

February 15, 2024

Town Manager Sheehan & Sudbury Select Board,

We continue to see many Sudbury residents visiting the property during the day, and are happy to report that the SMS Youth Hockey Toland Rink had many users during the brief cold snap at the beginning of the month. We are hopeful that the next stretch of freezing temperatures overnight will allow the rink to re-freeze.

Many residents and groups have reached out to reserve space in our pavilions in the upcoming months, and are excited to be working with Sudbury Extended Day as they make plans for their 40th anniversary celebration this spring! We are also working with HOPE Sudbury, who will host their fourth annual Fishing Derby at the fishing pond this year. The Sudbury Community Food pantry continues to utilize space on property for storage as they work towards securing their own permanent space.

Enrollment is nearly complete, but some spaces remain for Sudbury Resident Scholarship Campers. We have reached out to the schools' administrative and counseling offices as well as local places of worship to spread the word that there are a few spots remaining. We encourage anyone who knows of a family experiencing financial hardship that would benefit from "Summer as it should be" to visit our website, contact us at camp@sewataro.com, or call the office!

Staffing is in very good shape for mid-February, and we are plugging along with multiple interviews a week. We're getting ready for Job Fair season, with the first one kicking off at L-S on March 6th. We already have several Sudbury students on staff, and are looking to add as many more as possible. Additionally, we've reached out to the METCO folks again, in hopes of spreading the word that we are hiring - and have free busing from Boston! And from across the pond...we have hired our 6 international staffers, and may add a 7th for this summer.

Warm Wishes!

– The Sewataro Team
