apartment bylaw, cluster zoning, and the continued pursuit of a small portion of excessed military land off Hudson Road.

Respectfully submitted,

Linda Gregory, *Chairman*
Myrna Goldstein, *Vice Chairman*
Virginia Allan, *State Appointee*
Richard Passalacqua, *Asst. Treasurer*
Clifford Askinazi, *Member*
Jo-Anne Howe, *Executive Director*

VETERANS AGENT

Assistance to veterans applying for financial aid showed a marked reduction from 15 in 1984 to only 2 in 1985, and of the 2 in 1985 only one was approved. Assistance in filling out Social Security forms and V.A. pension forms was provided for about 25 widows, the same number as last year.

Six applications were submitted to obtain Government headstones for deceased veterans' graves prior to Memorial Day. This was the same number submitted in 1984.

In June this year the 50% reimbursement by the Commonwealth to the Town for the cost of these veterans' services was increased to 75%.

Respectfully submitted,

Col. Paul J. Leahy
Veterans' Agent
Veterans' Graves Officer

VETERANS ADVISORY COMMITTEE

The Veterans Advisory Committee was created by the Selectmen, November, 1973. This committee works with the Veterans Agent and all veterans organizations. The committee may be called upon to aid or assist any veteran or the families of veterans in time of illness, hardship or death. They will assist veterans in obtaining needed hospitalization, they will visit those who are sick or disabled, and they will visit and comfort members of a veteran's family in time of illness or bereavement.

If you know of any veteran in need of help, please feel free to call on any member of this committee; if we can not help you we will do our best to find someone or some place that can.

These past years we have helped many by providing transportation to hospital outpatient departments and visits to veterans in hospitals.

Respectfully submitted,

Thomas F. McDonough
Catherine B. Greene
James F. Greenawalt
Cletus A. Terwiske

Veterans are honored at Grinnell Park during Memorial Day ceremonies. Giving the salute are Bill Burns, Memorial Day Committee member and Legionnaire, and Veteran's Agent Col. Paul Leahy (in uniform).

YOUTH COMMISSION

In our first year of operation, the Sudbury Youth Commission actively involved itself in the concerns of youth and families of the town. As a body we were sanctioned and appointed by the Selectman in April 1985. This active group of volunteers met twice monthly, as well as involved itself in work tasks related to the Commission's mission.

Our first project was a large scale survey involving youth adult participation in the town. We reached nearly 2,500 people through this survey. The Commission will release this information through the Selectmen for public review after the first of the year. We anticipate our future work will be guided by the results of this important survey.

The Youth Commission sees its role in town as a coordinating and supportive body which will function as a catalyst and supporter

of the work done by other commissions and organizations which provide services to the town's youth. We will therefore reach out to other groups to let them know of our existence and seek ways in which to work cooperatively with them. The Commission looks forward to a busy and productive new year of operation. We will attempt to keep the citizens of the town informed and involved in our activities.

PLANNING AND DEVELOPMENT

Sudbury "Near Future"
Mark Valentine
Curtis Middle School
Grade 6

PLANNING BOARD

The Planning Board is charged with the responsibility for reviewing and approving residential subdivision plans and for reviewing and making recommendations on (but not approving) all commercial site plans submitted to the Board of Selectmen. The board operates under rules and regulations which promote "the health, safety, convenience, morals and welfare of the inhabitants of the Town." Although in 1985, for the first time in three years, the board saw a slight decrease in the number of development projects, the rate of development remains high. The plans considered and the board's action thereon are listed below. Actions of the board are a matter of public record and are on file with the Town Clerk.

	1983	1984	1985
Subdivisions Reviewed	9	7	6
Non-Sub Plans Reviewed	56	45	31
Site Plans Reviewed	19	18	11

The following is a list of all active subdivisions:

1. Pheasant Meadows II, Prides Crossing Road, 16 lots approved.
2. Bowker VI, Willis Road, 10 lots approved.
3. The Elms, Hudson Road, 10 lots approved.
4. Oak Meadow Estates, Peakham Road, 32 lots approved.
5. West Way Hills, Boston Post Road, 43 lots approved.
6. Goodnow Meadows, Maynard Road, 18 lots approved.
7. Beckwith II Estates, Pelham Island Road, 8 lots approved.
8. Twenty Acres Farm II, Marlboro Road, 4 lots approved.
9. Virginia Ridge, Powder Mill Road, 18 lots approved.
10. Barton Farms, Woodmere Drive Extension, 7 lots approved.
11. Pratt's Mill Estates, Scotts Wood Drive, 6 lots approved.
12. DaPrato Farms, Wadsworth Road, 8 lots approved.
13. Wright Farm Estates, Hopestill Brown Road, 19 lots approved.
14. Concepts Park, Technology Drive, 2 lots approved.
15. Great Pond Woods, Phillips Road Extension, Run Brook Circle and Webster Circle, 32 lots approved

16. Shady Hill, Shady Hill Lane, 2 lots approved.
17. Walker Farm, Walker Farm Road, 7 lots approved.
18. Cranberry Meadows, Tavern Circle, 37 lots pending.
19. Twin Pond, Twin Pond Lane, 8 lots pending.

In 1985, as in the previous two years, the residents of the town have experienced the significant on-going commercial and residential development taking place within their communities. The highly visible construction along Route 20 and the sheer number of subdivision roads being built throughout the town have been obvious to all. Not unreasonably, the town, through the local media and through public forums, has expressed concern. The Planning Board shares this concern, and for this reason has been taking specific action to ensure that new development and statutes relating to it are in fact consistent with the best interests of the residents and their town. These actions include:

Submitting Warrant Articles for the town meeting's consideration which will give the town greater control over what is built, where it is built, and what it will look like.

Amending the town's Subdivision Rules and Regulations to give the town greater control over its residential development for the purpose of protecting the safety and welfare of the inhabitants of the town.

Promoting the use of bike paths and walkways to connect important destinations, improve circulation, reduce unnecessary traffic and improve general conditions of the urban environment.

Encouraging the participation of residents in discussions and open hearings on development.

Instituting informal and formal procedures to improve the distribution of information and the discussion of planning issues at the community level.

Improving the coordination with other town boards and agencies.

As a result of what the Planning Board has reviewed and what it feels must be done to protect the health, safety and welfare of the town, the board has submitted articles to the town meeting which specifically address the following subjects:

Amending the site plan review provisions of the zoning bylaws to ensure that adequate consideration will be given to the natural resources and characteristics of a site, to its topography, hydrologic and geologic conditions and to the public convenience and safety.

Amending the parking provisions of the zoning bylaws to include specific design requirements for parking facilities.

Amending the sign provisions of the zoning bylaws to enhance the visual environment of the town and the safety, convenience and welfare of its residents.

Providing the necessary planning and engineering funds to secure walkways along the following roads:

1. Goodman's Hill Road from Concord Road to Green Hill Road;
2. Fairbanks Road from Butler to Maynard Road; and
3. Boston Post Road from Longfellow Glen to the Star Market Plaza.

Providing the construction funds to secure a walkway along Peakham Road from Fox Run to the railroad tracks.

The Planning Board welcomes your participation in any of its meetings and, in particular, your expression of agreement or disagreement on positions the board has chosen to take regarding the development of the town. You determine the board's scope of responsibility and authority by the bylaws which you adopt at town meetings.

In October, James G. Hannoosh resigned from the board for personal reasons. Mr. Hannoosh's election two years ago brought to the board management experience, assistance with the board's recent computer acquisition, fresh perspectives on development issues and a forthright and open expression of the perspectives and concerns expressed herein. The board would like to express its appreciation for his contributions.

Finally, the board welcomes Russell P. Kirby who was appointed to fill Mr. Hannoosh's vacancy. The board also thanks Morton L. Brond and John C. Drobinski for their able services during the year as chairman and vice chairman, respectively.

Respectfully submitted,

Morton L. Brond, *Chairman*
John C. Drobinski, *Vice Chairman*
Russell P. Kirby
Lael M. Meixsell
Thomas W.H. Phelps

Bowker V problems are aired at Planning Board meeting.

BOARD OF APPEALS

During 1985 the Board considered 82 cases: 46 were granted; 20 denied; 11 withdrawn (one with prejudice); permit or variance not required in 3 cases; and 2 were continued to a date certain.

At its annual meeting the Board elected Harvey R. Peters Chairman for 1986. Eben Stevens was elected to serve as clerk.

Cases considered during the year and the Board's actions thereon are listed below. An asterisk indicates that the variance or special permit was granted with certain restrictions imposed to safeguard the public good. Actions of the Board are public record and are on file with the Town Clerk.

- | | |
|---|--|
| <p>85-1 RAYTHEON COMPANY and DAVID F. BOLGER
528 Boston Post Road
Special permit for the temporary installation of two radar towers.
DENIED</p> | <p>85-7 MELVYN W. KRAMER
631 Boston Post Road
Extension of use variance #82-18 to renovate the basement area for use as a laboratory, computer room, filing space, and standard Radiology Unit, for the purposes of performing simple diagnostic x-ray testing.
DENIED</p> |

Lots 23, 24, 25, 26 MacDonald Avenue
Variance to allow construction of a single family residential structure with an area deficiency of approximately 20,000 square feet and a street centerline setback deficiency of approximately 15 feet.
WITHDRAWN WITHOUT PREJUDICE
- 85-29 GOLDBERG, GERALD M. and MARSHA J.
11 Revolutionary Road
Variance to maintain an existing porch with a sideyard setback deficiency of approximately 1 foot.
GRANTED
- 85-30 PACY, JAMES and LAND REALTY TRUST
Lot 4, Fairhaven Circle
Special permit to construct a driveway and culvert across the floodplain district of Run Brook.
GRANTED*
- 85-31 PASSALACQUA, RICHARD M. and SHARYN
461 Hudson Road
Variance to construct a second garage to an existing garage, said addition having a sideyard deficiency of approximately 9 feet.
GRANTED
- 85-32 MANNING, JOHN C. and IDA
Corner of Basswood and Willis Lake Drive
Variance to construct a residence on a lot having insufficient area of approximately 30,000 square feet, insufficient street frontage on Basswood Avenue of approximately 80 feet, and an insufficiency in street centerline setback on Willis Lake Drive.
DENIED
- 85-33 SUDBURY SWIM AND TENNIS CLUB, INC.
Hemlock and Hobart Roads
Amend the existing special permit to allow an increase in the membership from 180 families to 210 families.
GRANTED

- 85-34 T.S.R. REALTY TRUST
684 Boston Post Road
Use variance to conduct a drive-through traffic corridor to service the remainder of the property in the business district and a variance to allow parking in front of the building, said building to be operated as a restaurant at the site of the Old Dingley Garage.
DENIED
- 85-35 SUDBURY VALLEY TRUSTEES, INC.
850 Boston Post Road
Renewal of special permit #84-13 for the headquarters of the Sudbury Valley Trustees, Inc., a non-profit corporation serving the educational and environmental needs of the Sudbury River Valley.
GRANTED*
- 85-36 SUDBURY VALLEY TRUSTEES, INC.
850 Boston Post Road
Special permit to install a free-standing, double-faced, 6 square foot sign on their property, in accordance with the specifications set forth in the Certificate of Appropriateness dated June 5, 1985, issued by the Sudbury Historic Districts Commission.
GRANTED
- 85-37 BUSSIERE, FREDERICK
Lots 229-233 Stuart and Sexton Streets
Variance to construct a dwelling on a lot having insufficiency in area of approximately 16,000 square feet, and insufficiency in street centerline setback of approximately 12 feet.
GRANTED
- 5-38 BUSSIERE, FREDERICK
Lots 214-219 (Lot #2) Stuart Street
Variance to construct a dwelling on a lot having insufficiency in area of approximately 7,600 square feet and insufficiency in street centerline setback of approximately 3 feet.
GRANTED
- 85-39 BUSSIERE, FREDERICK
Lots 222-227 (Lot #3) Stuart Street
Variance to construct a dwelling on a lot having insufficiency in area of approximately 8,000 square feet and insufficiency in street centerline setback of approximately 5 feet.
GRANTED
- 85-40 GORDON, GEORGE M.
100 Boston Post Road
Renewal of special permit #84-53 to buy, sell, and repair used motor vehicles.
GRANTED*
- 85-41 SNIDER, JAMES and STANLEY W.
Stanmar, Inc., Boston Post Road
Special permit to restore a previously existing sign damaged in a snowstorm, having an area of 220 square feet and having different wording.
DENIED
- 85-42 SANDLER, HARRIS and DUDLEY SQUARE REALTY TRUST
615 Boston Post Road
Special permit to erect a 4' x 4' double-sided sign having a street centerline setback deficiency of 17½ feet and a frontyard setback deficiency of 27½ feet.
GRANTED*
- 85-43 STEPHAN, URSULA and SUDBURY LANDINGS, INC.
400 Boston Post Road
Special permit to erect a 3' x 4' sign with a frontyard setback deficiency of 25 feet and a street centerline deficiency of 20 feet.
GRANTED*
- 85-44 DEWOLFE CO., INC. and JOHN J. MCGREENERY
345 Boston Post Road
Special permit to erect a second sign being 1'9" by 4'5" on the west side of the building, said sign not to be illuminated.
GRANTED
- 85-45 MCNEILL, GAIL and A. ELLIOTT
21 Union Avenue
Renewal of special permit #84-20 to conduct a kennel.
GRANTED*
- 85-46 ECKSTEIN, NEALE and LAURIE
28 Sylvan Way
Special permit to operate a kennel for 5 dogs.
GRANTED*
- 85-47 PARADIES, KAREN & RICHARD and BROWN, DONALD & LINDA
46 Lincoln Lane, Parcel F-14-004
Special permit to construct a driveway, part of which lies in the floodplain.
GRANTED
- 85-48 LEWIS, BERNARD and MARILYN SEAQUIST
395 Boston Post Road
Special permit to conduct a Customary Home Occupation, specifically a real estate business.
GRANTED*
- 85-49 SOMERS, NANCY and DONALD
3 Drum Lane
Renewal of special permit #84-36, to conduct a Customary Home Occupation, specifically a "Bed and Breakfast".
GRANTED*
- 85-50 FREDERICKSON, MARGARET and ST. JOHN EVANGELICAL LUTHERAN CHURCH
16 Great Road
Renewal of special permit #83-20 to operate a nursery school/day care center (Northedge School).

781 Boston Post Road
Special permit to conduct a Customary Home Occupation, specifically to groom four dogs (setters and spaniels) a day.
GRANTED*
- 85-69 NOBLE ENTERPRISES, INC. (d/b/a Four Seasons Greenhouses and Accessories) and SUDBURY UNION NOMINEE TRUST
81 Union Avenue
Special permit to sell greenhouses, accessories, showrooms, sales and services.
GRANTED
- 85-70 MATT GARRETTS REALTY TRUST OF SUDBURY
120 Boston Post Road
Special permit to erect an illuminated sign having insufficiency in street centerline setback of approximately 18 feet and insufficiency in frontyard setback of approximately 20 feet.
GRANTED
- 85-71 BARRY CONSTRUCTION COMPANY
Lot 106, Wadsworth Road
Variance to construct a single family home having insufficiency in rearyard setback of approximately 6 feet, and a variance to construct a porch having insufficiency in rearyard setback of approximately 16 feet.
DENIED

85-72 MURPHY, ALAN
 Lot 1, Corner of Dutton and Pratts Mill Roads
 Variance to construct a single family home having
 insufficiency in frontage of ½ foot and insufficiency
 in area of approximately 20,000 square feet, and
 said dwelling to have a deficiency in street
 centerline setback of approximately 10 feet.
 DENIED

85-78 VILLAGE EAST OFFICE CONDOMINIUMS and
 MOUNTAIN REALTY TRUST
 111 Boston Post Road
 Variance to erect a sign having insufficiency in
 street centerline setback of approximately 17 feet
 and a special permit to erect a sign larger than 16
 square feet.
 CONTINUED

85-73 KLEIN, JOHN and DIANNE
 82 Hemlock Road
 Variance to allow construction of a vestibule to the
 front of their home, said addition having
 insufficiency in street centerline setback of
 approximately 2 feet.
 GRANTED

85-79 CERASUOLO, DOMENIC
 Windmill Drive
 Variance to construct a home on a lot having
 insufficiency in frontage of 130 feet.
 DENIED

85-74 WHIPPLE, ALLAN and EUNICE
 78 Greenhill Road
 Variance to allow the construction of an addition to
 the rear of their home, said addition having
 insufficiency in rearyard setback of approximately 5
 feet.
 GRANTED

85-80 WESTFIELD, ROBERT L.
 529 North Road
 Variance to legalize the existence of a porch having
 a deficiency in sideyard setback of approximately 2
 feet.
 GRANTED

85-75 BERGMAN-WILSACK, BARBARA A.
 363 Old Lancaster Road
 Renewal of special permit #83-21, to conduct a
 Customary Home Occupation, specifically the
 practice of electrology.
 GRANTED*

85-81 SUDBURY CROSSING ASSOCIATES REALTY
 TRUST
 423 Boston Post Road
 Special permit to relocate the existing sign from the
 side of the entrance to the center island of the
 entranceway and to illuminate the sign with
 spotlights from the ground.
 GRANTED*

85-76 WOODLE, ANNE F.
 Lots 25 & 26 Willis Lake Drive
 Variance to allow the construction of a single family
 home on a lot having deficiencies in rearyard,
 sideyard and street centerline setbacks of 20 feet, 20
 feet, and 29 feet respectively.
 WITHDRAWN WITHOUT PREJUDICE

85-82 WYSKOCZKA, WILLIAM F.
 Lots 28, 29, 30 and 31 at the corner of Great Lake
 Drive and Basswood Avenue
 Variance to construct a home on a lot with
 insufficiency in frontyard setback of 4 feet on Great
 Lake Drive and 1 foot on Basswood Avenue and
 street centerline setback insufficiency of 14 feet on
 Great Lake Drive and 25 feet on Basswood Avenue,
 and a deficiency in frontage of 80 feet on Great Lake
 Drive, and an area deficiency of 30,000 square feet.
 DENIED

85-77 MAHONEY, ALICE, LEANNE and PAUL
 63 Old Framingham Road
 Special permit to conduct a Customary Home
 Occupation, specifically the sale of Christmas trees
 and wreaths.

CABLE TELEVISION COMMITTEE

The Cable Television Committee was appointed by the Selectmen on July 11, 1985, and charged with recommending policy to the Board of Selectmen relative to system expansion, resolution of complaints, and CATV access programming and activities. Duties and responsibilities also include acting as a liaison between the public and the cable operator, as well as promoting, publicizing and facilitating the use of public, local government, and educational access channels.

To date the Committee has met three times, commencing with a September meeting. Meetings are posted and will be held monthly. Topics discussed so far have been:

local studio and equipment, local access and programming, and difficulties or complaints relative to installation and performance of the cable system.

Respectfully submitted

Cable TV comes to town.

CONSERVATION COMMISSION

The Conservation Commission accomplished several major goals in 1985 with the State's acceptance of the revised Open Space Plan and a review and plan for long term land acquisition goals. The Open Space Plan allows the Town to apply for 80% funding reimbursements from the State for open space land purchases. Copies of this report will be available at the Conservation Commission office after June, 1986. Six applications were submitted under this state program in 1985. The results will not be available until early in 1986. The Town of Sudbury was the recipient of a grant from the Middlesex Conservation District for the printing of the Open Space Plan.

In addition to outright land purchase, the Commission is exploring alternate methods of acquiring and protecting natural resource areas. With the aid of the Planning Board, Conservation Restrictions were recorded on 3 major new subdivisions in town. These restrictions limit the future uses of specific parcels, thereby protecting valuable resources for public benefit. These resources include wetlands with high value for pollution prevention, flood control, storm damage prevention, and protection of public and private water supply.

Another method of protecting natural resources was implemented when the Conservation Commission and the Planning Board worked together to create an Open Space Zoning District to protect the Town's interest in what is presently federal land. By placing this land in the Open Space District, town meeting voters insured that future acquisition will be more realistically based on town funds.

In December 1985, approximately 37 acres were added to the Nobscot Conservation Land through a generous gift. This land abuts existing trails, and includes the historic landmark, Ford's Folly Dam. Plans for upgrading this area and making it easily accessible to the public, and the preparation of revised trail maps are now being discussed.

The most time-consuming aspect of Conservation Commission business continues to be the review and enforcement of the State Wetlands Protection Act (C.131 s.40). This

Scofflaws vandalize no hunting sign posted by Conservation Commission on the Davis Farm conservation land to make the area safe for recreational uses.

year 18 Notice of Intent hearings were held for work altering a wetland, and 34 Determination of Applicability hearings were held for work within the 100' buffer zone of wetlands. Monitoring of approved plans was made easier this year with town boards working closer together and instituting an overall review and compliance procedure at the completion of construction of major developments. Commission participation in this review procedure, along with review of additional projects having widespread impact on the town (i.e., Route 20 widening, proposed commercial and industrial developments) was made easier with the now-established position of a part time Conservation Coordinator.

Trail Easements are in negotiations with plans drawn by the Sudbury Engineering Department for public trails on the Stone Tavern Farm property off Horse Pond Road. Currently the documents are being reviewed

by the attorneys and the trails should be posted and open for cross country skiing later this winter. The development rights to Stone Tavern farm were purchased jointly by the State and the Town last year through the Massachusetts Agricultural Preservation Restriction program. The farm remains private property, however the owners have agreed to allow public access on specified trails. The Commission continues to contact, through mailings and phone calls, owners of potential lands for the A.P.R. program.

Continual monitoring and upgrading of existing conservation land had become a priority for the Conservation Commission in 1985. Plans were drawn and material purchased for the construction of a parking area at the Barton Farms Conservation Land. The Commission worked with the Eagle Scouts to plan construction of a bridge in the Davis Farm Conservation Land, and major tree work is in progress on several conservation areas due to the hurricane. Further monitoring of conservation lands included the vote of the Commission to ban hunting on all town conservation land. Until 1985, hunting has been allowed on the Lincoln Meadows parcel off Lincoln Road. Increased illegal hunting throughout town and lack of effective enforcement, especially in areas abutting residential development, were among the reasons the Commission decided to disallow hunting at this time. This decision will be reassessed if solutions to existing problems are found. The Commission is working closely with the Police Department on this matter.

The Community Gardens at Lincoln Meadows Conservation Land got off to an early start this year with the cooperation of Mother Nature. Gardeners reported good crop yield with few reports of vandalism. Gardening space is now available for the 1986 growing season. Anyone interested in obtaining a plot should contact the Conservation Commission. In addition to vegetable gardening, an experimental viticulture program to test the suitability of the area for grape growing is being conducted at Lincoln Meadows. The Commission also leases approximately 20 acres of conservation land to an area farmer for corn crops.

The Conservation Commission has been active this past year in the State's Bay Circuit Greenbelt Plan. This Plan is a land conservation program designed to create a

network of parks and protected open spaces surrounding the Boston metropolitan region. An important objective of the program is to foster a healthful relationship between open space protection and the Commonwealth's development needs. A portion of the Greenbelt is located on the westerly side of Sudbury and includes many areas already protected. A local committee was recently established to work closely with State officials in further defining areas to be protected.

The Conservation Commission has been involved in the planning of a bike/pedestrian trail along the former Penn Central Railroad tracks. This trail would begin just north of Route 20 and Union Avenue and continue for eighteen miles to Lowell. Details of this proposal, such as funding, maintenance, monitoring, etc., are being discussed at monthly regional meetings of the involved towns. It is hoped that the former railroad tracks, now owned by the State Department of Transportation, can be transferred to the Department of Environmental Management for use as a public trail.

The Conservation Commission continues to monitor Land Bank legislation at the Statehouse. This bill, introduced as state enabling legislation, would allow towns the option of placing a maximum one-half to two percent tax on real estate transactions in town. The revenue generated by this tax could be used to purchase and maintain open space to offset increased development. Many variations of the bill were discussed in committee this past year, including a portion of the funds going to housing rehabilitation. However, the bill did not come out of committee and is expected to be refiled next year.

The Conservation Commission strives towards working with developers for conscientious development, keeping in mind the need for the town to progress while at the same time maintaining the quality of life we enjoy in Sudbury.

EARTH REMOVAL BOARD

During 1985 the Board considered four cases. Actions taken by the Board on these are listed below.

T & M EQUIPMENT CORPORATION
 528 Boston Post Road (Raytheon Company)

Permit granted to remove approximately 5000 cubic yards of topsoil, blacktop, and concrete, provided that hours of operation be between 7 a.m. and 3 p.m.

CREIGHTON HAMILL BUILDING CORP.
 Hopstill Brown Road, next to 155 Woodside Road (part of Wright Farm)

Permit granted to remove approximately 6000 cubic yards of topsoil and subsoil provided that: 1) Operating hours be 9 a.m. - 4 p.m.; 2) Temporary cautionary signs shall be put in place during operating hours on the easterly side of Landham Road opposite Woodside Road, and on Woodside Road at both ends of the project; 3) The loam sifter be moved to a more interior lot if it is in use on the project; 4) This permit will expire June 30, 1986.

ROGER K. KANE, INC.
 Great Pond Woods Subdivision

Permit granted to remove 5000 cubic yards of gravel and fill from the roadbeds within the subdivision, provided that hours of operation be Monday through Friday between 9 a.m. - 3 p.m. so as not to interfere with the transportation of school children.

CREIGHTON HAMILL BUILDING CORP.
 Walker Farm, Goodmans Hill Road

Hearing for a permit to remove 3000 cubic yards of topsoil and subsoil and 14,000 cubic yards of sand and gravel continued until the Planning Board and Conservation Commission have acted on the subdivision proposal.

TOWN ENGINEER

In 1985 the operations of the Engineering department were performed by the town engineer, assistant town engineer, one civil engineer, one junior civil engineer, two engineer aides and one secretary.

The Boston Post Road played a major role in the work of the Engineering Department. We worked with the State Department of Public Works and their consultant on the proposed widening of the Boston Post Road through the central business district. Our involvement to this point has been advisory but many man hours have been spent in meetings or reviewing plans and associated data. We also worked with the State and the developer of Sudbury Crossings towards the installation of the traffic lights on the Boston Post Road at the Union Avenue intersection. Along these same lines, we are working with the State and Raytheon Company towards the future widening of the Boston Post Road/Nobscot Road intersection and the installation of traffic signals. This system of traffic signals is to be tied into and coordinated with the traffic lights at Union Avenue.

The healthful economy our area has been experiencing the past couple of years has triggered a major building boom for our town. This surge in new building began in 1983, continued through 1984 and was going strong throughout 1985.

As the General Agent to the Planning Board I have been reviewing both subdivision and non-subdivision plans. A total of five new subdivisions with 66 residential building lots was approved during 1985. In addition, another 31 non-subdivision plans representing 74 building lots were approved. Since 1983 over 350 new building lots have been approved in Sudbury. The Engineering Department, with the Highway Department, monitors and inspects the progress of all subdivisions during their construction phase.

We have worked closely with the Highway Department on many projects this past year. The walkway program has been reactivated and plans are nearly complete for walkways on Peakham Road from Saddle Ridge to Pratts Mill Road and on Raymond Road from Warren Road to the Feeley Field Tennis Courts. These two new walkways will provide over one mile of much needed additions to our existing

walkway system. The drainage program is continuing and systems were installed in Winter Street and a portion of Old Lancaster Road. We continue to work with the Highway Department in the operation of the Sand Hill Sanitary Landfill. This includes the preparation of a yearly operational plan for submission and approval by the State Department of Environmental Quality Engineering (D.E.Q.E.) Under a permit from D.E.Q.E., I have been designated the engineer for landfill responsible for the inspection and submission of monthly reports to the State on the daily operation.

This department provided field surveys, maps, plans and related engineering data, as requested, in many areas including: tax title and tax possession property information to the Board of Selectmen, Town Counsel, and Treasurer; revisions to existing property maps and research and interpretation of deeds and plans for the Board of Assessors; property line information for the Park and Recreation Commission; revisions to the Zoning Map; updating the Official Town Map for the Planning Board and Town Clerk; Flood Plain Maps and review of Wetland filings for the Conservation Commission; sketches and visual aids for Town Meeting and the Warrant; various services for the Board of Health, Police and Fire Departments, Sudbury Water District, Building Department and all other departments, and to the general public.

Respectfully submitted,

James V. Merloni, P.E., P.L.S.
Town Engineer

SIGN REVIEW BOARD

The Sign Review Board met throughout the year as required by the Building Inspector and Board of Appeals, acting in an advisory capacity concerning applications for erection of signs in accordance with the Sudbury Bylaws Article IX, V.J.

LONG RANGE CAPITAL EXPENDITURES COMMITTEE

The Long Range Capital Expenditures Committee, in cooperation with other Town boards, commissions, and department heads, prepared a five-year Capital Improvement Program for the period 1985-1990. The committee considered each capital expenditure being proposed and made a recommendation as to the relative priority of these projects to the Town. Detailed information on each project along with the specific recommendations of the committee was presented in a report made available to the Town at the time of the 1985 Annual Town Meeting.

We look forward to the ongoing cooperation of the Town organizations with which we work.

Respectfully submitted,

Theodore A. Barten
Robert G. Johnson
Joseph W. Mooney

METROPOLITAN AREA PLANNING COUNCIL

Sudbury is a valued member of the Metropolitan Area Planning Council (MAPC), which is comprised of 101 communities in the metropolitan Boston area. Sudbury's contribution of 17.7 cents per capita (in 1985, \$2,483) helped to provide technical assistance for Sudbury and other member communities, and assisted MAPC in the formation and implementation of regional plans and policies which benefit the metropolitan Boston area. During 1985, MAPC provided specific assistance to Sudbury for:

Metrowest Growth Management Study
Minutemen Advisory Group for Interlocal Cooperation (MAGIC)

Sudbury also benefited from the following regional plans, policies, or programs: Land-use maps providing detailed analysis of the region between 1951-1971 and the MetroWest Growth Management Committee whose success has spurred other successful MAPC subregional groups to form. Among these is the Minuteman Advisory Group for Interlocal

Coordination, a group of communities in the Route 2 and Route 495 area, and the new South Shore association of ten communities who are acting in concert on problems that affect their microregion. The Transportation Improvement Program, which is required to maintain eligibility for federal funds, was updated during this year, as well. In addition, MAPC was named an economic development region by the U.S. Economic Development Agency. Sudbury's support of the economic development region designation allows a 10 percent bonus on federal funds expended in our region for economic development projects utilizing federal support.

Several publications were also beneficial to Sudbury. The *State of the Region*, a comprehensive study of metro Boston by MAPC staff member Douglas Carnahan, Ph.D., provides social and economic forecasting tools, maps and statistical charts, and analyses of data which compare the region in 1971 to the present. *Supporting Affordable Housing in Boston*, a publication resulting from MAPC's participation in a conference with the United Community Planning Corporation, is a useful guide with information that is applicable to communities concerned with the issue of affordable housing.

One Industrial Revenue Bond was reviewed, totaling \$1,000,000.

It is a pleasure to participate in the planning issues of Sudbury as your MAPC representative.

Respectfully submitted,

David F. Grunebaum
MAPC Representative

PERMANENT LANDSCAPE COMMITTEE

POLICE DEPARTMENT

The Police Department reported and investigated a total of 300 Class 1 crimes:

Rape	4
Robbery	1
Assault	8
Burglary	64
Larceny	206
Motor Vehicle Theft	<u>17</u>
TOTAL	300

The total crimes reported represent an increase of 31.3% over the same period last year. This rise is primarily because of an increase in reports of larcenies. There were 206 reported larcenies during 1985, a 44% increase over the previous year. This is mainly because of the increase in the reported incidents of shoplifting and thefts from construction sites.

The number of arrests has increased again this year with a total of 288. There have been 64 individuals arrested for Operating Under the Influence (OUI) of Liquor, and the balance of 224 being arrested on various criminal violations and arrest warrants. In addition, 59 persons were placed under protective custody.

In an effort to keep abreast with the amendments of our criminal laws and police procedures, our officers have been attending a 40-hour in-service training program at the Northeast Regional Police Institute. This program is administered by the Massachusetts Criminal Justice Training Council.

The department also conducted its first sobriety check roadblock with the cooperation of a unit of the Massachusetts Registry of Motor Vehicles. Both of the above programs have proven to be successful. The department has also trained several officers in the use of our new video equipment. We are presently utilizing this equipment for videotaping OUI arrests, and are introducing the tapes as evidence during the prosecution of drunk drivers. The equipment is also available to our citizens to videotape their children.

The Police Department and parking clerk collected the following fines and fees for 1985:

Traffic fines	\$35,330.00
Copier Fees	1,838.50
License Fees	1,126.00
Parking Fines	<u>3,420.00</u>
TOTAL	\$41,714.50

I wish to take this opportunity to thank the members of all Town Boards, Department Heads, and each member of the Sudbury Police Department for their cooperation and support in the past year and a special thank you to our residents for extending our department their continued cooperation.

Respectfully submitted,

Peter B. Lembo
Chief of Police

Traffic lights became necessary at Rte 20 and Union Ave intersection with addition of three shopping malls this year.

FIRE DEPARTMENT

The Fire Department responded to 1,434 calls for assistance during 1985 which represents a slight decrease from 1984. The Fire Department ambulance responded to 416 calls which was also a slight decrease over the previous year.

The department conducted inspections of all business properties at least once during the year and inspected the schools, nursing home and restaurants on a quarterly basis. The department conducted 79 new home inspections and 324 inspections of smoke detectors for homes being resold. These inspections generated \$4030 which was turned in to the town's general fund. The department collected \$21,973 in fees for the use of the ambulance; this money was placed in the Reserve for Ambulance Appropriation Account which allows us to purchase our next ambulance without an impact on the tax rate.

Town meeting adopted Mass. General Law Chapter 148 Section 26E which requires all residential property to be equipped with smoke detectors. I credit smoke detectors with being one of the reasons our fire calls were down for the year and they were directly responsible for saving lives in at least one house fire which occurred while the occupants were sleeping. Town meeting also authorized the purchase of a used ladder truck from the Town of Maynard; this purchase has not yet been made but is anticipated in the spring of 1986.

The Insurance Services Office conducted an evaluation of the Fire Department and the Water District during October and raised our insurance classification to Class 4 which will represent an approximate 2% decline in insurance rates for those insured by ISO subscribing companies.

The Villagers Association donated two bag-mask resuscitators to the department. This organization has been a solid supporter of the Fire Department and I wish to thank them for their assistance.

The department conducted a re-organization in July with the appointment of four Fire Lieutenants. This was done by changing job titles not by hiring more personnel. These new officers have been assigned to Station 2 on Boston Post Road and

will be filling in at Headquarters when the Captains are off duty. This change was made to ensure greater accountability at Station 2 due to all the new construction within that district; to provide a stronger promotion system within the department; and to reduce certain overtime costs.

Firefighter Wilfred Spiller retired this year after 39 years of town service. Wilfred began his career in 1946 as a call firefighter and in 1961 became a full-time employee. We wish him well in his retirement. Two new firefighters were hired during the year. Brian Lewis was appointed in July to fill a vacancy created in the fall of 1984 and Francis Avery was hired to fill the vacancy caused by the retirement.

The department will be asking town meeting to authorize the purchase of a new fire engine pumper to replace Engine 2 which is a 25 year old vehicle. This will be the second phase of our long range capital expenditure program to replace fire apparatus, with the third phase planned for fiscal year 1989.

In closing I wish to thank all the officers and firefighters for their cooperation and efforts during the year. I also would like to thank all the town boards, committees and departments for their cooperation during the year as well as the citizens of Sudbury who have been so supportive.

Respectfully submitted,

Michael Dunne
Fire Chief

Fire Lt. Doug Allan after battling a house fire on Intervale Road, April 30th.

ANIMAL INSPECTOR

During the fiscal year July 1, 1984 through June 30, 1985 thirty-seven dog bites, two cat bites and one squirrel bite were reported and investigated. Horses, swine, cattle, sheep and goats were inspected on the premises where such animals are kept.

It is important that all animal bites be reported.

CIVIL DEFENSE

The Civil Defense preparedness program was tested by the arrival of Hurricane Gloria and we were ready. During the storm, shelter was provided to two families at the Town Hall and we were prepared to shelter more at the Noyes School if that became necessary.

The Fire Department and Highway Department worked long hours during the storm removing trees and helping clear electrical wires. Emergency generators were used to provide electricity to residents on life support/monitor machines during the power outage that resulted from the storm.

I wish to thank Assistant Director Robert Noyes and Radio Operator Marv Fickett for their cooperation and assistance this year and a special thank you to the Highway Department for their invaluable assistance during Hurricane Gloria.

Respectfully submitted,

Michael Dunne
Civil Defense Director

Dog Officer

EAST MIDDLESEX MOSQUITO CONTROL

The East Middlesex Mosquito Control Project conducts a program in Sudbury consisting of mosquito and wetland surveillance, larval and adult mosquito control, water management and public education.

Weather aided mosquito control as an abnormally dry winter lowered the water table causing a reduced spring and early summer mosquito population. *M. perturbans*, the cattail mosquito which is the usual major nuisance mosquito in late June and July, reached moderate numbers in midsummer. Heavy rains in early August produced only scattered pockets of nuisance mosquito by the end of the summer. Overall mosquito populations remained below average during the season.

Eastern Encephalitis was not detected in mosquitoes until late in the summer and then only in southeastern Massachusetts.

The Project began an extensive wetland survey to better target and prioritize mosquito breeding areas and their drainage problems. The survey is complemented by larval population data compiled during control operations.

The project maintains an extensive adult mosquito surveillance program in the district which includes 4 regularly monitored sites in Sudbury. This surveillance provides data on the size and species composition of the local population which can determine the need for and impact of control. The data is also given to the State Public Health as part of an effort to monitor those species associated with Eastern Encephalitis.

Larval control is the treatment of wetlands where high densities of the immature aquatic stage of a mosquito are encountered. In 1985, the project sprayed 53 acres of frozen wetlands in late winter and another 25½ acres in April against the spring brood of mosquitoes. During the summer when mosquitoes can breed following each rain, project crews sprayed 58 acres of wetland.

The adult mosquito control program was reduced this year due to the low numbers of mosquitoes found in survey traps. Some 3,840 acres were sprayed using truck-mounted aerosol sprayers at night. Crews used portable

mistblowers in the daytime to spray 104 acres when mosquitoes were encountered at small wetlands and at recreation areas.

The goal of the water management program is to maintain waterways within wetlands to prevent breeding areas from developing due to the buildup of sand, sediment, and debris such as fallen trees. During mosquito season, project crews undertake spot cleaning when blockages are encountered during other control operations. Extensive work was last done during the fall of 1984, and was included in the last report. Work is being scheduled for early 1986.

The project maintains a public education effort through contact with the Health Department and local media and responding to inquiries from residents. Informational pamphlets were distributed via the Health Department on: Personal Protection from Mosquitoes, How to Prevent Mosquitoes from Breeding around the Yard and Home, and information on Eastern Equine Encephalitis.

Respectfully submitted,

David M. Henley

HIGHWAY SURVEYOR

During 1985 a great many hours were devoted to maintenance programs. The street sweeping and center-line marking programs were expanded. Brush was cut back along many of our streets, intersections and walkways. This trimming program will be continued and increased next year. Resurfacing has helped extend the life of many of our roadways again this year. Modifications and improvements to five intersections were started. Due to Hurricane Gloria we were unable to complete all of our planned fall work.

Landfill/Cemetery

The position of landfill monitor has proven effective in controlling the unlawful use of our sanitary landfill by non-residents, thereby reducing the volume of solid waste.

Through shared services and equipment from the Park and Recreation Dept. the Spring/Fall clean-up of our town cemeteries has become much more productive. They also have provided equipment and manpower for our snow removal operation.

Respectfully submitted,

Robert A. Noyes
Highway Surveyor

TREE WARDEN

Tree care efforts continue with removal of dead and diseased trees. The roadway trimming program was again increased this year. Boston Edison assisted us by trimming any trees interfering with electric wires.

Our tree planting continued with the addition of 18 new shade trees. Some landscaping was done to the new intersection installations and will be continued as the weather improves.

Hurricane Gloria was very destructive. It uprooted trees, pushing them over and onto roofs, blocking streets and walkways. I wish to thank the Highway crew who worked far into the night to clear the roadways. Our clearing/clean-up took several weeks.

I appreciate the help and cooperation from all the residents during this difficult time.

Respectfully submitted,

William M. Waldsmith
Tree Warden

OPERATIONAL REVIEW COMMITTEE WAYLAND/SUDBURY SEPTAGE DISPOSAL FACILITY

Negotiations among Wayland, the contractor, and the bonding company continued through the first half of the year and final agreement was reached in July. With the contractor off the site, the Wayland Road Commission (the plant operator) and the Committee have been able to work on finishing the plant and to deal with correction of design flaws. In spite of the difficulties with the contractor, the effluent for the most part has met or exceeded the requirements of the discharge permit given by the DEQE in February 1984. The plant staff deserves much of the credit for this.

Early in 1985, the processing fee of \$35 per thousand gallons delivered was amended to \$.035 per gallon with a 500 gallon minimum. The \$5 flat fee for recreational vehicles remains the same. The Board of Health, having accepted the task of billing and collecting fees, has worked diligently at giving the system a chance to work. With the major part of computer programming completed, current billing data is now in the Board of Health computer making the system easier to work with. The system is providing the Town and the Committee with important information about Sudbury's septic systems. Due to the need for additional personnel at the plant and other increased costs, a rate increase is expected to be voted after Town Meetings have accepted the facility's FY1986 proposed budget.

From the November 1984 opening through the end of June 1985, the plant received 3,138,532 gallons of septage. Sudbury's share was 43.3% of the total. Except for February, each month showed an increase over the previous month. The July through December usage was 2,813,137 with Sudbury's share at 35.9%. The full year operation was 5,339,424 gallons which is 82% of design flow. Fee collection in Sudbury at the end of December

was 90.6%. It is important that residents understand that user fees are based on the cost of operation of the plant. When fees are not paid, it puts an excessive burden on those that do pay. Because the plant was built with 85% federal funds, it must be supported by user fees and cannot be either a burden or a profit to the municipal tax system.

At its May 9 meeting, the Committee reluctantly acknowledged Dr. William Cooper's resignation as a member and chairman. Bill's many years of devoted and extensive effort have been invaluable to the Committee, and his presence is sorely missed. The Committee extends a hearty thank you and best wishes to Bill for a job well done. Committee reorganization elected Michael Guernsey as Chairman, Bert Cohen as Vice Chairman, and Judy Cope as Secretary. Bruce Ey was appointed by the Sudbury Board of Health as Dr. Cooper's replacement.

The Committee looks forward to putting the difficult years of planning and construction behind it and settling into its responsibility of overseeing the operation of the facility.

Respectfully submitted,

For WAYLAND:
Chris Woodcock
Bert Cohen, *Vice Chairman*
Joan Carroll
William B. Gagnebin
L. Thomas Linden

For SUDBURY:
Robert A. Gottberg
Michael W. Guernsey,
Chairman
Judith A. Cope, *Secretary*
Albert St. Germain
Bruce Ey
