Beer and Wine—Paul Ecke, Chester A. Hull, P. J. Davis, Elizabeth Di Mambro, Lawrence Tucker, Charles Visocchi, Forrest D. Bradshaw.

Auctioneer's License—George H. Wilson.

## SELECTMEN'S REPORT

Fellow Citizens:

We present our report for the year 1935 with a feeling of satisfaction, realizing that in spite of the economic forces working from both without and within to upset the equilibrium of our government, we face the new year with our feet firmly embedded in the solid rock of New England conservatism, our financial condition secure and with bright prospects of reducing our tax burden in 1936.

Many unforeseen and sinister forces have combined to make the past year one of the most difficult in our history from the standpoint of Town Management. The let down in individual effort by many of the citizens, due to the expectation of receiving Federal employment or aid has been the cause of much trouble and annoyance during the year. Because of the contest over the election of a selectman to succeed Mr. Borden—the board was not organized until May 17th, with Mr. Hawes as chairman and Mr. Fairbank as clerk. Due to this fact, coupled with the other interests and businesses of the members of the board, only 12 out of the 36 meetings held during the year were fully attended. It may readily be seen how difficult it was to do business under such a handicap and any citizen who aspires to hold a town office should inform himself of the amount of time required and be willing to devote that amount before seeking election.

There is a growing feeling among the town officers that the 10% cut sustained in salaries a few years ago be restored. We hesitate to recommend it this year in our effort to keep the budget low and reduce our tax rate. We hope that the members of the various boards will consent to serve another year for the "glory of the office." A committee to study the salary situation in other towns and report at a future meeting might be advisable, for the time may come when, in order to get capable men to serve the town, the salary will have to be commensurate with the job.

When the budget for 1936 containing the amounts requested by all the departments was handed by the selectmen to the finance committee on January 15th, it was \$2,106.23 less than we spent in 1935. Since that time the joint meetings of the finance committee and selectmen with the heads of the various departments have brought about further reductions of over \$2,000.00. The two boards have worked together in perfect harmony with the thought of the welfare of the town uppermost in their minds and we hope that you citizens on March 2nd will consider the hours of study and research which is reflected in these recommendations of the finance committee. Small economies in the individual items mean a substantial saving in the total.

One of the first matters to occupy our attention after the organization of the board was the street lights. As instructed by the annual meeting in March, 1935 we ordered the discon-

tinuance of an additional 15% of the lights. We covered every foot of our lighting system and discontinued the lights which in our judgment could be dispensed with best. We received but three complaints, two of which were reconsidered unfavorably, while in the third instance the light was restored. A careful check-up late in the summer showed that in spite of the curtailments an overdraft of the appropriation was certain. To meet this situation we cut the wattage of the flood lights in the Center and South Villages from 1000 to 500 and we made a temporary agreement with the Edison Company to turn out the lights at 11:30 P. M. instead of 12:30 A. M. This arrangement has proved so satisfactory that we recommend it be made a permanent policy and accordingly we have made a further cut in this budget item. We take this opportunity to thank the Edison Company for their co-operation.

INSURANCE

The insurance policy of town has been changed to a blanket type during this year. In so doing we were able to reduce our rate from 2.60 for 3 years to 2.125 for three years. At the same time we adjusted the insured value of all town property on the basis of 80% of sound value of buildings and 90% of sound value of contents. A schedule of former insured values and present insured values follows:

	Approximate Present insured value	Former insured value
Town Hall.....	51104.	45000.
Contents.....	5318.	2800.
High School.....	43320.	46500.
Contents.....	6408.	5500.
South School.....	8616.	9348.
Contents.....	585.	852.
North School.....	1952.	1000.
Highway Dept. Barn.....	1760.	0.
Contents.....	6066.	500.
Haynes House.....	3744.	5000.
Shed.....	400.	0.
Contents.....	36.	0.
Legion Hall.....	2640.	1500.
Library.....	14240.	12000.
Contents.....	8154.	2250.
Fire Apparatus and Equipment	8355.	0.
Total.....	162698.	132250.

Of this present insured value 20% is to be carried in stock companies and 80% in mutual companies.

We have increased the insured value of town property by \$30,448. without increasing the annual average charge on the

town. The annual average charge is \$1100, without deducting dividends, which may reasonably be expected to reduce this figure by a substantial amount.

Some insurance companies refused to meet this reduced rate. This meant the cancellation of their policies and the writing of new three year policies with other companies. The rebates from these old policies could not be used as payments for new policies but went into the Excess and Deficiency Fund. This explains the overdraft of the Town Property Insurance account.

It was found on survey and inventory that some town property was over-insured and some very much under-insured.

The fire apparatus and equipment insurance is not under the blanket rate. The annual rate of fire, theft and liability on this property is .425. It is estimated that the blanket rate will be reduced about one-half if hydrant service is installed.

As instructed by the last annual meeting a flag pole was purchased and erected on the Town Hall. A beautiful flag of the proper size to fit the pole was the gift of Mrs. Paul Ecke. She also presented a flag, staff and standard for use in the hall. We commend the patriotic spirit which prompted these gifts and in behalf of the town we sincerely thank her.

The flag was raised on the town hall during the celebration on July 4th in conjunction with the Field Day sponsored by the Sudbury Firemen's Association. We believe that this annual attraction is of widespread community interest and benefit and do not hesitate to recommend the appropriation of \$100. as the town's contribution to this event.

We regret that we have not carried out the wishes of the town in regard to lighting the parking space in the rear of the Town Hall. A plan to secure some used flood lights was dropped and nothing further was done. We still believe that the parking space should be illuminated.

The \$1000. appropriated by the town last year for New Construction of Roads under Chapter 90 was not used because the County and State would not contribute a like amount. We expect that the State will spend considerable money on our roads this year and in consequence we are not recommending any new construction.

Late in the year the condition of the paint on the Town Hall was such that we decided it was necessary to paint it before winter. With the approval of the finance committee a sufficient amount of money was transferred from the Reserve Fund and two coats of paint were applied at a cost of \$335.

An official bulletin board has been erected opposite Mr. Cutler's in East Sudbury for the convenience of the residents of that section.

You will notice in the town warrant that certain items in the budget are grouped together. This is not done with the idea of limiting debate, as each item may be taken up separately if

desired. We feel that it is a clearer set-up and will facilitate action on routine matters upon which there is very little discussion.

The planning board is recommending certain changes in our zoning by-laws with the idea of protecting the interests of the town. The original zoning laws are printed in the 1931 town report and we suggest that you consult your copy of this report in connection with the proposed changes and additions. These zoning laws should be of vital interest to every citizen as they affect the future progress and development of the town.

The sale of a large farm in North Sudbury to an Armenian Association has caused grave concern to the members of this board. The conditions which prevailed there at several of their picnics were alarming. In view of these facts, when the association applied to the Secretary of State for a charter as a charitable and benevolent corporation we opposed the granting of the same. A delegation of fifty citizens appeared at the hearing in the State House and this united opposition caused the Secretary of State to refuse the charter. The association then appealed to the Superior Court and the case was heard before Judge Williams. The town was represented at the trial and the judge has taken the matter under advisement and reserved his decision. We can only hope for the best.

We suggest that departments of the town which have been in the habit of presenting only a financial report also submit a written report. It should be an account of their stewardship, present the problems of their department and recommendations for improvement. Many items which are touched upon lightly in the Selectmen's report would thus be covered in detail by those who are best qualified to explain them.

We should keep in mind that our 300th anniversary is just ahead and begin to make plans for its celebration.

We are proud to report that one member of this board has been chosen Treasurer of the County Association of Selectmen. This is an indication that the Selectmen of the town are taking an interest in an organization which promotes the general welfare of all the towns of the Commonwealth. The association is affiliated with the State Association of Selectmen and is doing much effective work in protecting the interests of towns in legislative matters and in the public hearings before legislative committees.

In conclusion we wish to thank the various town officers and department heads for their support and co-operation and you citizens for your forbearance under trying conditions.

Respectfully submitted,

L. ROY HAWES,  
HARRY N. FAIRBANK,  
JOHN C. HALL,

Selectmen.

## REPORT OF FINANCE COMMITTEE FOR 1936

During the years of 1932-33 and 34 our Property Tax remained at \$27.00. Last year's rate was \$30.00.

The Finance Committee believe that the townspeople should limit appropriations at the next Town Meeting so that our Tax Rate may be substantially reduced for 1936. To accomplish this result we have in a number of instances, recommended reductions. We have approved increases in several items believing that they are justified.

The report of The Finance Committee is shown in detail below.

	Expended 1935	Requested	Recommended
Salaries and Expenses of Town Officers.	\$ 1,944.80	\$ 2,110.00	\$ 2,110.00

			<u>\$ 69,037.00</u>

Article 4. To see if the town will vote to authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1936, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 5. To see if the town will appropriate a sum of \$1480.47 to pay the County of Middlesex as required by law on account of assessments levied on the town for its share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Act of 1932 bonds maturing in 1936, issued in compliance with Chapter 10, Acts of 1932, also for any other indebtedness incurred and outstanding under said Chapter 10, also for the town's share of the cost and interest on said bonds due in 1936, also for the care, maintenance, and repairs of said hospital for 1935, and including interest on temporary notes issued therefor in accordance with sections of Chapter III of the General Laws applicable thereto, and for all other expenses in connection therewith, determine how the money shall be raised, or in any way act thereon.

Article 6. To see if the town will vote to grant or appropriate the sum of \$1000.00 or any other sum as a salary for the superintendent of cemeteries, pass any vote or take any action thereto.

Article 7. To see if the town will vote to grant or appropriate the sum of \$300.00 or any other sum for a clerk for the Board of Assessors, pass any vote or take any action thereto.

Article 8. To see if the town will vote to grant or appropriate the sum of \$1500.00 or any other sum for the purpose of having

aerial survey made of the town of Sudbury, pass any vote or take any action thereto.

Article 9. To see if the town will vote to grant or appropriate the sum of \$500.00 or any other sum for hydrant rental, pass any vote or take any action thereto.

Article 10. To see if the town will vote to grant or appropriate the sum of \$210.00 or any other sum for the purchase of a power lawn mower, pass any vote or take any action thereto.

Article 11. To see if the town will vote to grant or appropriate the sum of \$100.00 or any other sum for the maintenance of the town athletic field, pass any vote or take any action thereto.

Article 12. To see if the town will vote to grant or appropriate the sum of \$300.00 or any other sum for the purpose of erecting a fence on easterly side of the center school grounds, pass any vote or take any action thereto.

Article 13. To see if the town will appoint a tercentenary committee to make a preliminary survey and propose an appropriation of money for tercentenary exercises to be considered at the next annual town meeting.

Article 14. To see if the town will vote to accept the provisions of Section 7 and 8 of Chapter 136 of the General Laws (Ter. Ed.) as amended by Chapter 373 of the Acts of 1934 pertaining to the issuance of the Lord's Day Permits.

Article 15. To see if the town will vote to accept the sum from Chester L. E. Perry the sum of \$100.00 for perpetual care of the S. D. Perry lot in Mt. Pleasant Cemetery, pass any vote or take any action thereto.

Article 16. To see if the town will vote to authorize the selectmen to see, after first giving notice of the time and place of sale by posting such notice of sale in some convenient and public place in the town fourteen days at least before the sale, property taken by the town under tax title procedure provided that the selectmen or whomsoever they may authorize to hold such public auction may reject any bid which they deem inadequate, or take any action relative thereto.

Article 17. To see if the town will appoint a committee to investigate the salaries and expense accounts of the various town officers in other towns and report at the next annual town meeting.

Article 18. To see if the Town will vote to amend the town by-law Establishing Certain Building Districts and Certain Regulations Therefor, by adopting any or all of the following; pass any vote or take any action relative thereto.

*"Line references, etc. refer to the present law as printed in the Town Report dated December 31, 1931—pages 29-30."*

*Add*—Section 1 A—The use, construction, alteration, height and area of buildings and the use of premises in the aforementioned districts shall be regulated and restricted as hereinafter provided.

*Amend*—Section 4—Amend by adding in the third line, after the words "or to such purpose"—"or for the conversion of a single residence into two dwelling units, provided such conversion does not destroy the single residence character of the building." In the fourth line delete the word "Selectmen" and substitute the word "Appeals."

*Add*—Section 4 A—The removal of sod, loam, sand, gravel and quarried stone for sale, except when incidental to and in connection with the construction of a building for which a permit has been issued, or the use of land for a cemetery, playground, picnic ground or recreation field, shall be allowed only if the Board of Appeals shall rule that such removal or use is not detrimental to the neighborhood.

*Amend*—Section 5—Amend by adding at the end of the first sentence after the word Selectmen the words "or Board of Appeals as the case may require"; in the second sentence delete the word "said" and substitute the word "a Selectmen's" so that the same shall read "Notice of a Selectmen's hearing shall be given," etc. as a third sentence add the words "Hearings by the Board of Appeals shall be notified and held as provided in Chapter 40, Section 30—G. L." As a fourth sentence the words "No permit shall be granted if by so doing a hazard or nuisance will be created."

*Amend*—Section 6—Amend by adding in the third line after the words "side lines" the words "or 30'-0" from the rear line", in the second line of the second paragraph delete the second word "the" substitute the word "any" delete the words "upon which it fronts" so that the sentence shall read "In Business Districts no building hereafter erected shall be nearer than 40'-0" from the centre line of any street or way.

*Add*—Section 6 A—No building used for habitation shall be built, extended or otherwise enlarged so that, with its accessory buildings it covers more than 40% of the lot upon which it is situated.

No building used for business or industry shall cover more than 75% of the area of the lot if on a corner lot or 60% if on an interior lot, the open space required shall be so located as to properly light and ventilate the building and give free access in case of fire.

*Add*—Section 6 B—The limit of height in all residence districts shall be two and one-half stories, not to exceed thirty-five feet to the ridge, except that schools and municipal buildings may contain three full stories and may be erected to a height of forty-five feet.

The limit of height in business and manufacturing districts shall be three stories, not to exceed forty-five feet at the highest point of the roof.

The limitation of height in feet shall not apply to chimneys, ventilators, skylights, tanks, bulkheads, penthouses and other accessory features usually carried above the roofs, nor to towers or spires of churches and other buildings, if such features are in no way used for living purposes.

*Amend*—Section 7—Amend by deleting at the end of line 2 and the beginning of line 3, the words “on which it faces.”

*Add*—Section 11—The provisions of this by-law shall be administered by the Selectmen until such time as there shall be an inspector of buildings.

The polls will be open at seven o'clock in the forenoon and may be closed at four o'clock in the afternoon. The business meeting will be held at half past seven o'clock in the evening.

And you are required to serve this warrant by posting attested printed copies thereof at the town hall, each public meeting house, railroad station and post office in said town, seven days at least before the time appointed for holding said meeting.

Hereof fail not and make return of this warrant with your doings thereon to the town clerk at or before the time of meeting of aforesaid.

Given under our hands this fifteenth day of February, one thousand nine hundred and thirty-six.

L. ROY HAWES,  
HARVEY N. FAIRBANK,  
JOHN C. HALL,  
Selectmen of Sudbury.

## REPORT OF THE TOWN ACCOUNTANT

To the Board of Selectmen:  
Sudbury, Mass.

Gentlemen: I herewith submit the annual report of the accounting department in accordance with Section 61, Chapter 41, General Laws.

The following is a statement of receipts and expenditures for the fiscal year ending December 31, 1935.

Respectfully,

MARION H. WOODS,  
Town Accountant.

*No action taken under this article (included under "Town Hall Expense" Grant—Art. 3.)*

Article 10. To see if the town will grant or appropriate the sum of \$65.00 for the purpose of erecting an electric light pole and fixture at the intersection of Dudley Road and State Road West, pass any vote or take any action thereto.

Voted: *To indefinitely postpone.*

Article 11. To see if the Town will vote to accept the provisions of Section 21 of Article 126 relating to sports on the Lord's Day.

*A motion to indefinitely postpone, on a rising vote, was lost, and thereupon it was by a rising vote of 130 to 35, Voted: That the town accept the provisions of Chapter 136, General Laws relating to sports on the Lord's Day.*

Article 12. To see if the town will vote to appoint a committee to take action to recover certain records of the Town, known as the Stearns Collection which apparently have disappeared from the Goodnow Library, pass any vote or take any action thereto.

Voted: *That the Library Trustees be a committee to investigate the disappearance of the papers known as the "Stearns Collection," and that they report at a future meeting.*

Article 13. To see if the Town will vote to accept from Mrs. Sarah Moore the sum of \$100.00 or any other sum for the perpetual care of what is known as the Samuel Jones lot.

Voted: *That the town accept the sum of \$100.00 for the perpetual care of the Samuel Jones lot.*

Article 14. To see if the Town will vote to grant or appropriate the sum of \$300.00 to defray the expense of a special investigator for the Public Welfare and Soldiers' Relief Departments, pass any vote or take any action thereto.

Voted: *That the sum of \$300.00 is granted for the purpose named in this article, to be expended by agents appointed by the Welfare Board.*

Article 15. To see if the Town will vote to discontinue any or all of its street lighting system, pass any vote or take any action thereto.

Voted: *To discontinue at least fifteen per cent of the town's street lights.*

Article 16. To see if the Town will grant or appropriate the sum of \$75.00 to defray the expense of maintaining the town water system, pass any vote or take any action thereto.

(Acted on under Article 3. *No action taken under this article.*)

Article 17. To see if the town will appropriate a sum sufficient to pay the County of Middlesex as required by law on account of assessments levied on the town for its share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Acts of 1932 bonds maturing in 1935, issued in compliance with Chapter 10, Acts of 1932, also for any other indebtedness incurred and outstanding under said Chapter 10, also for the town's share of the cost and interest on said bonds due in 1935, also for the care, maintenance, and repair of said hospital for 1934, and including interest on temporary notes issued therefor in accordance with sections of Chapter 111 (one hundred eleven) of the General Laws applicable thereto, and for all other expenses in connection therewith, determine how money shall be raised, on in any way act thereon.

Voted: *That the sum of \$1,000.00 this being the town's share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Acts of 1932 bonds maturing in 1935, be and the same is hereby appropriated, and that further sum of \$63.75 be and hereby is appropriated on account of interest and other charges on account thereof. That a further sum of \$309.76 be and hereby is appropriated for the town's share of the net cost of care, maintenance, and repairs of the Middlesex County Hospital, including interest on temporary notes issued therefor, in accordance with sections of Chapter 111 of the General Laws applicable thereto.*

Article 18. To see if the town will pass any votes or take any action relative to amending its Zoning By-law by adding the following:

Sec. 4. A. A permit may be issued after a public hearing as provided in Section 5 of this by-law, for the establishing, in any Business District, of a manufacturing business either clearly incidental to a retail business lawfully conducted on the premises or as an entirely new venture, provided, however, that no permit shall be granted for any retail or manufacturing business which is in any way hazardous or a nuisance.

Sec. 11. *Appeals.*—Any person aggrieved by the refusal of the Selectmen to issue a permit or any person or persons aggrieved by the issuance of a permit, or by a decision made, under the provision of this by-law, may appeal under the provisions of Sections 30 and 30A, Chapter 40 of the General Laws.

Sec. 12. *Board of Appeals.*—The Selectmen shall within thirty days of the acceptance of this act appoint a Board of Appeal of five members. Two for a term of three years, two for a term of two years and one for a term of one year. At the expiration of the terms of these original appointees, appointments shall be for the term of three years. Vacancies shall be filled by the Selectmen by appointment for the balance of the term in which the vacancy occurs.

Voted: *To accept the amendments set forth in this Article, except that Section 4A. be modified to read, After the words "New Venture" as follows; provided however that a permit may be refused for any such business which is in any way hazardous or a nuisance.*

Article 19. To see if the town will vote to accept from Everett M. Sanders the sum of \$150.00 for perpetual care of his lot in Mt. Pleasant Cemetery, pass any vote or take action relative thereto.

Voted: *To accept the sum of \$150.00 for the purpose named.*

Upon the announcement of the result of the election of town officers under Article 1, the town clerk was sworn by the Moderator, who with other town officers declared elected, were duly sworn by the town clerk. The ballots cast and unused ballots, and check lists, were duly sealed and certified, and with the state ballot-box, delivered to the town clerk.

It was then voted that this meeting be dissolved.

Before adjournment, without objection, it was voted: *"That it is the sense of this meeting, that the business meetings hereafter be held on an evening subsequent to the election of town officers."*

Upon petition filed, the Board of Registrars of Voters on March 12-15, 1935, conducted a recount of the votes cast for a member of the board of Selectmen, and made the following

decision: "We find that Howard M. Goodnow and John C. Hall each received 246 votes, Robert L. F. Hooper, 58 votes, and blanks, 6."

Thereafter the matter was taken to the Supreme Judicial Court on Mandamus proceedings against the Registrars. On May 2nd, 1935 said Court filed an opinion, the conclusion of which states that a certain ballot, which was thrown out by the Registrars, should have been counted, as a vote for Mr. Hall, it having a cross (X) opposite his name.

Upon being advised of this decision, the Registrars, without the issuance of a writ, made the correction on their records, and issued a certificate of election to John C. Hall, who, on May 14, 1935, was duly sworn by the Town Clerk.

### SPECIAL TOWN MEETING, MAY 17th, 1935

Warrant dated May 10, 1935, signed by Harvey N. Fairbank and L. Roy Hawes, Selectmen; meeting to be held in the Town Hall, on Friday, May 17, 1935 at 8 P. M. Return of posting of warrant by Seneca W. Hall, Constable. Moderator, John C. Hall.

Article 1. To see if the town will grant or appropriate the sum of \$1,600.00 in addition to the sum of \$4,800.00 granted at our last annual town meeting for the purpose of maintaining what are known as Chapter 81 roads, pass any votes or take action relative thereto.

(Finance committee approved).

Voted: *To grant the sum of \$1,600.00 for the purpose named in this article.*

Article 2. To see what action, if any, the town will take to regulate the rate of compensation of its employees and officers, or do or act thereon.

Voted: *That the ten per cent heretofore deducted from the compensation of the members of the road and fire departments be restored.*

Article 3. To see what action, if any, the town will take regarding the location of the proposed new construction of the Boston Post Road through Sudbury, or take action relative thereto.

Voted: *That a committee of five members, who shall be property owners, of whom two favor the present location and two opposed, be appointed to consider the question of relocation of the road, and report at a future meeting, not later than the next annual meeting.*

Article 4. To see if the town will vote to grant or appropriate the sum of \$1,500.00 for relief purposes, pass any votes or take action relative thereto.

The finance committee reported against the appropriation. *A motion to indefinitely postpone was lost.*

*A motion to grant the sum of \$1,500.00 for the purpose named was lost and no further action was taken under this article.*

Article 5. To see if the town will vote to change its zoning laws so that the area between the Sudbury-Maynard line and the junction of the Great and North Roads be changed from a residential to a business district; pass any vote or take any action relative thereto.

(No action was taken under this article).

*A motion to reconsider the action taken under Art. 2 was lost, as was a motion to reconsider the action under Art. 3. Meeting dissolved.*

The Moderator named the following as the committee, under Art. 3: Forrest Bradshaw, Howard Goodnow, Theodore Harding, Carleton Ellms and Harold Frost.

### VITAL STATISTICS

#### BIRTHS

Registered in the Town of Sudbury for the year 1935.

January 1. Susan Powell, daughter of Wallace K. and Erskine (Rogers).

January 22. Donald Gene Wilson, son of Ralph E. and Dora (Walkup).

February 5. Kathleen Mary Broderick, daughter of Lawrence F. and Anne B. (Connolly).

February 10. Sylvia Visocchi, daughter of Charles C. and Vincenza (D'Arezzo).

February 11. John Joseph Mercury son of James and Hazel M. (Mabb).

March 14. ————— Briggs, daughter of Louis N. and Mary R. (Griffin).

April 8. Jane Blackmer Flynn, daughter of Allan and Helen (Blackmer).

April 21. Esther Ercolani, daughter of Fred and Edna (Dufault).

May 4. Dorothy Quinn, daughter of James L. and Mary E. (Maguire).

- June 18. Male child.  
 June 28. Lily Janet Laine, daughter of Karl H. and Hannah (Rissanen).  
 July 10. Leonard Irving Moore, son of Alvin L. and Marion I. (Goodhue).  
 July 20. Dorothy Anne Hawes, daughter of Ralph E. and Agnes A. (Siipola).  
 August 3. Margaret Louise Burckes, daughter of Richard and Elizabeth (Wood).  
 August 12. Allan Walters Tallant, son of Albert A. and Mildred L. (Davis).  
 August 12. John Clifford Hall, 2nd, son of Robert G. and Eleanor (Thurston).  
 August 12. John Hemingway, son of Ernest and Alice (Dove).  
 September 7. Richard Theodore Gohlke, Jr., son of Richard T. and Theda G. (Kent).  
 September 20. John Richard Borden, son of Aubrey W. and Francis H. (Richter).  
 October 15. Stillborn Child  
 October 28. Richard Burditt Baldwin, son of David S. and Hope E. (Whitney).  
 November 11. Theodore Robert Hriniak, son of Michael and Marion (Ward).  
 November 26. Rita Marie Gray, daughter of Louis N. and Alice M. (Cain).  
 November 29. Clifton Forrest Giles, son of Clifton and Miriam (Storms).  
 December 3. Archie Freeman Marsh, son of Frank J. and Marion (Ellsworth).  
 December 24. ——— Shattuck, son of Oliver and Margaret (Lickley).

The following births of other years have been recorded in 1935.

- December 6, 1864. Marjery Ellen Hilferty, daughter of James and Fannie (Sweeney).  
 May 7, 1909. Alvin Leslie Moore, son of Ervine L. and Mabel (Seymour)  
 June 6, 1915. Clifford Alden Bowker, son of Everett W. and Eva L. (Sanborn).

#### MARRIAGES

Registered in the Town of Sudbury for the year 1935.

- January 2. Clarence W. Cole and Della L. Parentz, at Ashland, by Charles S. Brewer, Justice of the Peace.  
 May 29. Richard H. Bentley and Roseanna E. Duclos of Natick, at Natick by the Rev. Thomas J. Ford.

- May 31. Albert W. Richards of Newton and Margaret O. Lien of Dorchester, at Sudbury by the Rev. Joseph C. McDonald.  
 June 8. Harold F. Morgan, Jr. of Framingham and Gertrude M. Cossar, at Sudbury, by the Rev. George H. Clarke.  
 June 30. Frank J. Kaszieniez of Maynard and Josephine Di Mambro, at Maynard by the Rev. John J. McCarthy.  
 July 4. James A. Killam and Gertrude P. Means, at Sudbury by the Rev. William B. Fowler.  
 July 6. Richard C. Hill and Frances H. Montgomery of Brooklyn, N. Y., at Pomfret, Conn. by the Rev. Leonard R. Richards.  
 July 16. John I. Connolly and Evelyn Hennessy of Watertown, at Belmont by the Rev. Stephen G. Murray.  
 August 28. Matt Rajala and Selma M. Pirkala, at Sudbury, by the Rev. George H. Clarke.  
 September 7. Edmund O. Starbuck of Washington, D. C. and Carolyn I. Lunt of Denver, Colo. at Sudbury by the Rev. Charles R. Peck.  
 September 7. Wallace Mc. I. Scudder, Jr., of Cambridge and Elizabeth S. Cram, at Sudbury, by the Rev. Frederick C. Powell.  
 September 7. Frank P. Hurley and Jessie L. Burnett at Sudbury by the Rev. George H. Clarke.  
 September 8. Philip C. Garfield of East Jaffrey, N. H. and Eunice E. Hall, at Sudbury, by the Rev. Albert B. Reynolds.  
 September 14. James MacDonald of Wayland and Gwendolyn E. Noyes, at Sudbury, by the Rev. Albert B. Reynolds.  
 September 15. Salvatore Castronovo and Josephine La Grassa, at Boston, by the Rev. Tarcisio Prevedello.  
 September 21. Ralph L. Chamberlain and Mary S. Morrisette of Waltham, at Pelham, N. H., by George P. Wood, Justice of the Peace.

**FIRE DEPARTMENT REPORT**

To the Board of Selectmen:

Gentlemen:—In summing up the activities of the Fire Department for 1935 I find that there were sixty-six calls of which nine involved buildings, twelve for chimney fires, six for automobiles, thirty-four for grass and woods fires and five emergency calls. Although much has been said and done about fire prevention many of these were caused by carelessness and most of them might have been prevented. It was possible to extinguish many of them before much damage was done while others showed considerable property loss and one, we regret, the loss of a life. Any fire may become a conflagration under favorable conditions such as: drouth, high winds or when roads are impassable. Therefore I appeal to every one in the town to do all they can to prevent unnecessary fires.

The efficiency of our telephone operators, the prompt response of the men together with the equipment we have, have been the means of extinguishing many fires before they had gained much headway.

The twenty-four regular meetings and drills were well attended. Five men were graduated from the State Firemen's Training School at Arlington making a total of seven men from this department to receive diplomas.

Thirty men composed of members of the Police and Fire departments and other citizens completed the Red Cross First Aid Course under the direction of Mr. P. E. Smith.

In August, Harry L. Gleason resigned as an active member of the Fire Department and having served faithfully since its organization his name was placed on the retired list.

Included in the emergency equipment of this department is an Inhalator, and with any of this equipment the men are ready and willing to do whatever they can in any emergency.

With the establishment of a water district and the advent of town water and hydrants much of the property in the town should be well protected. I hope it may be possible to provide some protection for the other sections of the town by getting a project approved to develop water holes wherever practical.

The Sudbury Firemen's Association appreciate the cooperation of everyone who helped to make the social activities of the association a success.

Once again I wish to thank the telephone operators, the Town Officials and the members of this department for their cooperation through the year.

### LIBRARIAN'S REPORT FOR 1935

The past year was a notable one because of the unusual number of fine books presented to the library. Through the generosity of an alumnus of Yale University, who wished to remain anonymous, we received sixteen finely bound volumes of non-fiction. Dr. and Mrs. Burt S. Wolbach donated nearly two hundred volumes, a valuable addition to our lists of Biography, Economics, Poetry, etc. The Newton Public Library gave thirty books of fiction. Colonel Thomas S. Bradlee presented the Sudbury Post of the American Legion with a Comprehensive History of the World, also a History of the World War which are kept at the library and may be used for reference there.

More than fifty patrons have availed themselves of the opportunity to obtain books from the Division of Public Libraries in Boston on such diversified subjects as: Tropical fish, Oriental rugs, Easter Island, and many others.

The circulation for the year was 12,704. This is an increase of about three thousand over last year due mainly to the numbers of school children patronizing the branch library at Sudbury Center. Over five hundred books have been taken to the Center for the temporary use of patrons of the branch library, an effort being made to afford the residents of this section of the town a wider choice of both fiction and non-fiction.

Respectfully submitted,

MILDRED B. HUNTER,  
Librarian.

## MIDDLESEX COUNTY EXTENSION SERVICE

The milk market situation in Sudbury is complex since farmers sell milk locally, in the Framingham market, and to distributors selling in the Greater Boston market including Waltham, Wellesley and Newton. The returns vary according to the several market conditions of surplus, and compliance with Control Board and Federal Milk Administrator's prices. The Extension Service has been called on during the year by individual farmers to help them get a better position in the market, to help get a dealer who will pay promptly to secure payment for milk not paid for over a period of time, to secure a rating in the Boston Market in line with the capacity of the farm to produce milk. Along with these market problems have been those of producing milk at a lower cost. The Extension Service has strongly recommended the keeping of better herd sires, the raising of replacements, growing more legumes and emergency hay crops and pasture improvement thru the use of lime and fertilizer.

Poultrymen have been given assistance in planning houses, range management, and disease control.

Twenty-three farm visits were made on fruit, soils, and storage. An evening spray demonstration was attended by 30 people. Three farm visits were made to market gardeners giving them definite information on when to spray, the materials to use, and the diseases and insects to control. Spray warning service was given to 53 fruit growers and 49 market gardeners.

The Sudbury Extension Service unit has shown a decided increase in attendance. The home leaders for the 1935-36 program are Mrs. J. C. Hall and Miss Elizabeth Walker. They are carrying the work in home furnishing. The program on nutrition will follow in the spring.

During the first part of the year, this group studied gardening and took the series of meetings on making a cotton dress. Mrs. W. J. Brennan and Mrs. Charles Richardson were leaders during the clothing meetings.

Names of a number of Sudbury homemakers are on Extension Service mailing lists to receive regular letters of interest to homemakers and mothers.

Many have also requested special help on food preservation and nutrition problems.

4-H Clubs were organized in junior homemaking and in canning (Mrs. Anna Wohlrab, leader); two in garden (Mrs. Jasper Maker and Henry Seften, leaders). Plans for the projects were made by the town committee (Mrs. W. E. Davison, chairman). There were individual members in the poultry project.

These groups furnished a program and exhibit at a meeting of the Sudbury Grange, which donated cash prizes.

Winners of the two-day trip to the Massachusetts State College, Amherst, for excellence of project work were: Roger Fontaine, William Quinn, and Frederick Christenson.

Sudbury club members took part in the following county meetings: Girls' Day, rally, news-writing school, leader-training school, meetings of Service and Alumni Clubs (organizations for the older members), vegetable-judging contests, and county camp.

Respectfully submitted,

GEORGE H. CLARKE,  
Local Director.

## REPORT OF PLANNING BOARD

### FINANCIAL REPORT

Town Grant.....	\$ 25.00	
Yearly Dues Massachusetts Federation of Planning Boards.....		\$ 15.00
Unexpended Balance.....		10.00
		<hr/>
		\$ 25.00

STEPHEN M. W. GRAY,  
CHARLES H. WAY,  
CHARLES R. CAPON,  
CHARLES E. WALLIS.

Approved: MARION H. WOODS, Town Accountant.

This past year your Board has again had its full quota of members. We are earnestly striving for the best interests of the Town and will appreciate any and all help to that end.

During this time we, in conjunction with various other agencies, have made plans for certain improvements in the Town, and have begun action on some of them. The Parmenter lot at the Center is slowly taking form as a Memorial Park. A Project has been approved for sidewalks from the High School to the R. R. track on Hudson Road, also on the east side of Concord Road from the center to connect with the existing sidewalks in South Sudbury village.

We also hope that this coming summer will see progress in the project for restoring the turf and the lighting of the Common.

Our hope in this work being to retain for Sudbury Center the old time atmosphere, to this end the new lighting will be the old fashioned oil lamps equipped for electricity.

During the past year several situations have threatened, (one has partly come to pass), either of which if not promptly controlled will work irreparable harm to the Town.

The stripping of all good soil from a farm, as is now being done by the purchaser of the O'Neill farm in North Sudbury, is the entering wedge of an activity that will destroy much and injure more of the property in Town. Most of the towns east of us have by-laws prohibiting this activity, in consequence of which the dealers in loam are moving into this Town. One method is to buy the property, remove all soil of value, then abandon the property to the Town—a non-productive desert.

There might well be cases where, due to location or depth of the soil, the sale by the owner of a thin layer would not be

detrimental. In these cases the Board of Appeals could issue a permit.

The possibility of picnic or camp grounds catering to thousands of people and operating under a State Charter, over which the Town has no control, is another serious threat to the peace, quiet and standing of the Town. There is apt to be material damage, as well as damage to land values—to the entire neighborhood as well as to the abutters.

With the hope of favorable action, we are submitting for your approval certain amendments to our by-laws, which we believe will control both the above situations, and certain others, which if left uncontrolled, might in the future be detrimental to the proper growth of the Town.

Section 29, Chapter 40 of General Laws provides that State officers cannot issue permit over-ruling a Town by-law, therefore control will remain local if the above by-law amendments are passed.

STEPHEN M. W. GRAY, Chairman,  
CHARLES E. WALLIS,  
CHARLES H. WAY,  
CHARLES R. CAPON.

## REPORT OF SCHOOL COMMITTEE

To the Citizens of Sudbury:

The highest aims of the public school system can best be obtained by complete and intelligent co-operation between the home and the school. The reports which follow furnish important information regarding the Sudbury schools during the year that has just closed.

The schools opened in September with a staff made up entirely of experienced teachers who are doing especially skillful and efficient work.

It is a tribute to the school faculty that so many of last year's graduates have been inspired with the ambition and the will to continue their studies in advanced institutions.

The George J. Raymond scholarship and the one offered yearly by the Woman's Club are a strong incentive to students to strive for high standing in school and college work.

According to recent statistics only about three-fourths of the boys and girls from sixteen to eighteen years of age were enrolled in secondary schools in Massachusetts. It has been one of the aims of the State Department of Education to secure a ninety per cent enrollment. Therefore it is gratifying that in Sudbury there is an even higher percentage of this group attending the High School. Here they are obtaining a broad outlook upon life, community interest and character development as well as preparation for adult life.

Good health is of prime importance in successful school work. Maintaining a satisfactory standing is to a large degree dependent upon regular attendance. The simple fact that if a pupil is not present he cannot be instructed is easily forgotten. Thus unnecessary absence results in educational losses.

The assistance furnished by the Sudbury Woman's Club and others in promoting health work is greatly appreciated.

Expenditures for improvement of the ventilating system mentioned in the report of the Superintendent should provide greater comfort and help to safeguard the health of pupils and teachers.

The Annual Debate, sponsored by Sudbury Grange, the school plays and athletic activities are enjoyable and well attended. They afford opportunity for extra-curricula training along those lines to pupils who are interested.

An exhibit of school work, held last June, was especially fine. The Grammar and High school graduation exercises, presenting in review "Three Hundred Years of Secondary Education in America," were of unusual interest.

Improvement of the educational system is the constant aim of the School Department. Ideals of education have changed since the day when high scholastic attainment was the only goal. At the present time, with the trend toward larger enroll-

ments, the proportion of pupils who cannot conform to purely academic standards increases. By a study of subsequent departmental reports you will see how Sudbury schools are attempting to meet the needs of present day standards.

We thank all who have contributed in any way to the welfare of the schools during the last year.

Respectfully submitted,

GEORGE H. CLARKE,  
GEORGE H. GOHLKE,  
PHILENA A. BARTLETT,  
School Committee.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Sudbury School Committee:

The thirty-eighth Annual Report from the Office of the Union Superintendent of Schools is presented according to custom.

Last year Mr. Nathan W. Gillette was authorized by vote of the Committee to employ a heating engineer that advice might be given us as to changes that could be made in the heating and ventilating of the Center building to improve conditions in respect to the ventilation of certain rooms, heating of some rooms, and improved handling of the heating plant. This study was carefully made and a report presented outlining desirable changes and modifications that would in all probability aid in correcting heating and ventilating deficiencies. The probable cost of same was also given. At the Annual March meeting the Budget of the School Department was increased by \$400 that the suggested corrective work might be done if further study warranted.

The most costly suggestion made was the installation of the so called Hartford Loop. Investigation showed that we cannot install this Loop without State approval and that the cost is far greater than estimated. All other improvements suggested have been accomplished.

The raising of the ventilator stacks has overcome the back draft so troublesome at times, has improved ventilation greatly, and has assisted also in solving the heating problem. Five new radiators have been placed in rooms needing direct radiation or additional radiation; two small ones have been placed in other

rooms for the same purpose. Modern efficient valves have replaced old ones; pitch of radiators in the basement has been changed, increasing the return service; inlets to two cold air chambers have been changed; a new cold air chamber, replacing a very poor fresh air inlet, has been constructed, incidentally enlarging and improving the coal pocket; the rear of the firebox is sealed, improving draft greatly; several changes in returns, improving circulation decidedly, have been made.

The changes perfected have improved ventilation materially and have made the heating of the building much more satisfactory. The high school students find in changing rooms that there is much less difference in temperatures, a much needed improvement.

The basement room in the old part of the building has been made practically fire proof through changing of wires, the re-finishing of the ceiling, and bricking up of open spaces into the furnace room. This improvement has been needed for a long time.

Conditions at the South School have been greatly improved through installing in the boys basement new plumbing and ventilating facilities. This has remedied a source of trouble present ever since the building was first occupied.

The grounds at the Center building are certainly developing into attractiveness and help to make the school center one to be admired. Constant care through the summer is desirable. The grounds at the South School need thoughtful consideration.

Several rooms in the school buildings need attention as a matter of economical upkeep. The Center building should have another coat of paint.

From time to time in the administration of this office in the three towns of the Union there are anxious minutes in regard to the transportation of children to and from school. This Union transports a very large percentage of the school population. Icy mornings cause more anxiety than do snowy or rainy mornings. With busses inspected through State demand every two months and an inspection approval filed with this office and with the Registry of Motor Vehicles, there is little to worry over in regard to condition of busses, especially with the type of machines in the service of this Union.

The first great care of the Bus Operator is the road and the machine while the car is in motion. He must also give much attention to the details connected with the discharging of pupils at their stations. It is not enough to watch his own machine but he must be alert at all times in his observations that he may know about machines behind and ahead of him. He must give attention to children as he leaves them that he may instruct them in regard to crossing the road. He must also watch out for them mornings as he approaches a pupil station lest some belated child rush out before a car whose operator is unmindful of children and a school bus. A Bus Operator must make SAFETY his first care every minute he has children in or about his machine.

Students need to be warned over and over again, at home and at school, that their safety depends upon good behavior in the busses. Disorder while the machine is in motion, stopping, or while children are taking or leaving the bus may take the operators attention off his great care and be the first cause of a deplorable accident. Teachers and parents should instruct children earnestly in this regard. Older children should feel responsible for behavior on the busses and be willing to report to teachers, parents, or bus operator the starter of anything approaching misbehavior.

The Bus Operator is in charge of the Bus. His commands and demands must be obeyed. Penalties at times have to be imposed. Such penalties are for the safety of all concerned. Aggravating as any infraction of the rules of propriety may be, as disagreeable as the penalties may be for misbehavior, when analyzed and considered with the need to make transportation SAFE for the children, they become very, very secondary.

A heavily loaded bus does not afford a very good chance for an operator to locate the individual or individuals responsible for "starting something." All connected with the management of children and the older children themselves should be willing, even eager, to assist in locating the source of trouble.

Mrs. Eaton has reported in regard to the Dental Clinic of last year. Dr. Dahill has reported as to the condition of children's teeth in this compilation. We regret much that the Parent-Teacher Association no longer functions and that with the last activity of the Association there was left an unpaid bill and no funds to meet it. The Association owes Dr. Cosgrove the sum of \$22.19. In the near future we hope that the Association may find renewed interest in the work in connection with the schools that can be done and that activity may be the outcome so that Dental Service and other health activities may again become a feature offered the children of Sudbury at the School. Perfect, clean teeth, one of the watch guards of health! An excellent school project.

Occasionally letters come to the School which are worthy of publication as an advertisement. Private schools devote much thought as well as considerable outlay to advertising. The Public Schools cannot resort to this method. But I am happy to include in this Report a letter from Worcester Polytechnic Institute, dated October 18, 1935:

"Dear Mr. Flynn:

"I take pleasure in informing you that our Committee on Certification of Preparatory Schools has voted to renew the certificate privilege of your school for three years, to expire January 1, 1939. You have sent us several candidates in former years, and I have no doubt that you will send us an occasional one in the future. I am certain that any candidate whom you certify will come well prepared.

"I hope that you will look in on us some time in the future. If at any time we can be of assistance to you in your work, do not fail to call upon us freely.

"With best wishes, I am

"Yours cordially,

"Z. W. COOMBS,

"Dean of Admissions."

I thank all who have served with me in the schools for their cordial wholehearted efforts, the students for their alert response to brief periods of instruction or the less agreeable admonitions, and the parents for their sympathetic understanding support.

Respectfully submitted,

FRANK H. BENEDICT.

---

### PRINCIPAL'S REPORT

---

Mr. Frank H. Benedict,  
Superintendent of Schools.

Dear Sir:

With the serious times now in progress the easier outlook of a few years ago for high school pupils has gone. A keener mind, a firmer purpose, and a better training than ever before is demanded of those who leave school to take up the work of the world.

During the past few years we have given much thought to the preparation of a curriculum which would suitably train youth to be a worthy member of its own generation. We are not so sure as we once were that the young men and young women who leave our school will find ready opportunity for the exercise of their talents. We are quite certain, however, that the core subjects, the broad courses of English, mathematics, science and social studies should be presented to all of our students.

The aim of our instruction in English is to aid our pupils to master their language problems so well that they may be able to speak and write the English language with precision and effectiveness. Teachers and parents need to combine their efforts to break down the prejudice of young people against accurate and correct English usage at home, on the playground and in school, to the end that they may come to use good English habitually and without self-consciousness.

Perhaps the most important need of youth today is the development of the scientific attitude of mind. This calls for clear thinking, for drawing one's own conclusions and checking their validity. Mathematics is better suited to teach these things than any other subject in the curriculum.

The content of science represents an almost complete cross-section of our environment. Its mass of information, its principles and laws, and its applications give us a near-perfect picture of the physical and living world of today. No subject can better interpret the world about us.

The social studies make our pupils conscious of life's problems and aware of their own personal and individual responsibility for contributing to an adequate solution of those problems. We hope through these studies to develop boys and girls ready to assume the burdens of modern life and to contribute something not only to their own advancement, but also to the advancement of their fellow-beings.

#### HIGH SCHOOL EXECUTIVE COUNCIL

The executive council elected by the student body and representative of each class in the high school continues to function admirably. All social and athletic activities of the high school are directed by the council and executed by committees elected by the student body.

#### SCHOOL HEALTH SERVICE

The services of Dr. William Dahill and Mrs. Phyllis Eaton have aided greatly in preserving the general good health of our school children. The present health service includes an annual pre-school clinic which provides a thorough check upon children up to six years of age. School deficiencies are made known to parents at that time. Special tests of sight and hearing are made to avoid handicaps which may be corrected and to enable classroom teachers to seat children correctly.

#### LUNCH ROOM

This year the lunch room is being operated by Mrs. Doris Hodgdon assisted by Miss Bernice Clark. More than sixty children per day take advantage of a hot lunch served for eight cents.

#### THE SUDBURY GARDEN CLUB PROJECT

We have daily enjoyed the results of the landscaping of the school grounds, a project of civic betterment conceived and sponsored by the Sudbury Garden Club and completed under the direction of Mr. Paul Rhoades.

A gift of potted-plants and terrariums from the same organization makes possible a more attractive and homelike school room environment.

#### ATHLETIC ASSOCIATION PROJECT

Each year since the town set aside land for a recreation center the high school athletic association has voted money to make it more useful and beneficial for the citizens of Sudbury. This year it is hoped that a start can be made on a tennis court. Those who have aided the school by supporting its plays and

magazine drives make this possible and have the thanks of the entire student body.

I present my eighth annual report with a keen appreciation of the splendid service of our regular and special teachers, and the loyal support of the superintendent, the school committee, and the townspeople of Sudbury.

Respectfully submitted,

ALAN F. FLYNN.

December 31, 1935.

REPORT OF THE SCHOOL PHYSICIAN

Mr. Frank H. Benedict,  
Superintendent of Schools.

Dear Mr. Benedict:

During the past year all of the pupils in the public schools have received their annual physical examination and a notice of remediable defects has been sent to the parents. In general it may be said that the health of the children has been good.

There was the usual crop of diseased tonsils. Many children in the lower grades have teeth in wretched condition. The Dental Clinic should find an abundance of material here.

There have been a few cases of contagious diseases in the town but nothing compared to the epidemics in other parts of the State.

Under the direction of the Board of Health 27 children were inoculated against diphtheria and about twice as many were given the Shick test to determine the effectiveness of the inoculation given one year ago.

Very truly yours,

WILLIAM J. DAHILL, M.D.

REPORT OF THE SCHOOL NURSE

To the Sudbury School Committee:

A report of the school nursing for the year ending December 31, 1935, is hereby submitted.

Sixty-six days have been spent at the schools. 49 homes have been visited. 35 children were taken home from school owing to illness. 150 pupils have been treated or advised.

All children have been measured and weighed and their eyes and ears tested. 10 children were found needing further attention to apparent eye defects. Notices were sent to parents requesting further and expert attention to eyes of their children. 5 have responded to the request. 15 cases of diseased tonsils have been reported. 4 have been corrected.

The tubercular test, under direction of the State Department of Health, Waltham State Hospital, serving the school, Dr. Martin, the attending physician, was given 20 pupils. All were negative. Students of grades VII, IX, and XI were given the opportunity. This is the policy of the State Department of Health.

The eighth Annual Diphtheria Toxin-anti-toxin Clinic was conducted by Dr. Dahill in May. 29 children were treated, 9 pre-school children and 20 of school age. 53 children were Schicked.

A Dental Clinic was held at the Center School. 56 pupils were treated by Dr. Cosgrove. A number of children were treated by the family physicians.

In the spring of 1935 a large number of children had German Measles.

Respectfully submitted,

PHYLLIS B. EATON.

REPORT OF THE SUPERVISOR OF ATTENDANCE

Mr. F. H. Benedict  
Superintendent of Schools  
Sudbury, Massachusetts

Dear Mr. Benedict:

During the fiscal year I have investigated 16 cases of absence. 10 cases were found to be legal absences and 6 were recorded as cases of truancy. There has been no need for court action during the year, for which we should all be thankful.

Aside from services mentioned I have taken the School Census.

The result of this enumeration is herewith given:

Number of boys five years of age and under seven . . .	33
Number of girls five years of age and under seven . . .	31
Total . . . . .	64
Number of boys seven years of age and under fourteen..	106
Number of girls seven years of age and under fourteen..	117
Total . . . . .	223
Number of boys fourteen years of age and under sixteen	49
Number of girls fourteen years of age and under sixteen	22
Total . . . . .	71
Number of resident children attending private schools:	
Boys between 5 and 7 . . . . .	2
Girls between 5 and 7 . . . . .	4
