Eversource 115-kV Project Update

Greetings!

This is an update on activities related to the Eversource 115-kilovolt (kV) Underground Transmission Project. **There will be no work associated with the Project from July 4-7.**

Work Hours

- **Sudbury** - Approved work hours are 7 a.m. to 6 p.m., Monday to Friday. During the cable installation process, crews are working from 7 a.m. to 5 p.m., Monday to Saturday. All other activities in the corridor will happen from 7 a.m. to 4 p.m.
- **Hudson** - Approved work hours are 7 a.m. to 6 p.m., Monday to Friday. Crews are working in the Hudson roads from 7a.m. to 5 p.m., Monday to Friday. During cable installation, crews are active from 7 a.m. to 5 p.m., Monday to Saturday in the corridor.

Occasional activities may extend beyond the approved hours, due to unforeseen circumstances, based on approval from local officials. Crews work between manholes (MHs) placed along the project route. For a closer look, [view the project map](#).

Hudson Activities

- **On Forest Avenue**, crews are installing the new underground transmission duct bank between Hudson Light & Power and Marlboro Street. One lane of alternating traffic will be maintained in the roadway whenever possible.
- **Between Richardson Street and Old North Road**, one crew will be proofing the underground conduit at MH3 before the transmission line is installed later in July. One lane of alternating traffic will be maintained whenever possible.
- **At the intersection of Wilkins Street and the inactive MBTA corridor**, crews are excavating and installing duct bank to tie into sections already installed.
- **Between Wilkins Street and Chesnut Street**, crews are installing fence post rails.
- **Between Chestnut Street and Parmenter Road**, crews are splicing cable underground between MH10 and MH13.
- **In the inactive MBTA corridor**, crews are installing loam and seed in Hudson that is part of the restoration effort.

Sudbury Activities

- **Between Bridge 127 and the Sudbury Substation**, crews are installing cable between MH28 and the Sudbury Substation.
- **Between Horse Pond Road and the Sudbury Substation**, beginning next week, crews will be installing cable between MH24 and MH26.
- **In the inactive MBTA corridor**, crews are installing loam and seed in Sudbury that is part of the restoration effort.
- **At Bridge 127**, crews will be installing timber railing.

**Due to the complexities of underground construction and weather, the two-week schedule described above is subject to change.*

Stay Informed

Eversource is committed to being a good neighbor and doing any work with respect for you and your property. If you have questions, please contact us directly or click on one of the resources below.
