

# SEWATARO

SUMMER AS IT SHOULD BE...

April 14, 2023

Town Manager Sheehan & Sudbury Select Board,

Spring has sprung in Sudbury and at Sewataro and we couldn't be happier! We are always thrilled when we get the opportunity to enjoy the sights, sounds, and smells that accompany the changing seasons. We hope that you all have the opportunity to take a walk around the property in the coming weeks as well.

We have been busy planning for our Third Annual Sounds of Summer concert event. This year the event will take place on Friday, June 16 from 4pm until 8pm. Wayne Potash will kick things off with a fun children's concert, followed by The School of Rock House Band at 5:15. And back by popular demand, Better Her Than Me will close out the evening. We hope to see you there!

Progress continues with the ADA compliance upgrades to the swimming pond and Liberty Lodge. We have been working very closely with Sudbury's Combined Facilities Director Sandra

Duran and Town Manager Andrew Sheehan, and Michael Andrade from GRAVES Engineering and are thrilled to report that the project is on schedule.

In camp enrollment and staffing news, we are thrilled to have a record number of Sudbury Resident Scholarship campers enrolled for the summer of 2023 with more requests continuing to trickle in. And for the first time ever, Camp Sewataro will be offering mixed/all gender groups (one per grade) this year, and we are very excited about this change. Members of our year round leadership team attended the L-S job fair last month. It was great to meet so many L-S students, and we've still got room for more! Overall we are noticing an upward trend in hiring (compared to last season). We're grateful to have a robust return rate this year. We've added an additional person to our community support team, to help mitigate the social/emotional impact of the pandemic on our campers and staff.

And finally, Newsweek has named Camp Sewataro as one of America's best summer camps of 2023!
