Call in Number: 978-639-3366 or 470-250-9358  
Meeting ID: 895 2446 7872

Wayfinding is the system people use to understand where they are, decide where to go, and successfully move through a space to arrive at their destination.

Why is this important now?  
Input from local businesses and residents will help inform the wayfinding system to be created and identify amenities to be provided along the trails that benefit everyone.
