SEWATARO

SUMMER AS IT SHOULD BE...

November 16, 2026

Town Manager Sheehan & Sudbury Select Board,

We are happy to report that our annual Fall Spectacular was a wonderful event. We worked in partnership with the Sudbury Park and Recreation Department and featured many of their vendors. The Board of Health had a fun display of creepy crawlers, and Girl Scout Troop 77156 set up a wonderful baked sale. Sudbury Family Network, the House of Dance, Root to Bloom, and Sunny Hill Preschool hosted tables with fun activities and treats. There were bounce houses, an inflatable corn maze, a petting zoo, pony rides, crafts and no shortage of tasty treats. We had over 400 visitors enjoying the beautiful fall day, and look forward to a continued partnership with our Town boards and Committees as we plan events in the future.

Since the Camp season ended in August, there have been 26 pavilion reservations, and countless visitors walking the property and enjoying the fishing pond. Things are especially lively on Saturday mornings when the Park and Recreation Department's Fishing class taught by SNL Sports has taken place. We love to see all the activity, and there is nothing more satisfying than watching someone catch their first fish!

We hope that you all enjoy the Thanksgiving season.

Sincerely,
The Sewataro Team
