BOARD OF SELECTMEN

The Board of Selectmen hereby submits the 1986 reports of all elected and appointed officials, boards, commissions, and committees giving a summary of their activities and financial transactions in accordance with Article III, Section 2 of the Town Bylaws.

We now submit our own report on the activities of the Office of the Board of Selectmen during 1986.

State of the Town

The story is the same as last year...the state of the town is excellent! Other cities and towns would be envious of our financial position. Our available funds and other surplus monies will enable us to continue town and school expenditures at current levels. In addition, we should be able to continue to plan and implement our long range capital expenditure programs, especially the major repair and maintenance of our town facilities, LSRHS, local schools and town property.

A strong word of caution, however, is that we must not use all our surplus reserves. As we warned last year, pending and now enacted Federal mandates will increase local expenditures. Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) and Fair Labor Standards Act (FLSA) are now law and Federal Revenue Sharing is being eliminated. Meanwhile, town liability and property insurance rates are increasing at an alarming rate.

The impact of new, more restrictive state and federal regulations dealing with solid waste disposal is now the town's number 1 problem and will be our primary need for large financial outlays in the immediate future. This is not a scare tactic by the selectmen to save some of our surplus...the problems and new costs are here today. Thus, 1) we must be frugal in recommending the use of our surplus reserves, 2) town and schools must work together on joint decisions for future town priorities concerning personnel and capital outlay, and 3) together we must strive to maintain a proud, viable, and enriching community.

Lastly, our community experienced great fun, togetherness and personal rewards. The success and joy of building KidSpace and Toddler Park is a satisfaction that is rarely enjoyed. Equally significant is achieving the first stage of building a town pool...the money has been raised and we are ready to build. Late in 1986 the governor signed House Bill 6646, now Chapter 646 of the Acts of

1986, which allows the town to purchase a pool from the Atkinson Pool Foundation, Inc., at a reduced cost, as authorized by the September 25th special town meeting.

Town Engineer

We are saddened to report the untimely death of Town Engineer James V. Merloni. Jim was a true gentleman and a real professional who was respected and admired by all his colleagues. We will place a plaque in the Flynn Building to honor his memory.

Major News/Projects of 1986

The Route 20 Task Force submitted its report to the selectmen, recommending short term and long range traffic improvements. By the time you read this, we hope the selectmen will have met with the State DPW to gain their support to implement at least some of those recommendations. We would like to thank Raytheon for their financial assistance to the operation of this task force. We also publicly thank Congressman Atkins, Representative Hicks and Senator Cellucci and their staffs for all their time and effort spent on this project.

The selectmen appointed the following new committees:

Resource Recovery Committee - Will study and recommend the future course for the town's solid waste disposal problems.

Sudbury 350th Anniversary Celebration Committee - 16 members representing a broad base of community citizens and artisans are now at work preparing plans for our 350th celebration for 1989.

Route 20 Underground Utilities Committee - The purpose of this committee is to try to accomplish a miracle undergrounding along a small part of Route 20. This committee will work with the Route 20 Task Force.

Long Range Planning Committee - This committee, approved at the 1986 September special town meeting, combined the work of the former Long Range Capital Expenditure Committee and the Committee on Town Administration.

On the cable television front we are happy to report that the Cable studio located at the Lincoln-Sudbury High School should be operational in early 1987. All cable television activity is coordinated and approved by the Cable Television Committee. If you

are interested in local programming, please call the selectmen's office and we will get you in touch with the committee.

The town's personnel study of clerical and management positions has been completed and was adopted by the 1986 September special town meeting. The Massachusetts Municipal Association (MMA) conducted the study for the Personnel Board.

This year the town has three new management positions (only the budget analyst required a new appropriation):

Administrative Assistant to the Board of Selectmen - This position was recommended by the MMA study and approved by the Personnel Board.

Budget Analyst - This position will provide staff support to the Finance Committee and Personnel Board.

Lieutenant/Police Department - This position will provide us with a proper chain of command in the police department.

Collective bargaining with the town's five unions has been completed, and the average salary increase is 5½%.

We are also happy to report that Coatings Engineering has ceased operations in Sudbury. Coatings leaving town has helped diminish one of our worst possible ground contamination problems. Your Board of Health, working with the selectmen accomplished this priority task.

The Town Report Committee won first place for its 1985 town report in our population category. The Massachusetts Municipal Association has awarded Sudbury first place 4 times out of the past 5 years. Congratulations, Town Report Committee members!

The town is trying to meet its fair housing and jobs commitment with the state's Massachusetts Commission Against Discrimination (MCAD). In February, we submitted the following to MCAD: 1) Addenda to Affirmative Action Plan, 2) Fair Housing Program, and 3) Supplemental Equal Opportunity Anti-Discrimination and Affirmative Action Program.

The excess 289 acres of Federal Military land off Hudson Road remains one of the selectmen's highest priorities. As stated last year we must maintain it as open space to protect our "greenbelt" in this part of town and in this region.

This year the selectmen and the Youth Commission have agreed to recommend some

definitive plans for dealing with the town's youth and their families. This will involve either joining some form of hotline service or the hiring of a Community Outreach worker, or both.

The selectmen considered the following site plans during 1986:

Mr. and Mrs. Arden B. MacNeill, Jr., 102 Dutton Road - renovation for day care center. (Denied)

S.F. Doyle Co., 632 Boston Post Road - construction of four buildings to house two restaurants, retail shops and offices. (Approved subject to reapplication for special permit.)

Sudbury Kitchen and Bath Center, 333 Boston Post Road - second story addition. (Approved)

Chiswick Trading, Inc., 490 Boston Post Road - construction of office/warehouse building. (Approved under both old and new site plan bylaws and with stringent requirements for cleaning up and controlling pollution in the ground.)

Massachusetts Federation of Women's Clubs, 245 Dutton Road - construction of staff building and parking lot. (Approved)

BayBank Middlesex, 509 Boston Post Road, Sudbury Plaza - construction of remote transaction facility. (Approved)

Drs. Healy, Kirk and Hershberger, 57 Codjer Lane - construction of dental arts building. (Approved)

Colony Leasing Corp., 8-10 Concord Road - modification of Prime Plus Two Realty Trust site plan for Colony Leasing. (Approved)

The following site plan activity has occurred over the past five years:

1982 - 11 site plans, 1983 - 26 site plans, 1984 thru 86 - 8 site plans each year.

Gifts/Grants/Donations

Council on Aging donations of \$664.65 for van transportation program.

Sudbury Toddler Playground Committee donation of \$8,448 to supplement funds allocated by the 1986 annual town meeting to construct a playground for children under the age of six at the Haskell Field recreation area.

Executive Office of Elder Affairs grant of \$2,224 was received under the State Council on Aging Formula Grant Program for FY87.

Major Objectives for 1987

The following major objectives have been assigned to the executive secretary for 1987:

1. Orientation of the new budget analyst.
2. Evaluate law office personnel needs for FY88 budget.
3. Continue to monitor U.S. government (GSA) action on the proposed excess Sudbury military land.
4. Continue to work with the Route 20 Task Force.
5. Continue regional dialogue on resource recovery and recommend a local future transfer station location.

Conclusion

A good feeling was running rampant in our community last year - one of togetherness. Much was accomplished with citizen involvement, as it should be, and the town government contributed its resources as requested. It will be hard to repeat last year's KidSpace, Toddler Park, town pool, Football Super Bowl Champs (again!), but it's worth the effort - hopefully, we can keep up the momentum. May next year be as prosperous!

Josiah F. Frost, Chairman, Board of Selectmen

TOWN MODERATOR

Sudbury's annual town meeting began on April 7, 1986, and a special town meeting began on September 25, 1986.

At the annual town meeting 35 articles were considered. Of considerable interest was the purchase of the Powers land to be administered by the Conservation Commission and the funding of a toddler playground to be administered by the Park and Recreation Commission.

The warrant for the special town meeting had 23 articles. The meeting was well attended due in large

part to considerable voter interest in two articles, passage of which would enable the town to purchase a swimming pool. Both articles passed overwhelmingly.

Voters continued to make clear their interest in the Route 20 issue. Voters also abolished the Committee on Town Administration and the Long Range Capital Expenditures Committee and combined them into a Long Range Planning Committee.

Increased attendance at the town meetings indicated a heightened interest in town affairs.

VOTE IS TOO CLOSE TO CALL - Volunteers take a head count at town meeting.

PERSONNEL BOARD

The Personnel Board completed the Clerical and Managerial Salary Study which included a guideline for classifying and rating positions. In the future, reclassifying existing positions and classifying new positions will be easier. The new

Salary and Classification Plan has been in effect since July 1, 1986.

The board and the Park & Recreation Commission will be writing job descriptions and salary classifications for new town pool positions.

TOWN REPORT COMMITTEE

In the interest of economy the committee eliminated the signature block from most of the reports in this town report; the exceptions are those which contain non-Sudbury persons. Complete lists of the Sudbury composition of committees, boards, and commissions are under "Elected Town Officials" and "Appointed Town Officials" in this town report. Also eliminated are "thank you" statements such as "We wish to thank so and so for the outstanding job....etc.". The townspeople expect each committee and its members to perform in whatever manner is required to produce a proper report, and if that required outstanding performance, so be it. If the chairman wishes to thank his members, or any other group or member, he/she should do so in person.

In another economy move the committee eliminated the "job description" portion of most reports; the exceptions are those committees, etc., which were formed this year and/or reported on for the first time. Those jobs descriptions were retained to inform the public of tasks for which those groups

were formed. The objective of the town report is to tell the townspeople what each group did during the year, not what it was supposed to do. If you want to know what tasks a group is supposed to do, you may call the chairman or a member of that group for an explanation.

On October 20 the selectmen were notified by the Massachusetts Municipal Association that a review of Massachusetts town reports by an independent panel of judges resulted in the 1985 Sudbury Town Report being named first place winner in its population group. We think this 1986 report is better than last year's, and we look forward to an even better one in 1987. Toward that goal we are seeking new members for our committee who are available during normal business hours. Please call us if you are interested in being a member of this award-winning group.

One of the features that enhances the town report is school children's art from grades K thru 8. Our goal was to have artwork from each grade at each school. We sent letters and made personal contacts with art teachers explaining the type of artwork best suited for the town report. We ask that teachers develop artwork throughout 1987 which we will collect in June before summer vacation and in late December. Certificates of appreciation will be presented to children whose artwork is included in this report. Also that artwork will be displayed in the children's section of Goodnow Library in the spring.

Townspeople are invited to submit photos and articles of significant places and events in the town that could be used in the 1987 town report. Submit your material to any committee member. We are indebted to the Sudbury Town Crier for providing the majority of the photos in this report. Credit is given beside those photos provided by other sources.

We had a change in printers this year. The owner of Hi-Tech Graphics of Fitchburg, the printer of our town report for over a decade, retired and was replaced by D&E Graphics, also of Fitchburg. Another change occurred when the Sudbury DeMolay Chapter informed us that they can no longer distribute the town report as they have done so well in past years. Hence, you have received your copy by mail. Please don't throw your copy away. It is a great source of information on the progress of the major functions of your town for the past year. We will appreciate your comments on ways to improve future town reports.

TOWN CLERK

Dominating the year were the preparation for and the conduct of three elections, the annual town census, a lengthy annual town meeting, a late September special town meeting, and the computerization of the Town Clerk's office.

Of the three elections, the September primary brought forth the least number of voters, 1,169 or 14% of the registered voters. Both the annual town election and the November state election brought out a larger number of voters than in previous years. In November there was the expected large turnout for the state election, especially because of the large number of ballot questions. Long voter lines developed when more than 3,000 voters appeared at the polls within the last 2½ hours. Because of advance information on the ballot questions and the "Yes/No" cards mailed to all residents from the Town Clerk's office, the lines moved faster and all voting was completed within a half-hour after the official closing time.

Assisting me in providing the townspeople with each successful election are election officers who man the polls, machine custodians who program the machines, school custodians who provide the many furnishings required at a polling center, the Town Engineering Dept. which sets out the 150' markers each election, the Town Highway Department which handles parking signs and rails, the Police officers and my staff who assist in the months of preparation for each election and attend to the tedious details mandated by the State Election Law, requirements of which change constantly.

Although many new homes are being built and new families move to town, our population continues to drop. Our present population of 14,395 represents approximately 500 less than that of 10 years ago. Conversely, the number of registered voters, presently 8,569 or 79% of those eligible to vote, steadily increases each year.

The Town Clerk's office continues to be a major governmental information center for a variety of inquiries, not only from town residents, but from other segments of the population, in addition to many local, state, and federal governmental agencies.

The Town Clerk's office is preparing for the 1987 town census. There will be a new census-mailer in 1987. Residents should carefully read the inserted instruction sheets and promptly fill out and return the census forms so town records can be completed and no voter removed from the voting list.

Kathy Middleton joined Lorraine Dorsey, Sheryle Fucci and Gerry Morely in the Town Clerk's Department as the new assistant town clerk. She comes to this position with a great deal of expertise, many fine office skills and a most pleasing and cooperative manner.

TOWN AUDITS

July 1, 1981 - June 30, 1982

The firm of Laventhol & Horwath submitted to the Board of Selectmen on February 1, 1984 the final phase of the 1982 Annual Town Audit, the Management Report. The full text of the report is available at the Town Clerk's Office, Town Hall.

July 1, 1984 - June 30, 1985

At the 1985 Annual Town Meeting under Article 6, the town appropriated \$14,000 which was included in the town accountant's budget to engage the services of a public accounting firm to perform an audit of the town's financial records for the period July 1, 1984 - June 30, 1985. Services to be provided to the town, as enumerated in the proposal forwarded to the Board of Selectmen by the firm of Arthur Young, dated May 29, 1985, were as follows:

An annual financial audit of the financial statement of all accounts and funds of the town, including budget activity by department, treasurer's cash and departmental revenue for fiscal 1985.

An annual financial compliance audit of financial statements of all accounts and funds of the Town of Sudbury General Revenue Sharing Program.

Comprehensive management letter concerning the town's systems, organization and financial management.

The examinations will be conducted in accordance with generally accepted auditing standards promulgated by the American Institute of Certified Public Accountants (AICPA) and Government Accounting Standards Board (GASB). The audit will include tests of accounting records and such other auditing procedures as considered necessary. The audits will also be in compliance with the :

AICPA audit guide "Audits of State and Local Government Units"

Department of Revenue Bureau of Accounts requirements

Office of Revenue Sharing procedures

OMB Circular A102, Attachment P

Public Employees Retirement Administration requirements

Division of Insurance requirements

General Laws of Massachusetts

The proposal noted that the Single Audit Act of 1984 (PL 98-502) signed by the President on October 19, 1984, specifies that a single annual audit should be conducted for a state or local government entity receiving more than \$100,000 in federal entitlements. The bill does not affect fiscal 1984 or 1985 audits but will be effective for fiscal 1986.

The financial statements of the town will be prepared in accordance with generally accepted accounting principles (GAAP) except for the effect of such differences as may result from conversion of the town's budgetary records to the revised Uniform Municipal Accounting System (Uniform System). Certain significant differences between GAAP and the accounting policies required by the Uniform System are normally identified in the independent auditor's opinion on financial statements. The report will be prepared as a Comprehensive Annual Financial Report as prescribed by the revised Uniform System. Although the town is converting its accounting records to the new Uniform System, the town maintained its records on a statutory basis during Fiscal 1985. The Uniform System would be used for financial statement presentation.

Examiners will work closely with the Town Accountant/Director Financial Administration during the study and evaluation of the town's internal accounting controls, policies, and procedures. The normal audit scope includes an in-depth review of manual and computerized systems. Key aspects of the audit approach will be met through a four-phase process which consists of an operations review, a study and evaluation of internal accounting controls, design and implementation of audit tests of accounting records, and preparation of the town's financial statements requiring a conversion from the old system to the Uniform System.

Operations Review- An in-depth examination of the town's administrative practices in the following areas:

Town organization

Cash management

Preparation and monitoring of budgets

Assessments, abatements and property records

Organization and staffing of the town's financial activities

Study and Evaluation of Internal Accounting Controls - An evaluation of existing policies and procedures relating to the following areas:

- Real estate, personal property and motor vehicle excise tax commitments
- Abatements, tax billing and cash collections
- User fees, offset receipts and revolving accounts
- Purchasing
- Cash disbursements
- Payroll processing and control
- Cash, investment and debt management

Design and Implementation of Audit Tests

Preparation of Town's Financial Statements - These will be prepared as a Comprehensive Annual Financial Report (CAFR) in the revised Uniform System format and in accordance with GAAP except for the effects of such differences which result from the town's adherence to the revised Uniform System.

There will be a review of the grant areas where the Single Audit Act may be applicable to the Town of Sudbury for the year ended June 30, 1986 (for example, School Grants).

A management letter containing specific observations and recommendations relating to internal controls, accounting practices, systems, operating efficiencies, opportunities for revenue enhancement and other matters that may arise will be submitted at the conclusion of the audit. The management letter and other reports will be reviewed with town officials as they are prepared and during the audit closing conference.

On June 10, 1985 the Board of Selectmen engaged the accounting firm of Arthur Young, One Boston Place, Boston, MA, 02102, to conduct the audit in accordance with their contract proposal dated May 29, 1985. The director of accounts was notified by the town clerk of the name and address of the accounting firm, as required by law.

The firm of Arthur Young & Company conducted an audit and submitted its report dated November 12, 1985, covering the following:

Report of Certified Public Accountants' Financial Statements

**Combined Balance Sheet -
All Fund Types and Account Groups**

- General Fund
- Special Revenue Fund
- Trust and Agency Funds
- Long-term Debt Group of Accounts

Combined Statement of Revenues, Expenditures, and Changes in fund Balances - All Fund Types

- General Fund
- Special Revenue Fund
- Trust and Agency Funds

Statement of Revenues and Expenditures - Budget and Actual - General Fund

- Federal Revenue Sharing Fund
- METCO Fund
- School Lunch Revolving Fund
- Other Funds

Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Special Revenue Funds

- Federal Revenue Sharing Fund
- METCO Fund
- School Lunch Revolving Fund
- Other Funds

Notes to Financial Statements

Additional Financial Information

- Treasurer's Cash and Cash Equivalents
- Statement of Changes in Tax and Certain Other Receivables

The Management Report dated June 10, 1986, was received by the Board of Selectmen on July 7, 1986, and included reports and recommendations on the following:

- Accounts Receivable
- Cash
- Carry-forward Appropriations
- Service Bureaus
- Electronic Data Processing

The full text of the submitted audit reports is available at the Town Clerk's Office, Town Hall.

ELECTIONS

ANNUAL TOWN ELECTION

March 31, 1986

The Annual Town Election was held at Peter Noyes School with the polls open from 7:00 A.M. to 8:00 P.M. There were 2,238 votes cast, including 60 absentee ballots. Twenty voting machines were used. The results were announced by Assistant Town Clerk, Kathleen D. Middleton.

Jean M. MacKenzie, C.M.C.
Town Clerk

SUMMARY OF 1986 TOWN MEETINGS

The following is a summary of actions taken by Annual and Special Town Meetings on resolutions and articles in warrants for those meetings. More detailed official Town Meetings Proceedings appear in Part II of this Annual Report, a separate document. Copies of Part II are available in the Town Clerk's office and are also available for perusal at the Goodnow Public Library.

ANNUAL TOWN MEETING April 7, 8, 9, 14, 15

In Memoriam Resolution: RESOLVED that the Town express its appreciation for special services and gifts of Edward E. Adams, Jr., Ralph H. Barton, Roger H. Bender, William A. Burns, Leslie S. Burr, Lois Y. Fink, Thomas F. McDonough, Rhoda A. Milroy, John H. Rankin, and Samuel Leo Spottswood.

Federal Revenue Sharing Hearing: VOTED that the town use FY87 Federal Revenue Sharing Funds to offset fire and police budgets under Article 6.

ARTICLE 1. Hear Reports: VOTED unanimously to accept reports of the Town boards, commissions, officers and committees as printed in the 1985 Town Report.

ARTICLE 2. Temporary Borrowing: VOTED unanimously that the town authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of revenue of the financial year beginning July 1, 1986, in accordance with provisions of General Laws.

ARTICLE 3. Personnel Bylaw - Administration Plan, Art. XI: VOTED unanimously to amend the town bylaws, specifically the Personnel Administration Plan, by 1) changing, throughout,

the word "permanent" to "regular" as it pertains to employment, 2) placing the final five paragraphs of the Salary & Classification Plan, Schedules A and B, into other appropriate sections of the Administration Plan, and 3) correcting the Sick Leave provision to bring the rest of the bylaw into conformance with an amendment by the 1985 annual town meeting to allow part-time employees with regularly scheduled hours/work days to join the sick leave bank.

ARTICLE 4. Personnel Bylaw - Administration Plan, Art. XI, 8 - Written Evaluations: VOTED unanimously to amend the town bylaws, specifically the Personnel Administration Plan, by adding the requirement that an annual written evaluation be given to each employee and filed with the Personnel Board.

ARTICLE 5. Personnel Bylaw - Classification and Salary Plan, Art. XI: VOTED unanimously that the town amend the town bylaws by substituting the Classification Plan and Salary Plan, Schedules A and B, as set forth in the Warrant and as amended by changing the hours per week of the Fire Department Civilian Dispatcher from 42 to 40.

ARTICLE 6. Budget: Summary of Appropriation Votes:

DEPARTMENT	VOTED
110 Sudbury Public Schools	\$6,807,089
130 Lincoln-Sudbury Reg. H.S.	4,904,995
140 Minuteman Reg. V.T.H.S.	367,533
200 Debt Service	385,040
310 Fire Department	1,056,366
320 Police Department	1,134,288
340 Building Department	237,660
350 Dog Officer	20,549
360 Conservation Commission	37,097
370 Board of Appeals	6,525
400 Highway Department	1,139,271
501 Selectmen	156,404
502 Engineering	191,640
503 Law	58,688
504 Assessors	135,118
505 Tax Collector	87,898
506 Town Clerk and Registrars	104,596
507 Treasurer	43,364
508 Finance Committee	3,731
509 Moderator	150
510 Permanent Building Committee	100
511 Personnel Board	2,245
512 Planning Board	44,275
513 Ancient Documents Committee	1,600
514 Historic Districts Commission	135
515 Historical Commission	1,017
518 Council on Aging	28,941

521 Accounting Department	105,742
600 Library	278,176
700 Park and Recreation Commission	174,662
710 Youth Commission	900
800 Health	223,216
900 Veterans	7,459
950 Unclassified	1,919,645

TOTAL \$ 19,666,115

It was VOTED:

A. That appropriations within department budgets are funded hereunder as integrated line items, provided, however, that the departmental appropriation for one such line item cannot be used for another line item without prior approval, in each instance, by the Finance Committee;

B. That with the exception of Account 100, Education, and integrated line items provided by this motion, all line items in all other accounts have been voted in segregated line items for accounting and expenditure purposes;

C. That all automobile mileage shall be paid at the rate of 20.5¢ per mile upon submission of a proper voucher;

D. That all appropriations under Article 6 are for the fiscal year July 1, 1986 to June 30, 1987;

E. That any state or federal funds received by the town which must be obligated or expended prior to the next annual town meeting may be used to offset the cost of an appropriate line item in the budget upon acceptance by the Finance Committee and certification by the town accountant;

F. That funds appropriated for the Salary Adjustment line items 950-101 are to be used for salary increases; such salary increases may be transferred to another line item with prior approval, in each instance, by the Finance Committee;

ARTICLE 7. Unpaid Bills: VOTED unanimously to appropriate \$40 to be raised by taxation for the payment of unpaid bills.

ARTICLE 8. Reduce Borrowing Appropriation: VOTED unanimously to reduce the amount appropriated under Art. 19 of the 1980 annual town meeting for construction of Union Avenue surface drains to the sum of \$50,000.

ARTICLE 9. Accept Ch. 293 of the Acts of 1985 - Liens, Septage Billings: VOTED unanimously to accept legislation which provides that unpaid septage disposal fees and interest shall become a lien upon the property from which the septage has been collected, enforceable in the same manner as sewer liens and charges under §16B-16F of M.G.L. c.30. (Legislation was initiated by Towns of Sudbury and Wayland.)

ARTICLE 10. Accept §4H of M.G.L. c.40, Bid Law Exemption: VOTED unanimously to accept the state statute which exempts from certain public bidding statutes the purchase of equipment, supplies and materials from any agency or instrumentality of the federal government, the commonwealth or any of its political subdivisions.

ARTICLE 11. Accept Ch. 663 of the Acts of 1983, School Transportation: VOTED unanimously to accept the state statute which provides for transportation of certain private school pupils.

ARTICLE 12. Sudbury 350th Anniversary Celebration Fund: VOTED unanimously to appropriate \$500 to be raised by taxation to be added to the Sudbury 350th Anniversary Celebration Fund established by the 1984 annual town meeting to prepare for a celebration in 1989 marking 350 years since Sudbury's incorporation in 1639.

ARTICLE 13. MetroWest Planning Funds: VOTED unanimously to appropriate \$2,500 to be raised by taxation and expended under the direction of the Board of Selectmen for support of MetroWest Growth Management Committee regional planning activities, to be expended only if a pending Strategic Planning Grant from the Executive Office of Communities and Development is not awarded.

ARTICLE 14. Regional Solid Waste Disposal Study: VOTED to appropriate \$2,000 to be raised by taxation and expended under the direction of the Selectmen to participate with other communities in a joint study of solid waste disposal alternatives to include the question of a transfer station site.

ARTICLE 15. Street Acceptances: VOTED unanimously to accept the layouts of Craig Lane, Shadow Oak Drive, Singing Hill Circle, and Virginia Ridge Road, and to appropriate \$525 to be raised by taxation therefor.

ARTICLE 16. Street Acceptance - Raytheon Drive: INDEFINITELY POSTPONED an article to accept the layout of a new street (Raytheon Drive) off Codjer Lane.

ARTICLE 17. Discontinue Portion of Codjer Lane (East): INDEFINITELY POSTPONED an article to discontinue approximately 20 feet of Codjer Lane (East), separating residential and industrial zones from through traffic.

ARTICLE 18. Brimstone Lane Resolution (Petition): RESOLVED unanimously that the town disapprove the use of Brimstone Lane as the sole or dual access to a residential development, or any

other type of development, located entirely in Framingham.

ARTICLE 19. Route 20 Widening Resolution (Petition): RESOLVED unanimously to advise the Board of Selectmen that the current 80'-wide design by the Department of Public Works for widening a section of Route 20 from Hop Brook to 700' east of Dudley Road is unacceptable and to instruct the selectmen to work with appropriate town boards, departments, and citizens to develop a specific alternative plan to meet traffic needs of this area of Route 20, to be brought to the earliest possible town meeting; said plan to take into consideration 1) alternatives other than a substantial widening of the existing road, 2) landscaping, 3) burying of utility lines, 4) road safety, and 5) the town's water supply.

ARTICLE 20. Library Automation: VOTED to appropriate \$17,500 to be raised by taxation and expended under the direction of the Goodnow Library Board of Trustees to match a Challenge Grant from the National Endowment for the Humanities, for library automation.

ARTICLE 21. Amend Bylaw Art. IX, V, Special Regulations - Site Plans, Design Review Board and Parking: VOTED unanimously to approve an article, as amended, to amend the Zoning bylaw to replace the sections entitled "Site Plan Approval", "Off Street Parking", "Vehicular Access", and "Landscaping" with three new sections:

Section A, "Site Plan Special Permit" - This section changes the site plan approval process to require a site plan special permit granted by the Board of Selectmen consistent with MGL ch. 40A.

Section B, "Design Review Board" - This section establishes a five-member board, to be appointed by the Planning Board, to review all applications for building permits and special permits or variances for non-residential proposals involving new construction, exterior alteration or a sign larger than six square feet, and to provide an advisory report to the applicant and permit granting authority.

Section C, "Parking Standards" - This section revises former regulations for the provision of parking areas for non-residential facilities.

ARTICLE 22. Amend Bylaw Art. IX, V, Special Regulations - Signs: VOTED unanimously to approve an article, as amended, to amend the Zoning bylaw to replace the section regulating the erection of signs with a new sign bylaw revised for clarification and procedural reasons and provision of more comprehensive guidelines.

ARTICLE 23. Amend Bylaw Art. V (B), Public Safety - Burglar Alarm Regulations: VOTED to

amend town bylaws by creating a new bylaw for the regulation of burglar alarms to be administered by the police department.

ARTICLE 24. Roof Study/Engineering Funds: DEFEATED a motion to appropriate \$12,000 to be raised by taxation and expended under the direction of the Permanent Building Committee for a study to provide engineering recommendations for a five-year program to maintain, repair, or replace roofs for the Curtis, Noyes, Haynes, and Nixon schools, and the former Fairbank and Loring school buildings; and for engineering and design services for maintenance, repair, and/or replacement of one or more roofs, or portions thereof, including bid documents, plans, and specifications therefor.

ARTICLE 25. Toddler Park: VOTED to appropriate \$14,800 to be raised by taxation and expended under the direction of the Park and Recreation Commission for development of a toddler playground area, which is intended to be located at Haskell Field off Hudson and Fairbank Roads.

ARTICLE 26. Resurface Featherland Park Tennis Courts: VOTED to appropriate \$50,000 to be raised by taxation and expended under the direction of the Park and Recreation Commission for complete resurfacing of the four Featherland Park tennis courts at Concord and Morse Roads.

ARTICLE 27. Featherland Parking Lot: VOTED to appropriate \$4,500 to be raised by taxation and expended under the direction of the Park and Recreation Commission for paving the existing parking lot at Featherland Park.

ARTICLE 28. Town Pool: VOTED to appropriate \$3,000 to be raised by taxation and expended under the direction of the Park and Recreation Commission for feasibility, planning, and design studies for an indoor town swimming pool.

ARTICLE 29. (withdrawn prior to warrant printing).

ARTICLE 30. Purchase Powers Land: VOTED to appropriate \$248,415 to be expended under the direction of the Conservation Commission to be used for the purchase of a portion of land owned by John and Betsey Powers at 489 Peakham Road, Assessors' map numbers G7 and H7, Lot 25, being approximately 21 acres, to be purchased in conjunction with a state self-help grant and the purchase of approximately 13 acres of this lot by the Sudbury Water District, said sum of \$248,415 to be raised in the following manner: \$239,200 by short-term borrowing pursuant to General Laws Chapter

44, Section 6A, and \$3,215 by taxation; and to approve the expenditure by the Conservation Commission of \$60,000 from the town's Conservation Fund for the purchase of an additional parcel of land owned by John and Betsey Powers, shown as Lot 24, Assessors' Map H7, containing approximately 1.92 acres; and \$32,585 from said Conservation Fund to be used in addition to the foregoing for the purchase of said Lot 25 and the balance of \$6,000 to be expended under the direction of the town treasurer for payment of interest for all sums borrowed hereunder, said sum of \$6,000 to be raised by taxation.

ARTICLE 31. Walker Land: INDEFINITELY POSTPONED, upon motion of the Conservation Commission, an article to purchase approximately 17 acres of land at 62 Goodman's Hill Road known as the Walker Farm.

ARTICLE 32. Walkways: VOTED to appropriate \$42,500 to be raised by taxation: \$12,000 for planning and engineering of walkways along Goodman's Hill Road from Concord Road to Green Hill Road, along Fairbank Road from Butler Road to Maynard Road, and along Boston Post Road from Longfellow Glen to Star Market Plaza, to be expended under the direction of the Planning Board through the office of the town engineer; and \$30,500 for construction of walkway along Peakham Road from Fox Run Road to the railroad tracks, to be expended under the direction of the highway surveyor.

ARTICLE 33. Belcher Drive and Suffolk Road Drainage (Petition): VOTED to retain a qualified consultant to determine the cause of flooding and other drainage problems on Belcher Drive and Suffolk Road and to make recommendations to the town, including estimated cost, to eliminate the same.

ARTICLE 34. Compensating Balance Agreements (Petition): VOTED to authorize the treasurer to enter into compensating balance agreements for FY87 pursuant to M.G.L. ch. 44, s.53F.

ARTICLE 35. Stabilization Fund: INDEFINITELY POSTPONED an article to add funds to the town's Stabilization Fund.

ARTICLE 36. Use of Free Cash: VOTED to authorize the Assessors to use \$413,000 from Free Cash in the determination of the FY87 tax rate.

SPECIAL TOWN MEETING

September 25 and 29

STM ART. 1. Personnel Bylaw, Administration Plan, Art. XI: VOTED that the town amend Article XI of the town bylaws, as follows:

A. By substituting the Classification and Salary Plan, Schedules A and B, with a new seven-step, seventeen-grade plan, the product of a study conducted by the Massachusetts Municipal Association under the direction of the Personnel Board, as set forth in the Warrant and as amended by changing the position of Health Coordinator from Grade 4 to Grade 5; and

B. By substituting a new Section 4, Salary Plan, which

1) is revised to conform to the seven steps called for in part A above, setting a uniform one-year time period for advancing between each step;

2) references the Fair Labor Standards Act relative to the application of overtime pay;

3) is revised to allow employees, formerly individually-rated, to receive longevity pay;

4) change longevity pay provisions for employees hired after June 30, 1986 as follows:

a) longevity pay is first received after seven years of employment, instead of five, and

b) the annual payment is increased by \$50 after 10 years of service and increased by an additional \$50 after 15 years of service (also applies to other employees receiving lump sum payments).

STM ART. 2. FY87 Budget - Validate Votes: VOTED unanimously to appropriate, as additions to line items voted by the 1986 annual town meeting for FY87 Operating Budget, \$125,000 for Acct. 310-510 Fire Equipment and \$44,000 for Acct. 410-510 Highway Equipment, to be raised by transfer from the Stabilization Fund. This vote, a repeat of that taken by the 1986 annual town meeting under Budget Article 6, was necessary because the ATM vote was not counted and recorded to show the minimum two-thirds favorable vote required for use of the Stabilization Fund.

STM ART. 3. FY87 Budget - Salary Adjustment: VOTED to appropriate \$25,000 as an addition to line item 950-110, Unclassified Budget - Salary Adjustment/Town, voted by the 1986 annual town meeting for the FY87 Operating Budget, to be raised by transfer of \$9,157 from line item 950-813, Unclassified Budget - Retirement Fund, voted by the 1986 annual town meeting for FY87 Operating Budget, and the balance to be raised by taxation.

STM ART. 4. FY87 Budget - Conservation Fund: VOTED to appropriate \$3,000 as an addition

to line item 360-900, Conservation Fund, voted by the 1986 annual town meeting for FY87 Operating Budget to be raised by transfer from line item 950-813, Unclassified Budget - Retirement Fund, voted by the 1986 annual town meeting for FY87 Operating Budget.

STM ART.5. FY87 Budget - Conservation Maintenance: (withdrawn by Conservation Commission)

STM ART. 6. Highway Department Roof Repair: VOTED unanimously to appropriate \$27,500 to be raised by transfer from line item 950-813, Unclassified Budget - Retirement Fund, voted by the 1986 annual Town meeting for FY87 Operating Budget and expended under the direction of the highway surveyor, to repair the highway department roof.

STM ART. 7. FY87 Budget - Town Insurance: VOTED to appropriate \$58,000 as an addition to line item 950-803, Unclassified Budget - Town Insurance, voted by the 1986 annual town meeting for FY87 Operating Budget, to be raised by taxation.

STM ART. 8. FY87 Budget - Retirement Fund: INDEFINITELY POSTPONED an article to reduce the appropriation for FY87 voted by the 1986 annual town meeting for line item 950-812, Unclassified Budget - Retirement Fund, by \$39,657, it being no longer necessary as previously voted motions contained this reduction.

STM ART. 9. Water District Easement, Well #9, Raymond Road: VOTED unanimously to authorize the selectment to convey by deed an easement to the Sudbury Water District of approximately 8.91 acres of land off Raymond Road for development of a well site upon terms determined by the Selectmen for a nominal sum, subject to condition that in the event ten years elapse during which the land is not used for purposes of public water supply, the land will revert to the Town of Sudbury and for the same uses as presently authorized.

STM ART. 10. Accept Ch. 640 of the Acts of 1985 - Licenses and Permits Subject to Unpaid Taxes and Fees: VOTED unanimously to accept the provisions of this Massachusetts law allowing the town by bylaw or ordinance to deny, revoke, or suspend local licenses or permits including renewals or transfers if local taxes, fees, or assessments are not paid.

STM ART. 11. Amend Bylaw Art. XVIII - Licenses and Permits Subject to Unpaid Taxes and Fees: VOTED unanimously to amend the town bylaws by adding a new Article XVIII, "Licenses and

Permits Subject to Unpaid Taxes and Fees", as set forth in the warrant pursuant to Ch. 640 of the Acts of 1985.

STM ART. 12. Accept Ch. 308 of the Acts of 1985 - Dog Licensing, Control, Regulation:

DEFEATED an article to accept the provisions of a Massachusetts law which would authorize the town by bylaw or ordinance to assume responsibility and liability for dog licensing, control, and regulation, thus divorcing the town from county regulation.

STM ART. 13. Amend Bylaw Art. V, 3 - Dog Control and Licensing: INDEFINITELY POSTPONED an article to amend town bylaws dealing with dog licensing and control because of the defeat of STM Article 12.

STM ART. 14. Combine Committee on Town Administration (CTA) and Long Range Capital Expenditures Committee (LRCEC): VOTED to transfer the powers and duties of the CTA and the LRCEC to a new committee established under this article to be named the Long Range Planning Committee to be made up of five members appointed by the Selectment for 3-year staggered terms, thus abolishing and dissolving the CTA and LRCEC.

STM ART. 15. Amend Bylaw Art. IX, V, A, Special Regulations - Site Plan Special Permit: VOTED unanimously to amend the Zoning bylaws by substituting a new paragraph 5, "Public Hearing and Decision", in Art. IX, V, A to clarify the requirement of filing decisions with the town clerk.

STM ART. 16. Amend Bylaw Art. IX, I, General-Definitions: VOTED unanimously to amend the Zoning bylaws by adding a new subsection, "Definitions", to Art. IX, I, as set forth in the warrant with the exception of an amendment to the definition for Sales Stands.

STM ART. 17. Amend Bylaws, Art. IX, III, A & IX, IV, B & IX, V, A, and IX, V, C - Permit Retirement Community Projects in Residential Zones (Petition): INDEFINITELY POSTPONED an article to amend the Zoning bylaws to add retirement community projects as a permitted use in Residential Zone A subject to a special permit granted by the Board of Selectmen, and add provisions for such a permit.

STM ART. 18. Amend Bylaws, Art. IX, II, A & IX, II, C & IX, IV, B & IX, V, A & IX, V, C - Retirement Community Districts (Petition): REFERRED to the Planning Board for further study, the Planning Board to report back at the next annual town meeting, an article to amend the Zoning bylaws to establish a new type of district, "Retirement Community Districts", to be placed only in Residential Zone A subject to a special permit granted by the Board of Selectmen.

STM ART. 19. Amend Bylaw Art. IX, III, C - Create Retirement Community District No. 1 (Petition): REFERRED to the Planning Board for further study, the Planning Board to report back at the next annual town meeting, an article to zone property owned by East Sudbury Greenhouses, Inc., at the easterly corner of Boston Post Road and Landham Road, as a Retirement Community District.

STM ART. 20. Route 20 Widening: VOTED to approve a RESOLUTION that the selectmen shall communicate the Route 20 Task Force findings, reports, and recommendations to the Massachusetts Department of Public Works (DPW) and work with DPW, state and federal legislators and town boards and committees toward implementing those recommendations as an alternative to the current DPW design.

STM ART. 21. Traffic Study: VOTED to appropriate \$35,000 to be raised by taxation and expended under the direction of the Board of Selectmen for a town-wide traffic study.

STM ART. 22. Special Act - Town Pool: VOTED to authorize the selectmen to petition the state legislature for a special act to enable the town to purchase a swimming facility from the Atkinson Pool Foundation, Inc., to be constructed on town owned land; said special act to be substantially as set forth in the warrant except for the deletion of Section 2 relative to borrowing.

STM ART. 23. Purchase Town Pool: VOTED to appropriate \$500,000 to be raised by taxation to purchase an indoor swimming facility.

SUDBURY PUBLIC SCHOOLS

This past school year has been marked by a major change in administration. We saw the retirement of Dr. Joseph LoPresti, our former superintendent, and after an exhaustive process, the hiring of our new superintendent, Dr. David Jackson.

Dr. LoPresti led the Sudbury Schools through declining enrollment, school consolidation, and the beginnings of tight budgets with the advent of Proposition 2½. His leadership brought financial and organizational stability during those tough times. With the solid foundation he built, we are anxious to continue to bring excellence in education to our students.

The search for our new superintendent involved representatives from the entire community. The Sudbury School Committee and representatives from the Lincoln Sudbury Regional High School Committee, teachers, parents, and school administrators were involved in the selection process. We were exposed to various approaches in educational leadership and we related them to the strengths and weaknesses of our system. After many months of interviewing we were confident that Dr. David Jackson from Westchester County, N.Y., could provide the educational leadership we desired for our system. The school committee, administration, and teachers worked hard to ensure a smooth transition for Dr. Jackson. As part of this process, we assessed our needs in order to plot a long term direction. This assessment will be continually refined as part of an overall effort of self evaluation and improvement.

Involvement of parents in the school system was strong this year. Parent organizations at each school continue to make a significant contribution to the diversity and quality of education for our children. In addition, an independent group of parents and community members built KidSpace on the grounds of Noyes school. This project has provided a safe playground for the entire town.

Staff development continues to be a priority in our school system. Workshops by Jon Saphier have clarified both theoretically and practically, the concept of the "Good Teacher". Jon Saphier is a noted researcher and writer in the art of teaching. This has been the first year of full implementation of Chapter 188 (The Educational Reform Act), and we have been taking full advantage of the funding and programs provided by this act. School improvement councils have been formed to find exciting ways to apply state funding. We have implemented "Horace Mann" grants for teachers involved in programs to

provide continual improvement to our educational system. In addition, early childhood services have been expanded to ensure better coordination and transition into kindergarten from town preschools.

Dr. David Jackson, appointed Sudbury School superintendent in September, checks over play equipment.

This year we worked on a wide range of goals for the future. We hope to increase the use of computers as a tool for all grade levels and in various curriculum areas. Attention will continue to be given to our early childhood education program. A program to deal with and prevent drug and alcohol abuse is also at the forefront of our attention. Improved cooperation with the Lincoln/Sudbury High School to ensure a smooth transition from the middle school, and proper meshing of curricula is an area of high priority.

Budget cuts and limitations in the past few years have forced the curtailing of building maintenance and equipment purchases in favor of keeping the quality of education at a very high level. These limitations have caused erosion of our physical plants in some areas. Steps to correct this are being taken for this coming year.

Of course, many of these improvements will have a budget impact. Our approach is to try to provide improvements in education that have a one-time cost, as opposed to year after year cost. This approach is in line with our history of cooperation and fiscal responsibility.

Our primary concern is quality educational experience for the children of Sudbury. The children do come first!

STUDENT ENROLLMENT

Notes:

1. Total enrollment of students leveled off (no more decline).
2. Curtis student population will probably continue to decline over the next two years.
3. K-2 population was essentially level for four years but increased significantly last year.
4. The Haynes school is at capacity.
5. The increase in K-5 last year occurred primarily at Noyes school.

It's the first day of school for kindergarteners lined up at Peter Noyes School

LINCOLN-SUDBURY REGIONAL HIGH SCHOOL

Committee Report

It has been a Super Bowl year; a year of honors for our faculty; a year of settling in to a new system; and a year of student activities rewarding to the students, the school and the communities we serve.

Several Lincoln-Sudbury teachers were singled out for significant honors; to name all of them would take more space than this report can allow. Each member of the faculty contributed importantly to the education of our young people.

The School's interscholastic varsity athletic teams combined to win the Boston Globe's Dalton award for overall success and participation. More than half of the students compete in interscholastic athletics, so this is truly an honor many can share. The football team repeated its Super Bowl victory, and other squads performed with distinction, many advancing into state and regional play.

Those who attended performances by the school's dramatic and musical groups were impressed by the level of achievement. Language clubs, student publications, the Key Club, and students involved in audio-visual activities played important roles in the school's overall atmosphere.

The School Committee, and more importantly the school itself, lost two of its most valuable voices this year. Alan Grathwohl, of Sudbury, resigned and moved to Florida. William King of Lincoln retired

L-SRHS committee members Alan Grathwohl (1) and Ray Clark broadcast town meeting over local radio station WYAJ.

after six years as an articulate and impassioned advocate of all that is best about Lincoln-Sudbury. We shall miss their knowledge of the processes of the school, and their devotion to the principles upon which it is founded.

As a regional school district, Lincoln-Sudbury is funded by each town in proportion to the number of students from each town. Funding is always three years behind the fact, with each town's share fluctuating annually. To deal with this problem, the committee has established a subcommittee of citizens from both Lincoln and Sudbury to study the method by which the school is funded, and to recommend improvements. Any change, of course, would have to be acted upon favorably at town meetings in both Lincoln and Sudbury; we expect to present an article at the 1988 annual town meetings.

We continued to invest time and attention in our application for a renewal of our accreditation. Lincoln-Sudbury has received accreditation for a period of ten years, which is unusual; most schools receive only five-year accreditations. As part of the process, the School community, including staff and Committee, has rewritten the School philosophy. It reaffirms Lincoln-Sudbury's desire to teach our young people to think critically as well as logically, to know the facts, and to know the applications of those facts.

Yes/No Smoking at L-S
Michelle Ellis
Curtis Middle School
Grade 7

Superintendent's Report

More than 85% of the Lincoln-Sudbury Regional High School graduates were accepted at colleges and universities throughout the United States. Many of our students were selected to attend some of the most competitive schools. From all reports, the colleges find our students well prepared for the challenges they face. Students who did not go on to further education benefited from the depth and variety of programs offered at the high school. This is due in great part to generous support from the communities.

The school has begun to reap the rewards of creating Freshman House. This allowed a smoother transition from the middle schools and gave us the opportunity to become acquainted more quickly with students, and to advise them on how to participate in programs at the high school. We continue to review all academic offerings and make changes dictated by the ever changing student body. Recent test scores given statewide attest to the fact that our programs are meeting the needs of most students.

There are going to be challenges in the future as we face declining enrollments and increasing costs. I hope we will be able to maintain the staff at present levels, and trust that citizens of the two towns will support these efforts to maintain the quality of the educational program.

Annual Regional District Election

The Regional District election was held in conjunction with the elections in Lincoln and Sudbury on Monday, March 31, 1986. Certifications of the results received from Nancy J. Zuelke, Town Clerk of Lincoln, and Jean M. MacKenzie, Town Clerk of Sudbury, follow:

	Lincoln	Sudbury	Total
Richard F. Brooks, 20 Russet Lane, Sudbury	145	1,360	1,505
Geraldine C. Nogelo, 19 Washington Dr., Sudbury	128	1,327	1,455
Scattering		2	2
Blanks	<u>73</u>	<u>1,789</u>	<u>1,862</u>
	346	4,478	4,824

Catherine T. Finelli
District Clerk

L-S Parents Organization panel on drinking discussion included Student Senate President Dinshaw Guzdar, Police Chief Peter Lembo, Park and Recreation Commissioner Roz Drawas, and Lincoln Police Chief Dominick Arena.

Lincoln-Sudbury Regional Scholarship Fund

The Lincoln-Sudbury Regional High School Scholarship Fund, through the generous contributions of the citizens and business organizations of Lincoln and Sudbury and the staff of Lincoln-Sudbury, has achieved an endowment of approximately \$180,000. This has been made possible through our annual fall mailing; income from Springthing, traditionally held the second Saturday in May; memorial contributions by individuals, families and groups; and a special appeal to the businesses of Lincoln and Sudbury. The success of Springthing is attributable to that large group of friends who generously donate their time and talents. The Scholarship Fund Committee raises and administers the endowment, and a faculty committee chooses recipients based on criteria established by the fund committee.

The fund is available to any graduate of Lincoln-Sudbury with definite career plans and financial need. In June \$18,000 were awarded to outstanding students.

Recipients of the 1986 awards were:

Scholarship Fund Awards

Judith Anton	Maura Kelly
Carolyn Bassett	Tracey Layman
Lendale Beverly	Judith Merra
Bryan Cannon	Sheila Pellegri
Joanne Dreher	Katri Sampson
Kenneth Foster	Tracy Spiller
Eric Frank	Mark Straubel
Sheryl Jackson	

Memorial Awards

Joseph DelRegno, Kirshner Scholarship
John Dolan, Wirzburger Scholarship
Charles Hadlock, Arnold Scholarship
Michael Muller, Hayes Scholarship
Stacy Lee Reddon, Sudbury Foundation
Scholarship

For information about the scholarship fund, call 443-9961.

LSRHS Scholarship Fund Committee

Dorothy & David Bagley	Lila Lam, LSRH Staff
Regina & Ralph Cuomo	Claire & Pat Mullen
Maureen & John Dolan	Rosalind Spiller, LSRHS Faculty
Melissa Duvan '87	Marcia Roehr, LSRHS Treasurer
Carol & Steve Fisch	Margaret & Vincent Surwilo
Neil Hickey, LSRHS Committee	Tim Walker '86
Virginia Kirshner, LSRHS Faculty	

Lincoln-Sudbury Student Exchange Committee

For many years the Lincoln-Sudbury Student Exchange Committee has promoted international understanding through homestay exchange programs at the high school. Each year the committee selects foreign exchange students who will spend an academic year at Lincoln-Sudbury living as a member of his/her two host families (one each semester). This year the students are: Martin Arieta (Durango, Spain), Franco Cento (Turin, Italy), Vanessa Smith (Birkenhead, England), and Ina vonFeld (Wermelskirchen, West Germany).

The committee also offers scholarship assistance to Lincoln-Sudbury students who live with families abroad during the summer. Our ambassadors in 1986 were Rachel Donaldson (Mexico), Kirsten Gurtler (Switzerland), Jerry Halligan and Priscilla Whoolery (France), and Jennifer Patti (Spain).

In addition to these individual opportunities, a group exchange was made last spring with Friedrich-Harkort Gymnasium as part of the German-American Partnership Program. Fifteen students and two leaders came in March for a three week visit and stayed in Lincoln and Sudbury homes. We reciprocated in April when a comparable number of L-S students enjoyed a stay in West Germany.

If you are interested in Exchange Committee activities, please contact any of these Sudbury members:

Nancy Ford, Chairman	Barbara Pryor
Maureen Bannon	Ann Read
Kathie Frigon	Anne Strauss
Chris Gardiner	Rosemary Treacey
Nora Hall	Sally Wadman

MINUTEMAN REGIONAL VOCATIONAL TECHNICAL SCHOOL DISTRICT

Minuteman Tech pursues its goal of "excellence in service to students and the community".

In partnership with the Lexington Rotary Club, the Town of Lexington and Leader Federal Savings Bank, Minuteman Tech carpentry, cabinetmaking, plumbing, electrical, heating/ventilation/air conditioning and horticulture students gained practical experience building and landscaping a superinsulated house on Emerald Street in Lexington. Similar off-campus and on-campus building projects are planned for the future.

As a result of a partnership with Massachusetts Bay Community College (MBCC), General Motors, and Minuteman Tech, 15 students received associate degrees in automotive technology in June. They received hands-on auto mechanics instruction at school from teachers trained by General Motors, using equipment donated by that company. MBCC provided college level academic courses. This was the first graduating class of the Automotive Service Educational Program, a program designed to produce automotive service people trained in electronics and computers as well as in auto repair. All went to work for GM dealers after graduation.

A third partnership with business resulted in a substantial donation of fast food equipment by the McDonald's Corporation to the culinary arts department. Culinary arts instructors and students now operate their own fast food restaurant, The Fife & Drum Grill, in the school's cafeteria. This gives students fast food management training as part of the culinary arts curriculum.

The Industrial Technology curriculum's robotics component includes training in programming a giant size commercial welding robot similar to those used in auto assembly plants. Student welders are involved in the use of this new robot.

The auto body program has laser frame straightening equipment. The equipment distributor allowed Minuteman to have the equipment in return for an agreement to establish special classes to train industry employees in the latest laser frame straightening techniques.

Drafting students train on four different computer aided drafting systems, VersaCad, AutoCad, MATC CAD, and Computervision "Personal Designer", in the best equipped computer-aided drafting program found in any high school in Massachusetts.

Desk Top Publishing is taught to commercial art and word processing students using MacIntosh and IBM microcomputers and laser printers.

Students majoring in health receive state certification as day care providers through a program with Minuteman Tech's Day Care Center.

Goals, objectives and assignments for the academic programs in science, mathematics, English, social studies and foreign language were updated. Computer activities are included in all courses.

Seniors going into business for themselves can prepare their own business plans by enrolling in a new Advanced Business English course.

A 1986 graduate, Peter Langan of Natick, won the national Vocational Industrial Clubs of America (VICA) Auto Body skills championship for 1986. He is eligible to compete in the International VICA competition in Australia in 1987.

Another 1986 graduate, Faith Crowell of Stow, won the state VICA skills championship in printing.

The varsity hockey team won the Division 3 state championship -- the first state championship won by a Minuteman Tech sports team since the school began league competition 10 years ago. Keith Lombardi of Arlington was named Division 3 Hockey Player of the Year. He was also named to the Commonwealth Conference All Star Team along with four teammates.

Football player Shawn Limerick of Lexington was named All Scholastic Line Backer by the Boston Globe and the Boston Herald and was mentioned in USA Today.

Three athletes each placed on Commonwealth Conference All Star teams in boy's basketball and girl's basketball, plus seven soccer players on the Conference All Star team.

Physical education teacher Alice MacInnis and English teacher George DuGuay were presented with special Exemplary Teaching Awards by the Battle Green Chapter of DeMolay.

Four graduates completed the advanced placement examination in physics, Henry Thomas of Lincoln, William Berzins and Tim Jung of Arlington, all studying engineering at the University of Lowell, and Jonathan Marsden of Lexington, an engineering student at Rensselaer Polytechnical Institute. The students were enrolled in Prep Tech, a special program for academically talented students.

There were several changes on the committee; Jay M. Moody (Lancaster), Timothy O'Leary (Needham), James L. Kates (Sudbury) and Robert L. West (Wayland) stepped down. Lawrence Ovia is now representing Sudbury, and Elaine Sweeney is the new Wayland member.

Residents of the 16 district towns are invited to visit the school and enjoy the student-operated services for the public which include a restaurant, bakery, gift shop, flower shop, beauty salon, and service station. For information on when these are open, call 861-7150.

MINUTEMAN REGIONAL VOCATIONAL TECHNICAL SCHOOL DISTRICT

Assessed Apportionments

Assessed apportionments for operating and capital costs for 7/1/86 - 6/30/87 are based on the number of students from each member town attending Minuteman on 10/1/85 as a percentage of the total number of students per section V (c) of agreement.

Apportionments for special operating costs are based on section IV (f) of agreement.

TOWN	PERCENT	OPERATING	+ CAPITAL	+ SPECIAL OPERATING	= APPORTIONMENT

FINANCE COMMITTEE

The committee prepared the annual town meeting's budget article, and took a position on every article--monied and non-monied--which came before annual and special town meetings. The committee reviewed budget requests submitted by each department, board, committee, and commission in a set of public hearings in January.

The Finance Committee continued its concern over present and future costs of town operations such as salaries of town employees, general expenses, and capital expenditures. In the latter

category, we coordinated our review of projects with the Long Range Planning Committee to ensure that realistic multi-year forecasts of capital needs were constructed.

We encourage residents to attend Finance Committee meetings and hearings, and review our recommendations in the Warrant.

At the close of the 1986 Annual Town Meeting, the terms of Chairman Marjorie R. Wallace and John T. Hannan ended.

BOARD OF ASSESSORS

The assessors added nearly forty million dollars in new growth value to the tax roles for Fiscal 1987 which brought the total taxable value to \$856,126,806. To raise the funds needed to operate the town, the board set the tax rate at \$17.17 for residential property and \$26.26 for commercial/industrial and personal property.

This year, town meeting approved an in-house computer system and special assessment software for the assessors. It is providing greater efficiencies and long range budgetary savings.

The fall of 1986 marked the beginning of a town wide reinspection program of all properties in preparation for Fiscal 1989 revaluation in which all property values will be adjusted to full and fair cash market value. The reinspection program is expected to take two years to complete, and the assessors have hired a part-time professional data collector for the task. The last full reinspection was completed in 1970.

The board welcomed new board member John Hannan, and accepted with regret the resignation of Assessor Bill Galvin.

REDSTONE SCHOOL ALUMNI gather for a reunion in September. Better known as the Little Red School House that inspired the rhyme, "Mary Had A Little Lamb", the school was brought from Lancaster to Sudbury in 1927 by Henry Ford. Representing only half the attendees, some familiar faces above are David Bentley, Barbara Eaton Deveneau, Fran Walker, Fred Bonazzoli, Ralph Hawes, and James Geehan. Alumni's diplomas are signed by Henry Ford.

TOWN TREASURER

Borrowing in anticipation of tax receipts was reduced to \$3,000,000 for the fiscal year ended June 30, 1986, compared to borrowings of \$5,000,000 for the prior fiscal year. Combined with generally lower interest rates during the year, the town's cost of short-term borrowing during the year was reduced by more than 50%.

New federal tax laws will make all municipal borrowing more complicated and costly, but its greatest impact will be on communities who borrow more than Sudbury normally does. With the continued prompt issuance of tax bills, our usual short-term borrowings should not be impacted too severely, and we should be able to continue to issue fully tax exempt notes.

ANCIENT DOCUMENTS COMMITTEE

The Ancient Documents Committee preserves historical town documents and provides support for contemporary records. Preservation of historical documents is the first priority of this committee. An ambitious program of restoring, binding, and filming these materials over the last decade has been gradually reduced to a maintenance activity. Restoration of the "Jacob Reeves, Justice of the Peace Records Book" and the "Town of Sudbury 1640-1840 Vital Records Book" was completed this year, leaving few significant old documents in need of immediate attention.

Management of contemporary records has become more demanding with the passage of time. Widespread use of computers to prepare and

maintain town records required a major overhaul of the Records Management Manual currently in use. This committee therefore is changing its priorities toward updating the town records management program. This requires cooperation of all town boards and committees, and involves activities that must be conducted during normal business hours. Restructuring the committee will be necessary, and additional funding may be required for the updating program.

The committee seeks additional members and volunteers with skills in record management, personal computers, and word processing. Anyone interested in assisting in this effort is encouraged to contact the town clerk.

HISTORIC DISTRICTS COMMISSION

Mandated by Chapter 40 of the Acts of 1963 to preserve and protect districts of historic significance within the town, the commission approved 20 applications for Certificates of Appropriateness which included ten for building construction, four for landscaping, and two each for alteration, painting, and signage. Also, for Certificates of Determination (where architectural or landscaping proposals are not visible from the road) and one Permit for Demolition were issued.

The number of application for certificates was the largest received by the commission in five years, exceeding the average of previous years by about 20 percent.

Six notices of public hearings were advertised in the Sudbury Town Crier and numerous posted business meetings were held during the year. Application fees for certificates generated \$60 which were remitted to the town treasurer.

To insure its voice in the consideration of landscaping of future developments within historic districts, the commission appeared at scheduled meetings before the Board of Selectmen and the Planning Board. One resolution was that the bylaws of the Planning Board will be reworded to include the requirement that the commission's counsel be sought concerning all future proposals for development within the town's three historic districts.

HISTORICAL COMMISSION

Since its inception in 1978, John C. Powers has been a member and, for most of those years the chairman of the Historical Commission. The commission accepts with regret his resignation and gives him its heartfelt commendation for a job well done. John Powers' appreciation of Sudbury's historical heritage and his commitment to promotion of citizen awareness of its legacy has been steadfast goal.

Two contracts were awarded in our progress to restore Hosmer House for public use. With a commission member on site every day, the west side ballroom on the second floor was restored to its early 19th century appearance. Contractor Michael Priscella & Co. worked late nights to assure that the ballroom could open to the public on the morning of July 4th. We are grateful to donors for funds that restored six windows to their original state. Thirty more remain to be done. The commission expects to refurbish the west side store on the first floor next July.

The Sudbury-Wayland Lions Club managed the July 4th Yankee Doodle Yard Sale and made a donation to this commission. The Sudbury Garden

Club donated flowers for the 4th of July opening, and helped as tour guides.

The ballroom was furnished with a rug donated by Anita Cohen. The Sudbury Women's Club donation enabled us to purchase drapery for the ballroom. On November 3rd, the Sudbury Historical Society held the first public meeting in Hosmer House since the restoration of the first room. Chairman John C. Powers was the speaker to a packed house.

With the continuing support of subcommittee members, the commission is working on several projects for the town. Lillian Balch negotiated for printing post cards of an oil painting of the house by Florence Hosmer for promotion and funds. Anna McGovern is overseeing promotion and restoration of Hosmer paintings, thus continuing the restoration work started by E. Helene Sherman. Dorothy MacGowan-Taylor and others have supported the Hosmer House promotion program.

The fifth annual fund raising sale of the 1987 issue of a cup plate of the Sudbury Series was held at Hosmer House in December. The plate depicts the "Mary Had A Little Lamb School" at the Wayside Inn.

350th ANNIVERSARY CELEBRATION COMMITTEE

The focus of the 350th anniversary celebration will be a three-day program on the Labor Day weekend of 1989. Events will include a ball, or other family entertainment on Saturday, September 2nd; neighborhood and organization get-togethers to build floats along with a possible town picnic in the evening on Sunday September 3rd; and a spectacular parade on our actual 350th birthday, Monday September 4th.

The committee plans on having an open meeting in March 1987, to invite comments and suggestions from townspeople. We need inputs and volunteer help to make this a celebration to enjoy and remember.

School departments and several organizations indicated they want to be involved in the program. While the Labor Day weekend will be the Grand Finale, we hope that events will be sponsored by music and art groups, clubs, etc. throughout the spring and summer of 1989.

History of South Middlesex is looked at by Historical Society member Don Max (right) with Selectman David Wallace. The book is the first combined history of the nine area communities

MEMORIAL DAY COMMITTEE

A small group of Sudbury dignitaries began the Memorial Day ceremonies at the North cemeteries by the graves of veterans of the Spanish-American War and World War II. Prayers were given by committee members Mary Jane Hillery, William Duckett, and Francis Koppeis. The Sudbury Fyfe & Drum Companie played hymns, the American Legion Honor Guard and Rifle Squad fired a salute, and taps and echo were played by David Bentley and Dean Yarbrough. The group then joined the main parade contingents at Sudbury Market Place on Boston Post Road.

Memorial stops were made at Hop Brook in honor of Naval veterans where a prayer was given by the Rev. Thomas Hillery of the Sudbury Church; Civil War Monument, prayer by Francis Koppeis; Wadsworth Memorial to the Indian Wars, prayer by a representative of the Greater Lowell Indian Cultural Association; World War II, Vietnam, and Korean Memorials, prayer by Father Joseph Gough; World War I Memorial at Grinnell Park, prayer by committee member Catherine Hall. Hymns and taps were also played at all memorials as at the North cemeteries.

The Sudbury, Hop Brook, and Thursday Garden Clubs, decorated the memorials while the Girl Scouts and the Campfire Girls placed geraniums on all the veterans' graves.

Floyd Bancroft, World War I veteran, was parade marshal, leading the American Legion,

selectmen, fire and police chiefs, American Legion Auxiliary, Sudbury Minute & Militia, Indians, veterans of all wars, Campfire Girls, Girl Scouts, Boy Scouts, Brownies, Blue Birds, and Cub Scouts. The Sudbury Fyfe & Drum Companie provided music for the march and at the Town Hall.

Ceremonies at the Town Hall were opened with the Star Spangled Banner sung by Minister Dan Olsen of the Sudbury Church, and Brad Kimball and Pam Kentley. State Representative Lucile Hicks and Selectmen Chairman Josiah Frost gave brief addresses. The Reverend Larry Wolfe of the Lutheran Church gave the prayer.

Winners of the Memorial Day essay contest were guest speakers. They were awarded money prizes donated by Sudbury Farms, BayBank, Framingham Trust, Guaranty-First Trust, Waltham Savings, West Newton Savings, Commonwealth Federal Bank and Star Market. Grand prize winner was Tim Dolan who, with his parents, were also guests of the Wayside Inn for dinner. Other winners were Heather Stahl, Jill Cikins, Stephen Sweeney, Greg Lewis, Kathy Dolan, and Laura Nogelo.

A final musket salute and taps at the Revolutionary War Memorial by the Minute & Militia closed the ceremonies. The American Legion served refreshments to parade participants.

Sudbury Minute & Militia fire musket salute on Memorial Day at monument to Capt. Samuel Wadsworth and his men who were ambushed and killed on Green Hill by King Philip and his warriors. Participating in ceremony are Indians representing the early Americans defending their lands. Indian teeth found at the site are at Goodnow Library.

Grade 1

COUNCIL ON AGING

We continue to operate the Senior Citizens Drop-In Center at 32 Concord Road. The center is open Monday through Friday from 10 a.m. until 3 p.m., an increase of one hour a day over last year. There is currently a staff of three which includes the director, outreach worker, and van driver. There are also 16 dedicated volunteers who are an integral part of the operation of the center. The director and outreach worker are available during these hours to answer questions, make referrals, and assist seniors in filling out forms for insurance, medicaid, etc. Both attended the South Middlesex Opportunity Council fuel assistance training course and have been assisting seniors and other Sudbury residents in filling out applications for this program.

The Council on Aging and staff offer seniors a variety of activities throughout the year including art and needlework classes, bridge lessons, a program of exercise and music, cookouts and pool parties, speakers, and day trips.

Meals are available to seniors three days a week. These are provided by the SMOC Elderly Nutrition Program and are coordinated by a site manager who is employed by SMOC. A nutritious, well-balanced meal is available for a donation of \$1.00. More than 2300 meals were served at the Sudbury site.

The Sudbury Visiting Nurse Association provides twice monthly blood pressure screening clinics at the Drop-In Center, and coordinates our series of monthly health talks. These varied talks provide useful information concerning subjects ranging from proper nutrition to eye problems. In April, the SVNA assisted a dermatologist who

conducted a screening clinic for detecting pre-cancerous skin conditions. This clinic, the flu clinic and the eyemobile were all well attended by senior citizens.

The transportation program has been significantly expanded since the delivery in August of our new wheelchair lift van. In addition to daily rides to the Drop-In Center, grocery shopping on Tuesday and Wednesday, and rides to special events, we transport a handicapped boy to and from high school each day. We added a four-hour block of time one day a month, which allows seniors and handicapped residents to use the van for appointments and errands within the town, and we increased the number of buses to Natick Mall and Shoppers' World to two a month. The van provided 2,570 rides to senior citizens. Of this number, approximately 33% are handicapped and 33% are low-income. We are unable to fulfill all transportation needs of Sudbury's seniors since time does not allow us to provide rides to medical and other personal appointments.

In 1985, a subcommittee was established to study the future needs of Sudbury's senior citizens. In the spring of this year, they presented their report to the COA. As part of their study they interviewed a cross section of seniors, explored the possibility of expansion, and sought information on sources of funding. This group concluded that there is a growing need for a larger Drop-In Center. A second committee was appointed to review the needs for an expanded senior center facility and increased services. In November, this group recommended that COA pursue construction of a new senior center.

HOME HEALTH GIVE ELDERLY A HAND Shirley Moreau changes oxygen tubing for Hary Long, and shows him how to hook a rug as part of his therapy program.

NEW LASER SCANNER Automation came to Goodnow Library in January. Carolyn Anderson checks out books for Les Hanson using the new system as part of the Minuteman Library network.

GOODNOW LIBRARY

On January 3 the Goodnow Library went on line with the computerized circulation system as a member of the Minuteman Library Network. In addition to check out and check in of all materials, the system automates and maintains all of the Library's related files, including the borrowers' registrations, overdue notices, bills, and reserves, and it compiles statistics. The database of about 2½ million volumes (the combined holdings of 20 participating libraries) is available to Sudbury residents through inter-library loan or direct borrowing. The number of books borrowed from other libraries for residents totaled 922, an increase of 12% over 1985. The 564 items loaned to other libraries more than tripled last year's all-time high of 134.

Also, direct use of the Goodnow Library by non-residents can now be easily tabulated. A total of 12,698 items (7.6% of the total circulation) was loaned directly to residents of other towns. Residents of Framingham (32%), Wayland (18%), Maynard (11%), and Marlboro (7%) recorded the highest non-resident use. Use of the library by non-residents always has been evident, but there was no

easy way to document it. Massachusetts Board of Library Commissioners required libraries to report statistics of non-resident use this year as part of the requirements for state aid.

Trustees were involved in fund raising to meet requirements of the Challenge Grant for Automation from the National Endowment for the Humanities. A special article at the annual town meeting appropriated \$17,500 for the grant and helped the trustees to meet the requirement of raising \$35,000 by July 31. The photography contest, which would have produced a Sudbury calendar to be sold by the trustees, with the proceeds applied to the grant, was cancelled because of the high cost of production. In the fall, a mailing to every library user generated many new donations and pledges which will be applied toward the \$15,000 that must be raised before July 31, 1987.

Special programs in the adult department included a Family Film Festival on Monday evenings during August. Except for July and August, the Book Discussion Group met monthly under the direction of Martha Dow and Aleta Cane.

In the children's department, special story programs on Tuesdays and films and crafts on Thursdays were presented throughout the year. The second annual Balloon Launch was held in the spring, and the non-competitive summer reading program, called Book Up! featured an astronomical theme. Beginning on July 1, because of public demand, the hours in the children's department were increased to 8 p.m. on Wednesday.

Friends of the Library continued to provide many special services and programs which would not be available otherwise. In addition to providing photocopy service, they purchased family passes for public use to seven area museums: New England Aquarium, Museum of Science, Children's Museum, Museum of Fine Arts, Boston-By-Foot, DeCordova Museum, and Drumlin Farm. Friends also provided funds to buy records and cassettes for the Adult and Children's Departments, as well as additional titles for the Books-on-Tape collection. Friends also sponsored special programs, lectures, exhibits, and cultural trips, which increased awareness of the library in the community.

In December, Rob Mitchell notified the trustees that he was resigning from the board because he will be moving from town. During his five-year tenure,

Rob served as chairman for two years and was actively involved in fund raising for the Challenge Grant.

Many organizations, businesses, and individuals supported the library with contributions of time and money as well as donations of books, magazines, and other items. Many people donated to the Challenge Grant Fund for Automation, and gave special funds in memory of Robert Stocking and Forrest D. Bradshaw.

The support of our community is our greatest asset, and we are continually striving to live up to the expectation of providing high quality service and materials.

SUDBURY HOUSING AUTHORITY

Shrubs get a pruning at Musketahquid Village by director Jo Ann Howe.

The Sudbury Housing Authority completed rehabilitation of its eight scattered-site houses for low-income families, and will begin a \$100,000 modernization program at Musketahquid Village, its 64 apartment development for the elderly and handicapped. Residents of the village, which just celebrated its tenth anniversary, received a large-screen TV and VCR, thanks to generous donations.

The apartment turnover at Musketahquid increased from five to twelve per year during the twelve-month period, and sixteen people are currently waiting for units. Our eight family houses had only one vacancy in four years, and 37 families are on the waiting list. Waiting list preference is given to Sudbury residents for all programs, per regulations for state-aided low-income housing.

The authority welcomed Irvin McKittrick to the maintenance staff and Steven Swanger to the Board of Commissioners. Chip Aldrich, a student intern from Framingham State College, spends one day a week visiting Village residents.

The authority was recently awarded state funding to construct fourteen units of low-income family housing and is searching for a suitable site with the help of a consultant hired through a state grant. We are also pursuing the possibility of providing housing in Sudbury for people with special needs.

BOARD OF HEALTH

The increase in development and identification of numerous hazardous waste sites resulted in a shift of priorities toward more emphasis on ground water protection.

Environmental

SUBSURFACE DISPOSAL OF SEWAGE - To assure that individual septic systems did not have an impact on the environment, thorough field evaluations were conducted on each lot to determine ground water elevations, suitability of soil, elevation of ledge, and presence of wetlands. Nine subdivisions were submitted for review and recommendations were made to the appropriate boards. There were 377 lot inspections conducted to determine suitability for development.

HAZARDOUS WASTE - As a result of a change in Massachusetts General Laws governing hazardous waste (Chapter 21E), lending institutions now require environmental evaluations prior to transfer of commercial/industrial property. This led to identification of several hazardous waste sites in Sudbury. The Board of Health, State Department of Environmental Quality Engineering (DEQE), and the owner's consultant determined the extent of the problem and implemented remedial action to mitigate impact on the environment.

To prevent ground water pollution from inappropriate disposal of hazardous waste at the town landfill, Boards of Health in Sudbury and Wayland sponsored a Hazardous Waste Collection Day on May 10 during which 2,700 gallons of waste were collected that otherwise would have been thrown in the landfill. The Highway and Fire Departments installed a 500-gallon storage tank at the landfill for collecting waste oil. This tank will prevent approximately 2,000 gallons of oil per year being disposed of in the landfill. When the tank is full, a licensed hazardous waste transporter properly disposes of the oil.

WATER MONITORING - To assure that ground and surface waters are protected, the Board of Health periodically samples sensitive areas such as the town well fields, landfill, and ponds/streams that are susceptible to pollution. Twenty-three water samples from individual wells were collected, and chemical and bacterial quality was checked to assure that the water was potable.

COMPLAINT INVESTIGATION/SURVEILLANCE - A program of complaint investigation and surveillance detected, monitored, and investigated conditions which contributed to illness and/or a nuisance. Forty-seven water pollution problems, twenty-eight problems associated with hazardous waste, and seventeen air pollution complaints were investigated.

General

MOSQUITO CONTROL - To avoid an outbreak of Eastern equine encephalitis and to control nuisance mosquitoes, the board continued to provide licensed mosquito control by the East Middlesex Mosquito Control Project.

RESTAURANT AND FOOD SERVICE - Thirty-nine licensed food service establishments in town were inspected to assure compliance with regulations.

DAY CARE AND PRESCHOOL - Seven day care and preschool centers were inspected to assure compliance with regulations.

MENTAL HEALTH - To assure residents of professional help should the need arise, the board financially supported the Family Counseling & Guidance Center of Framingham, which in turn provided services on a sliding scale based on the individual's ability to pay. The center provided 847 hours of service to the town.

NURSING SERVICES - Sudbury Visiting Nurses Association continued under contract to supply nursing services as needed by the board, including home health care visits, communicable disease followup, flu and pneumonia and adult clinics. The nursing association made 591 home visits for the Board of Health.

RABIES CLINIC - The annual rabies clinic was held on March 29, at which 58 dogs and cats were inoculated.

Personnel

Donald Kern, M.D., was elected to a three year term in March. Michael J. Sullivan continued as director and Mary Ann Courtemanche as health coordinator.

PARK AND RECREATION COMMISSION

The big recreation news this year included the creation of the Toddler Playground at Haskell Field and completion of the field house and restrooms there, and passage of the Atkinson Town Pool request at the special town meeting in September. The Sudbury Foundation gave a very generous gift plus guidance and support for the town pool projects.

In addition to developing these new physical facilities, the following other activities occurred:

The summer recreation program provided sports, arts and crafts, and general recreation for hundreds of youngsters. Day camp programs for ages 2 to 12 provided another dimension to our programs. Specialized programs were offered in the form of new basketball camp and mini football camp, as well as continuation of the summer lacrosse, tennis, gymnastics, and weight training programs held at Lincoln-Sudbury Regional High School.

July 4th activities included the early morning road race, parade, and afternoon sports and games program at Featherland.

The Frank G. Feeley Award is given to a townsperson who best reflects that special love of sport and commitment to sportsmanship for which Frank was so much admired. This year the award was presented to two residents, Mark Straubel and Harvey Gross.

Summer night sports were popular with the Men's Softball League at Featherland Park and the lighted field at Feeley Park for Little League and American Legion play.

More than 160 youngsters enrolled in the new gymnastics program at L/S. The convenience of the program in town and the professional staffing has made this a really popular activity.

The annual Senior Citizen's Picnic was a big hit again this year.

The Sudbury Teen programs had a great year. Under the direction of Jean Lind, Teen Center programs were strengthened, participation grew, and facilities were improved. Volunteers donated pool tables, artistic wall paintings, and did whatever needed to be done.

The tennis courts at Featherland were refurbished.

Five summer evening concerts were held at the Noyes School bandstand, highlighted by the 18th U.S. Army Band from Fort Devens.

Children's programs were held, including the July 4th bike parade, Halloween Parade, and summer toddler programs for 2-, 3-, and 4-year-olds.

In addition to continuing indoor winter programs (men's basketball, open volleyball), two ski trips were sponsored, and the outdoor skating facility at Featherland Park was activated.

LOCAL ARTS COUNCIL

Approximately \$3600 were allocated to the Local Arts Council by the Mass Arts Lottery Council. Awards were made in each of two granting periods. In the spring one award was made to the Sudbury Metco Program for presentation of two multi cultural assembly programs, one each at Noyes and Haynes schools. "African Folk Tales" introduced students to the heritage and history of Africa through stories, dance, mime, music, and audience participation. The second award was made to Lela Digenis to underwrite a series of mini residencies in painting, pottery, photography, and sculpture at Curtis Middle school. A mini museum was set up for students to display their work.

In the fall granting period, three awards were made. The Sudbury Community Arts Center received funding for a series of three concerts by local musicians, including Wanda Paik, at the art center. Another award was made to the Haynes School Cultural Arts Committee for a program of creative movement. A third award was made to Benjamin Aronson, a local landscape artist, to help underwrite his production of a series of paintings to be exhibited at a local art gallery for enjoyment by the Sudbury community. He will simultaneously work with art students at Lincoln-Sudbury Regional high school to deepen their understanding and appreciation of art.

SUDBURY VISITING NURSE ASSOCIATION, INC.

As the Sudbury Visiting Nurse Association, Inc., prepares to enter its 50th year of services to the community of Sudbury, it has begun a major fund drive to raise \$50,000 to continue to provide needed services to Sudbury residents who are unable to pay full fee. The fund drive has not only produced funds for the agency but has received many nice letters from people who have benefited from our services.

"Friends of the SVNA" was established in the spring of 1986, and boasts a membership of over 100 families. The purpose of this organization is to increase community awareness and fundraising.

The following highlights the services provided to Sudbury:

Home Health Care

Our goal of maintaining quality home health services has taken on new dimensions. As people are leaving hospitals much sooner we are finding the need to provide more intense and high tech services. We have also seen these services provided to a much more diverse age spectrum.

SVNA has also found the need to market our services in order to compete with private agencies and hospital-based home cares. We are hopeful that "Friends of the SVNA" will assist us in this effort.

A new early maternity discharge program, which allows mother and baby to leave the hospital earlier, was begun this year in cooperation with a few Health Maintenance Offices. The SVNA staff provides nursing and home health support.

Board of Health

Funding for Board of Health programs is provided under contractual agreements between SVNA and the Board of Health. Programs include communicable disease control, health guidance, health education visits, community clinics, and health education and screening clinics.

The following were some of the programs accomplished:

Health Maintenance/Health Education	832 Visits
Immunizations/TB Screening	138 Patients
Communicable Disease	7 Patients
Community Clinics	247 Patients
Flu/Pneumonia	286 Patients
Women's Cancer Screening	14 Patients
Pre-School Vision Screening	301 Children

School Health Services

Comprehensive school health services are provided under contractual agreements with the Sudbury School Systems. The school health staff provides first-aid services, dispenses medication, has a staff member of the 766 CORE Team, offers health counseling, and serves as consultants on health education. In addition, the health program includes mandated screening programs for hearing, vision, postural screening, serial growth, review of immunization status and review of physical exams. SVNA staff is assisted with these screening programs by trained community volunteers coordinated by Gloria Hughes, our volunteer coordinator.

Health Room Visits

School	Illness	Accidents	Medications	Other
Haynes	665	1,259	554	848
Curtis	1,453	748	1,427	2,171
Noyes	1,334	1,349	900	1,515
LSRHS	7,077	222	410	1,698

Health Education

Brought back by popular demand was our Babysitter Training Course geared for children ages 11 and up. In addition, we added a Home Safety Class for children ages 9-12. Both classes were taught by Sheila Leonard, Nursing Supervisor, and by the Fire and Police Departments. Both classes were well received by participants. SVNA offered CPR and first aid classes for day care personnel.

Board of Directors

Edward Donie	Miles Nogelo	Susan Pettit
David Bagley	Linda Verville	Rev. Stanley Russell
Marilyn Ellworth	Phyllis Prager	Olive Quarcoo

U.S Navy veteran Joseph Brown drops a wreath into Hop Brook to honor naval war dead.

VETERANS ADVISORY COMMITTEE

The committee provided information to several veterans relative to burial in a military cemetery, obtaining medical attention, and obtaining forms for veteran's benefits. The committee provided aid to one family whose home was destroyed by fire.

Veterans and their families in need of veteran services should contact the committee through the town hall.

VETERANS AGENT

There was a sharp curtailment in veterans financial assistance cases. Only two were given: one for four months and one for one month. Undoubtedly, this is due to a strong economy and availability of job opportunities.

Two requests were turned down because of failure to support dependents. This is a bar to financial aid.

Fifteen VA markers for graves were allocated for deceased veterans. Approximately fifty queries were handled for veterans' assistance, i.e., GI Bill, compensation and so forth.

YOUTH COMMISSION

The past year, the second in our history, has been ambitious and effective. From our town-wide youth and family survey, we summarized the needs and concerns of the youth. This document indicated the need for additional services for this population. Issues ranged from boredom, depression, drugs, and alcohol, to the need for a town pool and recreation center. This report was made public to the town.

As a youth commission we felt the need to continually reach out to other commissions and groups in town to hear their concern, develop coordinated approaches to problem solving, and insure that our direction was in concert with theirs.

We have established a three-part educational forum oriented toward youth and parents as the youth travel the road from pre-teen to leaving home.

These forums will begin in the spring and continue in the fall of 1987, and will feature exciting guest speakers.

The commission is recommending Code Hotline to provide crisis, information, and referral services. Our budget provides for a community outreach worker who would provide services to youths and their families on an intervention, crisis, and referral basis. This person would work as a liaison between youth, schools, churches, the court, police, and social service agencies. He or she would help fill the gap for young people and "families at risk" who need immediate services. This position request resulted from consultation with schools, the Board of Health, and the selectmen. We felt it would be a valued asset and would help validate that youth truly are the town's present and future resource.

BOARD OF APPEALS

The board considered 74 cases: 55 were granted; 14 denied; one denied without prejudice; one was withdrawn; and one was withdrawn without prejudice. In one case a variance was not required and in another the selectmen's site plan approval was upheld.

At its annual meeting the board re-elected Harvey R. Peters as chairman and elected Maryann K. Clark as clerk for 1987.

Cases considered during the year and the board's actions thereon are listed below. An asterisk indicates that the variance or special permit was granted with restrictions imposed to safeguard the public good. Actions of the board are public record and are on file with the town clerk.

86-1 RAYTHEON COMPANY and ROBERT H. SCHINLEVER
551 Concord Road
Renewal of a special permit to allow continued use of a wooden telephone pole test tower on property located at 551 Concord Road.

GRANTED*

86-2 RIEPE, FRANK W.
84 Concord Road
Special permit to conduct a customary home occupation, the practice of architecture.

GRANTED*

86-3 EGIZIO, FRED A., JR.
Lots 1 & 2, Center Street
Variance to allow construction of a house on each of two lots, one with insufficient area of 2196 square feet and one with insufficient area of 1196 square feet.

GRANTED

86-4 PERLMAN, JON E. and FRANCES K.
57 Robbins Road
Variance to enlarge an existing carport, said addition having a sideyard setback deficiency of approximately 2½ feet.

GRANTED

86-5 FAGAN, ANNE S.
4 Wilson Road
Special permit to conduct a customary home occupation, a home cleaning service.

GRANTED*

86-6 SUDBURY WATER DISTRICT
199 Raymond Road
Special permit to construct an access road and well site in the floodplain zone.

GRANTED*

86-7 SUDBURY MOTOR PARTS
119 Boston Post Road
Special permit to erect a sign on the front of the building, said sign being 120 square feet in excess of the standard.

WITHDRAWN

86-8 McDONALD, STUART and IRENE
5 Checkerberry Circle
Special permit to conduct a customary home occupation, a bed and breakfast service.

GRANTED*

86-9 FOUR SEASONS GREENHOUSES & ACCESSORIES
81 Union Avenue
Special permit to erect a sign 4 feet in excess of the standard.

GRANTED*

86-10 ATHANAS, THEODORE and ASHILD
19 Washbrook Road
Variance to legalize the existence of their home having a frontyard setback deficiency of approximately one foot; and a special permit to allow construction of a detached garage within the floodplain zone.

GRANTED

86-11 COLONY LEASING CORPORATION
8-10 Concord Road
Special permit to allow buying and selling of used cars.

GRANTED*

86-12 PUSTAVER, JOHN A. and CORA M.
4 Kendall Road
Variance to legalize the existence of a garage having a sideyard setback deficiency of seven feet.

GRANTED

86-13 HONENS, JUDITH P.
87 Woodside Road
Special permit to conduct a customary home occupation, catering business.

GRANTED*

86-14 GREENWOOD CLUB, INC.
261 Mossman Road
An amendment to the original permit granted in 1963 to allow an increase in the membership from 125 families to 140 families.

GRANTED

86-15 NATHAN, SAUL M. and ELEANOR A.
34 Drum Lane
Renewal of a special permit to conduct a customary home occupation, to sell stationery and invitations.

GRANTED*

86-16 GOODSTONE, JOAN and LEE
14 Saxony Drive
Renewal of a permit to operate a kennel for five dogs.

GRANTED*

86-17 HOLDEN, WILLIAM C., III and SUSAN B.
19 Candy Hill Lane
Special permit to raise sheep.

GRANTED*

86-18 COHEN, DONALD and CAIL, HAROLD F. and MARION B.
Lot 4, Twin Pond Road (proposed)
Special permit to do grading and install drainage in the floodplain zone.

GRANTED

- 86-19 TERRIO REALTY TRUST (COUNTRY LIVING)
339 Boston Post Road
Special permit to legalize existing enlargement of the nonconforming structure.
GRANTED

Special permit to enlarge the pre-existing nonconforming structure with the construction of a 3200 square foot addition to the southerly side of the existing building.
GRANTED
- 86-20 SUDBURY KITCHEN and BATH CENTER, INC.
333 Boston Post Road
Special permit to enlarge a pre-existing nonconforming structure by adding a second floor.
DENIED
- 86-21 LINGLEY, KATHLEEN and MICHAEL
52 Basswood Avenue
Variance to allow construction of a porch and attached deck having a street centerline deficiency of approximately nine feet, said porch to be attached to the dwelling which has a street centerline deficiency of approximately 11 feet; and a special permit to enlarge a pre-existing nonconforming structure.
GRANTED
- 86-22 BARCA, THOMAS J. and LESLIE L.
17 Maplewood Avenue
Variance to legalize the existence of their home having a sideyard setback deficiency of approximately two feet.
GRANTED
- 86-23 TOWN OF SUDBURY PLANNING BOARD
Appeal of Site Plan (#85-293, Chiswick Trading) Approval
Approval by the Selectmen of Site Plan #85-293.
SUSTAINED
- 86-24 TERRIO REALTY TRUST (COUNTRY LIVING)
339 Boston Post Road
Variance to allow construction of a 600 square foot addition on the westerly side of the existing structure, said addition having a frontyard setback deficiency of approximately 38½ feet and a street centerline setback deficiency of approximately 34 feet.
DENIED
- 86-25 BONN, BERNARD J. and BONNIE C.
21 Paddock Way
Variance to allow construction of an addition having a sideyard setback deficiency of approximately three feet.
GRANTED
- 86-26 BOYD, ROBERT and GERALDINE
6 Birchwood Avenue
Variance to allow construction of a two-car detached garage with a frontyard setback deficiency of 13 feet and a street centerline setback deficiency of 23 feet; and a special permit to enlarge a pre-existing nonconforming structure.
GRANTED
- 86-27 COLBURN, NYRA D.
Lot #60, Jarman Road
Special permit to construct a driveway and install a culvert within the floodplain zone.
GRANTED*
- 86-28 HEALY, WILLIAMS, ZINK and SUDBURY GRANGE
Special permit to allow a one-day commercial use, a Christmas boutique.
GRANTED*
- 86-29 LEWIS, BERNARD S.
395 Boston Post Road
Renewal of a special permit to conduct a customary home occupation, a real estate business.
DENIED
- 86-30 REINER, RICHARD and ELLEN
185 Horse Pond Road
Variance to legalize the existence of their home having a frontyard setback deficiency of approximately 7 feet and a street centerline setback deficiency of approximately 12 feet from Noyes Lane.
GRANTED
- 86-31 HANLON, JOHN E. and FERREIRA, CAROLINE
347 Hudson Road
Special permit to enlarge a pre-existing nonconforming structure by adding a deck to the rear of the house.
GRANTED
- 86-32 GORDON, GEORGE M. (AUTO DIAGNOSTIC CENTER)
100 Boston Post Road
Renewal of a special permit to buy, sell, and repair used motor vehicles.
GRANTED*
- 86-33 MOFFAT, JEAN and ABBOT
10 Dudley Road
Variance to allow construction of a swimming pool having a street centerline setback deficiency from Nobscot Road of 17 feet and from Dudley Road of 17 feet; a frontyard setback deficiency from Dudley Road of 9½ feet and a rearyard setback deficiency of 5 feet.
GRANTED
- 86-34 SUDBURY MOTOR PARTS
119 Boston Post Road
Special permit to allow a sign two square feet in excess of the standard to be affixed to the front of the building.
DENIED
- 86-35 PERKINS, GINNY
60 Barton Drive
Renewal of a special permit to conduct a customary home occupation, yoga classes.
GRANTED*
- 86-36 ROGER K. KANE REALTY TRUST
Lot 1A, Fairbanks Road
Variance to allow construction of a single family dwelling on a lot having a perimeter excess of 210.61 linear feet.
GRANTED
- 86-37 LIEBERMAN, JEFFREY and DEBRA
362 Peakham Road
Variance to legalize existence of their porch having a sideyard setback deficiency of 2.8 feet.
GRANTED
- 86-38 MAAS, RALPH and WERNER
128 Moore Road
Special permit to conduct a customary home occupation, to sell used motor vehicles, one at a time.
DENIED
- 86-39 BURKHARDT, ROBERT and PATRICIA
18 Field Road
Variance to legalize existence of their lot having a frontage deficiency of approximately two feet.
GRANTED

- 86-40 ELLIOTT, FREDERIC A. and MARGARET E.
Lot #3, Corner of Maynard and Willis Roads
Variance to construct a house on a lot having insufficient area of 3126 square feet.
DENIED
- 86-41 KELLEY, JIM and JOANNE
22 Rice Road
Variance to allow replacement and enlargement of an existing deck with a rearyard setback deficiency of ten feet.
DENIED
- 86-42 MASSACHUSETTS STATE FEDERATION OF WOMEN'S CLUBS
245 Dutton Road
Special permit to allow continued use of the property for the headquarters of the educational organization in a new structure to be built on the property.
GRANTED
- 86-43 PATTON, PAMELA and MILL VILLAGE REALTY TRUST
371 Boston Post Road (The Mole Hole/Multiple Choices)
Special permit to replace an existing sign with a newly-worded sign, said sign constituting the second sign for the business.
GRANTED
- 86-44 HIGHWAY DEPARTMENT, TOWN OF SUDBURY
Feeley Field/Raymond Conservation Area
Special permit to allow construction of a walkway and related drainage along Raymond Road within the floodplain zone.
GRANTED
- 86-45 KING, REGINALD and HANSEN, PHILIP and MARION
28 Beechwood Avenue
Variance to subdivide a parcel of land creating a building lot with insufficient area of 15,000 square feet and leaving an existing home on a lot insufficient in area of 5,000 square feet.
DENIED
- 86-46 LEWITUS, BERNARD
48 Churchill Street
Variance to legalize the existence of an inground swimming pool having a sideyard setback deficiency of seven feet.
GRANTED
- 86-47 HOWARD, ARTHUR and VIRGINIA
16 Walkup Road
Variance to allow construction of a detached garage with a sideyard setback deficiency of ten feet.
DENIED
- 86-48 FREEDMAN, JAMES D. and SANDRA G.
32 Moran Circle
Variance to allow construction of a storage shed with a sideyard setback deficiency of 15 feet.
DENIED
- 86-49 DORWART, ROBERT and NANCY LANGMAN-DORWART
341 North Road
Special permit to conduct a customary home occupation, the practice of psychotherapy.
GRANTED*
- 86-50 McQUILKEN, CLIFFORD A.
12 Christopher Lane
Variance to legalize existence of the house having a sideyard setback deficiency of four feet.
GRANTED
- 86-51 MAYO, RICHARD A. and SARA PAGE
23 Massasoit Avenue
Renewal of a special permit to conduct ballet classes.
GRANTED*
- 86-52 DESJARDIN, GRACE
738 Boston Post Road (Coach House Inn)
Renewal and revision of a special permit to operate an inn.
GRANTED*
- 86-53 SUDBURY PINES NURSING HOME and HENDERSON HOUSE OF SUDBURY REALTY TRUST
642 Boston Post Road
Special permit to operate a day care center on the premises.
GRANTED*
- 86-54 WU, MARKET and YOLANDA
11 Reeves Street
Variance to allow the construction of an addition having a street centerline setback deficiency of 1½ feet and a rearyard setback deficiency of 9½ feet.
DENIED WITHOUT PREJUDICE
- 86-55 HALLIGAN, SIDNEY J.
14 Revere Street
Variance to legalize the existence of a detached garage having a sideyard setback deficiency of approximately 16 feet.
GRANTED
- 86-56 BURKE, WILLIAM H. and IRMA D.
9 Center Street
Variance to allow the construction of an addition having frontyard setback deficiency of approximately 10 feet and a street centerline setback deficiency of approximately 20 feet; and a special permit to enlarge a pre-existing, nonconforming structure.
GRANTED
- 86-57 COX, JULIE and RICHARD
Variance to allow the construction of an addition having a street centerline setback deficiency of approximately seven feet and a special permit to enlarge a pre-existing nonconforming structure.
GRANTED
- 86-58 SAVIERS, GRANT and DORRIT
89 Fox Run
Special permit to erect an 80 foot amateur radio tower.
GRANTED*
- 86-59 BRAMBERG, CHARLES M. and JAMES
170 Hudson Road
Renewal of special permit to conduct a customary home occupation, the sale of antiques.
GRANTED*
- 86-60 CAVICCHIO GREENHOUSES, INC.
110 Codjer Lane
Special permit to allow fill already placed within the floodplain zone to remain in place.
GRANTED*
- 86-61 WATTERSON, JAMES and BARBARA
14 Maple Avenue
Variance to allow the construction of an addition which will have a front-yard setback deficiency of 1½ feet and a street centerline setback deficiency of 12½ feet and a special permit to enlarge a pre-existing nonconforming structure.
GRANTED

- 86-62 MAURER, FRANK CO., INC. and FAIRVIEW DEVELOPMENT CORP.
206 North Road
Renewal of variance to allow use of the property as a material storage business space and to use one room in the main house for an office in connection with said business; and to use one barn for the storage, garaging, and repair of its own light and heavy equipment and trucks; and a renewal of a special permit for a customary home occupation.
GRANTED*
- 86-63 MAHONEY, LEANNE, ALICE and PAUL
63 Old Framingham Road
Renewal of a special permit to conduct a customary home occupation, the sale of Christmas trees and wreaths.
DENIED
- 86-64 WALKER, CARLTON H.
55 Goodmans Hill Road
Variance to legalize the existence of the dwelling having a street center-line setback deficiency of approximately four feet.
VARIANCE NOT REQUIRED
- 86-65 KALTER-ABRAMS, DOREEN
153 Dutton Road
Special permit to conduct a customary home occupation, the practice of psychotherapy.
GRANTED*
- 86-66 RAYTHEON COMPANY and DAVID F. BOLGER
528 Boston Post Road
Special permit to remove existing main entrance sign and replace it with a new free-standing, single-faced sign 20 square feet in excess of the standard.
GRANTED*
- 86-67 ROGER K. KANE REALTY TRUST
23A Webster Circle (Great Woods)
Variance to allow reconfiguration of the common boundary between Lots 23A and 24A Webster Circle in such a way as to leave one lot insufficient in area by approximately 8250 square feet.
WITHDRAWN WITHOUT PREJUDICE
- 86-68 LONGO, JOHN A. and JOANNE M.
4 Oakwood Avenue
Variance to legalize the existence of the house having a rearyard setback deficiency of one foot.
GRANTED
- 86-69 KANE, DAVID M.
39 Plympton Road
Variance to allow a second kitchen for the use of live-in help.
DENIED
- 86-70 FREEDMAN, HARLEY
37 Blueberry Hill Lane
Variance to allow construction of a detached garage having a sideyard setback deficiency of ten feet.
DENIED
- 86-71 WU, MARKET and YOLANDA
11 Reeves Street
Variance to allow construction of an addition having a front yard setback deficiency of 1½ feet and a street centerline setback deficiency of 15 feet.
GRANTED
- 86-72 CONDREN, STEPHEN J.
18 Brook Lane
Special permit to add a one-half story to a pre-existing nonconforming structure
GRANTED
- 86-73 TERRIO, DONALD E. and TERRIO REALTY TRUST
339 Boston Post Road (Country Living)
Variance to allow parking to be located within the ten foot buffer zone between property at 345 Boston Post Road and subject property.
GRANTED
- 86-74 CROWE, LOUISE
Lot 11-14, block N, corner of Pinewood and Lakewood Avenues
Variance to allow construction of a single family house on a lot with an area deficiency of 30,000 square feet and a frontage deficiency of 80 feet; said home to be situated with a rear yard setback deficiency of 3.5 feet.
DENIED

Looking like he needs a buddy, Loki gets a scrub down from Chris Claire, Trina Letteney and Miika Keerd at Buddy Dog Dog Wash.

CONSERVATION COMMISSION

Several major goals were accomplished as part of our Open Space and Recreation Plan. Town acquisition, with over 60% state funding reimbursement, of the Haynes Meadow Conservation Land off Peakham Road will provide a diverse passive recreational area adjacent to Curtis Middle School with connecting trails to other protected open space parcels. In addition to recreational use, the Hayes Meadow Conservation Land along with an abutting 13-acre parcel purchased by the Water District, will provide additional water supply protection in a critical town well aquifer. Plans for on-site improvements include bridge construction, trail markings, and improved parking areas.

Several important land parcels were acquired through gifts or negotiation during subdivision construction. These gifts include: one-half acre with 105' of frontage on Willis Pond for a town canoe launch; 8 acres on Goodmans Hill Road, formerly part of Walker Farm; over 4 acres in Cedar Swamp, north of Rte. 117, containing rare Atlantic White Cedar trees; 21 acres of the Pantry Brook area

adjacent to the State Division of Fisheries and Wildlife parcel; and several critical wetland and upland parcels providing access to landlocked town-owned property or access to, and protection of, a water resource. In addition to outright acquisition, conservation restrictions on four new subdivisions were negotiated through the Planning Board in conjunction with subdivision approval, and public trail easements were recorded on Stone Tavern Farm.

Priorities and procedures for conservation land maintenance were reviewed and updated during 1986. Several major maintenance projects were accomplished with help from the Eagle Scouts, Highway Department, and the Park and Recreation Department. Major tree work and an overall clean-up of the Hop Brook Conservation Land was completed in June. New carved wooden signs were installed at Lincoln Meadows and Nobscot Conservation Lands. Beginning in the spring of 1987, Boy Scout troops will be assigned to specific tasks and regular maintenance in each conservation land. The Conservation Commission is always seeking volunteers to assist in planning and implementing ideas and maintenance in conservation land.

The commission voted to ban hunting on all town conservation land because of lack of funding for patrolling of hunting areas. This issue will be reviewed and assessed each fall.

Sudbury Community Gardens, located at the Lincoln Meadows Conservation Land off Lincoln Road, was off to an early start in 1986. Gardeners report another successful year with the exception of visits from well-fed resident woodchucks. The Community Gardens encourages new gardeners each year. Contact the Conservation Commission for information on reserving a garden plot for the next growing season.

Administration of the State Wetlands Protection Act continues to occupy the majority of the commission's time. With 22 Notice of Intent hearings, 57 Requests for Determination hearings and 18 Wetland Protection Act related hearings, the commission saw a 34% increase over the number of hearings in 1985. This increase forced weekly meetings as opposed to a former meeting schedule of twice per month. As the number of hearings increased, the time the commission spent on critical project monitoring and enforcement decreased. For this reason, we depend on the public to alert the commission to potential wetland violations and we welcome the public at our hearings.

Eric Galbert H

**Woodchuck
Eric Galbert
Haynes School
Grade 5**

The conservation coordinator worked closely with the State Department of Environmental Management (DEM) on two projects for passive recreational trails linking public open spaces in eastern Massachusetts. The first project, the Bay Circuit Greenbelt Program, proposes to provide a greenbelt link from the north shore to the south shore, passing through Sudbury on its western boundary. Sudbury received \$2,500 in funding from the state and the Sudbury Valley Trustees to redefine goals and objectives of the Open Space and Recreation Plan to include the goals of the Bay Circuit Greenbelt Program and provide a trail map of existing and potential public open spaces trail links in Sudbury. This amendment to the plan will be completed in April 1987.

In a related project with DEM, Sudbury participated with six towns to determine interest and practicality of construction of a bike/pedestrian trail along the former Penn Central Railroad tracks from just north of Route 20 to Lowell. Public hearings were held to provide direction to the state regarding Sudbury's concerns with the project. State planning agencies are developing a feasibility

study to be completed early in 1987, on the physical aspects of the proposed trail. Sudbury will continue to participate in regional advisory committee meetings on this project.

Commission members attended workshops and seminars on environmental issues and wetland regulation interpretation faced by commissions. The commission was involved in a major wetland restoration project in Marlboro adjacent to the headwaters of Hop Brook. These and other new issues required much time to research recommendations and propose solutions to help mitigate environmental impacts.

As the natural resources we are so dependent upon are impacted or destroyed, and the cost of land purchases (even with the help of state funding) goes beyond the means of the town, it becomes increasingly difficult for the commission to acquire property outright in light of other town needs. In 1987 the commission will be focusing on alternative development options for critical resource parcels and alternative methods of funding land purchases. We encourage public involvement at all meetings.

CABLE TELEVISION COMMITTEE

The committee, which met on the second Monday of each month, planned for construction of a cable TV studio for local use. The studio is forecast for completion at Lincoln-Sudbury Regional High School in early 1987. Issues yet to be addressed are date for opening, employment hours of a local coordinator, local programming, and preparation for local access.

In addition to local programming, the agenda for next year includes cable installation procedures and customer satisfaction with those procedures, methods for seeking feedback from Sudbury cable subscribers, and assessment of Sudbury's needs and interest for local access.

Adams-Russell Cablevision reported that 75 to 80% of the town is covered by cabling, and can serve 4500 homes, although only about 1800 homes have subscribed. The cable company plans to negotiate with owners for cable installation at multidwellings such as Musketahquid Village and Longfellow Glen apartments.

EARTH REMOVAL BOARD

At its meeting on November 13, 1986, the board unanimously elected Jeff Jacobson as chairman for 1987.

The board considered only the following case in 1986:

ROGER K. KANE, JR., INC.

Hudson and Dutton Roads (Run Brook Subdivision)

Granted to Roger K. Kane, Jr., Inc., a permit under Article V(A) of the Town of Sudbury Bylaws to allow removal of 4000 yards of gravel and road material from Run Brook Subdivision located within Hudson and Dutton Roads, provided that: 1) The material being trucked to a site on Route 117 be transported via Route 27 and not Fairbank Road; and 2) The hours of operation shall be 9:00 a.m. to 5:00 p.m., Monday through Friday; and 8:00 a.m. to 12:00 noon on Saturday (unless the board receives complaints from the neighborhood regarding the Saturday operation).

DESIGN REVIEW BOARD

Approval of Article 21 at the 1986 annual town meeting authorized establishment of the Design Review Board. Duties of the board are to "review all applications for building permits, special permits or variances for all proposals for non-residential uses if involving new construction, exterior alteration, or a sign larger than six square feet." Reflecting this mandate, an overall objective of the board is to provide recommendations to maintain a high level of design quality for all structures and signs reviewed by the Board.

The board reviewed and acted on the following six site plans and five sign applications:

Site Plans

Chiswick Trading, Boston Post Road - recommended conditional approval
Dental Arts Building, 57 Codjer Lane - recommended conditional approval
BayBank Kiosk, 509 Boston Post Road - recommended disapproval

Baybank Kiosk facade redesign, 509 Boston Post Road - recommended conditional approval
DeJon Building Co., 344 Boston Post Road - recommended approval
Country Living, 339 Boston Post Road - recommended conditional approval

Sign Applications

Ensembles Inc., 509 Boston Post Road - recommended approval
Village Cleaners, Boston Post Road - recommended approval
BayBank, 22 Union Avenue - recommended approval
Siesta Sleep Shop, 320 Boston Post Road - recommended conditional approval
Bit Bucket Computer Store, Boston Post Road - recommended conditional approval

The Design Review Board received excellent cooperation from applicants during the review process and significant design improvement resulted.

TOWN ENGINEER

Boston Post Road figured prominently in the work of the Engineering Department which acted as liaison between the town and those state agencies attempting to widen Route 20.

Numerous site plans for commercial construction were reviewed for compliance with local bylaws. Growth also was seen in residential construction with several subdivisions reviewed by the department.

Growth in new construction had a double effect upon the department: the strong economy increased the workload of inspections and reviews, and caused a job glut in the civil engineering/land surveying field. As a consequence we found it impossible to compete with the private sector in hiring and retaining experienced technical people.

A revitalized walkway program culminated in the allocation of funds for construction of Peakham and Raymond Road walkways. Funds were also made available for engineering design of walkways on Goodman's Hill and Fairbank Roads, and a section of Boston Post Road.

Major land surveying projects included the 35 acre Powers property on Peakham Road acquired by the Conservation Commission and the nine-acre

parcel on Raymond Road which will contain the Sudbury Water District's new well number nine.

In conjunction with the highway surveyor and police safety officer, the department continued to identify and upgrade substandard intersections under the Highway Department's Intersection Improvement Program.

A systematic tightening and enforcement of regulations governing use of the sanitary landfill was initiated jointly by the department, highway surveyor, and health director to ensure continued state approval of the operation. A separate stump disposal area has been opened on town land on North Road to ease the pressure on the rapidly filling landfill which now has life expectancy of fewer than ten years. The department anticipates working closely with the recently appointed Resource Recovery Committee in developing a smooth transition program for eventual closing of the landfill and opening of a Resource Recovery and/or transfer station type of operation.

This report concludes on a somber note as Town Engineer James V. Merloni passed away suddenly on September 30, 1986. Jim had been Sudbury's Town Engineer for the past twelve years.

METROPOLITAN AREA PLANNING COUNCIL

Sudbury is a member of the Metropolitan Area Planning Council (MAPC) which is comprised of 101 communities in the metropolitan Boston area. The council forms and implements policies which benefit the region on land use, economic development, housing, transportation, and environmental preservation. Sudbury participates in the activities of two MAPC subregional groups: MetroWest and the Minuteman Advisory Group for Interlocal Coordination (MAGIC). Our 1986 contribution of 18.1 cents per capita (\$2544) enabled us to obtain assistance with several issues of specific interest to the town:

- the MetroWest Housing Study,

- the MetroWest Speed and Delay Study and the traffic volume data file provided input data for the town's Route 20 Task Force,

- a MAGIC subregional study provided a review of development projects of regional impact plus briefings on open space and recreation projects, and

- preparation of a Groundwater Protection Study including recommendations for policies and zoning actions.

In addition, Sudbury benefited from the update of the Massachusetts Department of Public Works. State Highways Map; the Transportation Improvement Program update, required to maintain eligibility for federal highway funds; a study of Route 128 and surrounding communities; the study of the shortfall of local funds for roadway maintenance; and the MAPC's Pavement Management Manual, a project to help highway superintendents determine how to efficiently expend local roadway budgets.

In October a work program was begun by the MAGIC subregional group which will analyze existing land use conflicts among the eleven member communities. The findings will be augmented by data on existing densities and residential capacities. Results will permit recommendations for changes to local bylaws and regulations consistent with the council's regional goals and policies on open space, traffic management, solid waste, and affordable housing. This program is scheduled for completion in the summer of 1987.

METROWEST GROWTH PLANNING COMMITTEE

The MetroWest Growth Management Committee (MWGMC), formed in 1985, is an alliance of 8 towns: Ashland, Framingham, Natick, Southboro, Sudbury, Wayland, and Weston, with Marlboro granted Associate Member (non-voting) status in 1986. It functions as a subregion of the Metropolitan Area Planning Council (MAPC), which is a voting member.

MWGMC was established because of the increasing growth and development in the area, and the complex effects on the region of local decisions pertaining to that development. It seeks to minimize negative impacts of growth, the most visible of which is traffic congestion.

Sudbury's contribution of \$2500, added to those from MAPC and other member towns, plus a Strategic Planning Grant from the executive office of Communities and Development, provided a professional planning staff.

During 1986, MetroWest was a forum for regular communication among the members, permitting shared information on pending developments, regional approaches to decision-making, and an exchange of ideas on solving local problems.

Comparison of existing Zoning bylaws and information on "state of the art" growth

management techniques have aided towns in preparing zoning amendments.

Speed and delay traffic analysis of the region's road network led to proposals for improvements, while reviews of development projects of regional significance have provided information and recommendations to the executive office of Environmental Affairs through the Massachusetts Environmental Protection Act (MEPA) process.

MWGMC and local legislators and others obtained an amendment to the Subdivision Control Act which allows more time for planning boards to review complex development proposals.

The MetroWest Planning Office served Sudbury citizens, town board members, and the town planner on issues of traffic, land use, planning and zoning, and state policies and programs.

Through its alliance with the other members of MWGMC, Sudbury had access to information with which to make local determinations and a greater ability to influence development decisions affecting the future of the region.

Sudbury's representatives on the MWGMC are Anne Donald, Board of Selectmen, and Morton Brond, Planning Board.

Sudbury Grange plants trees in memory of Past Master Ralph Barton (long-time Sudbury resident for whom Barton Drive is named), Lesley Burr and William Arnold Burns. Family members Mrs. William Burns, Jane Burns Colombo, and Elizabeth, Lois and Adam Ames (Barton family) take part in the planting on Arbor Day.

LONG RANGE PLANNING COMMITTEE

In September the Long Range Capital Expenditure Committee was combined with the Committee on Town Administration. This consolidation allowed the committee, now called the Long Range Planning Committee, to comment and develop long range plans in association with their ongoing review of the town's capital improvement programs.

The committee reviewed, prioritized, and commented on five-year capital improvement programs covering 1988-1992. The committee also commented on the long range effect of these capital budgets with regard to prioritization, accountability, maintenance, and possible consolidation or expansion. Our report was shared with the Board of Selectmen and Finance Committee and was made available to the town in preparation for the 1987 Annual Town Meeting.

PERMANENT LANDSCAPE COMMITTEE

The Permanent Landscape Committee stands ready to give advice on planting design and plant material to any town official or other town committees.

PERMANENT BUILDING COMMITTEE

The Permanent Building Committee concentrated its efforts in 1986 in reviewing roofing maintenance, temporary repair, and new construction of town facilities, specifically the highway garage, North Fire Station, and Peter Noyes, Curtis, and Haynes Schools. The Committee is formulating bidding specifications to enable replacement of the highway garage and North Fire Station roofs in the spring as budgeted. Temporary repairs will maintain these roofs until they can be replaced.

In conjunction with the School Department, and as a continuation of the ongoing roofing program, the committee is procuring design services to replace a portion of the Noyes School roof for which funding will be requested at the 1987 annual town meeting.

Committee members reviewed preliminary specifications for the proposed pool to be built for the town by the Atkinson Pool Foundation, Inc., and will continue to provide technical expertise to insure that the town purchases the best possible facility.

PLANNING BOARD

Sudbury has been experiencing rapid commercial and industrial growth in recent years and it has become increasingly evident that current regulations governing this growth are inadequate. To address these problems the Planning Board proposed and the Annual Town Meeting adopted two amendments to the current zoning bylaws that will help guarantee that future commercial development proceeds carefully and consistently with desires of the townspeople. Approved modifications divide into four sections briefly described as follows:

Site Plan Special Permit - This bylaw amendment modified the previous site plan permit process by converting it to a site plan special permit with a statutory time frame and decision process consistent with Massachusetts General Laws, Chapter 40A. This enables the town to implement restriction on development which will ensure that adequate consideration is given to such items as the natural resources of a site, to its topographic, hydrologic, and geologic character and to public convenience and safety.

Design Review Board - This bylaw amendment established the existence of a five-member design review board whose primary function is to review applications for building permits, site plan special permits, and variances for all non-residential use. Upon completion of its review this board makes an advisory report to the appropriate town permit-granting authority.

Parking Standards - This bylaw amendment set forth specific guidelines governing design of all new parking facilities in non-residential zoning districts. Standards were established for such items as ratios between total parking area and the number of parking spaces, including the percentage of those spaces designated for the handicapped. This section also established standards which guarantee that sufficient parking is constructed for a designated site use.

Signs - This bylaw amendment provided for clarification of sign design criteria and allowed for additional requirements or exemptions on a case by case basis.

For this year's town meeting a number of articles was submitted by the Planning Board. Although these were not considered highly controversial, the board encouraged participation at public hearings, at regular planning board meetings, and at the town meeting, to express

opinions on these articles. Written comments were welcomed at any time.

Subdivisions and Site Plans

The Planning Board reviewed and approved residential subdivision plans and reviewed and made recommendations on commercial site plans submitted to the Board of Selectmen. The board operates under rules and regulations which promote "the health, safety, convenience, morals and welfare of the inhabitants of the town". The board continued to see a significant number of development projects throughout 1986.

	1984	1985	1986
Subdivisions reviewed	7	6	13
Non-sub plans reviewed	45	31	44
Site plans reviewed	18	11	9

The following subdivisions in process were approved:

Pheasant Meadows II, Prides Crossing Rd., 16 lots
Bowker VI, Willis Rd., 10 lots
Oak Meadows Estates, Peakham Rd., 32 lots
West Way Hills, Boston Post Rd., 43 lots
Beckwith Estates II, Pelham Island Rd., 8 lots
Twenty Acres Farm II, Marlboro Rd., 4 lots
Barton Farms, Woodmere Drive Ext., 7 lots
Pratt's Mill Estates, Scotts Wood Dr., 6 lots
DaPrato Farms, Wadsworth Rd., 8 lots
Wright Farm Estates, Hopestill Brown Rd., 19 lots
Great Pond Woods, Phillips Rd. Ext., Run Brook Cir. and Webster Cir., 32 lots
Walker Farm, Walker Farm Rd., 7 lots
Cranberry Meadows, Tavern Cir., 37 lots
Twin Pond, Twin Pond Lane, 7 lots
Center Street Ext., 2 lots
Run Brook, Hudson and Dutton Rd., 48 lots
Tall Pines, Tall Pine Dr., 25 lots
Peakham Pines, Peakham Rd., 4 lots
Kestrel Ridge, North Rd., 9 lots
Algonquin Oaks, Pratts Mill Rd., 9 lots
Meadow View Knoll, Concord Rd., 4 lots
Willis Hill, Maynard Rd. and Wills Rd., 60 lots

The Planning Board welcomes public participation in any of its meetings and in particular agreement or disagreement on positions the board takes regarding development of the town. Planning Board meetings are usually held Monday evening at 7 pm in the Flynn Building.

ROUTE 20 TASK FORCE

The selectmen appointed the Route 20 Task Force on May 19, to study and evaluate alternatives to the state plans for widening a nine-tenths mile segment of Route 20 in Sudbury. A study of the Route 20 area between Peakham Road and Goodmans Hill Road was initiated by our consultant, HMM Associates of Concord, Ma. They collected new traffic data in late July and early August. The study funded by Raytheon but independently managed by the Task Force, yielded significant findings and suggested alternatives which we presented at the special town meeting on September 29. The hall voted overwhelmingly "that the Board of Selectmen shall communicate the Task Force findings, reports and recommendations to the State Department of Public Works (DPW) and work with the DPW, state and federal legislators and town boards and committees, as appropriate toward the implementation of those recommendations as an alternative to the current DPW design".

We recommended that the following long-term traffic mitigation measures receive serious consideration: 1) extend Station Road westerly to Raytheon; 2) extend Nobscot Road north to Union Avenue just south of Station Road; and 3) improve the three-lane cross section of Route 20 from a point just west of Nobscot Road to a point just east of Union Avenue, providing more permanent demarcation of the center left-turn storage lane, but no raised median.

We also recommended the following short-term measures: synchronize traffic signals; relocate the Route 20 utility poles at Horse Pond Road and Nobscot Road; formalize the de-facto three-lane cross section between Nobscot Road and Union Avenue by appropriate striping; stagger work hours at major local employers; provide turning lanes at Union Avenue and Nobscot Road intersections; consolidate curb cuts where possible.

In addition, we recommended that the town establish a permanent traffic committee to deal with this important issue in a sustained, active manner, and we made recommendations regarding land use and water protection that are detailed in our formal written report which was submitted to the selectmen in December. Copies are available at the Planning Board office, Town Hall, and Goodnow Public Library.

The committee met at least once a week throughout the summer and into the fall, including two sessions with top officials from the Massachusetts DPW who encouraged us to proceed with our evaluation and recommendations. We also met with a panel of water experts to discuss how the town water supply could be protected. On September 10, we held a public forum to present traffic mitigation ideas for general discussion. Using a questionnaire at the forum, we polled the attendees' opinions on the options that were presented. Ninety questionnaires were collected. They showed a need to address traffic problems but opposition was stated to substantial widening of Route 20 (to four or more lanes). The most favored alternative was extension of Station and Nobscot Roads.

We will continue working toward implementing our long and short-term recommendations. We will conduct a study of traffic on other major roads in Sudbury. This study was funded by the special town meeting on September 29. HMM Associates will assist us in the data collection and analysis and will set up a computer traffic model to be used as a planning tool by the town. We hope to complete the study by the end of March 1987.

PETITION for non-binding referendum for March 31 ballot on widening Rte. 20 is circulated by Rte. 20 Citizen Advisory Committee. Irwin Abrams (right) gets signatures from Sandra and Dick Little.

ANIMAL INSPECTOR

During Fiscal Year 1986 twenty-nine dog bites and one rabbit bite were reported and investigated. Horses, swine, cattle, sheep, and goats were inspected on the premises where such animals are kept.

It is important that all animal bites be reported to the animal inspector.

DOG OFFICER

Of the 126 dogs picked up during the year, 72 were claimed, 54 unclaimed.

SEALER OF WEIGHTS AND MEASURES

The following scales, pumps and tanks were tested:

10 lbs. or less	3
10 lbs. to 100 lbs.	52
100 lbs. to 1000 lbs.	4
1000 lbs. to 5000 lbs.	1
10,000 lbs.	1
Apothecary scales	2
Gasoline pumps	67
#2 home heating oil trucks	3

Fees for the year totaled \$707.

EAST MIDDLESEX MOSQUITO CONTROL PROJECT

The East Middlesex Mosquito Control Project conducted a program in Sudbury consisting of mosquito and wetland surveillance, larval and adult mosquito control, water management and public education.

The survey program targeted mosquito breeding areas and measured changes in the larval and adult mosquito populations caused by weather. The project surveyed wetlands to develop information on characteristics which are related to mosquitoes. Larval mosquito population data was collected by field crews during spring and summer control operations. Adult mosquito populations were monitored regularly at four sites in Sudbury. This data aids the project in determining the need for and impacts of control. The State Public Health utilizes some of this data as part of an effort to monitor those species associated with Eastern Encephalitis.

During the 1986 mosquito season, several fluctuations in the mosquito population occurred. Abnormally dry conditions during the winter and spring of 1986 resulted in below average spring mosquito population.

Heavy rains in June of 1986 produced a large population of the summer relood species. These coincided with the annual late June emergence of the cattail marsh species producing the largest nuisance mosquito population since 1982.

Larval control is the treatment of wetlands where high densities of the immature aquatic stage of a mosquito are encountered. This year 117 acres of wetland were sprayed to control larvae. Another 76 acres of frozen wetland were treated to reduce the spring brood of mosquitoes.

Adult mosquito control consisted of spraying 7,808 acres at night using truck mounted aerosol sprayers. Another 71 acres of recreation or wetland area were sprayed during the day by field crews carrying portable sprayers when adult mosquitoes were encountered. For both larval and adult mosquito control, acreage is counted more than once when sprayed more than one time.

Water management reduced the source of mosquitoes by eliminating stagnant water. This was accomplished by maintaining ditches in wetlands where blockages caused poor drainage. The project cleaned out several ditches totalling 2,412 feet in length which traverse a wetland adjacent to Rt. 27 near the Maynard line. Another 612 feet of ditch were cleaned in a small wetland adjacent to Virginia Ridge Rd.

The project distributed educational pamphlets through the Board of Health on "Personal Protection from Mosquitoes", "How to Prevent Mosquitoes From Breeding Around The Yard and Home", and "Information on Eastern Encephalitis". These pamphlets were described in two national journals in the past year: the Journal of Environmental Health and The Journal of the American Mosquito Control Association.

Rent and maintenance	883.52
Office and administration	1,176.21
Shop and supervision	1,523.65
Field operations and equipment	1,140.56
Other expenses	30.80
Total expenditures	\$16,720.31
Credit*	-175.00
Total expenditures less credit	<u>16,545.31</u>
Balance June 30, 1986	\$2,870.97

*Credit from capital equipment fee levied on a new town entering the project.

FIRE DEPARTMENT

The Fire Department responded to 1342 calls during 1986 which was about a 7% reduction over 1985. The ambulance responded to 433 calls which is an increase of about 4% over the previous year.

The department collected \$17,121 in ambulance user fees which was placed in the Ambulance Reserve for Appropriation Account. The next town meeting will be asked to appropriate money from this account to replace our present ambulance with a new one, which will not impact the tax rate.

The department inspected all business properties at least once during the year and inspected the nursing home, schools and restaurants quarterly. The department also inspected 105 new homes and 392 smoke detectors for homes being resold. Total income from inspections and permits was \$6,312.

The town purchased its first aerial ladder truck in June for \$10,000. The truck is an 85 foot Pirsch aerial formerly owned by the Town of Maynard.

The Fire Department was directed by the state to enforce new regulations which require all underground storage tanks, except heating oil, to be registered with the town and the state. These tanks must be tested for tightness on a regular basis to insure they are not leaking. This is a major step in protecting the environment and eliminating possible explosions from leaking tanks.

CIVIL DEFENSE

Although 1986 was free of any major disasters that required activation of Civil Defense, a Comprehensive Emergency Management Plan was developed in cooperation with the state. Copies were distributed to the Board of Selectmen, and Fire, Police, and Highway Departments.

The town received \$32,801 as reimbursement for Hurricane Gloria expenses and the Sudbury Housing Authority was awarded approximately \$900 through Civil Defense.

Townspeople having unregistered tanks on their property must contact the Fire Department immediately so that proper procedures in registering and/or removing those tanks can be followed. Failure to register a tank can result in a \$10,000 fine and liability for any pollution cleanup costs.

Firefighter Fredrick Eisner retired from the department after 22 years of service.

Sudbury acquired its first 85' Pirsch aerial ladder truck for a bargain from the Town of Maynard

POLICE DEPARTMENT

The following 210 Class I crimes were reported and investigated:

Rape	1
Assault	3
Burglary	45
Larceny	147
Motor vehicle theft	14
TOTAL	210

The total represents a decrease of 29.8% over the same period last year. We enjoyed a substantial decrease in burglaries while reported larcenies continue to be an area of concern with 147 reported thefts. Shoplifting and thefts from construction sites again accounted for a major portion of the incidents. Efforts continue to keep the roads safe from individuals who drink and drive. We arrested and prosecuted 37 individuals for driving under the influence. A department policy was instituted to video tape all Operating Under the Influence (OUI) arrests. This effort and the use of our new Intoxilyzer machine produced a high conviction rate.

To increase our effectiveness and efficiency in delivering law enforcement services, one of our senior officers was assigned to prepare the department for accreditation. The voluntary accreditation program for law enforcement agencies is a joint effort of the Commission for Accreditation, Inc., and four major Law Enforcement Executive Membership Associations:

International Association of Chiefs of Police (IACP), National Organization of Black Law Enforcement Executives (NOBLE), National Sheriff Association (NSA), and the Police Executive Research Forum (PERF). The commission, an independent, non-profit corporation formed in 1980, developed an accreditation process addressing 944 standards, organized into 48 chapters and nine topic areas. Presently, there are only five communities accredited in the state with approximately another 100 in some stage of the accreditation process. Upon completing the process this department will be providing the maximum level of law enforcement services that can be achieved.

The Police Department and Parking Clerk collected the following fines and fees for 1986:

Traffic fines	\$51,015
Copier fees	1,494
License fees	40
Parking fines	6,129
False alarm fines	1,380
(October - December)	
Pistol permits, F.I.C.	734
TOTAL	\$60,792

Residents who extend the department their continued cooperation, make an invaluable contribution to the quality of life in the town.

Police, Kiwanis and Newcomers' Club worked together with Star Market on KIDS, (Kids Identification Signup) fingerprinting children to avert missing and lost child cases. Crime Prevention Officer Jeff Gogan takes prints from John Cavooto, whose parents will keep the card.

HIGHWAY SURVEYOR

Highway

The Highway Department repaired and cleaned drainage structures, cut brush along streets and walkways, and cleaned and painted traffic islands. These maintenance projects are only a few of the many performed each year. Our road resurfacing program was increased due to a large increase in state aid.

Sudbury is growing again. To maintain and improve town services our operations will have to be expanded to accommodate this growth.

Landfill

New procedures were implemented at the landfill. New landfill stickers were issued. The landfill closed one-half hour earlier each day to allow more time for cover and compaction. The access road was changed so that slope compaction could occur. Close supervision of overall operations was maintained to ensure compliance to updated regulations.

Cemetery

We improved our operations and expanded our grave sites to accommodate the demand.

TREE WARDEN

Our tree care endeavors continued - removing dead and diseased trees. The roadway trimming program was again increased this year. Boston Edison assisted us by trimming trees interfering with electric wires.

Our tree planting program added 12 new shade trees with plans to plant 6 more next spring. The department also planted and landscaped 2 new sections in the New Town Cemetery.

Under the Dutch Elm Program 20 trees were sprayed this year.

Our tree contractor bid prices rose sharply this year - 30% to 50%. This will curtail our tree programs.

Burning bush is planted in Heritage Park in observance of Arbor Day by Girl Scouts Elizabeth Travers, Tara Laramée, Deirdre Fernandes, and Karena Kates.

WAYLAND/SUDBURY SEPTAGE DISPOSAL FACILITY OPERATIONAL REVIEW COMMITTEE

During the first quarter the Wayland Road Commission (the plant operator) finished the plant. The Environmental Protection Agency/Department of Environmental Quality Engineering (EPA/DEQE) final inspection was made on May 23 and the project was considered complete. Replacement of the rotating biological contactors under the manufacturer's warranty was completed. The plant returned to full operation and the quality of discharge, for the most part, met or exceeded DEQE permit standards. The plant staff spent many overtime hours to see that the plant operates properly. With the addition of one person to the staff in September, their task became more in line with their job descriptions.

During 1986 the plant received 5,307,006 gallons of septage. Sudbury's share was 38%. This was a decrease of 5.7% as compared to Sudbury's 1985 total. Most of the decreased usage was during the first half of the year. Fee collection during this time was approximately 97%. Under the provisions of the lien legislation, the town placed a tax lien on 15 properties where owners have overdue balances. This should help in attaining 100% fee collection.

After Wayland and Sudbury town meetings accepted the Wayland Road Commission's budget request, the committee agreed on an anticipated FY87 total of 5,400,000 delivered gallons. From that a new rate for processing was calculated. The committee set the rate at \$.043 per gallon delivered, effective July 1, 1986. The 500 gallon minimum and \$5 for recreation vehicles remained the same.

In February Joan Carroll of Wayland and Judy Cope of Sudbury resigned from the committee. The Sudbury Conservation Commission named Stephen Sandler its new representative.

KidSpace, a creative community playground, and an imaginative and exciting place to play, is located behind Peter Noyes School. It was designed by Architect Robert Leathers of Ithaca, NY, and was built in just 5 days by 1,500 volunteers working side by side with Ft. Devens' 39th Engineer Battalion. "Construction Weekend" in September was the culmination of hundreds of hours of planning, fundraising (\$40,000), and actual construction, spearheaded by Lynn Walker and Pat Lukens. KidSpace was dedicated in memory of Rhoda Milroy who taught school for 17 years in Sudbury.
