Eversource 115-kV Project Update

Greetings!

This is an update on activities related to the Eversource 115-kilovolt (kV) Underground Transmission Project. Eversource is aiming to place the transmission line in service before the end of 2024 which will conclude the Eversource portion of the work in the inactive MBTA corridor. Other restoration activities will be ongoing throughout the rest of 2024. From there, Eversource will turn over work in the inactive MBTA corridor to the [Massachusetts Department of Conservation and Recreation](#) (DCR) who will install the new shared-use rail trail starting as soon as Spring 2025.

Work Hours

- **Sudbury** - Approved work hours are 7 a.m. to 6 p.m., Monday to Friday. During the cable installation process, crews are working from 7 a.m. to 5 p.m., Monday to Saturday. All other activities in the corridor will happen from 7 a.m. to 4 p.m.
- **Hudson** - Approved work hours are 7 a.m. to 6 p.m., Monday to Friday. Crews are working in the Hudson roads from 7a.m. to 5 p.m., Monday to Friday. During cable installation, crews are active from 7 a.m. to 5 p.m., Monday to Saturday.

Occasional activities may extend beyond the approved hours, due to unforeseen circumstances, based on approval from local officials. Crews work between manholes (MHs) placed along the project route. For a closer look, [view the project map](#).

Hudson Activities

- On Forest Avenue, at MH's 1 and 2, crews will be working to install the underground transmission cable by way of splicing. Crews will also be performing splicing inside the Hudson Substation.
- Crews are installing plantings in the corridor throughout Hudson. Installations will take place between White Pond Road and the Town line.
- Over the coming weeks, crews will be working at manhole locations to adjust the manhole covers.

Sudbury Activities

- Crews are finishing planting installations throughout the corridor in Sudbury. Installations will occur between Dutton Road and the Town line.
- Over the coming weeks, crews will be working at manhole locations to adjust the manhole covers.

**Due to the complexities of underground construction and weather, the two-week schedule described above is subject to change.*

Stay Informed

Eversource is committed to being a good neighbor and doing any work with respect for you and your property. If you have questions, please contact us directly or click on one of the resources below.
