

The Circle Project

embracing
safety+community
in a time of need

What makes you feel happy, safe, and secure when facing uncertain challenges?
How does your strength help your neighbors and community feel safe?

We are experiencing challenging times. The Sudbury Neighbor Brigade, The Wayside Inn, The Sudbury Foundation, and the Sudbury Art Association invite residents of all ages from Sudbury and surrounding communities to create a circular piece of art to address the idea of safety and community.

Create your own circle art and fill it in using words and images to respond to the questions above. You may make your circle out of items you have at your house: Cut up an old box and add photos, words, drawings, clippings, or anything else that you'd like to include.

If you'd like a pre-cut 20-inch cardboard circle, they are plenty available to the general public in a bin on the porch of the **Grange Hall** (326 Concord Road in Sudbury).

If you have financial need for other art supplies and/or do not have transportation to pick up a circle, please contact the Sudbury Neighbor Brigade (SudburyMA@neighborbrigade.org) and they can deliver markers, crayons, scissors, glue, and a cardboard circle.

To share virtually, upload a photo of your completed circle to tinyurl.com/thecircleprojectsudbury.

Place your completed circle in your yard or hang in your window as long as you like, but particularly **July 3-5**.

Drive around town July 4th weekend to see the beautiful circles your neighbors have made.

Drop off your circle art to the bin on the porch of the **Grange Hall** (326 Concord Road in Sudbury) any time from **July 6-10** to be included in a community installation at the Wayside Inn (date for display to be determined!) If you don't have access to transportation to deliver your art, please contact the Sudbury Neighbor Brigade (SudburyMA@neighborbrigade.org) for pickup.*

*Please indicate on the back of your circle if you would like your art returned and include an email address for contact.
