### Best Practice and Inclusive Design

Best practice and inclusive design recommendations include elements that are not required in the standards but may create enhanced experiences for all users.

- Recommend providing signage with contact information regarding the fire department and the location of services that is open to the public on a sign that is located on an accessible route.
- If the Town of Sudbury is planning to open this facility to the public in the future, the 3-inch change in level at the entrance will need to be renovated.
